## INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Cherry Creek Vista Park and Recreation District  
Arapahoe County, Colorado

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the financial statements of the governmental activities, the business-type activities and each major fund of the Cherry Creek Vista Park and Recreation District (the "District") as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund of the Cherry Creek Vista Park and Recreation District as of December 31, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Cherry Creek Vista Park and Recreation District, and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures of the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matters***

#### **Required Supplementary Information**

Management has omitted the management's discussion and analysis that GASB requires to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by GASB who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

#### **Supplemental Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Cherry Creek Vista Park and Recreation District's basic financial statements. The accompanying schedules of revenues, expenditures and changes in fund balances – budget and actual for the debt service fund, debt service fund – fence project, capital projects fund, capital projects fund – 2020 loan, capital projects fund – peakview,

capital projects fund – pool renovation, capital projects fund – sunset park and enterprise fund; the schedule of debt service requirements to maturity, the five year summary of assessed valuation, mill levy and property taxes collected – fence subdistrict, and the five year summary of assessed valuation, mill levy and property taxes collected – fence subdistrict, collectively comprise the District’s “supplemental information” as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental information, as listed in the table of contents, is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES  
Year Ended December 31, 2023**

A reconciliation reflecting the differences between the governmental funds net change in fund balances and change in net position reported for governmental activities in the Statement of Activities as follows:

Net change in fund balances - Total governmental funds	<u>\$ (85,954)</u>
<p>Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.</p>

**CHERRY CREEK VISTA PARK AND RECREATION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2023**

**NOTE 1 – DEFINITION OF REPORTING ENTITY**

Cherry Creek Vista Park and Recreation District (District), a quasi-municipal corporation was organized in 1979 and is governed pursuant to provisions of the Colorado Special District Act. The District's service area is located in Arapahoe County, Colorado. The District was established to construct and maintain parks and recreation facilities.

On July 19, 2001, the District created the Cherry Creek Vista Park and Recreation District Fence Subarea located within the District for the purpose of constructing and maintaining public fence and landscape improvements. The Subarea is an independent quasi-municipal corporation with all of the rights, privileges and immunities of the District, subject to the service plan of the District and is governed by the Board of Directors of the District. The District has the power to impose different rates of levy for property tax purposes in the different areas. In 2005, the District created the Enterprise Fund to account for pool operations.

The District has no employees and all operations and administrative functions are contracted.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The more significant accounting policies of the District are described as follows:

**Government-wide and Fund Financial Statements**

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues, and business-type activities rely to a significant extent on fees and charges for support.

The statement of net position reports all financial and capital resources of the District, the difference between the assets and deferred outflows and liabilities and deferred inflows of the District being reported as net position.

**CHERRY CREEK VISTA PARK AND RECREATION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2023**

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental and proprietary funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. Depreciation is computed and recorded as an operating expense. Expenditures for capital assets are shown as increases in assets and redemption of bonds and notes are recorded as a reduction in liabilities.

The District has elected to follow Governmental Accounting Standards Board pronouncements in both the government-wide and proprietary fund financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation paid. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

The *General Fund* is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Special Revenue Fund – Fence Project* is used to account for the financial resources of the fence project and maintenance.

The *Debt Service Fund* accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

**CHERRY CREEK VISTA PARK AND RECREATION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2023**

The *Debt Service Fund – Fence Project* accounts for the resources accumulated and payment made for the principal and interest on long-term general obligation debt of the fence project.

The *Capital Projects Fund* is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities.

The *Capital Projects Fund – 2020 Loan* is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities.

The *Capital Projects Fund - Peakview* is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities in connection with a grant from Arapahoe County.

The *Capital Projects Fund – Pool Renovation* is used to account for financial resources to be used for the acquisition and construction of capital equipment and pool facilities.

The *Capital Projects Fund – Sunset Park* is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities in connection with a grant from Arapahoe County.

The District reports the following major proprietary fund:

The *Enterprise Fund* accounts for the activities related to the pool.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

### **Budgets**

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

Supplementary appropriations were approved by the District for the year ended December 31, 2023.

### **Pooled Cash and Investments**

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each funds' average equity balance in total cash.

**CHERRY CREEK VISTA PARK AND RECREATION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2023**

**Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April 1 or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflows of resources in the year they are levied and measurable. The deferred property tax revenues are recorded as revenue in the year they are available or collected.

**Capital Assets**

Capital assets, which include land, landscape and signage, park improvements and irrigation systems are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable. Depreciation expense has been computed using the straight-line method over the following estimated economic useful lives:

Tennis courts	20 years
Parking lots/fence	40 years
Playground/picnic	30 years
Pool	20 years
Pedestrian bridge/trail	20 years
Equipment	5-7 years

**Bond Issue Costs and Original Issue Discount/Premium**

In the government-wide financial statements, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bond issuance costs are expensed in the period incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**CHERRY CREEK VISTA PARK AND RECREATION DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2023**

**Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has no items reported as deferred outflows of Resources.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Deferred property taxes are deferred and recognized as an inflow of resources in the period that the amounts become available.

**Fund Equity**

Fund balance for governmental funds are reported in the categories listed below to make the nature and extent of the constraints placed on a government's fund balances more transparent. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable fund balance—the amount of fund balance that is not in spendable form (such as inventory or prepaids) or is legally or contractually required to be maintained intact.

Restricted fund balance—the amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

Committed fund balance—amounts constrained to specific purposes by the District itself, using its highest level of decision-making authority (i.e., Board of Directors). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest level action to remove or change the constraint.

Assigned fund balance—amounts the District intends to use for a specific purpose. Intent can be expressed by the District Board of Directors or by an official or body to which the District Board of Directors delegates the authority.

Unassigned fund balance—amounts that are available for any purpose. Positive amounts are reported only in the General Fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless

NOTES TO FINANCIAL STATEMENTS

the District Board of Directors has provided otherwise in its commitment or assignment actions.

**NOTE 3 - CASH AND INVESTMENTS**

Cash and investments as of December 31, 2023 are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and investments – unrestricted	\$ 109,664
Cash and investments – restricted	<u>506,802</u>
Total cash and investments	<u>\$ 616,466</u>

Cash and investments as of December 31, 2023 consist of the following:

Deposits with financial institutions	\$ 158,383
Investments	<u>458,083</u>
Total cash and investments	<u>\$ 616,466</u>

**Cash Deposits**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by Statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2023, the District's cash deposits had a bank balance of \$158,632 and carrying balance of \$158,383.

**Investments**

The District has not adopted a formal investment policy, however, the District follows state statutes regarding investments.

The District follows Colorado State Statutes which specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States and certain U.S. government agency securities and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Bankers' acceptances of certain banks
- . Commercial paper

**CHERRY CREEK VISTA PARK AND RECREATION DISTRICT**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2023**

- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- . Local government investment pools

**Interest Rate Risk**

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors.

**Credit Risk**

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rate by a nationally recognized statistical rating organization.

*COLOTRUST*

At December 31, 2023, the District has invested \$458,083 in the Colorado Local Government Liquid Asset Trust (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust operates similarly to a money market fund. The Trust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both portfolios may invest in U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain obligations of U.S. government agencies and instrumentalities, and repurchase agreements collateralized with certain U.S. government agencies or instrumentalities. COLOTRUST PLUS+ may also invest in the highest rated commercial paper. Both the COLOTRUST PRIME and COLOTRUST PLUS+ portfolios are rated AAAM by Standard and Poor's.

**Investment Valuation**

Certain investments are measured at fair value on a recurring basis are categorized within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

However, the investments held by the District are not required to be categorized within the fair value hierarchy. These investments are measured at amortized cost or in certain circumstances the value is calculated using the net asset value (NAV) per share, or its equivalent of the investment. These investments include 2a7-like external investment pools and money market investments such as COLOTRUST.

**CHERRY CREEK VISTA PARK AND RECREATION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2023**

*COLOTRUST*

COLOTRUST determines the NAV of the shares of each portfolio as of the close of business of each day. The NAV per share of each portfolio is computed by dividing the total value of the securities and other assets of the portfolios, less any liabilities, by the total outstanding shares of the portfolios. Liabilities, which include all expenses and fees of COLOTRUST, are accrued daily. The NAV is calculated at fair value using various inputs to determine the value in accordance with FASB guidance. It is the goal of the Trust to maintain a NAV of \$1.00 per share, however changes in interest rates may affect the fair value of the securities held by COLOTRUST and there can be no assurance that the NAV will not vary from \$1.00 per share.

**Restricted Cash and Investments**

At December 31, 2023, the District reports restricted cash and investments in the amount of \$340,250 held by the Debt Service Fund for debt service expenditures, \$37,223 in the Capital Projects Fund to be used for expenditures allowed by the Conservation Trust Fund and \$129,329 of bond proceeds to be used for the Sunset Park Grant.

On September 9, 2020, the District issued \$1,657,000 of Taxable General Obligation Refunding Loan, Series 2020A (2020A Loan), to advance refund and defease \$1,575,000 of the 2011 Bonds and pay the costs of financing. Prior to the time the 2020A Loan converts from taxable to non-taxable loan, the 2020A Loan will bear interest at a rate of 2.68%. After the 2020A Loan converts to a non-taxable loan, the 2020A Loan will bear interest at a rate of 2.12%. The 2020A Loan principal payments are to be made in annual installments on December 1 of each year beginning in 2021. Interest will be paid semiannually on June 1 and December 1 of each year, commencing June 1, 2021.

The District may, at its option, prepay the 2020A Loan in whole, or in part, on any interest payment date. Prior to June 1, 2026, the 2020A Loan may be prepaid at a repayment price equal to the principal balance together with accrued interest, plus a premium of 3.00% if prepaid through and including December 1, 2023, 2.00% if prepaid on June 1, 2024 or December 1, 2024, and 1.00% if prepaid on June 1, 2025 or December 1, 2025. The District may prepay the 2020A Loan on June 1, 2026 and on any interest payment date thereafter at a repayment price equal to the principal balance of the 2020A Loan, without premium or penalty.

On May 3, 2021, the 2020A Loan converted from a taxable loan to a non-taxable loan.

**\$4,884,000 General Obligation Improvement Tax-Exempt Loan, Series 2020B**

On September 9, 2020, the District issued \$4,884,000 of General Obligation Improvement Tax-Exempt Loan, Series 2020B (2020B Loan), to pay for capital expenditures and pay the costs of financing. The 2020B Loan bears interest at a rate of 2.660%. The 2020B principal payments are to be made in annual installments on December 1 of each year beginning in 2028. Interest will be paid semiannually on June 1 and December 1 of each year, commencing June 1, 2021.

The District may, at its option, prepay the 2020B Loan in whole, or in part, on any interest payment date. Prior to June 1, 2026, the 2020B Loan may be prepaid at a repayment price equal to the principal balance together with accrued interest and a prepayment fee, plus a premium of 3.00% if prepaid through and including December 1, 2023, 2.00% if prepaid on June 1, 2024 or December 1, 2024, and 1.00% if prepaid on June 1, 2025 or December 1, 2025. The District may prepay the 2020B Loan on June 1, 2026 and on any

interest payment date thereafter at a repayment price equal to the principal balance of the 2020B Loan and accrued interest, without a prepayment fee, premium or penalty.

The District has pledged to levy a debt service mill levy in an amount sufficient to pay the principal and interest on the 2020A Loan and 2020B Loan when due.

The occurrence of any one or more of the following events or existence of any one or more of the following shall constitute an event of default under the 2020A Loan and 2020B Loan (collectible, the Loans) Agreement:

- a) the District fails to pay the principal of or interest on the Loans or any other amount payable to the lender hereunder when due;
- b) the District fails to observe or perform any other material covenants, agreements, duties, or conditions under the Loan Agreement;
- c) any representation or warranty made by the District in any financing document or any certificate, instrument, financial, or other statement furnished by the District to the lender, proves to have been untrue or incomplete in any material respect when made or deemed made;
- d) any judgement or court order for the payment of money exceeding any applicable insurance coverage by more than \$100,000 in the aggregate is rendered against the District fails to vacate, bond, stay, contest, pay, or satisfy such judgment or court order for thirty days;
- e) the District commences any case, proceeding, or other action under any existing or future law relating to bankruptcy, insolvency, reorganization, or relief of debtors, seeking to have an order for relief entered with respect to it; or seeking appointment of a receiver, trustee, custodian, or other similar official for itself or for any substantial part of its property;
- f) the District initiates, acquiesces, or consents to any proceedings to dissolve itself or to consolidate itself with other similar entities into a single entity, or the District shall otherwise cease to exist.

In addition to the application of the Default Rate, upon the occurrence and during the continuance of any event of default, the lender, at its option, may do any one or more of the following: a) exercise any and all remedies at law or in equity available hereunder; b) apply all amounts constituting collateral to the amounts due hereunder, in any order of priority determined by the lender; c) proceed by mandamus or any other suit, action, or proceeding at law or in equity, to enforce all rights of the lender and d) take any other action or exercise any other remedy available under the Loan Agreement, at law or in equity. The Default Rate is the rate per annum equal to the sum of: a) the applicable rate then in effect for the respective Loans at the time of the occurrence of the event of default; plus b) 4.00%.

On May 5, 2020, the District's electors authorized the District to increase debt up to \$7,250,000 for fund projects and refinance existing debt. As of December 31, 2023, the District had authorized but unissued debt remaining in the amount of \$709,000.

**NOTE 6- FUND EQUITY**

At December 31, 2023, the District reported the following classifications of fund equity.

**Nonspendable Fund Balance**

The nonspendable fund balance in the General Fund in the amount of \$22,148 and in the Special Revenue Fund in the amount of \$4,819 is comprised of prepaid amounts which are not in spendable form.

**Restricted Fund Balance**

The restricted fund balance in the amount of \$18,500 and \$1,580 in the General Fund and Special Revenue Fund, respectively is comprised of the Emergency Reserves that have been provided for as required by Article X, Section 20 of the Constitution of the State of Colorado (see Note 10).

The restricted fund balance in the Debt Service Fund in the amount of \$340,250 is to be used exclusively for debt service requirements (see Note 5).

The restricted fund balances in the Capital Projects in the amount of \$37,223 is unspent funding from the State of Colorado – Conservation Trust Fund and is to be used for allowable capital projects.

The restricted fund balances in the Capital Projects Fund – Sunset Park in the amount of \$129,073 are to be used exclusively for capital projects in accordance with the Series 2020A and 2020B Loans (see Note 5).

**Assigned Fund Balance**

The assigned fund balance in the Special Revenue Fund of \$6,482 is to be used for ongoing maintenance of the fence.

**CHERRY CREEK VISTA PARK AND RECREATION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2023**

The assigned fund balance in the General Fund in the amount of \$36,747 is comprised of amounts assigned by the Board of Directors by a resolution to eliminate the projected budgetary deficit in the subsequent year's budget.

**NOTE 7 - NET POSITION**

The District has net position consisting of three components – net investment in capital assets, restricted, and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2023, the District had net investment in capital assets calculated as follows:

	<b>Governmental Activities</b>
Net investment in capital assets:	
Capital assets, net	\$ 9,252,448
Noncurrent portion of long-term obligations	(5,778,000)
Current portion of long-term obligations	(258,000)
Net investment in capital assets	\$ 3,216,448

Restricted net position includes amounts that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

The District had restricted net position as of December 31, 2023 as follows:

Restricted:	
Emergencies	\$ 20,080
Debt Service	327,389
Capital projects	37,223
	\$ 384,692

**NOTE 8 – INTERFUND TRANSFERS**

The General Fund transferred a total of \$112,432 to the following funds: \$69,304 to the Enterprise Fund and \$40,000 to the Special Revenue Fund – Fence to assist with operating expenses and \$3,128 to the Capital Projects Fund - Pool Renovation Fund to cover certain capital expenses.

The Capital Projects Fund – Conservation Trust transferred \$19,839 to the Capital Projects Fund – Pool Renovation for the payment of capital expenses.

The Capital Projects Fund – 2020 Loan transferred \$117,464 to the Capital Projects Fund –Pool Renovation and \$154 to the Capital Projects Fund – Peakview for the payment of capital expenses.

**CHERRY CREEK VISTA PARK AND RECREATION DISTRICT  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2023**

The Capital Projects Fund – Peakview transferred \$1,023 to the General Fund for a vendor check that was paid in error and voided.

**NOTE 9 – RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees, or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2023. The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property and public officials' liability. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

**NOTE 10 - TAX, SPENDING AND DEBT LIMITATIONS**

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations that apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

In November 2001, a majority of the District's voters approved the District to increase taxes \$25,000 annually plus the rate of inflation, as necessary to pay the District's operations, maintenance and other expenses. Such taxes are to be levied within the Fence Subarea to be in addition to any other taxes imposed by the District.

On May 6, 2014, a majority of the District's voters approved the District to increase taxes by \$114,286 in 2014 and by whatever amount of revenue is generated annually in 2014 and every year thereafter, through an increase in the District's operations and maintenance mill levy of 1.8 mills for a maximum mill levy for operations and maintenance not to exceed 4.273 mills. The maximum mill levy of 4.273 may be adjusted up or down to account for legislative or constitutional changes in the method or percentage for

calculating District assessed values. In addition, the District shall be authorized to collect, retain and expend for public purposes the full amount received by the District from state and local grants and any other revenue sources other than assessments, notwithstanding any spending, revenue raising or other limits in Article X, Section 20 of the Colorado Constitution or Section 29-1-301, Colorado Revised Statutes.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.

**NOTE 11 – ARAPAHOE COUNTY GRANTS**

*Sunset Park Project Grant*

In 2021, the District was awarded a project grant from Arapahoe County Open Space in the amount of \$500,000 with a cash match from the District of \$166,700. The District is using the grant for improvements to Sunset Park. The project includes a re-designed ADA playground, repaired basketball and tennis courts, new pickle-ball court, new dirt baseball infield/backstop, signage, seating and improved water-wise landscaping/sod reduction. As of December 31, 2023, the District has incurred \$37,627 of expenditures on the project using the District's cash match to fund those expenditures.

This information is an integral part of the accompanying financial statements.
