INDEPENDENT AUDITORS' REPORT

To the Board of Education
Sargent School District RE-33J
Monte Vista, Colorado

Wall,
Smith,
Bateman Inc.

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Sargent School District RE-33J (the District), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2023, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Certified Public Accountants

3001 Adcock Circle PO Box 809 Alamosa, CO 81101 | 719-589-3619 | f 719-589-5492 | www.wsbcpa.com

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison, pension and other postemployment benefit information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund financial schedules and the Colorado School District Auditor's Integrity Report are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial schedules and Colorado School District Auditor's Integrity Report are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Sargent School District RE-33J
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2023**

As management of the Sargent School District, we offer readers of the Sargent School District's financial statements this narrative overview and analysis of the financial activities of the Sargent School District for the year ended June 30, 2023. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in the District's financial statements, which follow this section.

Financial Highlights 2023

- The District's financial status increased over the course of the 2023 fiscal year. Total net position increased \$200,606.
- General revenues, primarily property taxes and state equalization payments, account for approximately \$4,711,800 or 79% percent of all revenues. Program specific revenues in the form of charges for services and sales, grants and contributions accounted for \$1,256,703 or 21% percent of total revenues of \$5,968,503.
- The District had \$5,767,897 in expenses related to governmental activities; General revenues of \$4,711,800 were not adequate to provide for these programs.
- The District decreased its outstanding long-term debt by approximately \$275,000.

Financial Highlights 2022

- The District's financial status increased over the course of the 2022 fiscal year. Total net position increased \$2,241,234.
- General revenues, primarily property taxes and state equalization payments, account for approximately \$4,525,411 or 77% percent of all revenues. Program specific revenues in the form of charges for services and sales, grants and contributions accounted for \$1,342,822 or 23% percent of total revenues of \$5,868,233.
- The District had \$3,626,999 in expenses related to governmental activities; General revenues of \$4,525,411 were adequate to provide for these programs.
- The District decreased its outstanding long-term debt by approximately \$265,000.

**Sargent School District RE-33J
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2023**

Overview of the Financial Statements

This annual report consists of three parts: management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are district-wide financial statements that provide both short-term and long-term information about the District's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the District, reporting the District's operations in more detail than the district-wide statements.
- The governmental fund statements tell how basic services such as instruction were financed in the short term as well as what remains for future spending.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements, and includes a comparison to the District's budget for the year.

District-wide Financial Statements

The district-wide financial statements are designed to provide readers a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the Sargent School District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference between them reported as net position. Over time, increases or decreases in the net position may serve as a useful indicator of whether the financial position of the Sargent School District is improving or deteriorating. To assess the District's overall health, you need to consider additional non-financial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenue and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes and earned but unused vacation leave).

Both of the district-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges. Included in governmental activities are most of the District's basic services such as regular and special education, transportation, and administration. The District doesn't have any services accounted for as business-type activities.

**Sargent School District RE-33J
Management’s Discussion and Analysis
For the Fiscal Year Ended June 30, 2023**

Fund Financial Statements

The fund financial statements provide more detailed information about the District’s funds, focusing on its most significant or “major” funds, not the District as a whole. Funds are accounting devices the District uses to track specific sources of funding and spending on particular programs. The Sargent School District, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: Most of the District’s basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) balances remaining at year-end which are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps determine financial resources that may be available in the near term to finance the District’s programs. Because this information does not encompass the long-term focus of the district-wide statements, additional information on the reconciliations explain the relationship (or differences) between them.

Sargent School District maintains six individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in the fund balances for the (1) general fund (2) the pupil activity fund (3) bond redemption fund (4) the federal programs fund (5) food service fund, and (6) capital reserve capital projects fund.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Total assets for the District were \$23,485,243 in 2022 and \$23,131,622 in 2023. Cash and investments were \$3,925,733 in 2022 and \$3,960,076 in 2023. Accounts receivable was \$47,214 in 2023. Receivables from other governmental entities were \$172,428 in 2023. Net capital assets were in the amount of \$19,312,630 in 2022 and \$18,890,858 in 2023. Current liabilities were \$817,489 in 2022 and \$797,500 in 2023. Long-term liabilities were \$6,526,038 in 2022 and \$7,691,984 in 2023.

The effect of the PERA pension and OPEB expense on the District’s total net position for FY 2022 and 2023 is summarized below:

	FY 2022	FY 2023
Net position (GAAP Basis)	\$ 14,821,296	\$ 15,021,902
GASB 68 - Pension	5,283,548	5,064,528
GASB 75 - OPEB	272,080	240,058
Net position excluding Pension and OPEB	\$ 20,376,924	\$ 20,326,488

**Sargent School District RE-33J
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2023**

The effect of the PERA pension and OPEB expense on the District's unrestricted net position is summarized below:

	FY 2022	FY2023
Unrestricted - Net Position (GAAP Basis)	\$ (2,995,345)	\$ (2,707,091)
GASB 68 - Pension	5,283,458	5,064,528
GASB 75 - OPEB	272,080	240,058
Net position excluding Pension and OPEB	\$ 2,560,193	\$ 2,597,495

Management's estimate of the District's proportionate share of the State On-Behalf Direct Distribution is \$137,137, which is recognized as a contribution and allocation of expenditures in the General Fund.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents supplementary information. Supplementary information includes budget-to-actual information for all governmental funds that are not major special revenue funds as dictated by state law.

**Sargent School District RE-33J
Management’s Discussion and Analysis
For the Fiscal Year Ended June 30, 2023**

Property taxes and per pupil state formula revenue (state equalization) account for most of the District’s revenue, contributing about 79%. State and Federal grants and private partnership grants contribute the remaining 20% of revenue.

The District expenses predominantly relate to instruction and support services, which includes support for students and instructional staff, administration, operations and maintenance, and transportation. Given that Sargent School District is a service organization providing education services to students, the majority of expenses are paid in the form of compensation (salaries and benefits) to the District’s employees.

Detailed on the next pages in Tables 3a & 3b and 4a & 4b are charts displaying District source of funds and the use of funds for the total school district.

Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2023**

Governmental Activities

The primary source of operating revenue for school districts comes from the School Finance Act of 1994. Under this act, the district received \$12,025 per funded student. Starting in 2010, the legislature added a negative factor to the School Finance Formula. With this factor the district's adjusted per pupil funding was \$11,584 for FY 2023. The averaged funded pupil count was 349.5, with an October count of 323.1. Program funding comes from property taxes, specific ownership taxes and state equalization. The district received approximately 45% of funding from state equalization while the remaining amounts came from local taxes. State law allows school districts to obtain an additional 9% of funding from local property taxes. This is accomplished by successfully passing a mill levy override ballot question.

In November 2000 the Sargent School District electorate passed with 69% of the vote a mill levy override for general fund taxes to be increased by \$75,000 annually beginning with the 2000/01 fiscal year and for each fiscal year thereafter to provide funds to purchase a bus and/or other capital needs.

In November 2008 the Sargent School District electorate passed a mill levy override to increase debt \$5,000,000. This money was used to provide the District's matching funds for the BEST grant used to fund the construction of the new school in 2010.

The statement of activities provides the cost of program services and the related charges for services and grants offsetting those costs. Table 5 reflects each program's net cost (total cost less fees generated by the programs and intergovernmental aid provided for specific programs). The net cost shows the financial burden placed on the District's taxpayers by each of these programs.

**Sargent School District RE-33J
Management’s Discussion and Analysis
For the Fiscal Year Ended June 30, 2023**

- The cost of all governmental activities this year was \$5,767,897
- Most of the District’s costs (\$5,767,897) were financed by District and State taxpayers
- This portion of governmental activities was financed with \$1,859,974 in property taxes, \$2,733,648 in state aid (equalization) based on the statewide formula for per pupil funding, and \$61,003 in investment earnings and other miscellaneous revenues not pertaining specifically to a program.

Financial Analysis of the District’s Funds

Information about the District’s funds starts on page 17. These funds are accounted for using the modified accrual basis of accounting. All governmental funds have total revenues of \$5,968,503 and expenditures of \$5,872,166. The net change in total fund balance for the year was an increase of \$96,337.

General Fund Budgetary Highlights

The District approves a budget in June based on enrollment projections for the following school year. In January, 2023 the District revised the annual operating budget approved by the District’s Board of Education in June 2022.

The primary reason for the revised budget was to reflect the October student count. Actual revenue of \$4,711,062 exceeded the budgetary amount by \$260,012. Total expenditures were \$4,457,012. Transfer to other funds in the amount of \$168,455 results in a net increase of \$85,595. The fund balance at the beginning of the year was \$2,663,862 and the fund balance at the end of the year was \$2,749,457.

General Fund total expenditures were \$171,028 more than budgeted.

Capital Assets

By the end of the fiscal year 2023, the District had invested \$18,890,858 in a broad range of capital assets, including land, buildings, site improvements, vehicles and other equipment. (See Table 6 on next page).

**Table 6
Capital Assets**

	Governmental Activities 2022	Governmental Activities 2023
Land	\$ 128,621	\$128,621
Buildings	\$24,895,055	\$24,895,055
Land Improvements	\$ 105,750	\$105,750
Machinery & Equipment	\$ 965,426	\$965,426
Vehicles	\$ 616,555	\$616,555
Less Accum. Depreciation	(\$7,398,777)	\$(7,820,549)
Totals	\$19,312,630	\$18,890,858

**Sargent School District RE-33J
Management’s Discussion and Analysis
For the Fiscal Year Ended June 30, 2023**

**Table 7b
Long-term liability balances for the year ended June 30, 2023 were as follows:**

	Beginning Balance 6/30/22	Additions	Deletions	Ending Balance 6/30/23	Due Within One Year
G.O. Bonds Payable	\$2,535,000	-	\$275,000	\$2,260,000	\$285,000
Compensated Absences	\$ 10,254	-	-	\$ 10,254	-
Total	\$2,545,254	-	\$275,000	\$2,270,254	\$285,000

Factors Bearing on the District’s Future

At the time these financial statements were prepared and audited, the District was aware of the following existing circumstances that could significantly affect its financial health in the future.

- Information from the 2022-23 student enrollment “October count” shows that Sargent School District has 5.9 FTE less students than last year.
- Based on our historical trends, our projections for student enrollment for fall 2023, will show District enrollment declining.
- The Sargent School District has a long history for academic excellence and small class sizes. Approximately 79% of the students that attend Sargent Schools are not resident students. The District must maintain its tradition of excellence to keep enrollment at its current level. The state revenue that follows these non-resident students is very important to the financial success of the District.

Contacting the District’s Financial Management

This financial report is designed to provide the District’s citizens, taxpayers, customers, and investors and creditors with a general overview of the District’s finances and to demonstrate the District’s accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Superintendent of Schools, Sargent School District, 7090 N. Road 2 E., Monte Vista, CO 81144.

SARGENT SCHOOL DISTRICT RE-33J
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
For the Year Ended June 30, 2023

Net change in fund balances - total governmental funds	\$	96,337
---	----	--------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the activity in the capital assets in the current period.

Depreciation expense		(421,772)
----------------------	--	-----------

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

Principal payment on general obligation bonds		275,000
---	--	---------

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in the governmental funds.

Compensated Absences		-
----------------------	--	---

Certain items reported in the statement of activities do not require the use of current financial resources and are not reported as expenditures in the governmental funds. This item consists of the change in pension and OPEB expense.

		251,041
--	--	---------

Change in net position of governmental activities	\$	200,606
--	-----------	----------------

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the District reflected in the accompanying financial statements conform to accounting principles generally accepted in the United States of America applicable to state and local governments. Accounting principles generally accepted in the United States of America for local governments are those promulgated by the Governmental Accounting Standards Board (GASB) in *Governmental Accounting and Financial Reporting Standards*.

REPORTING ENTITY

Primary Government

Sargent School District RE-33J is a public school as established by Colorado State Statute. The District is declared to be a corporate body with perpetual existence and in its name may hold property, sue and be sued, and be a party to contracts for any purpose authorized by law. Members of the school board are voted on at large by the registered, qualified electors of the District. Taxes are levied upon all taxable property within the District's boundaries by the County Commissioners. The County Treasurer collects the taxes and remits them to the District. The District also receives State and Federal funds. The Board of Education has the authority to issue bonds up to 20% of the latest assessed valuation of the taxable property in the District. The board also has authority to select the depository of school funds and acquire short-term loans.

Component Units

The District's combined financial statements include the accounts of all District operations. The criteria for including organizations as component units within the District's reporting entity, as set forth in Section 2100 of GASB's *Codification of Governmental Accounting and Financial Reporting Standards*, include whether:

- The organization is legally separate (can sue and be sued in their own name)
- The District holds the corporate powers of the organization
- The District appoints a voting majority of the organization's board
- The District is able to impose its will on the organization
- The organization has the potential to impose a financial benefit/burden on the District
- There is fiscal dependency by the organization on the District
- The organization is financially accountable to the District
- The organization receives or holds funds that are for the benefit of the District; and the District has access to a majority of the funds held; and the funds that are accessible are also significant to the District

Based on the aforementioned criteria, the Sargent School District RE-33J has no component units.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements include the Statement of Net Position and the Statement of Activities. Government-wide statements report information on all of the activities of the District, except for District fiduciary activity. The effect of interfund transfers has been removed from the government-wide statements but continues to be reflected on the fund statements. Mainly taxes and intergovernmental revenues support governmental activities.

The Statement of Activities reflects the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable within a specific function. Program revenues include:

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

- Charges to customers or applicants who purchase, use, or directly benefit from services, or privileges provided by a given function or segment and
- Grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included in program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the fiduciary funds are excluded from the government-wide financial statements. The emphasis of fund financial statements is on major governmental funds and enterprise funds, each reported as a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. This measurement is also used for the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants are recognized as revenue when all applicable eligibility requirements, imposed by the provider, are met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The District reports the following major governmental funds:

- The ***General Fund*** – is the general operating fund of the District. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The ***Federal Programs Fund*** – is used to account for financial transactions for grants received for designated programs funded by federal, state, or local governments.
- The ***Bond Redemption Fund*** – is used to account for the accumulation of resources for and the payment of principal, interest, and related expenses on the long-term general obligation debt or long-term voter-approved lease-purchase debt.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, payables, and receivables. All internal balances in the Statement of Net Position have been eliminated.

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE

Cash and Cash Equivalents

The District’s cash and cash equivalents are considered to be cash in bank and liquid investments with maturity of three months or less.

Property Taxes

Property taxes attach as an enforceable lien on property as of January 1 each year. The taxes are payable in two installments on February 28 and June 15 or in full on April 30. The District’s property taxes are collected by the County Treasurer who remits monthly receipts to the District. Property tax revenue is recognized when received by the County Treasurer.

Uncollected property taxes that became an enforceable lien January 1, 2023 have been recorded in the financial statements as an asset and corresponding deferred inflow of resources.

Receivables/Payables From Other District Funds

Balances that originate from current lending/borrowing arrangements between funds are referred to as “Due To/From Other Funds”.

Inventories

Purchased inventories are stated at cost and consist of supplies and food to be used within one year. Donated inventory is priced at the U.S. Department of Agriculture established values.

USDA Commodities

The Food Service Fund receives donated commodities to use in meal preparation from the U.S. Department of Agriculture. The value of these commodities received during the year is shown as income, and the value of commodities used is shown as expense.

Capital Assets

Capital Assets, which include land, land improvements, buildings and improvements, equipment, and vehicles are reported in the applicable governmental activities column in the government-wide financial statements. The District defines capital assets as assets with an initial, individual cost of more than \$5,000. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	15-120
Land Improvements	10
Equipment	5-20
Vehicles	10-12

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. In the fund financial statements, debt proceeds are reported as other financing sources and debt payments are reported as debt service expenditures.

Compensated Absences

Full-time employees of the District receive 9 days per year of leave which can be accumulated to 35 days for nine month employees and 12 days per year of leave which can be accumulated to 47 days for twelve month employees. Twelve month employees receive vacation time as per policy. Employees that retire and are 50 years of age or older receive one-half of the substitute rate (\$65) for any days accumulated at the date of retirement. A liability is accrued in the government-wide financial statements.

Unearned Grant Revenue

Revenues on grants, which are restricted by the grant document for specific purposes, are recognized as revenue only after eligible grant costs have been incurred. Grant funds received in excess of grant expenditures are recorded as unearned revenues.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This represents a consumption of net position that applied to a future period(s) and will not be recognized as an outflow of resources (as either an expense or expenditure) until that time.

In addition to liabilities, the balance sheet reports a separate section of deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and will not be recognized as an inflow of resources (revenue) until that period.

Certain amounts related to pensions and other postemployment benefits must be deferred.

Pensions

The District participates in the School Division Trust Fund (SCHDTF), a cost-sharing multiple-employer defined benefit pension plan administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net pension liability, deferred outflows of resources, and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position (FNP) and additions to/deductions from the FNP of the SCHDTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Postemployment Benefits (OPEB)

The District participates in the Health Care Trust Fund (HCTF), a cost-sharing multiple-employer defined benefit OPEB fund administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, information about the fiduciary net position (FNP) and additions to/deductions from the fiduciary net position of the HCTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefits paid on behalf of health care participants are recognized when due and/or payable in accordance with the benefit terms. Investments are reported at fair value.

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

Net Position

Net position represents the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources. Net position should be displayed in the following three components:

- *Net investment in capital assets* – consists of capital assets, net accumulated depreciation, reduced by the outstanding balances of any borrowings that are attributable to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt should be included in this component of net position.
- *Restricted* – consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Restricted assets consist of assets that have limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.
- *Unrestricted* – consists of the net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted components of net position.

Fund Balance

Fund balances are reported by classification based on the extent to which the District is bound to honor constraints for the specific purposes on which amounts in the fund can be spent. Fund balances are classified in one of the following five categories:

- *Nonspendable Fund Balance* – amounts that cannot be spent because they are not in spendable form – such as inventory and prepaid expenditures.
- *Restricted Fund Balance* – amounts restricted when constraints placed on the use of resources are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.
- *Committed Fund Balance* – amounts that can only be used for specific purposes as a result of constraints imposed through adopted resolution by the Board of Education, the highest level of decision making authority. Committed amounts cannot be used for any other purposes unless the Board removes those constraints by taking the same type of action. Committed fund balances differ from restricted balances because the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.
- *Assigned Fund Balance* – amounts a government intends to use for a specific purpose; intent can be expressed by the Board of Education or by an official or body to which the governing body delegates the authority.
- *Unassigned Fund Balance* – amounts that are available for any purpose; these amounts are reported only in the General Fund.

SARGENT SCHOOL DISTRICT RE-33J

TOTAL FUND BALANCE	<u>\$ 2,749,457</u>	<u>\$ 2</u>	<u>\$ 500,813</u>	<u>\$ 455,612</u>	<u>\$ 3,705,884</u>

When an expenditure is incurred for purposes for which both restricted and unrestricted net position/fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board of Education has provided otherwise in its commitment or assignment action.

Encumbrances

The District does not record purchase orders in the accounting system upon approval of administration. Unfulfilled purchase commitments outstanding at the end of the budget year are rebudgeted in the succeeding year. End of the year fund balance intended to be used in the succeeding year is reported as designated fund balance.

Use of Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

New Accounting Pronouncements

During fiscal year 2023, the District adopted the provisions of GASB Statement No. 96, *Subscription-Based Information Technology Arrangement (SBITA)*, that establishes that a SBITA is defined as a contract that conveys control of the right to use another party's (a SBITA vendor's) information technology (IT) software, alone or in combination with tangible capital assets (the underlying IT assets), as specified in the contract for a period of time in an exchange-like transaction. This standard requires governmental entities to record a subscription liability and an intangible right-to-use subscription asset for those contracts for the subscription term. This standard does not have a material effect on the financial statements of the District.

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgets and Budgetary Accounting

Sargent School District RE-33J follows the procedures set forth in the Colorado School District Budget Law when preparing annual budgets for each fund. Budget procedures include:

- 1) Preparation of budget documents by administrative staff shall be submitted to the Board no later than June 1 of each year.
- 2) Publication of a notice stating that the budget is available for public inspection.
- 3) Discussion of the budget in a meeting open to the public.
- 4) Adoption of the budget in a public meeting by appropriate resolution.

Formal budgetary integration is employed as a management control device for all funds of the District. All fund budgets are adopted on a basis consistent with U.S. generally accepted accounting principles (GAAP).

The total expenditures for each fund cannot exceed the budgeted amount unless a supplemental appropriation is adopted. All budget amounts presented reflect the original budget and the final amended budget.

Stewardship

Expenditures exceeded appropriations in the General Fund by \$174,416 and the Capital Projects Fund by \$17,878. This may be a violation of Colorado Revised Statutes 22-44-115(1).

NOTE 3 CASH AND DEPOSITS AND INVESTMENTS

A summary of Cash, Deposits, and Investments for the District are as follows:

Cash in Bank and on Hand	\$ 2,394,484
Investments	<u>1,565,592</u>
Total Cash, Deposits, and Investments on the Statement of Net Position	<u><u>\$ 3,960,076</u></u>

Cash and Deposits

Colorado State Statutes govern the District's deposits of cash. The statutes specify eligible depositories for public cash deposits, which must be Colorado institutions and must maintain federal insurance (FDIC) on deposits held.

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories, determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized in accordance with the PDPA. PDPA allows the institution to create a single collateral pool for all public funds to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least 102% to the aggregate uninsured deposits.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District’s deposits may not be returned to it. The District does not have a deposit policy for custodial credit risk. As of year-end, \$2,311,408 of the District’s total bank balance of \$2,567,149 was exposed to custodial credit risk. Deposits exposed to credit risk are collateralized with securities held by the pledging financial institution through PDPA.

Investments

State law limits investments for school districts to U.S. treasury issues, other federally backed notes and credits, and other agency offerings. Other investment instruments, including bank obligations, general obligation bonds, and commercial paper, are limited to at least one of the highest rating categories of at least one nationally recognized rating agency. State law further limits investments in money market funds to those institutions with over \$1 billion in assets or the highest credit rating from one or more of the nationally recognized rating agencies. COLOTRUST has over \$1 billion in assets, is rated AAAM by Standard and Poors, and maintains a constant net asset value of \$1 per share. The State Securities Commissioner administers and enforces all State statutes governing COLOTRUST. Financial statements for COLOTRUST are available on www.colotrust.com.

NOTE 4 DUE FROM OTHER GOVERNMENTS

Intergovernmental receivables include amounts due from grantors for specific program grants. Program grants are recorded as receivables and revenues at the time reimbursable project costs are incurred.

As of June 30, 2023, the District had \$150,048 due from Federal, State, and Local governments, reflected as, intergovernmental receivables in the accompanying basic financial statements.

NOTE 5 INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Interfund Receivables/Payables

The District reports interfund balances between many of its funds. The balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. Interfund balances are generally expected to be repaid within one year of the financial statement date.

Interfund receivable and payable balances at June 30, 2023, were as follows:

Receivable Fund	Payable Fund	Amount
General Fund	Pupil Activity Fund	\$ 28,663
General Fund	Food Service Fund	125
		\$ 28,788

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

Interfund Transfers

Interfund transfers for the year ended June 30, 2023, were as follows:

<u>Transfer In</u>	<u>Transfer Out</u>	<u>Amount</u>
Capital Reserve Capital Projects Fund	General Fund	\$ 75,000
Food Service Fund	General Fund	49,455
Pupil Activity Fund	General Fund	44,000
		<u>\$ 168,455</u>

These transfers were made to set aside funds for capital projects and to subsidize the Food Service and the Pupil Activity Funds.

NOTE 6 CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2023, was as follows:

	<u>Balance</u> <u>06/30/2022</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance</u> <u>06/30/2023</u>
<i>Governmental Activities</i>				
Capital assets not being depreciated

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

Depreciation expense was charged to functions/programs of the primary government as follows:

<i>Governmental activities:</i>	
Instructional Program	\$ 384,849
General Administration Supporting Services	3,106
Business Supporting Services	1,659
Operations and Maintenance	1,750
Student Transportation Services	16,885
Food Services	9,795
Facilities Operations and Management	<u>3,728</u>
Total depreciation expense	<u><u>\$ 421,772</u></u>

NOTE 7 ACCRUED SALARIES AND BENEFITS

The teachers, administrators, and the administrative staff are employed under nine and twelve month contracts. All District employees are paid on a twelve-month basis; therefore, a difference exists between the actual amount of salaries earned under the contract and the amount paid. The difference between salaries earned and paid, including the District's share of benefits, has been accrued in the financial statements in the amount of \$381,287.

NOTE 8 LONG-TERM LIABILITIES

Changes in Long-Term Debt

Long-term liability balances for the year ended June 30, 2023, were as follows:

	Beginning Balance 06/30/2022	Additions	Deletions	Ending Balance 06/30/2023	Due Within One Year
<i>Governmental Activities</i>					
G.O. Bonds Payable	\$ 2,535,000	\$ -	\$ 275,000	\$ 2,260,000	\$ 285,000
Compensated Absences	<u>10,254</u>	<u>-</u>	<u>-</u>	<u>10,254</u>	<u>-</u>
Total	<u><u>\$ 2,545,254</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 275,000</u></u>	<u><u>\$ 2,270,254</u></u>	<u><u>\$ 285,000</u></u>

General Obligation Bonds Payable

In November 2008, the District voters approved a ballot measure to issue \$5,000,000 in bonds for the purpose of financing the construction and equipping the facilities and improvements. In 2009, the proceeds of the bond were paid to the State of Colorado who handled the financial transactions related to the building of the District's new school building. The interest rate is 4.135%. The bond is payable from the Bond Redemption Fund in annual installments and matures on December 1, 2029.

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

The annual debt service for the General Obligation Bonds payable is as follows:

	Principal	Interest	Totals
FY 2024	\$ 285,000	\$ 87,563	\$ 372,563
FY 2025	295,000	75,571	370,571
FY 2026	310,000	63,062	373,062
FY 2027	320,000	50,036	370,036
FY 2028	335,000	36,493	371,493
FY 2029 - FY 2030	715,000	22,330	737,330
	\$ 2,260,000	\$ 335,055	\$ 2,595,055

NOTE 9 RESTRICTED NET POSITION

The BEST grant agreement requires the District to increase annually a BEST Capital Renewal Reserve which is set aside for the specific purpose of replacing major public school facility systems with projected life cycles similar as to those of roofs, interior finishes, electrical systems and heating, ventilating, and air conditioning systems. The balance at June 30, 2023 is \$439,040.

NOTE 10 DEFINED BENEFIT PENSION PLAN

General Information about the Pension Plan

Plan description. Eligible employees of the District are provided with pensions through the SCHDTF—a cost-sharing multiple-employer defined benefit pension plan administered by PERA. Plan benefits are specified in Title 24, Article 51 of the Colorado Revised Statutes (C.R.S.), administrative rules set forth at 8 C.C.R. 1502-1, and applicable provisions of the federal Internal Revenue Code. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available annual comprehensive financial report (ACFR) that can be obtained at www.copera.org/investments/pera-financial-reports.

Benefits provided as of December 31, 2022. PERA provides retirement, disability, and survivor benefits. Retirement benefits are determined by the amount of service credit earned and/or purchased, highest average salary, the benefit structure(s) under which the member retires, the benefit option selected at retirement, and age at retirement. Retirement eligibility is specified in tables set forth at C.R.S. § 24-51-602, 604, 1713, and 1714.

The lifetime retirement benefit for all eligible retiring employees under the PERA Benefit Structure is the greater of the:

- Highest average salary multiplied by 2.5% and then multiplied by years of service credit
- The value of the retiring employee’s member contribution account plus a 100% match on eligible amounts as of the retirement date. This amount is then annuitized into a monthly benefit based on life expectancy and other actuarial factors.

In all cases the service retirement benefit is limited to 100% of highest average salary and also cannot exceed the maximum benefit allowed by federal Internal Revenue Code.

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

Members may elect to withdraw their member contribution accounts upon termination of employment with all PERA employers; waiving rights to any lifetime retirement benefits earned. If eligible, the member may receive a match of either 50% or 100% on eligible amounts depending on when contributions were remitted to PERA, the date employment was terminated, whether 5 years of service credit has been obtained and the benefit structure under which contributions were made.

Upon meeting certain criteria, benefit recipients who elect to receive a lifetime retirement benefit generally receive post-retirement cost-of-living adjustments, referred to as annual increases in the C.R.S. Subject to the automatic adjustment provision (AAP) under C.R.S. § 24-51-413, eligible benefit recipients under the PERA benefit structure who began membership before January 1, 2007, and all eligible benefit recipients of the DPS benefit structure will receive the maximum annual increase (AI) or AI cap of 1.00% unless adjusted by the AAP. Eligible benefit recipients under the PERA benefit structure who began membership on or after January 1, 2007, will receive the lesser of an annual increase of the 1.00% AI cap or the average increase of the Consumer Price Index for Urban Wage Earners and Clerical Workers for the prior calendar year, not to exceed a determined increase that would exhaust 10% of PERA’s Annual Increase Reserve (AIR) for the SCHDTF. The AAP may raise or lower the aforementioned AI cap by up to 0.25% based on the parameters specified in C.R.S. § 24-51-413.

Disability benefits are available for eligible employees once they reach five years of earned service credit and are determined to meet the definition of disability. The disability benefit amount is based on the lifetime retirement benefit formula(s) shown above considering a minimum 20 years of service credit, if deemed disabled.

Survivor benefits are determined by several factors, which include the amount of earned service credit, highest average salary of the deceased, the benefit structure(s) under which service credit was obtained, and the qualified survivor(s) who will receive the benefits.

Contributions provisions as of June 30, 2023. Eligible employees of the District and the State are required to contribute to the SCHDTF at a rate set by Colorado statute. The contribution requirements for the SCHDTF are established under C.R.S. § 24-51-401, *et seq.* and § 24-51-413. Eligible employees are required to contribute 11.00% of their PERA-includable salary during the period of July 1, 2022 through June 30, 2023. Employer contribution requirements are summarized in the table below:

	July 1, 2022 Through June 30, 2023
Employer Contribution Rate	11.40%
Amount of Employer Contribution apportioned to the Health Care Trust Fund as specified in C.R.S. § 24-51-208(1)(f)	-1.02%
Amount Apportioned to the SCHDTF	10.38%
Amortization Equalization Disbursement (AED) as specified in C.R.S. § 24-51-411	4.50%
Supplemental Amortization Equalization Disbursement (SAED) as specified in C.R.S. § 24-51-411	5.50%
Total employer contribution rate to the SCHDTF	20.38%

*Contribution rates for the SCHDTF are expressed as a percentage of salary as defined in C.R.S. § 24-51-101(42).

Employer contributions are recognized by the SCHDTF in the period in which the compensation becomes payable to the member and the District is statutorily committed to pay the contributions to the SCHDTF. Employer contributions recognized by the SCHDTF from the District were \$494,567, for the year ended June 30, 2023.

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

For purposes of GASB 68 paragraph 15, a circumstance exists in which a nonemployer contributing entity is legally responsible for making contributions to the SCHDTF and is considered to meet the definition of a special funding situation. As specified in C.R.S. § 24-51-414, the State is required to contribute \$225 million (actual dollars) direct distribution each year to PERA starting on July 1, 2018. A portion of the direct distribution payment is allocated to the SCHDTF based on the proportionate amount of annual payroll of the SCHDTF to the total annual payroll of the SCHDTF, State Division Trust Fund, Judicial Division Trust Fund, and Denver Public Schools Division Trust Fund. House Bill (HB) 22-1029, instructed the State treasurer to issue an additional direct distribution to PERA in the amount of \$380 million (actual dollars), upon enactment. The July 1, 2023, payment is reduced by \$190 million (actual dollars) to \$35 million (actual dollars). The July 1, 2024, payment will not be reduced due to PERA's negative investment return in 2022. Senate Bill (SB) 23-056, enacted June 2, 2023, requires an additional direct distribution of approximately \$14.5 million (actual dollars), for a total of approximately \$49.5 million (actual dollars) to be contributed July 1, 2023.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for the SCHDTF was measured as of December 31, 2022, and the total pension liability (TPL) used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2021. Standard update procedures were used to roll forward the TPL to December 31, 2022. The District's proportion of the net pension liability was based on the District contributions to the SCHDTF for the calendar year 2022 relative to the total contributions of participating employers and the State as a nonemployer contributing entity.

At June 30, 2023, the District reported a liability of \$5,518,644 for its proportionate share of the net pension liability that reflected an increase for support from the State as a nonemployer contributing entity. The amount recognized by the District as its proportionate share of the net pension liability, the related support from the State as a nonemployer contributing entity, and the total portion of the net pension liability that was associated with the District were as follows:

Sargent School District's proportionate share of the net position liability	\$ 5,518,644
The State's proportionate share of the net pension liability as a nonemployer contributing entity associated with the Sargent School District	1,608,188
Total	\$ 7,126,832

At December 31, 2022, the District's proportion was 0.030%, which was a decrease of 0.005% from its proportion measured as of December 31, 2021.

For the year ended June 30, 2023, the District recognized pension expense of (\$219,020) and revenue of \$137,137 for support from the State as a nonemployer contributing entity. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 52,228	\$ -
Net difference between projected and actual earnings on pension plan investments	741,357	-
Changes of assumptions or other inputs	97,753	-
Changes in proportion and differences between contributions recognized and proportionate share of contributions	79,891	772,174
Contributions subsequent to the measurement date	255,061	-
Total	\$ 1,226,290	\$ 772,174

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

\$255,061 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	
2024	\$ (278,734)
2025	(154,915)
2026	201,490
2027	431,215
2028	-
Thereafter	-

Actuarial assumptions. The TPL in the December 31, 2021 actuarial valuation was determined using the following actuarial assumptions and other inputs:

Actuarial cost method	Entry age
Price inflation	2.30%
Real wage growth	0.70%
Wage inflation	3.00%
Salary increases, including wage inflation	3.40 – 11.00%
Long-term investment Rate of Return, net of pension plan investment expenses, including price inflation	7.25%
Discount rate	7.25%
Post-retirement benefit increases:	
PERA Benefit Structure hired prior to 1/1/07 benefit structure (compounded annually)	1.00%
PERA Benefit Structure hired after 12/31/06 ¹	Financed by the AIR

¹ Post-retirement benefit increases are provided by the AIR, accounted separately within each Division Trust Fund, and subject to moneys being available; therefore, liabilities related to increases for members of these benefit tiers can never exceed available assets.

The mortality tables described below are generational mortality tables developed on a benefit-weighted basis.

Pre-retirement mortality assumptions were based upon the PubT-2010 Employee Table with generational projection using scale MP-2019.

Post-retirement non-disabled mortality assumptions were based upon the PubT-2010 Healthy Retiree Table, adjusted as follows:

- **Males:** 112% of the rates prior to age 80 and 94% of the rates for ages 80 and older, with generational projection using scale MP-2019.
- **Females:** 83% of the rates prior to age 80 and 106% of the rates for ages 80 and older, with generational projection using scale MP-2019.

Post-retirement non-disabled beneficiary mortality assumptions were based upon the Pub-2010 Contingent Survivor Table, adjusted as follows:

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

- **Males:** 97% of the rates for all ages, with generational projection using scale MP-2019.
- **Females:** 105% of the rates for all ages, with generational projection using scale MP-2019.

Disabled mortality assumptions were based upon the PubNS-2010 Disabled Retiree Table using 99% of the rates for all ages with generational projection using scale MP-2019.

The actuarial assumptions used in the December 31, 2021, valuation were based on the results of the 2020 experience analysis for the period January 1, 2016, through December 31, 2019, and were reviewed and adopted by the PERA Board at their November 20, 2020, meeting.

The long-term expected return on plan assets is reviewed as part of regular experience studies prepared at least every five years for PERA. The most recent analyses were outlined in the Experience Study report dated October 28, 2020.

Several factors are considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentages and then adding expected inflation.

The PERA Board first adopted the 7.25% long-term expected rate of return as of November 18, 2016. Following an asset/liability study, the Board reaffirmed the assumed rate of return at the Board's November 15, 2019, meeting, to be effective January 1, 2020. As of the most recent reaffirmation of the long-term rate of return, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the table as follows:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>30 Year Expected Geometric Real Rate of Return</u>
Global Equity	54.00%	5.60%
Fixed Income	23.00%	1.30%
Private Equity	8.50%	7.10%
Real Estate	8.50%	4.40%
Alternatives	6.00%	4.70%
Total	<u>100.00%</u>	

Note: In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected rate of return assumption of 7.25%.

Discount rate. The discount rate used to measure the TPL was 7.25%. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.00%.

- Employee contributions were assumed to be made at the member contribution rates in effect for each year, including the scheduled increases in SB 18-200 and required adjustments resulting from the 2018 and 2020 AAP assessments. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law for each year, including the scheduled increase in SB 18-200 and required adjustments resulting from the 2018 and 2020 AAP assessments. Employer contributions also include current and estimated future AED and SAED, until the actuarial value funding ratio reaches 103%, at which point the AED and SAED will each drop 0.50% every year until they are zero. Additionally, estimated employer contributions reflect reductions for the funding of the AIR and retiree health care benefits. For future plan members, employer contributions were further reduced by the estimated amount of total service costs for future plan members not financed by their member contributions.
- As specified in law, the State, as a nonemployer contributing entity, will provide an annual direct distribution of \$225 million (actual dollars), which commenced July 1, 2018, that is proportioned between the State, School, Judicial, and DPS Division Trust Funds based upon the covered payroll of each Division. The annual direct distribution ceases when all Division Trust Funds are fully funded.
- HB 22-1029, effective upon enactment in 2022, required the State treasurer to issue, in addition to the regularly scheduled \$225 million (actual dollars) direct distribution, a warrant to PERA in the amount of \$380 million (actual dollars). The July 1, 2023, direct distribution is reduced by \$190 million (actual dollars) to \$35 million (actual dollars). The July 1, 2024, direct distribution will not be reduced from \$225 million (actual dollars) due to PERA's negative investment return in 2022.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- The AIR balance was excluded from the initial fiduciary net position, as, per statute, AIR amounts cannot be used to pay benefits until transferred to either the retirement benefits reserve or the survivor benefits reserve, as appropriate. AIR transfers to the fiduciary net position and the subsequent AIR benefit payments were estimated and included in the projections.
- Benefit payments and contributions were assumed to be made at the middle of the year.

Based on the above assumptions and methods, the SCHDTF's FNP was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25% on pension plan investments was applied to all periods of projected benefit payments to determine the TPL. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25%. There was no change in the discount rate from the prior measurement date.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate. The following presents the proportionate share of the net pension liability calculated using the discount rate of 7.25%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.25%) or one-percentage-point higher (8.25%) than the current rate:

SARGENT SCHOOL DISTRICT RE-33J

NOTE 11 OTHER POSTEMPLOYMENT BENEFITS

General Information about the OPEB Plan

Plan description. Eligible employees of the District are provided with OPEB through the HCTF—a cost-sharing multiple-employer defined benefit OPEB plan administered by PERA. The HCTF is established under Title 24, Article 51, Part 12 of the Colorado Revised Statutes (C.R.S.), as amended, sets forth a framework that grants authority to the PERA Board to contract, self-insure, and authorize disbursements necessary in order to carry out the purposes of the PERACare program, including the administration of the premium subsidies. Colorado State law provisions may be amended by the Colorado General Assembly. PERA issues a publicly available annual comprehensive financial report (ACFR) that can be obtained at www.copera.org/investments/pera-financial-reports.

Benefits provided. The HCTF provides a health care premium subsidy to eligible participating PERA benefit recipients and retirees who choose to enroll in one of the PERA health care plans, however, the subsidy is not available if only enrolled in the dental and/or vision plan(s). The health care premium subsidy is based upon the benefit structure under which the member retires and the member’s years of service credit. For members who retire having service credit with employers in the Denver Public Schools (DPS) Division and one or more of the other four Divisions (State, School, Local Government and Judicial), the premium subsidy is allocated between the HCTF and the Denver Public Schools Health Care Trust Fund (DPS HCTF). The basis for the amount of the premium subsidy funded by each trust fund is the percentage of the member contribution account balance from each division as it relates to the total member contribution account balance from which the retirement benefit is paid.

C.R.S. § 24-51-1202 et seq. specifies the eligibility for enrollment in the health care plans offered by PERA and the amount of the premium subsidy. The law governing a benefit recipient’s eligibility for the subsidy and the amount of the subsidy differs slightly depending under which benefit structure the benefits are calculated. All benefit recipients under the PERA benefit structure are eligible for a premium subsidy, if enrolled in a health care plan under PERACare.

Enrollment in the PERACare health benefits program is voluntary and is available to benefit recipients and their eligible dependents, certain surviving spouses, and divorced spouses and guardians, among others. Eligible benefit recipients may enroll into the program upon retirement, upon the occurrence of certain life events, or on an annual basis during an open enrollment period.

PERA Benefit Structure

The maximum service-based premium subsidy is \$230 per month for benefit recipients who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for benefit recipients who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The maximum service-based subsidy, in each case, is for benefit recipients with retirement benefits based on 20 or more years of service credit. There is a 5% reduction in the subsidy for each year less than 20. The benefit recipient pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

For benefit recipients who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, C.R.S. § 24-51-1206(4) provides an additional subsidy. According to the statute, PERA cannot charge premiums to benefit recipients without Medicare Part A that are greater than premiums charged to benefit recipients with Part A for the same plan option, coverage level, and service credit. Currently, for each individual PERACare enrollee, the total premium for Medicare coverage is determined assuming plan participants have both Medicare Part A and Part B and the difference in premium cost is paid by the HCTF on behalf of benefit recipients not covered by Medicare Part A.

Contributions. Pursuant to Title 24, Article 51, Section 208(1)(f) of the C.R.S., as amended, certain contributions are apportioned to the HCTF. PERA-affiliated employers of the State, School, Local Government, and Judicial Divisions are required to contribute at a rate of 1.02 percent of PERA-includable salary into the HCTF.

Employer contributions are recognized by the HCTF in the period in which the compensation becomes payable to the member and the District is statutorily committed to pay the contributions. Employer contributions recognized by the HCTF from the District were \$24,753 for the year ended June 30, 2023.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2023, the District reported a liability of \$188,086 for its proportionate share of the net OPEB liability. The net OPEB liability for the HCTF was measured as of December 31, 2022, and the total OPEB liability (TOL) used to calculate the net OPEB liability was determined by an actuarial valuation as of December 31, 2021. Standard update procedures were used to roll-forward the TOL to December 31, 2022. The District's proportion of the net OPEB liability was based on the District's contributions to the HCTF for the calendar year 2022 relative to the total contributions of participating employers to the HCTF.

At December 31, 2022, the District proportion was 0.023%, which was an increase of 0.0003% from its proportion measured as of December 31, 2021.

For the year ended June 30, 2023 the District recognized OPEB expense of (\$32,022). At June 30, 2023, District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 24	\$ 45,485
Net difference between projected and actual earnings on OPEB plan investments	11,488	-
Changes of assumptions or other inputs	3,023	20,759
Changes in proportion and differences between contributions recognized and proportionate share of contributions	4,493	17,522
Contributions subsequent to the measurement date	12,766	-
Total	\$ 31,794	\$ 83,766

\$12,766 reported as deferred outflows of resources related to OPEB, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

Year Ended June 30,	
2024	(25,070)
2025	(23,274)
2026	(10,584)
2027	(488)
2028	(4,324)
Thereafter	(999)

Actuarial assumptions. The TOL in the December 31, 2021 actuarial valuation was determined using the following actuarial cost method, actuarial assumptions and other inputs:

Actuarial cost method	Entry age
Price inflation	2.30%
Real wage growth	0.70%
Wage inflation	3.00%
Salary increases, including wage inflation	3.40%-11.00%
Long-term investment rate of return, net of OPEB plan investment expenses, including price inflation	7.25%
Discount rate	7.25%
Health care cost trend rates	
PERA benefit structure:	
Service-based premium subsidy	0.00 %
PERACare Medicare plans	6.50% in 2022 gradually decreasing to 4.50% in 2030
Medicare Part A premiums	3.75% in 2022, gradually increasing to 4.50% in 2029

The TOL for the HCTF, as of the December 31, 2022, measurement date, was adjusted to reflect the disaffiliation, allowable under C.R.S. § 24-51-313, of Tri-County Health Department (TriCounty Health), effective December 31, 2022. As of the close of the 2022 fiscal year, no disaffiliation payment associated with Tri-County Health was received, and therefore no disaffiliation dollars were reflected in the FNP as of the December 31, 2022, measurement date.

Beginning January 1, 2022, the per capita health care costs are developed by plan option; based on 2022 premium rates for the UnitedHealthcare Medicare Advantage Prescription Drug (MAPD) PPO plan #1, the UnitedHealthcare MAPD PPO plan #2, and the Kaiser Permanente MAPD HMO plan. Actuarial morbidity factors are then applied to estimate individual retiree and spouse costs by age, gender, and health care cost trend. This approach applies for all members and is adjusted accordingly for those not eligible for premium-free Medicare Part A for the PERA benefit structure.

75	\$8,134	\$6,425	\$5,278	\$4,169	\$8,433	\$6,657

The 2022 Medicare Part A premium is \$499 (actual dollars) per month.

All costs are subject to the health care cost trend rates, as discussed below.

Health care cost trend rates reflect the change in per capita health costs over time due to factors such as medical inflation, utilization, plan design, and technology improvements. For the PERA benefit structure, health care cost trend rates are needed to project the future costs associated with providing benefits to those PERACare enrollees not eligible for premium-free Medicare Part A.

Health care cost trend rates for the PERA benefit structure are based on published annual health care inflation surveys in conjunction with actual plan experience (if credible), building block models and industry methods developed by health plan actuaries and administrators. In addition, projected trends for the Federal Hospital Insurance Trust Fund (Medicare Part A premiums) provided by the Centers for Medicare & Medicaid Services are referenced in the development of these rates. Effective December 31, 2020, the health care cost trend rates for

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

Medicare Part A premiums were revised to reflect the current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

The PERA benefit structure health care cost trend rates that were used to measure the TOL are summarized in the table below:

Year	PERACare Medicare Plans	Medicare Part A Premiums
2022	6.50%	3.75%
2023	6.25%	4.00%
2024	6.00%	4.00%
2025	5.75%	4.00%
2026	5.50%	4.25%
2027	5.25%	4.25%
2028	5.00%	4.25%
2029	4.75%	4.50%
2030+	4.50%	4.50%

Mortality assumptions used in the December 31, 2021 valuation for the determination of the total pension liability for each of the Division Trust Funds as shown below, reflect generational mortality and were applied, as applicable, in the determination of the TOL for the HCTF, but developed using a headcount-weighted basis. Affiliated employers of the State, School, Local Government, and Judicial Divisions participate in the HCTF.

Pre-retirement mortality assumptions for the School Division were based upon the PubT-2010 Employee Table with generational projection using scale MP-2019.

Post-retirement non-disabled mortality assumptions for the School Division were based upon the PubT-2010 Healthy Retiree Table, adjusted as follows:

- **Males:** 112 percent of the rates prior to age 80 and 94% of the rates for ages 80 and older, with generational projection using scale MP-2019.
- **Females:** 83 percent of the rates prior to age 80 and 106% of the rates for ages 80 and older, with generational projection using scale MP-2019.

Post-retirement non-disabled beneficiary mortality assumptions were based upon the Pub-2010 Contingent Survivor Table, adjusted as follows:

- **Males:** 97% of the rates for all ages, with generational projection using scale MP-2019.
- **Females:** 105% of the rates for all ages, with generational projection using scale MP-2019.

Disabled mortality assumptions for members were based upon the PubNS-2010 Disabled Retiree Table using 99% of the rates for all ages with generational projection using scale MP-2019.

The following health care costs assumptions were updated and used in the roll forward calculation for the HCTF:

- Per capita health care costs in effect as of the December 31, 2022, valuation date for those PERACare enrollees under the PERA benefit structure who are expected to be age 65 and older and are not eligible for premium-free Medicare Part A benefits have been updated to reflect costs for the 2022 plan year.

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

- The December 31, 2021, valuation utilizes premium information as of January 1, 2022, as the initial per capita health care cost. As of that date, PERACare health benefits administration is performed by UnitedHealthcare. In that transition, the costs for the Medicare Advantage Option #2 decreased to a level that is lower than the maximum possible service-related subsidy as described in the plan provisions.
- The health care cost trend rates applicable to health care premiums were revised to reflect the then current expectation of future increases in those premiums. Medicare Part A premiums continued with the prior valuation trend pattern.

Actuarial assumptions pertaining to per capita health care costs and their related trend rates are analyzed and updated annually by PERA Board’s actuary, as discussed above.

Effective for the December 31, 2022, measurement date, the timing of the retirement decrement was adjusted to middle-of-year within the valuation programming used to determine the TOL, reflecting a recommendation from the 2022 actuarial audit report, dated October 14, 2022, summarizing the results of the actuarial audit performed on the December 31, 2021, actuarial valuation.

The actuarial assumptions used in the December 31, 2021, valuation were based on the results of the 2020 experience analysis for the period January 1, 2016, through December 31, 2019, and were reviewed and adopted by the PERA Board at their November 20, 2020 meeting.

The long-term expected return on plan assets is reviewed as part of regular experience studies prepared at least every five years for PERA. The most recent analyses were outlined in the Experience Study report dated October 28, 2020.

Several factors are considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentages and then adding expected inflation.

As of the most recent reaffirmation of the long-term rate of return, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the table as follows:

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
Global Equity	54.00%	5.60%
Fixed Income	23.00%	1.30%
Private Equity	8.50%	7.10%
Real Estate	8.50%	4.40%
Alternatives	6.00%	4.70%
Total	<u>100.00%</u>	

Note: In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected rate of return assumption of 7.25%.

Sensitivity of the District’s proportionate share of the net OPEB liability to changes in the Health Care Cost Trend Rates. The following presents the net OPEB liability using the current health care cost trend rates applicable to the

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

PERA benefit structure, as well as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rates:

	1% Decrease in Trend Rates	Current Trend Rates	1% Increase in Trend Rates
Initial PERACare Medicare trend rate	5.25%	6.25%	7.25%
Ultimate PERACare Medicare Part A trend rate	3.50%	4.50%	5.50%
Initial Medicare Part A trend rate	3.00%	4.00%	5.00%
Ultimate Medicare Part A trend rate	3.50%	4.50%	5.50%
Net OPEB Liability	\$ 182,762	\$ 188,086	\$ 193,878

Discount rate. The discount rate used to measure the TOL was 7.25%. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Updated health care cost trend rates for Medicare Part A premiums as of the December 31, 2022, measurement date.
- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection year, total covered payroll was assumed to increase annually at a rate of 3.00%.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law and effective as of the measurement date.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- Estimated transfers of dollars into the HCTF representing a portion of purchase service agreements intended to cover the costs associated with OPEB benefits.
- Benefit payments and contributions were assumed to be made at the middle of the year.

Based on the above assumptions and methods, the HCTF's FNP was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25% on OPEB plan investments was applied to all periods of projected benefit payments to determine the TOL. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25%. There was no change in the discount rate from the prior measurement date.

Sensitivity of the District's proportionate share of the net OPEB liability to changes in the discount rate. The following presents the proportionate share of the net OPEB liability calculated using the discount rate of 7.25%, as well as what the proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.25%) or one-percentage-point higher (8.25%) than the current rate:

OPEB plan fiduciary net position. Detailed information about the HCTF’s fiduciary net position is available in PERA’s ACFR which can be obtained at www.copera.org/investments/pera-financial-reports.

NOTE 12 DEFINED CONTRIBUTION PENSION PLAN

Voluntary Investment Program

Plan Description - Employees of the District that are also members of the SCHDTF may voluntarily contribute to the Voluntary Investment Program, an Internal Revenue Code Section 401(k) defined contribution plan administered by PERA. Title 24, Article 51, Part 14 of the C.R.S, as amended, assigns the authority to establish the Plan provisions to the PERA Board of Trustees. PERA issues a publicly available ACFR which includes additional information on the Voluntary Investment Program. That report can be obtained at www.copera.org/investments/pera-financial-reports.

Funding Policy – The Voluntary Investment Program is funded by voluntary member contributions up to the maximum limits set by the Internal Revenue Service, as established under Title 24, Article 51, Section 1402 of the C.R.S., as amended. Employees are immediately vested in their own contributions, employer contributions, and investment earnings. For the year ended June 30, 2023, program members contributed \$29,318 for the Voluntary Investment Program. The district does not make matching contributions to this plan.

NOTE 13 JOINT VENTURES AND RELATED PARTIES

The District participates in the following entities. These joint ventures and related parties do not meet the criteria for inclusion within the reporting entity because the following entities:

- are financially independent and responsible for its own financing deficits and entitled to its own surpluses,
- have a separate governing board from that of the District,
- have a separate management which is responsible for day-to-day operations and is accountable to the separate governing board,
- have governing boards and management with the ability to significantly influence operations by approving budgetary requests and adjustments, signing contracts, hiring personnel, exercising control over facilities, and determining the outcome for disposition of matters affecting the recipients of services provided, and
- have absolute authority over all funds and fiscal responsibility including budgetary responsibility and reporting to state agencies and controls fiscal management.

San Luis Valley Board of Cooperative Educational Services (BOCES)

The BOCES is an organization that provides member districts educational services at a shared lower cost per district. The Board of BOCES is selected from the elected members of the District Boards. The District has one member on the Board. This Board has final authority for all budgeting and financing of the joint venture. The

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

District's share of the joint venture is approximately 7% at June 30, 2023. Complete separate financial statements may be obtained from BOCES.

Colorado School Districts' Self-Insurance Pool

The District belongs to the Colorado School Districts' Self-Insurance Pool. The Pool was established by the Colorado Association of School Boards (CASB) to provide insurance coverage to participants in the areas of General Liability, Errors and Omissions, Automobile Liability, Auto Physical Damage, Auto Personal Injury Protection, Real and Personal Property, Crime, and other coverage. The Board of Directors is composed of eight persons, several of who are appointed by the Board of Directors of CASB and the Executive Director of CASB. The Pool is managed by an independent manager chosen by the Board of Directors. Each member's initial contribution and subsequent contributions are determined by the Pool based on factors including, but not limited to, the aggregate Pool claims, the cost of administrative and other operating expenses, the number of participants, the adequacy of both Operating and Reserve Funds and other factors touching on the status of the Pool or an individual participant, and as approved by the Colorado Insurance Commissioner.

As the District did not exercise oversight responsibility, nor has sufficient control over Pool activities, the Pool is not a component unit of the District and only the District's share of contributions to the Pool are recorded as expenditures in the General Fund. The District's share in the Pool is not determinable from current information, but is estimated to be less than 1%. The District's share, if calculated, would not be material to the Pool's financial information at June 30, 2023. Complete separate financial statements may be obtained from the Colorado School Districts' Self-Insurance Pool.

NOTE 14 COMMITMENTS AND CONTINGENCIES

Grant Programs

The District participates in federal grant programs subject to program compliance audits by the grantors or their representatives. The amount, if any, of expenses which may be disallowed by the granting agencies cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

Litigation

The District is a party to various legal actions normally associated with governmental activities, the aggregate effect of which, in management's and legal counsel's opinion, would not be material to its financial statements.

NOTE 15 TABOR EMERGENCY RESERVE

Colorado voters passed an amendment to the State constitution, Article X, Section 20, which has several limitations, including revenue raising, spending abilities, and other specific requirements of state and local governments. The amendment is complex and subject to judicial interpretation. The District believes it is in compliance with the requirements of the amendment.

Fiscal year spending and revenue limits are determined based on the prior year's spending adjusted for inflation and local growth. Revenue in excess of the limit must be refunded unless the voters approve retention of such revenue.

On November 3, 1998 voters approved a ballot which stated that the District is authorized to collect, retain, and expend all revenues including grants and other funds collected during 1998 and each subsequent year from any source, notwithstanding the limitations of Article X, Section 20 of the Colorado constitution, provided, however, that no property tax mill levy be increased at any time nor shall any new tax be imposed without the prior approval of the voters.

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2023

The amendment also requires that Emergency Reserves be established. These reserves must be at least three percent of fiscal year spending. This Emergency Reserve has been presented as a restricted fund balance in the General Fund balance sheet and a restricted net position in the government-wide statement of net position. The entity is not allowed to use the Emergency Reserve to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

NOTE 16 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by Colorado School Districts' Self-Insurance Pool. There have been no significant reductions in insurance coverage. Settled claims from these risks have not exceeded commercial insurance coverage for the current year or the three prior years.

SARGENT SCHOOL DISTRICT RE-33J

REQUIRED SUPPLEMENTARY INFORMATION

A budgetary comparison schedule is required for the General Fund and, if applicable, each of the District's major special revenue funds. In addition, pension and OPEB plan contributions and the District's proportionate share of the net pension and OPEB liabilities are required to supplement the basic financial statements.

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
CHANGES IN BENEFIT TERMS AND ACTUARIAL ASSUMPTIONS
For the Year Ended June 30, 2023

NOTE 1 NET PENSION LIABILITY

Changes in assumptions or other inputs effective for the December 31st measurement period for the following years ended:

2022

- Required contribution increased from 10.50% to 11.00% for eligible employees.

2021

- Required contribution increased from 10.00% to 10.50% for eligible employees.
- AI cap decreased from 1.25% to 1.00%

2020

- Price inflation assumption decreased from 2.40 percent per year to 2.30 percent per year.
- Real rate of investment return assumption increased from 4.85 percent per year, net of investment expenses to 4.95 percent per year, net of investment expenses.
- Wage inflation assumption decreased from 3.50 percent per year to 3.00 percent per year.
- Salary scale assumptions were revised to align with revised economic assumptions and to more closely reflect actual experience.
- Rates of termination/withdrawal, retirement, and disability were revised to more closely reflect actual experience.
- The pre-retirement mortality assumptions were changed to the PubT-2010 Employee Table with generational projection using scale MP-2019.
- Post-retirement non-disabled mortality assumptions were changed to the PubT-2010 Healthy Retiree Table, adjusted as follows:
 - Males: 112 percent of the rates prior to age 80 and 94 percent of the rates for ages 80 and older, with generational projection using scale MP-2019.
 - Females: 83 percent of the rates prior to age 80 and 106 percent of the rates for ages 80 and older, with generational projection using scale MP-2019.
- Post-retirement non-disabled beneficiary mortality assumptions were changed to the Pub-2010 Contingent Survivor Table, adjusted as follows:
 - Males: 97 percent of the rates for all ages, with generational projection using scale MP-2019.
 - Females: 105 percent of the rates for all ages, with generational projection using scale MP-2019.
- Disabled mortality assumptions were changed to the PubNS-2010 Disabled Retiree Table using 99 percent of the rates for all ages with generational projection using scale MP-2019.
- The mortality tables described above are generational mortality tables on a benefit-weighted basis.

2019 The post-retirement benefit increases to the PERA benefit structure for those hired prior to 1/1/07 was changed from 0% through 2019 and 1.5% compounded annually thereafter, to 1.25%.

2018 The assumed investment rate of return of 7.25% was used as the discount rate, rather than using the blended rate of 4.78%

2017 The discount rate was lowered from 5.26% to 4.78%.

2016

- The price inflation assumption was lowered from 2.80% to 2.40%.
- The long-term expected rate of return assumption was lowered from 7.50% to 7.25% per year.
- The wage inflation assumption was lowered from 3.90% to 3.50%.

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
CHANGES IN BENEFIT TERMS AND ACTUARIAL ASSUMPTIONS
For the Year Ended June 30, 2023

- The mortality tables were changed from RP-2000 Combined Mortality Table for Males and Females, as appropriate, with adjustments for mortality improvements based on a projection scale of Scale AA to 2020 to RP-2014 White Collar Employee Mortality for actively working people, RP-2014 Healthy Annuitant Mortality Table projected to 2020 using the MP-2015 projection scale for retirees, or RP-2014 Disabled Retiree Mortality Table for disabled retirees.
- The discount rate was lowered from 7.50% to 5.26%.

2015 There were no changes in assumptions or other inputs this measurement period compared to the prior year.

NOTE 2 OTHER POSTEMPLOYMENT BENEFITS LIABILITY

Changes in assumptions or other inputs effective for the December 31st measurement period for the following years ended:

2022

- The Medicare Part A premium increased from \$471 to \$499 per month.
- The per capita health care costs are developed by plan option; based on 2022 premium rates for the UnitedHealthcare Medicare Advantage Prescription Drug (MAPD) PPO plan #1, the UnitedHealthcare MAPD PPO plan #2, and the Kaiser Permanente MAPD HMO plan. Actuarial morbidity factors are then applied to estimate individual retiree and spouse costs by age, gender, and health care cost trend. This approach applies for all members and is adjusted accordingly for those not eligible for premium-free Medicare Part A for the PERA benefit structure.
- Effective for the December 31, 2022, measurement date, the timing of the retirement decrement was adjusted to middle-of-year within the valuation programming used to determine the total OPEB liability.

2021

- The Medicare Part A premium increased from \$458 to \$471 per month.
- The health care cost trend rates from Medicare Part A premiums were revised to reflect the then current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

2020

- Initial per capita health care costs for those PERACare enrollees under the PERA benefit structure who are expected to attain age 65 and older ages and are not eligible for premium-free Medicare Part A benefits were updated to reflect the change in costs for the 2020 plan year.
- The health care cost trend rates for Medicare Part A premiums were revised to reflect the then current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.
- Price inflation assumption decreased from 2.40 percent per year to 2.30 percent per year.
- Real wage growth assumption decreased from 1.10 percent per year to 0.70 percent per year.
- Real rate of investment return assumption increased from 4.85 percent per year, net of investment expenses to 4.95 percent per year, net of investment expenses.
- Wage inflation assumption decreased from 3.50 percent per year to 3.00 percent per year.
- Salary scale assumptions were revised to align with revised economic assumptions and to more closely reflect actual experience.
- Rates of termination/withdrawal, retirement, and disability were revised to more closely reflect actual experience.
- The pre-retirement mortality assumptions for the School Division were changed to the PubT-2010 Employee Table with generational projection using scale MP-2019.

SARGENT SCHOOL DISTRICT RE-33J
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
CHANGES IN BENEFIT TERMS AND ACTUARIAL ASSUMPTIONS
For the Year Ended June 30, 2023

- Post-retirement non-disabled mortality assumptions for the School Division were changed to the PubT-2010 Healthy Retiree Table, adjusted as follows:
 - Males: 112 percent of the rates prior to age 80 and 94 percent of the rates for ages 80 and older, with generational projection using scale MP-2019.
 - Females: 83 percent of the rates prior to age 80 and 106 percent of the rates for ages 80 and older, with generational projection using scale MP-2019.
- Post-retirement non-disabled beneficiary mortality assumptions were changed to the Pub-2010 Contingent Survivor Table, adjusted as follows:
 - Males: 97 percent of the rates for all ages, with generational projection using scale MP-2019.
 - Females: 105 percent of the rates for all ages, with generational projection using scale MP-2019.
- Disabled mortality assumptions were changed to the PubNS-2010 Disabled Retiree Table using 99 percent of the rates for all ages with generational projection using scale MP-2019.
- The mortality tables described above are generational mortality tables on a benefit-weighted basis.

2019

- Initial per capita health care costs for those PERACare enrollees under the PERA benefit structure who are expected to attain age 65 and older ages and are not eligible for premium-free Medicare Part A benefits were updated to reflect the change in costs for the 2019 plan year.
- The morbidity assumptions were updated to reflect the assumed standard aging factors.
- The health care cost trend rates for Medicare Part A premiums were revised to reflect the then current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

2018 There were no changes in assumptions or other inputs effective this measurement period compared to the prior year.

2017 The Medicare Part A premiums were raised from 3.00% to 3.25%, as well as the gradual percentage rose from 4.25% in 2023 to 5.00% in 2025.

SARGENT SCHOOL DISTRICT RE-33J

SUPPLEMENTARY INFORMATION

The combining financial schedules represent the second level of financial reporting for the District. These schedules present more detailed information for the individual funds in a format that segregates information by fund type.

**SARGENT SCHOOL DISTRICT RE-33J
NONMAJOR GOVERNMENTAL FUNDS**

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for and report the proceeds of special revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

Pupil Activity Fund – Used to record financial transactions related to school-sponsored pupil intrascholastic and interscholastic athletic and other related activities. These activities are supported in whole or in part by revenues from pupils, gate receipts, and other fundraising activities.

Food Service Fund - Used to account for the District's food service program. Revenues are derived from District contributions and student and adult charges.

CAPITAL PROJECTS FUNDS

Capital Reserve Capital Projects Fund – Used to account for the purposes and limitations specified by Section 22-45-103(1)(c), C.R.S., including the acquisition of sites, buildings, equipment, and vehicles.
