## INDEPENDENT AUDITOR'S REPORT

Board of Directors  
The Canyons Metropolitan District No. 5  
Douglas County, Colorado

### ***Opinions***

We have audited the accompanying financial statements of the governmental activities and each major fund of The Canyons Metropolitan District No. 5 (the District), as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District, as of December 31, 2023, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Required Supplementary Information***

Management has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Supplementary Information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

***Other Information***

Management is responsible for the other information included in the annual report. The Other Information, as listed in the table of contents, does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the Other Information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Amounts reported for governmental activities in the statement of activities are different because:

The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of government funds. Neither transaction, however, has any effect on net position.

**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2023**

**NOTE 1    DEFINITION OF REPORTING ENTITY**

The Canyons Metropolitan District No. 5 (the District), a quasi-municipal corporation and political subdivision of the state of Colorado, was organized by order and decree of the District Court of Douglas County, Colorado on June 4, 2010, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District operates under a Consolidated Service Plan approved by the City of Castle Pines North (City) in Douglas County, Colorado on October 22, 2009, as amended by a First Amendment thereto approved by the City on December 8, 2015 and by a Second Amendment thereto approved by the City on December 10, 2019 collectively, the "Service Plan". The District operates in connection with Districts Nos. 1 – 4 and 6 – 11 and serves as a financing District.

The District was established to provide financing for the operations and maintenance and design, acquisition, installation, construction, relocation, redevelopment, and completion of public improvements, covenant enforcement services, including water, sanitation, streets, security services, parks and recreation, public transportation, traffic and safety, limited fire protection, limited television relay and translation, and mosquito control. Property within the Service Area will be provided water and sanitation services by Parker Water & Sanitation District (PSWD) pursuant to a Real Property Inclusion Agreement dated on or about February 27, 2003, as supplemented by a Memorandum of Understanding of the same date. For so long as PSWD, or other water and sanitation provider is providing water and sanitation services to the Service Area, the Districts shall not be permitted to own, operate or maintain water and sanitation improvements unless the same is necessary prior to the final acceptance of such water and sanitation improvements by PSWD or other appropriate service provider. Notwithstanding the foregoing limitation, the Districts shall be expressly permitted to undertake the construction and financing of water and sanitation improvements.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District has no employees, and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2023**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The more significant accounting policies of the District are described as follows:

**Government-Wide and Fund Financial Statements**

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Redemption of bonds are recorded as a reduction in liabilities.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes and specific ownership taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is due.

**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2023**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)**

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term debt of the governmental funds.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities.

**Budgets**

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting, unless otherwise indicated.

**Pooled Cash and Investments**

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

**Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Deferred Inflows of Resources**

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, *deferred property tax revenue*, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

**Original Issue Discount/Premium**

In the government-wide financial statements, bond discounts are deferred and amortized over the life of the bonds using the effective interest method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

**Equity**

**Net Position**

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

In the government-wide financial statements, fund equity is classified as net position. Net position may be classified into three components: net investment in capital assets, restricted, and unrestricted. These classifications are defined as follows:

*Net Investment in Capital Assets* – this component of net position consists of capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any debt that is attributable to the acquisition, construction, or improvements of those assets. If there are significant unspent debt proceeds at year-end, the portion of debt attributable to the unspent proceeds is not included in this component.

*Restricted* – this component of net position consists of assets that are restricted for use as imposed by external parties such as creditors, grantors, or contributors, or as imposed by laws or regulations of other governments, or as imposed through constitutional provisions of enabling legislation.

*Unrestricted* – the component of net position that does not meet the definitions above.

**Fund Balance**

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

*Nonspendable Fund Balance* – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

*Restricted Fund Balance* – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

*Committed Fund Balance* – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

*Assigned Fund Balance* – The portion of fund balance that is constrained by the government's intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed.

*Unassigned Fund Balance* – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

**Deficit**

The General Fund reported a deficit in the fund financial statements as of December 31, 2023. The deficit was eliminated with developer advances received in 2024.

The Capital Projects Fund reported a deficit in the fund financial statements as of December 31, 2023. The deficit was eliminated with developer advances received in 2024.

**NOTE 3 CASH AND INVESTMENTS**

Cash and investments as of December 31, 2023 are classified in the accompanying financial statements as follows:

Statement of Net Position:

|                                   |                     |

| Total Cash and Investments        | <u>\$ 7,027,933</u> |

Cash and investments as of December 31, 2023 consist of the following:

|                                      |                     |
|--------------------------------------|---------------------|
| Deposits with Financial Institutions | \$ 1,387            |
| Investments                          | 7,026,546           |
| Total Cash and Investments           | <u>\$ 7,027,933</u> |

**Deposits with Financial Institutions**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2023, the District's cash deposits had a bank balance and a carrying balance of \$1,387.

**Investments**

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (\*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

The District invested in the Colorado Surplus Asset Fund Trust (CSAFE) (the Trust), which is an investment vehicle established by state statute for local government entities to pool surplus assets. The State Securities Commissioner administers and enforces all state statutes governing the Trust. The Trust currently offers two portfolios – CSAFE CASH FUND and CSAFE CORE.

CSAFE CASH FUND operations similar to a money market fund, with each share valued at \$1.00. CSAFE may invest in U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain money market funds and highest rated commercial paper, any security allowed under CRS 24-75-601.

CSAFE CORE, a variable Net Asset Value (NAV) Local Government Investment Pool, offers weekly liquidity and is managed to approximate a \$2.00 transactional share price. CSAFE CORE may invest in securities authorized by CRS 24-75-601, including U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain obligations of U.S. government agencies, highest rated commercial paper, and any security allowed under CRS 24-75-601.

A designated custodial bank serves as custodian for CSAFE's portfolio pursuant to a custodian agreement. The custodian acts as safekeeping agent for CSAFE's investment portfolio and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by CSAFE.

**NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)**

The detail of the District's long-term obligations is as follows:

**Series 2017A Limited Tax General Obligation and Special Revenue Refunding and Improvement Bonds**

On May 25, 2017, the District issued \$47,500,000 of Limited Tax General Obligation and Special Revenue Refunding and Improvement Bonds. The proceeds from the sale of the 2017A Bonds were used to:

- (a) finance the acquisition, construction, and installation of certain public improvements;
- (b) refund the outstanding balance on the 2016 Bonds;
- (c) fund the Capitalized Interest Fund;
- (d) fund the Senior Reserve Fund; and
- (e) pay the costs of issuing the Bonds.

The Series 2017A Bonds bear interest at rates ranging from 6.000% to 6.125%, payable semi-annually on June 1 and December 1 each year, to the extent of Senior Pledged Revenue available therefor, beginning on December 1, 2017. Annual mandatory sinking fund principal payments on the Series 2017A Bonds are due on December 1, beginning on December 1, 2026. The Series 2017A Bonds mature on December 1, 2047.

To the extent principal of any Bond is not paid when due, such principal shall remain outstanding until paid. To the extent interest on any Bond is not paid when due, such interest shall compound semiannually on each Interest Payment Date, at the rate then borne by the Bond; provided however, that notwithstanding anything herein to the contrary, the District shall not be obligated to pay more than the amount permitted by law and the Election in repayment of the Bonds, including all payments of principal, premium if any, and interest, and all Bonds will be deemed defeased and no longer outstanding upon the payment by the District of such amount.

The Series 2017A Bonds are secured by and payable solely from and to the extent of the Senior Pledged Revenue, net of any costs of collection, which is defined generally in the 2017A Indenture as:

- (a) the Senior Property Tax Revenues;
- (b) the Senior Specific Ownership Tax Revenues attributable to the Senior Required Mill Levy;
- (c) Capital Fees, including particularly and without limitation, the Facilities Fees;
- (d) Pledged PIF Revenues; and
- (e) any other legally available moneys which the District determines, in its absolute discretion, to credit to the Senior Bond Fund.

Senior Pledged Revenue that is not needed to pay debt service on the Series 2017A Bonds in any year will be deposited to and held in the Senior Surplus Fund, up to the Maximum Surplus Amount of \$2,375,000. The Senior Surplus Fund is established and held as an account of the Trustee, and moneys therein are to be used solely for the purpose of paying the principal of and interest on the Series 2017A Bonds to the extent the moneys in the Senior Bond Fund are insufficient for such purpose.

Amounts on deposit in the Senior Surplus Fund (if any) on the maturity date of the Series 2017A Bonds shall be applied to the payment of the Series 2017A Bonds.

The Series 2017A Bonds are further secured by amounts on deposit in the Senior Reserve Fund, which was funded with proceeds from the Series 2017A Bonds in the amount of the Required Reserve of \$4,529,294.

The Series 2017A Indenture provides a Senior Required Mill Levy be imposed in an amount sufficient to pay the principal of, premium if any, and interest on the Series 2017A Bonds as the same become due and payable (less any amount thereof for which amounts are then on deposit in the Senior Bond Fund and, solely to the extent provided in the Senior Indenture, the Senior Surplus Fund and the Senior Reserve Fund) and to replenish the Senior Reserve Fund to the Senior Reserve Requirement, but not in excess of 40.000 mills (as adjusted). For so long as the Senior Surplus Fund is less than the Maximum Surplus Amount, the Senior Required Mill Levy shall be equal to 40.000 mills (as adjusted), or such lesser amount that will generate Senior Property Tax Revenues (i) sufficient to pay the principal of, premium if any, and interest on the Series 2017A Bonds as the same become due and payable, and to fully fund the Senior Surplus Fund to the Maximum Surplus Amount, or (ii) which, when combined with moneys then on deposit in the Senior Bond Fund, the Senior Surplus Fund and the Senior Reserve Fund, will pay the Series 2017A Bonds in full. Such maximum and minimum mill levies are subject to adjustment per changes in the residential assessment rate and in the method of calculating assessed valuation after January 1, 2009.

**Events of Default**

The occurrence of any one or more of the following events or the existence of any one or more of the following conditions shall constitute an Event of Default under the Indenture (whatever the reason for such event or condition and whether it be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree, rule, regulation, or order of any court or any administrative or governmental body), and there shall be no default or Event of Default hereunder except as provided in this Section:

- (a) The District fails or refused to impose the Senior Required Mill Levy or to apply the Pledged Revenue as required by the Indenture;
- (b) The District defaults in the performance or observance of any other of the covenants, agreements, or conditions on the part of the District in the Indenture or Bond Resolution, and fails to remedy the same after notice thereof; or
- (c) The District files a petition under the federal bankruptcy laws or other applicable bankruptcy laws seeking to adjust the obligation represented by the Bonds.

It is acknowledged that due to the limited nature of the Pledged Revenue, the failure to pay the principal of or interest on the Bonds when due shall not, of itself, constitute an Event of Default hereunder.

**Series 2017B Subordinate Limited Tax General Obligation and Special Revenue Bonds**

On May 25, 2017, the District issued \$11,925,000 of Limited Tax General Obligation and Special Revenue Bonds. The proceeds from the sale of the Series 2017B Bonds were used to finance the acquisition, construction, and installation of certain public improvements.

The Series 2017B Bonds bear an interest rate of 8.00% per annum and payable annually on December 15, but only to the extent of available Subordinate Pledged Revenue. The Series 2017B Bonds are structured as cash flow bonds, meaning that there are no scheduled payments of principal or interest thereof prior to the final maturity date. Rather, principal on the Series 2017B Bonds is payable on each December 15 (if at all) from, and solely to the extent of, Subordinate Pledged Revenue (if any) remaining after the payment of interest then due on the Series 2017B Bonds on December 15 of the then current year. Unpaid interest on the 2017B Bonds compounds annually on each December 15.

To the extent principal of any Bond is not paid when due, such principal shall remain outstanding until paid. To the extent interest on any Bond is not paid when due, such interest shall compound semiannually on each Interest Payment Date, at the rate then borne by the Bond; provided however, that notwithstanding anything herein to the contrary, the District shall not be obligated to pay more than the amount permitted by law and the Election in repayment of the Bonds, including all payments of principal, premium if any, and interest, and all Bonds will be deemed defeased and no longer outstanding upon the payment by the District of such amount.

**NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)**

**Series 2017B Subordinate Limited Tax General Obligation and Special Revenue Bonds (Continued)**

The Series 2017B Bonds are secured by and payable solely from and to the extent of the Subordinate Pledged Revenue, net of any costs of collection, which is defined generally in the 2017B Indenture as:

- (a) all Subordinate Property Tax Revenues;
- (b) all Subordinate Specific Ownership Tax Revenues attributable to the Subordinate Required Mill Levy;
- (c) all Subordinate Capital Fee Revenue, including particularly and without limitation, the Facilities Fees;
- (d) all Subordinate PIF Revenue; and
- (e) any other legally available moneys which the District determines, in its absolute discretion, to credit to the Subordinate Bond Fund.

Pursuant to the Series 2017B Indenture, the District has further covenanted to levy a Subordinate Required Mill Levy each year in the amount equal to (i) 40.000 mills (as adjusted from January 1, 2009) less the Senior Required Mill Levy, or (ii) such lesser amount that will generate Subordinate Property Tax Revenues which, when combined with moneys then on deposit in the Subordinate Bond Fund, will pay the 2017B Bonds in full.

**Events of Default**

The occurrence of any one or more of the following events or the existence of any one or more of the following conditions shall constitute an Event of Default under the Indenture (whatever the reason for such event or condition and whether it be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree, rule, regulation, or order of any court or any administrative or governmental body), and there shall be no default or Event of Default hereunder except as provided in this Section:

- (a) The District fails or refused to impose the Senior Required Mill Levy or to apply the Pledged Revenue as required by the Indenture;
- (b) The District defaults in the performance or observance of any other of the covenants, agreements, or conditions on the part of the District in the Indenture or Bond Resolution, and fails to remedy the same after notice thereof; or
- (c) The District files a petition under the federal bankruptcy laws or other applicable bankruptcy laws seeking to adjust the obligation represented by the Bonds.

It is acknowledged that due to the limited nature of the Pledged Revenue, the failure to pay the principal of or interest on the Bonds when due shall not, of itself, constitute an Event of Default hereunder.

The Series 2017B Bonds do not have any unused lines of credit. No assets have been pledged as collateral on the Series 2017B Bonds.

The Series 2017B Bonds are not subject to early termination. The Series 2017B Bonds are not subject to acceleration.

**NOTE 4 LONG-TERM OBLIGATIONS (CONTINUED)**

**Series 2017B Subordinate Limited Tax General Obligation and Special Revenue Bonds (Continued)**

Due to the uncertainty of the timing of the principal and interest payments on the Series 2017B Bonds, a schedule of the timing of these payments is not available.

**Series 2016 Limited Tax General Obligation and Special Revenue Bonds**

The District previously authorized its Limited Tax General Obligation and Special Revenue Bonds, Series 2016, in the aggregate principal amount of up to \$68,664,991 and, of such amount, on November 10, 2016, the District issued \$1,535,003 in aggregate principal amount. The Series 2016 Bonds were authorized to be issued from time to time in accordance with an Indenture of Trust between the District and UMB Bank, n.a., as trustee thereunder (the 2016 Trustee) dated as of November 1, 2016, as amended by the First Supplemental Indenture of Trust between the District and the 2016 Trustee dated as of May 25, 2017 (the 2016 First Supplement), and as further amended by the Second Supplemental Indenture of Trust between the District and the 2016 Trustee dated as of September 29, 2020 (the 2016 Second Supplement and, as supplemented, the 2016 Indenture).

Proceeds of the Series 2017A Bonds were used to refund the outstanding balance of the Series 2016 Bonds in the principal amount of \$1,535,003. The 2016 First Supplement decreased the total authorized principal amount of the Series 2016 Bonds from \$68,664,991 to \$11,485,003 based on the then-anticipated residential development within the District. In 2020, the District was advised of changes to the anticipated residential development within the District which allowed the District to increase the amount of the Series 2016 Bonds that can be reasonably expected to be repaid from Pledged Revenue.

The District entered into the 2016 Second Supplement to increase the total authorized aggregate principal amount to \$27,767,003 (including the previously issued bonds), to add a discharge provision to occur on December 15, 2067, and to allow additional draws to occur for a three-year period.

The 2016 Indenture and related documents allow additional draws on the Series 2016 Bonds of up to \$26,232,000 in aggregate principal amount for the purpose of paying the Original Landowner amounts due pursuant to the District's Reimbursement Obligation under the Master Reimbursement Agreement to the extent proceeds of the Series 2017A and 2017B Bonds are insufficient for such purpose. On May 11, 2020, the District issued \$9,950,000 of principal, on September 29, 2020, the District issued \$4,060,000 of principal, and on November 18, 2020, the District issued \$3,209,454 of principal. On February 8, 2021, the District issued \$2,514,997 of principal, on May 10, 2021, the District issued \$4,687,025 of principal and on June 18, 2021, the District issued \$1,810,524 of principal, which has resulted in an authorized and unissued aggregate principal balance of \$-0-. Repayment of the Series 2016 Bonds is fully subordinate and junior to the payment of the 2017A Bonds and the 2017B Bonds.

**Series 2016 Limited Tax General Obligation and Special Revenue Bonds (Continued)**

The Series 2016 Bonds bear an interest rate of 7.00% per annum and are payable annually on December 15, but only to the extent of available Pledged Revenue. The Series 2016 Bonds mature on December 15, 2057. The Series 2016 Bonds are structured as cash flow bonds, meaning that there are no scheduled payments of principal or interest prior to the final maturity date. Rather, principal on the Series 2016 Bonds is payable on each December 15 (if at all) from, and solely to the extent of, Pledged Revenue (if any) remaining after the payment of interest then due on the Series 2016 Bonds on December 15 of the then current year. Unpaid interest on the Series 2016 Bonds compounds annually on each December 15.

To the extent principal of any Bond is not paid when due, such principal shall remain outstanding until paid. To the extent interest on any Bond is not paid when due, such interest shall compound semiannually on each Interest Payment Date, at the rate then borne by the Bond; provided however, that notwithstanding anything herein to the contrary, the District shall not be obligated to pay more than the amount permitted by law and the Election in repayment of the Bonds, including all payments of principal, premium if any, and interest, and all Bonds will be deemed defeased and no longer outstanding upon the payment by the District of such amount.

The Series 2016 Bonds are subject to optional redemption, prior to maturity, at the option of the District, on any date upon payment of par, and accrued interest, without redemption premium.

**Events of Default**

The occurrence of any one or more of the following events or the existence of any one or more of the following conditions shall constitute an Event of Default under the Indenture (whatever the reason for such event or condition and whether it be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree, rule, regulation, or order of any court or any administrative or governmental body), and there shall be no default or Event of Default hereunder except as provided in this Section:

- (a) The District fails or refused to impose the Senior Required Mill Levy or to apply the Pledged Revenue as required by the Indenture;
- (b) The District defaults in the performance or observance of any other of the covenants, agreements, or conditions on the part of the District in the Indenture or Bond Resolution, and fails to remedy the same after notice thereof; or
- (c) The District files a petition under the federal bankruptcy laws or other applicable bankruptcy laws seeking to adjust the obligation represented by the Bonds.

It is acknowledged that due to the limited nature of the Pledged Revenue, the failure to pay the principal of or interest on the Bonds when due shall not, of itself, constitute an Event of Default hereunder.

The Series 2016 Bonds do not have any unused lines of credit. No assets have been pledged as collateral on the Series 2016 Bonds.

The Series 2016 Bonds are not subject to early termination. The Series 2016 Bonds are not subject to acceleration.

The Series 2016 Bonds are secured by and payable solely from and to the extent of the Pledged Revenue, net of any costs of collection, which is defined generally in the 2016 Indenture as the following, net of any costs of collection:

Pursuant to the Amended and Restated Service Plan, the aggregate debt limit is \$226,000,000 for all of District Nos. 2 – 11 combined, exclusive of refundings.

Pursuant to the Service Plan, the maximum mill levy for general obligation debt and operations and maintenance is 69.000 mills. The maximum mill levy is to be adjusted for increases or decreases in the residential assessment ratio and the method of calculating assessed valuation so that the actual tax revenues derived from the mill levy, as adjusted, are neither diminished nor enhanced as a result.

In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area.

**NOTE 7 DISTRICT AGREEMENTS**

**Master Reimbursement Agreement**

The District entered into a Master Reimbursement Agreement (the Agreement) with The Canyons Metropolitan District No. 6 (District No. 6) and The Canyons Metropolitan District No. 7 (District No. 7), the Original Landowner, the Master Builder, and Oread Canyons, LLC (Oread), a Colorado limited liability company. Pursuant to the Agreement, the District and District No. 6 will reimburse the Original Landowner and Oread, respectively, for the costs of the District-Eligible Public Improvements, which are to be constructed by the Master Builder or its assignee, all as more particularly described in the Agreement. District No. 7 will own, operate, and maintain all District-Eligible Public Improvements within its boundaries that are not dedicated to any other public entity.

Under the Agreement, the Consolidated Service Plan established a combined mill levy limitation (applicable to both debt service and operation and maintenance mill levies imposed by the Districts) of 69.000 mills. The District will impose 40.000 mills for debt service and District No. 6 will impose 10.000 mills for debt service as adjusted for changes in the residential assessment ratio and changes in the method of calculating assessed valuation. The District and District No. 6 will each impose 1.000 mill as adjusted to pay for the respective District's administrative costs as adjusted. District No. 7 will impose 17.000 mills for operations as adjusted.

The Agreement states that the District is also entitled to 80% of PIF Revenues and Facilities Fees, and is obligated to pay 80% of the Collective Reimbursement Obligation, or the Bonds used for financing District-Eligible Public Improvements.

The Agreement also sets forth the procedures for submittal, review, certification, and acceptance of the costs of Public Improvements.

**Intergovernmental Agreement with the City**

As contemplated by the Service Plan, the Canyons Districts (being District Nos. 1 – 11) and the City entered into an Intergovernmental Agreement for The Canyons Metropolitan District Nos. 1 – 11, dated as of December 6, 2010, as amended pursuant to a First Amendment thereto dated December 11, 2015 (as so amended, the City IGA), which, among other things, recites the limitations on the Canyons Districts' provision of services and exercise of powers as set forth in the Service Plan.

In addition to the limitations contained in the Service Plan, the City IGA specifies that completed Public Improvements are to be dedicated to the City, Parker Water and Sanitation District (Parker Water), or other appropriate governmental entity. The Canyons Districts are authorized to undertake and coordinate any operational requirements for Public Improvements that will not ultimately be conveyed to the City, Parker Water, or other governmental entity and may also operate and maintain Public Improvements that are pending final acceptance by the City.

**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2023**

**NOTE 7 DISTRICT AGREEMENTS (CONTINUED)**

**Intergovernmental Agreement with the City (Continued)**

Upon acceptance by the City, Parker Water, or other appropriate governmental entity, none of the Canyons Districts are authorized to operate or maintain such Public Improvements unless authorized under separate intergovernmental agreement with the City, Parker Water, or such other governmental entity, respectively. The Canyons Districts are specifically authorized to own, operate, and maintain park and recreation improvements and landscaped or open space parcels.

The City IGA also specifies that none of the Canyons Districts are authorized to engage in the provision of any television relay and translation facilities or services and, subject to certain exceptions for improvements comprising a portion of the water system improvements, shall not be authorized to provide fire protection facilities or services.

**NOTE 8 RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees, or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, workers' compensation, property, and public officials' liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

**NOTE 9 TAX, SPENDING, AND DEBT LIMITATIONS**

Article X, Section 20 of the Colorado Constitution, referred to as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the state of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limits must be refunded unless the voters approve retention of such revenue.

**THE CANYONS METROPOLITAN DISTRICT NO. 5**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**DECEMBER 31, 2023**

**NOTE 9 TAX, SPENDING, AND DEBT LIMITATIONS (CONTINUED)**

On May 4, 2010 and November 4, 2014, the District voters passed an election question to increase property taxes \$100,000,000 per election annually as adjusted for inflation, without limitation of rate, to pay the District's operations, maintenance, and other expenses. Additionally, the District's electors authorized the District to collect, retain, and spend all revenue without regard to any limitations under TABOR.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.
