INDEPENDENT AUDITOR'S REPORT

Board of Directors
Poudre Tech Metropolitan District
Weld County, Colorado

Opinions

We have audited the accompanying financial statements of the governmental activities, business-type activities, and each major fund of the Poudre Tech Metropolitan District (the District) as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, and each major fund of the District, as of December 31, 2025, and the respective changes in financial position and, where applicable, cash flows thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the budgetary comparison schedules in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the budgetary comparison schedules because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinions on the basic financial statements are not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information listed in the table of contents is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information listed in the table of contents is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information, including continuing disclosure annual financial information, included in the report. The other information comprises the continuing disclosure annual financial information but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

See accompanying Notes to Basic Financial Statements

**POUDRE TECH METROPOLITAN DISTRICT
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED DECEMBER 31, 2025**

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances
of Governmental Funds to the Statement of Activities

Net Change in Fund Balances - Total Governmental Funds	633,104
--	---------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay as expenditures. In the statement of activities, capital outlay is not reported as an expenditure. However, the statement of activities will report as depreciation and amortization the allocation of the cost of any depreciable asset over the estimated useful life of the asset or lease term.

Capital Outlay	71,032
Depreciation	(337,931)
Amortization	(323,887)
Asset Disposal	(3,490)

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The net effect of these differences in the treatment of long-term debt and related items is as follows:

Repayment of Bond Principal	675,000
Repayment of Note Principal	221,177
Developer Repayment Principal - Capital	66,616
Developer Repayment Interest - Capital	131,477
Lease Principal Payment	312,999
Finance Purchase Principal	13,774

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Amortization of Bond Premium	145,187
Accrued Bond Interest - Change in Liability	1,687
Accrued Loan Interest - Change in Liability	58
Accrued Interest on Lease Payable - Change in Liability	(2,305)

Changes in Net Position of Governmental Activities	<u><u>\$ 1,604,498</u></u>

**POUDRE TECH METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 1 DEFINITION OF REPORTING ENTITY

Poudre Tech Metropolitan District (the District), a quasi-municipal corporation and a political subdivision of the state of Colorado, was organized by order and decree of the District Court for the Town of Windsor, Weld County, Colorado, in 1994, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes).

The District was organized to provide water and wastewater services, street construction, installation of safety control devices and construction and maintenance of parks and recreation facilities. The District is the Operating District organized in conjunction with two other related Financing Districts – Water Valley Metropolitan District Nos. 1 and 2 (Water Valley 1 and Water Valley 2). The District serves as the Operating District which is responsible for managing the construction and operation of facilities and improvements needed for Water Valley 1 and Water Valley 2. The Financing Districts are responsible for providing the tax base needed to support financing of capital improvements.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens, and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

On November 19, 2015, the District created its Water Activity Enterprise to provide nonpotable water services and to acquire water or water rights.

The District has no employees, and all operations and administrative functions are contracted.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Both statements distinguish between governmental activities, which are normally supported by property taxes and intergovernmental revenues, and business-type activities, which rely to a significant extent on fees and charges for support.

**POUDRE TECH METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are intergovernmental revenues. All other revenue items are considered to be measurable and available only when cash is received by the District. The District determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred, or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term debt of the governmental funds.

The District reports the following major proprietary fund:

The Enterprise Fund accounts for activities related to nonpotable water services.

**POUDRE TECH METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets

In accordance with the State Budget Law of Colorado, the District's Board of Directors holds public hearings in the fall of each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and financing uses level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

For the year ended December 31, 2025, the District's Debt Service Fund expenditures exceeded expenditure appropriations. This may be a violation of State Statutes.

The District has amended its Enterprise Fund's annual budget for the year ended December 31, 2025.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

The District considers cash on hand and deposits held in financial institutions to be cash and cash equivalents.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset nor materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

Capital assets which are anticipated to be conveyed to other governmental entities, as well as capital assets being constructed which the District may operate and maintain, are recorded as construction in progress. Construction in progress is not being depreciated and is not included in the calculation of Net Investment in Capital Assets component of the District's net position.

Depreciation expense has been computed using the straight-line method over the following estimated economic useful lives:

Alleyways	20 to 75 Years
Nonpotable Water	15 to 50 Years
Equipment	5 to 25 Years
Parks and recreation	10 to 50 Years

**POUDRE TECH METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Water Rights

The cost of water rights includes acquisition cost and may also include legal and engineering costs related to the development and augmentation of those rights. Since the rights have perpetual lives, they are not amortized. All other costs, including costs incurred for the protection of those rights, are expensed.

Adoption of New Accounting Standard

In June 2017, the Governmental Accounting Standards Board (GASB) issued GASB Statement No. 87, *Leases*. This standard establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this standard, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

The District adopted the requirements of this guidance effective January 1, 2022, and has elected to apply the provisions of this standard beginning on the period of adoption.

Leases

The District determines if an arrangement is a lease at inception. Leases are included as right- to-use lease assets and lease liabilities in the statements of net position.

Lease assets represent the District's control of the right to use an underlying asset for the lease term, as specified in the contract, in an exchange or exchange-like transaction. Lease assets are recognized at the commencement date based on the initial measurement of the lease liability, plus any payments made to the lessor at or before the commencement of the lease term, and certain direct costs. Lease assets are amortized in a systematic and rational manner over the shorter of the lease term or the useful life of the underlying asset.

Lease receivables are recognized by the District at the start of each lease term, measured at the present value of expected lease payments minus any provision for uncollectible amounts. A corresponding deferred inflow of resources is also recognized. Interest revenue is recognized over the lease term.

Lease liabilities represent the District's obligation to make lease payments arising from the lease. Lease liabilities are recognized at the commencement date based on the present value of expected lease payments over the lease term, less any lease incentives. Interest expense is recognized ratably over the contract term.

The lease term may include options to extend or terminate the lease when it is reasonably certain that the District will exercise that option.

The District has elected to recognize payments for short-term leases with a lease term of 12 months or less as expenses as incurred, and these leases are not included as lease liabilities or right-to-use lease assets on the statement of net position. The District accounts for contracts containing both lease and non-lease components as separate contracts when possible. In cases where the contract does not provide separate price information for lease and non-lease components, and if it is impractical to estimate the price of such components, the District treats the components as a single lease unit.

**POUDRE TECH METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred Inflows of Resources

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, *deferred lease revenue* is deferred and recognized as an inflow of resources in the period that the amount becomes available.

Equity

Net Position

For government-wide presentation purposes, when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government's intent to be used for specific purposes but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

Unassigned Fund Balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balances is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

**POUDRE TECH METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 3 CASH AND INVESTMENTS

Cash and investments as of December 31, 2025, are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 2,404,028
Cash and Investments - Restricted	<u>1,827,085</u>
Total Cash and Investments	<u>\$ 4,232,113</u>

Cash and investments as of December 31, 2025, consist of the following:

Deposits with Financial Institutions	\$ 4,206,548
Investments	<u>25,565</u>
Total Cash and Investments	<u>\$ 4,232,113</u>

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools. At December 31, 2025, the District's cash deposits had a bank balance of \$4,516,993 and a carrying balance of \$4,206,548.

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Restricted Cash Investments

Cash and investments of the District include amounts that are restricted. At December 31, 2025, the Governmental Activities had cash deposits in the amount of \$157,565 in which \$132,000 is restricted for Emergency reserves and \$25,565 is restricted for the payment of debt service and other purposes as provided in the related loan documents of the Series 2020 Bonds. The Business-Type Activities had cash deposits in the amount of \$1,670,520 which is restricted for the payment of debt service and other purposes as provided in the related loan documents of the 2020 Enterprise Bond Loan agreement. Restricted Cash and Investments are not available for general operations of the District.

**POUDRE TECH METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- . Local government investment pools

At December 31, 2025, the District had the following investments:

<u>Investment</u>	<u>Maturity</u>	<u>Balance</u>
U.S. Treasury Money Market Fund	Weighted-Average Under 60 Days	\$ 25,565

U.S. Treasury Money Market Fund

The money at U.S. Bank is invested in the First American Funds - Y Class Treasury Obligation Fund. The First American Fund is a money market fund that is managed by U.S. Bancorp Asset Management, Inc. and each share is equal in value to \$1.00. The fund is AAAM rated and invests in high quality short-term U.S. Treasury obligations, including repurchase agreements secured by U.S. Treasury obligations. The average maturity of the underlying securities is 60 days or less.

NOTE 4 INTERFUND BALANCES AND TRANSFERS

At December 31, 2025, the Debt Service Fund temporarily subsidized \$2,750 on behalf on the General Fund and the Enterprise Fund temporarily subsidized negative cash balance of the General Fund in the amount of \$386,990, which were repaid shortly after year end. The General Fund transferred \$198,093 to the Debt Service Fund to pay the remaining principal and interest on the developer capital advance.

NOTE 5 LEASE RECEIVABLE

The District entered into a lease receivable agreement as a sublease of office space with Raindance Metropolitan District (RDMD) and Water Valley Master Association (WVMA) in November, 2024. The sublease shall terminate on September 30, 2027 concurrently with the termination of the Office Space lease describe in Note 8. The monthly rent started at \$1,730 for RDMD and \$865 for WVMA. An interest rate of 6% was used. In 2025, the District received \$45,680. At December 31, 2025, the lease deferred inflows of resources were \$50,435.

Future minimum rental payments to be received under the sublease are as follows:

<u>Year Ended December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2026	\$ 30,767	\$2,508	\$33,275
2027	24,887	626	25,513
Total	\$ 55,654	\$3,134	\$58,788

DECEMBER 31, 2025**

NOTE 7 LONG-TERM OBLIGATIONS (CONTINUED)

The details of the District's long-term obligations are as follows:

North ValleyBank Line of Credit

The District maintains two lines of credit with an available balance of \$1,050,000 and variable interest rates to temporarily finance operations. At December 31, 2025, the remaining balance on these line of credit was \$509,745 and accrues interest at a variable rate of 8.50% per annum. The District reduced the balance by \$221,177 during year ending December 31, 2025.

Unlimited Property Tax Supported Revenue Refunding and Improvement Bonds, Series 2020

On September 3, 2020, the District issued \$21,015,000 Unlimited Property Tax Supported Revenue Refunding and Improvement Bonds Series 2020 with an interest rate of 2.125% - 4.000% (Series 2020 Bonds). Proceeds from the sale of the Series 2020 Bonds were used for the purpose of refunding the Series 2010A and 2010B Bonds. A portion of the proceeds of the Series 2020 Bonds were also used to (a) purchase a municipal bond insurance policy, and (b) fund the costs of issuing the Series 2020 Bonds. Interest on the Series 2020 Bonds is payable semi-annually to the extent that Pledged Revenue is available on June 1 and December 1 each year, commencing June 1, 2021. Principal on the Series 2020 Bonds is paid on December 1.

Series 2020 Bonds maturing on or after December 1, 2031 are subject to redemption prior to maturity, at the option of the District, as a whole or in integral multiples of \$1,000, in any order of maturity, and in whole or partial maturities, on December 1, 2030, and on any date thereafter, upon payment of par plus accrued interest, and without any redemption premium.

The Series 2020 Bonds are not secured by property lying within the District or the Taxing Districts but, rather, by, among other things, the obligation of the Taxing Districts under the Capital Pledge Agreement to certify the Required Mill Levy and pay or cause to be paid to the Trustee, on behalf of the District, for payment of the Series 2020 Bonds.

The Series 2020 Bonds will mature as follows:

Year ending December 31,	Principal	Interest	Total
2026	\$715,000	\$538,438	\$1,253,438
2027	740,000	516,987	1,256,987
2028	830,000	494,788	1,324,788
2029	1,130,000	469,887	1,599,887
2030	1,195,000	435,988	1,630,988
2031-2035	6,885,000	1,324,218	8,209,218
2036-2039	6,490,000	399,788	6,889,788
Total	\$17,985,000	\$4,180,094	\$22,165,094

NOTE 7 LONG-TERM OBLIGATIONS (CONTINUED)

Water Revenue Refunding and Improvements Loan, Series 2023

On October 17, 2023, the District entered into a Loan Agreement with Independent Financial Bank dba Independent Financial to obtain a loan in the amount of \$14,800,000 (Series 2023 Loan). The maturity date of the Series 2023 Loan is October 17, 2028. The Series 2023 Loan has a fixed rate of 5.625%. Interest is paid quarterly on March 1, June 1, September 1 and December 1. Principal is paid on June 1 and December 1 of each year through the maturity date, commencing June 1, 2025. The proceed from the Series 2023 Loan were used to (i) pay off the balance of principal and accrued interest of an existing loan (2022 Loan Agreement with PWCB), (ii) pay for the costs of issuing the Series 2023 Loan, and (iii) finance certain public improvements.

The obligation of the Enterprise under the Series 2023 Loan is not payable from property taxes of the District, but rather from income and revenues from the use or operation of the nonpotable water system, including fees and charges.

The Series 2023 Loan will mature as follows:

Year Ending December 31,	Principal	Estimated Interest	Total
2026	294,530	822,619	1,117,149
2027	311,567	805,503	1,117,070
2028	13,915,478	629,240	14,544,718
Total	\$ 14,521,575	\$ 2,257,362	\$ 16,778,937

Unused lines of credit

The Series 2020 Bonds and Series 2023 Loan do not have any unused lines of credit.

Collateral

For the Series 2020 Bonds and Series 2023 Loan, no assets have been pledged as collateral.

Events of default

For the Series 2020 Bonds - events of default occur if the District fails (a) to pay the principal of, premium if any, or interest on the Bonds when due, (b) defaults in the performance or

Events of default (Continued)

For the Series 2023 Loan, events of default are provided for in the Loan Agreement dated October 17, 2023.

Termination Events

The Series 2020 Bonds and Series 2023 Loan do not have termination provisions.

Acceleration

The Series 2020 Bonds and Series 2023 Loan are not subject to acceleration.

**POUDRE TECH METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 7 LONG-TERM OBLIGATIONS (CONTINUED)

Authorized Debt

On November 4, 2003, the District's voters authorized the issuance of indebtedness in an amount not to exceed \$156,000,000. At December 31, 2025, the District had authorized but unissued indebtedness in the following amounts allocated for the following purposes:

	Amount Authorized on November 4, 2003	Authorization Used for Series 2010 Bonds	Authorization Used for Series 2020 Bonds	Authorized but Unissued
Streets	\$ 27,750,000	\$ 10,860,289	\$ -	\$ 16,889,711
Traffic and Safety Controls	2,250,000	291,690	-	1,958,310
Water	13,500,000	5,174,100	-	8,325,900
Sewer	15,000,000	2,510,579	-	12,489,421
Parks and Recreation	17,250,000	-	-	17,250,000
Television Relay and Translation	2,250,000	-	-	2,250,000
Debt Refunding	<u>78,000,000</u>	<u>1,422,701</u>	-	<u>76,577,299</u>
Total	<u>\$ 156,000,000</u>	<u>\$ 20,259,359</u>	<u>\$ -</u>	<u>\$ 135,740,641</u>

The Series 2020 Bonds constitutes a financing of District indebtedness at a lower interest rate than the interest rate on the Series 2010A and 2010B Bonds; therefore, the issuance of the Series 2020 Bonds did not require electoral authorization.

In the future, the District may issue a portion or all the remaining authorized but unissued debt for purposes of providing public improvements to support development as it occurs within the

District's service area; however, as of the date of this audit, the amount and timing of any future debt issuances are not determinable.

Financed Purchase

On July 15, 2024, the District entered into a financed purchase agreement with Advance Exercise for the acquisition of five treadmills. Payments are made monthly in the amount of \$1,471 for a period of four years, with interest at 8.2% annum. In 2025, the District paid \$17,655 including principal and interest of \$13,774 and \$3,881, respectively

The financed purchase payments to maturity are as follows:

<u>Years Ending December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2026	\$ 14,946	\$ 2,708	\$ 17,654
2027	16,218	1,436	17,654
2028	<u>8,620</u>	<u>207</u>	<u>8,827</u>
Total	<u>\$ 39,784</u>	<u>\$ 4,351</u>	<u>\$ 44,135</u>

Total	<u>\$ 520,916</u>

**POUDRE TECH METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 9 NET POSITION

The District has net position consisting of three components – net investment in capital assets, restricted and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2025, the District had net investments in capital assets calculated as follows:

	Governmental Activities	Business-Type Activities
Capital Assets, Net	\$ 7,613,588	\$ 16,807,689
Outstanding Long-Term Debts Used to Acquire Capital Assets	(18,903,246)	(14,521,575)
Bond Premium, Net	(1,096,466)	-
Net Investment in Capital Assets	<u>\$ (12,386,124)</u>	<u>\$ 2,286,114</u>

The restricted component of net position includes assets that are restricted for use as imposed by external parties such as creditors, grantors or contributors, or as imposed by laws and regulations of other governments, or as imposed by law through constitutional provisions or enables legislation. The District had restricted net position as of December 31, 2025 as follows:

	Governmental Activities
Restricted Net Position	
Emergency Reserves	\$ 132,000
Debt Service	1,602,450
Total Restricted Net Position	<u>\$ 1,734,450</u>

The District's unrestricted net position as of December 31, 2025 totaled \$3,695,660.

NOTE 10 PRIMARY AGREEMENTS

District Operating Agreement

The District and Water Valley 1 and Water Valley 2 (collectively, the Taxing Districts) have entered into a District Operating Agreement dated January 30, 2014. The purpose of the District Operating Agreement is to set forth the rights and obligations of the Taxing Districts to fully fund and of the District to provide operations on behalf of all the Districts. Based on the integrated nature of the public improvements, it is most efficient and cost effective to combine the operations, maintenance, and administration and to have the District provide those services for the benefit of all the Districts. The agreement shall be interpreted consistent with the Service Plan.

**POUDRE TECH METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 10 PRIMARY AGREEMENTS (CONTINUED)

Capital Pledge Agreement

The District entered into a Capital Pledge Agreement in October 2010, as amended on January 31, 2014, and again on April 21, 2015, pursuant to which Water Valley 1 and Water Valley 2 are obligated to impose an ad valorem property tax levy without limitation as to the rate to pay the principal and accrued interest payable on the District's Unlimited Property Tax Supported Revenue Refunding and Improvement Bonds, Series 2010 A, B and C in the aggregate principal amount of \$25,675,000 issued pursuant to a 2010 Indenture of Trust with UMB Bank (2010 Bonds).

The First Amendment, dated January 31, 2014, made changes to the allocation between Water Valley 1 and Water Valley 2's required debt service on the 2010 Bonds. The Districts later determined that the changes were not necessary, and therefore, the Capital Pledge Agreement was amended for a second time on April 21, 2015, to reinstate the original definitions and allocations.

The Third Amendment, dated September 1, 2020, made changes to provide for the payment of the Series 2020 Bonds, to remove UMB as a party to the agreement, and add U.S. Bank as a party to the agreement.

Infrastructure Acquisition and Reimbursement Agreements

On June 14, 2016, the District entered into an Infrastructure Acquisition and Reimbursement Agreement with Pelican Farms Investments, LLC (the Developer). The Developer has incurred certain costs related to public infrastructure for the benefit of the District and expects to incur additional costs. The District has agreed to: (i) reimburse the Developer for all District Eligible Costs to the extent constituting Repayment Obligations (as defined in the agreement); (ii) acquire any such public infrastructure constructed for the benefit of the District from the Developer that is not being dedicated to other governmental entities, and (iii) to reimburse the Developer for any costs incurred by the Developer for public infrastructure that is being dedicated to other governmental entities.

On September 19, 2017, the District entered into an Infrastructure Acquisition and Reimbursement Agreement with Eagle Crossing Development, Inc. (Eagle Crossing). Eagle Crossing has expended funds on behalf of the District previously and intends to make future payments for costs related to the provision of public infrastructure in the nature of capital costs in furtherance of the District's permitted purposes, including but not limited to: organization of the District, engineering, architectural, surveying, construction planning and other related costs, during the period when the District is unable to pay for such costs. The District and Eagle Crossing established the terms and conditions under which the District will reimburse Eagle Crossing for such costs and acquire such public infrastructure that will either be owned by the District or dedicated to other governmental entities.

**POUDRE TECH METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 10 PRIMARY AGREEMENTS (CONTINUED)

Donation Agreement

In June 2017, the District received a donation of land from The Evangelical Lutheran Good Samaritan Society through a quitclaim deed for 10 dollars (\$10.00). The donated land shall not be used for any residential or commercial development, but shall be used for any public purpose, in the sole discretion of the District, for the benefit of the District, Water Valley 1, Water Valley 2, and the general public of Windsor, Colorado. If at any time the above condition is defaulted upon, title to the donated land shall automatically revert back to The Evangelical Lutheran Good Samaritan Society.

On September 1, 2022, the District received a donation of land from Frye Farm Investments, LLC through quick claim deed. The donated land shall not be used for any residential or commercial development, but shall be perpetually used for any charitable/public purpose, in the sole discretion of the District, for the benefit of the District, Water Valley 1, Water Valley 2, and the general public. If at any time the above condition is defaulted upon, title to the donated land shall automatically revert back to the Town of Windsor.

NOTE 11 RELATED PARTIES

The developer of the property which constitutes the District is Trollco Inc., a Colorado corporation (the Developer). Certain members of the Board of Directors of the District are officers, employees of, or related to the Developer or an entity affiliated with the Developer or the majority owner of the Developer and may have conflicts of interest in dealing with the District.

NOTE 12 RISK MANAGEMENT

Except as provided in the Colorado Governmental Immunity Act, §24-10-101, et seq., C.R.S., the District may be exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (the Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years. The District pays annual premiums to the Pool for liability, property, and public officials' liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

**POUDRE TECH METROPOLITAN DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2025**

NOTE 13 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, referred to as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue, and debt limitations which apply to the state of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases. At December 31, 2025, the District determined and calculated its required emergency reserve to be approximately \$132,000. Funding of the Districts' operations primarily come from transfers of tax revenues from the Financing Districts.

The District's management has taken steps it believes are necessary to comply with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.
