Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Center Consolidated School District 26JT (the District), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2024, and the respective changes in financial position, thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are

Certified Public Accountants

3001 Adcock Circle PO Box 809 Alamosa, CO 81101 | 719-589-3619 | f 719-589-5492 | www.wsbcpa.com

considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison, pension, and other postemployment information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying combining and individual fund financial schedules, Colorado School District Auditor's Integrity Report, and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic

financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial schedules, Colorado School District Auditor's Integrity Report, and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 09, 2025, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering District's internal control over financial reporting and compliance.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
Management Discussion and Analysis
For the Fiscal Year Ended June 30, 2024

As management for the Center Consolidated School District 26 JT we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2024.

Financial Highlights

Total Net Position as of June 30, 2023 was \$19,985,494. Total Net Position as of June 30, 2024 was \$19,151,218, which is a decrease of \$834,276. Changes to Net Position include the effects of GASB 68 and 73 which requires cost-sharing employers participating in the Public Employees' Retirement Association to include its proportionate share of the net pension and OPEB liabilities. Other changes to Net Position include depreciation on non-current assets and increased revenues due to increased State Equalization and some COVID Funds to the Governmental Designated-Purpose Grants Fund, which relieved some spending costs within the General Fund.

Total General Fund revenues for Fiscal Year 2024 came in at \$9,154,942, an increase of \$653,481 as compared to Fiscal Year 2023. State Sources brought in total revenues of \$6,680,441, which includes a total of \$5,765,703, in State Equalization (Per Pupil Funding) after recessions. This is an increase of \$337,844 as compared to FY2023. Total Student FTE (Full-Time Equivalent) Count came in at 577.5 for FY2024. The Budget Stabilization Factor for FY2024 came in at \$(110,341). Local sources of income came in at \$1,788,063 and Federal Sources brought in \$673,766 of which is primarily from US Forest Reserve Funding received from the counties.

Total General Fund expenditures for the Fiscal Year 2024 were \$10,046,303, an increase of \$2,229,414 as compared to June 30, 2023. This is a major result of expenditures for the Park renovations for the new track and football field totaling \$1,801,585. The Board of Education authorized payments for this project from the General Fund Ending Fund Balance from Fiscal Year 2023, which came in at \$6,074,696. In addition, the Board of Education authorized the transfer of \$1,000,000 from the General Fund to the re-established Capital Reserve Fund for the anticipated construction project for new building classrooms to be built on the Southeast area of the School Property. The District anticipates the completion of this project by June 30, 2026. Ending Fund Balance for the District's General Fund at June 30, 2024 came in at \$4,177,956.

Overview of the Financial Statements

This annual report consists of three parts: management's discussion and analysis, the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District.

- The first two statements are district-wide financial statements that provide both short-term and long-term information about the District's overall financial status.
- The remaining statements are fund financial statements that focus on individual funds of the District, reporting the District's operations in more detail than the district-wide statements.
- The governmental funds statements tell how basic services such as instruction were financed in the short-term as well as what remains for future spending.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
Management Discussion and Analysis
For the Fiscal Year Ended June 30, 2024

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplemental information that further explains and supports the financial statements with a comparison of the District's budget for the year.

District-wide Statements

The District-wide statements report information about the District as a whole using accounting methods similar to those used by private companies. The statement of net position includes all of the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two district-wide statements report the District's net position and how they have changed. Net Position (the difference between the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources) are one way to measure the District's financial position.

- Over time, increases or decreases in the District's net position are an indicator of whether its financial position is improving or deteriorating.
- To assess the District's overall health, you need to consider additional non-financial factors such as changes in the District's property tax base and the condition of school facilities.

In the district-wide financial statements, the District's activities are included in one category:

- **Governmental activities-** All of the District's basic services are included here, such as instruction, transportation, maintenance and operations, and administration. These activities are financed mainly through grants, property taxes, and state equalization funds.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds, not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs. Some funds are required to be established by state law. However, the District establishes the funds to help it manage and control its finances to achieve certain results.

The District uses one type of fund:

- **Governmental funds-** All of the District's basic services are included in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general operations and the services it provides. Governmental fund information helps one determine whether there are

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
Management Discussion and Analysis
For the Fiscal Year Ended June 30, 2024

more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, additional information on the accompanying schedules of the governmental funds statements explains the relationship (or difference) between them.

Analysis of District Financial Position

The Center Consolidated School District ended the 2023-2024 fiscal year with a General Fund – fund balance of \$4,177,956, a decrease of \$1,896,740 as compared to the Fiscal Year 2023 ending fund balance of \$6,074,696. The overall fund balance for all funds is \$8,987,285.

Center Schools has had fairly stable student numbers over the past few years, making the revenue budgeting process more predictable. The District's total student membership with an average funded pupil count of 577.5 students and a PPOR of \$12,216, Total Program. The budget stabilization factor was reduced to \$110,341 as compared to \$261,525 in FY2022. This resulted in higher State Equalization revenues which were increased by \$337,844 as compared to Fiscal Year 2023. The District expended the remaining ESSER III (Elementary and Secondary School Emergency Relief) Funds of \$330,009 which helped to offset some salaries and supplies related to COVID at Fiscal Year 2024 End. The District continues to provide support and services for students through outside grants, including Expelled and At-Risk Student Services Grant funding, School Health Care Professional Grant, CO Student-Re-Engagement Grant, Ninth Grade Success Program Grant, Title Funding and other various grants.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
Management Discussion and Analysis
For the Fiscal Year Ended June 30, 2024

Analysis of Balances and Transactions of Individual Funds

General Fund: The 2023-2024 fiscal year ending fund balance of \$4,177,956 represents a decrease of \$1,896,741 from the previous fiscal year's ending fund balance of, \$6,074,697. After factoring in the District's State Equalization and major federal grants share for the Fiscal Year 2024; expenditures incurred for the Park Renovations; and, all other expenditures, the District still maintains a healthy fund balance.

Expenditures in the General Fund came in \$4,744,455 under budget. This is highly attributed to the continued use of ESSER Funds which helped relieve some salaries, benefits and other expenditures directly affected by the COVID pandemic. The District also budgeted a total of \$1,535,592 in reserves. The District's revenues came in \$438,881 more than anticipated. Attributing to this increase in revenues, are federal dollars which came in at \$673,765, the majority of which are from US Forest Reserve Funds.

GDPG Fund: Our GDPG Fund revenues for 2023-2024 were \$4,586,536, an increase of \$203,833 as compared to Fiscal Year 2023. Total Federal Funding of \$1,848,331 includes Title 1A: \$295,767; ESSER III: \$330,009, ESSER ELO Programs (Summer and After School Programs): \$778,577. Major States' Grant Funding totaling \$2,610,345 includes EARSS Grant: \$468,157; State Counseling Grant: \$88,433; School Health Care Grant: \$229,890, EASI Cohort Grant: \$135,874; and, \$385,439 for the Student Re-Engagement Grant.

Food Service: Total revenue for the fiscal year 2023-2024 was \$566,899, a slight decrease as compared to Fiscal Year 2023. Total operating expenses for the 2023-2024 School Year were \$690,752. Ending Fund Balance in the Food Service Fund at June 30, 2024 was \$101,624 as compared to the ending fund balance of \$225,477 at June 30, 2023.

Special Revenue Student Activity Fund: Total expenditures from the Special Revenue Student Activity Fund for 2023-2024 were \$152,188, a decrease of \$31,570 from the fiscal year 2023. The Special Revenue Pupil Activity Fund continues to see expenditures increase primarily due to referee payments and other athletic costs.

Bond Redemption Fund: Total revenues for the Bond Redemption Fund were \$432,969; and, total expenditures were \$344,246 at June 30, 2024. The Bond Redemption Fund had an ending fund balance of \$529,783 at June 30, 2024. The Bond Redemption Fund is a debt service fund used to account for the accumulation of resources for and the payment of principal, interest, and related expenses on long-term general obligation debt or long-term voter-approved lease purchase debt. A third party financial institution is the custodian of these funds. The District will maintain this annual debt service until the Fiscal Year ending 2031.

Capital Reserve Fund: The District entered into a \$3,000,000 finance purchase agreement with San Luis Valley Federal Bank to finance the construction project of new classrooms and auxiliary gym which will be added to the current building located at the Southeast Area of the school's property. This agreement came as unsecured loan and will be repaid in 10 years with semi-annual payments of \$187,943 by May 1, 2034. In addition, the Board of Education authorized the transfer of \$1,000,000 from the General Fund (after declaration of Use of Fund Balance) for this project. The Capital Reserve Fund ending Fund Balance at June 30, 2024 is \$3,964,440. This project is scheduled for completion by June 30, 2026.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
Management Discussion and Analysis
For the Fiscal Year Ended June 30, 2024

Description of Capital Assets and Long-Term Liabilities

The bulk of our capital assets lie in buildings and equipment. By July 2012 our previous facilities had been demolished and we were moving into a brand new PK-12 facility valued at 31 million dollars.

Long term debt as of June 30, 2024 is \$5,259,841. Of this amount, \$2,090,998 is in the form of General Obligation Bonds for construction of a new school; and, \$3,000,000 for the Financed Purchase Agreement. In addition, there are compensated absences payables of \$168,843.

Currently Known Facts that are expected to have a Future Material Effect

High stakes testing, increasing expectations for student achievement, and required implementation of unfunded reform mandates by both the State of Colorado and the Federal Government will continue to effect where we prioritize our future expenditures. Center School District received a performance rating of Improvement. We will continue to address student needs as identified in our results through the budgeting process.

The pressure to continue to raise student achievement to meet the requirements of state accreditation and community desires will require us to continue to invest tremendously in staff salaries for highly qualified teachers and in staff development targeted at meeting the improvement strategies we have identified through analysis of our annual student achievement results.

This pressure for increased student performance also weighs against the fact that our student population is highly at-risk and we still do not receive adequate dollars to achieve sustained growth.

The District anticipates an increase in per pupil funding during the 2024-2025 fiscal year, as well as more funding to serve English Language Learners.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
Management Discussion and Analysis
For the Fiscal Year Ended June 30, 2024

Staffing is currently being run at a level that is somewhat conducive to good education practices. However, with so much funding tied to soft dollars such as federal grants and SRS we will need to continue to take a close look at what level of staffing we can afford as dollars continue to go away.

As always, we expect we will continue to be asked to do more with less. Doing so will continue to put a strain on our ability to maintain required reserves and to continue on our path to a more healthy financial outlook.

Contacting the District's Financial Management

This financial report is designed to provide the District's citizens, taxpayers, parents, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Business Office, Center School District 26JT, Center, Colorado 81125 or call 719-754-3442.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
For the Year Ended June 30, 2024

Net change in fund balances - total governmental funds \$ 2,040,858

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the fixed asset activity.

Capital asset additions	\$ 1,894,807	
Capital asset deletions	-	
Depreciation expense	<u>(725,045)</u>	
		1,169,762

Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position.

Principal payment on general obligation bonds	253,717	
Finance purchase proceeds	<u>(3,000,000)</u>	
		(2,746,283)

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Compensated absences	(29,688)
----------------------	----------

Certain items reported in the statement of activities do not require the use of current financial resources and are not reported as expenditures in the governmental funds. This item consists of the change in pension and OPEB expense.

	<u>(1,268,925)</u>
Change in net position of governmental funds	<u><u>\$ (834,276)</u></u>

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the District reflected in the accompanying financial statements conform to accounting principles generally accepted in the United States of America applicable to state and local governments. Accounting principles generally accepted in the United States of America for local governments are those promulgated by the Governmental Accounting Standards Board (GASB) in *Governmental Accounting and Financial Reporting Standards*.

REPORTING ENTITY

Primary Government

Center Consolidated School District 26JT is a public school as established by Colorado State Statute. The District is declared to be a corporate body with perpetual existence and in its name may hold property, sue and be sued, and be a party to contracts for any purpose authorized by law. Members of the school board are voted on at large by the registered, qualified electors of the District. Taxes are levied upon all taxable property within the District's boundaries by the County Commissioners. The County Treasurer collects the taxes and remits them to the District. The District also receives State and Federal funds. The school board has the authority to issue bonds up to 20% of the latest assessed valuation of the taxable property in the District. The board also has authority to select the depository of District funds and acquire short-term loans.

Component Units

The District's combined financial statements include the accounts of all District operations. The criteria for including organizations as component units within the District's reporting entity, as set forth in Section 2100 of GASB's *Codification of Governmental Accounting and Financial Reporting Standards*, include whether:

- The organization is legally separate (can sue and be sued in their own name)
- The District holds the corporate powers of the organization
- The District appoints a voting majority of the organization's board
- The District is able to impose its will on the organization
- The organization has the potential to impose a financial benefit/burden on the District
- There is fiscal dependency by the organization on the District
- The organization is financially accountable to the District
- The organization receives or holds funds that are for the benefit of the District; and the District has access to a majority of the funds held; and the funds that are accessible are also significant to the District.

Based on the aforementioned criteria, the Center Consolidated School District 26JT has no component units.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements include the Statement of Net Position and the Statement of Activities. Government-wide statements report information on all of the activities of the District, except for District fiduciary activity. The effect of interfund transfers has been removed from the government-wide statements but continues to be reflected on the fund statements. Mainly taxes and intergovernmental revenues support governmental activities.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

The Statement of Activities reflects the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable within a specific function. Program revenues include:

- Charges to customers or applicants who purchase, use, or directly benefit from services, or privileges provided by a given function or segment and
- Grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included in program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, and fiduciary funds, even though the fiduciary funds are excluded from the government-wide financial statements. The emphasis of fund financial statements is on major governmental funds. All remaining governmental funds, if any, are aggregated and reported as nonmajor funds.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants are recognized as revenue when all applicable eligibility requirements, imposed by the provider, are met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The District reports the following major governmental funds:

- The ***General Fund*** is the general operating fund of the District. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The ***Governmental Designated Purpose Grants Fund*** is used to record financial transactions for grants received for designated programs funded by federal, state, or local governments.
- The ***Capital Reserve Capital Projects Fund*** is used to account for all resources available for acquiring capital sites, buildings, and equipment.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, payables, and receivables. All internal balances in the Statement of Net Position have been eliminated.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES, AND NET POSITION/FUND BALANCE

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash in bank, certificates of deposit, and liquid investments with maturity of three months or less.

Property Taxes

Property taxes attach as an enforceable lien on property as of January 1 each year. The taxes are payable in two installments on February 28 and June 15 or in full on April 30. The School District's property taxes are collected by the County Treasurer who remits monthly receipts to the District. Property tax revenue is recognized when received by the County Treasurer.

Receivables/Payables From Other District Funds

Balances that originate from current lending/borrowing arrangements between funds are referred to as "Due To/From Other Funds".

Inventories

Purchased inventories are stated at cost and consist of supplies and food to be used within one year. Donated inventory is priced at the U.S. Department of Agriculture established values.

USDA Commodities

The Food Service Fund receives donated commodities to use in meal preparation from the U.S. Department of Agriculture. The value of these commodities received during the year is shown as income, and the value of commodities used is shown as an expenditure.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets

Capital Assets, which include land, land improvements, buildings, equipment, vehicles, and construction in progress are reported in the applicable governmental activities columns in the government-wide financial statements. The District defines capital assets as assets with an initial, individual cost of more than \$5,000 and a useful life exceeding one year. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Land Improvements	15-60
Buildings	6-80
Machinery & Equipment	5-20

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

Compensated Absences

Teachers, administrative staff, and full time classified staff of the District can accumulate up to 60 days of sick leave. Upon retirement from the District, a teacher will receive the certified substitute teacher's rate per day for each sick day accumulated. For departures other than retirement, the teacher will be paid for accumulated sick days up to 36 days at 50% of the substitute teacher rate, and at 75% of the substitute teacher rate for the remaining accumulated days.

Unearned Grant Revenue

Revenues on grants, which are restricted by the grant document for specific purposes, are recognized as revenue only after eligible grant costs have been incurred. Grant funds received in excess of grant expenditures are recorded as unearned revenues.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. This represents a consumption of net position that applied to a future period(s) and will not be recognized as an outflow of resources (as either an expense or expenditures) until that period.

In addition to liabilities, the balance sheet reports a separate section of deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of fund balance that applies to future periods and will not be recognized as an inflow of resources (revenue) until that period.

Certain amounts related to pensions and OPEB must be deferred.

Pensions

The District participates in the School Division Trust Fund (SCHDTF), a cost-sharing multiple-employer defined benefit pension plan administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net pension liability, deferred outflows of resources, and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position (FNP) and additions to/deductions from the FNP of the SCHDTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Post-Employment Benefits (OPEB)

The District participates in the Health Care Trust Fund (HCTF), a cost-sharing multiple-employer defined benefit OPEB fund administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, information about the fiduciary net position (FNP) and additions to/deductions from the fiduciary net position of the HCTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefits paid on behalf of health care participants are recognized when due and/or payable in accordance with the benefit terms. Investments are reported at fair value.

Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. In the fund financial statements, the face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

Net Position

Net position represents the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources. Net position should be displayed in the following three components:

- *Net investment in capital assets* – consists of capital assets, net accumulated depreciation, reduced by the outstanding balances of any borrowings that are attributable to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt should be included in this component of net position.
- *Restricted* – consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Restricted assets consist of assets that have limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.
- *Unrestricted* – consists of the net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted components of net position.

Fund Balance

Fund balances are reported by classification based on the extent to which the District is bound to honor constraints for the specific purposes on which amounts in the fund can be spent. Fund balances are classified in one of the following five categories:

- *Nonspendable Fund Balance*- amounts that cannot be spent because they are not in spendable form, such as inventory and prepaid insurance.
- *Restricted Fund Balance*- restricted when constraints placed on the use of resources are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (b) imposed by law through constitutional provisions or enabling legislation.
- *Committed Fund Balance*- amounts that can only be used for specific purposes as a result of constraints imposed by resolution of the Board of Education, the highest level of decision making authority. Committed amounts cannot be used for any other purpose unless the Board removed those constraints by taking the same type of action. Committed fund balances differ from restricted balances because the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.
- *Assigned Fund Balance*- amounts a government intends to use for a specific purpose; intent can be expressed by the Board of Education or by an official or body to which the governing body delegates the authority.
- *Unassigned Fund Balance*- amounts that are available for any purpose; these amounts are reported only in the General Fund.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

Fund balance categories at June 30, 2024 were made up of the following:

	General Fund	Governmental Designated Purpose Grants Fund	Capital Reserve Capital Projects Fund	Nonmajor Funds	Total Governmental Funds
Nonspendable					
Inventory	\$ -	\$ -	\$ -	\$ 4,602	\$ 4,602
Restricted

Preschool	130,294	-	-	-	130,294
Capital Projects	-	-	3,964,440	-	3,964,440
Debt Service	-	-	-	529,783	529,783
	<u>477,294</u>	<u>-</u>	<u>3,964,440</u>	<u>529,783</u>	<u>4,971,517</u>
Committed					
Grants	-	55,768	-	-	55,768
Pupil Activity Fund	-	-	-	157,715	157,715
Food Services	-	-	-	97,022	97,022
Multi-Year Obligation	1,249,252	-	-	-	1,249,252
	<u>1,249,252</u>	<u>55,768</u>	<u>-</u>	<u>254,737</u>	<u>1,559,757</u>
Assigned					
Designated for					
Subsequent Years	1,813,000	-	-	-	1,813,000
Unassigned	638,409	-	-	-	638,409
Total Fund Balance	<u>\$ 4,177,955</u>	<u>\$ 55,768</u>	<u>\$ 3,964,440</u>	<u>\$ 789,122</u>	<u>\$ 8,987,285</u>

When an expenditure is incurred for purposes for which both restricted and unrestricted net position/fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, and unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board of Education has provided otherwise in its commitment or assignment actions.

Encumbrances

The District does not record purchase orders in the accounting system until invoices are ready for payment. Unfulfilled purchase commitments outstanding at the end of the budget year are rebudgeted in the succeeding year. End of the year fund balance intended to be used in the succeeding year is reported as designated fund balance.

Use of Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgets and Budgetary Accounting

Center Consolidated School District 26JT follows the procedures set forth in the Colorado School District Budget Law when preparing annual budgets for each fund. Budget procedures include:

- 1) Preparation of budget documents by administrative staff shall be submitted to the Board no later than June 1 of each year.
- 2) Publication of a notice stating that the budget is available for public inspection.
- 3) Discussion of the budget in a meeting open to the public.
- 4) Adoption of the budget in a public meeting by appropriate resolution.

Formal budgetary integration is employed as a management control device for all funds of the District. All fund budgets are adopted on a basis consistent with U.S. generally accepted accounting principles (GAAP).

The total expenditures for each fund cannot exceed the budgeted amount unless a supplemental appropriation is adopted. The Board of Education adopted supplemental appropriations during fiscal year 2024.

All budget amounts presented in the accompanying supplementary information reflect the original budget and the final amended budget if applicable.

NOTE 3 CASH, DEPOSITS, AND INVESTMENTS

At June 30, 2024, the District's cash, deposits, and investments were reported in the financial statements as follows:

Cash in Bank	\$ 9,667,531
Cash on Hand	100
Investments	482,852
Total Cash and Deposits	<u>\$ 10,150,483</u>

Colorado State Statutes govern the District's deposits of cash. The statutes specify eligible depositories for public cash deposits, which must be Colorado institutions and must maintain federal insurance (FDIC) on deposits held.

The Colorado Public Deposit Protection Act (PDPA), requires that all units of local government deposit cash in eligible public depositories, determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized in accordance with the PDPA. PDPA allows the institution to create a single collateral pool for all public funds to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a deposit policy for custodial credit risk. As of year-end, \$10,139,693 of the District's bank balance of \$10,389,693 was exposed to custodial credit risk. Deposits exposed to credit risk are collateralized with securities held by the pledging financial institution through PDPA.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

Investments

Colorado Statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest, which include the following:

- Obligations of the United States and certain U.S. government agency securities
- Certain international agency securities
- General obligation and revenue bonds of U.S. local government entities
- Banker's acceptance of certain banks
- Commercial paper holding the highest credit rating category and with a maturity within 180 days
- Local government investment pools
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts
- Corporate or bank debt issued by eligible corporations or banks

Fair Value – Fair value investments classified at Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Fair value investments classified as Level 2 of the fair value hierarchy are valued using the active market rates for the underlying securities. Fair value investments classified as Level 3 of the fair value hierarchy are valued using non-observable inputs.

The Invesco-Stit Treasury Portfolio is an open-end money market mutual fund incorporated in the USA. The Fund aims to provide current income consistent with preservation of capital and liquidity. The Fund invests in direct obligations of the U.S. treasury and repurchase agreements backed by treasury obligations. The Fund will maintain a weighted average maturity of 60 days or less. Each share is equal in value to \$1.00. This investment is unrated and is valued using level 2 inputs.

Interest Rate Risk – The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk – The risk that an issuer or other counterparty to an investment will not fulfill its obligation. State statutes limit investments in U.S. Agency securities to the highest rating issued by National Recognized Statistical Rating Organizations (NRSROs).

Concentration of Credit Risk – The risk of loss attributed to the magnitude of a government's investment in a single issuer. The District has not established a policy limiting the investment in any type of security and deems it unnecessary at this time.

NOTE 4 ACCOUNTS RECEIVABLE

Governmental activities accounts receivable at June 30, 2024, consisted of the following:

General Fund	\$	48,931
Nonmajor Funds		6,174
	\$	55,105

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

NOTE 5 DUE FROM OTHER GOVERNMENTS

Intergovernmental receivables include amounts due from grantors for specific program grants. Program grants are recorded as receivables and revenues at the time reimbursable project costs are incurred. As of June 30, 2024, the District had \$1,415,797 due from federal, state, and local governments, reflected as intergovernmental receivables in the accompanying basic financial statements.

NOTE 6 INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Interfund Receivables and Payables

The District reports interfund balances between some of its funds. The balances resulted from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. Interfund balances are generally expected to be repaid within one year of the financial statement date. Interfund receivable and payable balances at June 30, 2024, were as follows:

Receivable Fund	Payable Fund	Amount
General Fund	Governmental Des. Purpose Grants Fund	\$ 191,306

Interfund Transfers

Interfund transfers for the year ended June 30, 2024, were as follows:

Transfer In	Transfer Out	Amount
Capital Reserve Capital Projects Fund	General Fund	\$ 1,000,100
Activity Fund	General Fund	15,281
		\$ 1,015,381

The General Fund transferred funds into the Capital Reserve Capital Projects Fund to fund future capital projects. The General Fund transferred funds into the Activity Fund to subsidize this fund.

Governmental activities:	
Instructional Program	\$ 609,068
General Administration Supporting Services	38,188
Operations & Maintenance of Plant Services	10,534
Student Transportation Services	54,526
Food Services	12,729
Total depreciation expense - governmental activities	\$ 725,045

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

NOTE 8 ACCRUED SALARIES AND BENEFITS

The teachers, administrators, and the administrative staff are employed under nine, ten, and eleven month contracts. All District employees are paid on a twelve-month basis; therefore, a difference exists between the actual amount of salaries earned under the contract and the amount paid. The difference between salaries earned and paid, including the District's share of benefits, has been accrued in the financial statements in the amount of \$1,005,601.

NOTE 9 LONG-TERM LIABILITIES

Changes in Long-Term Debt

Long-term liability balances for the year ended June 30, 2024, were as follows:

	Balance 06/30/2023	Additions	Deletions	Balance 06/30/2024	Due Within One Year
Governmental Activities					
G.O. Bonds Payable	\$ 2,344,715	\$ -	\$ 253,717	\$ 2,090,998	\$ 264,074
Financed Purchase Agreement	-	3,000,000	-	3,000,000	243,562
Compensated Absences	139,155	29,688	-	168,843	-
Total	<u>\$ 2,483,870</u>	<u>\$ 3,029,688</u>	<u>\$ 253,717</u>	<u>\$ 5,259,841</u>	<u>\$ 507,636</u>

General Obligation Bonds

On December 16, 2010, the District issued general obligation bonds series 2010D-F in the amount of \$4,722,233 with an interest rate of 4.082% to be paid in full December 1, 2030. The bonds were issued for the District's match for the Building Excellent Schools Today Act (BEST) grant for the construction of a new school.

The annual debt service for the General Obligation Bonds is as follows:

	Principal	Interest	Totals
FY2025	\$ 264,074	\$ 79,962	\$ 344,036
FY2026	274,854	68,963	343,817
FY2027	286,073	57,514	343,587
FY2028	297,750	45,598	343,348
FY2029	309,905	33,196	343,101
FY2030-2031	658,342	27,140	685,482
	<u>\$ 2,090,998</u>	<u>\$ 312,373</u>	<u>\$ 2,403,371</u>

Financed Purchase Agreement

The District entered into a \$3,000,000 financed purchased agreement with San Luis Valley Federal Bank on May 1, 2024, payable in semi-annual installments of \$187,943 beginning on November 1, 2024 from the General Fund, at 4.5% interest, to finance the purchase of a standalone classroom adjacent to the existing K-12 building. The final payment is due May 1, 2034. The agreement is not collateralized and the principal balance at June 30, 2024 was \$3,000,000,

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

The future minimum payments are as follows:

	Principal	Interest	Totals
FY2025	\$ 243,562	\$ 132,325	\$ 375,887
FY2026	254,645	121,242	375,887
FY2027	266,234	109,653	375,887

FY2029	291,016	84,871	375,887
FY2030-2034	1,666,194	213,239	1,879,433
	<u>\$ 3,000,000</u>	<u>\$ 758,868</u>	<u>\$ 3,758,868</u>

NOTE 10 DEFINED BENEFIT PENSION PLAN

General Information about the Pension Plan

Plan description. Eligible employees of the District are provided with pensions through the SCHDTF—a cost-sharing multiple-employer defined benefit pension plan administered by PERA. Plan benefits are specified in Title 24, Article 51 of the Colorado Revised Statutes (C.R.S.), administrative rules set forth at 8 C.C.R. 1502-1, and applicable provisions of the federal Internal Revenue Code. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available annual comprehensive financial report (ACFR) that can be obtained at www.copera.org/investments/pera-financial-reports.

Benefits provided as of December 31, 2023. PERA provides retirement, disability, and survivor benefits. Retirement benefits are determined by the amount of service credit earned and/or purchased, highest average salary, the benefit structure(s) under which the member retires, the benefit option selected at retirement, and age at retirement. Retirement eligibility is specified in tables set forth at C.R.S. § 24-51-602, 604, 1713, and 1714.

The lifetime retirement benefit for all eligible retiring employees under the PERA Benefit Structure is the greater of the:

- Highest average salary multiplied by 2.5% and then multiplied by years of service credit
- The value of the retiring employee's member contribution account plus a 100% match on eligible amounts as of the retirement date. This amount is then annuitized into a monthly benefit based on life expectancy and other actuarial factors.

In all cases the service retirement benefit is limited to 100% of highest average salary and cannot exceed the maximum benefit allowed by federal Internal Revenue Code.

Members may elect to withdraw their member contribution accounts upon termination of employment with all PERA employers; waiving rights to any lifetime retirement benefits earned. If eligible, the member may receive a match of either 50% or 100% on eligible amounts depending on when contributions were remitted to PERA, the date employment was terminated, whether 5 years of service credit has been obtained and the benefit structure under which contributions were made.

Upon meeting certain criteria, benefit recipients who elect to receive a lifetime retirement benefit generally receive post-retirement cost-of-living adjustments, referred to as annual increases in the C.R.S. Subject to the automatic adjustment provision (AAP) under C.R.S. § 24-51-413, eligible benefit recipients under the PERA benefit structure who began membership before January 1, 2007, will receive the maximum annual increase (AI) or AI cap of 1.00% unless adjusted by the AAP. Eligible benefit recipients under the PERA benefit structure who began

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

membership on or after January 1, 2007, will receive the lesser of an annual increase of the 1.00% AI cap or the average increase of the Consumer Price Index for Urban Wage Earners and Clerical Workers for the prior calendar year, not to exceed a determined increase that would exhaust 10% of PERA's Annual Increase Reserve (AIR) for the SCHDTF. The AAP may raise or lower the aforementioned AI cap by up to 0.25% based on the parameters specified in C.R.S. § 24-51-413.

Disability benefits are available for eligible employees once they reach five years of earned service credit and are determined to meet the definition of disability. The disability benefit amount is based on the lifetime retirement benefit formula(s) shown above considering a minimum 20 years of service credit, if deemed disabled.

Survivor benefits are determined by several factors, which include the amount of earned service credit, highest average salary of the deceased, the benefit structure(s) under which service credit was obtained, and the qualified survivor(s) who will receive the benefits.

Contributions provisions as of June 30, 2024. Eligible employees of the District are required to contribute to the SCHDTF at a rate set by Colorado statute. The contribution requirements for the SCHDTF are established under C.R.S. § 24-51-401, *et seq.* and § 24-51-413. Eligible employees are required to contribute 11.00% of their PERA-includable salary during the period of July 1, 2023 through June 30, 2024. Employer contribution requirements are summarized in the table below:

	July 1, 2023 Through June 30, 2024
Employer Contribution Rate	11.40%
Amount of Employer Contribution apportioned to the Health Care Trust Fund as specified in C.R.S. § 24-51-208(1)(f)	-1.02%
Amount Apportioned to the SCHDTF	10.38%
Amortization Equalization Disbursement (AED) as specified in C.R.S. § 24-51-411	4.50%
Supplemental Amortization Equalization Disbursement (SAED) as specified in C.R.S. § 24-51-411	5.50%
Total employer contribution rate to the SCHDTF	20.38%

*Contribution rates for the SCHDTF are expressed as a percentage of salary as defined in C.R.S. § 24-51-101(42).

Employer contributions are recognized by the SCHDTF in the period in which the compensation becomes payable to the member and the District is statutorily committed to pay the contributions to the SCHDTF. Employer contributions recognized by the SCHDTF from the District were \$1,515,690, for the year ended June 30, 2024.

For purposes of GASB 68 paragraph 15, a circumstance exists in which a nonemployer contributing entity is legally responsible for making contributions to the SCHDTF and is considered to meet the definition of a special funding situation. As specified in C.R.S. § 24-51-414, the State is required to contribute a \$225 million direct distribution each year to PERA starting on July 1, 2018. A portion of the direct distribution payment is allocated to the SCHDTF based on the proportionate amount of annual payroll of the SCHDTF to the total annual payroll of the SCHDTF, State Division Trust Fund, Judicial Division Trust Fund, and Denver Public Schools Division Trust Fund. The direct distribution from the State was suspended in 2020. To compensate PERA for the suspension, C.R.S. §§ 24-51-414(6-8) required restorative payment by providing an accelerated payment in 2022. In 2022, the State Treasurer issued payment for the direct distribution of \$225 million plus an additional amount of \$380 million. Due to the advanced payment made in 2022, the State reduced the distribution in 2023 to \$35

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

million. Additionally, the newly added C.R.S. § 24-51-414(9) providing compensatory payment of \$14.561 million for 2023 only.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for the SCHDTF was measured as of December 31, 2023, and the total pension liability (TPL) used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2022. Standard update procedures were used to roll forward the TPL to December 31, 2023. The District's proportion of the net pension liability was based on the District contributions to the SCHDTF for the calendar year 2023 relative to the total contributions of participating employers and the State as a nonemployer contributing entity.

At June 30, 2024, the District reported a liability of \$19,286,085 for its proportionate share of the net pension liability that reflected an increase for support from the State as a nonemployer contributing entity. The amount recognized by the District as its proportionate share of the net pension liability, the related support from the State as a nonemployer contributing entity, and the total portion of the net pension liability that was associated with the District were as follows:

Center Consolidated School District's proportionate share of the net position liability	\$ 19,286,085
The State's proportionate share of the net pension liability as a nonemployer contributing entity associated with the Center Consolidated School District	422,887
Total	<u>\$ 19,708,972</u>

At December 31, 2023, the District's proportion was 0.1091 percent, which was an increase of 0.0308 percent from its proportion measured as of December 31, 2022.

For the year ended June 30, 2024, the District recognized pension expense of \$1,339,321 and revenue of \$32,220 for support from the State as a nonemployer contributing entity. At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 914,526	\$ -
Changes of assumptions or other inputs	-	-
Net difference between projected and actual earnings on pension plan investments	1,382,512	-
Changes in proportionate share	3,295,660	794,501
Contributions subsequent to the measurement date	801,307	-
Total	<u>\$ 6,394,005</u>	<u>\$ 794,501</u>

\$801,307 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

Year Ended June 30,	
2025	\$ 1,249,729
2026	2,176,835
2027	1,757,114
2028	(385,481)
2029	-
Thereafter	-

Actuarial assumptions. The TPL in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs:

Actuarial cost method	Entry age
Price inflation	2.30%
Real wage growth	0.70%
Wage inflation	3.00%
Salary increases, including wage inflation	3.40 – 11.00%
Long-term investment Rate of Return, net of pension plan investment expenses, including price inflation	7.25%
Discount rate	7.25%
Post-retirement benefit increases:	
PERA Benefit Structure hired prior to 1/1/07 and DPS benefit structure (compounded annually)	1.00%
PERA Benefit Structure hired after 12/31/06 ¹	Financed by the AIR

¹ Post-retirement benefit increases are provided by the AIR, accounted separately within each Division Trust Fund, and subject to moneys being available; therefore, liabilities related to increases for members of these benefit tiers can never exceed available assets.

The mortality tables described below are generational mortality tables developed on a benefit-weighted basis.

Pre-retirement mortality assumptions were based upon the PubT-2010 Employee Table with generational projection using scale MP-2019.

Post-retirement non-disabled mortality assumptions were based upon the PubT-2010 Healthy Retiree Table, adjusted as follows:

- **Males:** 112% of the rates prior to age 80 and 94% of the rates for ages 80 and older, with generational projection using scale MP-2019.
- **Females:** 83% of the rates prior to age 80 and 106% of the rates for ages 80 and older, with generational projection using scale MP-2019.

Post-retirement non-disabled beneficiary mortality assumptions were based upon the Pub-2010 Contingent Survivor Table, adjusted as follows:

- **Males:** 97% of the rates for all ages, with generational projection using scale MP-2019.
- **Females:** 105% of the rates for all ages, with generational projection using scale MP-2019.

Disabled mortality assumptions were based upon the PubNS-2010 Disabled Retiree Table using 99% of the rates for all ages with generational projection using scale MP-2019.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

The actuarial assumptions used in the December 31, 2022, valuation were based on the 2020 experience analysis, dated October 28, 2020, for the period January 1, 2016, through December 31, 2019. Revised economic and demographic assumptions were adopted by the PERA Board on November 20, 2020.

The long-term expected return on plan assets is reviewed as part of regularly scheduled experience studies prepared at least every five years and asset/liability studies performed every three to five years for PERA. The most recent analyses were outlined in the Experience Study report dated October 28, 2020.

Several factors are considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentages and then adding expected inflation.

The PERA Board first adopted the 7.25% long-term expected rate of return as of November 18, 2016. Following an asset/liability study, the Board reaffirmed the assumed rate of return at the Board's November 15, 2019, meeting, to be effective January 1, 2020. As of the most recent reaffirmation of the long-term rate of return, the target asset allocation, and best estimates of geometric real rates of return for each major asset class are summarized in the table as follows:

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
Global Equity	54.00%	5.60%
Fixed Income	23.00%	1.30%
Private Equity	8.50%	7.10%
Real Estate	8.50%	4.40%
Alternatives	6.00%	4.70%
Total	100.00%	

Note: In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected rate of return assumption of 7.25%.

Discount rate. The discount rate used to measure the TPL was 7.25%. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.00%.
- Employee contributions were assumed to be made at the member contribution rates in effect for each year, including the scheduled increases in SB 18-200 and required adjustments resulting from the 2018 and 2020 AAP assessments. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law for each year, including the scheduled increase in SB 18-200 and required adjustments resulting

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

from the 2018 and 2020 AAP assessments. Employer contributions also include current and estimated future AED and SAED, until the actuarial value funding ratio reaches 103%, at which point the AED and SAED will each drop 0.50% every year until they are zero. Additionally, estimated employer contributions reflect reductions for the funding of the AIR and retiree health care benefits. For future plan members, employer contributions were further reduced by the estimated amount of total service costs for future plan members not financed by their member contributions.

- As specified in law, the State, as a nonemployer contributing entity, will provide an annual direct distribution of \$225 million commencing July 1, 2018, that is proportioned between the State, School, Judicial, and DPS Division Trust Funds based upon the covered payroll of each Division. The annual direct distribution ceases when all Division Trust Funds are fully funded.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- The AIR balance was excluded from the initial FNP, as, per statute, AIR amounts cannot be used to pay benefits until transferred to either the retirement benefits reserve or the survivor benefits reserve, as appropriate. AIR transfers to the FNP and the subsequent AIR benefit payments were estimated and included in the projections.
- Benefit payments and contributions were assumed to be made at the middle of the year.
- Beginning with the December 31, 2023, measurement date and thereafter, the FNP as of the current measurement date is used as a starting point for the GASB 67 projection test.

Based on the above assumptions and methods, the SCHDTF's FNP was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25% on pension plan investments was applied to all periods of projected benefit payments to determine the TPL. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25%. There was no change in the discount rate from the prior measurement date.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate. The following presents the proportionate share of the net pension liability calculated using the discount rate of 7.25%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.25%) or one-percentage-point higher (8.25%) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Proportionate share of the net pension liability	<u>\$ 25,788,704</u>	<u>\$ 19,286,085</u>	<u>\$ 13,863,688</u>

Pension plan fiduciary net position- Detailed information about the SCHDTF's fiduciary net position is available in PERA's ACFR which can be obtained at www.copera.org/investments/pera-financial-reports.

NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

NOTE 11 OTHER POSTEMPLOYMENT BENEFITS

General Information about the OPEB Plan

Plan description. Eligible employees of the District are provided with OPEB through the HCTF—a cost-sharing multiple-employer defined benefit OPEB plan administered by PERA. The HCTF is established under Title 24, Article 51, Part 12 of the Colorado Revised Statutes (C.R.S.), as amended, and sets forth a framework that grants authority to the PERA Board to contract, self-insure, and authorize disbursements necessary in order to carry out the purposes of the PERACare program, including the administration of the premium subsidies. Colorado State law provisions may be amended by the Colorado General Assembly. PERA issues a publicly available annual comprehensive financial report (ACFR) that can be obtained at www.copera.org/investments/pera-financial-reports.

Benefits provided. The HCTF provides a health care premium subsidy to eligible participating PERA benefit recipients and retirees who choose to enroll in one of the PERA health care plans, however, the subsidy is not available if only enrolled in the dental and/or vision plan(s). The health care premium subsidy is based upon the benefit structure under which the member retires and the member's years of service credit. For members who retire having service credit with employers in the Denver Public Schools (DPS) Division and one or more of the other four Divisions (State, School, Local Government and Judicial), the premium subsidy is allocated between the HCTF and the Denver Public Schools Health Care Trust Fund (DPS HCTF). The basis for the amount of the premium subsidy funded by each trust fund is the percentage of the member contribution account balance from each division as it relates to the total member contribution account balance from which the retirement benefit is paid.

C.R.S. § 24-51-1202 et seq. specifies the eligibility for enrollment in the health care plans offered by PERA and the amount of the premium subsidy. The law governing a benefit recipient's eligibility for the subsidy and the amount of the subsidy differs slightly depending under which benefit structure the benefits are calculated. All benefit recipients under the PERA benefit structure and all retirees under the DPS benefit structure are eligible for a premium subsidy, if enrolled in a health care plan under PERACare. Upon the death of a DPS benefit structure retiree, no further subsidy is paid.

Enrollment in the PERACare health benefits program is voluntary and is available to benefit recipients and their eligible dependents, certain surviving spouses, and divorced spouses and guardians, among others. Eligible benefit recipients may enroll into the program upon retirement, upon the occurrence of certain life events, or on an annual basis during an open enrollment period.

PERA Benefit Structure

The maximum service-based premium subsidy is \$230 per month for benefit recipients who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for benefit recipients who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The maximum service-based subsidy, in each case, is for benefit recipients with retirement benefits based on 20 or more years of service credit. There is a 5% reduction in the subsidy for each year less than 20. The benefit recipient pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

For benefit recipients who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, C.R.S. § 24-51-1206(4) provides an additional subsidy. According to the statute, PERA cannot charge premiums to benefit recipients without Medicare Part A that are greater than premiums charged to benefit recipients with Part A for the same plan option, coverage level, and service credit. Currently, for each individual PERACare enrollee, the total premium for Medicare coverage is determined assuming plan participants have both Medicare Part A and Part B and the difference in premium cost is paid by the HCTF or the DPS HCTF on behalf of benefit recipients not covered by Medicare Part A.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

Contributions. Pursuant to Title 24, Article 51, Section 208(1) (f) of the C.R.S., as amended, certain contributions are apportioned to the HCTF. PERA-affiliated employers of the State, School, Local Government, and Judicial Divisions are required to contribute at a rate of 1.02% of PERA-includable salary into the HCTF.

Employer contributions are recognized by the HCTF in the period in which the compensation becomes payable to the member and the District is statutorily committed to pay the contributions. Employer contributions recognized by the HCTF from the District were \$75,859 for the year ended June 30, 2024.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2024, the District reported a liability of \$465,682 for its proportionate share of the net OPEB liability. The net OPEB liability for the HCTF was measured as of December 31, 2023, and the total OPEB liability (TOL) used to calculate the net OPEB liability was determined by an actuarial valuation as of December 31, 2022. Standard update procedures were used to roll-forward the TOL to December 31, 2023. The District's proportion of the net OPEB liability was based on the District's contributions to the HCTF for the calendar year 2023 relative to the total contributions of participating employers to the HCTF.

At December 31, 2023, the District proportion was 0.0652%, which was an increase of 0.0057% from its proportion measured as of December 31, 2022.

For the year ended June 30, 2024 the District recognized OPEB (income) expense of (\$70,397). At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ -	\$ 95,446
Net difference between projected and actual earnings on		
OPEB plan investments	14,403	-
Changes of assumptions or other inputs	5,476	49,378
Changes in proportion and differences between contributions		
recognized and proportionate share of contributions	95,577	18,531
Contributions subsequent to the measurement date	40,105	-
Total	<u>\$ 155,561</u>	<u>\$ 163,355</u>

\$40,105 reported as deferred outflows of resources related to OPEB, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended June 30,	
2024	\$ (42,120)
2025	(14,198)
2026	11,786
2027	(9,662)
2028	3,093
Thereafter	3,203

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

Actuarial assumptions. The TOL in the December 31, 2022 actuarial valuation was determined using the following actuarial cost method, actuarial assumptions and other inputs:

Actuarial cost method	Entry age
Price inflation	2.30%
Real wage growth	0.70%
Wage inflation	3.00%
Salary increases, including wage inflation	3.40%-11.00%
Long-term investment rate of return, net of OPEB	
plan investment expenses, including price inflation	7.25%
Discount rate	7.25%
Health care cost trend rates	
PERA benefit structure:	
Service-based premium subsidy	0.00 %
PERACare Medicare plans	7.00% in 2023
	gradually decreasing to 4.50% in 2033
Medicare Part A premiums	3.50% in 2023, gradually increasing to
	4.50% in 2035.

¹ UnitedHealthcare MAPD PPO plans are 0% for 2023.

Each year the per capita health care costs are developed by plan option; currently based on 2023 premium rates for the UnitedHealthcare Medicare Advantage Prescription Drug (MAPD) PPO plan #1, the UnitedHealthcare MAPD PPO plan #2, and the Kaiser Permanente MAPD HMO plan. Actuarial morbidity factors are then applied to estimate individual retiree and spouse costs by age, gender, and health care cost trend. This approach applies for all members and is adjusted accordingly for those not eligible for premium-free Medicare Part A for the PERA benefit structure.

Age-Related Morbidity Assumptions

Participant Age	Annual Increase	Annual Increase
	(Male)	(Female)
65-68	2.20%	2.30%
69	2.80%	2.20%
70	2.70%	1.60%
71	3.10%	0.50%

73	1.20%	0.80%
74	0.90%	1.50%
75-85	0.90%	1.30%
86 and older	0.00%	0.00%

Sample Age	MAPD PPO #1 with Medicare Part A		MAPD PPO #2 with Medicare Part A		MAPD HMO (Kaiser) with Medicare Part A	
	Retiree/Spouse		Retiree/Spouse		Retiree/Spouse	
	Male	Female	Male	Female	Male	Female
65	\$1,692	\$1,406	\$579	\$481	\$1,913	\$1,589
70	\$1,901	\$1,573	\$650	\$538	\$2,149	\$1,778
75	\$2,100	\$1,653	\$718	\$566	\$2,374	\$1,869

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

Sample Age	MAPD PPO #1 without Medicare Part A		MAPD PPO #2 without Medicare Part A		MAPD HMO (Kaiser) without Medicare Part A	
	Retiree/Spouse		Retiree/Spouse		Retiree/Spouse	
	Male	Female	Male	Female	Male	Female
65	\$ 6,469	\$ 5,373	\$ 4,198	\$ 3,487	\$ 6,719	\$ 5,581
70	\$ 7,266	\$ 6,011	\$ 4,715	\$ 3,900	\$ 7,546	\$ 6,243
75	\$ 8,026	\$ 6,319	\$ 5,208	\$ 4,101	\$ 8,336	\$ 6,563

The 2023 Medicare Part A premium is \$506 (actual dollars) per month.

All costs are subject to the health care cost trend rates, as discussed below.

Health care cost trend rates reflect the change in per capita health costs over time due to factors such as medical inflation, utilization, plan design, and technology improvements. For the PERA benefit structure, health care cost trend rates are needed to project the future costs associated with providing benefits to those PERACare enrollees not eligible for premium-free Medicare Part A.

Health care cost trend rates for the PERA benefit structure are based on published annual health care inflation surveys in conjunction with actual plan experience (if credible), building block models and industry methods developed by health plan actuaries and administrators. In addition, projected trends for the Federal Hospital Insurance Trust Fund (Medicare Part A premiums) provided by the Centers for Medicare & Medicaid Services are referenced in the development of these rates. Effective December 31, 2022, the health care cost trend rates for Medicare Part A premiums were revised to reflect the current expectation of future increases in rates of inflation applicable to Medicare Part A premiums.

The PERA benefit structure health care cost trend rates used to measure the TOL are summarized in the table below:

Year	PERACare Medicare Plans	Medicare Part A Premiums
2023	7.00%	3.50%
2024	6.75%	3.50%
2025	6.50%	3.75%
2026	6.25%	3.75%
2027	6.00%	4.00%
2028	5.75%	4.00%
2029	5.50%	4.00%
2030	5.25%	4.25%
2031	5.00%	4.25%
2032	4.75%	4.25%
2033	4.50%	4.25%
2034	4.50%	4.25%
2035+	4.50%	4.50%

Mortality assumptions used in the December 31, 2022 valuation for the determination of the total pension liability for each of the Division Trust Funds as shown below, reflect generational mortality and were applied, as applicable, in the determination of the TOL for the HCTF, but developed on a headcount-weighted basis. Affiliated employers of the State, School, Local Government, and Judicial Divisions participate in the HCTF.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

Pre-retirement mortality assumptions for the School Division were based upon the PubT-2010 Employee Table with generational projection using scale MP-2019.

Post-retirement non-disabled mortality assumptions for the School Division were based upon the PubT-2010 Healthy Retiree Table, adjusted as follows:

- **Males:** 112% of the rates prior to age 80 and 94% of the rates for ages 80 and older, with generational projection using scale MP-2019.
- **Females:** 83% of the rates prior to age 80 and 106% of the rates for ages 80 and older, with generational projection using scale MP-2019.

Post-retirement non-disabled beneficiary mortality assumptions were based upon the Pub-2010 Contingent Survivor Table, adjusted as follows:

- **Males:** 97% of the rates for all ages, with generational projection using scale MP-2019.
- **Females:** 105% of the rates for all ages, with generational projection using scale MP-2019.

Disabled mortality assumptions for members were based upon the PubNS-2010 Disabled Retiree Table using 99% of the rates for all ages with generational projection using scale MP-2019.

The following health care costs assumptions were updated and used in the roll forward calculation for the HCTF:

- Per capita health care costs in effect as of the December 31, 2022 valuation date for those PERACare enrollees under the PERA benefit structure who are expected to be age 65 and older and are not eligible for premium-free Medicare Part A benefits have been updated to reflect costs for the 2023 plan year.
- The morbidity rates used to estimate individual retiree and spouse costs by age and by gender were updated effective for the December 31, 2022, actuarial valuation. The revised morbidity rate factors are based on a review of historical claims experience by age, gender, and status (active versus retired) from actuary's claims data warehouse.
- The health care cost trend rates applicable to health care premiums were revised to reflect the then current expectation of future increases in those premiums.

Actuarial assumptions pertaining to per capita health care costs and their related trend rates are analyzed and updated annually by PERA Board's actuary, as discussed above.

The actuarial assumptions used in the December 31, 2022, valuations were based on the 2020 experience analysis, dated October 28, 2020, and November 4, 2020, for the period January 1, 2016, through December 31, 2019. Revised economic and demographic assumptions were adopted by PERA's Board on November 20, 2020.

The long-term expected return on plan assets is reviewed as part of regularly scheduled experience studies performed at least every five years, and asset/liability studies, performed every three to five years for PERA. The most recent analyses were outlined in the Experience Study report dated October 28, 2020.

Several factors are considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentages and then adding expected inflation.

The PERA Board first adopted the 7.25% long-term expected rate of return as of November 18, 2016. Following an asset/liability study, the Board reaffirmed the assumed rate of return at the Board's November 15, 2019, meeting, to be effective January 1, 2020. As of the most recent reaffirmation of the long-term rate of return, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the table as follows:

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
Global Equity	54.00%	5.60%
Fixed Income	23.00%	1.30%
Private Equity	8.50%	7.10%
Real Estate	8.50%	4.40%
Alternatives	6.00%	4.70%
Total	100.00%	

Note: In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected nominal rate of return assumption of 7.25%.

Sensitivity of the District's proportionate share of the net OPEB liability to changes in the Health Care Cost Trend Rates. The following presents the net OPEB liability using the current health care cost trend rates applicable to the PERA benefit structure, as well as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rates:

	1% Decrease in Trend Rates	Current Trend Rates	1% Increase in Trend Rates
Initial PERACare Medicare trend rate	5.75%	6.75%	7.75%
Ultimate PERACare Medicare trend rate	3.50%	4.50%	5.50%
Initial Medicare Part A trend rate	2.50%	3.50%	4.50%
Ultimate Medicare Part A trend rate	3.50%	4.50%	5.50%
Net OPEB Liability	\$ 452,316	\$ 465,682	\$ 480,220

Discount rate. The discount rate used to measure the TOL was 7.25%. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Updated health care cost trend rates for Medicare Part A premiums as of the December 31, 2023, measurement date.
- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.00%.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law and effective as of the measurement date.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- Estimated transfers of dollars into the HCTF representing a portion of purchase service agreements intended to cover the costs associated with OPEB benefits.
- Benefit payments and contributions were assumed to be made at the middle of the year.
- Beginning with the December 31, 2023, measurement date and thereafter, the FNP as of the current measurement date is used as a starting point for the GASB 74 projection test.
- As of the December 31, 2023, measurement date, the FNP and related disclosure components for the HCTF reflect payments related to the disaffiliation of Tri-County Health Department as a PERA-affiliated employer, effective December 31, 2022. As of the December 31, 2023, year-end, PERA recognized two additions for accounting and financial reporting purposes: a \$24 million payment received on December 4, 2023, and a \$2 million receivable. The employer disaffiliation payment and receivable allocations to the HCTF and Local Government Division Trust Fund were \$1.033 million and \$24.967 million, respectively.

Based on the above assumptions and methods, the FNP for the HCTF was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25% on OPEB plan investments was applied to all periods of projected benefit payments to determine the TOL. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25%. There was no change in the discount rate from the prior measurement date.

Sensitivity of the District's proportionate share of the net OPEB liability to changes in the discount rate. The following presents the proportionate share of the net OPEB liability calculated using the discount rate of 7.25%, as well as what the proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25%) or 1-percentage-point higher (8.25%) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Proportionate share of the net OPEB liability	\$ 550,028	\$ 465,681	\$ 393,523

OPEB plan fiduciary net position. Detailed information about the HCTF's FNP is available in PERA's ACFR which can be obtained at www.copera.org/investments/pera-financial-reports.

NOTE 12 DEFINED CONTRIBUTION PENSION PLAN

Voluntary Investment Program (PERAPlus 401(k) Plan)

Plan Description - Employees of the District that are also members of the SCHDTF may voluntarily contribute to the Voluntary Investment Program (PERAPlus 401(k) Plan), an Internal Revenue Code Section 401(k) defined contribution plan administered by PERA. Title 24, Article 51, Part 14 of the C.R.S., as amended, assigns the

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

authority to establish the Plan provisions to the PERA Board of Trustees. PERA issues a publicly available ACFR which includes additional information on the PERAPlus 401(k) Plan. That report can be obtained at www.copera.org/investments/pera-financial-reports.

Funding Policy – The Voluntary Investment Program is funded by voluntary member contributions up to the maximum limits set by the Internal Revenue Service, as established under Title 24, Article 51, Section 1402 of the C.R.S., as amended. For the year ended June 30, 2024, program members contributed \$22,623, for the Voluntary Investment Program. The District does not make matching contributions to this plan.

NOTE 13 JOINT VENTURES AND RELATED PARTIES

The District participates in the following entities. These joint ventures and related parties do not meet the criteria for inclusion within the reporting entity because the following entities:

- are financially independent and responsible for its own financing deficits and entitled to its own surpluses,
- have a separate governing board from that of the District,
- have a separate management which is responsible for day-to-day operations and is accountable to the separate governing board,
- have governing boards and management with the ability to significantly influence operations by approving budgetary requests and adjustments, signing contracts, hiring personnel, exercising control over facilities and determining the outcome for disposition of matters affecting the recipients of services provided, and
- have absolute authority over all funds and fiscal responsibility including budgetary responsibility and reporting to state agencies and controls fiscal management.

San Luis Valley Board of Cooperative Educational Services (BOCES)

The BOCES is an organization that provides member districts educational services at a shared lower cost per district. The Board of the BOCES is selected from the elected members of the District Boards. The District has one member on the Board. This Board has final authority for all budgeting and financing of the joint venture. The District's share of the joint venture is approximately 7% at June 30, 2024. Complete separate financial statements may be obtained from BOCES.

Colorado School Districts' Self-Insurance Pool

The District belongs to the Colorado School Districts' Self-Insurance Pool. The Pool was established by the Colorado Association of School Boards (CASB) to provide insurance coverage to participants in the areas of general liability, errors and omissions, automobile liability, auto physical damage, auto personal injury protection, real and personal property, crime, and other coverage. The Board of Directors is composed of eight persons, several of who are appointed by the Board of Directors of CASB and the Executive Director of CASB. The pool is managed by an independent manager chosen by the Board of Directors. Each member's initial contribution and subsequent contributions are determined by the Pool based on factors including, but not limited to, the aggregate Pool claims, the cost of administrative and other operating expenses, the number of participants, the adequacy of both operating and reserve funds and other factors touching on the status of the Pool or an individual participant, and as approved by the Colorado Insurance Commissioner.

As the District did not exercise oversight responsibility nor have sufficient control over Pool activities, the Pool is not a component unit of the District and only the District's share of contributions to the Pool is recorded as

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

expenditures in the General Fund. The District's share in the Pool is not determinable from current information, but is estimated to be less than 1%. The District's share, if calculated, would not be material to the Pool's financial information at June 30, 2024. Complete separate financial statements may be obtained from the Colorado School Districts' Self-Insurance Pool.

Center Viking Youth Club

The Center Viking Youth Club is an organization that provides an after-school and summer programming to community members. The District and the Center Viking Youth Club partner to provide these services. The District provides the facilities to the Center Viking Youth Club at no cost and approximately four employees of the District provide support and after school services in partnership with the Center Viking Youth Club. During fiscal year 2024, the District reimbursed the Center Viking Youth Club approximately \$36,000 in wages for after school services provided by Center Viking Youth Club. This balance was outstanding as of June 30, 2024.

NOTE 14 TABOR EMERGENCY RESERVE

Colorado voters passed an amendment to the State constitution, Article X, Section 20, which has several limitations, including revenue raising, spending abilities, and other specific requirements of state and local governments. The amendment is complex and subject to judicial interpretation. The District believes it is in compliance with the requirements of the amendment.

Fiscal year spending and revenue limits are determined based on the prior year's spending adjusted for inflation and local growth. Revenue in excess of the limit must be refunded unless the voters approve retention of such revenue.

On November 3, 1998 voters approved a ballot which stated that the District is authorized to collect, retain and expend all revenues including grants and other funds collected during FY 1998 and each subsequent year from any source, notwithstanding the limitations of Article X, Section 20 of the Colorado constitution, provided, however, that no property tax mill levy be increased at any time nor shall any new tax be imposed without the prior approval of the voters.

The amendment also requires that Emergency Reserves be established. These reserves must be at least 3 percent of fiscal year spending. This Emergency Reserve has been presented as restricted fund balance in the General Fund balance sheet and a restricted net position in the government-wide statement of net position. The District is not allowed to use the Emergency Reserve to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

NOTE 15 COMMITMENTS AND CONTINGENCIES

The District participates in federal grant programs subject to program compliance audits by the grantors or their representatives. The amount, if any, of expenses which may be disallowed by the granting agencies cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

Construction – Track and Field Renovation Project

During fiscal year 2024, the District began renovation on the track and field project with construction estimated to be completed in FY 2025. Estimated total cost of the renovation is \$2.2m. Construction costs incurred through June 30, 2024 were \$1,801,285. The District is funding the project through Great Outdoors Colorado and District contributions.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

Construction – New Auxiliary Gym and Classroom Projects

In fiscal year 2025, the District will begin construction on a new auxiliary gym and four new classroom projects with construction estimated to be completed in FY 2026. Estimated total construction cost is \$3.9m. Construction costs incurred through June 30, 2024 were \$39,800. The District is funding the project with a \$3,000,000 financed purchase agreement and a general fund transfer for \$1,000,000.

NOTE 16 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from the Colorado School Districts Self-Insurance Pool. There have been no significant reductions in insurance coverage. Settled claims from these risks have not exceeded commercial insurance coverage for the current year or the three prior years.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT

REQUIRED SUPPLEMENTARY INFORMATION

A budgetary comparison schedule is required for the General Fund and, if applicable, each of the District's major special revenue funds. In addition, pension and OPEB plan contributions and the District's proportionate share of the net pension and OPEB liability is required to supplement the basic financial statements.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
For the Year Ended June 30, 2024

NOTE 1 PENSION PLAN - COLORADO PERA SCHDTF

Significant Changes in Plan Provisions Affecting Trends in Actuarial Information

2023

- Senate Bill (SB) 23-056, enacted and effective June 2, 2023, intended to recompense PERA for the remaining portion of the \$225 million direct distribution originally scheduled for receipt July 1, 2020, suspended due to the enactment of House Bill (HB) 20-1379, but not fully repaid through the provisions within HB 22-1029. Pursuant to SB 23-056, the State Treasurer issued a warrant consisting of the balance of the PERA Payment Cash Fund, created in §24-51-416, plus \$10 million from the General Fund, totaling \$14.561 million.
- As of the December 31, 2023, measurement date, the total pension liability (TPL) recognizes the change in the default method applied for granting service accruals for certain members, from a "12-pay" method to a "non-12-pay" method. The default service accrual method for positions with an employment pattern of at least eight months but fewer than 12 months (including, but not limited to positions in the School and DPS Divisions) receive a higher ratio of service credit for each month worked, up to a maximum of 12 months of service credit per year.

2022

- HB 22-1029, effective upon enactment in 2022, required the State Treasurer to issue, in addition to the regularly scheduled \$225,000 direct distribution, a warrant to PERA in the amount of \$380,000 with reductions to future direct distributions. The July 1, 2023, direct distribution will be reduced by \$190,000 to \$35,000. The July 1, 2024, direct distribution will not be reduced from \$225,000 due to a negative investment return in 2022.

2021

- The following changes reflect the anticipated adjustments resulting from the 2020 automatic adjustment provision (AAP) assessment, statutorily recognized July 1, 2021, and effective July 1, 2022:
 - Member contribution rates increase by 0.50%.
 - Employer contribution rates increase by 0.50%.
 - Annual increase (AI) cap is lowered from 1.25% per year to 1.00% per year.

2020

- HB 20-1379, enacted on June 29, 2020, suspended the \$225,000 direct distribution payable on July 1, 2020 for the State's 2020-21 fiscal year.

2019

- SB 18-200 was enacted on June 4, 2018, which included the adoption of the AAP. The following changes reflect the anticipated adjustments resulting from the 2018 AAP assessment, statutorily recognized July 1, 2019, and effective July 1, 2020:
 - Member contribution rates increase by 0.50%.
 - Employer contribution rates increase by 0.50%.
 - AI cap is lowered from 1.50% per year to 1.25% per year.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
For the Year Ended June 30, 2024

2018

- The following changes were made to the plan provisions as part of SB 18-200:
 - Member contribution rates increase by 0.75% effective July 1, 2019, an additional 0.75% effective July 1, 2020, and an additional 0.50% effective July 1, 2021.
 - Employer contribution rates increase by 0.25% effective July 1, 2019
 - An annual direct distribution of \$225,000 from the State of Colorado, recognized as a nonemployer contributing entity, is distributed between the State, School, Judicial, and DPS Divisions proportionally based on payroll.
 - AI cap is lowered from 2.00% per year to 1.50% per year.
 - Initial AI waiting period is extended from one year after retirement to three years after retirement.
 - AI payments are suspended for 2018 and 2019.
 - The number of years used in the Highest Average Salary calculation for non-vested members as of January 1, 2020, increases from three to five years.

2017 – no changes

2016 – no changes

2015 – no changes

2014 – no changes

Significant Changes in Assumptions or Other Inputs Affecting Trends in Actuarial Information

2023 – no changes

2022 – no changes

2021

- The assumption used to value the AI cap benefit provision was changed from 1.25% to 1.00%.

2020

- The price inflation assumption was lowered from 2.40% to 2.30%.
- The wage inflation assumption was lowered from 3.50% to 3.00%.
- The real rate of investment return assumption was increased to 4.95% per year, net of investment expenses from 4.85% per year, net of investment expenses.
- Salary scale assumptions were revised to align with revised economic assumptions and to more closely reflect actual experience.
- Rates of termination/withdrawal, retirement, and disability were revised to more closely reflect actual experience.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
For the Year Ended June 30, 2024

- The pre-retirement mortality assumption for the School and DPS Divisions was changed to the PubT-2010 Employee Table with generational projection using scale MP-2019.
- The post-retirement non-disabled mortality assumption for the School Divisions was changed to the PubT-2010 Healthy Retiree Table, adjusted as follows:
 - Males: 112% of the rates prior to age 80 and 94% of the rates for ages 80 and older, with generational projection using scale MP-2019.
 - Females: 83% of the rates prior to age 80 and 106% of the rates for ages 80 and older, with generational projection using scale MP-2019.
- The disabled mortality assumption for the Division Trust Funds was changed to the PubNS-2010 Disabled Retiree Table using 99% of the rates for all ages with generational projection using scale MP-2019.
- The mortality tables are generational mortality tables developed on a benefit-weighted basis.

2019

- The assumption used to value the AI cap benefit provision was changed from 1.50% to 1.25%.

2018

- The single equivalent interest rate (SEIR) was increased from 4.78% to 7.25% to reflect the changes to the projection's valuation basis which no longer resulted in a projected year of depletion of the FNP, thereby eliminating the need to apply the municipal bond index rate.

2017

- The SEIR for the School Division was lowered from 5.26% to 4.78% to reflect the changes to the projection's valuation basis, a projected year of depletion of the FNP, and the resulting application of the municipal bond index rate.
- The municipal bond index rate used in the determination of the SEIR changed from 3.86% on the prior measurement date to 3.43% on the measurement date.

2016

- The investment return assumption was lowered from 7.50% to 7.25%.
- The price inflation assumption was lowered from 2.80% to 2.40%.
- The wage inflation assumption was lowered from 3.90% to 3.50%.
- The post-retirement mortality assumption for healthy lives was changed to the RP-2014 White Collar Healthy Annuitant Mortality Table with adjustments for credibility and gender adjustments of a 93% factor applied to ages below 80 and a 113% factor applied to age 80 and above, projected to 2018, for males, and a 68% factor applied to ages below 80 and a 106% factor applied to age 80 and above, projected to 2020, for females.
- For disabled retirees, the mortality assumption was changed to reflect 90% of RP-2014 Disabled Retiree Mortality Table.
- The mortality assumption for active members was changed to RP-2014 White Collar Employee Mortality Table, a table specifically developed for actively working people. To allow for an appropriate margin of improved mortality prospectively, the mortality rates incorporate a 70% factor applied to male rates and a 55% factor applied to female rates.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
For the Year Ended June 30, 2024

- The rates of retirement, withdrawal, and disability were revised to reflect more closely actual experience.
- The estimated administrative expense as a percentage of covered payroll was increased from 0.35% to 0.40%.
- The SEIR for the State and School Divisions was lowered from 7.50% to 5.26% to reflect the changes to the projection's valuation basis, a projected year of depletion of the FNP, and the resulting application of the municipal bond index rate of 3.86% on the measurement date.

2015

- The following programming changes were made:
 - Valuation of the full survivor benefit without any reduction for possible remarriage.
 - Reflection of the employer match on separation benefits for all eligible years.
 - Reflection of one year of service eligibility for survivor annuity benefit.
 - Refinement of the 18-month AI timing.
 - Refinements to directly value certain and life, modified cash refund and pop-up benefit forms.
- The following methodology changes were made:
 - Recognition of merit salary increases in the first projection year.
 - Elimination of the assumption that 35% of future disabled members elect to receive a refund.
 - Removal of the negative value adjustment for liabilities associated with refunds of future terminating members.
 - Adjustments to the timing of the normal cost and UAAL payment calculations to reflect contributions throughout the year.

2014 – no changes

NOTE 2 OTHER POST-EMPLOYMENT BENEFIT PLAN - COLORADO PERA HCTF

Significant Changes in Plan Provisions Affecting Trends in Actuarial Information

2023

- As of the December 31, 2023, measurement date, the fiduciary net position (FNP) and related disclosure components for the Health Care Trust Fund (HCTF) reflect payments related to the disaffiliation of Tri-County Health Department (Tri-County Health) as a PERA-affiliated employer, effective December 31, 2022. As of the December 31, 2023, year-end, PERA recognized two additions for accounting and financial reporting purposes: a \$24,000 payment received on December 4, 2023 and a \$2,000 receivable. The employer disaffiliation payment and receivable allocations to the HCTF and Local Government Division Trust Fund were \$1,033 and \$24,967, respectively.

2022

- The total OPEB liability for the HCTF, as of the December 31, 2022, measurement date, was adjusted to reflect the disaffiliation, allowable under C.R.S. § 24-51-313, of Tri-County Health, effective December 31, 2022. As of the close of the 2022 fiscal year, no disaffiliation payment associated with Tri-County Health was

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
For the Year Ended June 30, 2024

received, and therefore no disaffiliation dollars were reflected in the FNP as of the December 31, 2022, measurement date.

2021 – no changes

2020 – no changes

2019 – no changes

2018 – no changes

2017

- The Cunningham Fire Protection District (CFPD) disaffiliated from the Local Government Division, thereby ending participation in the HCTF on December 2, 2017. For the purpose of disclosure as of the December 31, 2017, measurement date, liabilities were determined assuming no additional service accruals impacting possible future premium subsidies for the disaffiliated membership of the CFPD that had not refunded their PERA member contribution accounts. The total disaffiliation payment of \$1,159 was allocated to the Local Government Division Trust Fund and the HCTF in the amount of \$1,063 and \$96, respectively.

Significant Changes in Assumptions or Other Inputs Affecting Trends in Actuarial Information

2023 – no changes

2022

- The timing of the retirement decrement was adjusted to middle-of-year.

2021 – no changes

2020

- The price inflation assumption was lowered from 2.40% to 2.30%.
- The wage inflation assumption was lowered from 3.50% to 3.00%.
- The real rate of investment return assumption was increased to 4.95% per year, net of investment expenses from 4.85% per year, net of investment expenses.
- Rates of termination/withdrawal, retirement, and disability were revised to more closely reflect actual experience.
- The pre-retirement mortality assumption was changed to the PubT-2010 Employee Table with generational projection using scale MP-2019.
- The post-retirement non-disabled mortality assumption was changed to the PubT-2010 Healthy Retiree Table, adjusted as follows:
 - Males: 112% of the rates prior to age 80 and 94% of the rates for ages 80 and older, with generational projection using scale MP-2019.
 - Females: 83% of the rates prior to age 80 and 106% of the rates for ages 80 and older, with generational projection using scale MP-2019.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
For the Year Ended June 30, 2024

- The post-retirement non-disabled beneficiary mortality assumption for the Division Trust Funds was changed to the Pub-2010 Contingent Survivor Table, adjusted as follows:
 - Males: 97% of the rates for all ages, with generational projection using scale MP-2019.
 - Females: 105% of the rates for all ages, with generational projection using scale MP-2019.
- The disabled mortality assumption was changed to the PubNS-2010 Disabled Retiree Table using 99% of the rates for all ages with generational projection using scale MP-2019.
- The mortality tables are generational mortality tables developed on a head-count weighted basis.

2019 – no changes

2018 – no changes

2017 – no changes

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT

SUPPLEMENTARY INFORMATION

The combining financial schedules represent the second level of financial reporting for the District. These financial statements present more detailed information for the individual funds in a format that segregates information by fund type.

**CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NONMAJOR GOVERNMENTAL FUNDS**

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for and report the proceeds of special revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

Pupil Activity Fund – Used to record financial transactions related to school-sponsored pupil intrascholastic and interscholastic athletic and other related activities. These activities are supported in whole or in part by revenues from pupils, gate receipts, and other fundraising activities.

Food Service Fund - Used to account for the District's food service program. Revenues are derived from District contributions and student and adult charges.

DEBT SERVICE FUNDS

Debt Service Funds are used to account for and report resources that are restricted, committed or assigned to expenditure for principal and interest. Debt Service Funds should be used to report resources if legally mandated.

Bond Redemption Fund - Used to account for the accumulation of resources for and the payment of principal, interest, and related expenses on long-term general obligation debt or long-term voter-approved financed-purchase debt.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For the Year Ended June 30, 2024

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available. Center Consolidated School District 26JT did not elect to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance for the year ended June 30, 2024. In addition, the District did not pass-through federal funds to subrecipients.

NOTE 2: BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of Center Consolidated School District 26JT under programs of the federal government for the year ended June 30, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Center Consolidated School District 26JT, it is not intended to and does not present the financial position or changes in net position of Center Consolidated School District 26JT.

NOTE 3: FOOD DISTRIBUTION

Nonmonetary assistance is reported in the Schedule at the fair market value of commodities received and disbursed.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Wall,
Smith,
Bateman Inc.

To the Board of Education
Center Consolidated School District 26JT
Center, Colorado

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Center Consolidated School District 26JT (the District), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated January 09, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Certified Public Accountants

3001 Adcock Circle PO Box 809 Alamosa, CO 81101 | 719-589-3619 | f 719-589-5492 | www.wsbcpa.com

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Center Consolidated School District 26JT's (the District) compliance with the types of compliance requirements identified as subject to audit described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2024. The District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

Certified Public Accountants

3001 Adcock Circle PO Box 809 Alamosa, CO 81101 | 719-589-3619 | f 719-589-5492 | www.wsbcpa.com

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

CENTER CONSOLIDATED SCHOOL DISTRICT 26JT
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS
For the Year Ended June 30, 2024

Section II – Financial Statement Findings

Finding 2023-001: Grant Management
(Repeat of Finding 2022-001)

Type of finding: Internal Control (material weakness)

Condition: While the District worked to improve its internal controls over grant management during FY 2023 with more frequent reconciliations between grant management and the finance department, the District was unable to completely reconcile all grant activity.

Cause: The District has not completely implemented adequate controls over the grant reconciliation and oversight process, due to significant volume of grants and grant transactions and having limited staff to process them.

Recommendation: The District should continue to strengthen its internal controls over grant management by implementing a review process prior to submission of grant reimbursement requests and other grant reports. This can be achieved by implementing the grantor software digital distinct signature for preparer and reviewer. In addition, unspent grants should be regularly monitored by both grant management and the finance department for applicable expenditures within the period of availability to ensure grants are either spent or returned to the grantor timely.

Status: Implemented
