Independent Auditor's Report

To the Board of Directors
University of Colorado Health

Report on the Audits of the Financial Statements

Opinions

We have audited the financial statements of the business-type activities and fiduciary activities of University of Colorado Health (UCHealth) as of and for the years ended June 30, 2024 and 2023 and the related notes to the basic financial statements, which collectively comprise UCHealth's basic financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and fiduciary activities of UCHealth as of June 30, 2024 and 2023 and the respective changes in its financial position and, where applicable, its cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of UCHealth and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matters

As discussed in Note 2 to the basic financial statements, UCHealth adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 100, *Accounting Changes and Error Corrections*, which requires that a change in the reporting entity be reported as if it occurred as of the beginning of the reporting period in which the change occurs. UCHealth also adopted GASB Statement No. 101, *Compensated Absences*, on a retrospective basis. Our opinions are not modified with respect to these matters.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about UCHealth's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

To the Board of Directors
University of Colorado Health

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of UCHHealth's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about UCHHealth's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and pension information, as identified in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

To the Board of Directors
University of Colorado Health

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 24, 2024 on our consideration of UCHealth's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of UCHealth's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering UCHealth's internal control over financial reporting and compliance.

Plante & Moran, PLLC

September 24, 2024

Management's Discussion and Analysis

This discussion and analysis of the financial performance of University of Colorado Health (UCHealth or the "Health System") provides an overall review of UCHealth's financial activities as of and for the years ended June 30, 2024, 2023, and 2022. Unless otherwise indicated, amounts are in thousands.

The management's discussion and analysis (MD&A) is designed to focus on the current fiscal year while providing comparison information for the previous fiscal years, resulting changes, and currently known facts; therefore, please read it in conjunction with the Health System's basic financial statements and related notes.

UCHealth Overview

Effective July 1, 2012, UCHealth was created through a joint operating agreement with Poudre Valley Health Care Inc. (PVHS) and the University of Colorado Hospital Authority (UCHA). Together, UCHA and PVHS are member organizations in UCHealth. The joint venture enhances the capacity of the members to protect, sustain, and expand their respective missions. The initial term of the joint operating agreement is 50 years, with renewals or extensions anticipated. The agreement includes significant hurdles for termination other than by mutual agreement. Under the joint operating agreement, the members of the joint venture are members of the obligated group under UCHA's master trust indenture and, thereby, pledge their gross revenue to secure each member's obligations.

Effective October 1, 2012, an Integration and Affiliation Agreement and Health System Operating Lease Agreement with the City of Colorado Springs, Colorado (the "City") was executed with the purpose of leasing Memorial Health System (MHS). Effective October 1, 2012, a sublease agreement was executed with Children's Hospital Colorado to operate the pediatric units located at MHS and was valued at 15 percent of the organization. Children's Hospital Colorado paid the corresponding amount of the upfront payment and is responsible for its percentage of the ongoing lease payments to the City.

Through new builds and acquisitions in years past, as of 2024, UCHealth now also includes Longs Peak Hospital, Highlands Ranch Hospital, Greeley Hospital, Yampa Valley Medical Center, Broomfield Hospital, Grandview Hospital, Pikes Peak Regional Hospital, Parkview Medical Center, and additional ambulatory care settings.

UCHealth entities pool their respective revenue and expenses for a single bottom line. The UCHealth board of directors approves the operating and capital budgets of each entity throughout the Health System. Entity-specific boards remain to oversee medical staff and credentialing, quality, joint commission, and oversight of other day-to-day operating activities.

Overview of the Basic Financial Statements

This discussion and analysis is intended to serve as an introduction to UCHealth's basic financial statements, which consist of the enterprise fund, including its blended component units; the pension trust fund; the health benefits trust fund; and the notes to the basic financial statements. This report also contains other required supplementary information in addition to the basic financial statements.

UCHealth has two types of funds: an enterprise fund that accounts for all transactions related to UCHealth hospitals, physician groups, and the foundations' business, and fiduciary funds for UCHA's employee pension plan and health benefits trust.

The statement of net position; statement of revenue, expenses, and changes in net position; and statement of cash flows are presented on an accrual basis, in accordance with accounting principles generally accepted in the United States of America. This information provides an indication of UCHealth's financial health. The statement of net position includes all of UCHealth's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, as well as an indication about which assets can be utilized for general purposes and which are restricted as a result of bond covenants or other agreements. The statement of revenue, expenses, and changes in net position reports all of the revenue and expenses during the periods indicated. The statement of cash flows reports the cash provided and used by operating activities, as well as other cash sources, such as investment income, and other cash uses, such as repayment of debt and purchase of capital.

The notes to the basic financial statements provide additional information that is essential for a full understanding of the data provided in the basic financial statements. Required supplementary information relates to UCHA's progress in funding its obligation to provide pension benefits to its employees.

Management's Discussion and Analysis (Continued)

UCHealth adopted Governmental Accounting Standards Board (GASB) Statement No. 100, *Accounting Changes and Error Corrections*, and No. 101, *Compensated Absences*, in 2024. The acquisition of Parkview Health System (Parkview) by UCHealth was completed as of December 1, 2023 and is considered a change in reporting entity under GASB 100; accordingly, UCHealth has reported Parkview as a blended component unit within the basic financial statements as of July 1, 2023. GASB 101 was implemented on a retrospective basis as of July 1, 2022; the 2023 amounts within the MD&A have been updated as necessary to reflect the revised amounts following the adoption.

Financial Analysis and Results of Operations

Assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position at June 30 are summarized in Table 1 and are discussed in the following pages.

Table 1: Statement of Net Position

	2024	2023	2022
Assets			
Current assets	\$ 1,876,002	\$ 1,448,491	\$ 1,496,688
Capital assets - Net	4,391,508	3,921,964	3,657,845
Other noncurrent assets	6,572,473	5,611,452	5,068,893
Total assets	12,839,983	10,981,907	10,223,426
Deferred Outflows of Resources	158,075	181,026	196,576
Total assets and deferred outflows	12,998,058	11,162,933	10,420,002
Liabilities			
Current liabilities	1,602,075	1,313,503	1,391,116
Long-term liabilities	1,746,637	1,737,018	1,764,986
Total liabilities	3,348,712	3,050,521	3,156,102
Deferred Inflows of Resources	93,707	73,745	69,740
Total liabilities and deferred inflows	3,442,419	3,124,266	3,225,842
Net Position			
Invested in capital assets - Net of related debt	2,473,210	2,125,720	1,836,642
Restricted	71,033	116,079	108,374
Unrestricted	7,011,396	5,796,868	5,249,144
Total net position	\$ 9,555,639	\$ 8,038,667	\$ 7,194,160

UCHealth classifies net position as invested in capital assets, net of related debt; restricted; and unrestricted. At June 30, 2024, UCHealth's total net position was \$9,555,639, which is an increase in total net position of \$1,516,972, or 18.9 percent, from June 30, 2023. Net position invested in capital assets, net of related debt, increased during the fiscal year due to additional capital spend and the acquisition of Parkview. The unrestricted net position increase was driven primarily by investment and operating income. At June 30, 2023, UCHealth's total net position was \$8,038,667, which is an increase in total net position of \$844,507, or 11.7 percent, from June 30, 2022. The unrestricted net position increase was driven primarily by investment and operating income.

At June 30, 2024, UCHealth's cash and investment position, including assets designated for long-term purposes, was \$6,947,663, which is an increase of \$1,191,139, or 20.7 percent, from June 30, 2023. As of June 30, 2024, days cash on hand was 344.9 days as calculated per bond covenant requirements, and net days in accounts receivable were 36.7. At June 30, 2023, UCHealth's cash and investment position, including assets designated for long-term purposes, was \$5,756,524, which is an increase of \$426,798 or 8.0 percent, from June 30, 2022. As of June 30, 2023, days cash on hand was 328.2 days, as calculated per bond covenant requirements, and net days in accounts receivable were 35.4.

Management's Discussion and Analysis (Continued)

Revenue, Expenses, and Changes in Net Position

Revenue, expenses, and change in net position are summarized in Table 2 and are discussed below.

Table 2: Revenue, Expenses, and Changes in Net Position

	2024	2023	2022
Operating Revenue			
Net patient service revenue	\$ 8,033,218	\$ 6,851,030	\$ 6,191,942
Other operating revenue	97,563	93,535	82,025
Total operating revenue	8,130,781	6,944,565	6,273,967
Operating Expenses			
Wages, contract labor, and benefits	3,595,264	3,149,777	2,824,518
Supplies	1,959,345	1,680,038	1,491,137
Purchased services and other expenses	1,586,880	1,389,489	1,259,197
Depreciation and amortization	466,248	394,387	375,280
Total operating expenses	7,607,737	6,613,691	5,950,132
Operating Income	523,044	330,874	323,835
Nonoperating Revenue (Expense)			
Investment income (loss)	791,312	543,198	(709,313)
(Loss) gain on disposal of capital assets	(13,047)	6,601	2,012
Grant revenue	-	438	43,461
Unrealized gain on derivative instruments	13,401	27,070	99,908
Interest expense	(39,532)	(32,751)	(44,055)
Other - Net	(61,564)	(37,188)	(33,278)
Total nonoperating revenue (expense)	690,570	507,368	(641,265)
Income (Loss) before Distributions and Contributions	1,213,614	838,242	(317,430)
Net Distributions to Minority Interest in Component Unit	-	(1,327)	(8,151)
Contributions Restricted for Capital Assets	-	-	143
Contributions Restricted - Other	15,567	8,841	6,359
Acquisition of Interest in Component Units	(45,830)	-	-
Change in Net Position	1,183,351	845,756	(319,079)
Net Position - Beginning of year, as previously reported	8,038,667	7,194,160	7,513,239
Cumulative Effect of Accounting Changes and Changes in Reporting Entity	333,621	(1,249)	-
Net Position - Beginning of year, as restated	8,372,288	7,192,911	7,513,239
Net Position - End of year	\$ 9,555,639	\$ 8,038,667	\$ 7,194,160

Year Ended June 30, 2024 Compared with Year Ended June 30, 2023

All amounts in this section include Parkview operations for the entire year ended June 30, 2024. The addition of Parkview in 2024 is a significant driver for the increases over 2023.

Inpatient volumes, measured in admissions and patient days, increased over 2023. Volumes include inpatient units at the UCHHealth hospital facilities, excluding residential and normal newborn activity. Admissions totaled 122,587, which was a 17.1 percent increase over 2023. Patient days totaled 633,595, a 13.2 percent increase over the prior year.

Management's Discussion and Analysis (Continued)

Outpatient volumes, measured by clinic, procedural, ancillary, and urgent care visits, were 8,848,676 in 2024, which was an 18.5 percent increase over 2023. This figure includes activity at the hospital locations, various outpatient clinics, and activity performed by the UCHealth Medical Group.

Net patient service revenue of \$8,033,218 increased from 2023 by \$1,182,188, or 17.3 percent. Total operating revenue in 2024 was \$8,130,781. Total operating revenue consists of net patient revenue and other revenue. In 2019, the Centers for Medicare & Medicaid Services (CMS) lowered Medicare reimbursement for drugs purchased under the 340B program. In 2022, the United States Supreme Court determined such action was not within the authority of CMS. During the year ended June 30, 2024, CMS issued a final rule outlining the remedy for the decreased reimbursement. UCHealth received a one-time settlement of \$87,373 as a remedy for the situation, which is included within net patient service revenue during 2024.

UCHealth provides care to patients who meet certain criteria under its charity care policies and to uninsured patients without charge or at amounts less than established rates. Amounts determined to qualify as charity care are not reported as net patient service revenue. Based on an analysis of direct and indirect costs specific to the procedures performed, the cost of these services was \$202,878 in 2024, an increase of \$71,902, or 54.9 percent, from 2023. The increase is due to the growth of the Hospital Discounted Care program required in the state of Colorado.

UCHealth maintains a self-pay discount program in which self-pay patients automatically receive a discount on total charges, which varies by facility. This program reduces uninsured patients' liabilities to a level more equivalent to insured patients. The self-pay discounts and packages for 2024 were \$674,046, an increase of \$365,546, or 118.5 percent, from 2023.

In 2010, the State of Colorado modified the CICIP Safety Net Provider Program with the Colorado Health Care Affordability Act (the "Act") authorizing the Department of Health Care Policy & Financing to collect a fee from hospital providers to increase Medicaid payments to hospitals and expand coverage under public health care programs. For the year ended June 30, 2024, UCHealth was charged \$343,500 in hospital provider fees, an increase of \$59,226, or 20.8 percent, over 2023, and received \$433,607 in disproportionate share (DSH) and Medicaid supplemental revenue as compensation for indigent and uninsured care services, an increase of \$77,954, or 21.9 percent, over 2023.

UCHealth provides programs, including those listed above, for uninsured and underinsured patients. The total benefit to UCHealth's uninsured and underinsured patients for these programs was \$570,781 in 2024, which is an increase of \$47,276, or 9.0 percent, over 2023, and is determined by applying an adjusted cost-to-charge ratio to the charges under these programs and reducing the benefit amount by any actual reimbursement received for these programs.

Operating expenses were \$7,607,737 in 2024. This was an increase of \$994,046, or 15.0 percent, compared to 2023. Wages, contract labor, and benefits expense of \$3,595,264 was an increase of \$445,487, or 14.1 percent, over the 2023 expense. This includes a 16.2 percent increase in salaries, an 11.6 percent decrease in contract labor, and a 9.3 percent increase in benefits. Medical and nonmedical supplies expense of \$1,959,345 increased \$279,307, or 16.6 percent, in 2024. Purchased services and other expenses of \$1,586,880 increased over 2023 by \$197,391, or 14.2 percent.

Operating income was \$523,044 during the fiscal year, which is a 58.1 percent increase from 2023 operating income of \$330,874.

According to Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, interest expense is defined as a nonoperating expense and is classified as such in UCHealth's basic financial statements. Operating income would be \$483,512 in 2024, compared to \$298,123 in 2023, if interest expense were included as an operating expense.

Nonoperating revenue and expenses in 2024 had a gain of \$690,570, which is a \$183,202 increase from 2023. The change from 2023 was primarily generated by investment gains. Nonoperating income from UCHealth's equity, fixed income, and cash investments was \$791,311 in 2024, compared to \$543,198 in 2023. Unrealized gain on derivative instruments totaled \$13,401 for fiscal year 2024.

Management's Discussion and Analysis (Continued)

UCHealth utilizes interest rate swaps to manage interest rate risk exposure on certain bond series. UCHealth is party to four floating-to-fixed swap agreements to hedge underlying floating-rate debt and is also party to a total return fixed-to-floating swap agreement tied to the Series 2012B, 2012C, 2017A, 2017B-1, 2018A, 2018B, 2018C, and 2019A Revenue Bonds. These agreements are used to create synthetic fixed-rate bonds by converting the variable rates on those series to a fixed rate, reducing interest rate risk, or reducing the overall cost of capital. Cash flows on these agreements are recorded as interest expense.

Other net nonoperating expenses were \$61,564 and \$37,188 in 2024 and 2023, respectively, related primarily to donations made and fundraising expenses.

Income before distributions and contributions was \$1,213,614 in 2024, which increased \$375,372 from 2023.

Year Ended June 30, 2023 Compared with Year Ended June 30, 2022

Inpatient volumes, measured in admissions and patient days, increased over 2022. Volumes include inpatient units at UCHealth hospital facilities, excluding residential and normal newborn activity. Admissions totaled 104,724, which was a 7.2 percent increase over 2022. Patient days totaled 559,639, a 0.2 percent increase over the prior year.

Outpatient volumes, measured by clinic, procedural, ancillary, and urgent care visits, were 7,467,788 in 2023, which was a 10.8 percent increase over 2022. This figure includes activity at the hospital locations, various outpatient clinics, and activity performed by the UCHealth Medical Group.

Net patient service revenue of \$6,851,030 increased from 2022 by \$659,088, or 10.6 percent. Total operating revenue in 2023 was \$6,944,565. Total operating revenue consists of net patient revenue and other revenue.

UCHealth provides care to patients who meet certain criteria under its charity care policies and to uninsured patients without charge or at amounts less than established rates. Amounts determined to qualify as charity care are not reported as net patient service revenue. Based on an analysis of direct and indirect costs specific to the procedures performed, the cost of these services was \$130,976 in 2023, an increase of \$21,909, or 20.1 percent, from 2022.

UCHealth maintains a self-pay discount program in which self-pay patients automatically receive a discount on total charges, which varies by facility. This program reduces uninsured patients' liabilities to a level more equivalent to insured patients. The self-pay discounts and packages for 2023 were \$308,500, a decrease of \$20,264, or 6.2 percent, from 2022.

In 2010, the State of Colorado modified the CICIP Safety Net Provider Program with the Colorado Health Care Affordability Act (the "Act") authorizing the Department of Health Care Policy & Financing to collect a fee from hospital providers to increase Medicaid payments to hospitals and expand coverage under public health care programs. For the year ended June 30, 2023, UCHealth was charged \$284,274 in hospital provider fees, an increase of \$22,424, or 8.6 percent, over 2022, and received \$355,653 in disproportionate share and Medicaid supplemental revenue as compensation for indigent and uninsured care services, an increase of \$24,685, or 7.5 percent, over 2022.

UCHealth provides programs, including those listed above, for uninsured and underinsured patients. The total benefit to UCHealth's uninsured and underinsured patients for these programs was \$523,505 in 2023, which is an increase of \$21,830, or 4.4 percent, over 2022, and is determined by applying an adjusted cost-to-charge ratio to the charges under these programs and reducing the benefit amount by any actual reimbursement received for these programs.

Operating expenses were \$6,613,691 in 2023. This was an increase of \$663,559, or 11.2 percent, compared to 2022. Wages, contract labor, and benefits expense of \$3,149,777 was an increase of \$325,259, or 11.5 percent, over the 2022 expense. This includes a 10.8 percent increase in salaries, a 21.6 percent decrease in contract labor, and a 21.2 percent increase in benefits. Medical and nonmedical supplies expense of \$1,680,038 increased \$188,901, or 12.7 percent, in 2023. Purchased services and other expenses of \$1,389,489 increased over 2022 by \$130,292, or 10.3 percent.

Operating income was \$330,874 during the fiscal year, which is a 2.2 percent increase from 2022 operating income of \$323,835.

Management's Discussion and Analysis (Continued)

According to Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, interest expense is defined as a nonoperating expense and is classified as such in UCHealth's basic financial statements. Operating income would be \$298,123 in 2023 compared to \$279,780 in 2022 if interest expense were included as an operating expense.

Nonoperating revenue and expenses in 2023 had a gain of \$507,368, which is a \$1,148,633 increase from 2022. The change from 2022 was primarily generated by investment gains.

Nonoperating income from UCHealth's equity, fixed income, and cash investments was \$543,198 in 2023, compared to a nonoperating loss of \$709,313 in 2022. Unrealized gain on derivative instruments totaled \$27,070 for fiscal year 2023.

UCHealth utilizes interest rate swaps to manage interest rate risk exposure on certain bond series. UCHealth is party to four floating-to-fixed swap agreements to hedge underlying floating-rate debt and is also party to a total return fixed-to-floating swap agreement tied to the Series 2012B, 2012C, 2017A, 2017B-1, 2018A, 2018B, 2018C, and 2019A Revenue Bonds. These agreements are used to create synthetic fixed-rate bonds by converting the variable rates on those series to a fixed rate, reducing interest rate risk, or reducing the overall cost of capital. Cash flows on these agreements are recorded as interest expense.

Other net nonoperating expenses were \$37,188 and \$33,278 in 2023 and 2022, respectively, related primarily to donations made and fundraising expenses.

Income before distributions and contributions was \$838,242 in 2023, which increased \$1,155,672 from 2022.

Capital Asset and Debt Administration

Capital Assets

Capital assets, net of depreciation and amortization, at June 30, 2024, 2023, and 2022 are summarized in Table 3 and are discussed below.

Table 3: Capital Assets, Net of Depreciation and Amortization

	2024	2023	2022
Land	\$ 140,091	\$ 129,171	\$ 129,242
Buildings and improvements	2,647,288	2,409,379	2,155,741
Equipment	551,652	466,852	446,560
Right-to-use asset	419,262	394,649	384,907
Construction in progress	633,215	521,913	541,395
	<u>\$ 4,391,508</u>	<u>\$ 3,921,964</u>	<u>\$ 3,657,845</u>
Total			

Ongoing capital requirements are funded from a combination of operating cash, debt proceeds, and contributions. UCHealth's annual capital budget, exclusive of the larger strategic projects, was \$157,990, \$122,913, and \$117,488 in 2024, 2023, and 2022, respectively. Cash flows related to capital expenditures totaled \$497,020 in 2024, compared to \$578,897 and \$519,085 in 2023 and 2022, respectively. Total depreciation and amortization expense on capital assets during 2024 was \$466,248 compared to \$394,387 and \$375,280 in 2023 and 2022, respectively. At June 30, 2024 and 2023, the Health System had planned future capital spending of \$956,272 and \$1,053,346, respectively, for ongoing significant strategic IT and facility expansion projects.

Management's Discussion and Analysis (Continued)

Long-term Debt

Long-term debt is summarized and discussed below.

Table 4: Outstanding Long-term Debt at Year End

	2024	2023	2022
Lease liabilities (combined)	\$ 235,675	\$ 233,416	\$ 213,248
SBITA liabilities (combined)	103,054	97,056	116,816
PPP liabilities (combined)	59,545	59,709	59,832
City of Colorado Springs, Colorado agreement (MHS)	78,366	81,523	84,585
Bonds, including premium (UCHA)	1,227,674	1,265,754	1,292,724
Bonds, including premium (Parkview)	169,759	-	-
Note payable (Parkview)	1,350	-	-
Less current portion	(194,003)	(103,069)	(86,387)
Less long-term debt subject to short-term remarketing arrangements	(203,600)	(211,855)	(219,755)
Total long-term debt	\$ 1,477,820	\$ 1,422,534	\$ 1,461,063

UCHA can issue debt on behalf of obligated group members, as established under the joint operating agreement creating the Health System. For more information about the Health System's outstanding debt, see Note 12 to the basic financial statements.

In July 2024, UCHealth completed an annual ratings update with Moody's, Standard & Poor's, and Fitch Ratings to rate the member organizations. Moody's maintained its UCHA rating at Aa2 Stable. Standard & Poor's maintained its UCHA rating at AA Stable. Fitch Ratings maintained its UCHA rating at AA Stable.

As of July 1, 2023, UCHealth assumed Parkview's long-term debt totaling approximately \$236,179, which was composed of various bond, note payable, lease, and SBITA liabilities. In December 2023, UCHealth defeased \$58,450 of Parkview debt; in July 2024, UCHealth defeased the remaining Parkview bonds.

In August 2024, UCHealth issued Series 2024A and 2024B Revenue and Refunding Revenue Bonds for \$262,300. These bonds were issued to refinance various outstanding bonds.

In March 2021, UCHA issued forward-starting 2022A (Series 2022A) and 2022B (Series 2022B) direct purchase bonds in the amount of \$230,565, to refinance the 2012A bonds effective November 2022. Series 2022A and Series 2022B are a fixed-rate issuance, with interest paid semiannually and principal paid according to a mandatory sinking fund redemption schedule beginning in fiscal year 2024. The interest rate for the Series 2022A and 2022B bonds is 1.58 percent. The Series 2022A and Series 2022B bonds have a maturity date of November 2030.

The maximum annual debt service coverage ratio was 11.82 at June 30, 2024, compared to 8.00 and 9.97 at June 30, 2023 and 2022, respectively, and bond covenants require a debt service coverage ratio greater than 1.5. The indebtedness ratio was 13.5 percent at June 30, 2024, compared to 14.5 percent and 16.2 percent at June 30, 2023 and 2022, respectively, and bond covenants require an indebtedness ratio of less than 65.0 percent.

Economic Factors and Next Year's Activities and Rates

Demand for services at UCHealth facilities is anticipated to remain high in the upcoming year and generally exceed 2024 volumes. Growth at Highlands Ranch Hospital and the Anschutz Medical Campus is expected to produce high occupancy rates in fiscal year 2025.

UCHealth expects to maintain a stable payor mix. Continued growth in high-deductible benefit plans is anticipated, creating higher out-of-pocket costs for patients and a greater burden on UCHealth in managing receivables. UCHealth expects to remain in-network with all major payors in 2025. UCHealth expects cost inflation in excess of reimbursement increases and staffing shortages to continue to impact performance.

The 2025 budget, as approved by UCHealth's board of directors, projects operating revenue at \$8,359,727 and operating income of \$325,869, at a margin of 3.9 percent. The overall increase in net position is budgeted to be \$653,202.

Management's Discussion and Analysis (Continued)

Requests for Information

This financial report is designed to provide a general overview of UCHHealth's financial results for all those with an interest in the Health System's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the UCHHealth Chief Financial Officer, Mail Stop F-417, P.O. Box 6510, Aurora, CO 80045.

UCHA, a component unit of UCHHealth, issues a separate financial report. That report may be obtained by writing to UCHA Chief Financial Officer, Mail Stop F-417, P.O. Box 6510, Aurora, Colorado 80045.

Statement of Net Position

(Dollars in Thousands)

Note 1 - Organization and Mission

Effective July 1, 2012, University of Colorado Health (UCHealth or the "Health System"), a newly formed nonprofit corporation, entered into a joint operating agreement with the University of Colorado Hospital Authority and Poudre Valley Health Care Inc. (collectively, the "members"), resulting in a joint venture among the members. The Health System's mission is "to improve lives in big ways through learning, healing, and discovery; in small, personal ways through human connection; but in all ways, we improve lives." The joint venture enhances the capacity of the members to protect, sustain, and expand their respective missions. As a joint venture, all future operations of the members are combined, and together these combined operations will be the basis for possible future expansion and diversification of the Health System. Under the joint operating agreement, the members of the joint venture are members of the obligated group under UCHA's master trust indenture and, thereby, pledge their gross revenue to secure each member's obligations. UCHealth's component units are considered blended component units because UCHealth is financially accountable and their activities are significantly intertwined with UCHealth. UCHealth's component units are as follows:

University of Colorado Hospital Authority (UCHA)

UCHA was created pursuant to Section 23-21-503 of the Colorado Revised Statutes and is a political subdivision and body corporate of the State of Colorado. UCHA owns and operates a nonsectarian, general acute-care hospital; the Anschutz Centers for Advanced Medicine, which includes a variety of inpatient and outpatient pavilions, the Anschutz Cancer Pavilion, the Center for Dependency, Addiction and Rehabilitation (CeDAR), and the Rocky Mountain Lions Eye Institute; outlying outpatient primary care and specialty clinics; and the University of Colorado Hospital Foundation (the "UCHA Foundation"). These combined entities are collectively known as UCHA. UCHA is the primary teaching hospital for the University of Colorado Denver (UCD), which is composed of the Schools of Medicine, Nursing, Pharmacy, and Dentistry; the Graduate School; and the School of Public Health. UCHA issues a separate financial report. That report may be obtained by writing to UCHA, Chief Financial Officer, Mail Stop F-417, P.O. Box 6510, Aurora, CO 80045.

The UCHA Foundation serves as the primary fundraising arm for UCHA and manages restricted and unrestricted donations received for future use by UCHA. Although UCHA does not control the timing or amount of receipts from the UCHA Foundation, the majority of the resources, or income thereon, is restricted to the activities of UCHA by the donors. Because these restricted resources held by the UCHA Foundation can be used only by or for the benefit of UCHA and because the UCHA Foundation exists for the sole benefit of UCHA, the UCHA Foundation is considered a blended component unit of UCHA.

Poudre Valley Health Care Inc. (PVHS)

PVHS operates two hospital facilities, Poudre Valley Hospital (PVH) and Medical Center of the Rockies (MCR), which are both nonsectarian, general acute-care hospitals. PVH includes Mountain Crest Behavioral Health Services, a behavioral health facility in Fort Collins, Colorado. PVHS' component units also include a physician group named UCHealth Medical Group (North); UCHealth Northern Colorado Foundation (the "UCHNC Foundation"); Lakota Lake, LLC; Heron Lake, LLC; and Innovation Enterprises, LLC. The UCHNC Foundation was formed to receive, invest, and distribute funds primarily for the benefit of PVH, MCR, and affiliated organizations. PVHS' component units are considered blended component units of PVHS because their activities are significantly intertwined with PVHS.

June 30, 2024 and 2023
(Dollars in Thousands)

Note 1 - Organization and Mission (Continued)

Memorial Health System (MHS)

Effective October 1, 2012, an Integration and Affiliation Agreement and Health System Operating Lease Agreement with the City of Colorado Springs, Colorado was executed with the purpose of leasing MHS. UCHA created the UCH-MHS entity to assume operations of MHS. During the year ended June 30, 2021, UCHA transferred its membership interest in UCH-MHS to UCHealth. The original lease is for a 40-year term, with renewals or extensions anticipated. UCHealth guarantees MHS' obligations under the lease, and the gross revenue of MHS is pledged to secure the obligations under UCHA's master trust indenture. MHS' component units include two nonsectarian, general acute-care hospitals named Memorial Hospital Central and Memorial Hospital North, a physician group named UCHealth Medical Group (South), and a nonprofit corporation controlled by MHS (Memorial Hospital Corporation). MHS' component units are considered blended component units of MHS because their activities are significantly intertwined with MHS.

Other Hospital Entities

UCHealth's component units also include the following nonsectarian, general acute-care hospitals: Longs Peak Hospital (LPH); UCHealth Highlands Ranch Hospital (HRH); UCHealth Greeley Hospital (GH); Yampa Valley Medical Center (YVMC); UCHealth Broomfield Hospital (BFH); UCHealth Grandview Hospital (GVH); UCHealth Pikes Peak Regional Hospital (PPRH); and, as of July 1, 2023, Parkview Health System (Parkview).

Other Entities

UCHealth's component units also include the following entities, which provide a variety of health care services in the ambulatory setting or other support or fundraising activities: UCHealth Ambulatory Surgery Centers (UCHASC); UCHealth Medical Group (Longmont and Metro Denver); UCHealth Community Services (UCHCS); UCHealth Emergency Physician Services (UCHEPS); UCHealth Imaging Services, LLC (UCHIS); UCHealth Laboratory Services, LLC (UCHLS); UCHealth Centralized Pharmacy, LLC (UCHCP); Longs Peak Hospital Foundation (the "LPH Foundation"); and UCHealth Risk Management Solutions, LLC (RMS).

UCHealth was the 90 percent member of ICHHealth, LLC (ICHHealth), a limited liability company organized to qualify and operate as an accountable care organization, support improvements in high-quality care through population management techniques, and contain the total costs of care. During the year ended June 30, 2023, ICHHealth's net assets were contributed as part of the formation of a new entity in which UCHealth holds a 45 percent interest. ICHHealth was previously treated as a blended component unit in the financial statements; but following the contribution, it is no longer included in the financial statements.

UCHealth Plan Administrators, LLC (UCHPA) was a wholly owned subsidiary that was sold to Select Health for \$823 during the year ended June 30, 2024. UCHPA was previously treated as a blended component unit in the financial statements; but following the sale, it is no longer included in the financial statements.

The accompanying basic financial statements reflect the operations and financial position of the Health System, its component units, and its fiduciary (pension trust and health benefits trust) funds. All interentity transactions have been eliminated in the basic financial statements. The Health System is not an agency of the state government and is not subject to administrative direction or control by the Regents of the University of Colorado (the "Regents") or any department, commission, board, or agency of the state. The Health System is not financially accountable to the Regents. Of the Health System's board of directors (the "Board"), 2 of the 11 members are appointed by the president of the University of Colorado and an additional 4 members are appointed by the Regents subject to the final approval of the Board.

June 30, 2024 and 2023

(Dollars in Thousands)

Note 2 - Significant Accounting Policies

Basis of Presentation

The accompanying basic financial statements have been prepared on the accrual basis of accounting and economic resource measurement focus in accordance with accounting principles generally accepted in the United States of America.

The accounts of the Health System are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that are composed of its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, and revenue and expenses, as appropriate.

The enterprise fund is used to account for the Health System's ongoing activities. The statement of net position; statement of revenue, expenses, and changes in net position; and statement of cash flows do not include the pension trust fund or the health benefits trust fund.

The pension trust fund is used to account for assets held in trust for the benefit of employees of the Health System that are employed by UCHA for the noncontributory defined benefit pension plan (the "Basic Pension Plan"). In accordance with the Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, the assets and net position of the pension trust fund are presented separately from the enterprise fund. The basic financial statements of the pension trust fund are prepared using the accrual basis of accounting. Employer contributions to the Basic Pension Plan are recognized when due. Benefits are recognized when due and payable in accordance with the terms of the Basic Pension Plan.

In fiscal year 2023 and prior, the health benefits trust fund was used to account for assets held in trust for the benefit of the employees of the Health System (the "Health and Welfare Plan"). In accordance with GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, the assets and net position of the health and welfare trust fund are presented separately from the enterprise fund. The basic financial statements of the health and welfare trust fund are prepared using the accrual basis of accounting. Employer contributions to the Health and Welfare Plan are recognized when due. Benefits are recognized when due and payable in accordance with the terms of the Health and Welfare Plan. The health benefits trust fund was closed during fiscal year 2024; at the time the trust fund was closed, the remaining assets were used to satisfy obligations of the Health and Welfare Plan.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources; disclosure of contingent assets and liabilities at the date of the financial statements; and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

June 30, 2024 and 2023
(Dollars in Thousands)

Note 2 - Significant Accounting Policies (Continued)

Net Position

The Health System's net position is classified as follows:

- Invested in capital assets - net of related debt - Consists of capital assets net of accumulated depreciation and amortization reduced by the amount of outstanding debt issued to finance the purchase or construction of those assets
- Restricted - Consists of net position subject to stipulations imposed by external parties, such as creditors (through debt covenants) and donors. The nonexpendable portion includes net position required through agreement with donors to be retained in perpetuity, as well as the minority interest's ownership percentage in component units of UCHealth
- Unrestricted - Consists of the remaining net position that is available for unrestricted use

When the Health System has both restricted and unrestricted resources available to finance a particular program, it is the Health System's practice to use restricted resources before unrestricted resources.

Minority interests in component units represented the 12 percent interest in MCR that was not owned by PVHS before PVHS acquired the remaining interest in MCR in September 2023 for \$45,830, as well as the 10 percent interest in ICHHealth that was not owned by UCHealth when ICHHealth was classified as a blended component unit (see Notes 1 and 20).

Cash and Cash Equivalents

Cash and cash equivalents include cash and investments in highly liquid investments with an original maturity of three months or less when purchased, excluding amounts restricted under trust agreements.

Accounts Receivable

Patient accounts receivable are stated at net realizable value. An allowance for uncollectible accounts is established on an aggregate basis by using historical write-off factors applied to unpaid amounts based on aging and other factors. Loss rate factors are based on historical loss experience and adjusted for economic conditions and other trends affecting UCHealth's ability to collect outstanding amounts. Uncollectible amounts are written off against the allowance for uncollectible accounts in the period they are determined to be uncollectible. An allowance for contractual adjustments is based on expected payment rates from payors based on current reimbursement methodologies.

Investments, Assets Designated for Long-term Purposes, and Restricted Investments

Investments include undesignated investments.

Assets designated for long-term purposes consist of assets designated by the board of directors for purchases of long-term assets and funding of long-term liabilities and commitments. The Board retains complete control over these assets and may, at its discretion, subsequently use these assets for other purposes.

Restricted investments include assets restricted by donors and assets held by trustees under bond indenture and insurance agreements.

The Health System records all debt and equity investment securities at fair value. Fair values are based on quoted market prices, if available, or are estimated using quoted market prices for similar securities. Securities traded on a national or international exchange are valued at the last reported sale price at current exchange rates. Interest, dividends, and realized and unrealized gains and losses, based on the specific identification method, are included in nonoperating revenue and expenses when earned.

June 30, 2024 and 2023

(Dollars in Thousands)

Note 2 - Significant Accounting Policies (Continued)

The Health System's enterprise fund and the Basic Pension Plan hold assets that include alternative investments, which are not readily marketable and are carried at fair value, as provided by the investment managers. The UCHA board of directors (the "UCHA Board") is the fiduciary of the Basic Pension Plan. The Health System reviews and evaluates the values provided by the investment managers and agrees with the valuation methods and assumptions used in determining the fair value of the alternative investments. Those estimated fair values may differ significantly from the values that would have been used had a ready market for these securities existed.

Inventories

Inventories, which consist primarily of pharmaceutical and medical supplies, are valued under a combination of the lower of cost (first in, first out) or market and a weighted average.

Capital Assets

Capital assets are recorded at cost or, if donated, at acquisition value at the date of receipt. All capital assets are depreciated or amortized over the estimated useful life of each class of assets using the straight-line method. Useful lives for buildings and improvements are 20 to 40 years, equipment is 3 to 15 years, and leasehold improvements are 3 to 20 years. Capital assets are defined by UCHealth as assets with an initial cost of \$5 or more and an estimated useful life in excess of one year.

The Health System's long-lived assets consist primarily of buildings and building improvements, equipment, and leasehold improvements, which are subject to the provisions of GASB Statement No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*.

Leases, SBITAs, and PPPs

UCHealth obtains the right to use vendors' equipment and real estate through various long-term contracts. UCHealth recognizes a lease liability and an intangible right-to-use asset in the basic financial statements.

UCHealth obtains the right to use vendors' information technology software through various long-term contracts referred to as subscription-based information technology agreements (SBITAs). UCHealth recognizes a subscription liability and an intangible right-to-use asset in the basic financial statements.

UCHealth obtains the right to provide public services by conveying control of the right to operate or use nonfinancial assets for a period of time in an exchange or exchange-like transaction through long-term contracts. UCHealth recognizes a public-private partnership (PPP) liability and an intangible right-to-use asset in the basic financial statements.

At the commencement of an agreement, UCHealth initially measures the liability at the present value of payments expected to be made during the agreement term. The agreement term includes the noncancelable period of the agreement. Subsequently, the liability is reduced by the principal portion of payments made. The right-to-use asset is initially measured as the initial amount of the liability, adjusted for payments made at or before the agreement commencement date, plus initial implementation costs. Subsequently, the assets are amortized on a straight-line basis over the shorter of the useful life of the underlying assets or the agreement terms.

UCHealth uses the interest rate charged by the vendor as the discount rate. When the interest rate charged by the vendor is not provided, UCHealth generally uses its estimated incremental borrowing rate as the discount rate for the agreements.

UCHealth monitors changes in circumstances that would require a remeasurement of its right-to-use assets and will remeasure the right-to-use asset and related liability if certain changes occur that are expected to significantly affect the amount of the related liability.

June 30, 2024 and 2023
(Dollars in Thousands)

Note 2 - Significant Accounting Policies (Continued)

Right-to-use assets are reported within capital assets, net of accumulated amortization, and related liabilities are reported within long-term debt in the accompanying statement of net position.

Deferred Amortization on Refundings

For bond refundings resulting in the defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is reported as a deferred outflow or inflow of resources and amortized using the effective interest rate method over the shorter of the life of the old debt or the life of the new debt.

Deferred Amortization on Acquisitions

The Health System recognizes a deferred outflow of resources when the consideration provided in a government acquisition exceeds the net position acquired. This deferred amortization on acquisition is amortized to future periods in a systematic and rational manner, considering the relevant circumstances of the acquisition.

Compensated Absences

The Health System records liabilities related to compensated absences for leave that has not been used and leave that has been used but not yet paid in cash or settled through noncash means. A liability is recognized for leave that has not been used if the leave is attributable to services already rendered, the leave accumulates, and the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. Employees of the Health System use paid time off (PTO) for vacation, holidays, personal short-term illness, family member illness, and personal absences. Health System employees generally earn PTO based on length of service and actual hours worked. The Health System records PTO expense as it is earned. The current portion of PTO is based on employee tenure, rate of pay, and accrued hours. Amounts in excess of an employee's annual accrual are classified as other long-term liabilities.

Financial Instruments

Financial instruments consist of cash and cash equivalents, accounts receivable, restricted investments, long-term investments, assets designated for long-term purposes, interest rate swap agreements, current liabilities, and long-term debt obligations. The carrying amounts reported in the statement of net position for cash and cash equivalents, accounts receivable, and current liabilities approximate fair value. Management's estimate of the fair value of the other financial instruments is described in Notes 6, 7, 8, and 12.

The Health System utilizes interest rate swaps to cover exposure to changes in interest rates. The fair value of these derivative instruments is required to be recognized as either an asset or liability on the statement of net position. Changes in fair values of derivative instruments that are determined to be ineffective hedges, as is the case of the Health System's interest rate swaps, are reported within nonoperating revenue and expenses in the period in which the change in fair value occurs.

June 30, 2024 and 2023
(Dollars in Thousands)

Note 2 - Significant Accounting Policies (Continued)

Endowments

The Health System's endowments consist of individual funds restricted by donors for a variety of purposes. The State of Colorado's Uniform Prudent Management of Institutional Funds Act requires preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this, the Health System classifies as nonexpendable restricted net position the original value of the gifts donated to the permanent endowment. The appreciation on donor-restricted endowment funds is classified as expendable restricted net position until those amounts are appropriated for expenditure by the Health System. The Health System may spend the net appreciation on the endowment funds based on the individual endowment fund agreements and considers factors such as duration and preservation of the fund, purposes of the fund, general economic conditions, possible effects of inflation and deflation, expected total return from investment income, and other resources of the Health System when determining the amounts to authorize and spend in an individual year. The amount of net appreciation on endowments available for expenditure at June 30, 2024 and 2023 was \$3,955 and \$4,125, respectively.

Revenue and Expenses

The Health System's statement of revenue, expenses, and changes in net position distinguish between operating and nonoperating revenue and expenses. Operating revenue results from exchange transactions associated with providing health care services and includes patient service and other revenue. Nonexchange revenue includes grant revenue, investment income, and restricted contributions and is reported as nonoperating revenue. Operating expenses are all expenses incurred to provide health care services. Nonoperating expenses include interest expense, fundraising activities, and gain or loss on discontinued operations and disposal of capital assets.

Costs of Shared Services

The costs of shared services provided by UCHHealth to the individual component units are combined to determine the full costs of shared services. These costs are then allocated to the individual component units based on a set of drivers, which are used to estimate the relative usage of such shared services by each component unit.

Net Patient Service Revenue

Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered.

Amounts reimbursed for services rendered to patients covered under the Medicare and Medicaid programs are generally less than established billing rates. The Health System also provides services to beneficiaries of certain other third-party payor programs at amounts less than its established rates based on contractual arrangement. Differences between established billing rates and amounts reimbursed are recognized as contractual adjustments.

Risk Management

The Health System is exposed to various risks of loss from torts; theft of, damage to, and destruction of assets; business interruption; fiduciary liability; errors and omissions; employee injuries and illnesses; natural disasters; and employee health, dental, and accident benefits. The Health System has obtained commercial insurance for certain types of losses and is self-insured for others, as discussed in Notes 13, 14, and 15. The Health System records a provision for estimated claims, including estimates of the ultimate costs for both reported claims and claims incurred but not reported.

June 30, 2024 and 2023

(Dollars in Thousands)

Note 2 - Significant Accounting Policies (Continued)

Income Taxes

UCHealth has a determination letter from the IRS, which states that it is exempt under Section 501(a) as an organization described in Section 501(c)(3) of the Code. UCHA, PVHS, MCR, UCH-MHS, YVMC, HRH, GH, LPH, BFH, GVH, PPRH, Parkview, UCHASC, UCHCS, Memorial Hospital Corporation, UCHealth Medical Group, UCHLS, UCHIS, the LPH Foundation, the UCHNC Foundation, and the UCHA Foundation are also exempt under Section 501(a) as organizations described in Section 501(c)(3) of the Code. UCHA is a political subdivision and body corporate of the State of Colorado and, as such, the income generated by UCHA in the exercise of its essential government function is exempt from federal income tax under Section 115 of the Code. Lakota Lake, LLC and Heron Lake, LLC act as tax flow-through entities to PVHS, which, as noted, is tax-exempt under Section 501(c)(3) of the Code. UCHPA and UCHEPS act as tax flow-through entities to UCHealth, which, as noted, is tax-exempt under Section 501(a) of the Code. UCHCP acts as a tax flow-through entity to HRH. ICHHealth acted as a tax flow-through entity to UCHealth and the previous minority interest holder through June 30, 2023. Innovation Enterprises is a corporation subject to state and federal income tax. The Health System recognizes unrelated business income tax for activities that are outside of the Health System's tax-exempt mission. The Health System has recognized a tax liability of \$1,464 and \$1,595 at June 30, 2024 and 2023, respectively, for unrelated business income taxes.

Pension Trust

UCHealth accounts for its pension plan under GASB Statement No. 67, *Financial Reporting for Pension Plans - An Amendment of GASB Statement No. 25*, and GASB Statement No. 68, *Accounting and Financial Reporting for Pensions - An Amendment of GASB Statement No. 27*. GASB Statement No. 67 establishes standards of financial reporting for separately issued financial reports of defined benefit pension plans and specifies the required approach to measuring the pension liability of employers and nonemployer contributing entities for benefits provided through the pension plan, about which information is required to be presented. GASB Statement No. 68 establishes new financial reporting requirements for most governmental entities that provide their employees with pension benefits.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Basic Pension Plan and additions to/deductions from the Basic Pension Plan's fiduciary net position have been determined on the same basis as they are reported by the Basic Pension Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Health Benefits Trust

UCHealth accounts for its health benefits trust under GASB Statement No. 84, *Fiduciary Activities*, which establishes criteria for identifying fiduciary activities of governments and how those activities should be reported. The health benefits trust was closed during fiscal year 2024.

Adoption of New Accounting Pronouncements

In June 2022, the GASB issued GASB Statement No. 100, *Accounting Changes and Error Corrections*, which enhances accounting and financial reporting requirements for accounting changes and error corrections. On December 1, 2023, UCHealth completed an affiliation with Parkview, a community health care provider, pursuant to which UCHealth became the sole corporate member of Parkview. In accordance with GASB Statement No. 100, this membership substitution was considered a change in reporting entity and included in the financial statements as if it occurred at the beginning of the reporting period on July 1, 2023, as discussed in Note 22.

Notes to Basic Financial Statements

June 30, 2024 and 2023
(Dollars in Thousands)

Note 2 - Significant Accounting Policies (Continued)

In June 2022, the GASB issued Statement No. 101, *Compensated Absences*, which updates the recognition and measurement guidance for compensated absences under a unified model. This statement requires that liabilities for compensated absences be recognized for leave that has not yet been used and leave that has been used but not yet paid in cash or settled through noncash means and establishes guidance for measuring a liability for leave that has not been used. It also updates disclosure requirements for compensated absences. UCHealth adopted the provisions of GASB Statement No. 101 on a retrospective basis, as shown in Note 22.

Upcoming Accounting Pronouncements

In December 2023, the Government Accounting Standards Board issued Statement No. 102, *Certain Risk Disclosures*, which requires governments to assess whether a concentration or constraint makes the government vulnerable to the risk of a substantial impact. It also requires governments to assess whether an event or events associated with a concentration or constraint that could cause the substantial impact have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial statements are issued. If certain criteria are met for a concentration or constraint, disclosures are required in the notes to the financial statements. The provisions of this statement are effective for UCHealth's financial statements for the year ending June 30, 2025. Management is currently assessing the impact of the new standard on its financial statements.

In April 2024, the Government Accounting Standards Board issued Statement No. 103, *Financial Reporting Model Improvements*, which includes improved reporting requirements for several components included in a government's financial statements, including the MD&A, unusual or infrequent items, and major component unit information, among others. The provisions of this statement are effective for UCHealth's financial statements for the year ending June 30, 2026. Management is currently assessing the impact of the new standard on its financial statements.

Note 4 - Net Patient Service Revenue

The Health System has programs that receive add-on payments to the established rate or that are paid at a reasonable cost by third-party payors. Amounts received for these additional payments from Medicare, Medicaid, and TriCare programs are subject to audit and retroactive adjustment. Generally, provisions for estimated retroactive adjustments under such programs are provided in the period the related services are rendered and adjusted in future periods as final settlements are determined. Net patient service revenue under the Medicare and Medicaid programs was \$2,680,279 and \$2,267,860 in 2024 and 2023, respectively.

Medicare

Inpatient acute-care services rendered to Medicare beneficiaries are paid at prospectively determined rates per discharge. These rates vary according to a diagnosis-related group patient classification system that is based on clinical, diagnostic, and other factors. Outpatient services related to Medicare beneficiaries are paid based upon the Ambulatory Payment Classification system. The Health System is reimbursed for cost-reimbursable items at a tentative rate, with final settlement determined after submission of annual cost reports by the Health System and audits thereof by the Medicare Administrative Contractor (the "MAC"). The Health System's classifications of patients under the Medicare program and medical necessity of procedures performed are subject to an independent audit by a peer review organization under contract with the Health System. UCHA's, MCR's, GH's, and YVMC's Medicare cost reports have been audited and settled by the MAC through June 30, 2020. PVH's, LPH's, HRH's, and Parkview's Medicare cost reports have been audited and settled by the MAC through June 30, 2021. PPRH's Medicare cost reports have been audited and settled by the MAC through June 30, 2022. BFH's and GVH's Medicare cost reports have been audited and settled by the MAC through June 30, 2019.

June 30, 2024 and 2023
(Dollars in Thousands)

Note 4 - Net Patient Service Revenue (Continued)

Medicaid

Inpatient services rendered to Medicaid beneficiaries are reimbursed under a prospectively determined system similar to Medicare. Prior to October 31, 2016, outpatient services were reimbursed by a combination of fee schedule and a tentative payment rate, with final settlement determined after submission of an annual cost report by the Health System and audits thereof by the Medicaid fiscal intermediary. Beginning on October 31, 2016, outpatient services are reimbursed based on the product of a hospital-specific base rate and the Enhanced Ambulatory Patient Groups' adjusted relative weight. The Health System's classification of patients under the Medicaid program and medical necessity of procedures performed are subject to an independent audit by a peer review organization under contract with the Health System. UCHA's Medicaid cost reports have been audited and settled by the Medicaid fiscal intermediary through June 30, 2014. PVH's, MCR's, MHS's, and Parkview's Medicaid cost reports have been audited and settled by the Medicaid fiscal intermediary through June 30, 2017. YVMC's Medicaid cost reports have been audited and settled by the Medicaid fiscal intermediary through September 30, 2017. PPRH's Medicaid cost reports have been audited and settled by the Medicaid fiscal intermediary through December 31, 2016.

Other Payors

The Health System has also entered into payment agreements with commercial insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for payment to the Health System under these agreements generally includes prospectively determined rates per discharge, discounts from established charges, and prospectively determined daily rates.

Self-pay

The Health System maintains a self-pay discount program in which self-pay patients automatically receive a discount on total charges, which differs by facility. This program reduces uninsured patients' liabilities to a level more equivalent to insured patients. Discounts for this program were \$674,046 and \$308,500 in 2024 and 2023, respectively.

Disproportionate Share Health System and Charity Care Policy

In 2010, the State of Colorado modified the CICP Safety Net Provider Program with the Colorado Health Care Affordability Act (the "Act"). The Act authorizes the Department of Health Care Policy & Financing to collect a fee from hospital providers to generate additional federal Medicaid matching funds to increase payments to hospitals and expand coverage under public health care programs. For the years ended June 30, 2024 and 2023, the Health System was charged \$343,500 and \$284,274, respectively, in Hospital provider fees and received \$433,607 and \$355,653, respectively, in disproportionate share (DSH) and Medicaid supplemental revenue as compensation for indigent and underinsured care services provided.

Based on an analysis of the direct and indirect costs specific to the procedures performed, the cost of charity care services provided, including those provided under the State of Colorado's Hospital Discounted Care Program, was \$202,878 and \$130,976 for the years ended June 30, 2024 and 2023, respectively.

Note 5 - Restricted and Unrestricted Pledges

The Health System records pledges as restricted or unrestricted receivables based on the donors' specifications and the Health System's satisfaction of the donors' restriction. All long-term receivables are discounted to reflect the net present value of the pledge and amortized over the life of the pledge. Total unrestricted contributions receivable, net of allowances for uncollectible receivables, which are reported within other receivables in the accompanying statement of net position, were \$918 and \$1,995 at June 30, 2024 and 2023, respectively. Total restricted contributions receivable, net of allowances for uncollectible receivables, were \$1,260 and \$1,937 at June 30, 2024 and 2023, respectively.

Notes to Basic Financial Statements

June 30, 2024 and 2023
(Dollars in Thousands)

Note 5 - Restricted and Unrestricted Pledges (Continued)

The total current portions of restricted contributions receivable, net of allowances for uncollectible receivables, which are reported within other receivables in the accompanying statement of net position, were \$500 and \$730 at June 30, 2024 and 2023, respectively. The long-term portions of restricted contributions receivable, net of allowances for uncollectible receivables, which are reported within restricted investments and pledges, donors, in the accompanying statement of net position, were \$760 and \$1,207 at June 30, 2024 and 2023, respectively.

Note 6 - Deposits and Investments

Colorado statutes require that UCHHealth use eligible public depositories for all cash deposits, as defined by the Public Deposit Protection Act (PDPA). Under the PDPA, the depository is required to pledge eligible collateral having a market value at all times equal to at least 102 percent of the aggregate public deposits held by the depository not insured by the Federal Deposit Insurance Corporation.

Eligible collateral, as defined by the PDPA, primarily includes obligations of, or guarantees by, the U.S. government, the State of Colorado, or any political subdivision thereof, and obligations evidenced by notes secured by first lien mortgages or deeds of trust on real property.

At June 30, 2024 and 2023, UCHHealth's unrestricted cash deposits had a book balance of \$445,690 and \$193,020, respectively, and a bank balance of \$529,473 and \$271,801, respectively. UCHHealth's restricted investments and donor pledges included cash deposits that had a book and bank balance of \$74,247 and \$56,285 at June 30, 2024 and 2023, respectively. The difference between the bank balance and the book balance is related to outstanding reconciling items. These balances are held in UCHHealth participating entity names, and all accounts, with the exception of the overnight investments account, are covered by federal depository insurance up to the applicable maximum. Effectively all of UCHHealth's bank balances exceed the federal depository insurance.

Credit Risk

UCHealth's investment policy statements for the enterprise and pension trust funds apply the prudent person rule. Investment responsibilities shall be undertaken "with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in like capacity and familiar with such matters would use."

Notes to Basic Financial Statements

June 30, 2024 and 2023
(Dollars in Thousands)

Note 6 - Deposits and Investments (Continued)

UCHealth's enterprise and pension trust fund investments in U.S. agency, pool, and mortgage-backed securities are limited to investments rated AAA or AA. UCHealth's enterprise and pension trust funds' asset-backed securities, corporate bonds, and private placements are limited to securities rated Baa3 or BBB- or higher. Under certain circumstances, UCHealth's equity investment managers are allowed to purchase fixed-income securities that are convertible into equities. In these circumstances, the guidelines set forth for the specific equity manager supersede the fixed-income quality guidelines. The quality ratings mentioned above are required by at least one major credit rating agency at the time of purchase.

The following is a summary of enterprise fund investments at June 30, 2024 and 2023. The ratings are presented as the lower of Standard & Poor's or Moody's rating using the S&P scale:

	2024		2023	
	Fair Value	Average Rating	Fair Value	Average Rating
U.S. government agency, pool, and mortgage-backed securities	\$ 474,672	AA+	\$ 369,632	AA+

The following is a summary of pension trust fund investments at June 30, 2024 and 2023, with average credit ratings based on the lower of Standard & Poor's or Moody's ratings using the S&P scale:

	2024		2023	
	Fair Value	Average Rating	Fair Value	Average Rating
U.S. government agency, pool, and mortgage-backed securities	\$ 106,880	AA+	\$ 82,435	AA+
Asset-backed securities	74,322	AA+	45,140	AA+
Mutual bond funds	95,828	BB-	85,784	BB-
TIPS	46,363	AA	43,125	AAA
Corporate bonds	123,787	BBB+	95,986	BBB+

Interest Rate Risk

UCHealth's enterprise and pension trust fund investment policies manage its exposure to fair value losses arising from rising interest rates by investment manager-specific guidelines that benchmark and limit the duration of its investment portfolio.

As of June 30, 2024 and 2023, the enterprise fund held the following investments. Modified duration is in years.

	2024		2023	
	Fair Value	Modified Duration	Fair Value	Modified Duration
U.S. Treasury bills	\$ 502,154	7.93	\$ 294,759	10.81
U.S. government agency, pool, and mortgage-backed securities	474,672	5.89	369,632	6.36
Asset-backed securities	456,210	2.29	286,468	2.30

Corporate bonds	123,787	5.77	95,986	4.20

Foreign Currency Risk

UCHealth's enterprise and pension trust fund investment policies manage exposure to foreign currency risk by limiting the allocation percentage of international mutual funds to 5 percent to 15 percent of the total fair value for the enterprise fund and 10 percent to 30 percent of the total fair value for the pension trust fund. All of UCHealth's investments exposed to foreign currency risk are held in international equities and international mutual funds.

UCHealth's enterprise and pension trust fund investments are exposed to foreign currency risk, as illustrated in the following table as of June 30, 2024 and 2023:

Concentration of Credit Risk

UCHealth's enterprise and pension trust fund investment policies state that the equity and fixed-income portfolio should be well diversified to avoid undue exposure to any single economic sector, industry, or individual security. UCHealth has evaluated all investments at June 30, 2024 and confirmed that no more than 5 percent of total investments are held in any one issuer except for securities issued by the U.S. government and its agencies.

Additionally, UCHealth's enterprise and pension trust fund investment policies state that, within each equity investment manager, portfolio exposure is generally limited to 5 percent to 7.5 percent of assets for any single issuer, subject to exceptions for the most heavily weighted securities in the index. Within each fixed-income portfolio investment manager, except for securities issued by the U.S. government and its agencies, no more than 5 percent of the fixed-income portfolio, based on market value, shall be invested in securities of any one issuing entity at the time of purchase. At June 30, 2024, the fixed-income and equity investment managers were in compliance with the stated diversification policy.

Note 7 - Investments with Fair Values that are Highly Sensitive to Interest Rate Changes

UCHealth uses interest rate swap agreements to manage interest costs and risks associated with changing interest rates. Interest rate swaps necessarily involve counterparty credit risk. UCHealth seeks to control this risk by entering into transactions with high quality counterparties and through exposure monitoring. Interest rate swaps are used to manage the interest rate exposure of certain variable-rate bond issuances. The counterparties to the interest rate swap contracts are major financial institutions that are rated Aa3 and A2 by Moody's. The estimated fair value of interest rate swaps, which is the gross unrealized market gain or loss, is based on quotes obtained from the counterparties. UCHealth's credit risk on the swaps is limited to any positive fair value of the financial instruments.

June 30, 2024 and 2023

(Dollars in Thousands)

Note 7 - Investments with Fair Values that are Highly Sensitive to Interest Rate Changes (Continued)

During the years ended June 30, 2024 and 2023, UCHealth was party to four swap agreements as follows:

- A floating-to-fixed swap agreement having an original notional value of \$198,805 and a current notional value of \$194,720, reducing on the dates and the amounts set forth in the 2018 bond series offering documents describing principal payments. This agreement was entered into in December 2016. The swap agreement includes a fixed payor rate of 1.81 percent, and UCHealth will receive 67 percent of the one-month SOFR for the entire swap term, which expires in March 2040. Settlements are to be made monthly. At June 30, 2024 and 2023, this swap had an approximate positive fair value of \$14,786 and \$12,286, respectively.
- A fixed-to-floating swap agreement having an original and current notional value of \$152,075, reducing on the dates and the amounts set forth in the Series 2017A bond offering documents describing principal payments. This agreement was entered into in February 2017. Under the terms of the total return swap agreement, UCHealth receives an amount equal to the coupon of the bonds (4.625 percent) and makes payments based on the Securities Industry and Financial Markets Association (SIFMA) Index plus 40 basis points. UCHealth settles with the counterparty semiannually each May and November. The swap agreement carries a 10-year term. At June 30, 2024 and 2023, this swap had an approximate positive fair value of \$172 and \$148, respectively.
- A floating-to-fixed swap agreement having an original and current notional value of \$195,195, reducing on the dates and the amounts set forth in the 2012B, 2012C, and 2017B1 bond series offering documents describing principal payments. The swap agreement includes a fixed payor rate of 1.971 percent, and UCHealth will receive 70 percent of the one-month SOFR for the entire swap term, which expires in November 2046. Settlements are to be made monthly. At June 30, 2024 and 2023, this swap had an approximate positive fair value of \$21,490 and \$13,968, respectively.
- A floating-to-fixed swap agreement having an original and current notional value of \$100,000, reducing on the dates and the amounts set forth in the 2019A bond series offering documents describing principal payments. The swap agreement includes a fixed payor rate of 1.104 percent, and UCHealth will receive 70 percent of the one-month SOFR for the entire swap term, which expires in November 2049. Settlements are to be made monthly. At June 30, 2024 and 2023, this swap had an approximate positive fair value of \$26,434 and \$23,079, respectively.

In 2024 and 2023, the swaps produced annual net cash inflows of \$11,099 and \$6,831, respectively. The cash flows associated with the swaps are treated as interest expense. According to GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*, none of UCHealth's swap agreements qualify as effective cash flow hedging derivative instruments. Swap agreements tied directly to a bond issuance are reported within long-term investments on the statement of net position, and changes in fair value are reported as unrealized gain (loss) on derivative instruments on the statement of revenue, expenses, and changes in net position.

(Dollars in Thousands)

Note 8 - Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is a market-based measurement, not an entity-specific measurement. As a basis for considering market participant assumptions in fair value measurements, UCHealth utilizes the U.S. GAAP fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Levels 1 and 2 of the hierarchy) and the reporting entity's own assumption about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

The inputs used to measure fair value are classified into the following fair value hierarchy:

Level 1

Quoted market prices in active markets for identical assets or liabilities.

Level 2

Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3

Unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities. Level 3 includes values determined using pricing models, discounted cash flow methodologies, or similar techniques reflecting UCHealth's own assumptions.

As of June 30, 2024 and 2023, the enterprise fund held the following investments, by level, within the fair value hierarchy:

	2024			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
U.S. Treasury bills	\$ -	\$ 502,154	\$ -	\$ 502,154

Other mutual funds	483,859	459,557	-	943,416
Total investments	\$ 530,616	\$ 998,221	\$ 301,998	\$ 1,830,835

Notes to Basic Financial Statements

June 30, 2024 and 2023
(Dollars in Thousands)

Note 8 - Fair Value Measurements (Continued)

	2023			Total
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
U.S. Treasury bills	\$ -	\$ 92,857	\$ -	\$ 92,857
U.S. government agency, pool, and mortgage-backed securities	-	82,435	-	82,435
Asset-backed securities	-	45,140	-	45,140
TIPS	-	43,125	-	43,125
Corporate bonds	-	95,986	-	95,986
Alternative investments	-	-	183,402	183,402
Private real estate	-	33,481	99,787	133,268
Mutual bond funds	41,464	44,320	-	85,784
Other mutual funds	401,462	387,850	-	789,312
Total	\$ 442,926	\$ 825,194	\$ 283,189	\$ 1,551,309

Mutual funds, TIPS, corporate bonds, and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. U.S. Treasury bills, U.S. government debt securities, asset-backed securities, TIPS, corporate bonds, alternative investments, equity securities, and mutual fund securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. Private real estate investments classified in Level 3 of the fair value hierarchy are valued using the income approach based on a discounted cash flow model, with reliance on other metrics used in the marketplace, including the analysis of comparable sales and relationship to replacement cost. Alternative investments, equity securities, and other mutual funds classified in Level 3 of the fair value hierarchy are valued by developing a range of values using multiple methodologies deemed relevant by market participants, including discounted cash flow models, market multiple models, and recent transaction multiples. Swap agreements classified in Level 2 of the fair value hierarchy are valued using interest rate and forward yield curve inputs.

The tables below reconcile the total fair value disclosures above to the total fair value of enterprise fund and pension trust fund investments at June 30, as disclosed in Note 6:

Note 9 - Other Investments

UCHealth recognizes its interest in the net assets and operations of joint ventures in which UCHealth and its component units have an ownership interest and ongoing financial interests or ongoing financial responsibilities. At June 30, 2024 and 2023, equity interests in joint ventures held by UCHealth and its component units ranged from 5 percent to 60 percent and totaled \$69,435 and \$53,999, respectively.

Lakota Lake, LLC (Lakota Lake) has a 50 percent equity interest in Gateway Medical Services, LLC (Gateway) totaling \$4,260 and \$4,428 at June 30, 2024 and 2023, respectively. Lakota Lake's share of Gateway's net income was \$319 and \$232 for the years ended June 30, 2024 and 2023, respectively. Lakota Lake received distributions from Gateway of \$487 and \$83 during the years ended June 30, 2024 and 2023, respectively.

PVHS has a 50 percent equity interest in OCR Loveland ASC & CCC, LLC (OCRL) totaling \$23,114 and \$21,661 at June 30, 2024 and 2023, respectively. PVHS's share of OCRL's net income was \$3,330 and \$3,440 for the years ended June 30, 2024 and 2023, respectively. PVHS received distributions from OCRL of \$1,877 and \$3,595 during the years ended June 30, 2024 and 2023, respectively.

GH has a 50 percent interest in OCR Greeley Real Estate, LLC (OCRG) totaling \$14,683 and \$6,426 at June 30, 2024 and 2023, respectively. GH's share of OCRG's net income was \$175 during the year ended June 30, 2024. GH made contributions to OCRG of \$8,082 and \$6,426 during the years ended June 30, 2024 and 2023, respectively.

UCHealth has a 50 percent equity interest in AML JV, LLC (AML) totaling \$4,055 and \$7,057 at June 30, 2024 and 2023, respectively. UCHealth's share of AML's net loss was \$6,002 and \$3,643 for the years ended June 30, 2024 and 2023, respectively. UCHealth made contributions to AML of \$3,000 and \$10,700 during the years ended June 30, 2024 and 2023, respectively.

UCHealth has a 35 percent equity interest in Hummingbird Healthcare, Inc. (Hummingbird) totaling \$8,669 at June 30, 2024. UCHealth made contributions to Hummingbird of \$8,669 during the year ended June 30, 2024.

UCHealth and its component units have equity ownership interests ranging from 5 percent to 60 percent in other joint ventures totaling \$14,654 and \$14,588 for the years ended June 30, 2024 and 2023, respectively. UCHealth and its component units' share of the other joint ventures' net income was \$7,703 and \$2,835 for the years ended June 30, 2024 and 2023, respectively. UCHealth and its component units received \$7,801 and \$7,707 in distributions from these other joint ventures during the years ended June 30, 2024 and 2023, respectively. UCHealth and its component units made contributions of \$2,276 and \$500 to these other joint ventures during the years ended June 30, 2024 and 2023, respectively. In addition, UCHealth sold an equity-method investment of \$2,113 during the year ended June 30, 2024.

Notes to Basic Financial Statements

Total accumulated depreciation and amortization	2,795,935	389,829	-	(84,812)	3,100,952
Net capital assets	\$ 3,657,845	\$ 253,394	\$ -	\$ 10,725	\$ 3,921,964

Note 11 - Contractual Arrangements and Concentrations of Credit Risk

The Health System provides care to patients covered by various third-party payors, such as Medicare, Medicaid, private insurance companies, and health maintenance organizations. Significant concentrations of patient accounts receivable include the following at June 30:

	2024	2023
Medicare	27 %	26 %
Medicaid	11	14
Managed care	41	39
Commercial	1	3
Self-pay and medically indigent	15	13
Military and other governmental	1	1
Other	4	4

Management does not believe there are significant credit risks associated with the above payors, other than the self-pay and medically indigent categories. Further, management continually monitors and adjusts reserves and allowances associated with these receivables. Patient accounts receivable are reported net of allowances for doubtful accounts, contractual adjustments, and medically indigent allowances.

Note 12 - Long-term Debt, Leases, and SBITA and PPP Liabilities (Continued)

UCHealth leases certain assets from various third parties. The assets leased include land, buildings, and equipment. Payments are generally fixed monthly. UCHealth also leases certain assets that are subsequently subleased by UCHealth to a third party. The noncancelable terms of these leasing arrangements mature between 2025 and 2116. The discount rates applicable to these leasing arrangements range from 0.51 percent to 6.04 percent.

Future principal and interest payment requirements related to UCHealth's lease liabilities at June 30, 2024 are as follows:

Years Ending June 30	Principal	Interest	Total
2025	\$ 34,587	\$ 5,629	\$ 40,216
2026	37,001	4,728	41,729

In 1994, PVHS entered into an agreement with Poudre Valley Hospital District (the "District"), which was subsequently amended and extended in 2012, under which PVHS operates Poudre Valley Hospital and related health care operations through April 30, 2062. UCHealth has recognized a PPP liability for future installment payments using a discount rate of 1.9 percent. UCHealth has recognized an other long-term liability of \$55,106 at June 30, 2024 and 2023, representing the expected carrying value of assets to be transferred back to the District upon termination of the lease, if it is not extended. UCHealth has recognized a deferred outflow for PPP of \$51,057 and \$52,406 at June 30, 2024 and 2023, respectively. PPP asset activity of UCHealth is included in Note 10.

In August 2024, UCHA issued Series 2024A and Series 2024B Revenue and Revenue Refunding Bonds in the amount of \$262,300 to refinance the Series 2019C bonds and to finance various capital projects. The Series 2024A and Series 2024B bonds are fixed-rate issuances, with interest paid semiannually and principal paid according to a mandatory sinking fund redemption schedule beginning in fiscal year 2025 through maturity in fiscal year 2040.

In August 2024, UCHHealth purchased buildings that were previously leased from a single third party. The purchase relieved lease liabilities of \$54,774.

Effective October 1, 2012, an Integration and Affiliation Agreement and Health System Operating Lease Agreement with the City of Colorado Springs, Colorado (the "City") was executed with the purpose of leasing MHS. The original agreement is for a 40-year term, with renewals or extensions anticipated. The installment payments totaled \$110,000 and will be paid down in monthly payments through 2042. Effective May 1, 2017, MHS entered into a ground sublease with Children's Hospital Colorado (the "Ground Sublease") for 15 percent of the original agreement amount under the Health System Operating Lease Agreement with the City. Future minimum payments under the Ground Sublease are \$13,565 and \$14,160 at June 30, 2024 and 2023, respectively.

In March 2021, UCHA issued forward-starting 2022A (Series 2022A) and 2022B (Series 2022B) direct purchase bonds in the amount of \$230,565 to refinance the 2012A bonds effective November 2022. Series 2022A and Series 2022B are fixed-rate issuances, with interest paid semiannually and principal paid according to a mandatory sinking fund redemption schedule beginning in fiscal year 2024. The interest rate for the Series 2022A and Series 2022B bonds is 1.58 percent. The Series 2022A and Series 2022B bonds have a maturity date of November 2030.

In July 2020, Parkview issued Series 2020A Revenue Bonds (Series 2020A) in the amount of \$67,465 and Series 2020B Revenue Bonds in the amount of \$13,305 (Series 2020B) to fund construction projects. Series 2020A was issued as fixed-rate bonds, with interest paid semiannually at 4 percent and principal paid according to a mandatory sinking fund redemption schedule through 2040. Series 2020B was issued as fixed-rate bonds, with interest paid semiannually at rates ranging from 2.176 percent to 4.274 percent and principal paid according to a mandatory sinking fund redemption schedule through 2039. The Parkview Series 2020A bonds were defeased in full in July 2024.

June 30, 2024 and 2023
(Dollars in Thousands)

Note 12 - Long-term Debt, Leases, and SBITA and PPP Liabilities (Continued)

In October 2019, UCHA issued Series 2019A Revenue Bonds (Series 2019A) in the amount of \$100,000 to finance the construction of Highlands Ranch Hospital. Series 2019A was issued as variable-rate bonds, with interest paid monthly and principal paid according to a mandatory sinking fund redemption schedule through fiscal year 2050. The bonds, while subject to long-term amortization periods, may be put at the option of the bondholders in connection with weekly remarketing dates. To the extent the bondholders may, under the terms of the debt, put their bonds within 12 months after June 30, 2024 and 2023, the principal amount of such bonds has been classified as a current liability in the accompanying statement of net position. However, to address this possibility, management has taken steps to provide various sources of liquidity in the event any bonds would be put, including maintaining unrestricted assets as a source of self-liquidity.

In October 2019, UCHA issued Series 2019B Revenue Bonds (Series 2019B) in the amount of \$50,000 to finance the construction of Greeley Hospital. Series 2019B was issued as fixed-rate bonds, with interest paid semiannually and principal paid according to a mandatory sinking fund redemption schedule through fiscal year 2049. Wells Fargo Bank, N.A. is the holder of the bonds at a fixed interest rate of 1.67 percent. The direct purchase bonds were issued with a 10-year term that will expire in October 2029.

In October 2019, UCHA issued Series 2019C Revenue Bonds (Series 2019C) in the amount of \$122,785 to fully refinance the Series 2017C-1 Bonds. Series 2019C was issued as 5-year put bonds at a premium. Series 2019C was refunded in August 2024 in conjunction with the issuance of the Series 2024A and Series 2024B bonds discussed above. Prior to refunding, interest was paid semiannually and principal paid according to a mandatory sinking fund redemption schedule through fiscal year 2048.

In October 2019, UCHA issued Series 2019D Revenue Bonds (Series 2019D) in the amount of \$50,000 to finance the construction of Greeley Hospital. Series 2019D was issued as fixed-rate bonds, with interest paid semiannually and principal paid according to a mandatory sinking fund redemption schedule through fiscal year 2049. JPMorgan Chase Bank, N.A. is the holder of the bonds at a fixed interest rate of 1.67 percent. The direct purchase bonds were issued with a 10-year term that will expire in October 2029.

In July 2018, UCHA issued Series 2018A Revenue Bonds (Series 2018A) in the amount of \$45,915 to fully refund PVHS Series 2005A bonds. Series 2018A was issued as variable-rate bonds, with interest paid monthly and principal paid according to a mandatory sinking fund redemption schedule through fiscal year 2031. The bonds, while subject to long-term amortization periods, may be put at the option of the bondholders in connection with weekly remarketing dates. To the extent the bondholders may, under the terms of the debt, put their bonds within 12 months after June 30, 2024 and 2023, the principal amount of such bonds has been classified as a current liability in the accompanying statement of net position. However, to address this possibility, management has taken steps to provide various sources of liquidity in the event any bonds would be put, including maintaining unrestricted assets as a source of self-liquidity.

In July 2018, UCHA issued Series 2018B Revenue Bonds (Series 2018B) in the amount of \$76,170 to fully refund PVHS Series 2005B and Series 2005C bonds. Series 2018B was issued as variable-rate bonds that bear interest as determined by the remarketing agent each week, and principal is paid according to a mandatory sinking fund redemption schedule through fiscal year 2036. UCHealth has a Standby Bond Purchase Agreement with TD Bank to provide liquidity support for Series 2018B. The Standby Bond Purchase Agreement expires on February 8, 2028 unless extended by the bank.

In July 2018, UCHA issued Series 2018C Revenue Bonds (Series 2018C) in the amount of \$75,265 to fully refund PVHS Series 2005B and Series 2005C bonds. Series 2018C was issued as variable-rate bonds that bear interest as determined by the remarketing agent each week, and principal is paid according to a mandatory sinking fund redemption schedule through fiscal year 2040. UCHealth has a Standby Bond Purchase Agreement with TD Bank to provide liquidity support for Series 2018C. The Standby Bond Purchase Agreement expires on February 8, 2028 unless extended by the bank.

Notes to Basic Financial Statements

(Dollars in Thousands)

Note 12 - Long-term Debt, Leases, and SBITA and PPP Liabilities (Continued)

In October 2017, Parkview issued Series 2017 Revenue Refunding Bonds (Series 2017) in the amount of \$23,090 to refund the Parkview Series 2007B Bonds. Series 2017 was issued as fixed-rate bonds, with interest paid semiannually at rates ranging from 3 percent to 5 percent and principal paid according to a mandatory sinking fund redemption schedule through 2029. The Parkview Series 2017 bonds were refunded in full in July 2024.

In February 2017, UCHA issued Series 2017A Revenue Bonds (Series 2017A) in the amount of \$152,075 to fully refund UCHA Series 2015A Revenue Bonds. Series 2017A was issued as fixed-rate bonds at a rate of 4.625 percent, with interest paid semiannually and principal paid according to a mandatory sinking fund redemption schedule through fiscal year 2047. Concurrently, UCHHealth entered into a total return, fixed-to-floating swap agreement having a notional amount of \$152,075. Under the terms of the swap agreement, UCHHealth receives an amount equal to the coupon of the bonds (4.625 percent) and makes payments based on the Securities Industry and Financial Markets Association Index plus 40 basis points. UCHHealth settles with the counterparty semiannually, each May and November. The swap agreement expires in March 2027.

In February 2017, UCHA issued Series 2017B-1 and Series 2017B-2 Revenue Bonds (Series 2017B) in the amounts of \$57,685 and \$57,125, respectively, to fully refund UCHA Series 2015B and 2015C Revenue Bonds. Series 2017B was issued as variable-rate bonds, with interest paid monthly and principal paid according to a mandatory sinking fund redemption schedule through fiscal year 2040 (Series 2017B-1) and fiscal year 2025 (Series 2017B-2). The bonds, while subject to long-term amortization periods, may be put at the option of the bondholders in connection with weekly remarketing dates. To the extent the bondholders may, under the terms of the debt, put their bonds within 12 months after June 30, 2024 and 2023, the principal amount of such bonds has been classified as a current liability in the accompanying statement of net position. However, to address this possibility, management has taken steps to provide various sources of liquidity in the event any bonds would be put, including maintaining unrestricted assets as a source of self-liquidity.

In September 2016, Parkview issued Series 2016 Revenue Bonds (Series 2016) in the amount of \$70,590 to fund construction projects. Series 2016 was issued as fixed-rate bonds, with interest paid semiannually at rates ranging from 3.125 percent to 5 percent and principal paid according to a mandatory sinking fund redemption schedule from 2037 through 2046. The Parkview Series 2016 bonds were refunded in full in July 2024.

In September 2015, UCHA issued Series 2015D Revenue Bonds (Series 2015D) in the amount of \$200,180 to fully refund UCHA Series 2011A Revenue Bonds. Series 2015D was issued as variable-rate bonds, with interest paid monthly and principal paid according to a mandatory sinking fund redemption schedule through fiscal year 2042. In April 2020, the terms of the bonds were updated to a fixed-rate mode of 1.48 percent, with interest paid semiannually. UCHA also extended the original direct purchase agreement with Wells Fargo Bank, N.A. on Series 2015D, which will expire in April 2027.

In October 2012, UCHA issued Series 2012A Revenue Bonds (Series 2012A) to partially finance the Integration and Affiliation Agreement and Health System Operating Lease Agreement with the City to lease Memorial Health System. Series 2012A was issued in the amount of \$272,090 as a fixed-rate issuance, with interest paid semiannually and principal paid according to a mandatory sinking fund redemption schedule beginning in fiscal year 2015. Series 2012A was issued with an original issue premium of \$21,975 and an original issue discount of \$910. The average interest rate for Series 2012A was 4.26 percent. Original maturity of Series 2012A was in 2043. The Series 2012A bonds had an optional redemption date of November 2022, at which time UCHA issued the 2022A and 2022B bonds to refinance and fully defease the 2012A bonds. As part of the defeasance, the difference between the reacquisition price and the net carrying amount of the old debt, including unamortized premium and discount, was recognized as a deferred inflow of resources on the statement of net position.

Notes to Basic Financial Statements

June 30, 2024 and 2023
(Dollars in Thousands)

Note 12 - Long-term Debt, Leases, and SBITA and PPP Liabilities (Continued)

In October 2012, UCHA issued Series 2012C Revenue Bonds (Series 2012C) in the amount of \$87,510 to fully refund PVHS Series 2005D and 2005E Revenue Bonds. Series 2012C was issued as variable-rate bonds, with interest paid monthly and principal paid according to a mandatory sinking fund redemption schedule through fiscal year 2046. In April 2020, the terms of the bonds were updated to a fixed-rate mode of 1.35 percent, with interest paid semiannually. UCHA also extended the original direct purchase agreement with Wells Fargo Bank, N.A. on Series 2012C, which will expire in April 2025; because the purchase agreement expires in fiscal year 2025, the entirety of the Series 2012C bonds is recorded within the current portion of long-term debt on the statement of net position.

All bonds are secured by a security interest with respect to all gross revenue of the Health System. The UCHA 1997A Master Indenture, as supplemented, requires the Health System to maintain certain financial ratios. Under the UCHA 1997A Master Indenture and various bond agreements, events of default include failure to pay interest or principal payments, declaration of bankruptcy and failure to comply with financial and nonfinancial covenants. Key covenants include the maintenance of tax-exemption status within the obligated group, keeping property free of liens, maintaining proper and accurate accounting records, complying with disclosure reporting requirements, and meeting financial ratio requirements.

Cash paid for interest was \$47,997 and \$35,078 for the years ended June 30, 2024 and 2023, respectively. UCHealth paid in debt issuance costs of \$0 and \$2,405 during the years ended June 30, 2024 and 2023, respectively.

The fair value of the Health System's long-term debt is based on the most recent trading price as of June 30, 2024. The fair value of the revenue bonds at June 30, 2024 and 2023 was \$1,388,260 and \$1,261,317, respectively.

Note 13 - Self-insurance Trust

UCD sponsors a self-insurance trust, the University of Colorado Self-Insurance and Risk Management Trust (the "Trust"), in which UCHA participates. The Trust was authorized by a resolution of the Regents dated June 23, 1985 and may be amended, altered, or revoked by UCD, but only if such amendment, alteration, or revocation is consistent with and in furtherance of the purpose of the Trust. The participants in the Trust are the University of Colorado (the "University"), including UCD and its agencies, administrators, faculty, and employees, and other affiliates of the University, including UCHA. As UCHA has transferred risk associated with this insurance into the public-entity risk pool of the Trust, the assets and liabilities of the Trust are not included in the accompanying basic financial statements.

The Trust provides coverage to its participants up to statutory limitations relating to malpractice claim immunity for government entities. The coverage is \$424 per claimant and \$1,195 per occurrence for claims arising from activities of covered persons and entities within the state of Colorado. The Trust also provides coverage of \$500 per claimant and \$1,500 per occurrence for claims arising outside the state of Colorado. The Trust contracts with a commercial insurance company to provide \$15,000 per occurrence or aggregate per year for claims in which the limits of governmental immunity do not apply.

As of June 30, 2024, the Trust had a fund balance of \$4,052, which is net of \$10,859 in reserves for losses and loss adjustment expenses. At June 30, 2024, plan assets exceed the actuarially determined liability. For 2024 and 2023, UCHA recorded premium and administrative expenses of \$1,709 and \$821, respectively. There were no refunds received during 2024 or 2023.

(Dollars in Thousands)

Note 14 - Self-insurance Program and Captive Insurance Company

UCHealth has a self-insured program (the "SIP") to cover professional and general liability losses that are not covered by the Trust, as well as coverage for the tail liability for professional and general liability commercial claims-made policies entered into prior to the SIP. The SIP provides coverage to its participants up to \$1,000 per occurrence and \$6,000 in the aggregate for claims arising from activities of covered persons and entities. The SIP contracts with commercial insurance companies to provide coverage for claims in excess of the per occurrence and aggregate limits covered by the SIP up to a total of \$40,000 in excess coverage. Contributions to the SIP were \$1,871 during the year ended June 30, 2023. Reserves for claims incurred but not yet paid were \$8,761 and \$11,057 at June 30, 2024 and 2023, respectively. Reserves for claims incurred but not yet paid are estimated based upon historical claims experience and actuarial development factors. Actual results could differ from those estimates.

RMS covers professional and general liability claims on a claims made basis effective July 1, 2023. RMS provides coverage to its participants up to \$2,000 per occurrence and \$6,000 in the aggregate for claims arising from activities of covered persons and entities. UCHealth contracts with commercial insurance companies to provide coverage for claims in excess of the per occurrence and aggregate limits covered by RMS. Contributions to RMS were \$4,500 during the year ended June 30, 2024. Reserves for claims incurred but not yet paid were \$5,257 at June 30, 2024. Reserves for claims incurred but not yet paid are estimated based upon historical claims experience and actuarial development factors. Actual results could differ from those estimates.

Note 15 - Health Benefits Trust

From July 1, 2020 through December 31, 2023, UCHealth administered its employee health coverage through the Health Trust of the University of Colorado Hospital Authority (the "Health Trust"). The Health Trust is a self-insurance trust set up for the benefit of eligible employees of the Health System and their eligible dependents. Contributions to the Health Trust were \$190,683 and \$369,728 during the years ended June 30, 2024 and 2023, respectively. UCHealth recognized reserves for health claims incurred but not yet paid of \$38,920 and \$29,344 and at June 30, 2024 and 2023, respectively. Reserves for claims incurred but not yet paid are estimated based upon historical claims experience and actuarial development factors. Actual results could differ from those estimates.

Note 16 - Retirement Plans

UCHealth offers five retirement plans: the University of Colorado Hospital Authority Retirement Plan (the "Basic Pension Plan"), as amended and restated; the University of Colorado Hospital Authority Fixed Contribution Investment Plan (the "Investment Account"); the University of Colorado Hospital Authority Matching Tax Deferred Annuity Plan (the "Matching Account"); the University of Colorado Hospital Deferred Compensation Savings Plan (the "457b Plan"); and the UCHealth 403(b) Plan (the "403(b) Plan"). The UCHA Board is the fiduciary for the Basic Pension Plan and has the ability to amend this plan. The Investment Account, the Matching Account, the 457b Plan, and the 403(b) Plan are administered by independent companies that have entered into trust agreements with UCHA. The investment companies hold all funds contributed under these plans. The UCHA Board has the authority to establish and amend the benefit provisions of the Investment Account, Matching Account, and 457b Plan. The UCHealth Board has the authority to establish and amend the benefit provisions of the 403(b) Plan.

Notes to Basic Financial Statements

June 30, 2024 and 2023
(Dollars in Thousands)

Note 16 - Retirement Plans (Continued)

Pension Plan

UCHA participates in a pension plan that covers substantially all of its employees, the Basic Pension Plan. The Basic Pension Plan is a single-employer, noncontributory, defined benefit plan. Eligibility to receive benefits under this plan for UCHA employees starts on the date of hire. Those employees who were employed by UCHA prior to October 1, 1989 and those who elected to become UCHA employees are eligible to participate. MHS employees active as of October 1, 2012 and PVHS employees active as of January 4, 2013 or hired thereafter are eligible for participation in the University of Colorado Hospital Authority Retirement Plan on that date. Effective September 1, 2012, participants are vested in their accrued benefit at 20 percent per every 12 months of service until they are 100 percent vested after 5 years. This is a change from the prior vesting schedule for UCHA employees, which required 5 years of service to become 100 percent vested. The Basic Pension Plan was closed to new entrants effective December 24, 2023.

The annual accrued benefits, paid monthly, of the Basic Pension Plan are calculated at 1.5 percent times the average annual compensation times years of service (based on hire date). The five most highly compensated calendar years of service after March 26, 1995 are used to calculate the average annual compensation. A small number of UCHA employees is eligible to receive additional benefits based on a combined age and years of credited service equal to or greater than 75 on January 1, 2013 (Rule of 75). The Basic Pension Plan offers reduced benefits for early retirement and adjusted benefits for late retirement (after age 65). Most plan participants, except those falling under the Rule of 75, will receive a monthly benefit with no annual cost of living adjustment factor, which is an amendment to the plan, effective for accruals on or after January 1, 2013. The Basic Pension Plan allows employees who leave with less than 10 years of service to elect a lump-sum distribution upon termination, allows employees with over 10 years of service to elect a partial lump sum to the extent that their balance is above an \$18 per year annuity, allows terminated participants to elect these options as well based on the same criteria for active participants, and allows the purchase by the Basic Pension Plan of annuities for retirees periodically when rates are favorable.

Pension plan assets consist of equity securities, fixed-income securities, real estate, alternative investments, money market funds, cash, and receivables. Although the Basic Pension Plan is a governmental plan within the meaning of Section 3(32) of the Employee Retirement Income Security Act of 1974 (ERISA) and is, therefore, exempt from the requirements of Title I of ERISA, the Health System's practice is to contribute amounts at least equal to the minimum funding requirements of ERISA.

The actuarially computed net periodic pension cost for the Basic Pension Plan for 2024 and 2023 was \$169,374 and \$167,911, respectively. Investment gains for 2024 and 2023, including interest, dividends, and realized and unrealized gains (losses), were \$174,394 and \$117,645, respectively.

Membership in the Basic Pension Plan consisted of the following at July 1, 2023 and 2022 (dates of the latest actuarial valuations):

	2023	2022
Retirees and beneficiaries receiving benefits	2,912	2,576
Terminated plan members entitled to but not yet receiving benefits	7,143	6,407
Active plan members, includes all participants within the system	30,243	28,247
Total members	<u>40,298</u>	<u>37,230</u>

Notes to Basic Financial Statements

(Dollars in Thousands)

Note 16 - Retirement Plans (Continued)

Changes in the net pension liability for the years ended June 30, 2024 and 2023 were as follows:

Changes in Net Pension Liability	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability
Balance at July 1, 2023	\$ 1,766,304	\$ 1,564,116	\$ 202,188
Changes for the year:			
Service cost	128,739	-	128,739
Interest	127,815	-	127,815
Contributions - Employer	-	163,333	(163,333)
Net investment income	-	174,394	(174,394)
Changes in experience	30,670	-	30,670
Benefit payments	(51,723)	(51,723)	-
Administrative expenses	-	(5,375)	5,375
Net changes	235,501	280,629	(45,128)
Balance at June 30, 2024	\$ 2,001,805	\$ 1,844,745	\$ 157,060
Changes in Net Pension Liability	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability
Balance at July 1, 2022	\$ 1,551,575	\$ 1,354,890	\$ 196,685
Changes for the year:			
Service cost	114,551	-	114,551
Interest	112,454	-	112,454
Contributions - Employer	-	145,200	(145,200)
Net investment income	-	117,645	(117,645)
Changes in experience	30,223	-	30,223
Changes in assumptions	6,444	-	6,444
Benefit payments	(48,943)	(48,943)	-
Administrative expenses	-	(4,676)	4,676
Net changes	214,729	209,226	5,503
Balance at June 30, 2023	\$ 1,766,304	\$ 1,564,116	\$ 202,188

The pension plan's fiduciary net position as a percentage of the total pension liability was 92.2 percent and 88.6 percent as of June 30, 2024 and 2023, respectively.

Notes to Basic Financial Statements

June 30, 2024 and 2023
(Dollars in Thousands)

Note 16 - Retirement Plans (Continued)

At June 30, 2024 and 2023, the Health System reported deferred outflows of resources and deferred inflows of resources related to the pension from the following sources:

	2024		2023	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 41,723	\$ -	\$ 36,407	\$ -
Changes in assumptions	15,360	-	26,348	1,187
Net difference between projected and actual earnings on pension plan investments	-	30,386	16,297	-
Total	\$ 57,083	\$ 30,386	\$ 79,052	\$ 1,187

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the pension will be recognized in pension expense as follows:

Years Ending June 30	Amount
2025	\$ 4,159
2026	44,374
2027	(9,901)
2028	(11,935)
Total	\$ 26,697

The Health System has made all required contributions to the pension plan for the year ended June 30, 2024.

As a governmental entity, UCHA has flexibility in determining the amount to contribute to the Basic Pension Plan each year. The actuarially determined contribution calculated as part of this report is intended to provide a systematic method for prefunding the liabilities for retirement benefits payable under the Basic Pension Plan. It is calculated in a manner intended to remain relatively stable, as a percentage of valuation compensation, over time. This stability is intended to facilitate the annual budgeting process and to keep the cost of the Basic Pension Plan manageable. The Health System made contributions to the Basic Pension Plan of \$163,333 and \$145,200 in 2024 and 2023, respectively. The actuarially determined contributions were \$163,333 and \$145,195 in 2024 and 2023, respectively. For the years ended June 30, 2024 and 2023, the Health System's average contribution rates were 6.34 percent and 6.39 percent, respectively, of annual payroll.

The Health System's net pension liability was measured as of June 30, 2024 and 2023, and the total pension liability used to calculate the net pension liability was determined by actuarial valuations as of July 1, 2023 and 2022, respectively. The Health System utilized update procedures to roll valuation amounts forward to the respective measurement dates using the calculated service and interest cost, actual contributions, and return on plan assets.

Notes to Basic Financial Statements

June 30, 2024 and 2023
(Dollars in Thousands)

Note 16 - Retirement Plans (Continued)

Additional information as of the latest actuarial valuation date follows:

Valuation date	July 1, 2023 and 2022
Actuarial cost method	Entry age normal, level percent of pay
Amortization method	Straight line
Asset valuation method	Fair value
Actuarial assumptions	
i) Discount rate*	6.75%
ii) Projected salary increases*	3.25% to 8.75%
iii) Cost of living adjustments**	2.25%

*Includes inflation at 2.25 percent

**Cost of living adjustments apply only to those participants who fall under Rule of 75.

Mortality rates were based on the Sex-distinct Pri-2012 Mortality Tables with base year 2012, without collar or amount adjustments, using the base mortality improvement scale MP-2019 with generational projections using a 0.75 percent long-term rate of improvement.

The actuary is required to use assumptions that represent his or her best estimate of future experience under the Basic Pension Plan and are reasonably related to the experience of the Plan. The actuary will monitor the actuarial experience under the Plan in future years in order to judge the continuing appropriateness of these assumptions. The actuarial assumptions used in the valuations were based on the results of an actuarial experience study for the period from July 1, 2018 through July 1, 2022.

The long-term expected rate of return on pension plan investments was determined using a variety of industry-accepted practices to determine 10-year estimated ranges of future expected returns for major asset classes. For public equities, a building-block approach incorporating inflation, real earnings growth, dividend yield, and repricing was used. For fixed income, current yields and credit spreads were used. For the various alternative asset classes, a combination of historical risk premiums, illiquidity premiums, and style-specific premiums were used. The arithmetic average forecast returns for each asset class are combined at target asset allocation weights to provide a forecasted geometric (50th percentile) expected return for the plan and are shown below at July 1, 2023 and 2022. All figures shown are nominal (i.e., inclusive of inflation):

Asset Class	2024		2023	
	Target Allocation	Arithmetic Expected Return (10-year Average)	Target Allocation	Arithmetic Expected Return (10-year Average)
Domestic equity	28 %	7.2 %	28 %	7.6 %
International equity	22	10.0	22	10.7
Fixed income	30	5.6	30	5.2
Real estate	10	7.5	10	6.5
Alternative	10	9.7	10	13.0

Notes to Basic Financial Statements

June 30, 2024 and 2023
(Dollars in Thousands)

Note 16 - Retirement Plans (Continued)

The following presents the net pension liability (asset) of the Health System, calculated using the discount rate of 6.75 percent, as well as what the Health System's net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage point lower (5.75 percent) or 1 percentage point higher (7.75 percent) than the current rate:

	1 Percentage Point Decrease (5.75%)	Current Discount Rate (6.75%)	1 Percentage Point Increase (7.75%)
June 30, 2024	\$ 457,306	\$ 157,060	\$ (88,101)
June 30, 2023	467,849	202,188	(14,657)

Investment Account

The Investment Account is a qualified, single-employer, defined contribution retirement plan under the provisions of Code Section 401(a). UCHA employees are required to contribute 6.2 percent of their gross compensation (limited to the OASDI wage base), which is equivalent to what their OASDI contributions would be under FICA participation. Employees are always fully vested in this component of the plan. Total employee contributions made under the provisions of this plan were \$141,639 and \$140,115 for the years ended June 30, 2024 and 2023, respectively. This represents 4.83 percent and 5.69 percent of payroll for the years ended June 30, 2024 and 2023, respectively. In accordance with code regulations, the Health System is required to provide an additional make-up contribution for certain part-time employees equal to 1.3 percent of their compensation until they are fully vested in the Basic Pension Plan. Makeup contributions made by UCHealth were \$1,468 and \$1,769 in 2024 and 2023, respectively.

Matching Account

The Matching Account is a single-employer, tax-deferred annuity plan under the provisions of Code Section 403(b). Employees are eligible to contribute a percentage of their gross compensation, either on a tax-deferred or post-tax basis, up to legal limitations established under the Code. In addition, UCHealth will match employee contributions 100 percent on the first 3 percent of gross compensation contributed. Employees are always vested 100 percent in their contributions; however, the Health System's matching contributions are subject to a five-year graduated vesting schedule. Certain part-time employees are not eligible for UCHealth matching contributions. UCHealth matching contributions for 2024 and 2023 were \$52,646 and \$48,810, respectively. Employee contributions to the Matching Account for 2024 and 2023 were \$135,886 and \$128,986, respectively.

457b Plan

The 457b Plan is a single-employer plan under the provisions of Code Section 457, in which employees are eligible to contribute a percentage of their gross compensation, either on a tax-deferred or post-tax basis, up to legal limitations established under the Code. Employees are always vested 100 percent in their contributions, and the Health System does not contribute to this plan. Employees may elect from a broad array of mutual funds with their respective investment companies. Employee contributions to the 457b Plan for 2024 and 2023 were \$28,600 and \$24,594, respectively.

403(b) Plan

Effective December 24, 2023, UCHealth closed the Basic Pension Plan and the Matching Account to new entrants. Also effective on that date, UCHealth began offering the UCHealth 403(b) Plan for all employees hired on December 24, 2023 and thereafter.

Notes to Basic Financial Statements

June 30, 2024 and 2023
(Dollars in Thousands)

Note 16 - Retirement Plans (Continued)

The UCHealth 403(b) Plan is a single-employer annuity plan under the provisions of Code Section 403(b). Employees are eligible to contribute a percentage of their gross compensation, either on a tax-deferred or post-tax basis, up to legal limitations established under the Code. In addition, UCHealth will match employee contributions 100 percent up to the first 4 percent of gross compensation contributed. Employees are always vested in their contributions; however, the Health System's matching contributions are subject to a five-year graduated vesting schedule. Certain part-time employees are not eligible for UCHealth matching contributions. UCHealth matching contributions for 2024 were \$2,929. Employee contributions to the UCHealth 403(b) Plan for 2024 were \$6,381.

Other Postemployment Benefit Plan

In addition to the retirement plans mentioned above, UCHA provides a postretirement medical premium subsidy to employees retiring from UCHA who are covered under the PERA benefit guarantee provision of the State of Colorado legislation creating UCHA. This plan provides a medical premium subsidy of up to \$0.112 per month for medical plan coverage (prorated for less than 20 years of service) and an employer-funded life insurance benefit of \$3. The employer-funded life insurance benefit is provided to all employees who retired from UCHA on or before July 1, 2015. The accumulated postretirement benefit obligation and actuarial accrued liability, which is unfunded, for the medical and life premiums were \$1,715 and \$1,950 at June 30, 2024 and 2023, respectively. Total benefit costs related to this plan were \$(99) and \$(96) for the years ended June 30, 2024 and 2023, respectively. In the calculation of the liability, an assumption that 65 percent of eligible active employees would elect to be covered by the medical premium subsidy plan was used. The discount rate used to measure the liability was 3.93 percent and 3.65 percent at June 30, 2024 and 2023, respectively.

Note 17 - Significant Transactions between Component Units

UCHealth entities pool their respective revenue and expenses for a single bottom line. The UCHealth Board approves the operating and capital budgets of each entity throughout the Health System. Entity-specific boards remain to oversee medical staff and credentialing, quality, joint commission and oversight of other day-to-day operating activities.

The Health System's statement of net position; statement of revenue, expenses, and changes in net position; and statement of cash flows include transactions between the Health System and its component units.

Total current assets of UCHA include a receivable from affiliates that is composed of amounts due for the bond proceeds of \$31,130 and \$25,765 at June 30, 2024 and 2023, respectively; amounts due for the Series 2017B-2 proceeds related to the refinancing of PVHS Revenue Bonds of \$8,255 and \$7,900, respectively; \$5,249 and \$4,456 related to interest due on intercompany bonds from MHS, PVHS, and other entities at June 30, 2024 and 2023, respectively; and \$911,862 and \$944,349 at June 30, 2024 and 2023, respectively, related to transactions between UCHA, the Health System, and other component units. Total current assets of PVHS include \$707,716 and \$746,612 at June 30, 2024 and 2023, respectively, related to transactions between PVHS, the Health System, and other component units. Total current assets of MHS include \$114,324 and \$44,528 at June 30, 2024 and 2023, respectively, related to transactions between PVHS, the Health System, and other component units.

Notes to Basic Financial Statements

June 30, 2024 and 2023
(Dollars in Thousands)

Note 17 - Significant Transactions between Component Units (Continued)

Total noncurrent assets of UCHA include a receivable from MHS that is composed of amounts due for the bond proceeds related to the acquisition of MHS and bonds issued for the acquisition of capital assets of \$232,689 and \$264,102 at June 30, 2024 and 2023, respectively. Total noncurrent assets of UCHA include a receivable from PVHS related to bond proceeds for the refinancing of PVHS Revenue Bonds and bonds issued for the acquisition of capital assets of \$334,021 and \$342,457 at June 30, 2024 and 2023, respectively. Total noncurrent assets of UCHA include a receivable from other entities related to bonds issued for the acquisition of capital assets of \$304,945 and \$308,299 at June 30, 2024 and 2023, respectively.

Total current liabilities of MHS at June 30, 2024 and 2023 include \$31,130 and \$25,765, respectively, due to UCHA for bond proceeds and \$828 and \$879, respectively, related to accrued interest on bond proceeds. Total current liabilities of PVHS at June 30, 2024 and 2023 include \$8,255 and \$7,900, respectively, due to UCHA for the Series 2017B-2 proceeds related to the refinancing of PVHS Revenue Bonds. Total current liabilities of PVHS at June 30, 2024 and 2023 include a payable to affiliates of \$3,593 and \$2,752, respectively, related to accrued interest on bond proceeds. Total current liabilities of other entities at June 30, 2024 and 2023 include a payable to affiliates of \$828 and \$825, respectively, related to accrued interest on bond proceeds. Other entities have a payable to affiliates that is composed of amounts due to component units of \$1,770,912 and \$1,692,050 related to transactions between Other entities, the Health System, and other component units at June 30, 2024 and 2023, respectively. The Health System has a receivable (payable) to affiliates that is composed of amounts due from (to) component units of \$37,010 and \$(43,439) related to transactions between the Health System and UCHA, PVHS, MHS, and other entities at June 30, 2024 and 2023, respectively.

Total noncurrent liabilities of MHS at June 30, 2024 and 2023 include a payable to affiliates of \$232,689 and \$264,102, respectively, which is composed of amounts due for the Series 2012A proceeds related to the acquisition of MHS and bonds issued for the acquisition of capital assets. Total noncurrent liabilities of PVHS at June 30, 2024 and 2023 include a payable to affiliates of \$334,021 and \$342,457, respectively, which is composed of amounts due to UCHA for the refinancing of PVHS Revenue Bonds and bonds issued for the acquisition of capital assets. Total noncurrent liabilities of other entities at June 30, 2024 and 2023 include a payable to affiliates of \$304,945 and \$308,299, respectively, which is composed of amounts due to UCHA for bonds issued for the acquisition of capital assets.

The Health System and its component units effectively pool their investments within the Health System's pooled investment account structure, with each component unit of the Health System reflecting its respective portion of cash and investments on their respective statement of net position at June 30, 2024 and 2023. PVHS's portion of pooled cash at June 30, 2024 and 2023 was \$184,254 and \$78,041, respectively. PVHS's portion of pooled investments at June 30, 2024 and 2023 was \$2,641,692 and \$2,341,013, respectively. UCHA's portion of pooled cash at June 30, 2024 and 2023 was \$238,335 and \$98,711, respectively. UCHA's portion of pooled investments at June 30, 2024 and 2023 was \$3,417,053 and \$2,961,068, respectively. MHS' portion of pooled cash at June 30, 2024 and 2023 was \$10,933 and \$4,653, respectively. MHS' portion of pooled investments at June 30, 2024 and 2023 was \$156,754 and \$139,583, respectively. Other entities' portion of pooled cash at June 30, 2024 and 2023 was \$13,913 and \$1,815, respectively. Other entities' portion of pooled investments at June 30, 2024 and 2023 was \$199,472 and \$54,444, respectively.

Note 18 - Related Party Transactions

UCHA is affiliated with the State of Colorado; TriWest; University of Colorado Medicine (CU Medicine); Colorado Access; and the University, consisting of UCD, the Trust, and the Adult Clinical Research Center (CRC).

June 30, 2024 and 2023
(Dollars in Thousands)

Note 18 - Related Party Transactions (Continued)

UCD

UCD and UCHA have developed an institutional master plan (the “Master Plan”) to create a new academic health sciences center over the next 20 to 50 years on the Anschutz Medical Campus. The Master Plan has been approved by the Regents, UCHA, and the Colorado Commission on Higher Education. The Regents and UCHA entered into a ground lease in 1998 for approximately 18.4 acres of the property acquired by the Regents pursuant to the quitclaim conveyance from the United States Department of Education. Subsequent agreements have been executed between these parties to provide additional land to UCHA, which has been used to continue development of the Anschutz Medical Campus. As a result, UCHA has expanded its facilities with an office tower, parking garage, inpatient towers, and additional staff and patient parking structures.

Consistent with the joint planning process reflected in the Master Plan, the Regents and UCHA have agreed in the Fitzsimons ground lease that additional agreements will be necessary for development of the Anschutz Medical Campus. The Regents, Children’s Hospital Colorado, and UCHA entered into the Amended and Restated Infrastructure Development and Maintenance Agreement effective July 1, 2004, which sets forth how the three parties will plan and construct infrastructure, share the cost of such planning and construction, and share in the related maintenance expenses of the infrastructure.

Under the operating agreement between the Regents of the University and UCHA dated July 1, 1991, the Regents have entered into contracts with UCHA for the provision of services in support of programs and operations of UCHA, including providing personnel, physical plant maintenance, and other general and administrative services. UCHA paid \$75,373 and \$73,085 for these services, which is recorded in purchased services and other expenses in 2024 and 2023, respectively.

UCHA has also entered into contracts with the Regents for the provision of services to UCD, including clinic services, research projects, infrastructure expense, and other items. Reimbursements for these services of \$1,419 and \$1,144 were recognized in other operating revenue during 2024 and 2023, respectively.

UCHA leases certain employees to CRC at full cost and also provides overhead and ancillary services to CRC. Charges of \$1,318 and \$1,075 were billed to CRC for the cost of these services during 2024 and 2023, respectively, and were recognized in other operating revenue. Amounts due from CRC were \$1,597 and \$979 at June 30, 2024 and 2023, respectively, and are included in related party receivables on the statement of net position. UCHA recorded amounts due to UCD of \$2,998 and \$2,162 at June 30, 2024 and 2023, respectively, for contract labor costs and School of Pharmacy support expenses.

Effective July 1, 2014, UCHealth entered into a five-year academic support agreement with the University of Colorado School of Medicine, which was subsequently amended to extend it with rolling three-year terms requiring written notice of nonrenewal no later than June 30 of each year if UCHealth is not going to renew 24 months from the date of the notice. The academic support donation for the year ended June 30, 2024 is estimated at \$29,288. The amount paid for the academic support donation for the year ended June 30, 2023 was \$17,389. In November 2018, the Regents and UCHealth entered into a second amendment to the multiyear academic support agreement, which provides an additional, nonterminable (absent mutual consent) academic missions support donation to the University of Colorado Foundation for the benefit of the School of Medicine for \$85,000, as expenses are actually incurred in future years, plus additional amounts based on a formula set forth in the second amendment. Total payments to the University of Colorado Foundation for the benefit of the School of Medicine were \$20,161 and \$19,041 for the years ended June 30, 2024 and 2023, respectively.

June 30, 2024 and 2023

(Dollars in Thousands)

Note 18 - Related Party Transactions (Continued)

TriWest

TriWest was formed to deliver health care services to eligible beneficiaries of TriCare within certain specified geographic regions. UCHA purchased a minority interest in TriWest for \$3,300. In October 2007, UCHA sold 1,656.55 shares for \$18,053 to TriWest. After the sale, CU Medicine had a 60 percent share of UCHA's minority interest in TriWest. In March 2014, TriWest restructured its ownership resulting in UCHA and CU Medicine selling their stock back to TriWest and receiving new stock valued at \$9,250. UCHA made contributions of \$2,413 to TriWest during the year ended June 30, 2024. UCHA's investment is accounted for under the cost method and is valued at \$8,413 and \$6,000 at June 30, 2024 and 2023, respectively.

CU Medicine

During the years ended June 30, 2024 and 2023, UCHealth recognized \$279,290 and \$271,850, respectively, in contract expense to CU Medicine for contractual reimbursement of faculty administrative services and recruitment support, reimbursements for hospital programs for services provided by CU Medicine on behalf of UCHealth (e.g., on-call services, joint networking, administrative and other miscellaneous programs), and reimbursements channeled through UCHA by external entities for services provided by CU Medicine on behalf of those external entities (e.g., Ryan White program).

UCHealth recorded net payables to CU Medicine of \$15,098 and \$21,197 at June 30, 2024 and 2023, respectively, for various contract labor and provider support expenses and TriWest pass-through balances. UCHealth has also entered into various long-term lease financing agreements, leased employee agreements, and other services agreements with CU Medicine. UCHealth recorded net receivables from CU Medicine of \$9,416 and \$11,720 at June 30, 2024 and 2023, respectively, related to these agreements.

UCHA participates in a joint operating agreement with CU Medicine to operate an imaging center located in Denver, Colorado. The imaging center provides 3T MRI imaging services to UCHA's patients and is operated on the terms set forth in the agreement. Capital contributions and division of revenue and expenses are split between the two organizations, as defined within the agreement.

Children's Hospital Colorado

In July 2010, UCHA began a joint maternal fetal program in conjunction with Children's Hospital Colorado (CHCO) to establish a center for advanced maternal fetal medicine offering state-of-the-art care for high-risk pregnant women and their babies. The program is defined in an operating agreement that details the cost and revenue sharing between the two hospitals. UCHA has recorded a related party payable to CHCO at June 30, 2024 and 2023 of \$42,044 and \$40,390, respectively.

Notes to Basic Financial Statements

June 30, 2024 and 2023
(Dollars in Thousands)

Note 18 - Related Party Transactions (Continued)

Effective October 1, 2012, a sublease was executed with CHCO to operate the pediatric units located at MHS and was valued at 15 percent of the organization. CHCO paid the corresponding amount of the upfront payment and continues to pay its percentage of the ongoing lease payments to the City. On June 4, 2015, MHS became the licensed operator of the pediatric services, certain provisions of the sublease were temporarily suspended, and MHS and CHCO entered into a pediatric management services agreement and employee lease arrangement, which was subsequently amended and extended. applicable terms of the sublease were reinstated in fiscal year 2019. Included in other receivables is \$573 and \$630 at June 30, 2024 and 2023, respectively, for the current portion of the sublease receivable from CHCO and related accrued interest. Included in other noncurrent assets is \$13,097 and \$13,530 at June 30, 2024 and 2023, respectively, for the long-term portion of the sublease receivable from CHCO. Included in other current liabilities at June 30, 2024 and 2023 is \$1,326 and \$659, respectively, due to CHCO for contract labor costs for the work of CHCO employees in MHS units. MHS also provides services for CHCO patients, MHS employees periodically perform contract labor work on the pediatric units on behalf of CHCO, and MHS purchases certain supplies for the pediatric units on behalf of CHCO. MHS has a receivable from CHCO of \$1,335 and \$2,001 at June 30, 2024 and 2023, respectively.

Other Related Parties

UCHA and two other entities participate as members in Colorado Access, a Colorado not-for-profit corporation that owns and operates a statewide health maintenance organization that serves Medicaid patients. There are no earnings distribution agreements between Colorado Access and UCHA. Requests for financial information for Colorado Access should be addressed to Colorado Access, President and CEO, 11100 East Bethany Drive, Aurora, CO 80014.

Note 19 - Commitments and Contingencies

A substantial portion of the Health System's revenue is received under contractual arrangements with Medicare, Medicaid, and the military and other governmental programs. Payments from these payors are based on a combination of prospectively determined rates and retrospectively settled cost reimbursement. Final settlement of the amounts due to the Health System or payable to the payors is subject to the laws and regulations governing these programs and postpayment audits that may result in further adjustments by the payors. Additionally, these payments are subject to other routine postpayment reviews, audits, and investigations that may result in refunds, repayments, or other financial settlements. Specific accruals related to such contractual arrangements are included in the basic financial statements.

In January 2022, UCHealth received a civil investigative demand from the United States Department of Justice pursuant to its authority under the False Claims Act seeking information regarding how a number of UCHealth hospitals billed for certain E/M codes arising out of emergency department visits. The Department of Justice issued a second civil investigative demand in July 2023 regarding the same subject matter. UCHealth is in discussions with the Department of Justice in an attempt to reach a resolution. UCHealth has reserved what it believes to be sufficient amounts to resolve the matter.

UCHealth is involved in various legal actions occurring in the normal course of activities. While the final outcomes cannot be determined at this time, management is of the opinion that the resolution of these legal actions will not have a material effect on the financial position of UCHealth.

UCHealth has entered into contracts for significant new construction and expansion projects it is currently undertaking. At June 30, 2024, UCHealth has committed contract expenditures for these significant projects of \$346,129.

Note 20 - Minority Interest in Component Units

For the year ended June 30, 2024, changes in net position attributable to the controlling financial interest of UCHHealth and the minority interest are:

	Controlling Interest	Minority Interest	Total
Income before distributions and contributions	\$ 1,211,612	\$ 2,002	\$ 1,213,614
Contributions restricted - Other	15,567	-	15,567
Acquisition of interest in component units	(265)	(45,565)	(45,830)
Change in net position	1,226,914	(43,563)	1,183,351
Net position - Beginning of year, as restated	8,328,725	43,563	8,372,288
Net position - End of year	<u>\$ 9,555,639</u>	<u>\$ -</u>	<u>\$ 9,555,639</u>

For the year ended June 30, 2023, changes in net position attributable to the controlling financial interest of UCHHealth and the minority interest are:

	Controlling Interest	Minority Interest	Total
Income before distributions and contributions	\$ 830,884	\$ 7,358	\$ 838,242
Net distributions to minority interest in component unit	-	(1,327)	(1,327)
Contributions restricted - Other	8,841	-	8,841
Change in net position	839,725	6,031	845,756
Net position - Beginning of year, as restated	7,155,379	37,532	7,192,911
Net position - End of year	<u>\$ 7,995,104</u>	<u>\$ 43,563</u>	<u>\$ 8,038,667</u>

Note 21 - Deferred Outflows and Inflows of Resources

As of June 30, 2024 and 2023, the components of deferred outflows and inflows of resources are as follows:

	2024		2023	
	Deferred Outflows	Deferred Inflows	Deferred Outflows	Deferred Inflows
Deferred amortization on refundings	\$ 11,392	\$ 7,567	\$ 12,366	\$ 10,341
Deferred amortization related to pension plan	57,083	30,386	79,052	1,187
Deferred amortization on public-private partnership	51,057	-	52,406	-
Deferred amortization on acquisitions	38,543	-	37,202	-
Deferred inflows on leases	-	55,754	-	62,217
Total	<u>\$ 158,075</u>	<u>\$ 93,707</u>	<u>\$ 181,026</u>	<u>\$ 73,745</u>

Note 22 - Accounting Changes and Changes in Reporting Entity

Changes in Reporting Entity

Effective December 1, 2023, UCHealth completed an affiliation with Parkview, a community health care provider, pursuant to which UCHealth became the sole corporate member of Parkview. Parkview operates two hospitals and multiple clinic locations in Pueblo, Colorado and the surrounding counties. In accordance with GASB 100, this membership substitution was considered a change in reporting entity and is included in the financial statements as if it occurred at the beginning of the reporting period for the year ended June 30, 2024. UCHealth recognized, measured, and combined the assets, deferred outflows, liabilities, deferred inflows, and net position of Parkview based upon GASB accounting principles applied on July 1, 2023. As of that date, Parkview is reported as a blended component unit within the UCHealth financial statements. The impact of the affiliation on the previously reported amounts in the statement of net position as of July 1, 2023 are shown in the second table below.

Accounting Changes

As discussed in Note 2, UCHealth adopted the provisions of GASB Statement No. 101, *Compensated Absences*, as of July 1, 2022. The impact of the adoption on the previously reported amounts in the statement of net position are shown in the tables below.

The following is a summary of the changes to the amounts previously reported as of June 30, 2022:

	June 30, 2022, as Previously Reported	GASB 101 Adoption	July 1, 2022, as Restated
Current assets	\$ 1,496,688	\$ -	\$ 1,496,688
Noncurrent assets	8,726,738	-	8,726,738
Deferred outflows of resources	196,576	-	196,576
Total assets and deferred outflows of resources	10,420,002	-	10,420,002
Current liabilities	1,391,116	8	1,391,124
Long-term liabilities	1,764,986	1,241	1,766,227
Deferred inflows of resources	69,740	-	69,740
Total liabilities and deferred inflows of resources	3,225,842	1,249	3,227,091
Total net position	\$ 7,194,160	\$ (1,249)	\$ 7,192,911

Notes to Basic Financial Statements

June 30, 2024 and 2023
(Dollars in Thousands)

Note 22 - Accounting Changes and Changes in Reporting Entity (Continued)

The following is a summary of the changes to the amounts previously reported as of June 30, 2023:

	June 30, 2023, as Previously Reported	GASB 101 Adoption	Parkview	July 1, 2023, as Restated
Current assets	\$ 1,448,491	\$ -	\$ 94,281	\$ 1,542,772
Noncurrent assets	9,533,416	-	539,100	10,072,516
Deferred outflows of resources	181,026	-	-	181,026
Total assets and deferred outflows of resources	11,162,933	-	633,381	11,796,314
Current liabilities	1,312,602	901	62,563	1,376,066
Long-term liabilities	1,735,865	1,153	237,197	1,974,215
Deferred inflows of resources	73,745	-	-	73,745
Total liabilities and deferred inflows of resources	3,122,212	2,054	299,760	3,424,026
Total net position	\$ 8,040,721	\$ (2,054)	\$ 333,621	\$ 8,372,288

In addition to the impact disclosed above, the adoption of GASB 101 also resulted in an increase of benefits expense totaling \$805, as shown on the statement of revenue, expenses, and changes in net position, for the year ended June 30, 2023.

Notes to Schedule

Changes of Assumptions

Based on the results of an experience study, retirement and termination rates, salary increase rates, and the assumption regarding election of form of payment upon retirement were updated in 2019. These changes increased the present value of projected benefits by \$741.

The assumed rates of mortality were updated in 2015 based on adopting the RP-2014 Mortality Tables. This change increased the present value of projected benefits by \$37,858 and increased the actuarially determined contribution by \$8,306 in 2015. This change decreased the present value of projected benefits by \$6,213 in 2016.

The assumed rates of mortality were updated in 2018 and 2019 by incorporating the RP-2014 Mortality Table, updated MP mortality improvement scale. This change decreased the present value of projected benefits by \$1,900 and \$8,788 in 2019 and 2018, respectively.

The assumed rates of mortality were updated in 2020 by incorporating the Pri-2012 Mortality Tables with base year 2012 using the base mortality improvement scale MP-2019 with generational projections using a 0.75 percent long-term rate of improvement. This change decreased the present value of projected benefits by \$8,153 in 2020.

The discount rate was reduced from 7.0 percent to 6.75 percent in 2021. The projected salary increases were changed to a range of 3.05 percent to 7.25 percent in 2021. The cost of living adjustment rate was reduced to 2.25 percent in 2021. These changes increased the present value of projected benefits by \$25,260 in 2021.

Based on the results of an experience study, retirement and termination rates, salary increase rates, and the assumption regarding election of form of payment upon retirement were updated in 2023. These changes increased the present value of projected benefits by \$6,444.

Notes to Schedule of Contributions

Actuarial valuation information relative to the determination of contributions:

Valuation date Actuarially determined contribution rates are calculated as of July 1, one year prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age normal, level percent of pay
Amortization method	Straight line
Asset valuation method	Fair value
Projected salary increases	In the 2022 and 2023 valuations, 3.25 percent to 8.75 percent, with a one-time load for FY 2023 of (2.10) percent. In the 2021 and 2020 valuations, 3.05 percent to 7.25 percent, with one-time loads for FY 2022 and 2023 of 4.44 percent and (2.10) percent, respectively. In the 2019 and prior valuations, 3.3 percent to 7.5 percent
Investment rate of return	In the 2020 and later valuations, 6.75 percent, includes inflation at 2.25 percent. In the 2019 and prior valuations, 7.0 percent, includes inflation at 2.5 percent
Mortality	In the 2019 and later valuations, mortality rates are based on the Pri-2012 Mortality Table adjusted for the MP-2019 mortality improvement scale. In the 2018 actuarial valuation, mortality rates are based on the RP-2014 Mortality Table adjusted for the MP-2018 mortality improvement scale. In the 2017 actuarial valuation, mortality rates were based on the RP-2014 Mortality Table adjusted for the MP-2017 mortality improvement scale. In the 2016 and 2015 actuarial valuation, mortality rates were based on the RP-2014 Mortality Table. In prior years, those assumptions were based on the RP-2000 Mortality Table.
Cost of living adjustments	In the 2020 and later valuations, 2.25 percent. In the 2019 and prior valuations, 2.5 percent

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Independent Auditor's Report

To Management and the Board of Directors
University of Colorado Health

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and fiduciary activities of University of Colorado Health (UCHealth) as of and for the year ended June 30, 2024 and the related notes to the basic financial statements, which collectively comprise UCHealth's basic financial statements, and have issued our report thereon dated September 24, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered UCHealth's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of UCHealth's internal control. Accordingly, we do not express an opinion on the effectiveness of UCHealth's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of UCHealth's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether UCHealth's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

To Management and the Board of Directors
University of Colorado Health

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of UCHHealth's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering UCHHealth's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
