**City of Federal Heights
Colorado**

For its Annual Comprehensive
Financial Report
For the Fiscal Year Ended

December 31, 2021

Christopher P. Morill

Executive Director/CEO

The City of Federal Heights MISSION STATEMENT

Our mission is to provide a high quality of life for the citizens of Federal Heights, while preserving a close-knit atmosphere, through responsible and effective stewardship of all resources, prudent economic development, enhancement of our current services, and participation in public, private, and regional partnerships.

VISION STATEMENT

The City of Federal Heights:

- is comprised of distinct neighborhoods that are safe, secure and have convenient access to services and amenities;**
- has a sustainable and growing economic base that fosters diverse employment and business opportunities;**
- offers a community-focused system of recreational, educational, and cultural activities for people of all ages and income levels;**
- capitalized upon its strategic location within the Denver metro area and adapts to a changing environment; and**
- proudly enjoys a City government that is responsive and responsible to the needs of its citizens.**

City Hall
2380 W. 90th Avenue
Federal Heights, CO 80260
303-428-3526
303-412-3598 Fax

To the Citizens of Federal Heights:
To the Mayor and City Council:

City Charter and State law requires that an Annual Comprehensive Financial Report (ACFR) be published within six months of the close of each fiscal year. The report shall be presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by independent certified public accountants. This report fulfills that requirement for the City of Federal Heights for the fiscal year ending December 31, 2022.

Responsibility for the accuracy, completeness and fairness of the presentation, including all disclosures, rests with the City, based upon a comprehensive framework of internal control that it has established for this purpose. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position of the City and results of the operations of its various funds. As the cost of internal controls should not outweigh the benefits, the outcome is to provide reasonable, rather than absolute, assurance the financial statements are free of any material misstatements.

The ACFR is presented in conformity with Statement No. 34 of the Governmental Accounting Standards Board (GASB), titled Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments. This reporting standard is intended to parallel private sector reporting by consolidating governmental activities and business-type activities into a single total column for government-wide activities. This statement also requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management’s Discussion and Analysis (MD&A). This letter of transmittal is designed to complement and should be read in conjunction with the MD&A. The MD&A can be located in the financial section, immediately following the report of the independent auditor’s. The 2022 audit was performed by John Cutler and Associates. The independent auditor concluded that the City of Federal Heights’ financial statements for the fiscal year ended December 31, 2022, are fairly presented in conformity with GAAP. The independent auditor’s report is presented as the first component of the financial section of this report.

PROFILE OF THE CITY

The City of Federal Heights is a charter city organized under the laws of the State of Colorado and governed by a Council/Manager form of government. The City Council is composed of seven members – a Mayor elected at large and six Council members elected on a non-partisan basis by their respective wards. There are three wards and two Council members who are elected from each ward. The Council appoints the City Manager, City Attorney, Municipal Judge and City Prosecutor. All other employees are hired by the City Manager. The city had 95 FTE personnel positions in 2022.

The City was established in 1940, currently has a population of approximately 14,382, and occupies 1.78 square miles (1140 acres). The city is fundamentally built-out with the remaining undeveloped acreage along the Federal Boulevard corridor and 92nd Avenue. Total undeveloped and unplanned areas are less than 75 acres.

The city is a full-service City providing police, fire and emergency services, a court system, public works, (parks, streets, water and wastewater service), community development (planning and building), and general administrative services. Treated water is mostly purchased from our neighbor, the City of Westminster, and the wastewater treatment service is provided by the City of Thornton. The city maintains the city water and wastewater lines, wells that typically produce approximately two percent of customer demand, and the billing of customer accounts. The citizens and business owners enjoy a low 0.68 millage rate for city real and personal property taxation. The city has a four percent rate for sales and use taxes, and a four percent admissions tax. The city has an additional five percent tax on recreational marijuana and on the first sale or transfer of recreational marijuana.

The City includes the blended component unit, the Federal Heights Redevelopment Agency, in the financial reporting. City Council members are the governing body of this urban renewal authority.

The budget serves as the foundation for the City's financial planning and control. The City Council formally adopts an annual budget for all funds and is required to include a capital plan. The city council must adopt the budget by resolution before the close of the prior fiscal year after a public hearing. The budget is prepared at the fund and department levels. Expenditures may not exceed appropriations at the fund level. Any budget revisions that change the total expenditures of any fund must be approved by the City Council.

Local Economy

Approximately 200 to 225 businesses operate within the city in any given year offering a variety of goods and services. The largest concentration of businesses is located at 84th and Pecos, 104th and Federal and along the Federal Boulevard corridor. With the City largely developed and landlocked, it does not have many current locations ripe for residential or commercial development.

While economic uncertainty remained prevalent for much of 2022 as inflation and labor shortages were persistent, overall conditions appear to have been generally stable as continued government stimulus and the decline of the impact of the pandemic may have helped to negate some of those negative impacts.

The Denver-Aurora-Lakewood (formerly the Denver-Boulder-Greeley) Consumer Price Index grew by approximately 8.011 percent for 2022 following a 3.541 percent increase in 2021.

Adams County Colorado had an unemployment rate of 3.2% in December 2022 compared to 4.9% at the end of 2021. Local area unemployment at the end of 2022 was above the state as whole which was approximately 3.3% at that time.

Overall, the City's local economy appeared steady despite higher inflation and potential recession risks. The pandemic effects from 2020 and 2021 appear to have receded and the boost the pandemic created for certain 'essential' business no longer appears to be a significant factor. Overall sales and use tax increased a modest 3.7% in 2022 as compared to a 13.2% increase in 2021 and 9.7% increase in 2020. On an overall statewide basis, recreational Marijuana has seen a slowdown in growth as legalization across different states has become more common and the industry has started to mature. Since the introduction of recreational marijuana in 2017 the corresponding sales tax has become an increasingly significant component of overall city revenues and any changes to the market conditions for that industry likewise impacts those revenues for the City.

Looking Back

The city undertook several projects in 2022 with the purpose of improving public services and safety and also in response to the COVID-19 pandemic:

- The undergrounding of overhead power lines along W. 92nd Avenue from Federal Boulevard to Pecos Street was initiated with completion expected in the latter half of 2023. A continuation of this project along Pecos Street from W. 84th Avenue to W. 85th Avenue is expected to commence in late 2023.
- The City received an additional \$1.6 million in funding under the American Rescue Plan, similar to the amount received in 2021, to replace lost revenues due to the impacts of COVID-19 and designated for the provision of general government services.
- The removal of one building and restoration of two others at 2890 West 90th Place was completed allowing for the reorganization of public works equipment and inventory previously all located on the adjacent lot. The 11,252 SF parcel of land the City purchased at the end of 2020 is providing much needed space to, among other benefits, shelter vehicles from extreme weather conditions mitigating damage and repair costs.
- The construction and renewal of Ruston Park was substantially completed in 2022 with an official opening now scheduled for August 10, 2023. Construction commenced in 2021 and the investment has greatly enhanced the attractiveness of the park. Upon final completion the result will be a great amenity to area residents providing both a location for groups and individuals to enjoy gatherings and outdoor activities. To help reach the goals of this project the city was awarded a \$1.8 million grant from Adams County Open Space in 2019 and Mile High Flood District has contributed approximately \$1.1 million to assist in financing the overall costs.
- Ongoing Water Main Replacement projects for 2022 included W. 91st Place from Royal to Rampart Street; Royal Street from W. 90th Avenue to W. 91st Place; Mandel Street from W. 90th Avenue to W. 91st Place; and a 12" water line from W. 90th Avenue to the south side of the city police department.
- Street paving projects completed in 2022 included repaving the Southeast section of the Northborough neighborhood; repaving 85th and 86th Avenue, Tejon Street and Tejon Way in the Hyland Park Heights neighborhood; repaving the north end of Zuni Street in conjunction with Westminster and Adams County for adjacent sections; and patching of failing sections of Camenisch Way.

Looking Forward

Long-term Financial Planning: The City's budget process includes the preparation of a 5-year capital improvement plan (CIP). The CIP identifies major construction and equipment needs that are on the horizon, as well as projections of those revenues dedicated for capital purchases. A one-percent sales tax was approved by voters during 2002. The citizen approved ballot item requires 60 percent of the additional revenue be restricted for capital needs. Thirty-five percent is transferred to the Road Improvement Fund, ten percent restricted for ambulance and fire equipment, and fifteen percent transferred into the City's Capital Improvement Fund.

A key component of the CIP is the City's commitment to maintaining its current infrastructure - streets, curbs, gutters, sidewalks, parks, drainage, and the utility system- and dedicating resources to keep infrastructure at acceptable quality levels and to avoid more costly major repairs and reconstruction. While the 5-year planning tool is subject to change, it allows the city to prepare for major capital needs and match those needs with the appropriate projected revenue or available sources. The City does not plan to issue debt to finance needed projects. Presently, the Utility Fund and the Drainage Fund have adequate levels of available working capital to finance major system upgrades.

The General Fund currently maintains an unassigned and available fund balance of approximately \$20 million. This represents 97 percent of the overall General Fund balance and approximately 115 percent of the budgeted expenditures for the General Fund in 2023. This unassigned fund balance is available to the City council for one-time expenditures, or to balance the annual budget on a current basis if needed.

Major Initiatives: Water- Sewer- Road Maintenance. For 2023, the city has appropriated approximately \$3.0 million for Water, Sewer and Drainage capital improvements including the continuation of the water main replacements and the city-wide sewer manhole lining project. The anticipated water main replacement projects for 2023 include replacements on Orleans Street, Orleans Lane, and Rampart Street in the Monticello neighborhood as well as replacements along Camenisch Way in the Old Town neighborhood. Manhole lining for fifteen sewer manholes and drainage improvements at W. 90th Avenue and Pecos Street are also expected to be completed. Road projects for 2023 include the repaving of Huron Street from 84th Avenue to City limits to be completed in conjunction with the City of Thornton which will continue the repaving of Huron as it extends into Thornton. Traffic signal replacement at 92nd & Bryant as well as ongoing crack sealing preventive maintenance of city streets will also be taking place in 2023.

Additionally, a study along Federal Boulevard is expected to commence in 2023 in conjunction with surrounding communities to assess the status of public transportation along the corridor and develop recommendations for adding Bus Rapid Transit (BRT) to improve the effectiveness and efficiency in delivering those public transportation services. The study is expected to be completed in 2024.

Developing Revenue Sources: In November 2016, voters approved the sale of retail marijuana in the city. Current ordinance allows for five locations for medical and or retail marijuana sales. In addition to the city’s standard 4 percent sales tax, retail marijuana is subject to an additional 5 percent sales tax. Thus far, the tax generated from recreational marijuana sales has had a significant positive impact on the city’s overall sales tax revenue and will likely continue to be a significant source of ongoing sales tax revenue and growth in the near term. In 2017, the city also passed a five percent tax on the first sale or transfer of unprocessed retail marijuana by a retail marijuana cultivation facility based on the average market for unprocessed retail marijuana. There are currently no marijuana cultivation facilities in the city.

Relevant Financial Information and Policies

Revenue and Spending Limitations: The Colorado Constitutional Amendment passed in November 1992, commonly known as the Taxpayer Bill of Rights (TABOR), restricts growth in governmental spending and revenues, with those amounts adjusted annually for inflation and a local growth factor. In November 1996, Federal Heights’ voters approved a referendum that allowed the city to retain revenues that might otherwise have been refundable to citizens under the TABOR limits. As a result, the city is able to retain any “excess” revenues and spend them for capital projects, basic municipal services, and other public purposes. The City continues to be subject to other provisions of TABOR, including maintaining an emergency reserve equal to three percent of annual spending and the requirement for any tax increase or debt issuance for general governmental purposes to be approved by elections.

Pension and Retirement Benefits: City Police and Fire sworn personnel participate in various state-wide pension plans sponsored by the Fire and Police Pension Association (FPPA). Since 2005, the City Police and Fire sworn personnel have had access to the state-wide defined benefit plan. Previously, uniform personnel participated in FPPA state-wide defined contribution/money purchase plans. The statewide FPPA hybrid money purchase component plan was utilized by employees of many cities throughout the state to reenter into the FPPA defined benefit program. Very few of our current police and fire sworn personnel participate in the money purchase plans.

The City’s general non-sworn employees have money purchase defined contribution plans and participate in social security. For 2022 the city contributed between contributed at least 4.0 percent and up 6.0 percent if the additional two percent was matched, by the employee.

Previous to December 2021, the City’s postretirement health insurance benefit was limited to employees hired before 2012 for up to \$300 per month per retiree. At the end of 2021, this benefit became available to all employees for an amount to \$400 per month. This liability is included in the City’s Statement of Activities and is addressed in Note No. 9 of the Financial Statements.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement in Financial Reporting to the City of Federal Heights, Colorado for its Annual Comprehensive Financial Report for the fiscal year ended December 31, 2021. In order to be awarded a Certificate of Achievement a governmental unit must publish an easily readable and efficiently organized Annual Comprehensive Financial Report, the contents of which conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Oversight for the presentation of the Annual Comprehensive Financial Report on a timely basis was made possible by the Finance Department, and many other City staff members who contributed to its preparation. Each contributor has our sincere appreciation for the efforts made in the preparation of this report.

In closing, we wish to thank the members of the City Council for their interest, leadership, and support for maintaining the highest standards of professionalism in the management of the City's finances.

Respectfully submitted,

Jacqueline Halburnt
City Manager

Tim Weitzman
Finance Director

JOHN CUTLER & ASSOCIATES

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of City Council
City of Federal Heights
Federal Heights, Colorado

Report on the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Federal Heights, Colorado (the "City") as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Federal Heights, Colorado as of December 31, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Federal Heights, Colorado, and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures of the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages c-o; the budgetary comparison schedules and pension information on pages 43-49, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB) who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying supplementary and other information, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements.

The supplementary information and other information have been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information and other information are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The statistical section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

John Cutler & Associates, LLC

May 31, 2023

As management of the City of Federal Heights (“City”), we offer readers of the City’s financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2022. We encourage readers to consider the information presented here in conjunction with the additional information furnished in our basic financial statements to better understand the financial position of the City.

A. FINANCIAL HIGHLIGHTS

- The net position of all governmental and business type activities totaled \$85.2 million at the end of 2022 on the Government – Wide Financial Statements. Of this amount, \$32.7 million or 33% is unrestricted and may be used to meet the City’s ongoing obligations.
- The fund balance for General Fund increased by \$1.9 million and totaled \$20.8 million. Unassigned fund balance was \$20.0 million or 104% of General Fund Revenues. The unassigned portion of fund balance is available for the City’s future spending needs at the Council’s discretion.
- Tax revenue in the General Fund increased 4.0% to \$14.5 million. Overall, Sales and Use tax and admissions tax revenues increased by \$.5 million to \$13.9 million. Increases were primarily due to admissions tax, auto use tax, building use and remote sales tax remittances. These increases, along with the \$3.2 million increase in Intergovernmental Revenues, primarily due to the recognition of the remaining funding the city received under the American Rescue Plan, helped offset decreases of approximately \$.1 million in Court and Miscellaneous Revenues.
- The Redevelopment Agency Fund’s total fund balance totaled \$2.8 million at the end of 2022. Property and sales tax increment receipts received will be used to pay for projects in the redevelopment areas.
- The Road Improvement Fund restricted fund balance for street improvements increased \$.6 million and totaled \$5.0 million. Capital outlay of \$.7 million was spent during the year for infrastructure improvements and repairs.
- The Capital Improvement Fund’s total fund balance totaled \$7.9 million at the end of 2022, an increase of approximately \$5.0 million as compared with the prior year.
- Other Governmental Funds reported combined restricted fund balance of \$1.9 million, an increase of \$.3 million in comparison with the prior year.
- The Utility Fund and Drainage Fund (proprietary/business type funds) net positions decreased \$.3 million to \$20.7 million. However, on a budgetary basis including the cost of capital acquisitions, the Utility Fund spend was approximately \$.6 million more than current revenues, while the Drainage Fund spend was approximately \$.1 million less than current revenues.
- Utility Fund capital system investment totaled \$.9 million and the Drainage Fund capital system improvement totaled \$.1 million.

B. **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The basic financial statements consist of three components: (1) government-wide financial statements; (2) fund financial statements; and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the City of Federal Heights' finances in a manner similar to a private sector business.

The ***Statement of Net Position*** presents the financial condition of the City as a whole at the end of the fiscal year by presenting information on all assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial situation of the City is improving or deteriorating.

The ***Statement of Activities*** presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions that are principally supported by taxes and intergovernmental revenues (Governmental Activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (Business-type Activities). The Governmental Activities of the City include general government, public safety (police, dispatch, victim advocate services, fire and ambulance), community services, parks and recreation, and community development. Business-type Activities include utility (water/sewer) and drainage. The Utility Enterprise and the Drainage Enterprise are the two major Business-type funds.

The Redevelopment Agency, for which the City is financially accountable, is included in the government-wide financial statements. Financial information for this blended component unit is reported separately from the financial information presented for the City itself.

Fund Financial Statements

A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Some funds are required to be established by State law, however, City Council establishes other funds to help control and manage spendable resources for particular purposes (i.e. Road Improvement Fund). The City's funds can be divided into three categories: Governmental Funds, Proprietary Funds, and Fiduciary Funds.

GASB 34 requires the designation and highlighting of Major Funds and establishes certain size thresholds that a fund must meet in relation to all the other governmental or business-type activity funds, or in relation to all city funds before a fund is classified as a major fund. The General Fund is always considered a major fund. In highlighting these funds, it is believed that readers will more carefully review the activity of the largest funds. Our major governmental funds are the General Fund, Redevelopment Agency Fund, Road Improvement Fund, and the Capital Improvements Fund. The non-major funds include the Open Space Fund, the E911 Fund, and the Special Investigation Fund.

Governmental funds – Most of the City’s basic services are reported in governmental funds, which focus on how spendable resources flow into and out of those funds and the balances left at year-end that are available for future years. The funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental funds statements provide a detailed short-term view to cash, the governmental fund operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City’s programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation at the bottom of the fund financial statements.

An annual appropriated budget is adopted for all governmental funds. A budgetary comparison statement has been provided for these funds to demonstrate compliance with these budgets.

Proprietary funds – When the City charges customers for services it provides these services are generally reported in proprietary funds. Proprietary funds are used to report the same functions presented as business-type activities in the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Utility Fund and the Drainage Funds, which are considered to be major funds.

Fiduciary funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the City’s own programs. The method of accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplemental Information

In addition to the basic financial statements and accompanying notes, this report includes Required Supplementary Budgetary comparisons for the General Fund and Redevelopment Agency. The Required Supplementary Information also includes schedules required under GASB 68 for the City’s Volunteer and Statewide Defined Benefit plans and schedules required under GASB 75 for the City’s OPEB Plan. These schedules are updated annually.

Combining and Individual Fund Schedules

This report presents the combining statements, individual statements and schedules of the non-major Governmental Funds and Enterprise Funds. Schedules of revenues, expenditures and change in net position – budget to actual of all proprietary funds, Road Improvement Fund and non-major governmental funds are also included.

C. GOVERNMENT-WIDE FINANCIAL ANALYSIS

At the close of 2022, total net position was \$85.2 million. The largest portion of the net position was the investment in capital assets (net of related debt) of \$34.2 million (40%). This amount reflects the investment in all capital assets (e.g. infrastructure, land, buildings, and equipment) less any debt used to acquire those assets that are still outstanding. These capital assets are used to provide services to citizens; consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of debt, it should be noted that the resources needed to repay this debt must be provided from other sources since capital assets themselves cannot be used to liquidate these liabilities.

The restricted portion of net position totaling \$18.2 million (21%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$32.7 million (38%) is unrestricted and may be used to meet the City's ongoing obligations to citizens and creditors.

The following table summarizes the City's governmental and business-type net position for 2022 and 2021.

Statement of Net Position (In Thousands)

	Governmental Activities		Business-type Activities		Total Primary Government	
	2022	2021	2022	2021	2022	2021
Current and Other Assets	\$ 46,856.1	\$ 38,975.0	\$ 7,939.0	\$ 7,729.8	\$ 54,795.1	\$ 46,704.7
Capital Assets	22,288.1	21,797.8	13,882.0	13,661.8	36,170.1	35,459.7
Total Assets	69,144.2	60,772.8	21,821.0	21,391.6	90,965.2	82,164.4
Deferred Outflow of Resources	1,094.8	1,517.4	-	-	1,094.8	1,517.4
Total Assets & Deferred Outflows	70,239.0	62,290.2	21,821.0	21,391.6	92,060.0	83,681.8
Current and Other Liabilities	2,170.9	2,783.4	1,028.2	332.6	3,199.1	3,116.0
Long-term Liabilities	1,322.5	1,310.4	83.4	78.4	1,405.9	1,388.9
Total Liabilities	3,493.4	4,093.9	1,111.6	411.0	4,605.1	4,504.9
Deferred Inflow of Resources	2,256.7	1,449.9	-	-	2,256.7	1,449.9
Total Liabilities & Deferred Inflows	5,750.2	5,543.7	1,111.6	411.0	6,861.8	5,954.8
Net Position						
Net Investment in Capital Assets	21,027.1	21,797.8	13,212.0	13,661.8	34,239.1	35,459.7
Restricted	18,286.3	13,583.2	0.0	-	18,286.3	13,583.2
Unrestricted	25,175.4	21,365.4	7,497.4	7,318.7	32,672.7	28,684.1
Total Net Position	64,488.8	56,746.5	20,709.4	20,980.5	85,198.2	77,727.0

The changes in net position from 2021 to 2022 are primarily the result favorable sales tax and intergovernmental revenues and lower than expected ongoing operational costs and maintenance of the City's capital infrastructure. The positive change of net position is added to current working capital. Expenditures for business-type (water, wastewater, and drainage) infrastructure increased the net investment in capital assets as well.

Changes in Net Position

The City's 2022 total revenues of \$26.0 million exceeded program expenses of \$18.6 million. The 2022 increase in net position after special items and transfers was \$7.5 million compared to the \$6.7 million during 2021.

Governmental Activities

Total program expenses of \$12.9 million exceeded program revenue of \$5.3 million by \$7.6 million for 2022 compared to \$8.7 million during 2021. The 2022 increase in net position was \$7.7 million and \$6.1 million in 2021. The following illustrates the governmental activities program revenues and expenses by function:

Sales and admission taxes increased 3.7% in 2022, from \$13.4 million to \$13.9 million. This increase was partially offset by decreases in investment earnings, miscellaneous income and other tax revenues. All sources of Governmental activities revenues increased \$2.2 million or approximately 12.3% and totaled \$20.2 million in 2022.

Business-type Activities

Business-type activities including Utilities (water and sewer) and Drainage, for the year resulted in a decrease of approximately (\$.3) million in net position. Charges for services in 2022 totaled \$5.9 million consistent with 2021. The following chart illustrates the business-type activities program revenues and expenses:

The 2022 water and sewer customer rates were unchanged from 2021. Total 2022 business type revenues totaling \$5.8 million decreased approximately (\$.1) million when compared to 2021.

D. THE CITY'S FUNDS

Governmental funds – The focus of governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. The budgets for these funds are prepared on the same basis. In particular, unassigned fund balance may serve as a useful measure of the City's net resources available for spending at the end of the fiscal year.

As of the end of 2022, the City's governmental funds reported combined ending fund balances of \$38.4 million, an increase of \$6.7 million. The primary fluctuations in fund balances were in the General Fund which improved \$1.9 million, the Capital Improvement which increased \$5.1 million, the Road Fund which increased .6 million, the Open Space fund which increased \$.2 million, offset by a decrease of (\$1.3) in the Redevelopment Agency Fund in comparison with the prior year. The Redevelopment Agency is a component unit that is blended into the City's financial statements. The General Fund change was the result of higher revenues and lower spending than amounts originally appropriated. The Redevelopment Agency fund balance decreases as property tax increment revenues collected in prior years are expended for qualifying redevelopment activities. Committed, restricted, and non-spendable fund balances in all governmental funds amounted to \$18.3 million. The General Fund's unassigned fund balance that is available for subsequent years' spending totaled \$20.0 million.

Balance Sheet - Governmental Funds	
General Fund:	
Unassigned	20,028,976
Committed	90,688
Restricted	700,788
NonSpendable	2,435
	20,822,887
Redevelopment Agency Fund:	
Restricted	2,766,346
Road Improvement Fund:	
Restricted	5,018,770
Capital Improvement Fund:	
Restricted	7,874,826
Other Government Funds:	
NonSpendable	-
Restricted	1,925,609
	1,925,609
	38,408,438
Committed, restricted, nonspendable	
	18,379,462
Unassigned	20,028,976
	38,408,438

Proprietary funds – The focus of proprietary funds is economic resources (net position) and economic gain or loss (change in net position). These funds report on the accrual basis of accounting like the government-wide business-type activities only in more detail. The unrestricted portions of net position are resources that are available at the end of the year. The Utility Fund (water and wastewater) and the Drainage Fund (storm water) are the City’s two major proprietary funds. The unrestricted net positions of the Utility Fund and Drainage Fund increased by approximately 2.4% from \$7.3 million at the end of 2021 to approximately \$7.5 million as of the end of 2022. This high level of unrestricted net position is expected to be reduced in the future and utilized for costly system capital upgrades and major maintenance. The total net position of the proprietary funds decreased (\$.3) million compared to 2021 to \$20.7 million as of the end of 2022.

General Fund Budgetary Highlights

The General Fund accounts for all of the general services provided by the City. The General Fund 2022 Amended Final Budget included \$19.6 million of revenues/inflows, and \$14.1 million of expenditures/outflows. Fund balance was anticipated to be \$18.9 million at the end of 2022 compared to the \$18.9 million actual ending balance.

Revenues and transfers into the General Fund were (\$.2) million unfavorable to the \$19.6 million anticipated in the final budget. This un-favorability was primarily due to lower than anticipated final court and charges for services, and investment income.

**General Fund Revenues and Other Sources
Compared to 2022 Adopted Budget
(In Thousands)**

	<u>Budget</u>	<u>Actual</u>	<u>Variance Favorable (Unfavorable)</u>
Taxes	\$ 14,515	\$ 14,499	\$ (16)
Licenses and Permits	176	149	(27)
Intergovernmental Services	3,841	3,865	24
Charges for Services	618	566	(52)

E. CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets - The City's investment in capital assets net of depreciation for its governmental and business-type activities as of December 31, 2022, amounts to \$36.1 compared to \$35.5 million at the end of 2021. The City invests in a broad range of capital assets, including streets, water and wastewater lines, storm drainage, and other infrastructure improvements; municipal facilities; park and trail improvements; and various equipment and vehicles.

The following table provides a comparative summary of total capital assets at December 31, 2022 and 2021:

Capital Assets (Net of Depreciation, In Thousands)

	Governmental Activities		Business-Type Activities		Total	
					Primary Government	
	2022	2021	2022	2021	2022	2021
Land	\$ 356.5	\$ 496.7	\$ 60.1	\$ 200.2	\$ 416.6	\$ 696.9
Construction in Progress	1,165.5	2,410.0	-	-	1,165.5	2,410.0
Buildings	735.7	647.7	41.5	47.2	777.2	694.9
Improvements	17,547.9	15,189.3	-	-	17,547.9	15,189.3
Machinery, Equipment, and Furniture	2,482.5	3,054.1	279.6	253.1	2,762.1	3,307.2
Sewer Lines	-	-	2,598.4	2,644.1	2,598.4	2,644.1
Water Plant, Tanks, and Wells	-	-	7,498.3	7,007.4	7,498.3	7,007.4
Drainage System	-	-	3,404.1	3,509.8	3,404.1	3,509.8
Total Net Capital Assets	\$ 22,288.1	\$ 21,797.8	\$ 13,882.0	\$ 13,661.8	\$ 36,170.1	\$ 35,459.6

Major expenditures added to capital assets during 2022 included:

Road Improvements	542,400
Water and Sewer System Improvements	880,390
Drainage Improvements	60,025
Communications, Fire, Police, Other City Equipment and Vehicles	244,416

The City remains committed to the upkeep and maintenance of the City's largest assets. More detailed information about capital assets is presented in notes one and five to the financial statements.

Long Term Debt - At the end of 2022, the City did not have any bonded debt or certificate of participations outstanding.

F. FACTORS EFFECTING THE FUTURE OF THE CITY

At the start of 2022 and currently the City continues to maintain a strong financial position. Unassigned fund balances and net position exceed levels acceptable by the City Council. In preparing the 2023 budget, the City was conservatively optimistic in projecting revenue increases for sales and use taxes. The City will continue to be cautious with its spending by delaying discretionary purchases as necessary and monitoring revenues to continually assess the City's financial position. The 2023 budget reflects the City's continued commitment to capital replacement with maintenance of City infrastructure as a top priority.

Sales tax revenues again increased during 2022, however, at a much lower rate as compared to recent years. The 2023 budget anticipates combined sales and admissions tax revenues to remain consistent with the 2022 amounts. Through March 2023, however, receipts, total sales and admissions revenue were up approximately 3% when compared to the same time period in 2022.

The Utility Fund water and wastewater rates have been historically increased to adjust for supplier cost increases. While there were no increases to water or wastewater rates in 2021 and 2022, 2023 saw a 4% increase in water rates and a 13.1% increase in wastewater rates. Our supplier of water resources has enough water rights to continue to serve our citizens and customers into the foreseeable future. Any future rate increases for water and wastewater as required to offset operating costs and capital needs will be reviewed in detail and approved by council. Water and sewer tap fees are adjusted for the change in consumer price index each year. Drainage Fund stormwater rates have remained constant for many years and no increase is anticipated or needed at this time.

The City continues to seek opportunities for economic growth while improving the quality of services offered and maintaining its financial sustainability.

G. REQUEST FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, and customers a general overview of the City's finances and describe the City's accountability for the money it receives. If you have any questions about this report, or need additional financial information, please contact the Finance Director at the following address:

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore, are not reported in the funds.

Some sales taxes will be collected after year-end, but are not available soon enough to pay for the current period's expenditures, and therefore are reported as deferred inflows of resources in the funds.

Long-term liabilities and related assets are not due and payable in the current period and are not reported in the funds.

These include OPEB liability (\$455,850), deferred outflow related to OPEB to Plan \$52,278, deferred inflows related to OPEB Plan (\$232,779), accrued compensated absences (\$962,992), net pension assets of \$6,165,078, deferred outflows related to pensions of \$1,042,489, and deferred inflows related to pensions of (\$1,816,015).

Net position of governmental activities

CITY OF FEDERAL HEIGHTS, COLORADO

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
Year Ended December 31, 2022

Amounts Reported for Governmental Activities in the Statement of Activities
are Different Because:

Net Changes in Fund Balances - Total Governmental Funds	\$ 6,656,698
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay \$1,812,098 exceeded depreciation expense (\$1,311,745) in the current period and loss of assets (\$10,046) in the current period.	490,307
Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This is the change in accrued compensated absences.	(32,695)
Deferred Charges related to pension are not recognized in the governmental funds. However, for the government-wide funds that amount is capitalized and amortized.	<u>628,013</u>
Change in Net Position of Governmental Activities	<u><u>\$ 7,742,323</u></u>

The accompanying notes are an integral part of the financial statements.

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the City of Federal Heights, Colorado (the “City”) conform to generally accepted accounting principles as applicable to governments. Following is a summary of the more significant policies.

Reporting Entity

In accordance with governmental accounting standards, the City of Federal Heights has considered the possibility of inclusion of additional entities in its basic financial statements.

The definition of the reporting entity is based primarily on financial accountability. The City is financially accountable for organizations that make up its legal entity. It is also financially accountable for legally separate organizations if City officials appoint a voting majority of the organization’s governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the City. The City may also be financially accountable for governmental organizations that are fiscally dependent upon it.

Based upon the application of these criteria, the following organization is included in the City’s reporting entity.

Federal Heights Redevelopment Agency

The Federal Heights Redevelopment Agency (the “Agency”) was established by the City Council to redevelop blighted areas within the City limits. The Agency is blended into the City’s financial statements as a special revenue fund. City Council acts as the Board of the Agency and has significant operational responsibility of the component unit.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City. For the most part, the effect of interfund activity has been removed from these statements. Exceptions to this general rule are charges for interfund services that are reasonably equal to the services provided. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of the given function or segments are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment.

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-Wide and Fund Financial Statements (Continued)

Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current *financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Property taxes, specific ownership taxes, grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due.

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation
(Continued)

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's practice to use restricted resources first, then unrestricted resources as they are needed.

In the fund financial statements, the City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund. This fund would typically be used to liquidate pension and OPEB liabilities if required.

The *Redevelopment Agency Fund*, a special revenue fund, accounts for the activity related to the Federal Heights Redevelopment Agency, a component unit established to redevelop blighted areas within the City limits. The major source of revenue for this fund is property tax increment financing.

The *Road Improvement Fund*, a capital projects fund, accounts for the activity related to the funding and related maintenance and upgrades of the City's road infrastructure. The major sources of revenue for this fund are a portion of the 1% sales tax as approved by voters and road tax received from the County.

The *Capital Improvement Fund*, a capital projects fund, accounts for the activity related to the acquisition and/or construction of major capital projects of the City.

The City reports the following major proprietary fund:

The *Utility (Water/Sewer) Fund* accounts for the financial activities associated with the provision of utility services.

The *Drainage Fund* accounts for the financial activities associated with the City's drainage system.

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Investments

Cash equivalents include investments with original maturities of three months or less. Investments are recorded at fair value.

Interfund Receivables and Payables

During the course of operations, numerous transactions occur between individual funds. The resulting receivables and payable are classified on the balance sheet as “due from other funds” and “due to other funds”, because they are short-term in nature.

Noncurrent portions of long-term interfund loan receivables are reported as advances and are offset equally by a fund balance reserve account which indicates that they do not constitute expendable available financial resources and therefore are not available for appropriation.

Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financials statements as “Internal Activity”.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The City has recorded current year infrastructure additions, but infrastructure assets purchased or donated prior to January 1, 2003, will be capitalized in the future, as allowed by generally accepted accounting principles.

Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets’ lives are not capitalized.

Property and equipment of the City is depreciated using the straight line method over the following estimated useful lives:

Buildings	40 years
Machinery and Equipment	5-10 years
Distribution System	40 years
Water Plant	40 years
Wells	10 years

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Unearned Revenues

Unearned revenues include grant funds that have been collected but the corresponding expenditures have not been incurred.

Compensated Absences

Accumulated unpaid vacation and sick pay is accrued when earned in the government-wide and proprietary fund financial statements. Employees may accrue up to 480 hours (720 hours for full-time firefighters and ambulance personnel) of vacation time and up to 960 hours of sick time (1,440 hours for full-time firefighters and ambulance personnel). When an employee leaves the City, they are paid 100% of their accumulated vacation time and 50% of their accumulated sick time.

These compensated absences are recognized when due in the governmental fund types. A liability has been recorded in the government-wide financial statements for the accrued compensated absences.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund type in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position and balance sheets will sometimes report a separate section for deferred outflows or resources. This separate financial statement element, *deferred outflow of resources*, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the statement of financial position and balance sheets will sometimes report a separate section for deferred inflows or resources. This separate financial statement element, *deferred inflow of resources*, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Property Taxes

Property taxes are levied on November 1 and attach as an enforceable lien on property on January 1. Taxes are payable in full on April 30 or in two installments on February 28 and June 15. The County Treasurer's office collects property taxes and remits to the City on a monthly basis.

Since property tax revenues are collected in arrears during the succeeding year, a receivable and corresponding deferred revenue are recorded at December 31. As the tax is collected in the succeeding year, the deferred revenue is recognized as revenue and the receivable is reduced.

Post-Employment Benefits

The City offers post-employment health and dental insurance to its retired employees that have 10 years of continuous service and have reached age 60 and who retire absent termination. The City may pay up to 50% of the benefit offered to regular full-time employees with a limit of \$400 per month. The City expenses this benefit to the funds as it is paid, the long-term obligation related to this benefit is shown as a governmental activity liability. During 2011, the City revised the benefit to only extend until the retired employee is eligible for Medicare.

Contraband Forfeiture

The Colorado Contraband Forfeiture Act allows law enforcement agencies to retain proceeds from the seizure of contraband. These proceeds are not subject to appropriation in the budget process. Cash proceeds are recorded in the Special Investigation Special Revenue Fund. Property and equipment seized are recorded as capital assets.

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Balance Classification

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

Nonspendable – This classification includes amounts that cannot be spent because they are either not spendable in form or are legally or contractually required to be maintained intact. At December 31, 2022, the City reported its prepaid expenses as nonspendable.

Restricted – This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. At December 31, 2022, the City has classified the following amounts as restricted:

General Fund – Emergency Reserves (TABOR)	\$ 500,000
General Fund – Other Capital Expenses 1% Sales Tax	67,817
General Fund – Parks and Recreation	7,847
General Fund – Youth Activity Programs	125,124
Redevelopment Agency Fund – Capital Projects	2,766,346
Road Improvement Fund – Highways and Streets	5,018,771
Capital Improvement Fund – Capital Projects	7,874,826
Open Space Fund – Parks and Recreation	1,874,566
E911 Fund	28,852
Special Investigations Fund	<u>22,191</u>
Total	<u>\$ 18,286,339</u>

Committed – This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the City Council. These amounts cannot be used for any other purpose unless the City Council removes or changes the specified use by taking the same type of action (ordinance) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. As of December 31, 2022, the City has classified the following amounts as committed:

General Fund – Victims Advocate	\$ 85,746
General Fund - Graffiti	<u>4,942</u>
Total	<u>\$ 90,688</u>

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Balance Classification (Continued)

Assigned – This classification includes amounts that are constrained by the City Council intent to be used for specific purposes but are neither restricted nor committed. As of December 31, 2022, the City did not have any assigned fund balance.

Unassigned – This classification includes the residual fund balance for the General Fund. The Unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of Assigned fund balance amounts.

The City would typically use restricted fund balances first, followed by Committed resources, and then Assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend Unassigned resources.

NOTE 2: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Accounting

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- In September, the City Administrator submits to the City Council a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted to obtain taxpayer comments.
- Prior to December 16, the budget is legally enacted through passage of a resolution.
- Revisions of budgeted amounts that alter the total expenditures of any fund must be approved by the City Council. Budgetary control is at the fund level as prescribed by City Council and state statute.
- All appropriations lapse at the end of each fiscal year.
- Budgets are legally adopted for all funds of the City except the Special Investigation Special Revenue Fund. Budgets for the governmental fund types are adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgetary comparisons presented for the enterprise funds are presented on a non-GAAP budgetary basis. Capital outlay is budgeted as an expenditure and depreciation is not budgeted.

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 3: DEPOSITS AND INVESTMENTS

A summary of deposits and investments as of December 31, 2022 follows:

Petty Cash	\$ 2,862
Cash Deposits	2,294,405
Investments	<u>43,629,312</u>
Total	<u>\$ 45,926,578</u>

Cash and investments are reported in the financial statements as follows:

Governmental Activities	\$ 38,480,266
Business-type Activities	<u>7,446,312</u>
Total	<u>\$ 45,926,578</u>

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulations. At December 31, 2022, State regulatory commissioners have indicated that all financial institutions holding deposits for the City are eligible public depositories. Amounts on deposit in excess of federal insurance levels must be collateralized by eligible collateral as determined by the PDPA. PDPA allows the financial institution to create a single collateral pool for all public funds held. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the uninsured deposits. The City has no policy regarding custodial credit risk for deposits.

At December 31, 2022, the City had deposits with financial institutions with a carrying amount of \$2,294,405. The bank balances with the financial institutions were \$2,556,937. Of these balances, \$250,000 was covered by federal depository insurance and \$2,306,937 was covered by collateral held by authorized escrow agents in the financial institutions name (PDPA).

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 3: DEPOSITS AND INVESTMENTS (Continued)

Investments

At December 31, 2022, the City had the following investments:

<u>Investment Type</u>	<u>Investment Maturity (Years)</u>		
	Fair Value	Less Than One Year	One to Five Years
Money Market Funds	\$ 62,617	\$ 62,617	\$ -
Local Government Pools	17,462,357	17,462,357	-
U.S. Agency Securities	<u>26,104,338</u>	<u>6,897,757</u>	<u>19,206,581</u>
Total	<u>\$ 43,629,312</u>	<u>\$ 24,422,731</u>	<u>\$ 19,206,581</u>

Interest Rate Risk

Colorado statutes require that no investment may have a maturity in excess of five years from the date of purchase. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates, other than those contained in state statutes. The City's investment portfolio does not contain any investments that exceed that limitation. Historically, the City has held its investments to maturity or until they are called at par. The City does not routinely trade securities.

Credit Risk

Colorado statutes specify in which instruments the units of local government may invest which includes:

- Obligations of the United States and certain U.S. government agency securities
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptances of certain banks
- Local government investment pools
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 3: DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

The City's investment policy controls credit risk by limiting its investments to those allowed by Colorado statutes. Historically, however, the City has only invested in US Treasuries and Instrumentalities. As of December 31, 2022, the City had investments in US Treasury Notes, Federal Home Loan Bank ("FHLB") securities, Federal National Mortgage Association securities ("FNMA"), Federal Home Loan Mortgage Corporation ("FHLMC") securities, and Federal Farm Credit Bank securities which were all rated AA+ by Standard and Poor's and Aaa by Moody's Investor Services.

Local Government Investment Pool

The City had invested \$16,932,404 in the Colorado Surplus Asset Fund Trust CORE Fund ("Colorado Core") an investment vehicle established for local government entities in Colorado pursuant to Title 24, Article 75, Part 7 of the Colorado Revised Statutes, to pool surplus funds for investment purposes. The State Securities Commissioner administers and enforces the requirements of creating and operating the Pools. Colorado Core is an ultra-short duration enhanced cash fund seeking to maintain a constant share price of \$2.00 with an emphasis placed on limiting the risk of negative fair market valuations while maintaining high credit quality and adequate liquidity. The fund operates under GASB Statements 31 and 72 methodology for calculating fair market values and maintains a weighted average maturity of 180 days or less and a weighted average life of 365 days or less.

Colorado Core is rated AA+/-/S1 by Fitch Ratings. The designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions. Colorado Core investments primarily included, highly rated commercial paper, Colorado depositories in which the deposits are collateralized at 102% of market value under the provisions of the Public Depository Protection Act, and other Colorado LGIP funds inclusive of other funds offered by the Trust as allowed for by C.R.S 24-75-601.1(1)(i). Redemption requests must be made at least one day in advance and are limited to three per month

The City had invested \$529,953 in the Colorado Surplus Asset Fund Trust (CSAFE) an investment vehicle established for local government entities in Colorado pursuant to Title 24, Article 75, Part 7 of the Colorado Revised Statutes, to pool surplus funds for investment purposes. The State Securities Commissioner administers and enforces the requirements of creating and operating the Pools. CSAFE is considered a qualifying external investment pool under GASB Statement 79. CSAFE operates similar to money market funds where each share is equal in value to \$1.00. The fair value of the position in the pools is the same as the value of the pooled shares.

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 3: DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

Local Government Investment Pool (Continued)

CSAFE is rated AAAM by Standard and Poor's. The designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions. Substantially all securities are owned by the pools and held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify the investments owned by the pools. Investments of the pools comply with state statutes, consisting of U.S. Treasury bills, notes and note strips, repurchase agreements, U.S. Instrumentalities, Commercial Paper, Bank Deposits and Money Market Funds. CSAFE does not have any limitations or restrictions on participant withdrawals.

Fair Value

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant observable inputs.

At December 31, 2022, the City held investments in U.S. Agency Securities in the amount of \$26,104,338 with maturity dates of less than four years. Given the low risk of this type of investment, the City has not established a policy limiting the amount of investments in this type of security and deems it unnecessary at this time. These investments are valued with Level 1 inputs.

The City invested \$62,617 in a Money Market Mutual Fund. Portfolio investments are assigned a level based upon the observability of the inputs which are significant to the overall valuation. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The fair value of investments in money market funds is based on the published net asset values per share of those funds. Money market securities are valued using amortized cost, in accordance with Rule 2a-7 under the 1940 Act. Generally, amortized cost approximates the current fair value of a security, but since the value is not obtained from a quoted price in an active market, such securities held by Prime Series and Government Series are categorized as Level 2.

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 3: DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

Concentration of Credit Risk

The City places no limit on the amount the City may invest in any one issuer. More than 5% of the City's investments are in U.S. Treasury Notes and Securities. The relative percentages of all investments are as follows:

U.S. Treasury Notes	39.40%
Federal Home Loan Bank	5.76%
Federal National Mortgage Association	2.75%
Federal Home Loan Mortgage Corporation	5.01%
Federal Farm Credit Bank	6.91%
Money Market Funds	0.14%
Local Government Pools	40.02%

Custodial Credit Risk – Investments

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. As of December 31, 2022, the City's US instrumentality securities were held in safekeeping by US Bank in the name of the City.

NOTE 4: INTERFUND BALANCES

Below is a schedule of interfund transfers made during the year ended December 31, 2022.

<u>Transfers To Other Funds</u>	<u>Transfers From Other Funds</u>	<u>Amount</u>
General Fund	Drainage Fund	\$ 85,000
General Fund	Road Improvement	90,000
General Fund	Redevelopment Agency Fund	90,000
General Fund	E911 Fund	246,535
General Fund	Utility Fund	378,000
Road Improvement Fund	General Fund	950,000
Building Fund	General Fund	1,000,000
Capital Improvement Fund	General Fund	<u>4,350,000</u>
Total		<u>\$ 7,189,535</u>

All transfers to the General Fund are budgeted annually to subsidize operating costs paid from the General Fund. Transfers to the General Fund from the E911 Fund are used for costs incurred in support of E911 services. The transfers from the General Fund to the Road Improvement and Capital Improvement Funds are used to allocate sales taxes collected as required following the November 2002 election and Ordinance 02-12 and for routine operating subsidies.

Compensated Absences	<u>\$ 87,150</u>	<u>\$ 57,485</u>	<u>\$ 52,510</u>	<u>\$ 92,125</u>	<u>\$ 8,726</u>

The OPEB Liability and Compensated Absences are expected to be liquidated with resources of the General and Utility Funds. The City currently estimates that 10% of the accrued compensated absences shown above will be liquidated currently.

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 7: DEFINED BENEFIT PENSION PLANS

Volunteer Firefighters' Pension Plan

Summary of Significant Accounting Policies

The City has established the Volunteer Firefighters' Pension Plan (the "Volunteer Plan"), an agent multiple-employer defined benefit pension fund administered by the Colorado Fire & Police Pension Association ("FPPA"). The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position of the Volunteer Plan have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Pension Plan

Plan Description. Any firefighter who has both attained the age of fifty and completed twenty years of active service shall be eligible for a monthly pension. Additionally, any firefighter that has reached the age of fifty with at least ten years of service will receive a pension benefit that is prorated for years of creditable volunteer service between 10 and 20 years. A firefighter who is disabled in the line of duty and whose disability is of such character and magnitude as to deprive the firefighter of earning capacity and extends beyond one year, shall be compensated in an amount determined by the Pension Board. The Plan also provides for a lump-sum burial benefit upon the death of an active or retired firefighter. Spouses of deceased firefighters may receive benefits as authorized by State statute. FPPA issues an annual, publicly-available financial report that includes the assets of the Volunteer Plan. That report may be obtained on FPPA's website at <http://www.fppaco.org>.

Funding Policy. An actuary is used to determine the annual required contribution ("ARC") necessary to maintain the actuarial soundness of the Plan. Colorado law requires the State to make an annual contribution to the Plan. Because the City's monthly benefit amount is over \$450, the State's annual contribution is calculated as the highest State contribution made between 1998 and 2001. If required by the actuarial study, the City would make an additional contribution to support the plan.

The actuarial study as of January 1, 2022, indicated that the current levels of contributions to the fund are adequate to support on an actuarially sound basis the prospective benefits for the present Plan, therefore the City did not make contributions to this plan for 2022.

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 7: DEFINED BENEFIT PENSION PLANS (Continued)**Volunteer Firefighters' Pension Plan** (Continued)**Employees Covered by Benefit Terms**

A summary of the current eligible active employees and retirees currently receiving benefit payments is outlined below:

Retirees and Beneficiaries	5
Inactive, Nonretired Members	5
Active Members	<u>1</u>
Total	<u><u>11</u></u>

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2022, the City reported asset of \$4,338,497. The net pension asset was measured as of December 31, 2021 and was determined by an actuarial valuation as of January 1, 2022. Standard update procedures were used to roll forward the total pension liability to December 31, 2022.

For the year ended December 31, 2022 the City recognized pension income of \$414,852. At December 31, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$4,272	\$29,250
Net difference between projected and actual earnings on pension plan investments	\$49,312	\$498,614
Change in assumptions and other inputs	\$4,061	N/A
Total	\$57,645	\$527,864

NOTE 7: DEFINED BENEFIT PENSION PLANS (Continued)

Volunteer Firefighters' Pension Plan (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended December 31,	
2023	(\$111,990)
2024	(\$168,686)
2025	(\$120,376)
2026	(\$69,167)
2027	0

Actuarial assumptions: Method, and Assumptions Used to Determine Contribution Rates:

Actuarial Cost Method:	Entry Age Normal
Amortization Method:	Level Dollar Open*
Remaining Amortization Period:	20 years*
Asset Valuation Method:	5-Year smoothed fair value
Inflation	2.5%
Salary Increases:	N/A
Investment Rate of Return:	7.00%
Retirement Age:	50% per year of eligibility until 100% at age 65.

Mortality

Pre-retirement: 2006 central rates from the RP-2014 Employee Mortality Tables for males and females projected to 2018 using the MP-2017 projection scales, and then projected prospectively using the ultimate rates of the scale for all years, 50% multiplier for off-duty mortality.

Post-retirement: 2006 central rates from the RP-2014 Annuitant Mortality Tables for males and females projected to 2018 using the MP-2017 projection scales, and then projected prospectively using the ultimate rates of the scale for all years.

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE 7: DEFINED BENEFIT PENSION PLANS (Continued)

Volunteer Firefighters' Pension Plan (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Disabled: 2006 central rates from the RP-2014 Disabled Mortality Tables for males and females projected to 2018 using the MP-2017 projection scales, and then projected prospectively using the ultimate rates of the scale for all years.

*Plans that are heavily weighted with retiree liabilities use an amortization period based on the expected remaining lifetime of the participants.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in the Fund's target asset allocation as of December 31, 2021 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Nominal Rate of Return
Cash	2.00%	2.32%
Fixed Income - Rates	10.00%	4.00%
Fixed Income - Credit	5.00%	5.25%
Absolute Return	10.00%	5.60%
Long Short	8.00%	6.87%
Global Equity	39.00%	8.23%
Private Markets	26.00%	10.63%
Total	100.00%	

The discount rate used to measure the total pension liability was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the Board's funding policy, which establishes the contractually required rates under Colorado statutes. Based on those assumptions, the Volunteer Plan fiduciary net position was projected to be available to make all the projected future benefit payments of current plan members.

CITY OF FEDERAL HEIGHTS, COLORADO

NOTE 7: DEFINED BENEFIT PENSION PLANS (Continued)

Volunteer Firefighters' Pension Plan (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

The pension plans have elected to affiliate with FPPA for plan administration and investment only.

FPPA issues a publicly available comprehensive annual financial report that can be obtained at <http://www.fppaco.org>

Statewide Defined Benefit Pension Plan

Summary of Significant Accounting Policies

Pensions. The City contributes to the Statewide Defined Benefit Pension Plan ("SWDB Plan"), a cost-sharing multiple-employer defined benefit pension plan, which is administered by the FPPA. The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position of the SWDB Plan have been determined using the economic resources measurement focus and the accrual basis of accounting.

The Plan assets are included in the Fire & Police Members' Benefit Investment Fund and the Fire & Police Members' Self-Directed Investment Fund (for Deferred Retirement Option Plan (DROP) assets and Separate Retirement Account assets from eligible retired members).

Plan description. The SWDB Plan provides retirement benefits for members and beneficiaries according to plan provisions as enacted and governed by FPPA's Pension Fund Board of Trustees. Colorado Revised Statutes ("CRS"), as amended, establishes basic benefit provisions under the SWDB Plan. FPPA issues an annual, publicly-available financial report that includes the assets of the SWDB Plan. That report may be obtained on FPPA's website at <http://www.fppaco.org>.

Benefits provided. A member is eligible for a normal retirement pension once the member has completed twenty-five years of credited service and has attained the age of 55. Effective January 1, 2022, a member may also qualify for a normal retirement pension if the member's combined years of service and age equals at least 80, with a minimum age of 50 (Rule of 80).

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 7: DEFINED BENEFIT PENSION PLANS (Continued)

Statewide Defined Benefit Pension Plan (Continued)

Summary of Significant Accounting Policies (Continued)

The annual normal retirement benefit is 2 percent of the average of the member's highest three years' pensionable earnings for each year of credited service up to ten years, plus 2.5 percent for each year of service thereafter. The benefit earned prior to January 1, 2007 for members of affiliated Social Security employers will be reduced by the amount of Social Security income payable to the member annually.

Effective January 1, 2007, members covered under Statewide Defined Benefit Social Security Component will receive half the benefit when compared to the Statewide Defined Benefit Plan. Benefit adjustments paid to retired members are evaluated annually and may be re-determined every October 1. The amount of any increase is based on the Board's discretion and can range from 0 to the higher of 3 percent or the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W).

A member is eligible for an early retirement after completion of 30 years of service or attainment of age 50 with at least five years of credited service. The early retirement benefit equals the normal retirement benefit reduced on an actuarially equivalent basis. Upon termination, an employee may elect to have member contributions, along with 5 percent as interest, returned as a lump sum distribution. Alternatively, a member with at least five years of accredited service may leave contributions with the Plan and remain eligible for a retirement pension at age 55 equal to 2 percent of the member's average highest three years' pensionable earnings for each year of credited service up to ten years, plus 2.5 percent for each year of service thereafter.

Contributions. The SWDB Plan sets contribution rates at a level that enables all benefits to be fully funded at the retirement date of all members. Contribution rates for the SWDB Plan are set by state statute. Employer contribution rates can only be amended by state statute. Member contribution rates can be amended by state statute or election of the membership. Effective January 1, 2022, contribution rates for employers and members may be increased equally by the FPPA Board of Directors upon approval through an election by both the employers and members.

In 2014, the members elected to increase the member contribution rate to the SWDB plan beginning in 2015. Member contribution rates will increase 0.5 percent annually through 2022 to a total of 12 percent of pensionable earnings. Employer contributions will increase 0.5 percent annually beginning in 2021 through 2030 to a total of 13 percent of pensionable earnings. In 2021, members of the SWDB plan and their employers are contributing at the rate of 11.5 percent and 8.5 percent, respectively, of pensionable earnings for a total contribution rate of 20 percent.

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 7: DEFINED BENEFIT PENSION PLANS (Continued)

Statewide Defined Benefit Pension Plan (Continued)

Summary of Significant Accounting Policies (Continued)

Contributions from members and employers of departments reentering the system are established by resolution and approved by the FPPA Board of Directors. The member and employer contribution rates will increase through 2030 as described above for the non-reentering departments. Effective January 1, 2021, reentry departments may submit a resolution to the FPPA Board of Directors to reflect the actual cost of reentry by department. Each reentry department is responsible to remit contributions to the plan in accordance with their most recent FPPA Board of Directors approved resolution.

The contribution rate for members and employers of affiliated social security employers is 5.75 percent and 4.25 percent, respectively, of pensionable earnings for a total contribution rate of 10 percent in 2021. Per the 2014 member election, members of the affiliate social security group had their required contribution rate increase 0.25 percent annually beginning in 2015 through 2022 to a total of 6 percent of pensionable earnings. Employer contributions are 4 percent and 4.25 percent in 2021 and 2022, respectively. Employer contributions will increase 0.25 percent annually beginning in 2021 through 2030 to a total of 6.5 percent of pensionable earnings.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2022, the City reported an asset in the amount of \$1,826,581 for its proportionate share of the net pension asset. The net pension asset was measured as of December 31, 2021, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of January 1, 2022. Standard update procedures were used to roll forward the total pension liability to December 31, 2022. The City's proportion of the net pension asset was based on the City's contributions to the SWDB Plan for the calendar year 2021 relative to the total contributions of participating employers to the SWDB Plan.

At December 31, 2021 the City's proportion was 0.3370%, which was an increase of 0.0162% from its proportion measured as of December 31, 2020.

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 7: DEFINED BENEFIT PENSION PLANS (Continued)**Statewide Defined Benefit Pension Plan** (Continued)**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions** (Continued)

For the year ended December 31, 2022 the City recognized a pension revenue of \$241,875. At December 31, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$523,047	\$42,601
Net difference between projected and actual earnings on pension plan investments	N/A	\$1,222,451
Changes in proportion and differences between contributions recognized and proportionate share of contributions	\$10,638	\$23,099
Change in assumptions and other inputs	\$260,484	N/A
Contributions subsequent to the measurement date	\$190,675	N/A
Total	\$984,844	\$1,288,151

\$190,675 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year December 31, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended December 31	
2023	(\$166,792)
2024	(\$293,240)
2025	(\$167,659)
2026	(\$48,823)
2027	\$109,595
Thereafter	\$72,937

Actuarial assumptions. The actuarial valuations for the SWBP were used to determine the total pension liability and actuarially determined contributions for the fiscal year ending December 31, 2021. The valuations used the following actuarial assumptions and other inputs:

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 7: DEFINED BENEFIT PENSION PLANS (Continued)

Statewide Defined Benefit Pension Plan (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Total Pension Liability:

Actuarial Valuation Date	January 1, 2022
Actuarial Method	Entry Age Normal
Amortization Method	N/A
Amortization Period	N/A
Long-term investment Rate of Return*	7.00 percent
Projected salary increases*	4.25 – 11.25 percent
Cost of Living Adjustments (COLA)	0.00 percent
*Includes Inflation at 2.5%	

Actuarially Determined Contributions:

Actuarial Valuation Date	January 1, 2021
Actuarial Method	Entry Age Normal
Amortization Method	Level % of Payroll, Open
Amortization Period	30 Years
Long-term investment Rate of Return*	7.0 percent
Projected salary increases*	4.25-11.25 percent
Cost of Living Adjustments (COLA)	0.00 percent
*Includes Inflation at 2.5%	

For determining the total pension liability and actuarially determined contributions, the post-retirement mortality tables for non-disabled retirees uses the 2006 central rates from the RP-2014 Annuitant Mortality Tables projected to 2018 using the MP-2017 projection scales, and the projected prospectively using the ultimate rates of the scale for all years. The preretirement off-duty mortality tables are adjusted to 50% of the RP-2014 mortality tables for active employees. The on-duty mortality rate is 0.00015.

At least every five years the Fire & Police Pension Association's Board of Directors, in accordance with best practices, reviews its economic and demographic actuarial assumptions. At its July 2018 meeting, the Board of Directors reviewed and approved recommended changes to the actuarial assumptions. The recommendations were made by the FPPA's actuaries, Gabriel, Roeder, Smith & Co., based upon their analysis of past experience and expectations of the future. The assumption changes were effective for actuarial valuations beginning January 1, 2019. The actuarial assumptions impact actuarial factors for benefit purposes such as purchases of service credit and other benefits where actuarial factors are used.

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 7: DEFINED BENEFIT PENSION PLANS (Continued)

Statewide Defined Benefit Pension Plan (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation (assumed at 2.5 percent). Best estimates of arithmetic real rates of return for each major asset class included in the Fund's target asset allocation as of December 31, 2021 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	39.00%	8.23%
Equity Long/Short	8.00%	6.87%
Private Markets	26.00%	10.63%
Fixed Income - Rates	10.00%	4.01%
Fixed Income - Credit	5.00%	5.25%
Absolute Return	10.00%	5.60%
Cash	2.00%	2.32%
Total	100.00%	

The discount rate used to measure the total pension liability was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the Board's funding policy, which establishes the contractually required rates under Colorado statutes. Based on those assumptions, the SWDB plan fiduciary net position was projected to be available to make all the projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Discount rate. Projected benefit payments are required to be discounted to their actuarial present values using a Single Discount Rate that reflects (1) a long-term expected rate of return on pension plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the plan's projected fiduciary net position is not sufficient to pay benefits).

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 7: DEFINED BENEFIT PENSION PLANS (Continued)**Statewide Defined Benefit Pension Plan** (Continued)**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions** (Continued)

For the purpose of this valuation, the expected rate of return on pension plan investments is 7.00 percent; the municipal bond rate is 2.00 percent (based on the weekly rate closest to but not later than the measurement date of the “state & local bonds” rate from Federal Reserve statistical release (H.15)); and the resulting Single Discount Rate is 7.00 percent.

Sensitivity of the District’s proportionate share of the net pension liability to changes in the discount rate. Regarding the sensitivity of the net pension liability/(asset) to changes in the Single Discount Rate, the following presents the plan’s net pension liability/(asset), calculated using a Single Discount Rate of 7.00 percent, as well as what the plan’s net pension liability/(asset) would be if it were calculated using a Single Discount Rate that is one percent lower or one percent higher:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
Proportionate share of the net pension liability (asset)	(\$251,897)	(\$1,826,581)	(\$3,131,119)

Pension plan fiduciary net position. Detailed information about the SWDB Plan’s fiduciary net position is available in FPPA’s comprehensive annual financial report which can be obtained at <http://www.fppaco.org>.

The following table summarized each of the City’s FPPA plans and the respective pension activity recorded in the financials.

	Net Pension Asset (Liability)	Deferred Outflows of Resources	Deferred Inflows of Resources	Pension Expense (Income)
Volunteer Firefighter FPPA - SWDB	\$ 4,338,497 <u>1,826,581</u>	\$ 57,645 <u>984,844</u>	\$ 527,864 <u>1,288,151</u>	\$ 414,852 <u>241,875</u>
Total	<u>\$ 6,165,078</u>	<u>\$ 1,042,489</u>	<u>\$ 1,816,015</u>	<u>\$ 656,727</u>

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 8: DEFINED CONTRIBUTION PENSION PLANS

General Employees Money Purchase Pension Plan

The City contributes to a single employer defined contribution money purchase pension plan on behalf of all full-time employees not covered by the Fire and Police Money Purchase Pension Plan. The General Employees Money Purchase Pension Plan was established and is managed by the City under the authority granted by CRS 24-54-108.

For 2022, both the City and the employee contribute 4.0% of the employee's base salary as established by City Council. The City will also match up to the 2% of additional employee contributions up to a maximum contribution of 6.0% per employee. The employees are also eligible to make additional contributions to the extent allowed by the Internal Revenue Service.

The five-year vesting schedule is as follows: 0% before one-year full-time service; 20% at 1 year; 40% at 2 years; 60% at 3 years; 80% at 4 years; and 100% at 5 years. During the years ended December 31, 2022, 2021, and 2019, the City made contributions of \$177,692, \$162,889, and \$133,874, and the employees made contributions of \$169,749, \$151,745, and \$125,627 to the Plan, respectively. The Plan investments are managed by Mission Square.

City Manager Money Purchase Pension Plan

The City contributes to a single employer defined contribution money purchase pension plan on behalf of the City Manager. For 2022, both the City and the employee contribute 8.0% of the employee's base salary as established by City Council. The employee is fully vested in all contributions immediately. During the years ended December 31, 2022, 2021, and 2019, the City and employee each made contributions of \$13,444, \$12,029, and \$11,621 to the Plan, respectively. The Plan investments are managed by Mission Square.

City Council Money Purchase Plan

The City contributes to a single employer defined contribution money purchase pension plan on behalf of the mayor and members of City Council. For 2022, the members are required to contribute 11.0% of their base salary. The City matches this contribution at a maximum of 11.0%. The employee is fully vested in all contributions immediately. During the years ended December 31, 2022, 2021, and 2019, the City and plan members each made contributions of \$9,131, \$8,708, and \$7,994 to the Plan, respectively. The Plan investments are managed by Mission Square.

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE 9: POST-EMPLOYMENT BENEFITS

General Information about the OPEB Plan

Plan Description

The City of Federal Heights Retiree Health Care Plan (the “Retiree Health Care Plan”) is a single employer defined benefit plan. The Retiree Health Care Plan provides a retiree health care benefit by policy to retired employees. The City provides a benefit to regular employees that have 10 years of continuous service and have reached age 60 and who retire absent termination. During the year ended December 31, 2011, the City made modifications to the plan to only allow coverage until a retiree is Medicare eligible. During the year ended December 31, 2022, the City increased the maximum benefit to \$400 per month. This plan is a substantive plan as it is not formalized into a formal plan document. No assets are accumulated in a trust that meets all of the criteria in GASB Statement No. 75, paragraph 4.

Benefits Provided

The City provides a subsidy to offset the retiree contributions. The City provides a subsidy of 50% of the monthly contribution for the retiree only tier, 40% for the retiree and spouse tier, and 33% for the retiree and family tier. In all instances, the City does not pay more than \$400 per month for both medical and dental benefits.

Funding Policy

The plan is funded on a pay-as-you-go basis with payments made by the City’s General Fund.

Employees Covered by Benefit Terms

A summary of the current eligible active employees and retirees currently receiving benefit payments is outlined below:

Inactive Employees Currently Receiving Benefit Payments	1
Eligible Active Employees	<u>85</u>
Total	<u><u>86</u></u>

Total OPEB Liability

The Net OPEB liability measured by an actuarial valuation dated December 31, 2022.

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 9: POST-EMPLOYMENT BENEFITS (Continued)

Actuarial Methods and Assumptions

Actuarial assumptions and other inputs. The total OPEB liability in the December 31, 2022 rollforward actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Valuation Date	December 31, 2022
Discount Rate	3.72% per annum
Salary Increase Rate	3.50% per annum
Census Data	The census was provided by the City as of December 15, 2022.
Marriage Rate	The assumed number of eligible dependents is based on the current proportions of single and family contracts in the census provided.
Spouse Age	Spouse dates of birth were not provided by the City. Male spouses are assumed to be three years older than female spouses.
Medicare Eligibility	All current and future retirees are assumed to be eligible for Medicare at age 65.
Actuarial Cost Method	Entry Age Normal based on level percentage of projected salary
Amortization Method	<i>Experience/ Assumptions:</i> gains and losses are amortized over a closed period of 22.7 years starting the current fiscal year, equal to the average remaining service of active and inactive plan members (who have no future service).
Plan Participation Percentage	The participation percentage is the assumed rate of future eligible retirees who elect to continue health coverage at retirement. It is assumed that 70% of all employees and their dependents who are eligible for early retiree benefits will participate in the retiree medical plan. This assumes that a one-time irrevocable election to participate is made at retirement.
Mortality Rates	Pub-2010 generational table for general employees scaled using MP-18 and applied on a gender-specific basis.

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 9: POST-EMPLOYMENT BENEFITS (Continued)**Changes in the Total OPEB Liability**

Changes in the total OPEB liability were as follows:

Balance at January 1, 2022	\$ 473,180
Service Cost	39,506
Interest Cost	10,513
Changes in Assumptions or Other Inputs	(62,625)
Difference Between Expected and Actual Experience	-
Change in Benefit Terms	-
Employer Contributions	-
Benefit Payments	<u>(4,724)</u>
Balance at December 31, 2022	<u>\$ 455,850</u>

Assumption Changes: Changes of assumptions and other inputs, which will be observed in the January 1, 2021 actuarial valuations, are as follows:

Discount Rate	Updated from 2.06% to 3.72%
Mortality	PUB-2010 headcount weighted base mortality table, projected generationally using Scale MP-2021, applied on a gender-specific and job class basis (teacher, safety, or general, as applicable). Medical Trend Updated from an initial rate of 6.0% grading down to 4.5% to an initial rate of 6.5% grading down to 4.5%.
Excise Tax Liability	Excluded

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.06%) or 1-percentage-point higher (3.06%) than the current discount rate:

	1% Decrease (4.72%)	Current Discount Rate (3.72%)	1% Increase (2.72%)
Proportionate share of the net pension liability (asset)	\$397,000	\$455,850	\$515,000

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 9: POST-EMPLOYMENT BENEFITS (Continued)**Changes in the Total OPEB Liability** (Continued)

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (6.00% decreasing to 3.00%) or 1-percentage-point higher (8.00% decreasing to 5.00%) than the current healthcare cost trend rates:

	1% Decrease (6.00% decreasing to 3.00%)	Current Health Care Cost Trend (7.00% decreasing to 4.00)	1% Increase (8.00% decreasing to 5.0%)
Proportionate share of the net pension liability (asset)	\$392,000	\$455,850	\$529,000

OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of resources Related to OPEB

For the year ended December 31, 2022, the City recognized OPEB expense of \$33,438, which includes the City's current year contribution expense of \$0.

At December 31, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	N/A	\$169,186
Change in assumptions and other inputs	\$52,278	\$63,593
Total	\$52,278	\$232,779

Amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense as follows:

Year ended December 31	
2022	(\$ 16,398)
2023	(\$ 12,671)
2024	(\$ 11,829)
2025	(\$ 4,615)
2026	(\$ 7,918)
Thereafter	(\$ 127,070)

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 10: RISK RELATED ACTIVITIES

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has purchased commercial insurance for workers' compensation claims. Settlements have not exceeded insurance coverage in the past three years.

For other risks of loss, the City is involved with the Colorado Intergovernmental Risk Sharing Agency (CIRSA), a separate and independent governmental and legal entity formed by intergovernmental agreement by member municipalities pursuant to the provision of 24-10-115.5, Colorado Revised Statutes (1982 Replacement Volume) and Colorado Constitution, Article XIV, Section 18(2).

The purposes of CIRSA are to provide members defined liability, property, and workers' compensation coverage and to assist members in preventing and reducing losses and injuries to municipal property and to persons or property which might result in claims being made against members of CIRSA, their employees, and officers.

It is the intent of the members of CIRSA to create an entity in perpetuity which will administer and use funds contributed by members to defend and indemnify, in accordance with the bylaws, any member of CIRSA against stated liability loss, to the limit of the financial resources of CIRSA. It is also the intent of the members to have CIRSA provide continuing stability and availability of needed coverage at reasonable costs. All income and assets of CIRSA shall be at all times dedicated to the exclusive benefit of its members.

CIRSA is a separate legal entity and the City does not approve budgets nor does it have the ability to significantly affect the operations of the unit.

The City self-insures for an employee short-term disability plan. Claims paid during the years ended December 31, 2022, 2021, and 2020 were \$3,642, \$3,642, and \$1,549, respectively. All transactions of the Plan are recorded in the General Fund.

NOTE 11: COMMITMENTS AND CONTINGENCIES

Litigation

The City is involved in various lawsuits. The outcome of this litigation cannot be determined at this time.

Grants

Grants from governmental entities are governed by various rules and regulations of the grantor agencies. Under the term of the grants, costs charged to the grant programs are subject to audit and adjustment by the grantor agency.

CITY OF FEDERAL HEIGHTS, COLORADO

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 11: COMMITMENTS AND CONTINGENCIES (Continued)

Grants (Continued)

Such audit could lead to reimbursement to the grantor agency. Management believes there are no significant contingent liabilities relating to compliance with the rules and regulations governing the grants the City has received. Therefore, no provision has been recorded in the accompanying financing statements for such contingencies.

Tabor Amendment

Colorado voters passed an amendment to the State Constitution, Article X, Section 20, which has several limitations, including revenue raising, spending abilities, and other specific requirements of state and local government. On November 5, 1996, voters within the City approved the collection, retention and expenditure of the full revenues generated by the City in 1996 and subsequent years for street improvement projects, capital projects, basic municipal services and/or lawful municipal purposes, notwithstanding the provisions of the Amendment.

The City has established an emergency reserve, representing 3% of qualifying expenditures, as required by the Amendment. At December 31, 2022, the emergency reserve of \$500,000 was recorded in the General Fund.

NOTE 12: CONSERVATION TRUST FUND

The City annually receives funds through the State of Colorado that are restricted for use pursuant to Colorado Revised Statutes Article 21 of Title 29. Funds are to be utilized primarily for parks and recreation purposes. The following is a summary of the City's Conversation Trust activity for the year ended December 31, 2022:

	<u>General Fund</u>	<u>Open Space</u>	<u>Total</u>
Balance 12/31/2021	\$ 8,704	\$ 608,472	\$ 617,176
Receipts	68,748	22,915	91,663
Interest Earned	-	7,579	7,579
Unrealized gain/(loss)	-	(12,260)	(12,260)
Expenditures	<u>(69,605)</u>	<u>-</u>	<u>(69,605)</u>
Balance 12/31/2022	<u>\$ 7,847</u>	<u>\$ 626,706</u>	<u>\$ 634,553</u>
Less: Unrealized gain/(loss)	<u>-</u>	<u>(12,260)</u>	<u>(12,260)</u>
Balance per CTF Report 12/31/2022	<u>\$ 7,847</u>	<u>\$ 638,966</u>	<u>\$ 646,813</u>

NOTE 13: SUBSEQUENT EVENTS

Potential subsequent events were considered through May 31, 2023. It was determined that no events were required to be disclosed through this date.

STATISTICAL SECTION

STATISTICAL SECTION

This part of the City of Federal Heights' comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents	Page
----------	------

Financial Trends	58
------------------	----

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

Revenue Capacity	62
------------------	----

These schedules contain information to help the reader assess the government's most significant local revenue sources – sales taxes and property taxes.

Debt Capacity	68
---------------	----

These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information	73
--------------------------------------	----

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

Operating Information	76
-----------------------	----

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

Source: City of Federal Heights Financial Statements.

(a) Debt service as a percentage of noncapital expenditures is calculated using interest expense divided by total expenditures adjusted for the amount of capitalized assets as shown on the *Reconciliation of the Statement of Revenues Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities*. Interest expense for 2013 - 2018 is interfund interest from the Redevelopment Fund to the Utility Fund and General Fund.

(b) In 2016 and 2018, the fair market value of land held for sale was adjusted and reduced by \$261,433 and \$756,800 respectively.

Source: Adams County Assessors Office.

(a) Property in Federal Heights is reassessed every two years by Adams County. For 2022, the county assessed property at approximately 6.95% of actual for residential properties, at 87.5% for oil and gas, and at 29% for all others. The city does not have oil and gas property. Estimated actual value is calculated by dividing assessed value by those percentages.

(b) For years ending 2021 and after, Oil and Gas Personal Property is reported in State Assessed to be consistent with Adams County Assessment Reporting. Prior year's Oil and Gas Personal Property was reported by Adams County in the category - Industrial Property.

(c) Tax rates are per \$1,000 of assessed value. Source documents from the Assessor's Office do not include assessed values for tax exempt properties.

(d) The Redevelopment Agency is a component unit within the City of Federal Heights Financial Statements. The property values are separately identified as a large source of property tax revenues. Revenues are determined by an incremental formula based on an amount of tax generated over a base rather than a direct tax rate. December 31, 2018 was the final year for the Redevelopment Agency. Taxes assessed for 2018 were paid in 2019.

Source: Adams County Assessors Office.

Overlapping Rates are those of local and county governments that apply to property owners within the City of Federal Heights. Not all overlapping rates apply to all Federal Heights property owners; for example although the county property tax rate applies to all city property owners, the Adams County School District 12 rate applies only to city property owners whose property is located within that district's geographic boundaries.

In 2016, Adams County School District 50 reorganized. Westminster Public Schools FKA #50 includes portions of Federal Heights.

The city's basic property tax rate may be increased only by a majority vote of the city's residents.

The city's basic property tax rate is assessed per \$1,000 of assessed valuation. As of 12/31/22 there are no direct debt service mills.

(a) Property tax collections are presented for the City of Federal Heights and the Federal Heights Redevelopment Agency. The Redevelopment Agency receives a percentage of the Adams County mill levy within which the properties are located. The Redevelopment Agency has no specific mill . Property tax levied for December 31, 2018 was the final year for the Redevelopment Agency.

(b) Property taxes are levied in year x1 and are paid the following year x2.

(c) Percentage of levy is based on current year collections received for prior year assessments. Receipts in any given year may include arrear assessments which may predate the immediately prior year. Percentage of levy calculation may exceed 100% in some years due to this variation in timing.

Overlapping debt is determined by multiplying the debt outstanding as provided by the local governments by the percentage applicable to the residents of Federal Heights. Overlapping debt percentage is calculated using the portion of Federal Heights assessed value applicable to the local government divided by the local government's assessed value as provided by Adams County.
