Independent Auditor's Report

The Board of Directors
Park Hospital District dba Estes Park Health
Estes Park, Colorado

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Park Hospital District dba Estes Park Health (Medical Center), which comprise the statements of net position as of December 31, 2023 and 2022, and the related statements of revenues, expenses, and changes in net position and statements of cash flows, and the statements of financial position and related statements of activities of its discretely presented component unit Estes Park Medical Center Foundation dba Estes Park Health Foundation, as of and for the years then ended, and the related notes to the financial statements, which collectively comprise the Medical Center's basic financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Medical Center as of December 31, 2023 and 2022, and the respective changes in financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Governmental Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Medical Center and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Adoption of New Accounting Standard

As discussed in Note 11 to the financial statements, the Medical Center has adopted the provisions of Government Accounting Standards Board (GASB) Statement No. 96, *Subscription-Based Information Technology Arrangements*, for the year ended December 31, 2022. Accordingly, a restatement has been made to the Medical Center's net position as of January 1, 2022 to restate beginning net position. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Medical Center's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Governmental Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Governmental Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Medical Center's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Medical Center's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budget to actual schedule on page 28 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures.

Other Matters

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 29, 2024 on our consideration of the Medical Center's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Medical Center's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Medical Center's internal control over financial reporting and compliance.

Note 1 - Reporting Entity and Summary of Significant Accounting Policies

The financial statements of the Park Hospital District dba Estes Park Health (Medical Center) have been prepared in accordance with generally accepted accounting principles in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting and reporting policies and practices used by the Medical Center are described below.

Reporting Entity

The Medical Center operates a 23-bed critical access hospital (Hospital) and the Family Medical Center (Clinic), located in Estes Park, Colorado. The Medical Center is organized as a political subdivision of the State of Colorado and has been recognized by the Internal Revenue Service as exempt from federal income taxes under Internal Revenue Code Section 501(a). The Medical Center is governed by a Board of Directors consisting of five members elected by the residents of Park Hospital District. The Medical Center is not a component unit of another governmental entity.

For financial reporting purposes, the Medical Center has included all funds, organizations, agencies, boards, commissions, and authorities. The Medical Center has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the Medical Center are such that the exclusion would cause the Medical Center's financial situation to be misleading or incomplete. The GASB has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the Medical Center to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the Medical Center.

Discretely Presented Component Unit

The Estes Park Medical Center Foundation (Foundation) is a 501(c)(3) organization whose sole purpose is to support the Medical Center. The Foundation conducts fundraising campaigns on behalf of the Medical Center. In accordance with Governmental Accounting Standards Board Statement No. 61, *The Financial Reporting Entity: Omnibus*, the Foundation has been determined to be a component unit and is presented as a discretely presented component unit in the Medical Center's financial statements. Complete financial statements of the Foundation may be obtained by contacting the Foundation's Executive Office.

Measurement Focus and Basis of Accounting

Measurement focus refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. Revenues are recognized when earned, and expenses are recorded when the liability is incurred.

Basis of Presentation

The statement of net position displays the Medical Center's assets, deferred outflows, liabilities, and deferred inflows, with the difference reported as net position. Net position is reported in the following components:

Net investment in capital assets consists of net capital assets and net leased assets reduced by the outstanding balances of any related debt obligations, lease liabilities, and deferred inflows or resources attributable to the acquisition, construction or improvement of those assets or related debt obligations and increased by balances of deferred outflows of resources related to those assets or debt obligations.

Restricted net position:

Expendable – Expendable net position results when constraints placed on net position use are either externally imposed or imposed through enabling legislation.

Nonexpendable – Nonexpendable net position is subject to externally imposed stipulations which require them to be maintained permanently by the Medical Center.

Unrestricted net position consists of net position not meeting the definition of the preceding categories. Unrestricted net position often has constraints on resources imposed by management, which can be removed or modified.

When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the Medical Center's policy is to first apply the expense toward the most restrictive resources and then toward unrestricted resources.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include highly liquid investments with an original maturity of three months or less, excluding internally designated or restricted cash and investments. For purposes of the statement of cash flows, the Medical Center's considers all cash and investments with an original maturity of three months or less as cash and cash equivalents.

Patient Receivables, Net

Patient receivables are uncollateralized patient and third-party payor obligations. Payments of patient receivables are allocated to the specific claims identified in the remittance advice or, if unspecified, are applied to the earliest unpaid claim.

The carrying amount of patient receivables is reduced by a valuation allowance that reflects management's estimate of amounts that will not be collected from patients and third-party payors.

Management reviews patient receivables by payor class and applies percentages to determine estimated amounts that will not be collected from third parties under contractual agreements and amounts that will not be collected from patients due to bad debts. Management considers historical write off and recovery information in determining the estimated bad debt provision.

Property Tax Receivable and Revenues

Property tax receivable represents taxes certified by the County Commissioners of Larimer County to be collected in the next fiscal year. Taxes are assessed on January 1 and are due in one installment on April 30 or in two installments on February 28 and June 15 of each year. Revenue from property taxes is recognized in the year for which the taxes are levied.

Supplies

Supplies are stated at lower of cost (first-in, first-out) or market and are expensed when used.

Noncurrent Investments

Noncurrent cash and investments includes unrestricted and undesignated investments, internally designated investments which are set aside by the Board of Directors for future capital improvements and debt retirement, over which the Board retains control and may at its discretion subsequently use for other purposes, and cash and investments restricted by donors. Investments are measured at fair value.

Investment Income

Interest, dividends, gains and losses, both realized and unrealized, on investments and deposits are included in nonoperating revenues when earned.

Capital Assets

Property and equipment acquisitions in excess of \$5,000 are capitalized and recorded at cost. Depreciation is provided over the estimated useful life of each depreciable asset and is computed using the straight-line method. The estimated useful lives of capital assets are as follows:

Land improvements	8-40 years
Buildings and improvements	5-40 years
Equipment	3-25 years

Gifts of long-lived assets such as land, buildings, or equipment are reported as additions to unrestricted net position and are excluded from revenues in excess of expenses. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted net position.

Right to use Leased Assets

Right to use leased assets are recognized at the lease commencement date and represent the Medical Center's right to use an underlying asset for the lease term. Right to use leased assets are measured at the initial value of the lease liability plus any payments made to the lessor before commencement of the lease term, less any lease incentives received from the lessor at or before the commencement of the lease term, plus any initial direct costs necessary to place the lease asset into service. Right to use leased assets are amortized over the shorter of the lease term or useful life of the underlying asset using the straight-line method.

Right to use Subscription- IT Assets

Right to use subscription IT assets are recognized at the subscription commencement date and represent the Medical Center's right to use the underlying IT asset for the subscription term. Right to use subscription IT assets are measured at the initial value of the subscription liability plus any payments made to the vendor at the commencement of the subscription term, less any subscription incentives received from the vendor at or before the commencement of the subscription term, plus any capitalizable initial implementation costs necessary to place the subscription asset into service. Right to use subscription assets are amortized over the shorter of the subscription term or useful life of the underlying asset using the straight-line method. Amortization is included in depreciation and amortization in the financial statements. The amortization period varies from 2 to 5 years.

Impairment of Long-Lived Assets

The Medical Center considers whether indicators of impairment are present and performs the necessary analysis to determine if the carrying value of assets is appropriate. No impairment was identified for the years ended December 31, 2023 and 2022.

Compensated Absences

The Medical Center's employees earn paid time-off (PTO) days for vacation and sick leave at varying rates depending on years of service. Employees may accumulate PTO up to a specified maximum. Employees are paid for accumulated PTO upon termination.

Estimated Health Claims Payable

The Medical Center provides for self-insurance reserves for estimated incurred but not reported claims for its employee health plan. These reserves, which are included in current liabilities on the statement of net position, are estimated based upon historical submission and payment data, cost trends, utilization history, and other relevant factors. Adjustments to reserves are reflected in the operating results in the period in which the change in estimate is identified.

Deferred Inflows of Resources

Deferred inflows of resources represent an increase in net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until then. The deferred inflow of resources reported in the financial statements are unavailable property taxes. The property taxes will be recognized as revenue in the year in which the taxes are levied and become available.

Operating Revenues and Expenses

The Medical Center's statement of revenues, expenses, and changes in net position distinguishes between operating and nonoperating revenues and expenses. Operating revenues and expenses of the Medical Center result from exchange transactions associated with providing health care services - the Medical Center's principal activity, and the costs of providing those services, including depreciation and amortization and excluding interest cost. All other revenues and expenses are reported as nonoperating.

Net Patient Service Revenue

The Medical Center has agreements with third-party payors that provide for payments to the Medical Center at amounts different from its established rates. Payment arrangements include prospectively determined rates, reimbursed costs, discounted charges, and per diem payments. Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

Colorado Healthcare Affordability and Sustainability Enterprise

The Medical Center participates in the Colorado Healthcare Affordability and Sustainability Enterprise (CHASE), approved by the Centers for Medicare and Medicaid Services (CMS), under which all hospitals in the state are assessed a fee based on bed size and payor mix. The State of Colorado uses the fees to supplement state budget funds for the Medicaid program, which brings matching federal monies into the program, enabling the State of Colorado to fund Medicaid payments to hospitals at a higher rate than would otherwise be possible. The Medical Center paid approximately \$1,335,000 and \$1,258,000 in CHASE fees for the years ended December 31, 2023 and 2022, which were recorded in operating expenses. The Medical Center received approximately \$4,735,000 and \$4,909,000 of supplemental payments for the years ended December 31, 2023 and 2022, which are recorded as part of net patient service revenue.

Grants and Contributions

The Medical Center may receive grants as well as contributions from individuals and private organizations. Revenues from grants and contributions (including contributions of capital assets) are recognized when all eligibility requirements, including time requirements are met. Grants and contributions may be restricted for either specific operating purposes or for capital purposes. Amounts that are unrestricted or that are restricted to a specific operating purpose are reported as nonoperating revenues. Amounts restricted to capital acquisitions are reported after expenses in excess of revenues.

Employee Retention Credit

The Coronavirus Aid, Relief, and Economic Security Act provided an employee retention credit (the credit) which is a refundable tax credit against certain employment taxes for eligible employers. The Consolidated Appropriations Act of 2021 and the American Rescue Plan Act of 2021 expanded the availability of the credit, extended the credit through September 30, 2021, and increased the credit to 70% of qualified wages, capped at \$7,000 per quarter. During the year ended December 31, 2023, the Medical Center recognized a \$1,838,087 benefit related to the credit which is presented in the statement of revenues, expenses, and changes in net position as nonoperating revenue.

Budgets

The Medical Center adopts an annual budget in accordance with Colorado Statutes. The budgeted revenue and expenditures are used by management as a control device during the year. Budgets are adopted on a basis that is consistent with generally accepted accounting principles.

Implementation of GASB Statement No. 96

As of January 1, 2022, the Medical Center adopted GASB Statement No.96, *Subscription-Based Information Technology Arrangements (SBITAs)*. The implementation of this standard holds that a SBITA results in a right to use subscription IT asset – an intangible asset – and a corresponding liability. The standard provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA. The Statement requires recognition of certain SBITA assets and liabilities for SBITAs that previously were recognized as outflows of resources based on the payment provisions of the contract. The effect of the implementation of this standard on beginning net position is disclosed in Note 11.

Note 2 - Net Patient Service Revenue

The Medical Center has agreements with third-party payors that provide for payments to the Medical Center at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows:

Medicare – The Medical Center is licensed as a Critical Access Hospital (CAH). The Medical Center is reimbursed for most acute care services under a cost reimbursement methodology with final settlement determined after submission of annual cost reports by the Medical Center and are subject to audits thereof by the Medicare Administrative Contractor (MAC). The Medical Center’s Medicare cost reports have been audited by the MAC through the year ended December 31, 2020. Clinical services are paid on a cost basis or fixed fee schedule.

Medicaid – Inpatient services and outpatient services rendered to Medicaid program beneficiaries are paid at prospectively determined rates per discharge. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors.

Commercial—The Medical Center has also entered into payment agreements with certain commercial insurance carriers and other organizations. The basis for payment to the Medical Center under these agreements includes prospectively determined rates per discharge, discounts from established charges, and prospectively determined daily rates.

Concentration of gross revenues by major payor accounted for the following percentages of the Medical Center’s patient service revenues for the years ended December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Medicare	36%	35%
Medicaid	13%	14%
Other third-party payors	49%	49%
Self pay	2%	2%
	<u>100%</u>	<u>100%</u>

Laws and regulations governing the Medicare, Medicaid, and other programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term.

Note 3 - Deposits and Investments

The carrying amounts of deposits and investments as of December 31, 2023 and 2022 are as follows:

	<u>2023</u>	<u>2022</u>
Carrying Amount		
Cash and deposits	\$ 10,634,449	\$ 5,620,344
Noncurrent investments	9,880,498	13,533,434
	<u>\$ 20,514,947</u>	<u>\$ 19,153,778</u>

Deposits and investments are reported in the following statement of net position captions:

	<u>2023</u>	<u>2022</u>
Included in the Following Statement of Financial Position Captions		
Cash and cash equivalents	\$ 7,320,283	\$ 2,099,242
Restricted cash	1,442,838	1,420,178
Assets held as collateral for debt agreement	1,871,328	2,100,924
Noncurrent investments	9,880,498	13,533,434
	<u>\$ 20,514,947</u>	<u>\$ 19,153,778</u>

Deposits – Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure or investment company failure, the Medical Center's deposits may not be returned to it. The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulations. Amounts on deposit in excess of federal insurance levels must be collateralized by eligible collateral as determined by the PDPA. The Medical Center's deposit policy for custodial credit risk requires compliance with the provisions of state law.

PDPA allows the financial institution to create a single collateral pool for all public funds held. The pool is to be maintained by another institution, or held in trust for all uninsured public deposits as a group. The market value of the collateral must be at least equal to 102% of the uninsured deposits. At December 31, 2023 and 2022, the Medical Center's deposits in banks were entirely covered by federal depository insurance and PDPA.

Investments

The Medical Center's long-term investments are reported at fair value. At December 31, 2023 and 2022, the Medical Center's investments consisted of the following:

Investment Type	Amount	Rating	Investment Maturities (in Years)		
			Less Than 1	1 - 5	6 - 10
Municipal bonds	\$ 396,648	AAA	\$ -	\$ 396,648	\$ -
Government securities	9,483,850	AA- to AA+	-	9,483,850	-
	<u>\$ 9,880,498</u>		<u>\$ -</u>	<u>\$ 9,880,498</u>	<u>\$ -</u>

Investment Type	Amount	Rating	Investment Maturities (in Years)		
			Less Than 1	1 - 5	6 - 10
Municipal bonds	\$ 394,440	AAA	\$ -	\$ 394,440	\$ -
Government securities	12,441,990	AA- to AA+	3,194,413	9,247,577	-
Corporate bonds	697,004	AA- to AA+	697,004	-	-
	<u>\$ 13,533,434</u>		<u>\$ 3,891,417</u>	<u>\$ 9,642,017</u>	<u>\$ -</u>

The Medical Center uses fair value to measure investments. Government securities and corporate bonds are considered Level 2 measurements, which utilize inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. These measurements include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and market-corroborated inputs.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The Medical Center's investment policy does not contain a provision that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

State Statutes limit the investment in bonds, debentures or notes of any corporation to be rated "A" or higher by nationally recognized statistical rating organizations. As of December 31, 2023 and 2022, the Medical Center was compliant with State Statutes with regard to credit risk. The Medical Center has no investment policy that would further limit its investment options.

Note 4 - Capital Assets

Capital asset additions, transfers, retirements, and balances for the year ended December 31, 2023 are as follows:

	Balance, December 31, 2022 (Restated)	Additions	Transfers and Disposals	Balance, December 31, 2023
Capital Assets Not Being Depreciated				
Land	\$ 513,973	\$ -	\$ -	\$ 513,973

Note 5 - Lease Obligations

The Medical Center entered into various agreements to buildings and medical equipment. The leases terminate at various dates through May 2040. Under the terms of the lease agreements, the Medical Center pays monthly base rents ranging from \$123 to \$35,665.

During the years ended December 31, 2023 and 2022, the Medical Center recorded approximately \$883,000 and \$895,000, respectively, in amortization expense and approximately \$169,000 and \$161,000, respectively, in interest expense related to the leases. When there is no interest rate explicitly stated in the lease agreement, the Medical Center used a discount rate of 0.50% based on its incremental borrowing rate.

Remaining principal and interest payments on leases are as follows:

Years Ending December 31,	Principal	Interest	Total
2024	\$ 937,326	\$ 187,069	\$ 1,124,395
2025	715,030	165,020	880,050
2026	490,929	146,056	636,985
2027	472,677	130,193	602,870
2028	424,725	114,586	539,311
2029-2033	1,835,562	408,142	2,243,704
2034-2038	1,951,881	188,019	2,139,900
2039-2040	450,128	10,511	460,639
	<u>\$ 7,278,258</u>	<u>\$ 1,349,596</u>	<u>\$ 8,627,854</u>

Note 6 - Long-Term Debt

A schedule of changes in the Medical Center's long-term debt for 2023 and 2022 is as follows:

	Balance, December 31, 2022	Additions	Reductions or Payments	Balance, December 31, 2023	Due Within One Year
Promissory Notes, Series 2016	\$ 10,170,000	\$ -	\$ -	\$ 10,170,000	\$ 1,140,000
2020 Promissory Note	2,102,104	-	(227,345)	1,874,759	249,528
Leases (Note 5)	7,158,527	954,370	(834,639)	7,278,258	937,326
	<u>\$ 19,430,631</u>	<u>\$ 954,370</u>	<u>\$ (1,061,984)</u>	<u>\$ 19,323,017</u>	<u>\$ 2,326,854</u>
	Balance, December 31, 2021	Additions	Reductions or Payments	Balance, December 31, 2022	Due Within One Year
Promissory Notes, Series 2016	\$ 11,295,000	\$ -	\$ (1,125,000)	\$ 10,170,000	\$ -
2020 Promissory Note	2,320,984	-	(218,880)	2,102,104	265,178
Leases (Note 5)	7,866,043	138,760	(846,276)	7,158,527	714,908
	<u>\$ 21,482,027</u>	<u>\$ 138,760</u>	<u>\$ (2,190,156)</u>	<u>\$ 19,430,631</u>	<u>\$ 980,086</u>

Promissory Notes, Series 2016

During 2016, the Medical Center refinanced its Limited Tax-Revenue Bonds Series 2006 (Bonds) with Promissory Notes, Series 2016 (Notes). The Notes bear interest of 1.85% and 2.90% with the interest being paid semiannually on each January 1 and July 1 and principal being due in varying annual installments through December 31, 2031. The Notes are secured by the Medical Center's pledged revenues.

2020 Promissory Note

The Medical Center has a note payable with a financial institution for \$2,500,000, the proceeds of which were used to fund the construction of the Urgent Care Clinic buildout. Beginning April 30, 2021, monthly payments of \$22,361 are due through maturity of March 30, 2031. Interest accrues at the Bank of Colorado Estes Park 12-month Public Funds Certificate of Deposit Rate plus 1% (2.00% and 1.01% as of December 31, 2023 and 2022, respectively). The promissory note is secured by a certificate of deposit held by the financial institution.

Restrictive Covenants

Under the terms of the 2016 and 2020 promissory notes, the Medical Center is required to maintain certain deposits with the lenders. Such deposits are included in restricted cash under debt agreement on the statement of net position. The promissory note agreements also require the Medical Center satisfy certain financial and nonfinancial covenants.

Scheduled debt service requirements for the Medical Center's long-term debt are as follows:

<u>Years Ending December 31,</u>	<u>Long-Term Debt</u>		<u>Total</u>
	<u>Principal</u>	<u>Interest</u>	
2024	\$ 1,389,528	\$ 318,103	\$ 1,707,631
2025	1,406,839	279,672	1,686,511
2026	1,446,519	239,933	1,686,452
2027	1,491,293	198,999	1,690,292
2028	1,531,163	157,196	1,688,359
2029-2031	4,779,417	204,890	4,984,307
	<u>\$ 12,044,759</u>	<u>\$ 1,398,793</u>	<u>\$ 13,443,552</u>

Note 7 - Subscription-Based Information Technology Arrangements (SBITAs)

The Medical Center has entered into various SBITA contracts, primarily for electronic health record and general ledger software subscriptions, as well as other minor software subscriptions. The Medical Center utilized incremental borrowing rates ranging from 0.71% to 4.63%, consistent with similar borrowing arrangements. The Medical Center is required make various yearly or monthly principal and interest payments through February 2027.

Park Hospital District dba Estes Park Health

Notes to Financial Statements
December 31, 2023 and 2022

A summary of the changes in subscription IT liabilities during the years ended December 31, 2023 and 2022 follows:

	(Restated) December 31, 2022 Balance	Additions	Deductions	December 31, 2023 Balance	Amounts Due Within One Year
Subscription IT liabilities	\$ 698,782	\$ 358,419	\$ (473,052)	\$ 584,149	\$ 342,324
	(Restated) January 1, 2022 Balance	Additions	Deductions	(Restated) December 31, 2022 Balance	Amounts Due Within One Year
Subscription IT liabilities	\$ 375,870	\$ 683,743	\$ (360,831)	\$ 698,782	\$ 363,450

Remaining principal and interest payments on subscriptions are as follows:

Years Ending December 31,	Principal	Interest	Total
2024	\$ 342,324	\$ 19,639	\$ 361,963
2025	142,724	8,705	151,429
2026	65,327	3,337	68,664
2027	33,774	1,344	35,118
	<u>\$ 584,149</u>	<u>\$ 33,025</u>	<u>\$ 617,174</u>

Note 8 - Pension Plan

The Medical Center has a defined contribution plan covering substantially all employees who meet age and hour requirements. Employer contributions to the plan are based on a percentage of eligible employee compensation for plan participants. Total pension expense for the years ended December 31, 2023, 2022, and 2021 was approximately \$1,620,000, \$1,450,000 and \$1,380,000, respectively.

Note 9 - Concentrations

The Medical Center grants credit without collateral to its patients, most of whom are insured under third-party payor agreements. The mix of receivables from third-party payors and patients, at December 31, 2023 and 2022 was as follows:

	2023	2022
Medicare	48%	45%
Medicaid	4%	9%
Other third-party payors	26%	30%
Self pay	22%	16%
	<u>100%</u>	<u>100%</u>

Note 10 - Contingencies**Risk Management**

The Medical Center is exposed to various risks of loss from torts; theft or damage of assets; business interruptions; errors and omissions; employee injuries and illnesses; natural disasters; and employee health, dental, and accident benefits. Commercial insurance coverage is purchased for claims arising from such matters other than employee health claims. Settled claims have not exceeded this commercial coverage in any of the three preceding years.

Malpractice Insurance

The Medical Center has malpractice insurance coverage to provide protection for professional liability losses on a claims-made basis subject to a limit of \$1 million per claim and an annual aggregate limit of \$3 million. Should the claims-made policy not be renewed or replaced with equivalent insurance, claims based on occurrences during its term, but reported subsequently, would be uninsured.

Litigation, Claims, and Disputes

The Medical Center is subject to the usual contingencies in the normal course of operations relating to the performance of its tasks under its various programs. In the opinion of management, the ultimate settlement of any litigation, claims, and disputes in process will not be material to the financial position, operations, or cash flows of the Medical Center.

The health care industry is subject to numerous laws and regulations of federal, state, and local governments. Compliance with these laws and regulations, specifically those relating to the Medicare and Medicaid programs, can be subject to government review and interpretation, as well as regulatory actions unknown and unasserted at this time. Federal government activity with respect to investigations and allegations concerning possible violations by health care providers of regulations could result in the imposition of significant fines and penalties, as well as significant repayments of previously billed and collected revenues from patient and resident services.

Self-Funded Health Plan

The Medical Center is self-funded for health benefits for eligible employees and their dependents. The Medical Center, in connection with this plan, recognizes health benefit expenses on an accrual basis. An accrued liability is recorded at year-end, which estimates the incurred but not reported claims that will be paid by the Medical Center. The Medical Center has stop loss insurance to cover catastrophic claims in excess of \$75,000 per claim and an annual aggregate limit of \$4,438,841 for the plan year ended December 31, 2023.

The Medical Center expenses amounts representing the employer's portion of actual claims paid, adjusted for the estimates of liabilities relating to claims resulted from services provided prior to the fiscal year end not to exceed the annual aggregate expense. The estimated liability is included in accrued expenses in the financial statements. These amounts have been estimated based on historical trends and actuarial analysis.

Changes in the balance of claims liabilities during the years ended December 31, 2023 and 2022 are as follows:

Year	Beginning Liability	Current Year Claims and Changes in Estimates	Claim Payments	Ending Liability
2023	\$ 445,841	\$ 3,096,409	\$ (3,042,250)	\$ 500,000
2022	376,449	3,650,968	(3,581,576)	445,841

Paycheck Protection Program (PPP) Loan Review

The Medical Center applied for and received loan forgiveness from the Small Business Administration (SBA) on its PPP loan in 2021. In accordance PPP loan requirements, the Medical Center is required to maintain PPP loan files and certain underlying supporting documents for periods ranging from three to six years. The Medical Center is also required to permit access to such files upon request by the SBA. Accordingly, there is potential the PPP loan could be subject to further review by the SBA and that previously recognized forgiveness could be reversed based on this review.

Employee Retention Credit

The Medical Center’s credit filings remain open for potential examination by the Internal Revenue Service through the statute of limitations, which has varying expiration dates extending through 2027. Any disallowed claims resulting from such examinations could be subject to repayment to the federal government.

Note 11 - Adoption of New Accounting Standard

As of January 1, 2022, the Medical Center adopted GASB Statement No. 96, *Subscription-Based Information Technology Arrangements* (SBITA). The implementation of this standard establishes that a SBITA results in a right-to-use subscription assets – an intangible asset – and a corresponding liability. The standard provides the capitalization criteria for outlays other subscription payments, including implementation costs of a SBITA. The statement requires recognition of certain SBITA assets and liabilities for SBITAs that were previously classified as outflows of resources based on the payment provisions of the contract. Beginning net position was restated to retroactively adopt the provisions of GASB Statement No. 96 as follows:

Beginning Net Position Impact

Net position at December 31, 2021, as previously reported	\$ 48,992,034
Recognition of right to use subscription IT assets, at January 1, 2022	390,346
Recognition of subscription IT liabilities, at January 1, 2022	<u>(375,870)</u>
Net position at January 1, 2022, as restated	<u>\$ 49,006,510</u>

Park Hospital District dba Estes Park Health

Notes to Financial Statements
December 31, 2023 and 2022

In addition, the adoption of the standard impacted the Medical Center's statement of revenue, expenses, and changes in net position and statement of cash flows for the year ended December 31, 2022 as follows:

	As Previously Reported	Adjustment	As Restated
Statement of Net Position

Notes to Schedule:

1. Annual budgets are adopted as required by Colorado Statute. Formal budgetary integration is employed as a management control device during the year. Budgets are adopted on a basis that is consistent with generally accepted accounting principles.
2. Appropriations are adopted by resolutions in total. For the year ended December 31, 2023, there were no additional resolutions for supplementary budget and appropriation.
3. Management believes that the Medical Center is compliant with the rules of Colorado's Taxpayer's Bill of Rights (TABOR).

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The Board of Directors
Park Hospital District dba Estes Park Health
Estes Park, Colorado

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Audit Standards*), the financial statements of Park Hospital District dba Estes Park Health (Medical Center) as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise Park Hospital District dba Estes Park Health's basic financial statements and the statements of financial position and related statements of activities of its discretely presented component unit, the Estes Park Medical Center Foundation dba Estes Park Health Foundation, and have issued our report thereon dated May 29, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Medical Center's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Medical Center's internal control. Accordingly, we do not express an opinion on the effectiveness of the Medical Center's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Medical Center's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Medical Center's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Medical Center's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Medical Center's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in cursive script that reads "Eide Bailly LLP".
