INDEPENDENT AUDITORS' REPORT

To the City Council
City of Las Animas, Colorado

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Las Animas, Colorado, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City of Las Animas, Colorado's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Las Animas, Colorado, as of December 31, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Las Animas, Colorado and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Las Animas, Colorado's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Las Animas, Colorado's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Las Animas, Colorado's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion, pension and other post-employment benefit schedules, and the budgetary comparison information on pages 3-8 and 53-60 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Las Animas, Colorado's basic financial statements. The accompanying combining and individual fund financial statements, budget schedules, local highway finance report and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements, budget schedules, local highway finance report and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 21, 2023, on our consideration of the City of Las Animas, Colorado's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Las Animas, Colorado's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Las Animas, Colorado's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the City of Las Animas's (the "City") Annual Financial Report provides readers with a narrative overview and analysis of the City's financial performance during the fiscal year that ended on December 31, 2022. We encourage readers to consider the information presented here in conjunction with the letter of transmittal at the front of this report, the City of Las Animas's basic financial statements and notes to the financial statements to enhance their understanding of the activities and financial health of the City of Las Animas.

FINANCIAL HIGHLIGHTS

The City's total net position increased from \$15,825,713 to \$17,431,224 over the course of the City's operations in 2022.

During the year, the City's governmental revenues generated in taxes and other revenues for governmental programs (after other financing sources) were \$619,118 more than the \$2,258,733 of expenditures and transfers out for general government and governmental services.

The City's business-type funds had an increase in total net position of \$986,393 over the year, up from \$12,683,651 in 2021 to \$13,670,044 in 2022.

Overview of the Financial Statements

The discussion and analysis is intended to serve as an introduction to the City's *Basic Financial Statements*. The Basic Financial Statements contain three components: (1), government-wide financial statements; (2), fund financial statements (including component unit statements, if applicable); and (3), notes to the financial statements. In addition, this report contains other *Required Supplementary Information*, and a *Supplementary Information* section that presents *combining and individual statements* for non-major governmental funds (along with actual and budget comparison schedules).

The basic financial statements include two kinds of statements that present different views of the City: *government-wide financial statements* and *fund financial statements*.

The first two statements are government-wide financial statements that provide both *long-term* and *short-term* information about the City's *overall* financial status.

The remaining statements are *fund financial statements* that focus on *individual parts* of the City government, reporting the City's operations in more detail than the government-wide statements.

Governmental Fund statements tell how *general government* services like public safety, highways and streets, welfare, cultural and recreation, and economic development were financed in the short-term as well as what remains for future spending.

Proprietary Fund statements offer *short-term* and *long-term* financial information about the activities the City government operates in, similar to a private business.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explain and support the information in the financial statements. In addition to these required components, a section is included with combining statements that provide further detail about the City's non-major governmental funds, each of which are added together and presented in single columns in each of the basic financial statements.

Government-wide Statements

The government-wide statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the City's net position and how they have changed. Net position, the difference between the City's assets and liabilities, is one way to measure the City's financial health or current position.

Over time, increases or decreases in the City's net position is an indicator of whether its financial health is improving or deteriorating, respectively.

To assess the overall health of the City, consideration should be given to additional non-financial factors such as changes in the City's property tax base and the condition of the City's streets, sewer mains, water treatment and distribution systems and electric distribution systems.

The government-wide financial statements of the City are divided into two categories.

1. *Governmental Activities.* Most of the City's basic services are included in governmental activities such as public safety, streets, recreation, and general administration. Property and sales taxes and state and federal grants finance most of these activities.
2. *Business-type Activities.* The City charges fees to customers to help cover the costs of certain services it provides. The City's water, sewer, sanitation, and electric enterprise funds are included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the City's most significant funds, the City as a whole. Funds are accounting devices that the City uses to keep track of specific sources of funding and spending for particular purposes.

The City Council establishes other funds to control and manage resources for particular purposes, that are legally restricted to that expenditure, or show that certain taxes and grants are used appropriately (i.e. Special Revenue Funds).

The City has two kinds of funds:

1. *Governmental Funds.* Most of the City's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. Because this information does not encompass the additional long-term focus of the government-wide funds statement that explains the relationship (or differences) between the two types of statements.
2. *Proprietary Funds.* Services for which the City charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long-term and short-term financial information.

The City's Enterprise Funds are classified as business-type activities on the government-wide statements, but more detailed information is provided in the Proprietary Fund Statements, such as its cash flows.

Financial Analysis of the City as a Whole

Net Position: As discussed earlier, net position may serve as a useful indicator of a government's financial position. As of December 31, 2022, total City's net position was \$17,431,224 governmental activity net position was \$3,761,180 and business-type activities net position was \$13,670,044. The table below provides a comparative summary of the City's Governmental and Business-type net position for 2022 and 2021:

The 2021 MD&A presentation includes comparative changes in net position for the past two years below:

Statement of Net Position						
	Governmental Activities		Business-Type Activities		Total	
	2022	2021	2022	2021	2022	2021
Assets						
Current and other	\$ 3,033,361	\$ 2,690,451	\$ 6,009,744	\$ 6,783,185	\$ 9,043,105	\$ 9,473,636
Capital Assets	\$ 1,581,141	\$ 1,457,911	\$ 12,359,381	\$ 11,179,298	\$ 13,940,522	\$ 12,637,209
Total Assets	\$ 4,614,502	\$ 4,148,362	\$ 18,369,125	\$ 17,962,483	\$ 22,983,627	\$ 22,110,845
Deferred Outflows of Resources	\$ 108,423	\$ 197,188	\$ 205,270	\$ 488,965	\$ 313,693	\$ 686,153

Liabilities						
Current Liab.	\$ 52,241	\$ 79,962	\$ 393,955	\$ 458,913	\$ 446,196	\$ 538,875
Long-term and other Liab.	\$ 253,500	\$ 526,290	\$ 3,251,206	\$ 4,265,975	\$ 3,504,706	\$ 4,792,265
Total Liabilities	\$ 305,741	\$ 606,252	\$ 3,645,161	\$ 4,724,888	\$ 3,950,902	\$ 5,331,140
Deferred Inflows of Resources	\$ 656,004	\$ 597,236	\$ 1,259,190	\$ 1,042,909	\$ 1,915,194	\$ 1,640,145
Net Position						
Net Investment in Capital Assets	\$ 1,581,141	\$ 1,457,911	\$ 10,090,498	\$ 9,677,691	\$ 11,671,639	\$ 11,135,602
Restricted	\$ 1,072,497	\$ 786,723	\$ 708,710	\$ 507,322	\$ 1,781,207	\$ 1,294,045
Unrestricted	\$ 1,107,542	\$ 897,428	\$ 2,870,836	\$ 2,498,638	\$ 3,978,378	\$ 3,396,066
Total Net Position	\$ 3,761,180	\$ 3,142,062	\$ 13,670,044	\$ 12,683,651	\$ 17,431,224	\$ 15,825,713
Total Liabilities, Deferred Inflows & Net Position	\$ 4,722,925	\$ 4,345,550	\$ 18,574,395	\$ 18,451,448	\$ 23,297,320	\$ 22,796,998

A significant portion (70%) of the net position represents the *net investment in capital asset*. This includes land, buildings, systems, machinery and equipment, and infrastructure assets, offset with associated long-term and short-term debt liabilities. Capital assets are restricted for the purpose of providing services to the citizens of Las Animas; consequently, they are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

Other *restricted net position* represents resources that are subject to external restrictions on how they may be used. Included in this category are unspent proceeds for customer deposits, operations and maintenance, asset retirements, capital improvements, parks and recreation, economic development, and TABOR emergency funds. This portion makes up 9% of the total.

The remaining 21% of net position represent the *unrestricted* portion available for the City's ongoing obligations to its citizens.

At the end of 2022, the City of Las Animas had positive balances in all three categories of net position.

Changes in Revenues and Expenditures

The table below presents the City's 2022 revenues and expenditures for Governmental and Business-type activities as they are reported in the Statement of Activities compared to 2021. The revenues and expenditures include the Governmental Funds (General Fund and Special Revenue Funds) and the Enterprise Funds (Light & Power Fund, Water Fund, Sewer Fund and Sanitation Fund).

The 2022 MD&A presentation includes changes in revenues and expenditures for the past two years below:

	Changes in Revenues and Expenditures

Governmental Activities: Governmental activities accounted for \$619,118 of revenues over expenses for 2022. Total revenues, including operating and capital grants from governmental activities including the general fund and other governmental funds amounted to \$3,031,490.

Total expenses for governmental activities in 2022 including transfers from the general fund and other governmental funds amounted to \$2,412,372.

Business-type Activities: The business activities had revenues in excess of expenditures before transfers totaling \$832,754 in 2022.

The Light and Power Fund had revenues in excess of expenses of \$16,470 due to an increase in operating revenues.

The Water Fund had expenses in excess of revenues of \$58,202. This was due to an increase in operating expenses compared to fiscal year 2021.

The Sewer Fund had revenues in excess of expenses of \$1,060,567. This was due to capital grant revenue received in fiscal year 2022.

The Sanitation Fund had expenses in excess of revenues of \$32,442 due to an increase in operating expenses compared to fiscal year 2021.

Financial Analysis of the City's Funds

Governmental Funds Overview: The City of Las Animas uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. As described earlier, the City's governmental funds provide information on short-term inflows and outflows, as well as what remains for future spending. Such information is useful in assessing the City's financial requirements. For example, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. The following information is supplemental to the information presented in the previous section.

At the end of 2022, the City of Las Animas reported a fund balance for total governmental funds of \$2,652,753 compared to \$2,275,580 in 2021. Of the total fund balance, unassigned fund balance was \$1,217,464, the portion of fund balance which serves as a measure of current available financial resources. The fund balance is further divided into restricted, committed and assigned. The committed portion reflects the City's reserves for employee health insurance. The assigned portion reflects the amount assigned for parks and recreation and revolving loan (sidewalk improvements). The unassigned portion is not set aside by management for any other purpose and is therefore an available financial resource, when available.

The restricted fund balance represents resources not available for spending or those on which legal restrictions have been placed. The City's restricted fund balance includes the following: restricted for emergencies- Tabor \$48,200; restricted for parks and recreation \$154,200; restricted for capital improvements \$706,014; and restricted for economic development \$164,083.

General Fund: The General Fund of the City accounts for all transactions not accounted for in other funds. As the City's major operating fund, the General Fund accounts for ordinary operating expenditures financed primarily by property and sales taxes and charges for services. The General Fund completed the year with a fund balance of \$1,628,456. This was an increase of \$109,410 from the previous year's fund balance of 1,519,046. The General Fund had total budgeted revenues of \$1,787,592 and actual revenues of \$1,650,844 and total budgeted expenditures of \$1,783,276 and actual expenditures of \$1,605,783.

Proprietary Funds Overview: The proprietary funds are used to account for activities similar to those found in the private sector where determination of net income is necessary or useful to sound financial administration. The City has one type of proprietary fund, consisting of Enterprise Funds. The City's proprietary fund statements provide the same type of information found in the government-wide statements, but in more detail.

Enterprise Funds: The Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises where the costs (expenses, including depreciation) of providing goods or services to the general public are being financed or recovered primarily through users' charges on a continuing basis. The City of Las Animas has four enterprise funds: the Light & Power Fund with unrestricted net position of \$2,589,182 in 2022 up from \$2,432,533 in 2021, the Water Fund with unrestricted net position of \$(83,189) in 2022 down from \$(12,185) in 2021, the Sewer Fund with unrestricted net position of \$442,649 in 2022 up from \$202,871 in 2021 and the Sanitation Fund with unrestricted net position of \$(77,806) in 2022 up from \$(124,581) in 2021.

Capital Asset and Debt Administration

Capital Assets: At the end of 2022, the City had acquired \$13,940,522 (net of accumulated depreciation) in a broad range of capital assets for its governmental and business-type activities, including land, buildings, park facilities, roads, bridges, heavy machinery, vehicle and equipment, and infrastructure.

1. All infrastructure assets acquired to date are included in capital assets in accordance with GASB 34 requirements.
2. The total increase in net capital assets for 2022 was \$1,303,313 or 10%.
3. Additional information on the City's net position can be found in Notes 1 and 4 of the Notes to Financial Statements.

At December 31, 2022, the City of Las Animas had the following outstanding long-term debt:

1. \$165,445 in compensated absences payable;
2. \$298,400 in estimated closure and post closure care costs for the landfill.
3. \$560,000 in water revenue bonds:
4. \$2,277,056 in loans payable to Colorado Water Resources and Power Development Authority with all but one note (0.50%) having a 0% interest rate for system upgrades in the Water and Sewer Funds.
5. \$187,805 in net pension liability for the PERA, OPEB, and Old Hire Police Pension Fund.

Economic Factors and Next Year's Budgets and Rates

The City's elected officials considered many factors when setting the fiscal year 2023 budget, tax rates, and fees that will be charged for business-type activities. Factors that have a potential to significantly impact the City's 2023 budget include the ongoing rising cost of health insurance, the fluctuation in fuel and energy costs, increase in Colorado's minimum wage and pay increases for employees.

Assessed valuation used for the 2023 budget preparation is \$6,620,880. The City's mill levy will remain at 39 mills for the 2023 budget.

Contacting the City's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the City's Budget Officer, Charmaine D. Tripp at 532 Carson Ave, Las Animas, Colorado 81054, or by calling (719) 456-0422.

NOTES TO FINANCIAL STATEMENTS

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Las Animas, Colorado (the "City") was incorporated under provisions of the State of Colorado, Council Bill No. 98. The City operates under a Council-Mayor form of government and provides the following services as authorized by its charter: public safety, highways and streets, sanitation, health and social services, culture-recreation, public improvements, planning and zoning and general administrative services.

Reporting Entity:

Governmental Accounting Standards Board (GASB) Statement No. 14 (as amended by Statement No. 34, No. 39, and No. 61), "*The Financial Reporting Entity*" (GASB No. 14) describes the financial reporting entity as it relates to governmental accounting. According to this Statement, the financial reporting entity consists of a) the primary government, b) organizations for which the primary government is financially accountable, and c) other organizations whose exclusion from the reporting entity's financial statements would cause these statements to be misleading or incomplete. Any organizations that can be described by these two items are included with the primary government in the financial statements as component units.

The City is not included in any other governmental "reporting entity", as required by accounting principles generally accepted in the United States of America; these basic financial statements present the City (the primary government) and its component units, if applicable. The City includes the component unit "Las Animas Municipal Light & Power Company" as part of its "reporting entity".

Related Organizations

The City's officials are responsible for appointing the members of the boards of other organizations, but the City's accountability for these organizations does not extend beyond making the appointments. The City Council and Mayor appoint board members of the Las Animas Urban Renewal Authority and the Las Animas Housing Authority. In 2022 the City did not appropriate operating grants to the Urban Renewal Authority or the Housing Authority.

Jointly Governed Organization

Arkansas River Power Authority ("ARPA") - ARPA was created by an intergovernmental agreement between the cities of La Junta, Lamar, Las Animas (Las Animas Municipal Light and Power Company), Trinidad, Springfield, and Holly to supply their wholesale electric power and energy requirements. Each of the participating municipalities has a residual interest in ARPA's assets upon dissolution that is proportional to total revenue received from each since ARPA was organized. The governing Board of ARPA consists of two members from each municipality. Because it is felt that the City cannot significantly influence the operations of ARPA it is considered a jointly governed organization and not part of the City's reporting entity.

Blended Component Unit

The Las Animas Municipal Light and Power Company (the "Light and Power Fund") is reported as an enterprise fund and is included as a blended component unit because the City has operational responsibility for it.

The Company was created as part of the Charter of the City of Las Animas, Colorado (the City) with a nonpolitical power board of five members who have complete charge and control of the Company and such other electric public utilities as may be acquired by the City. Four of the five members of the power board are elected members with the fifth member being the mayor of the City. The power board has the ability to fix the rates subject to approval by the City Council Resolution.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City and its component units, if applicable. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Separate financial statements are provided for governmental funds and proprietary funds. The major individual governmental fund (General Fund) and the individual enterprise funds (Water, Sewer, Sanitation, Light and Power Funds) are reported as separate columns in the fund financial statements.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property and specific ownership taxes, sales taxes, interest revenues, and charges for services are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Grants and entitlement awards are recorded as revenue when earned. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met. Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. All other revenue items are considered to be measurable and available only when cash is received.

The City reports the following major governmental fund:

General Fund – The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those which are required to be accounted for in another fund. Major revenue sources include sales taxes, property taxes, franchise and other taxes, charges for services, and intergovernmental revenue. Primary expenditures include general government, public safety (fire and police), public works, health and welfare, culture and recreation, and general expenditures.

The City reports the following major proprietary funds:

Water Fund - Accounts for the operations of the City's water utility. Activities of the fund include administration, operation and maintenance, treatment, and distribution of the water system, along with accumulation of resources for the payment of principal and interest on long-term debt. All costs are financed through charges to utility customers with rates reviewed regularly and adjusted if necessary.

Sewer Fund - Accounts for the operations of the City's sewer utility. Activities of the fund include administration, operation and maintenance, treatment, and collection of the waste water system, along with accumulation of resources for the payment of principal and interest on long-term debt. All costs are financed through charges to utility customers with rates reviewed regularly and adjusted if necessary.

Sanitation Fund - Accounts for the operations of the City's solid waste disposal utility. Activities of the fund include administration, operation and maintenance, and collection of trash related to the solid waste disposal system. All costs are financed through charges to utility customers with rates reviewed regularly and adjusted if necessary.

Light and Power Fund – Accounts for the activities of the City's electric generation and distribution system. Activities of the fund include administration, operation and maintenance, and distribution of the electric utility system. All costs are financed through charges to utility customers with rates reviewed regularly and adjusted if necessary.

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Additionally, the government reports the following fund types:

Special Revenue Funds - Accounts for the proceeds of specific revenue sources (other than special assessment, expendable trusts, or major capital projects) that are legally restricted to expenditures for specified purposes.

Capital Projects Funds – Accounts for the specific revenues received that are legally restricted for expenditures related to capital projects.

The proprietary funds account for transactions that are financed and operated in a manner similar to a private business enterprise where the intent of the governing body is that the costs and expenses of providing goods or services to the general public on a continuing basis, be financed or recovered primarily through charges. The proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the funds principal ongoing operations. The principal operating revenues of the funds are charges to customers for sales and service. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

STEWARDSHIP

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

Prior to October 15, the City Finance Officer submits to the City Council a proposed operating budget for the fiscal year commencing the following January 1. The operating budget includes proposed expenditures and the means of financing them.

Public hearings are conducted to obtain taxpayer comments. Prior to December 15, the budget is legally enacted through passage of an ordinance.

Revisions that alter total expenditures of any kind generally must be approved by City Council. Budget amounts in the accompanying financial statements include revisions to the original approval. Appropriations lapse at year end and any open purchase item must be reappropriated in the following year.

All budget amounts presented in the accompanying supplemental information reflect the final budgets.

Expenditures may not legally exceed appropriations at the fund level. For the year ended December 31, 2022, expenditures exceeded appropriations in the Light and Power Fund and Sanitation Fund.

ENCUMBRANCES

Outstanding encumbrances represent a commitment for the estimated amount of expenditures, which could ultimately result from the fulfillment of uncompleted purchase orders and contracts. Encumbrances lapse at the end of each fiscal year (December 31). Lapsed encumbrances are then reviewed by department heads to determine those which will remain canceled and those, which will be reinstated and paid from appropriations for the following year. Encumbrances are, therefore, not considered expenditures until an actual liability is incurred.

CASH AND CASH EQUIVALENTS

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and highly liquid investments held in banks. For purposes of the statement of cash flows, the City considers all highly liquid investments (including restricted assets) with a maturity of six months or less when purchased to be cash equivalents.

ACCOUNTS RECEIVABLE

The City grants credit terms in the normal course of business to its utility customers. Concentrations of credit risk with respect to accounts receivables which are uncollectible is limited due to customer deposits and account monitoring procedures which are utilized to minimize risk of loss. The City recognized amounts due from utility customers as of year-end but not billed due to cycle billings. Recognition is based upon a direct ratio of days in the current period to the total days in each individual billing cycle.

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

INVENTORIES

The inventories of the General Fund are accounted for as expenditures at the time they are purchased. Consumable supplies on hand are not recognized. The inventories of the Proprietary Funds are valued at cost using the first-in, first-out method.

WATER INVENTORY

The water inventory is carried at the lower of cost or market, with cost determined using the expenses involved in acquiring water held in storage.

CAPITAL ASSETS

Capital assets which include property, plant, equipment, and current infrastructure (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements.

Infrastructure assets have been capitalized on a prospective basis, from 2004. The City defines capital assets as assets with an initial life in excess of two years and an individual cost of \$5,000 or more. Such assets are recorded as historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value on the date of donation.

Expenditures for maintenance and repairs are charged to expenses as incurred; expenditures for renewals and betterments are generally capitalized. Gains or losses due to disposal are charged or credited to income.

Depreciation is determined using the straight-line method based on the estimated useful lives of the assets as follows:

Buildings & Improvements	7 - 30	Years
Streets and Improvements	4 - 15	Years
Vehicles	7	Years
Equipment	7 - 20	Years

DEFERRED OUTFLOWS / INFLOWS OF RESOURCES

In addition to assets, the statement of financial position will sometimes report a separate section for *deferred outflows of resources*. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has one item that qualifies for reporting in this category which is for pension related amounts.

Pension and OPEB Related - Amounts reported as deferred outflows of resources include the following:

	<u>Pension-PERA</u>	<u>OPEB</u>	<u>Old Hire Police</u>
Difference Between Expected and Actual Experience	\$ 7,354	\$ 179	\$ -
Changes of Assumptions or Other Inputs	51,006	2,433	-
Net Difference Between Projected and Actual Investment			
Earnings on Pension Plan Investments	17,975	8,165	11,698
Contributions Made Subsequent to the Measurement Date	<u>172,316</u>	<u>13,364</u>	<u>29,203</u>
Total Pension Related Deferred Outflows	<u>\$ 248,651</u>	<u>\$ 24,141</u>	<u>\$ 40,901</u>

More information on pension related items is included in Note 6 and on OPEB related items in Note 8.

In addition to liabilities, the statement of financial position will sometimes report a separate section for *deferred inflows of resources*. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has two types of items that qualify for reporting in this category.

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)
DEFERRED OUTFLOWS / INFLOWS OF RESOURCES (Continued)

Property Taxes - The item, property taxes levied for subsequent years, arises only under a modified accrual basis of accounting. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Property tax revenue is considered a deferred inflow of resources in the year the taxes are levied and measurable, and are recognized as an inflow of resources in the period they are collected.

Pension and OPEB Related - Amounts reported as deferred inflows of resources include the following:

	<u>Pension-PERA</u>	<u>OPEB</u>	<u>Old Hire Police</u>
Difference Between Expected and Actual Experience	\$ 2,513	\$ 28,124	\$ -
Changes of Assumptions or Other Inputs	103,923	6,373	-
Net Difference Between Projected and Actual Investment			
Earnings on Pension Plan Investments	1,412,451	95,090	8,520
Contributions Made Subsequent to the Measurement Date	<u>-</u>	<u>-</u>	<u>-</u>
Total Pension Related Deferred Inflows	<u>\$ 1,518,887</u>	<u>\$ 129,587</u>	<u>\$ 8,520</u>

More information on pension related items is included in Note 6 and on OPEB related items in Note 8.

NET POSITION / FUND BALANCE

In the government-wide and proprietary financial statements, net position is classified in the following categories:

Net investment in capital assets – This amount consists of capital assets, net of accumulated depreciation, reduced by outstanding debt, if applicable, attributed to the acquisition, construction, or improvement of those assets.

Restricted net position – This amount is restricted by external creditors, grantors, contributors, laws, or regulations of other governments.

Unrestricted net position – This amount is all net position that do not meet the definition of “net investment in capital assets” or “restricted net position”

GASB Statement No. 54 “Fund Balance Reporting and Governmental Fund Type Definitions” provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government’s fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which the resources can be used:

Nonspendable fund balance – amounts that are not in spendable form (such as inventory) or required to be maintained intact;

Restricted fund balance – amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;

Committed fund balance – amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint;

Assigned fund balance – amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;

Unassigned fund balance – amounts that are available for any purpose; positive amounts are reported only in the general fund.

The Council establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. This is typically done through adoption and amendment of the budget. Assigned fund balance is established through the adoption or amendment of the budget as intended for specific purposes.

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

NET POSITION / FUND BALANCE

When both restricted and unrestricted resources are available in governmental funds, the City applies expenditures against restricted fund balance first, followed by committed fund balance, assigned fund balance and unassigned fund balance.

COMPENSATED ABSENCES

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vacation and sick pay are accrued when incurred in the government-wide and proprietary fund financial statements. A liability is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements, and will be liquidated with resources of the general fund.

LONG-TERM OBLIGATIONS

In the government-wide financial statements, and proprietary fund types in the fund type financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

Bond premiums and discounts, as well as issuance costs, except any portion related to prepaid insurance costs, are recognized as an expense in the period incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts as well as bond issuance costs during the current period. The face amount of debt is reported as other financing sources while discounts on issuances are reported as other financing uses. Issuance costs are recorded as debt service expenditures.

Net pension liability associated with the Old Hire Police Pension Fund administered by FPPA, represent the City's total pension liabilities less the fiduciary net position. Amounts have been determined using the economic resources measurement focus and the accrual basis of accounting.

PENSION PLANS

The employees of the City are covered by a variety of pension plans. Police personnel who were hired prior to April 1978, and elected to do so, are covered by a defined benefit plan (Old Hire Police Fund). All other employees are covered by defined benefit plans (Local Government Division Trust Fund and Health Care Trust Fund).

More information on pension plans is included in Notes 6, 7 and 8.

INTERFUND TRANSACTIONS

Interfund transactions are accounted for as revenues, expenditures, or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as a reduction of expenditures/expenses in the fund that is reimbursed. All other interfund transactions are reported as transfers.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

ACCOUNTING PRINCIPLES

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -2 DEPOSITS

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City does not have a deposit policy for custodial credit risk. As of December 31, 2022, the carrying value of cash deposits was \$6,943,842 and the bank balances were \$7,382,803 of which \$500,000 was covered by federal deposit insurance and the remaining balance was exposed to custodial credit risk. Deposits exposed to credit risk are collateralized with securities held by the pledging financial institution through PDPA.

The Colorado Public Deposit Protection Act, (PDPA) requires that all units of local government deposit cash in eligible public depositories, state regulators determine eligibility. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by PDPA. PDPA allows the institution to create a single pool for all public funds. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the uninsured deposits.

NOTE -3 CAPITAL ASSETS

A summary of the various fund types' property and equipment follows:

GOVERNMENTAL ACTIVITIES:

NOTE -4 PROPERTY TAXES AND DEFERRED REVENUES

Property taxes are levied on November 15 and attached as a lien on property the following January 1. They are payable in full by April 30 or in two equal installments due February 28 and June 15. The County bills and collects property taxes for all taxing districts in the County. The City's share of property tax receipts collected by the County are remitted to the City in the subsequent month. Property taxes are reported as a receivable and a deferred revenue when levied and as a revenue when due for collection in the following year.

All outstanding notes from direct borrowings contain an event of default that changes the timing of repayment of outstanding amounts to become immediately due if the City is unable to make payment. The City's outstanding notes from direct borrowings, as applicable, contains a subjective acceleration clause that allows the lender to accelerate payment of the entire principal amount to become immediately due if the lender determines that a material adverse change occurs.

REVENUE BONDS - WATER

Water Revenue Bonds, dated October 10, 1996, mature serially on June 1 and December 1, 1998, through December 1, 2036 and bear interest at 4.50%. The loan is collateralized by a first lien (but not necessarily an exclusive lien) on the Water Fund revenues. Bond was paid in full in 2022.

REVENUE BONDS - WATER

Water Revenue Bonds dated December 17, 1996, mature serially on June 1 and December 1, 1998, through December 1, 2026, and bear interest at 4.50%. The loan is collateralized by a first lien (but not necessarily an exclusive lien) on the Water Fund revenues. Bond was paid in full in 2022.

REFUNDING BONDS - WATER

Water Refunding Bonds dated April 29, 2022, principal paid annually and matures serially on December 1, 2022, through December 1, 2027 and bears an interest rate at 2.25% paid semi-annually. The loan is collateralized by a first lien (but not necessarily an exclusive lien) on the Water Fund revenues. Following is a bond schedule:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 45,000	\$ 5,288	\$ 50,288
2024	45,000	4,275	49,275
2025	45,000	3,262	48,262
2026	50,000	2,250	52,250
2027	<u>50,000</u>	<u>1,125</u>	<u>51,125</u>
Total	<u>\$ 235,000</u>	<u>\$ 16,200</u>	<u>\$ 251,200</u>

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -5 CHANGES IN LONG-TERM OBLIGATIONS (Continued)

COMPLIANCE WITH LOAN AGREEMENTS

Colorado Water Resources Power Development Authority Water require that the City maintain an operations and maintenance reserve in an amount equal to three months of operation and maintenance expenses, excluding depreciation, of the system as set forth in the annual budget for the current fiscal year and a rate covenant which shall have operating revenues to pay the system operation and maintenance expenses and 110% of its debt requirements. The following is an analysis of these requirements.

	<u>Water Fund</u>	<u>Sewer Fund</u>
Operation and Maintenance Reserve	\$ 424,000	\$ 187,000
Rate Covenant - amount in excess (deficit) requirement	\$ (45,190)	\$ 242,107

As of December 31, 2022, the City was not in compliance with the rate covenant in the Water Fund.

CASH WITH TRUSTEE

As of December 31, 2022, the City had cash held with trustees of \$568,173 in the Sewer Fund for the use according to debt agreements entered into by the City. The trust cash balance is recorded in the balance due to the Colorado Water Resources and Power Development Authority (note payable); therefore, the net position is not restricted for the balance.

LAND RECLAMATION COSTS

The State of Colorado required the reclamation of a parcel of land used to provide sand for city purposes. The Estimated costs for this reclamation is \$16,000

ESTIMATED CLOSURE AND POSTCLOSURE CARE COSTS

State and Federal laws and regulations require the City to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date the landfill stops accepting waste, the City reports a portion of these closure and postclosure costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$298,400 reported in the Long-Term Debt as landfill closure and postclosure care liability at December 31, 2022, represents the cumulative expense incurred to date based on the use of the existing facility and the requirements to close and monitor as the facility currently exists. This amount is based upon what it would cost to perform all postclosure care in 2022. Actual cost may be higher due to inflation, changes in technology or changes in regulations. Current consumption rates indicate that the new landfill will last 39 years.

The City will recognize the remaining estimated cost of closure and postclosure care of \$251,800 as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and postclosure care in 2022. The City expects to close the landfill in the year 2053. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The City is required by state and federal laws and regulations to provide assurance that it can meet the cost of closure and postclosure care. The City has provided assurance by meeting the test requirements of the Colorado Department of Public Health and Environment. The City expects that future inflation costs may need to be covered by charges to future landfill users or other future revenues.

	<u>LABC #1</u>	<u>LABC #2</u>	<u>CELL #2</u>
Percent of capacity	100%	100%	40%
Estimated closure date	Closed	Closed	2053

The estimated closure and post closure costs had a minimal change from 2021 to 2022; therefore, no amount was reported as a special item on the statement of activities and statement of revenues, expenses, and changes in net position in the Sanitation Fund.

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -6 DEFINED BENEFIT PENSION PLANS

The following plans cover members of the Fire and Police Department and City employees. The plans are:

- Old Hire Police Pension Fund (Note -6)
- Local Government Division Trust Fund (PERA) (Note -6)
- Health Care Trust Fund (PERA) (Note -8)

OLD HIRE POLICE PENSION FUND

Summary of Significant Accounting Policies

Pensions – The City of Las Animas participates in the Old Hire Police Pension Fund, an agent multiple-employer defined benefit pension fund administered by the Colorado Fire and Police Pension Association (“FPPA”).

The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position of the Old Hire Police Pension Fund has been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms.

Investments - Investments are reported at fair value.

Plan Information

Plan Description - The City, on behalf of certain full-time paid Police Officers, contributes to the Old Hire Police Pension Fund which is affiliated with the Colorado Fire and Police Pension Association (FPPA). FPPA administers the agent multiple-employer Public Employee Retirement System (“PERS”). The PERS represents the assets of numerous separate plans that have been pooled for investment purposes. The pension plans have elected to affiliate with FPPA for plan administration and investment only. FPPA issues a publicly available comprehensive annual financial report that can be obtained at FPPAco.org. The plan provides retirement benefits for members and beneficiaries according to the plan provisions as enacted and governed by the City Council of the City of La Animas.

Plan Membership – Plan membership consists of active employees hired prior to April 8, 1978, electing to remain covered under the provisions of the City’s current plan.

The following is a summary of the participants:

	<u>Old Hire Police</u>
Active Members	0
Retirees and Beneficiaries	2
Inactive, Nonretired Members	0

Benefits Provided - The plan provides retirement benefits for members and beneficiaries according to the plan provisions and is as follows:

All City police officers hired prior to April 8, 1978, could remain in the plan or transfer and become a participant in a defined contribution plan (new hire plan). Police officers’ benefits become vested after 20 years of service and age 55 or after 25 years of service. Vested employees who retire are entitled to receive an annual retirement benefit, payable monthly for life, in an amount equal to one half of one month’s salary at the time of retirement. Benefits vested after 1979 are limited to increases of 3% per year of inflation, as determined by the state. The system also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute and City ordinance.

Title 31, Article 30 of the Colorado Revised Statutes (“CRS”), as amended, establishes basic benefit provisions under the plan. FPPA issues a publicly available annual financial report that includes the assets of the City of Las Animas Old Hire Police Pension Fund. That report may be obtained by writing to: FPPA of Colorado, 5290 DTC Parkway, Suite 100, Greenwood Village, Colorado 80111 or by calling FPPA at (303) 770-3772 in the Denver Metro area, or 1-800-770-FPPA (3772) from outside the metro area.

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -6 DEFINED BENEFIT PENSION PLANS (Continued)

Contributions

The Plan sets contribution rates at a level that enables all benefits to be fully funded at the retirement date of all members. Plan members and the City of Las Animas are required to contribute at a rate set by state statute. Employer contribution rates can only be amended by state statute. Member contribution rates can be amended by state statute or by election of the membership. The contributions are based on an actuarially determined amount recommended by an independent actuary.

The contribution rate for members and the City for the Old Hire Police Pension Fund is 0% of covered salaries. Contribution was determined as part of the January 1, 2020 actuarial valuation. Total contribution for the year ended December 31, 2022 was \$29,203 and the actuarially determined contribution was \$29,203.

Actuarial Assumptions – Actuarially determined contribution rates are calculated as of January 1 of even numbered years. The contribution rates have a one-year lag, so the actuarial valuation as of January 1, 2020, determines the contribution amounts for 2021 and 2022.

Methods and Assumptions Used to Determine Contribution Rates for the Fiscal Year Ending December 31, 2020:

Actuarial Cost Method – Entry Age Normal
Amortization Method – N/A
Remaining Amortization Period – N/A
Asset Valuation Method – 5-Year smoothed fair value
Inflation – 2.50%
Salary Increases – N/A
Investment Rate of Return – 4.50%
Retirement Age – Any remaining actives are assumed to retire immediately
Mortality Rates – Post-retirement: 2006 central rates from the RP-2014 Annuitant Mortality Tables for males and females projected to 2018 using the MP-2017 projection scales, and then projected prospectively using the ultimate rates of the scale for all years.
Disabled (pre-1980): Post-retirement rates set forward three years.

Long-Term Expected Rate of Return on Pension Plan Investments

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic nominal rates of return for each major asset class included in the Fund's target asset allocation as of December 31, 2021, are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Nominal Rate of Return
Cash	10.0%	0.1%
Fixed Income - Rates	70.0%	2.3%
Fixed Income - Credit	10.0%	3.5%
Absolute Return	0.0%	5.6%
Long Short	0.0%	6.9%
Global Public Equity	10.0%	7.8%
Private Capital	0.0%	10.5%
Total	100.0%	

Single Discount Rate

Projected benefit payments are required to be discounted to their actuarial present values using a Single Discount Rate that reflects (1) a long-term expected rate of return on pension plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits) and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the plan's projected fiduciary net position is not sufficient to pay benefits).

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -6 DEFINED BENEFIT PENSION PLANS (Continued)

For the purpose of this valuation, the long-term expected rate of return on pension plan investments is 4.50%: the municipal bond rate is 1.84% (based on the weekly rate closet to but no later than the measurement date of the "state & local bonds" rate from Federal Reserve statically release (H.15)); and the resulting Single Discount Rate is 4.50%.

Projected cash flows used in determining the Single Discount Rate are available upon request to FPPA.

Net Pension Liability

The net pension liability was measured at December 31, 2021, the total pension liability used to calculate the net pension liability was determined by an actuarial valuation dated January 1, 2020, and the City's fiscal year ending date, or reporting date, is December 31, 2022.

Changes in Net Pension Liability

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) – (b)
Balances at December 31, 2021	<u>\$ 476,732</u>	<u>\$ 261,399</u>	<u>\$ 215,333</u>
Change for the year:			
Interest	20,504	-	20,504
Difference between Expected & Actual Experience of the Total Pension Liability	14,101	-	14,101
Changes in Assumptions	-	-	-
Contributions – Employer	-	29,203	(29,203)
Contributions – Member	-	-	-
Net Investment Income	-	1,163	(1,163)
Benefit Payments	(42,651)	(42,651)	-
Administrative Expense	-	(1,210)	1,210
Net Changes	<u>(8,046)</u>	<u>(13,495)</u>	<u>5,449</u>
Balances at December 31, 2022	<u>\$ 468,686</u>	<u>\$ 247,904</u>	<u>\$ 220,782</u>

Timing of the Valuation - An actuarial valuation to determine the total pension liability is required to be performed at least every two years. For the employer's financial reporting purposes, the net pension liability/(asset) and pension expense/(income) should be measured as of the employer's "measurement date" which may not be earlier than the employer's prior fiscal year-end date. If the actuarial valuation used to determine the total pension liability is not calculated as of the measurement date, the total pension liability is required to be rolled forward from the actuarial valuation date to the measurement date.

The total pension liability shown in this report is based on an actuarial valuation performed as of January 1, 2022 and a measurement date of December 31, 2021. This measurement date is within one year of the plan sponsor's fiscal year end of December 31, 2022 and may be used for December 31, 2022 reporting purposes.

Expense and deferred outflow calculations are shown starting with the year ending December 31, 2021, but can be used for the plan sponsor's December 31, 2022 financial reporting. Each reported amount will have a one-year lag so that year end December 31, 2021 can be used for December 31, 2022 plan sponsor reporting.

Paragraph 34 of GASB Statement No. 68 indicates that contributions to the pension plan subsequent to the measurement date of the Net Pension Liability/(Asset) and prior to the end of the employer's reporting period should be reported by the employer as a deferred outflow of resources related to pensions. The information contained in this report does not incorporate any contributions made to the La Animas Old Hire Police Pension Fund subsequent to December 31, 2021

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -6 DEFINED BENEFIT PENSION PLANS (Continued)

Sensitivity of the Net Pension Liability / (Asset) to the Single Discount Rate Assumption – The following table presents the net pension liability of the City at December 31, 2021, for the measurement period ending December 31, 2020, calculated using a Single Discount Rate of 4.50%, as well as what the plan's net pension liability / (asset) would be if it were calculated using a Single Discount Rate that is one percent lower or one percent higher:

	1% Decrease (3.50%)	Current Single Discount Rate Assumption (4.50%)	1% Increase (5.50%)
Net Pension Liability	\$ 258,781	\$ 220,782	\$ 187,438

Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – For the year ended December 31, 2021; the City recognized pension revenue of \$18,389. At December 31, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ -	\$ -
Assumption Changes	-	-
Net difference between projected and actual earnings on pension plan investments	11,698	(8,520)
Contributions subsequent to the measurement date	29,203	-
Total	\$ 40,901	\$ (8,520)

\$29,203 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended December 31, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended December 31, 2022:	
2023	\$ 2,026
2024	(1,452)
2025	550
2026	2,054
2027	-
Thereafter	-
Total	\$ 3,178

LOCAL GOVERNMENT DIVISION TRUST FUND (PERA)

Summary of Significant Accounting Policies

Pensions. City of Las Animas participates in the Local Government Division Trust Fund (LGDTF), a cost-sharing multiple-employer defined benefit pension plan administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position (FNP) and additions to/deductions from the FNP of the LGDTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTES TO FINANCIAL STATEMENTS

NOTE -6 DEFINED BENEFIT PENSION PLANS (Continued)

The Colorado General Assembly passed significant pension reform through Senate Bill (SB) 18-200: *Concerning Modifications To the Public Employees' Retirement Association Hybrid Defined Benefit Plan Necessary to Eliminate with a High Probability the Unfunded Liability of the Plan Within the Next Thirty Years*. The bill was signed into law by Governor Hickenlooper on June 4, 2018. SB 18-200 made changes to certain benefit provisions. Most of these changes were in effect as of December 31, 2021.

General Information about the Pension Plan

Plan description. Eligible employees of the City are provided with pensions through the LGDTF—a cost-sharing multiple-employer defined benefit pension plan administered by PERA. Plan benefits are specified in Title 24, Article 51 of the Colorado Revised Statutes (C.R.S.), administrative rules set forth at 8 C.C.R. 1502-1, and applicable provisions of the federal Internal Revenue Code. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available comprehensive annual financial report (Annual Report) that can be obtained at www.copera.org/investments/pera-financial-reports.

Benefits provided as of December 31, 2021. PERA provides retirement, disability, and survivor benefits. Retirement benefits are determined by the amount of service credit earned and/or purchased, highest average salary, the benefit structure(s) under which the member retires, the benefit option selected at retirement, and age at retirement. Retirement eligibility is specified in tables set forth at C.R.S. § 24-51-602, 604, 1713, and 1714.

The lifetime retirement benefit for all eligible retiring employees under the PERA benefit structure is the greater of the:

- Highest average salary multiplied by 2.5 percent and then multiplied by years of service credit.
- The value of the retiring employee's member contribution account plus a 100 percent match on eligible amounts as of the retirement date. This amount is then annuitized into a monthly benefit based on life expectancy and other actuarial factors.

The lifetime retirement benefit for all eligible retiring employees under the Denver Public Schools (DPS) benefit structure is the greater of the:

- Highest average salary multiplied by 2.5 percent and then multiplied by years of service credit.
- \$15 times the first 10 years of service credit plus \$20 times service credit over 10 years plus a monthly amount equal to the annuitized member contribution account balance based on life expectancy and other actuarial factors.

In all cases the service retirement benefit is limited to 100 percent of highest average salary and also cannot exceed the maximum benefit allowed by federal Internal Revenue Code.

Members may elect to withdraw their member contribution accounts upon termination of employment with all PERA employers; waiving rights to any lifetime retirement benefits earned. If eligible, the member may receive a match of either 50 percent or 100 percent on eligible amounts depending on when contributions were remitted to PERA, the date employment was terminated, whether 5 years of service credit has been obtained and the benefit structure under which contributions were made.

As of December 31, 2020, benefit recipients who elect to receive a lifetime retirement benefit are generally eligible to receive post-retirement cost-of-living adjustments, referred to as annual increases in the C.R.S., once certain criteria are met. Pursuant to SB 18-200, eligible benefit recipients under the PERA benefit structure who began membership before January 1, 2007, and all eligible benefit recipients of the DPS benefit structure will receive an annual increase of 1.25 percent unless adjusted by the automatic adjustment provision (AAP) pursuant to C.R.S. § 24-51-413. Eligible benefit recipients under the PERA benefit structure who began membership on or after January 1, 2007 will receive the lesser of an annual increase of 1.25 percent or the average of the Consumer Price Index for Urban Wage Earners and Clerical Workers for the prior calendar year, not to exceed 10 percent of PERA's Annual Increase Reserve (AIR) for the LGDTF. The AAP may raise or lower the aforementioned annual increase by up to 0.25 percent based on the parameters specified in C.R.S. § 24-51-413.

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -6 DEFINED BENEFIT PENSION PLANS (Continued)

Disability benefits are available for eligible employees once they reach five years of earned service credit and are determined to meet the definition of disability. The disability benefit amount is based on the lifetime retirement benefit formula(s) shown above considering a minimum 20 years of service credit, if deemed disabled.

Survivor benefits are determined by several factors, which include the amount of earned service credit, highest average salary of the deceased, the benefit structure(s) under which service credit was obtained, and the qualified survivor(s) who will receive the benefits.

Contributions provisions as of December 31, 2022: Eligible employees and the City are required to contribute to the LGDTF at a rate set by Colorado statute. The contribution requirements are established under C.R.S. § 24-51-401, et seq. and § 24-51-413. Employee contribution rates for the period of January 1, 2022 through December 31, 2022 are summarized in the table below:

	January 1, 2021 Through June 30, 2021	July 1, 2021 Through December 31, 2021	January 1, 2022 Through June 30, 2022	July 1, 2022 Through December 31, 2022
Employee contribution (all employees other than State Troopers)	8.50%	8.50%	8.50%	9.00%

**Contribution rates for the LGDTF are expressed as a percentage of salary as defined in C.R.S. § 24-51-101(42).

The employer contribution requirements for all employees other than State Troopers are summarized in the table below:

	January 1, 2021 Through June 30, 2021	July 1, 2021 Through December 31, 2021	January 1, 2022 Through June 30, 2022	July 1, 2022 Through December 31, 2022
Employer contribution rate	10.50%	10.50%	10.50%	11.00%
Amount of employer contribution apportioned to the Health Care Trust Fund as specified in C.R.S. § 24-51-208(1)(f)	(1.02)%	(1.02)%	(1.02)%	(1.02)%
Amount apportioned to the LGDTF	9.48%	9.48%	9.48%	9.98%
Amortization Equalization Disbursement (AED) as specified in C.R.S. § 24-51-411	2.20%	2.20%	2.20%	2.20%
Supplemental Amortization Equalization Disbursement (SAED) as specified in C.R.S. § 24-51-411	1.50%	1.50%	1.50%	1.50%
Defined Contribution Supplement as specified in C.R.S. § 24-51-415	0.02%	0.02%	0.02%	0.03%
Total employer contribution rate to the LGDTF	13.20%	13.20%	13.20%	13.71%

**Contribution Rates for the LGDTF are expressed as a percentage of salary as defined in C.R.S. § 24-51-101(42).

Employer contributions are recognized by the LGDTF in the period in which the compensation becomes payable to the member and the City is statutorily committed to pay the contributions to the LGDTF. Employer contributions recognized by the LGDTF from the City were \$172,316 for the year ended December 31, 2022.

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -6 DEFINED BENEFIT PENSION PLANS (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2022, the City reported an asset of \$150,470 for its proportionate share of the net pension asset. The net pension asset for the LGDTF was measured as of December 31, 2021, and the total pension asset used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2021. Standard update procedures were used to roll-forward the total pension asset to December 31, 2021. The City's proportion of the net pension asset was based on the City's contributions to the LGDTF for the calendar year 2021 relative to the total contributions of participating employers to the LGDTF.

At December 31, 2021, the City's proportion was 0.17550 percent, which was a decrease of 0.00733 from its proportion measured as of December 31, 2020.

For the year ended December 31, 2022, the City recognized pension revenue of \$487,097. At December 31, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	7,354	(2,513)
Changes of assumptions or other inputs	51,006	(103,923)
Net difference between projected and actual earnings on pension plan investments	17,975	(1,412,451)
Changes in proportion and differences between contributions recognized and proportionate share of contributions	-	-
Contributions subsequent to the measurement date	172,316	N/A
Total	248,651	(1,518,887)

\$172,316 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended December 31, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended December	
2023	(611,689)
2024	(670,049)
2025	(160,814)
2026	-
2027	-
Total	(1,442,552)

Actuarial assumptions. The total pension liability in the December 31, 2021 actuarial valuation was determined using the following actuarial cost method, actuarial assumptions and other inputs:

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -6 DEFINED BENEFIT PENSION PLANS (Continued)

Actuarial cost method	Entry age
Price inflation	2.40%
Real wage growth	1.10%
Wage inflation	3.50%
Salary increases, including wage inflation	3.50%–10.45%
Long-term investment rate of return, net of pension plan investment expenses, including price inflation	7.25%
Discount rate	7.25%
Post-retirement benefit increases:	
PERA benefit structure hired prior to 1/1/07 and DPS benefit structure (compounded)	1.25%
PERA benefit structure hired after 12/31/06 ¹	Financed by the AIR

¹ Post-retirement benefit increases are provided by the AIR, accounted separately within each Division Trust Fund, and subject to moneys being available; therefore, liabilities related to increases for members of these benefit tiers can never exceed available assets.

Healthy mortality assumptions for active members were based on the RP-2014 White Collar Employee Mortality Table, a table specifically developed for actively working people. To allow for an appropriate margin of improved mortality prospectively, the mortality rates incorporate a 70 percent factor applied to male rates and a 55 percent factor applied to female rates.

Post-retirement non-disabled mortality assumptions were based on the RP-2014 Healthy Annuitant Mortality Table, adjusted as follows:

- Males: Mortality improvement projected to 2018 using the MP-2015 projection scale, a 73 percent factor applied to rates for ages less than 80, a 108 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.
- Females: Mortality improvement projected to 2020 using the MP-2015 projection scale, a 78 percent factor applied to rates for ages less than 80, a 109 percent factor applied to rates for ages 80 and above, and further adjustments for credibility.

The mortality assumption for disabled retirees was based on 90 percent of the RP-2014 Disabled Retiree Mortality Table.

The actuarial assumptions used in the December 31, 2019, valuation were based on the results of the 2016 experience analysis for the periods January 1, 2012, through December 31, 2015, as well as, the October 28, 2016, actuarial assumptions workshop and were adopted by PERA's Board during the November 18, 2016, Board meeting.

The actuarial assumptions used in the December 31, 2019, valuation were based on the results of the 2016 experience analysis for the period January 1, 2012, through December 31, 2015, as well as the October 28, 2016, actuarial assumptions workshop and were adopted by PERA's Board during the November 18, 2016, Board meeting.

Based on the 2020 experience analysis, dated October 28, 2020, for the period January 1, 2016, through December 31, 2019, revised economic and demographic assumptions were adopted by PERA's Board on November 20, 2020, and were effective as of December 31, 2020. The assumptions shown below were reflected in the roll forward calculation of the total pension liability from December 31, 2020, to December 31, 2021.

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -6 DEFINED BENEFIT PENSION PLANS (Continued)

Actuarial cost method	Entry age
Price inflation	2.30%
Real wage growth	0.70%
Wage inflation	3.00%
Salary increases, including wage inflation:	
Members other than State Troopers	3.20%-11.30%
State Troopers ¹	3.20%-12.40%
Long-term investment rate of return, net of pension plan investment expenses, including price inflation	7.25%
Discount rate	7.25%
Post-retirement benefit increases:	
PERA benefit structure hired prior to 1/1/07 and DPS benefit structure (compounded	1.25%
PERA benefit structure hired after 12/31/06 ²	Financed by the AIR

¹ C.R.S. § 24-51-101 (46), as amended, expanded the definition of "State Troopers" to include certain employees within the LGDTF, effective January 1, 2020. See Note 4 of the Notes to the Financial Statements in PERA's 2020 Annual Report for more information.

² Post-retirement benefit increases are provided by the AIR, accounted separately within each Division Trust Fund, and subject to moneys being available; therefore, liabilities related to increases for members of these benefit tiers can never exceed available assets.

Salary scale assumptions were revised to align with revised economic assumptions and to more closely reflect actual experience.

Rates of termination/withdrawal, retirement, and disability were revised to more closely reflect actual experience.

Pre-retirement mortality assumptions for Members other than State Troopers were based upon the PubG-2010 Employee Table with generational projection using scale MP-2019.

Pre-retirement mortality assumptions for State Troopers were based upon the PubS-2010 Employee Table with generational projection using scale MP-2019.

Post-retirement non-disabled mortality assumptions for Members other than State Troopers were based upon the PubG-2010 Healthy Retiree Table, adjusted as follows:

- Males: 94 percent of the rates prior to age 80 and 90 percent of the rates for ages 80 and older, with generational projection using scale MP-2019.
- Females: 87 percent of the rates prior to age 80 and 107 percent of the rates for ages 80 and older, with generational projection using scale MP-2019.

Post-retirement non-disabled mortality assumptions for State Troopers were based upon the unadjusted PubS-2010 Healthy Retiree Table, with generational projection using scale MP-2019.

Post-retirement non-disabled beneficiary mortality assumptions were based upon the Pub-2010 Contingent Survivor Table, adjusted as follows:

- Males: 97 percent of the rates for all ages, with generational projection using scale MP-2019.
- Females: 105 percent of the rates for all ages, with generational projection using scale MP-2019.

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -6 DEFINED BENEFIT PENSION PLANS (Continued)

Disabled mortality assumptions for Members other than State Troopers were based upon the PubNS-2010 Disabled Retiree Table using 99 percent of the rates for all ages with generational projection using scale MP-2019.

Disabled mortality assumptions for State Troopers were based upon the unadjusted PubS-2010 Disabled Retiree Table with generational projection using scale MP-2019.

The mortality tables described above are generational mortality tables on a benefit-weighted basis.

The long-term expected return on plan assets is reviewed as part of regular experience studies prepared every four to five years for PERA. Recently this assumption has been reviewed more frequently. The most recent analyses were outlined in the Experience Study report dated October 28, 2020. As a result of the November 20, 2020, PERA Board meeting, the following economic assumptions were changed, effective December 31, 2020:

- Price inflation assumption decreased from 2.40 percent per year to 2.30 percent per year.
- Real rate of investment return assumption increased from 4.85 percent per year, net of investment expenses to 4.95 percent per year, net of investment expenses.
- Wage inflation assumption decreased from 3.50 percent per year to 3.00 percent per year.

Several factors are considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentages and then adding expected inflation.

The PERA Board first adopted the 7.25 percent long-term expected rate of return as of November 18, 2016. Following an asset/liability study, the Board reaffirmed the assumed rate of return at the Board's November 15, 2019, meeting, to be effective January 1, 2020. As of the most recent reaffirmation of the long-term rate of return, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the table as follows:

Asset Class	Target Allocation	30 Year Expected
Global Equity	54.00%	5.60%
Fixed Income	23.00%	1.30%
Private Equity	8.50%	7.10%
Real Estate	8.50%	4.40%
Alternatives ¹	6.00%	4.70%
Total	100.00%	

¹ The Opportunity Fund's name changed to Alternatives, effective January 1, 2020.

In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected nominal rate of return assumption of 7.25 percent.

Discount rate. The discount rate used to measure the total pension liability was 7.25 percent. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.00 percent.

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -6 DEFINED BENEFIT PENSION PLANS (Continued)

- Employee contributions were assumed to be made at the member contribution rates in effect for each year, including the scheduled increase in SB 18-200. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law for each year, including the scheduled increase in SB 18-200. Employer contributions also include current and estimated future AED and SAED, until the actuarial value funding ratio reaches 103 percent, at which point the AED and SAED will each drop 0.50 percent every year until they are zero. Additionally, estimated employer contributions reflect reductions for the funding of the AIR and retiree health care benefits. For future plan members, employer contributions were further reduced by the estimated amount of total service costs for future plan members not financed by their member contributions.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- The AIR balance was excluded from the initial FNP, as, per statute, AIR amounts cannot be used to pay benefits until transferred to either the retirement benefits reserve or the survivor benefits reserve, as appropriate. AIR transfers to the FNP position and the subsequent AIR benefit payments were estimated and included in the projections.
- Benefit payments and contributions were assumed to be made at the middle of the year.

Based on the above assumptions and methods, LGDTF's FNP was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25 percent on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25 percent. There was no change in the discount rate from the prior measurement date.

Sensitivity of the City of Las Animas's proportionate share of the net pension liability to changes in the discount rate. The following presents the proportionate share of the net pension liability calculated using the discount rate of 7.25 percent, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25 percent) or 1-percentage-point higher (8.25 percent) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Proportionate	1,031,713	(150,470)	(1,139,315)

Pension plan fiduciary net position. Detailed information about the LGDTF's fiduciary net position is available in PERA's Annual Report which can be obtained at www.copera.org/investments/pera-financial-reports.

NOTE -7 DEFINED CONTRIBUTION PENSION PLAN

Voluntary Investment Program

Plan Description - Employees of the City of Las Animas that are also members of the LGDTF may voluntarily contribute to the Voluntary Investment Program, an Internal Revenue Code Section 401(k) defined contribution plan administered by PERA. Title 24, Article 51, Part 14 of the C.R.S., as amended, assigns the authority to establish the Plan provisions to the PERA Board of Trustees. PERA issues a publicly available Annual Report which includes additional information on the Voluntary Investment Program. That report can be obtained at www.copera.org/investments/pera-financial-reports.

Funding Policy - The Voluntary Investment Program is funded by voluntary member contributions up to the maximum limits set by the Internal Revenue Service, as established under Title 24, Article 51, Section 1402 of the C.R.S., as amended. The City does not match employee contributions. Employees are immediately vested in their own contributions, employer contributions and investment earnings. For the year ended December 31, 2022, program members contributed \$5,137 and the City recognized pension expense and a liability of \$0 and \$0, respectively, for the Voluntary Investment Program.

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE - 8 DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN

HEALTH CARE TRUST FUND (PERA)

Summary of Significant Accounting Policies

OPEB. City of Las Animas participates in the Health Care Trust Fund (HCTF), a cost-sharing multiple-employer defined benefit OPEB fund administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, information about the fiduciary net position (FNP) and additions to/deductions from the FNP of the HCTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefits paid on behalf of health care participants are recognized when due and/or payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the OPEB Plan

Plan description. Eligible employees of the City are provided with OPEB through the HCTF—a cost-sharing multiple-employer defined benefit OPEB plan administered by PERA. The HCTF is established under Title 24, Article 51, Part 12 of the Colorado Revised Statutes (C.R.S.), as amended. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. Title 24, Article 51, Part 12 of the C.R.S., as amended, sets forth a framework that grants authority to the PERA Board to contract, self-insure, and authorize disbursements necessary in order to carry out the purposes of the PERACare program, including the administration of the premium subsidies. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available comprehensive annual financial report (Annual Report) that can be obtained at www.copera.org/investments/pera-financial-reports.

Benefits provided. The HCTF provides a health care premium subsidy to eligible participating PERA benefit recipients and retirees who choose to enroll in one of the PERA health care plans, however, the subsidy is not available if only enrolled in the dental and/or vision plan(s). The health care premium subsidy is based upon the benefit structure under which the member retires and the member's years of service credit.

For members who retire having service credit with employers in the Denver Public Schools (DPS) Division and one or more of the other four Divisions (State, School, Local Government and Judicial), the premium subsidy is allocated between the HCTF and the Denver Public Schools Health Care Trust Fund (DPS HCTF). The basis for the amount of the premium subsidy funded by each trust fund is the percentage of the member contribution account balance from each division as it relates to the total member contribution account balance from which the retirement benefit is paid.

C.R.S. § 24-51-1202 *et seq.* specifies the eligibility for enrollment in the health care plans offered by PERA and the amount of the premium subsidy. The law governing a benefit recipient's eligibility for the subsidy and the amount of the subsidy differs slightly depending under which benefit structure the benefits are calculated. All benefit recipients under the PERA benefit structure and all retirees under the DPS benefit structure are eligible for a premium subsidy, if enrolled in a health care plan under PERACare. Upon the death of a DPS benefit structure retiree, no further subsidy is paid.

Enrollment in the PERACare health benefits program is voluntary and is available to benefit recipients and their eligible dependents, certain surviving spouses, and divorced spouses and guardians, among others. Eligible benefit recipients may enroll into the program upon retirement, upon the occurrence of certain life events, or on an annual basis during an open enrollment period.

PERA Benefit Structure

The maximum service-based premium subsidy is \$230 per month for benefit recipients who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for benefit recipients who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The maximum service-based subsidy, in each case, is for benefit recipients with retirement benefits based on 20 or more years of service credit. There is a 5% reduction in the subsidy for each year less than 20. The benefit recipient pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE – 8 DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (Continued)

For benefit recipients who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, C.R.S. § 24-51-1206(4) provides an additional subsidy. According to the statute, PERA cannot charge premiums to benefit recipients without Medicare Part A that are greater than premiums charged to benefit recipients with Part A for the same plan option, coverage level, and service credit. Currently, for each individual PERACare enrollee, the total premium for Medicare coverage is determined assuming plan participants have both Medicare Part A and Part B and the difference in premium cost is paid by the HCTF or the DPS HCTF on behalf of benefit recipients not covered by Medicare Part A.

DPS Benefit Structure

The maximum service-based premium subsidy is \$230 per month for retirees who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for retirees who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The maximum service-based subsidy, in each case, is for retirees with retirement benefits based on 20 or more years of service credit. There is a 5% reduction in the subsidy for each year less than 20. The retiree pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

For retirees who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, the HCTF or the DPS HCTF pays an alternate service-based premium subsidy. Each individual retiree meeting these conditions receives the maximum \$230 per month subsidy reduced appropriately for service less than 20 years, as described above. Retirees who do not have Medicare Part A pay the difference between the total premium and the monthly subsidy.

Contributions. Pursuant to Title 24, Article 51, Section 208(1) (f) of the C.R.S., as amended, certain contributions are apportioned to the HCTF. PERA-affiliated employers of the State, School, Local Government, and Judicial Divisions are required to contribute at a rate of 1.02 percent of PERA-includable salary into the HCTF.

Employer contributions are recognized by the HCTF in the period in which the compensation becomes payable to the member and the City is statutorily committed to pay the contributions. Employer contributions recognized by the HCTF from the City were \$13,364 for the year ended December 31, 2022.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At December 31, 2022, the City reported a liability of \$117,493 for its proportionate share of the net OPEB liability. The net OPEB liability for the HCTF was measured as of December 31, 2021, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of December 31, 2020. Standard update procedures were used to roll-forward the total OPEB liability to December 31, 2021. The City's proportion of the net OPEB liability was based on the City's contributions to the HCTF for the calendar year 2021 relative to the total contributions of participating employers to the HCTF.

At December 31, 2021, the City of Las Animas' proportion was 0.01363 percent, which was a decrease of 0.0003 from its proportion measured as of December 31, 2020.

For the year ended December 31, 2022, the City recognized OPEB expense of \$42,353. At December 31, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE – 8 DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (Continued)

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$179	\$(28,124)
Changes of assumptions or other inputs	2,433	(6,373)
Net difference between projected and actual earnings on OPEB plan investments	8,165	(95,090)
Changes in proportion and differences between contributions recognized and proportionate share of contributions	-	-
Contributions subsequent to the measurement date	13,364	N/A
Total	24,141	(129,587)

\$13,364 reported as deferred outflows of resources related to OPEB, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability in the year ended December 31, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended December 31, 2022:	
2023	\$ (18,839)
2024	(18,990)
2025	(19,251)
2026	(19,304)
2027	(19,307)
Thereafter	(23,119)
Total	(118,810)

Actuarial assumptions. The total OPEB liability in the December 31, 2020 actuarial valuation was determined using the following actuarial cost method, actuarial assumptions and other inputs:

Actuarial cost method	Entry age
Price inflation	2.30%
Real wage growth	0.70%
Wage inflation	3.00%
Salary increases, including wage inflation	3.40% - 11.00%
Long-term investment rate of return, net of OPEB plan investment expenses, including price inflation	7.25%
Discount rate	7.25%
Health care cost trend rates	
PERA benefit structure:	
Service-based premium subsidy	0.00%
PERACare Medicare plans	4.50% in 2021, 6.00% in 2022 gradually decreasing to 4.50% in 2029
Medicare Part A premiums	3.75% in 2021, gradually increasing to 4.50% in 2029
DPS benefit structure:	
Service-based premium subsidy	0.00%
PERACare Medicare plans	N/A
Medicare Part A premiums	N/A

Calculations are based on the benefits provided under the terms of the substantive plan in effect at the time of each actuarial valuation and on the pattern of sharing of costs between employers of each fund to that point.

CITY OF LAS ANIMAS, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE – 8 DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (Continued)

In determining the additional liability for PERACare enrollees who are age 65 or older and who are not eligible for premium-free Medicare Part A in the December 31, 2020, valuation, the following monthly costs/premiums (actual dollars) are assumed for 2021 for the PERA Benefit Structure:

Medicare Plan	Initial Costs for Members without Medicare Part A		
	Monthly Cost	Monthly Premium	Monthly Cost Adjusted to Age 65
Medicare Advantage/Self-Insured Rx	\$633	\$230	\$591
Kaiser Permanente Medicare Advantage HMO	596	199	562

The 2021 Medicare Part A premium is \$471 (actual dollars) per month.

All costs are subject to the health care cost trend rates, as discussed below.

Health care cost trend rates reflect the change in per capita health costs over time due to factors such as medical inflation, utilization, plan design, and technology improvements. For the PERA benefit structure, health care cost trend rates are needed to project the future costs associated with providing benefits to those PERACare enrollees not eligible for premium-free Medicare Part A.

Health care cost trend rates for the PERA benefit structure are based on published annual health care inflation surveys in conjunction with actual plan experience (if credible), building block models and industry methods developed by health plan actuaries and administrators. In addition, projected trends for the Federal Hospital Insurance Trust Fund (Medicare Part A premiums) provided by the Centers for Medicare & Medicaid Services are referenced in the development of these rates. Effective December 31, 2020, the health care cost trend rates for Medicare Part A premiums were revised to reflect the current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

The PERA benefit structure health care cost trend rates used to measure the total OPEB liability are summarized in the table below:

Year	PERACare Medicare Plans	Medicare Part A Premiums
2021	4.50%	3.75%
2022	6.00%	3.75%
2023	5.80%	4.00%
2024	5.60%	4.00%
2025	5.40%	4.00%
2026	5.10%	4.25%
2027	4.90%	4.25%
2028	4.70%	4.25%
2029+	4.50%	4.50%

Mortality assumptions used in the December 31, 2020, valuation for the determination of the total pension liability for each of the Division Trust Funds as shown below, reflect generational mortality and were applied, as applicable, in the determination of the TOL for the HCTF, but developed using a headcount-weighted basis. Affiliated employers of the State, School, Local Government and Judicial Divisions participate in the HCTF.

Pre-retirement mortality assumptions for the State and Local Government Divisions (members other than State Troopers) were based upon the PubG-2010 Employee Table with generational projection using scale MP-2019.

Pre-retirement mortality assumptions for State Troopers were based upon the PubS-2010 Employee Table with generational projection using scale MP-2019.

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE – 8 DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (Continued)

The pre-retirement mortality assumptions for the School Division were based upon the PubT-2010 Employee Table with generational projection using scale MP-2019.

Pre-retirement mortality assumptions for the Judicial Division were based upon the PubG-2010(A) Above-Median Employee Table with generational projection using scale MP-2019.

Post-retirement non-disabled mortality assumptions for the State and Local Government Divisions (members other than State Troopers) were based upon the PubG-2010 Healthy Retiree Table, adjusted as follows:

- Males: 94% of the rates prior to age 80 and 90% of the rates for ages 80 and older, with generational projection using scale MP-2019.
- Females: 87% of the rates prior to age 80 and 107% of the rates for ages 80 and older, with generational projection using scale MP-2019.

Post-retirement non-disabled mortality assumptions for State Troopers were based upon the unadjusted PubS-2010 Healthy Retiree Table, with generational projection using scale MP-2019.

Post-retirement non-disabled mortality assumptions for the School Division were based upon the PubT-2010 Healthy Retiree Table, adjusted as follows:

- Males: 112% of the rates prior to age 80 and 94% of the rates for ages 80 and older, with generational projection using scale MP-2019.
- Females: 83% of the rates prior to age 80 and 106% of the rates for ages 80 and older, with generational projection using scale MP-2019.

Post-retirement non-disabled mortality assumptions for the Judicial Division were based upon the unadjusted PubG-2010(A) Above-Median Healthy Retiree Table with generational projection using scale MP-2019.

Post-retirement non-disabled beneficiary mortality assumptions were based upon the Pub-2010 Contingent Survivor Table, adjusted as follows:

- Males: 97% of the rates for all ages, with generational projection using scale MP-2019.
- Females: 105% of the rates for all ages, with generational projection using scale MP-2019.

Disabled mortality assumptions for members other than State Troopers were based upon the PubNS-2010 Disabled Retiree Table using 99% of the rates for all ages with generational projection using scale MP-2019.

Disabled mortality assumptions for State Troopers were based upon the unadjusted PubS-2010 Disabled Retiree Table with generational projection using scale MP-2019.

The following health care costs assumptions were updated and used in the roll-forward calculation for the Trust Fund:

- Initial per capita health care costs for those PERACare enrollees under the PERA benefit structure who are expected to attain age 65 and older ages and are not eligible for premium-free Medicare Part A benefits were updated to reflect the change in costs for the 2021 plan year.
- The health care cost trend rates for Medicare Part A premiums were revised to reflect the then-current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

Actuarial assumptions pertaining to per capita health care costs and their related trend rates are analyzed and updated annually by PERA Board's actuary, as discussed above.

The actuarial assumptions used in the December 31, 2020, valuation was based on the results of the 2020 experience analysis for the period January 1, 2016, through December 31, 2019, and were reviewed and adopted by the PERA Board at their November 20, 2020, meeting.

The long-term expected return on plan assets is reviewed as part of regular experience studies prepared every four to five years for PERA. Recently this assumption has been reviewed more frequently. The most recent analyses were outlined in the Experience Study report dated October 28, 2020.

CITY OF LAS ANIMAS, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE – 8 DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (Continued)

Several factors are considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentages and then adding expected inflation.

As of the most recent reaffirmation of the long-term rate of return, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the table as follows:

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
Global Equity	54.00%	5.60%
Fixed Income	23.00%	1.30%
Private Equity	8.50%	7.10%
Real Estate	8.50%	4.40%
Alternatives	6.00%	4.70%
Total	100.00%	

Note: In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected nominal rate of return assumption of 7.25%.

Sensitivity of the City of Las Animas proportionate share of the net OPEB liability to changes in the Health Care Cost Trend Rates. The following presents the net OPEB liability using the current health care cost trend rates applicable to the PERA benefit structure, as well as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rates:

	1% Decrease in Trend Rates	Current Trend Rates	1% Increase in Trend Rates
Initial PERACare Medicare trend rate	3.50%	4.50%	5.50%
Ultimate PERACare Medicare trend rate	3.50%	4.50%	5.50%
Initial Medicare Part A trend rate	2.75%	3.75%	4.75%
Ultimate Medicare Part A trend rate	3.50%	4.50%	5.50%
Net OPEB Liability	\$ 114,119	\$ 117,493	\$ 121,402

Discount rate. The discount rate used to measure the TOL was 7.25%. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Updated health care cost trend rates for Medicare Part A premiums as of the December 31, 2021, measurement date.
- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.00%.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law and effective as of the measurement date.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- Estimated transfers of dollars into the HCTF representing a portion of purchase service agreements intended to cover the costs associated with OPEB benefits.
- Benefit payments and contributions were assumed to be made at the middle of the year.

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE – 8 DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (Continued)

Based on the above assumptions and methods, the HCTF's FNP was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25% on OPEB plan investments was applied to all periods of projected benefit payments to determine the TOL. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25%. There was no change in the discount rate from the prior measurement date.

Sensitivity of the City of Las Animas proportionate share of the net OPEB liability to changes in the discount rate. The following presents the proportionate share of the net OPEB liability calculated using the discount rate of 7.25%, as well as what the proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.25%) or one-percentage-point higher (8.25%) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Proportionate share of the net OPEB liability	\$ 136,456	\$ 117,493	\$ 101,296

OPEB plan fiduciary net position. Detailed information about the HCTF's FNP is available in PERA's ACFR which can be obtained at www.copera.org/investments/pera-financial-reports.

NOTE -9 NET POSITION

Restricted net position represents net position whose users are subject to constraints that are either 1.) legally imposed by creditors (such as debt covenants), grantors, or laws or regulations of other governments, or 2.) imposed by law through constitutional provisions or enabling legislation. Restricted net position at December 31, 2022 is as follows:

	Governmental Activities	Business-Type Activities	Total
Operations and Maintenance	\$ -	\$ 611,000	\$ 611,000
Customer Deposits	-	51,342	51,342
Asset Retirement	-	46,368	46,368
Capital Improvements	706,014	-	706,014
Parks and Recreation	154,200	-	154,200
Economic Development	164,083	-	164,083
Emergencies - TABOR	48,200	-	48,200
	<u>\$ 1,072,497</u>	<u>\$ 708,710</u>	<u>\$ 1,781,207</u>

Restricted for Operations and Maintenance – The City is required to maintain an operation and maintenance reserve as set forth by the creditors. As of December 31, 2022, the City reported \$424,000 in the Water Fund and \$187,000 in the Sewer Fund which is for the CWRPDA Reserves.

Restricted for Customer Deposits – This represents money received from customers that is restricted for specific purposes.

Restricted for Asset Retirement – This represents the City's obligation associated with the future retirement of tangible long-lived assets.

Restricted for Capital Improvements – This represents revenues that are legally restricted to expenditures for capital purposes.

Restricted for Parks and Recreation – This represents money received from the State of Colorado for parks and open space related projects.

Restricted for Economic Development – This represents proceeds of specific revenue sources that are to be used to promote community services.

CITY OF LAS ANIMAS, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE -9 NET POSITION (Continued)

Restricted for Emergencies - TABOR – This represents approximately 3% of the City's 2022 fiscal year spending as that term is defined in the Colorado constitution. Under these provisions of the constitution, this portion of the City's net position can be used for declared emergencies only and the City must maintain 3% or more of its spending in this restricted account. The City does not believe this restriction meets the definition of a stabilization arrangement under generally accepted accounting principles.

NOTE -10 FUND BALANCES

At December 31, 2022, fund balances for governmental funds consist of the following:

	Restricted Fund Balance				
	Emergencies TABOR	Parks and Recreation	Capital Projects	Economic Development	Total
General Fund	\$ 48,200	\$ -	\$ -	\$ -	\$ 48,200
Conservation Trust	-	36,224	-	-	36,224
Parks and Recreation	-	117,976	-	-	117,976
Infrastructure and Improvement	-	-	388,489	-	388,489
1% Street Improvement	-	-	317,525	-	317,525
Sales Tax Development	-	-	-	164,083	164,083
Total	<u>\$ 48,200</u>	<u>\$ 154,200</u>	<u>\$ 706,014</u>	<u>\$ 164,083</u>	<u>\$ 1,072,497</u>

	Committed Fund Balance	
	Employee Health Ins	Total
General Fund	<u>\$ 145,394</u>	<u>\$ 145,394</u>

	Assigned Fund Balance		
	Revolving Loan	Parks and Recreation	Total
General Fund	\$ 217,398	\$ -	\$ 217,398
Parks and Recreation	-	-	-
Total	<u>\$ 217,398</u>	<u>\$ -</u>	<u>\$ 217,398</u>

NOTE -11 INTERFUND ACTIVITY

Interfund Transfers:

Transfers are for the use of unrestricted revenues collected in the enterprise funds to finance various programs accounted for in other funds in accordance with council authorizations.

The composition of interfund transfers as of December 31, 2022 is as follows:

Transfer To	Transfer From	Amount Transferred
Water Fund	Infrastructure and Improvement Fund	\$ 89,639
Sewer Fund	Infrastructure and Improvement Fund	29,000
Sanitation Fund	Infrastructure and Improvement Fund	35,000
General Fund	Infrastructure and Improvement Fund	64,349

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -11 INTERFUND ACTIVITY (Continued)

Interfund Receivables and Payables:

During the course of operations, numerous transactions occur between the City's funds for the reimbursement of expenditures. Related interfund receivables and payables are classified as "due from other funds" and "due to other funds" on the balance sheet and statement of net position and will be settled within a reasonable time period.

The composition of due to / from other funds as of December 31, 2022 is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Water Fund	\$ 2,675
General Fund	Sewer Fund	3,242
General Fund	Sanitation Fund	2,750
General Fund	Parks and Recreation	5,000
		<u>\$ 13,667</u>

NOTE -12 RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

For risks related to property and liability and workers' compensation, the City is a member of the Colorado Intergovernmental Risk Sharing Agency (CIRSA), a separate and independent governmental and legal entity formed by intergovernmental agreement by member municipalities pursuant to the provision of 24-10-115.5, Colorado Revised Statutes (1982 Replacement Volume) and Colorado Constitution, Article XIV, section 18(2). The purposes of CIRSA are to provide members defined liability and property coverage and to assist members to prevent and reduce losses and injuries to municipal property and to persons or property which might result in claims being made against members of CIRSA, their employees or officers.

It is the intent of the members of CIRSA to create an entity in perpetuity which will administer and use funds contributed by the members to defend and indemnify, in accordance with the bylaws, any member of CIRSA against stated liability of loss, to the limit of the financial resources of CIRSA. It is also the intent of the members to have CIRSA provide continuing stability and availability of needed coverage at reasonable costs.

All income and assets of CIRSA shall be at all times dedicated to the exclusive benefit of its members. CIRSA is a separate legal entity and the City does not approve budgets nor does it have ability to significantly affect the operations of the unit. The City has not significantly changed its insurance coverage over the past three years, nor have settlements exceeded coverage during the same period.

The City purchases commercial insurance coverage for all items not covered by CIRSA. Settled claims for these risks have not exceeded insurance coverage the past three years.

NOTE -13 TAX SPENDING AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations, which apply to the State of Colorado and all local governments.

Enterprises, defined as government-owned businesses authorized to issue revenue bonds and receiving less than 10% of annual revenue in grants from all state and local governments combined, are excluded from the provisions of TABOR. The City's management believes a significant portion of its operations qualify for this exclusion.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention on such revenue.

CITY OF LAS ANIMAS, COLORADO
NOTES TO FINANCIAL STATEMENTS

NOTE -13 TAX SPENDING AND DEBT LIMITATIONS (Continued)

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). A portion of the fund balance has been restricted in compliance with this requirement. At December 31, 2022, \$48,200 of the fund balance has been restricted.

Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

During 1999, the authorized voters of the City of Las Animas, Colorado, voted to authorize the City, without creating any new tax or creating an increase in any current tax to collect, retain, and expend the full proceeds of all of the City's sales tax and use tax, non-federal grants and other revenue from any other source, notwithstanding any state restriction on Fiscal Year spending, including without limitation the restrictions of Article X, Section 20 of the Colorado Constitution, effective January 1, 2000 for the use for expenditures for any Lawful Municipal purposes.

The City's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation.

NOTE -14 SUBSEQUENT EVENTS

Subsequent events have been evaluated through the report date, which represents the date the financial statements were available to be issued. Subsequent events after that date have not been evaluated.

CITY OF LAS ANIMAS, COLORADO

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

NOTE -1 SCHEDULE OF CHANGES IN THE PLAN'S NET PENSION LIABILITY AND RELATED RATIOS – OLD HIRE POLICE PENSION FUND

Measurement Period: January 1, 2021 - December 31, 2021 for the Fiscal Year Ending December 31, 2022 (December 31, 2021 measurement date). The City elected the one-year lookback for measurement date and measurement period purposes.

NOTE -2 SCHEDULES OF PLAN CONTRIBUTIONS – OLD HIRE POLICE PENSION FUND

Actuarial Assumptions

Valuation Date: January 1, 2020

Actuarially determined contribution rates are calculated as of January 1 of even numbered years. The contribution rates have a one-year lag, so the actuarial valuation as of January 1, 2020, determines the contribution amounts for 2021 and 2022.

Significant actuarial methods and assumptions used to determine the contribution rates for the Old Hire Police Pension Fund is as follows:

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method	- Entry Age Normal
Amortization Method	- N/A
Remaining Amortization Period	- N/A
Asset Valuation Method	- 5-Year smoothed fair value
Inflation	- 2.50%
Salary Increase	- N/A
Investment Rate of Return	- 4.50%
Retirement Age	- Any remaining actives are assumed to retire immediately
Mortality (Annuities)	- <u>Post-retirement</u> : Post-retirement: 2006 central rates from the RP-2014 Annuitant Mortality Tables for males and females projected to 2018 using the MP-2017 projection scales, and then projected prospectively using the ultimate rates of the scale for all years. <u>Disabled (pre-1980)</u> : Post-retirement rates set forward three years.

PROPRIETARY FUNDS

ENTERPRISE FUNDS

Light and Power Fund - Accounts for the operations of the City's electric utility. Activities of the fund include administration, operation and maintenance, and distribution of the electric utility system. All costs are financed through charges to utility customers with rates reviewed regularly and adjusted if necessary.

Water Fund - Accounts for the operations of the City's water utility. Activities of the fund include administration, operation and maintenance, treatment, and distribution of the water system, along with accumulation of resources for the payment of principal and interest on long-term debt.

Sewer Fund - Accounts for the operations of the City's sewer utility. Activities of the fund include administration, operation and maintenance, treatment, and collection of the waste water system, along with accumulation of resources for the payment of principal and interest on long-term debt.

Sanitation Fund - Accounts for the operations of the City's solid waste disposal utility. Activities of the fund include administration, operation and maintenance, and collection of trash related to the solid waste disposal system.

CITY OF LAS ANIMAS, COLORADO

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

NOTE -1 BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the schedule) includes the federal award activity of the City of Las Animas, Colorado under programs of the federal government for the year ended December 31, 2022. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Because the schedule presents only a selected portion of the operations of the City of Las Animas, Colorado, it is not intended to and does not present the financial position, changes in net assets of the City of Las Animas, Colorado.

NOTE – 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

NOTE – 3 INDIRECT COST RATES

The City of Las Animas, Colorado has elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE – 4 SUB-RECIPIENTS

No payments were made to sub-recipients in the fiscal year ended December 31, 2022.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

City Council
City of Las Animas, Colorado
Las Animas, Colorado

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, business activities, each major fund and the aggregate remaining fund information of the City of Las Animas, Colorado, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise City of Las Animas, Colorado's basic financial statements, and have issued our report thereon dated June 21, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Las Animas, Colorado's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Las Animas, Colorado's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Las Animas, Colorado's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Las Animas, Colorado's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

City Council
City of Las Animas, Colorado
Las Animas , Colorado

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the City of Las Animas, Colorado's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the City of Las Animas, Colorado's major federal programs for the year ended December 31, 2022. The City of Las Animas, Colorado's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City of Las Animas, Colorado complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City of Las Animas, Colorado and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City of Las Animas, Colorado's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City of Las Animas, Colorado's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City of Las Animas, Colorado's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City of Las Animas, Colorado's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City of Las Animas, Colorado's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City of Las Animas, Colorado's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City of Las Animas, Colorado's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Hancock Froese & Company LLC

Rocky Ford, Colorado
