Board of Directors
Cordillera Metropolitan District
Eagle County, Colorado

Independent Auditor's Report

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Cordillera Metropolitan District (the "District"), as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Cordillera Metropolitan District as of December 31, 2025, and the respective changes in financial position and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's financial statements as a whole. The supplementary information as listed in the table of contents is presented for the purposes of legal compliance and additional analysis and is not a required part of the financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, such information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Information

Management is responsible for the other information included in our report. The other information, as listed in the table of contents, does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and, accordingly, we do not express an opinion or provide any assurance on them.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Wipfli LLP

CORDILLERA METROPOLITAN DISTRICT
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED DECEMBER 31, 2025

Net Change in Fund Balances - Governmental Funds	\$ 334,971
--	------------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. In the statement of activities, capital outlay is not reported as an expenditure. However, the statement of activities will report as depreciation expense the allocation of the cost of any depreciable asset over the estimated useful life of the asset. Capital outlay, the conveyance of capital assets to other governments and depreciation expense in the current period are as follows:

Capital Outlay	1,367,455
Depreciation	(1,064,478)
Gain on Assets Disposal	23,000

Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the fund financial statements.

See accompanying Notes to Basic Financial Statements.

**CORDILLERA METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 1 DEFINITION OF REPORTING ENTITY

Cordillera Metropolitan District (the District) is a quasi-municipal corporation organized and operated pursuant to provisions set forth in the Colorado Special District Act. The District was established to provide water, streets, safety controls, fire protection, cable television system, transportation and mosquito control within its boundaries which are located in Eagle County, Colorado. An amendment to the District's service plan in 1997 gave the District powers to provide parks and recreation facilities and services. An amended and restated service plan, approved in 2005, gave the District the authority to exercise all of the powers authorized pursuant to the Colorado Special District Act.

The District's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established by GAAP used by the District are discussed below.

The District is governed by an elected Board which is responsible for setting policy, appointing administrative personnel and adopting an annual budget in accordance with the provisions of the Colorado Special District Act.

The reporting entity consists of (a) the primary government (i.e., the District), and (b) organizations for which the District is financially accountable. The District is considered financially accountable for legally separate organizations if it is able to appoint a voting majority of an organization's governing body and is either able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits, to, or to impose specific financial burdens on, the District. Consideration is also given to other organizations which are fiscally dependent (i.e., unable to adopt a budget, levy taxes, or issue debt without approval by the District). Organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete are also included in the reporting entity.

Based on the criteria discussed above, the District is not financially accountable for any other entity, nor is the District a component unit of any other government.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

**CORDILLERA METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or when the long-term obligation is due.

The District reports the following major governmental funds:

The *General Fund* is the District's primary operating fund. It accounts for all financial resources not required to be accounted for in another fund.

The *Capital Projects Fund* is used to account for the acquisition and construction of major capital facilities.

**CORDILLERA METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation
(Continued)**

The *Conservation Trust Fund* is used to account for resources related to the improvements and preservation of certain public use assets.

The *Cordillera Wildlife Fund* is used to account for resources held for use by the District for projects related solely to mitigating impacts on wildlife within the District. All investment earnings are available to be used for such projects at the direction of the District's wildlife mitigation committee.

Leases

The District determines if an arrangement is a lease at inception. Leases are included in lease receivable and deferred inflows of resources in the statements of net position and fund financial statements.

Lease receivables represent the District's claim to receive lease payments over the lease term, as specified in the contract, in an exchange or exchange-like transaction. Lease receivables are recognized at commencement date based on the present value of expected lease payments over the lease term, reduced by any provision for estimated uncollectible amounts. Interest revenue is recognized ratably over the contract term.

Deferred inflows of resources related to leases are recognized at the commencement date based on the initial measurement of the lease receivable, plus any payments received from the lessee at or before the commencement of the lease term that relate to future periods, less any lease incentives paid to, or on behalf of, the lessee at or before the commencement of the lease term. The deferred inflows related to leases are recognized as lease revenue in a systematic and rational manner over the lease term.

Amounts to be received under residual value guarantees that are not fixed in substance are recognized as a receivable and an inflow of resources if (a) a guarantee payment is required and (b) the amount can be reasonably estimated. Amounts received for the exercise price of a purchase option or penalty for lease termination are recognized as a receivable and an inflow of resources when those options are exercised.

The District has elected to recognize payments received for short-term leases with a lease term of 12 months or less as revenue as the payments are received. These leases are not included as lease receivables or deferred inflows on the statements of net position and fund financial statements.

The individual lease contracts do not provide information about the discount rate implicit in the lease. Therefore, the Entity has elected to use their incremental borrowing rate to calculate the present value of expected lease payments.

**CORDILLERA METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

The District has amended its annual budget for the year ended December 31, 2025.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflows of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported by the District. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

**CORDILLERA METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets (Continued)

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable. Depreciation expense has been computed using the straight-line method over the following estimated economic useful lives.

Infrastructure, Buildings, and Improvements	1 to 20 Years
Vehicles and Equipment	3 to 15 Years

Deposits Held

Deposits held represent refundable deposits held until the expiration of the lease, these are reported in the government-wide financial statements. Governmental funds report the liability when due.

Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. All compensated absence liabilities include salary-related payments, where applicable. The total compensated absence liability is reported on the government-wide financial statements. Governmental funds report the compensated absence liability at the fund reporting level only when due.

Water Development Fees and Contributed Assets

Water development fees are paid for the right to connect to water facilities and are recorded as capital contributions when received. Public improvements contributed to the District by other entities are recorded as capital contributions and additions to capital assets at estimated fair value when received.

Deferred Inflows of Resources

In addition to liabilities, the statement of net position and balance sheet – governmental funds reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has two items that qualify for reporting in this category. Accordingly, the items, deferred property tax revenue and deferred amounts related to leases, are deferred and recognized as inflows of resources in the period that the amount becomes available.

**CORDILLERA METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as debt holders), constitutional provisions, or enabling legislation.

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government's intent to be used for specific purposes but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

Unassigned Fund Balance – The residual portion of fund balance that does not meet any of the criteria described above.

**CORDILLERA METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Adoption of New Accounting Standard

In December 2023, the GASB issued Statement No. 102, *Certain Risk Disclosure* (Statement 102). Statement 102 requires note disclosure when (a) a concentration or constraint is known prior to issuance of the financial statements, (b) it makes the reporting unit vulnerable to the risk of substantial impact, and (c) an event associated with the concentration or constraint has occurred, has begun to occur, or is more likely than not to begin to occur within 12 months of issuance.

The District adopted the requirements of the guidance effective January 1, 2025, and has elected to apply the provisions of this standard to the beginning of the period of adoption. Management performed the analysis required under Statement 102 and did not identify any concentration or constraints that require disclosure.

NOTE 3 CASH AND INVESTMENTS

Cash and investments as of December 31, 2025 are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 4,330,837
Cash and Investments - Restricted	459,326
Total Cash and Investments	<u>\$ 4,790,163</u>

Cash and investments as of December 31, 2025 consist of the following:

Deposits with Financial Institutions	\$ 210,169
Investments	4,579,994
Total Cash and Investments	<u>\$ 4,790,163</u>

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102.00% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2025, the District's cash deposits had a bank balance of \$220,980 and carrying balance of \$210,169.

**CORDILLERA METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Investments

The District has adopted a formal investment policy which follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- Obligations of the United States, certain U.S. government agency securities and securities of the World Bank
- General obligation and revenue bonds of U.S. local government entities
- Certain certificates of participation
- Certain securities lending agreements
- Bankers' acceptances of certain banks
- Commercial paper
- Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts
- * Local government investment pools

As of December 31, 2025, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Amount</u>
Colorado Local Government Liquid Asset Trust (COLOTRUST)	Weighted-Average Under 60 Days	<u>\$ 4,579,994</u>

COLOTRUST

The District invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST) (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all state statutes governing the Trust. The Trust currently offers three portfolios – COLOTRUST PRIME, COLOTRUST PLUS+, and COLOTRUST EDGE.

**CORDILLERA METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

COLOTRUST (Continued)

COLOTRUST PRIME and COLOTRUST PLUS+, which operate similarly to a money market fund and each share is equal in value to \$1.00, offer daily liquidity. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper, and any security allowed under CRS 24-75-601.

COLOTRUST EDGE, a variable Net Asset Value (NAV) Local Government Investment Pool, offers weekly liquidity and is managed to approximate a \$10.00 transactional share price. COLOTRUST EDGE may invest in securities authorized by Section 24-75-601.1, C.R.S., including U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain obligations of U.S. government agencies, and highest rated commercial paper.

A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. COLOTRUST PRIME and COLOTRUST PLUS+ are rated AAAM by Standard & Poor's. COLOTRUST EDGE is rated AAAs/S1 by FitchRatings. COLOTRUST records its investments at fair value and the District records its investment in COLOTRUST at net asset value as determined by fair value. There are no unfunded commitments, the redemption frequency is daily or weekly, and there is no redemption notice period.

NOTE 4 LEASES RECEIVABLE

The District, acting as lessor, licenses certain real property including its property known as "Bearcat Stables." The Bearcat Stables License Agreement commenced on January 1, 2022, for a one-year term and shall automatically renew for up to four subsequent one-year terms ending December 31, 2026 unless either party gives the other party written notice at least 60-day prior notice of the current term.

The incremental borrowing rate at the commencement of the agreement was 3.25%. During 2025, the District recognized \$30,883 in lease revenue and \$1,513 in interest revenue in the governmental fund. Total future minimum lease payments to be received under lease agreements are as follows:

<u>Year Ending December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2026	\$ 33,119	\$ 577	\$ 33,696
Total	<u>\$ 33,119</u>	<u>\$ 577</u>	<u>\$ 33,696</u>

**CORDILLERA METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 5 CAPITAL ASSETS

An analysis of the changes in capital assets for the year ended December 31, 2025 follows:

	Balance at December 31, 2024	Increases	Decreases	Balance at December 31, 2025
GOVERNMENTAL ACTIVITIES				
Capital Assets, Not Being Depreciated:				
Land	\$ 7,285,224	\$ -	\$ -	\$ 7,285,224
Total Capital Assets, Not Being Depreciated	7,285,224	-	-	7,285,224
Capital Assets, Being Depreciated:				
Buildings	5,640,704	-	-	5,640,704
Improvements	5,334,571	567,294	-	5,901,865
Infrastructure	13,855,929	609,477	-	14,465,406
Vehicles and Equipment	4,518,826	213,684	90,504	4,642,006
Total Capital Assets, Being Depreciated	29,350,030	1,390,455	90,504	30,649,981
Less Accumulated Depreciation for:				
Buildings	5,415,642	19,480	-	5,435,122
Improvements	3,565,213	185,011	-	3,750,224
Infrastructure	8,915,650	548,100	-	9,463,750
Vehicles and Equipment	3,686,151	311,887	90,504	3,907,534
Total Accumulated Depreciation	21,582,656	1,064,478	90,504	22,556,630
Total Capital Assets, Being Depreciated, Net	7,767,374	325,977	-	8,093,351
Governmental Activities Capital Assets, Net	<u>\$ 15,052,598</u>	<u>\$ 325,977</u>	<u>\$ -</u>	<u>\$ 15,378,575</u>

Depreciation expense was charged to functions/programs of the District as follows:

Governmental Activities:	
General Government	<u>\$ 1,064,478</u>
Total Depreciation Expense - Governmental Activities	<u>\$ 1,064,478</u>

**CORDILLERA METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 6 NET POSITION

The District has net position consisting of three components – net investment in capital assets, restricted, and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2025, the District had net investments in capital assets as follows:

	Governmental Activities
Net Investment in Capital Assets	
Capital Assets, Net	\$ 15,378,575
Total	<u>\$ 15,378,575</u>

Restricted assets include net position that is restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2025 as follows:

	Governmental Activities
Restricted Net Position:	
Emergency Reserves	\$ 200,000
Total Restricted Net Position	<u>\$ 200,000</u>

The District's unrestricted net position as of December 31, 2025 is \$4,319,483.

NOTE 7 AGREEMENTS

Water Service Agreement

The District, the Edwards Metropolitan District and the Upper Eagle Regional Water Authority are parties to an Amended and Restated Water Service Agreement dated March 25, 2004 (the Water Service Agreement), concerning the provision of treated water to the area within the District. The Water Service Agreement provides that the Water Authority shall provide water service to the property within the District up to a maximum of 1,685 single family equivalent units, equal to 1,522 sfes for residential uses and 136 sfes for commercial uses. Water rights and system infrastructure serving the District were originally owned by the Squaw Creek Metropolitan District and were transferred to the District in 2003. These assets were transferred to the Water Authority in 2004 and 2014. Water users within the District pay periodic water service charges to the Water Authority. Under the Water Services Agreement, in 2004, the District paid \$882,500 to be used by the Water Authority for the purchase and/or lease of water rights sufficient to augment current rights held to the extent necessary to accommodate future growth within the District. In 2007, the District received a refund of \$520,340 from the Water Authority pursuant to the agreement.

**CORDILLERA METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 7 AGREEMENTS (CONTINUED)

Retirement Plan

The District participates in the Security Benefit, multiple-employer public employee retirement systems that are qualified plans as defined by IRS Code Section 401(A) and 457 and Colorado Revised Statutes (CRS) 24.54. The plans offer retirement benefits through a defined contribution approach to participating entities, including counties, municipalities, and special districts. In a defined contribution plan, the retirement benefits depend solely on amounts contributed to the plan, plus investment earnings. There are no unfunded past service liabilities associated with these plans.

401(A) Defined Contribution Plan

All full-time and part-time employees are required to participate in the 401(A) plan beginning with their first paycheck. The District contributes 6.20% of employee compensation. Employees are required to contribute an amount equal to or at least the District's contribution. The District and employees each made the required 6.20% minimum contributions to the 401(A) plan in 2025 for total contributions of \$416,808. Required contribution rates may be amended within the statutory limits by the Board of Directors of the District.

457(B) Deferred Compensation Plan

District employees may also choose to participate in the 457(b) deferred compensation plan. The District provides a match of 100.00% of employee contributions up to 5.00% of compensation, to the 457 plan up to the annual IRS limits on individual contributions. The District and employees each made contributions into the plan for a total amount contributed of \$113,945 for the year ending December 31, 2025.

NOTE 8 CORDILLERA PROPERTY OWNERS' ASSOCIATION

Land Lease

On January 1, 2004, the District entered into a 99-year Land Lease for \$1 per year with Cordillera Property Owners Association (the Association) that allows the Association use of the described "Premises". The Land Lease shall continue on a year-to-year basis after 99 years if the Association remains possession of the premises and continues to pay rent.

Services Agreement

Effective November 1, 2024, the District entered into a Services Agreement with the Association for the provision of certain services to the Association in exchange for compensation to the District. The Service Agreement terminated on October 31, 2025. A new Services Agreement was entered into effective November 1, 2025 and terminates on October 31, 2026. The District received cash of \$151,676 for services under the agreements during 2025. The Association owes the District \$0- at December 31, 2025.

**CORDILLERA METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 9 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (the Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public officials' liability, and workers' compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 10 TAX, SPENDING, AND DEBT LIMITATIONS

In November 1992, Colorado voters amended Article X of the Colorado Constitution by adding Section 20; commonly known as the Taxpayer's Bill of Rights (TABOR). TABOR contains revenue, spending, tax and debt limitations which apply to the state of Colorado and local governments. TABOR requires, with certain exceptions, advance voter approval for any new tax, tax rate increase, mill levy above that for the prior year, extension of any expiring tax, or tax policy change directly causing a net tax revenue gain to any local government.

Except for refinancing bonded debt at a lower interest rate or adding new employees to existing pension plans, TABOR requires advance voter approval for the creation of any multiple-fiscal year debt or other financial obligation unless adequate present cash reserves are pledged irrevocably and held for payments in all future fiscal years.

Further, the District's operations and maintenance mill levy may be adjusted to: (i) account for changes in law or the method by which assessed valuations are calculated, and (ii) offset any property tax cut or limit which is mandated by the state constitution.

**CORDILLERA METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 10 TAX, SPENDING, AND DEBT LIMITATIONS (CONTINUED)

On November 4, 2003, the District's electors approved a ballot question which permits the District to impose a mill levy for operations, maintenance and other expenses sufficient to generate a maximum of \$2,700,000 in revenues in collection year 2004 and every year thereafter. Such taxes may increase as allowed by Sections 29-1-301 of the Colorado Revised Statutes, which generally permits annual increases of no more than 5.50%. Further, the District's operations and maintenance mill levy may be adjusted to: (i) account for changes in law or the method by which assessed valuations are calculated, and (ii) offset any property tax cut or limit which is mandated by the state constitution.

On November 4, 2008 the District's electors approved a ballot question authorizing the district to collect, retain and spend the full amount of all taxes, tax increment revenues, tap fees, park fees, facility fees, service charges, inspection charges, administrative charges, contract payments, grants or any other fee, rate, toll, penalty or charge authorized by law or contract to be imposed collected received by the district in 2008 and each fiscal year thereafter without regard to any spending, revenue-raising or other limitations imposed by TABOR or Colorado law.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3.00% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.

Section 29-1-1702, C.R.S., contains limitations on revenues generated from property tax revenues that apply to certain local governments within the state of Colorado. Annual operating revenue is limited to a 5.25% increase, such increase is determined based on a prior assessment period and adjusted for allowable exclusions and exemptions from qualified property tax revenues. The District's management believes it is in compliance with the provisions of Section 29-1-1702, C.R.S. However, this section of the C.R.S. is complex and subject to interpretation.

NOTE 11 INTERFUND AND OPERATING TRANSFERS

The budgeted transfer from the general fund to the capital projects fund was to cover current year capital expenditures.
