INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Menoken Water District

**Opinions**

We have audited the accompanying financial statements of the business-type activities of Menoken Water District, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise Menoken Water District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of Menoken Water District, as of December 31, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Menoken Water District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Menoken Water District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Menoken Water District's internal control. Accordingly, no such opinion is expressed.

Certified Public Accountants

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Menoken Water District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (pages 3-5) and budgetary comparison information (pages 18-19) be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Menoken Water District  
Management's Discussion and Analysis  
For the Year Ended December 31, 2024

---

As management of the Menoken Water District, (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities for the fiscal year ended December 31, 2024. We encourage readers to consider the information presented here in conjunction with the additional information furnished in our basic financial statements to better understand the financial position of the District.

### **Financial Highlights**

- The District's assets exceeded its liabilities by \$ 1,411,512 at the end of the year, an increase of \$ 59,405 from the prior year, after \$ 184,432 of depreciation expense.
- The District's unrestricted net position was \$ 697,629, an increase of \$ 108,597 from the prior year.
- During 2024, the District received capital contributions of \$ 231,150 from tap fees and \$ 83,188 from developer extensions.

### **Overview of the Financial Statements**

The discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The basic financial statements are comprised of four components: (1) statement of net position, (2) statement of revenues, expenses and changes in net position, (3) statement of cash flows, and (4) notes to the financial statements.

- The statement of net position presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve a useful indicator of whether the financial position of the District is improving or deteriorating (see page 6).
- The statement of revenues, expenses and changes in net position presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods. The statement reports the District's operating and non-operating revenue by source along with operating and non-operating expenses and capital contributions (see page 7).
- The statements of cash flows report the District's cash flows from operating, investing and capital activities (see page 8).
- The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes to the financial statements can be found beginning on page 9 of this report.

In addition to the basic financial statements and accompanying notes, this report also presents certain supplementary information concerning the District's budgetary comparisons. This information can be found beginning on page 18 of this report.

## Financial Analysis

The following summarizes the District's net position as of December 31, 2024 and 2023.

	2024	2023
Assets		
Current assets	\$ 751,345	\$ 630,360
Capital assets	713,883	763,075
Total assets	<u>1,465,228</u>	<u>1,393,435</u>
Liabilities		
Current liabilities	32,534	26,543
Non current liabilities	21,182	14,785
Total liabilities	<u>53,716</u>	<u>41,328</u>
Net Position		
Net investment in capital assets	713,883	763,075
Unrestricted	697,629	589,032
Total net position	<u>\$ 1,411,512</u>	<u>\$ 1,352,107</u>

The largest portion of the District's net position, 51%, reflects its net investment in capital assets, less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to its users; consequently, these assets are not available for future spending. Although the District's net investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The remaining \$ 697,629 is unrestricted and available for on-going obligations of the District.

The following summarized the change in the District's net position for the years ended December 31, 2024 and 2023.

	2024	2023
Revenues		
Operating revenues	1,007,627	846,940
Non-operating revenues	16,827	6,785
Capital contributions	314,338	50,997
Total revenues	<u>1,338,792</u>	<u>904,722</u>
Expenses		
Operating expenses	1,094,955	846,934
Depreciation	184,432	183,226
Total expenses	<u>1,279,387</u>	<u>1,030,160</u>
Changes in net position	59,405	(125,438)
Net position - January 1	1,352,107	1,477,545
Net position - December 31	<u>\$ 1,411,512</u>	<u>\$ 1,352,107</u>

## Capital Assets

The District's net investment in capital assets amounts to \$ 713,883, net of \$ 5,624,420 of accumulated depreciation, as of December 31, 2024. This investment consists of land, storage and distributions system, building and improvements, equipment and furniture and fixtures.

Additional information on the District's capital assets can be found on page 16.

## Economic Factors and Next Year's Budgets

### Water Rates:

Water rates were increased in 2024. The Project 7 Water Authority Treatment plant increased rates by \$.50 per 1,000 gallons on January 2024. Project 7 is currently preparing to construct a second treatment plant near Ridgeway reservoir which will require rate increases each year. The district board raised the rates \$.50 per 1,000 gallons plus an additional \$.07 per 1,000 gallons to cover operating costs and increased unaccounted for water.

Current System Connections: 1,427

Water sales was up 5.8 % over 2024 for District customers.

Cost of Service: per 1,000 gal sold                      2024 gal. purchased from p7 \$ 171,187,000

### Expense:

Raw water	\$ 0.38
Water Treatment	\$ 1.95
Office & admin.	\$ 1.74
System O&M	\$ 2.71
Capital improvement	\$ 1.09
Lost Water	<u>\$ 0.26</u>
	<b>\$ 8.13</b>

### Income:

Water sold	\$ 6.37
Service fees	\$ 0.07
Tap fees	\$ 1.54
Investments	\$ 0.13
Customer extensions	<u>\$ 0.65</u>
	<b>\$ 8.76</b>

Net income per 1,000 gal sold:                                      **\$ 0.63**

Capital expenditures estimated for 2025:

No capital projects are scheduled for 2025. Work will be concentrated on a back log of system maintenance.

## Request for Information

This financial report is designed to provide a general overview of the district's finances. Questions concerning any of the information provided in the report or requests for additional financial information should be addressed to the District Manager, 4386 6225 Road, Montrose, Colorado 81401.

**Menoken Water District**  
**Notes to the Financial Statements**  
**Years Ended December 31, 2024 and 2023**

---

**Note A – Summary of Significant Accounting Policies**

The financial statements of Menoken Water District, (the District) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Following is a summary of the more significant principles:

**1. Reporting Entity**

The District was originally incorporated as Menoken Water Company (the Company) in 1960 as a Colorado nonprofit entity. On November 4, 1997, the electors approved changing the Company to a political subdivision of the State of Colorado and changing the Company's name to Menoken Water District. The District provides domestic water to customers in northeast Montrose County, Colorado. The District is governed by an elected five-member board. For financial reporting purposes, the district, an Enterprise (C.R.S Section 20 Article X) is a stand-alone entity; there are no component units included in the accompanying financial statements and the district is not considered a component unit of another entity.

**2. Financial Statement Presentation**

The accounts of the District have been organized on the basis of a single enterprise fund. Enterprise funds are used to account for operation that are financed and operated in a manner similar to private business enterprises. It is the intent of the governing body that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Enterprise funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. The principal operating revenues of the District are charges to users for water sales which result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and give up essentially equal values. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

**Menoken Water District**  
**Notes to the Financial Statements**  
**Years Ended December 31, 2024 and 2023**

---

**Note A – Summary of Significant Accounting Policies - continued**

**3. Basis of Accounting**

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. The District utilized the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted assets first, then unrestricted resources as they are needed.

The assets, liabilities, and net position of the District are reported in a self-balancing set of accounts, which include restricted and unrestricted resources, representing funds available for support of the District's programs.

**4. Cash and Cash Equivalents**

For purposes of the statements of cash flows, cash and cash equivalents consist of cash certificates of deposits and highly liquid investments purchased with an initial maturity of three months or less.

**5. Fair Value Measurement**

The District adopted GASB Statement No. 72, *Fair Value Measurement and Application*, which generally requires state and local governments to measure assets and liabilities at fair value. GASB's goal is to enhance comparability of governmental financial statements by requiring fair value measurement for certain assets and liabilities using a consistent definition and accepted valuation techniques. This standard expands fair value disclosure to provide comprehensive information for financial statement users about the impact of fair value measurements on a government's financial position. The District's investments consist of ColoTrust Prime which is stated at net asset value.

**6. Accounts Receivable**

The District considers accounts receivable to be fully collectible; accordingly, no allowance for uncollectible accounts is maintained. If amounts become uncollectible, they are charged to operations when that determination is made.

**Menoken Water District**  
**Notes to the Financial Statements**  
**Years Ended December 31, 2024 and 2023**

---

**Note A – Summary of Significant Accounting Policies – continued**

**7. Inventory**

Inventory consists of materials and supplies which are stated at cost on a first-in/first-out method.

**8. Capital Assets**

Capital assets are stated at cost. Donated assets are recorded at their estimated fair market value at the date of donation. The District defines capital assets as assets that have a useful life of more than one year and that have an initial cost of \$ 5,000 or more. Replacements, which improve or extend the lives of property, are capitalized. The District capitalizes labor and equipment costs for self-constructed capital assets. Maintenance, repairs and equipment replacements of a routine nature are charged to expenditures as incurred and are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Storage and distribution	30 to 45 years
Building and improvements	25 years
Equipment, furniture and fixtures	5 to 10 years

**9. Compensated Absences**

Vacation time accrues at the rate of one week after one year of employment and two weeks after two years of employment. Sick leave accrues at the rate of ½ day per month up to 15 days, after which unused sick leave is paid monthly.

**10. Use of Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Menoken Water District**  
**Notes to the Financial Statements**  
**Years Ended December 31, 2024 and 2023**

---

**Note A – Summary of Significant Accounting Policies – continued**

**11. Net Position**

Net position represents the difference between assets and liabilities. Net investment in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing attributable to the acquisition or construction of improvements of those assets. Net position is reported as restricted when there are limitations imposed on their use by external restrictions imposed by creditors, grantors, laws or regulations of other governments.

**Note B – Tax, Spending and Debt Limitations**

In November 1992, Colorado voters passed an amendment to the State Constitution, Article X, Section 20, which has several limitations, including revenue raising, spending abilities and other specific requirement of state and local governments.

The amendment excludes enterprises from its provisions; Enterprises, defined as government-owned businesses authorized to issue revenue bonds and receiving less than 10 percent of their annual revenue in grants from all state and local governments combined, are excluded from the provision of the amendment. It is the District's opinion that qualifies for the exclusion and is therefore excluded from the provisions of the amendment.

**Note C – Budgets**

The District adheres to the following budgetary procedures:

- Budgets are required by state law.
- The budget officer is required to submit a proposed budget by October 15.
- Public hearings are conducted by the Board of Directors to obtain taxpayer comments.
- Expenditures may not legally exceed total appropriations. Board approval is required for changes in the adopted budget. Budget appropriations lapse at the end of the year. The District could be in violation of Colorado Budget Law because actual expenditures exceeded budgetary amounts.
- The District's budgets are prepared based on the flow of current financial resources using a modified accrual basis of accounting.

**Menoken Water District**  
**Notes to the Financial Statements**  
**Years Ended December 31, 2024 and 2023**

---

**Note C – Budgets – continued**

Following is a summary of the adjustment necessary to convert to the budgetary basis from GAAP:

	Revenues	Expenditures
GAAP Basis	\$ 1,338,792	\$ 1,279,387
Adjustments:		
Capital Outlay	-	135,239
Depreciation	-	(184,432)
Budgetary Basis	1,338,792	1,230,194
Budget	1,143,114	1,081,233
Variance - Favorable (unfavorable)	\$ 195,678	\$ (148,961)

**Note D – Deposits and Investments**

The District adopted GASB Statement No. 40, Deposit and Investment Risk Disclosures, effective for periods beginning after June 15, 2004. This statement establishes and modifies disclosure requirements related to investment credit risk; including custodial credit risk and concentrations of credit risk; interest rate risk and foreign currency risk; as well as deposit custodial credit risk and foreign currency risk.

**1. Deposits**

Colorado State Statutes govern the District’s deposits. The statutes specify eligible depositories for public cash deposits which must be Colorado institutions and must maintain federal insurance (FDIC) on deposits held. Each eligible depository with deposits in excess of the insured levels must pledge a collateral pool of defined eligible assets maintained by another institution or held in trust for all of its local government depositors as a group with a market value at least equal to one hundred and two percent of the uninsured deposits. The State Regulatory Commissions for banks and savings and loan associations are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2024 the carrying amount of the District’s deposits was \$ 196,415 and the bank balances were \$ 201,146. Of the bank balances, \$ 201,146 were insured under FDIC.

**Menoken Water District**  
**Notes to the Financial Statements**  
**Years Ended December 31, 2024 and 2023**

---

**Note D – Deposits and Investments – continued**

**2. Investments**

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local government entities may invest including: obligations of the United States and certain United States government agency securities; certain international agency securities; general obligation and revenue bonds of local government entities; bankers' acceptances of certain banks; commercial paper; local government investment pools written repurchase agreements collateralized by certain authorized securities; certain money market funds; and guaranteed investment contracts. The District has no investment policy that would further limit its investment choices.

Fair Value Hierarchy: the District categories its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The District has no investments required to be reported under the fair value hierarchy.

Investments Measured at Net Asset Value

ColoTrust Prime    \$321,208

At December 31, 2024 and 2023 the District had investments of \$321,208 and \$ 168,724, respectively, in a local government investment pool; the Colorado Government Liquid Asset Trust (COLOTRUST). COLOTRUST is an investment vehicle established for local government entities in Colorado pursuant to Part 7 of Article 75 of Title 24 of the Colorado Revised Statutes (CRS), to pool surplus funds for investment purposes. COLOTRUST operates similarly to a money market fund and each share is equal in value to \$1.00. The designated custodial bank provides safekeeping and depository services in connection with the direct investment and withdrawal functions. Substantially all securities owned by the pool are held by the Federal Reserve Bank in the account maintained for the custodial bank. The custodian's internal records identify the investments owned by the pool. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period. Separately issued financial statements may be obtained at the following address:

COLOTRUST  
717 17<sup>th</sup> Street, Suite 1850  
Denver, Colorado 80202 [www.colotrust.com](http://www.colotrust.com)

Additions	7,907
Reductions	<u>-</u>
Balance December 31, 2024	<u>\$ 27,980</u>
Current portion	<u>\$ 6,799</u>

**Note F – Risk Management**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties, including employee health insurance and workman’s compensation. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the last three years.

**Note H – Commitments**

The District purchases all of its treated water from the Project 7 Water Authority. The District is committed to paying for the treatment of a minimum of 45 million gallons of water annually from the Project 7 Water Authority. During the years ended December 31, 2024 and 2023 the District's actual usage was 172.3 million and 161.9 million gallons at a cost of \$ 336,006 and \$ 234,819, respectively.

**Menoken Water District**  
**Notes to the Financial Statements**  
**Years Ended December 31, 2024 and 2023**

---

**Note H – Commitments – continued**

Pursuant to a contract with the Tri-County Water Conservancy District, the District is committed to purchasing an allotment of raw water from the Dallas Creek Water Projects. The allotment amounts are as follows:

Blocks One and Two	565 acre feet annually
Block Three	<u>75</u> acre feet annually
Total	<u>640</u> acre feet annually

Payment for the cost of the water will be paid annually for fifty years at which time the District will own water rights in the amount listed. Required payments for the additional acre feet in Block Three began in 2000. The required payment was \$ 55,113 and \$ 55,113 for 2024 and 2023 respectively, including operations and maintenance costs.

**Note I – Employee Retirement Plan**

The District provides pension benefits for all of its full time employees in a defined contribution plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings.

All full time employees are eligible to participate in the plan that is administered by the District from the date of hire. The District will match up to 6% of each employee base salary. District contributions for all employees are a 100% vested.

The District's total payroll for the year 2024 was \$ 298,664. The District's contributions were calculated using the base salary of \$ 246,904. The District made the required contributions of \$ 7,681 and the employees made required contributions of \$ 7,681.

**Note J – Restatement of Fund Balance**

The fund balance for the District was restated as of December 31, 2023. The fund balance was increased by \$90,471 from \$1,261,636 to \$1,352,107. Physical inventory was conducted as of December 31, 2024 and resulted in a difference of \$89,472, of which \$80,525 is believed to have originated prior to December 31, 2023. The District was also carrying \$9,946 in unearned revenue that should have been recognized prior to December 31, 2023.
