## INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Louviers Water and Sanitation District

### Opinions

We have audited the accompanying financial statements of Louviers Water and Sanitation District as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the Louviers Water and Sanitation District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Louviers Water and Sanitation District as of December 31, 2023, and the respective changes in financial position and, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Louviers Water and Sanitation District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Louviers Water and Sanitation District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Certified Public Accountants & Business Consultants

In performing an audit in accordance with generally accepted auditing standards, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures of the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Louviers Water and Sanitation District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Louviers Water and Sanitation District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### **Supplemental Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Louviers Water and Sanitation District's basic financial statements. The supplemental information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**LOUVIERS WATER AND SANITATION DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
Year Ended December 31, 2024**

Our discussion and analysis of Louviers Water and Sanitation District's (District) financial performance provides an overview of the District's financial activities for the fiscal year ended December 31, 2024. Please read it in conjunction with the District's basic financial statements which begin on page 1.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. Required statements for proprietary funds are: 1) Statement of Net Position, 2) Statement of Revenues, Expenses and Changes in Fund Net Position, and 3) Statement of Cash Flows. The Statement of Net Position and the Statement of Revenues, Expenses and Changes in Fund Net Position are prepared using the economic resource measurement focus and the accrual basis of accounting.

The *Statement of Net Position* presents information on all of the District's assets, liabilities, and deferred inflows of resources, with the difference being reported as net position. This statement provides useful information regarding the financial position of the District. Over time, increases and decreases in net position can serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Nonfinancial factors should also be considered to assess the overall financial position of the District.

The *Statement of Revenues, Expenses and Changes in Fund Net Position* reports the changes that have occurred during the year to the District's net position. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Revenues and expenses are reported for some items that will only result in cash flows in the subsequent years.

The *Statement of Cash Flows*, as its name implies, is concerned solely with flows of cash and cash equivalents. Only transactions that affect the District's cash position are reflected in this statement. Transactions are segregated into four sections on the statement: 1) cash flows from operating activities, 2) cash flows from capital financing activities, 3) cash flows from noncapital financing activities, and 4) cash flows from investing activities.

In addition to the basic financial statements and accompanying notes, this report also presents certain *supplemental information*, as listed in the table of contents, which has been included for additional analysis and legal compliance.

**FINANCIAL SUMMARY AND ANALYSIS**

**Net Position**

As noted earlier, net position may serve as a useful indicator of the District's financial position. As noted in the table below, the District's assets exceed liabilities and deferred inflows of resources in 2024 by \$3,574,253. Total assets, liabilities, and deferred inflows of resources were \$5,399,365, \$1,651,600, and \$173,512, respectively. Current assets increased due to higher grants receivable as of the end of 2024 than 2023, as the District continued work on

**LOUVIERS WATER AND SANITATION DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
Year Ended December 31, 2024**

several projects being funded by grants. Current liabilities increased from 2023 to 2024 due to higher capital spending at the end of 2024 than 2023, resulting in higher accounts payable and retainage payable levels as of the end of 2024. Deferred revenues decreased due to the District receiving an advance on the ARPA grant funding during 2023, of which \$89,950 remained unspent as of the end of 2023, but was earned and recognized as revenue in 2024. Capital assets increased because of 2024's capital asset additions being more than the offsetting 2024 depreciation expense. Long-term liabilities decreased due to the 2024 principal payments on the outstanding bonds and loans. Additional information on capital assets and long-term debt is located below in the Capital Assets and Debt Administration section.

**Condensed Statement of Net Position**

	<u>2023</u>	<u>\$ Change</u>	<u>2024</u>
Current assets	\$ 985,643	\$ 109,454	\$ 1,095,097
Noncurrent assets	101,562	(2,032)	99,530
Capital assets	3,253,961	950,777	4,204,738
<b>Total Assets</b>	<u>4,341,166</u>	<u>1,058,199</u>	<u>5,399,365</u>
Current liabilities	121,990	91,777	213,767
Long-term liabilities	1,500,389	(62,556)	1,437,833
<b>Total Liabilities</b>	<u>1,622,379</u>	<u>29,221</u>	<u>1,651,600</u>
Deferred revenues	265,642	(92,130)	173,512
<b>Total deferred inflows of resources</b>	<u>265,642</u>	<u>(92,130)</u>	<u>173,512</u>
Investment in capital assets	1,704,276	1,013,455	2,717,731
Restricted for:			
Debt service	37,390	834	38,224
Operations and maintenance reserve	92,585	(31,294)	61,291
Emergencies	1,191	(121)	1,070
Unrestricted	617,703	138,234	755,937
<b>Total Net Position</b>	<u>\$ 2,453,145</u>	<u>\$ 1,121,108</u>	<u>\$ 3,574,253</u>

**Changes in Net Position**

As noted in the table below, the District's net position increased by \$1,121,108. Operating and revenue increased from 2023 levels due to higher charges for services as a result of water and sewer rate increases and higher water usage during 2024 than 2023. Capital contributions increased by \$427,308 from 2023, as the District recognized total grant income of \$1,106,859 related to ongoing capital asset additions projects. Overall operating and nonoperating expenses changed minimally from 2023.

**LOUVIERS WATER AND SANITATION DISTRICT

<b>Net Position - End of Year</b>	<u>\$ 2,453,145</u>	<u>\$ 1,121,108</u>	<u>\$ 3,574,253</u>

**BUDGETARY HIGHLIGHTS**

The District's budget was not amended for the year ended December 31, 2024. For 2024, actual revenues were \$726,738 less than budgeted primarily due to the District anticipated receiving grant income of \$1,843,281, however \$736,422 less was received as the related capital projects outlays were not as much as anticipated. Expenditures were under budget by \$856,442. This was due to water and wastewater system improvements were anticipated for \$1,706,221 and \$207,448, respectively, however actual capital outlay for 2024 was \$1,088,712 and \$36,955, respectively, for a combined positive variance of \$788,002. Additionally, the District budgeted a \$20,000 contingency for 2024, which offsets other budget line items which exceeded the anticipated amounts.

**CAPITAL ASSET AND DEBT ADMINISTRATION**

**Capital Assets**

The changes in the District's investment in capital assets are as follows:

	<b>Capital Assets Summary</b>		
	<b>2023</b>	<b>\$ Change</b>	<b>2024</b>
Land	\$ 75,303	\$ -	\$ 75,303
Construction in Progress	823,463	526,660	1,350,123
<b>Total capital assets, not being depreciated</b>	<u>898,766</u>	<u>526,660</u>	<u>1,425,426</u>
Water system and facilities, net	813,041	(102,496)	710,545
Wastewater system and facilities, net	1,542,154	526,613	2,068,767
<b>Total capital assets being depreciated, net</b>	<u>2,355,195</u>	<u>424,117</u>	<u>2,779,312</u>
<b>Total capital assets, net</b>	<u>\$ 3,253,961</u>	<u>\$ 950,777</u>	<u>\$ 4,204,738</u>

During 2024, the District's main capital asset activity was related to radium treatment facility project for which the District incurred \$1,046,806 in 2024. Additionally, the District continued

**LOUVIERS WATER AND SANITATION DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
Year Ended December 31, 2024**

working on water meter replacements, the emergency water line connection, and improvements at the land application site. All of these projects were still ongoing as of the end of 2024. During 2024, the District completed the wastewater collection system improvements and wastewater service lines, both of which had been started in prior years.

Additional information on the District's capital assets can be found in Note 4 of this report.

**Long-Term Obligations**

The changes in the District's long-term obligations are as follows:

	<b>Long-term Debt Summary</b>		
	<u>2023</u>	<u>\$ Change</u>	<u>2024</u>
General obligation bond, Series 2009	\$ 551,842	\$ (12,173)	\$ 539,669
2012 CWRPDA Loan	44,477	(15,663)	28,814
2019 CWRPDA Loan	855,960	(32,921)	823,039
2022 USDA Loan	97,406	(1,921)	95,485
<b>Total long-term debt</b>	<u>\$ 1,549,685</u>	<u>\$ (62,678)</u>	<u>\$ 1,487,007</u>

During 2024, the District made the scheduled debt service payments on the outstanding bonds and loans, plus paid additional principal on the water related loan from property taxes levied for the payment.

Additional information on the District's long-term obligations can be found in Note 5 of this report.

**ECONOMIC FACTORS NEXT YEAR'S BUDGET AND RATES**

In adopting the District's budget for 2025, the District continued to levy property tax of 10.000 mills on the properties within the District's boundaries for operations and 10.795 mills to pay a portion of the debt service on the District's outstanding long-term debt, resulting in a total mill levy of 20.795 mills. The District's total assessed valuation on the property within the District's boundaries decreased slightly to \$3,557,710 for the taxes levied for collection in 2025. As a result, the taxes levied for collection in 2025 are \$2,200 less than was collected in 2024. For 2025, the District elected not to increase the water base, sewer base, operations & improvements-water, and operations & improvement-sewer rates, maintaining the same rates as were in effect for 2024. Additionally, the tiered water usage rates and construction/bulk water rates also remained the same as 2024. The District's 2025 budget also anticipates incurring \$2,465,118 of water capital expenditures related to the radium treatment facility and the water distribution system, which are anticipated to be funded with grants. The 2025 budget anticipates total revenue of \$3,090,196 and total expenditures of \$2,817,059. The ending funds available is expected to be \$1,181,974.

**LOUVIERS WATER AND SANITATION DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024**

**NOTE 1 – DEFINITION OF REPORTING ENTITY**

Louviers Water and Sanitation District (District), was created on November 20, 2008, as a quasi-municipal corporation and political subdivision of the State of Colorado, is governed pursuant to provisions of the Colorado Special District Act. The District's service area is located in Douglas County, Colorado. The District purpose is to provide public water and sanitary sewer services to the citizens of the District. The District is governed by an elected Board of Directors.

The District has no employees, and all operations and administrative functions are contracted.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District and Louviers Mutual Service Company (LMSC), a Colorado nonprofit organization, entered into a Dissolution and Transfer Agreement dated May 28, 2009, providing, among other things, for the assignment and transfer by LMSC to the District, of all tangible and intangible assets of LMSC, owned by LMSC at the time of dissolution. Effective October 30, 2009, the District entered into a Bill of Sale and Assignment and Assumption Agreement with LMSC to assign and transfer all tangible and intangible assets owned by LMSC to the District and for the District to assume all liabilities of LMSC.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies of the District conform to generally accepted accounting principles applicable to governmental units accounted for as a proprietary enterprise fund. The enterprise fund is used since the District's powers are related to those operated similar to a private utility system where net income and capital maintenance are appropriate determinations of accountability.

**Basis of Accounting**

The District's records are maintained on the accrual basis of accounting. Revenue is recognized when earned and expenses are recognized when the liability is incurred. Depreciation is computed and recorded as an operating expense. Expenditures for capital assets are shown as increases in assets and redemption of bonds and loans is recorded as a reduction in liabilities. Tap fees and contributed assets from developers are recorded as capital contributions when received.

**LOUVIERS WATER AND SANITATION DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024**

**Operating Revenues and Expenses**

The District distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. Operating revenues consist of charges to customers for services provided. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses or capital contributions.

**Budgets**

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements.

**Property Taxes**

Property taxes are levied by the District Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April 30 or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred revenue in the year they are levied and measurable. The deferred property tax revenues are recorded as revenue in the year they are available or collected.

**Cash Equivalents**

For purposes of the financial statements, the District considers cash deposits and highly liquid investments (including restricted assets) with a maturity of three months or less when purchased, to be cash equivalents.

**Capital Assets**

Capital assets are recorded at cost except for those assets which have been contributed which are stated at estimated fair value at the date of contribution. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements, exceeding \$5,000, are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable. Depreciation and

**LOUVIERS WATER AND SANITATION DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024**

amortization expense has been computed using the straight-line method over the estimated economic useful lives:

Water system and facilities	5-20 years
Wastewater system and facilities	5-40 years

**Estimates**

Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statements.

**Tap Fees and Contributed Capital Assets**

Tap fees are recorded as capital contributions when received. Capital assets contributed to the District are recorded as capital contributions and additions to the systems at estimated fair market value when received.

**Restricted Resources**

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

**NOTE 3 - CASH AND INVESTMENTS**

**Cash Deposits**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators.

Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by Statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

As of December 31, 2024, the District had cash deposits with a bank balance of \$335,932 and carrying balance of \$335,932.

**LOUVIERS WATER AND SANITATION DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
December 31, 2024**

**Investments**

**Credit Risk**

The District has not adopted a formal investment policy, however, the District follows Colorado State Statutes which specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States and certain U.S. government agency securities and the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Certain reverse repurchase agreements
- . Certain securities lending agreements
- . Certain corporate bonds
- . Written repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- . Local government investment pools

**Interest Rate Risk**

Colorado Revised Statutes limit investment maturities to three to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirement.

**Concentration of Credit Risk**

The District does not have a policy that addresses limitations on the amount that can be invested in any one issuer however, the District invests primarily in local government investment pools, which are not subject to concentration of credit risk.

As of and for the year ending December 31, 2024, the District held the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Carrying Value</u>
COLOTRUST Plus+	Weighted average under 60 days	\$ 166,061

**COLOTRUST**

As of December 31, 2024, the District has invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST and/or the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust operates similarly to a money market fund. The Trust offers shares in three portfolios, COLOTRUST Prime (Prime), COLOTRUST Plus+ (Plus+) and COLOTRUST Edge (Edge). All portfolios may invest in U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain obligations of U.S. government agencies and instrumentalities, and repurchase agreements collateralized with certain U.S. government agencies or instrumentalities. COLOTRUST Plus+

**LOUVIERS WATER AND SANITATION DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024**

and COLOTRUST Edge may also invest in the highest rated commercial paper. The Prime and Plus+ portfolios are restricted to a weighted average maturity (WAM) of 60 days or less while the Edge portfolio incorporates longer-dated securities with a WAM of 60 days or more. Both Prime and Plus+ portfolios are rated AAAM by Standard and Poor's and the EDGE portfolio is rated AAAf/S1 by Fitch Ratings. Information related to COLOTRUST, including the annual audited financial statements, can be found at the COLOTRUST website at [www.colotruster.com](http://www.colotruster.com).

**Investment Valuation**

The District's investments are measured at amortized cost or in certain circumstances the value is calculated using the net asset value (NAV) per share, or its equivalent of the investment. These investments include 2a7-like external investment pools and money market investments. The District held investments in COLOTRUST at yearend for which the investment valuations were determined as follows.

COLOTRUST records its investments at fair value and the District records its investments in COLOTRUST at net asset value as determined by fair value. Each share of Prime and Plus is equal in value to \$1.00 and the redemption frequency is daily with no redemption notice period. Edge's net asset value is managed to approximate a \$10.00 transactional share price and the redemption frequency is five business days. The principal value of an Edge investment may fluctuate and could be greater or less than \$10.00 per share at time of purchase, prior to redemption, and at the time of redemption. There are no unfunded commitments.

Cash Deposits and Investments are reflected in the Statement of Net Position as of December 31, 2024, as follows:

Cash and Cash Equivalents - Unrestricted	\$ 463,869
Cash and Cash Equivalents - Restricted	38,124
	<u>\$ 501,993</u>

The cash and cash equivalents – restricted, is restricted for the payment of debt service on the District's General Obligation Bond, Series 2009 and the 2022 United States Department of Agriculture Loan.

	<u>\$ 1,549,685</u>	<u>\$ -</u>	<u>\$ (62,678)</u>	<u>\$ 1,487,007</u>	<u>\$ 49,174</u>

**General Obligation Bond, Series 2009**

On November 4, 2009, the District issued a \$680,000 General Obligation Bond dated November 4, 2009. The bond was issued to the United States of America Rural Utilities Service which is administered by the United States Department of Agriculture, Office of Rural Development. The bond bears interest at 4.125% and requires \$17,436 semiannual payments of principal and interest on May 4 and November 4, commencing on May 4, 2010, with the final payment due on November 4, 2049. The bond is subject to redemption prior to maturity as a whole or any portion thereof, on any date, upon the payment of par and accrued interest, without redemption

**LOUVIERS WATER AND SANITATION DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024**

premium. The proceeds of the bond were used to retire the outstanding balance of the Rural Community Assistance Corporation loan. The District was required to fund a debt service reserve in the amount of \$3,487 annually, until the balance in the debt service reserve account is \$34,872, which has been achieved. During 2024, the District paid interest on this bond in the amount of \$22,699.

**2012 Colorado Water Resources and Power Development Authority Loan**

The District has entered into a Loan Agreement of a net \$139,650 (\$1,139,650 loan commitment with \$1,000,000 loan principal forgiveness at loan closing) with the Colorado Water Resources and Power Development Authority (CWRPDA) dated October 19, 2012. The net loan bears an interest rate of 0%. The loan requires semi-annual principal only payments on May 1 and November 1 which began on November 1, 2013, and continuing through May 1, 2043. The loan was entered into to fund capital improvements consisting of drilling a new well for redundancy, new disinfection system at the water treatment plant, replacing distribution lines, and chlorine contact piping.

Security for the loan is provided by a pledge of the net revenue of the District, excluding certain revenues as defined in the loan agreement. Additionally the District has covenanted to establish and collect such rates, fees and charges, together with other available revenues will be at least sufficient to pay the sum of: a) operation and maintenance expenses, b) 110% of the debt services on the loan, c) the amount, if any, to be paid into any debt service reserve account in connection with any obligations secured by a lien on the net revenue which lien is on a parity with the lien of this loan agreement on the net revenue, d) a sum equal to the debt service on any obligations secured by a lien on the net revenue which lien is subordinate to the lien of this loan agreement on the net revenue, and e) amounts necessary to pay and discharge all charges and liens or other indebtedness not described above and payable out of the gross revenue of the District. The District is also required to maintain an operation and maintenance reserve equal to three months of operation and maintenances expenses, excluding depreciation, of the water system.

**2019 Colorado Water Resources and Power Development Authority Loan**

The District has entered into a Loan Agreement with the Colorado Water Resources and Power Development Authority in the amount of \$1,100,000 dated May 7, 2019. The loan proceeds are to be used for collection system improvements, replacement, and/or relocation of lines. The loan term is for 30 years at an interest rate of 0.00%. However, at the discretion of the CWRPDA, and if such funds are available and the District is deemed eligible, the loan may be forgiven in an amount of up to 100% of the principal amount of the loan. The loan requires semi-annual principal payments on May 1 and November 1 of each year, beginning on May 1, 2020, and continuing through November 1, 2049. During 2019 the District expended and recognized \$981,016 of loan proceeds. Subsequent to yearend, the District expended and recognized an additional \$8,503 of loan proceeds. It was determined that the District would not need the entire \$1,100,000 of loan authorization and requested that \$110,481 of loan authorization be rescinded. Effective March 24, 2020, the CWRPDA rescinded the requested amount, leaving a loan balance of \$989,519.

Security for the loan is provided by a pledge of the net revenue of the District, excluding certain revenues as defined in the loan agreement. Additionally the District has covenanted to

**LOUVIERS WATER AND SANITATION DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
December 31, 2024**

establish and collect such rates, fees and charges, together with other available revenues will be at least sufficient to pay the sum of: a) operation and maintenance expenses, b) 110% of the debt services on the loan, c) the amount, if any, to be paid into any debt service reserve account in connection with any obligations secured by a lien on the net revenue which lien is on a parity with the lien of this loan agreement on the net revenue, d) a sum equal to the debt service on any obligations secured by a lien on the net revenue which lien is subordinate to the lien of this loan agreement on the net revenue, and e) amounts necessary to pay and discharge all charges and liens or other indebtedness not described above and payable out of the gross revenue of the District. The District is also required to maintain an operation and maintenance reserve equal to three months of operation and maintenances expenses, excluding depreciation, of the water system.

**2022 United States Department of Agriculture Loan**

On June 8, 2022, the District entered into a loan agreement with the United States Department of Agriculture (USDA) in the amount of \$185,000 and an associated grant for \$100,000. The loan and grant proceeds are to be used for certain sewer system collection line improvements. The loan requires monthly payments consisting of principal and interest, at 1.375%, of \$271 for 40 years, maturing on July 11, 2062. The loan requires the District to accumulate a debt service reserve of 10% of the annual debt service payments, over 10 years, until a full year of debt service payments has been accumulated in the reserve account. As of December 31, 2024, the amount in the reserve account was \$3,252. The loan is subject to prepayment by the District in whole or in part on any date upon payment of principal and accrued interest.

The District's long-term obligations will mature as follows:

<b>Years Ending December 31,</b>	<b>Principal</b>	<b>Interest</b>	<b>Total</b>
2025	\$ 49,174	\$ 23,429	\$ 72,603
2026	49,732	22,871	72,603
2027	50,313	22,290	72,603
2028	50,856	21,747	72,603
2029	51,543	21,060	72,603
2030-3034	268,008	95,008	363,016
2035-2039	288,002	75,014	363,016
2040-2044	310,047	50,632	360,679
2045-2049	331,642	20,786	352,428
2050-2054	14,140	2,120	16,260
2055-2059	15,147	1,113	16,260
2060-2062	8,403	158	8,561
	<u>\$ 1,487,007</u>	<u>\$ 356,228</u>	<u>\$ 1,843,235</u>

As of December 31, 2024, the District had authorized but unissued indebtedness of \$680,000 for water system improvements and \$540,481 for wastewater system improvements.

**LOUVIERS WATER AND SANITATION DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024**

**NOTE 6 – CELLULAR TOWER LEASE**

On June 23, 2010, the District entered into the Second Amendment to PCS Site Agreement with STC FIVE LLC. With this second amendment, the District assumed the original lease agreement, as amended, dated June 12, 1996, between the Louviers Mutual Service Company and Sprint Spectrum LLC. The original lease, as amended, was due to expire on June 11, 2021. The Second Amendment acknowledged that the first and second five-year renewal periods were exercised, leaving six more five-year renewal terms, with the agreement ending on June 11, 2041. The original annual lease payment was set at \$2,500 per year, and upon each five-year renewal period, the lease payment increases by 20% for the next five years. For the year ended December 31, 2023, the District received the annual lease payment of \$6,221, consisting of \$1,951 of principal, and \$4,270 of interest. As of December 31, 2024, the remaining cell tower lease receivable and deferred cell tower lease revenue were \$99,530.

The future payments due to the District under the lease are as follows:

<b>Years Ending December 31,</b>	<b>Principal</b>	<b>Interest</b>	<b>Total</b>
2025	\$ 2,115	\$ 4,106	\$ 6,221
2026	3,446	4,019	7,465
2027	3,589	3,876	7,465
2028	3,737	3,728	7,465
2029	3,891	3,574	7,465
2030-2034	28,350	14,947	43,297
2035-2039	44,078	7,878	51,956
2040	10,324	425	10,749
	<u>\$ 99,530</u>	<u>\$ 42,553</u>	<u>\$ 142,083</u>

**NOTE 7 - NET POSITION**

The District has net position consisting of three components – net investment in capital assets, restricted and unrestricted.

The net investment in capital assets, consists of capital assets, net of accumulated depreciation and if applicable reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2024, the District had invested in capital assets of \$2,717,731.

Restricted net position includes net amounts that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had net position as of December 31, 2024, restricted for the following purposes:

**LOUVIERS WATER AND SANITATION DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
December 31, 2024**

Restricted for:	
Debt service (Note 5)	\$ 38,224
Operation and maintenance reserve (Note 5)	61,291
Emergencies (Note 9)	1,070
	<u>\$ 100,585</u>

**NOTE 8 - RISK MANAGEMENT**

Except as provided in the Colorado Governmental Immunity Act, as amended from time to time, the District may be exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees, or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2024. The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for property, liability, public officials' liability, boiler and machinery and workers compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

**NOTE 9 - TAX, SPENDING AND DEBT LIMITATIONS**

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations that apply to the State of Colorado and all local governments.

On November 4, 2008, a majority of the District's voters approved the following ballot questions:

Shall Louviers Water and Sanitation District taxes be increased \$25,000 in fiscal year 2009 and by whatever tax revenues are generated in each fiscal year thereafter by an ad valorem property tax mill levy not to exceed ten (10.000) mills, or by such lesser amount as necessary to pay the District's administration and operations and maintenance expenses and shall the proceeds of such taxes and any investment income thereon be collected, retained and spent by the District in fiscal year 2010 and in each fiscal year thereafter for as long as the District continues in existence, such authorization to constitute a voter-approved revenue change which may be collected, retained and spent by the District without regard to any spending, revenue-raising, or other limitation contained in Article X, Section 20 of the Colorado Constitution, the limits imposed on increases in property taxation by Section 29-1-301, C.R.S. in any year, or any other law which purports to limit the District's revenues or expenditures as it currently exists or as it may be amended in the future, all without limiting in any year the amount of other revenues that may be collected, retained and spent by the District?

**LOUVIERS WATER AND SANITATION DISTRICT  
NOTES TO THE FINANCIAL STATEMENTS  
December 31, 2024**

Shall Louviers Water and Sanitation District be authorized to collect, retain, and spend the full amount of all taxes, tax increment revenues, system development fees, park fees, facility fees, service charges, inspection charges, administrative charges, grants or any other fee, rate, toll, penalty, or charge authorized by law or contract to be imposed, collected or received by the District during 2008 and each fiscal year thereafter, such amounts to constitute a voter-approved revenue change and be collected, retained and spent by the District without regard to any spending, revenue-raising, or other limitation contained in Article X, Section 20 of the Colorado Constitution, the limits imposed on increases in property taxation by Section 29-1-301, C.R.S. in any subsequent year, or any other law which purports to limit the District's revenues or expenditures as it currently exists or as it may be amended in the future, and without limiting in any year the amount of other revenues that may be collected, retained and spent by the District?

On November 6, 2018, a majority of the District's voters approved the following ballot question:

Shall Louviers Water and Sanitation District debt be increased up to \$1.5 million, with a maximum repayment cost of up to \$2 million, but with no increase in taxes, such debt to consist of a loan agreement, bond, note or other multiple fiscal year financial obligation entered into with a state authority or other entity, or combination thereof, for the purpose of paying, reimbursing, or financing all or any part of the costs of the replacement and or relocation of sewer lines and other sewer collection system improvements, with such debt, which will be paid from the revenues, fees and charges derived from the operation of the District's sewer facilities or properties, to bear interest at a maximum net effective interest rate not to exceed 3.5% per annum and be issued at such time and in such manner and containing such terms, not inconsistent herewith, as the Board of Directors may determine?

Enterprises, defined as government-owned businesses authorized to issue revenue bonds and receiving less than 10% of annual revenue in grants from all state and local governments combined, are excluded from the provisions of TABOR. The District is of the opinion that its water and sewer operations, and all activities related thereto are carried on as an Enterprise within the meaning of TABOR and the Enterprise Act, C.R.S. 37-45.;1-01, et seq. The District's annual budget and financial statements are deemed by the District to be the annual budget and financial statements of the Enterprise.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and many of the provisions, including the calculation of fiscal year spending limits, growth factors, and qualification as an Enterprise, may require judicial interpretation.

**LOUVIERS WATER AND SANITATION DISTRICT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**December 31, 2024**

**NOTE 10 – CONTINGENCY**

**Potential BNSF Railroad Land Condemnation**

In 2015, the District received notification from Douglas County, Colorado (County) that the BNSF Railroad is proposing condemnation of a 138-acre parcel of land owned by the County. The District has a license agreement with the County to use 20 acres of this 138 acres parcel of land for the District's land application site for its sewer treatment operations. The District has incurred debt and constructed significant capital facilities related to the land application site. The County has communicated certain concerns regarding the proposed condemnation to the BNSF Railroad. The potential impact of the proposed condemnation on the District's operations cannot be determined with certainty at this time. However, if the condemnation goes forward and is successful, the District may have to obtain an alternate site for land application purposes or find some other method for disposing of its treated sludge, the cost of which could be significant. The District has not received any further written communication regarding this matter since receiving the initial notification from Douglas County or BNSF Railroad.

**Excessive Radium Levels**

During 2018 through 2024 and continuing in 2025, the District's drinking water exceeded the maximum contaminate level for Combined Radium of 5 pCi/L as set by the United States Environmental Protection Agency (EPA). Radium is a naturally occurring element common in Colorado and many of the ground water supplies along the Front Range detect some levels of radium in the water. During 2024, the District began construction of a building and installation of water treatment equipment to address the high radium levels. This project was completed and went online in 2025. The District has received test results for two consecutive quarters showing radium levels below the Combined Radium limit set by the EPA. The District is working with the Colorado Department of Public Health and Environment to determine when the enforcement order may be lifted. As of December 31, 2024, the total incurred for the radium treatment facility was \$1,243,239, of which \$1,046,806 was incurred during 2024.

This project has been funded by an American Rescue Plan Act (ARPA) grant provided by Douglas County under a Beneficiary Agreement and by grant funding provided by the Colorado Department of Public Health and Environment (CDPHE). As of December 31, 2024, the District had recognized ARPA grant revenue of \$858,639 related to the project, with \$779,098 being recognized in 2024. As of December 31, 2024, the District has recognized CDPHE grant revenue of \$384,600 related to the project, with \$267,708 being recognized in 2024.

This information is an integral part of the accompanying financial statements.
