## INDEPENDENT AUDITORS' REPORT

Board of Directors  
Boulder Preparatory High School  
Boulder, Colorado

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities and each major fund of Boulder Preparatory High School (the School), a component unit of Boulder Valley School District, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise Boulder Preparatory High School's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major funds of the School, as of June 30, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Emphasis of Matter – Separate Charter School***

The School has a separate charter school contract with Boulder Valley School District. The Colorado Department of Education requires each School to provide separate audited financial statements. As described in Note 1, the majority of the School's funding is provided by the District. Our opinions are not modified with respect to this matter.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

**Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and pension and other post-employment benefits schedules and notes be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Other Information**

Management is responsible for the other information included in the annual report. The other information comprises the Roster of School Officials but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

# BOULDER PREPARATORY HIGH SCHOOL

## Management's Discussion and Analysis

Fiscal Year Ended June 30, 2025

As management of Boulder Preparatory High School ("the School"), we offer readers of our financial statements this narrative overview and analysis of the financial activities of the School for the year ended June 30, 2025. We encourage readers to consider the information presented here in conjunction with additional information provided in the financial statements.

The School was formed in 1996 and was granted a charter by the Boulder Valley School District RE-2 ("the District") in 1997.

### Financial Highlights

- The assets and deferred outflows of resources of the School exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$948,896 (net position).
- Total net position increased \$572,558 during FY2025.
- At the close of the current fiscal year, the School's governmental funds reported fund balance of \$1,893,063 an increase of \$166,324 over the prior year.
- At the end of the current fiscal year, unassigned fund balance for the general fund is \$1,408,438 or approximately 62.3% of total general fund expenditures.

### Overview of Financial Statements

The discussion and analysis are intended to serve as an introduction to the School's basic financial statements. The basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements.

**Government-Wide Financial Statements.** The government-wide financial statements are designed to provide readers with a broad overview of the School's finances in a manner similar to a private-sector business.

The statement of net position presents information on all of the School's assets, deferred outflows of resources, liabilities and deferred inflows of resources. The difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources is reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the School is improving or deteriorating.

The statement of activities presents information showing how the School's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements can be found on pages 1-2.

**Fund Financial Statements** Fund financial statements are designed to demonstrate compliance with finance-related legal requirements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Governmental funds

are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements, except that the focus of the governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Both the balance sheet and the statement of revenues, expenditures and changes in fund balance provide a reconciliation to facilitate this comparison between the governmental funds and the governmental activities.

The School reports two governmental funds that are considered major funds, the general fund and the operations and technology fund. There are no funds reported as non-major governmental funds. The basic governmental fund financial statements can be found on pages 3-6.

**Notes to Basic Financial Statements** The notes provide additional information that is necessary to acquire a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 7-33.

### **Government-Wide Financial Analysis**

As noted earlier, net position over time, may serve as a useful indicator of a government's financial position. In the case of the School, liabilities and deferred inflows of resources were lower than its assets and deferred outflows of resources at the close of the most recent fiscal year.

A portion of the School's net position (\$711,606) reflects its investment in capital assets (e.g. equipment, vehicles, and buildings) less any related outstanding debt and was used to acquire those assets. The School uses capital assets to provide a variety of services to its students. Accordingly, these assets are not available for future spending. Although the School's investment in capital assets is reported net of related debt, it should be noted that the resources used to repay this debt must be provided from other resources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the School's net position (\$416,276) represents resources that are subject to external restrictions on how they may be used. The remaining balance of net position is a deficit of \$178,986, which represents the portion that is unrestricted and would otherwise be used to meet the School's ongoing obligations.

**Boulder Preparatory High School  
Comparative Summary of Net Position**

	<b>Governmental Activities</b>	
	<b><u>2025</u></b>	<b><u>2024</u></b>
<b>Assets</b>		
Current and other assets	\$ 1,943,086	\$ 1,701,804
Capital assets	<u>711,606</u>	<u>449,573</u>
Total Assets	<u>2,654,692</u>	<u>2,151,377</u>
<b>Deferred Outflows of Resources</b>	<u>342,969</u>	<u>531,191</u>
<b>Liabilities</b>		
Other liabilities	5,895	4,065
Net pension liability	1,775,593	2,117,332
Net OPEB liability	<u>31,504</u>	<u>51,125</u>
Total Liabilities	<u>1,812,992</u>	<u>2,172,522</u>
<b>Deferred Inflows of Resources</b>	<u>235,773</u>	<u>133,708</u>
<b>Net Position</b>		
Net investment in capital assets	711,606	449,573
Restricted	416,276	332,317
Unrestricted	<u>(178,986)</u>	<u>(405,552)</u>
Total Net Position	<u>\$ 948,896</u>	<u>\$ 376,338</u>

The School experienced a strong improvement in its overall financial standing between FY2024 and FY2025. Total assets rose from \$2.15M to \$2.65M, largely due to an increase in capital assets, which grew by more than \$262,000. Deferred outflows of resources declined modestly, while total liabilities dropped significantly, from \$2.17M in FY2024 to \$1.81M in FY2025, reflecting reductions in pension and OPEB obligations. Deferred inflows increased from \$133,708 to \$235,773. These shifts combined to raise the school's total net position from \$376,338 to \$948,896, marking a substantial improvement in financial stability. Restricted funds and net investment in capital assets both grew, and while unrestricted net position remained negative, the deficit was reduced by more than half compared to the prior year.

**Boulder Preparatory High School  
Comparative Summary of Changes in Net Position**

	<b>Governmental Activities</b>	
	<b><u>2025</u></b>	<b><u>2024</u></b>
<b>Revenues:</b>		
Program Revenues		
Operating grants and contributions	\$ 145,890	\$ 129,807
Capital grants and contributions	763,619	42,592
General Revenues		
Per pupil revenues	1,124,706	1,036,839
District mill levy	444,212	423,276
Grants and contributions not restricted	41,435	38,652
Investment earnings	26,432	23,203
Total revenues	<u>2,546,294</u>	<u>1,694,369</u>
<b>Expenses:</b>		
Instruction	1,405,443	956,749
Supporting services	568,293	580,292
Interest expense	-	5,910
Total expenses	<u>1,973,736</u>	<u>1,542,951</u>
Change in Net Position	572,558	151,418
Net Position, Beginning	<u>376,338</u>	<u>224,920</u>
Net Position, Ending	<u>\$ 948,896</u>	<u>\$ 376,338</u>

The table above explains the drivers of this improvement. Revenues grew significantly, increasing by more than \$850,000 from FY2024 to FY2025. This growth was fueled by higher per-pupil funding, district mill levy contributions, and a dramatic increase in capital grants and contributions (rising from \$42,592 to \$763,619). Program and general revenues also saw moderate gains, along with slightly higher investment earnings. On the expense side, total costs rose from \$1.54M to \$1.97M, primarily from higher instruction spending, which climbed by nearly \$450,000. Despite these expense increases, the large revenue gains led to a positive change in net position of \$572,558, almost four times the prior year's gain of \$151,418. Overall, FY2025 marked a year of financial strengthening for Boulder Preparatory, with strong revenue growth and reduced liabilities driving the school's net position into healthier territory.

**Financial Analysis of the Governmental Funds**

As noted earlier, the School uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**General Fund:** The focus of the School's General Fund is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the School's financing requirements. In particular, an unrestricted fund balance may serve as a useful measure of a government's net resources available for discretionary use as it represents the portion of fund balance that has not yet been limited to use for a particular purpose by either an external party, the school itself,

or a group or individual that has been delegated authority to assign resources for use for particular purposes.

At the end of the current fiscal year, unassigned fund balance of the general fund was \$1,408,438, while total fund balance increased by \$146,715 to \$1,580,912. As a measure of the general fund’s liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total general fund expenditures. Unassigned fund balance represents approximately 62.3% of total general fund expenditures, while total fund balance represents approximately 70.0% of that same amount.

**Operations and Technology Fund:** The operations and technology fund accounts for revenues and expenditures related to an operations and technology mill levy approved by voters November 2016. Property tax revenue is shared by the District on a per pupil basis. The School has accumulated \$312,151 at June 30, 2025, to be spent on a future allowable purpose.

**General Fund Budgetary Highlights**

A General Fund Budgetary Schedule is located on page 34 of the financial statements.

Actual revenues were more than budgeted by \$1,090.

Actual expenditures were \$330,029 less than budgeted expenditures, due primarily to unspent reserves of \$125,995 and staff turnover, which generated current year savings.

**Capital Assets and Debt Administration**

**Capital Assets.** The School’s investment in capital assets (net of depreciation) as of June 30, 2025, and 2024 are as follows.

<b>Boulder Preparatory High School</b>		
<b>Capital Assets (Net of Depreciation)</b>		
	<b>Governmental Activities</b>	
	2025	2024
Land	\$ -	\$ 76,400
Buildings and Improvements	16,428	297,557
Equipment and Vehicles	695,178	75,616
	\$ 711,606	\$ 449,573

The increase in capital assets is mainly due to a purchase of two EV buses in FY2025. Additional information on the School’s capital assets can be found in Note 3 of the financial statements.

**Long-Term Debt.** The School has no long-term debt as of June 30, 2025, and 2024.

**Economic Factors and Next Year’s Budget**

The primary factor driving the School’s budget is student enrollment. Enrollment for the 2024-25 School year was 106 full-time equivalent (FTE) students. Enrollment projected (per proposed budget) for the 2025-26 School year is 100 FTE students, which is lower than the maximum enrollment (160) allowed by the School’s contract with the District. The contract provides funding of \$11,576 per student in 2025-26, compared to \$11,221 in 2024-25. Additionally, the School receives override and categorical revenues

from the District on a per pupil basis. For the sixteenth consecutive year, the Colorado State Legislature applied a budget stabilization factor to reduce statewide total program funding, though at a lower level than in prior years. While this adjustment continues to limit the full amount of funding that schools are entitled to under the school finance formula, the passage of a new formula in FY2025 begins a phased transition aimed at improving equity in future years. As state funding remains constrained and enrollment declines persist, the School may need to rely on other local revenue sources and careful budget management to maintain programs and balance its budget.

### **Requests for Information**

This financial report is designed to provide a general overview of the finances for interested parties. Questions concerning any of the information provided in this report or requests for additional information should be addressed to:

**Boulder Preparatory High School**  
**RECONCILIATION OF THE STATEMENT OF REVENUES,**  
**EXPENDITURES AND CHANGES IN FUND BALANCES OF THE**  
**GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**  
**Year Ended June 30, 2025**

Amounts reported for governmental activities in the statement of activities are different because:

Net Change in Fund Balances of Governmental Funds	\$	195,324
Governmental funds report capital outlay as an expenditure. However, in the statement of activities the cost of those assets is allocated over the estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay \$693,872 exceeded depreciation expense (\$78,213) in the current year and the net book value of disposed assets (\$353,626).		262,033
Revenues that do not provide current financial resources are unavailable in the governmental fund financial statement but are recognized in the government-wide financial statements.		44,128
Some items reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds. This is the amount of net pension credit \$58,930 and net OPEB credit \$12,143 not reported in the governmental funds.		71,073

Change in Net Position of Governmental Activities	\$	<u><u>572,558</u></u>

The accompanying notes are an integral part of the financial statements.

# Boulder Preparatory High School

## NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2025

### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Boulder Preparatory High School (the "School") was formed in 1996 and was granted a charter by the Boulder Valley School District RE-2 in 1997.

The accounting policies of the School conform to generally accepted accounting principles as applicable to governmental entities. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Following is a summary of the more significant policies.

#### **Reporting Entity**

The financial reporting entity consists of the School, organizations for which the School is financially accountable and organizations that raise and hold economic resources for the direct benefit of the School. All funds, organizations, institutions, agencies, departments and offices that are not legally separate are part of the School. Legally separate organizations for which the School is financially accountable are considered part of the reporting entity. Financial accountability exists if the School appoints a voting majority of the organization's governing board and is able to impose its will on the organization, or if the organization provides benefits to, or imposes financial burdens on, the School. Based upon the application of this criteria, the School does not include additional organizations within its reporting entity.

The School is a component unit of the District. The District granted the School's charter and the majority of the School's funding is provided by the District.

#### **Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all activities of the School. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported in a single column.

The statement of activities demonstrates the degree to which the direct expenses of the given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Unrestricted revenues not properly included among program revenues are reported instead as general revenues.

Major individual governmental funds are reported as separate columns in the fund financial statements.

#### **Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

**Boulder Preparatory High School**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2025**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation** (Continued)

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current year or soon enough thereafter to pay liabilities of the current year. For this purpose, the School considers revenues to be available if they are collected within 60 days of the end of the current year and within 90 days of the end of the current year for grants. Intergovernmental revenues, grants, and interest associated with the current year are considered to be susceptible to accrual and so have been recognized as revenues of the current year when measurable and available. All other revenues are considered to be measurable and available only when cash is received by the School. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

When both restricted and unrestricted resources are available for a specific use, it is the School's policy to use restricted resources first, then unrestricted resources as they are needed.

The major funds presented in the accompanying basic financial statements are as follows:

The *General Fund* is the School's primary operating fund. It accounts for all financial resources of the School, except those required to be accounted for in another fund.

The *Operations and Technology Fund* accounts for revenues and expenditures related to an operations and technology mill levy approved by voters November 2016.

**Assets, Liabilities and Fund Equity**

*Cash and Investments* - Cash includes amounts held by the District in pooled accounts. Investments are reported at fair value.

*Receivables* - All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. The allowance for uncollectible receivables is estimated to be zero at year end.

*Capital Assets* - Capital assets, which include property and equipment, are reported in the government-wide financial statements. Capital assets are defined by the School as assets that have initial lives extending beyond one fiscal year and have a unit cost of \$10,000 or more, except for major capital outlays for buildings and improvements that shall have a total cost greater than \$50,000.

Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition price at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materiality extend asset lives are not capitalized.

**Boulder Preparatory High School**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2025**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**Assets, Liabilities and Fund Equity** (Continued)

Capital assets are depreciated using the straight-line method over the following estimated useful lives.

Buildings and Improvements	20 to 40 years
Equipment and Vehicles	5 to 20 years

On July 23, 2024, the School transferred ownership of the building unit, which was paid off in May 2024, to the District. For fiscal year 2024-25, the District owns the School's three occupied units, but the School funds its own building improvements.

*Deferred Outflows of Resources* - In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The School reports certain items in this category related to its defined benefit pension and OPEB plans (see Notes 5 and 6).

*Accrued Compensation and Benefits* - Salaries and benefits of certain contractually employed personnel are paid over a twelve month period from August to July, but are earned during a school year of approximately nine to ten months. The salaries and benefits earned, but unpaid, are reported as a liability in the financial statements.

*Net Pension Liability* - The School reports a net pension liability for its proportionate share of PERA's unfunded pension liability. See Note 5 for additional information.

*Net OPEB Liability* - The School reports a net OPEB liability for its proportionate share of PERA's unfunded OPEB liability. See Note 6 for additional information.

*Deferred Inflows of Resources* - In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The School reports certain items in this category related to its defined benefit pension and OPEB plans (see Notes 5 and 6).

*Net Position/Fund Balance* - Net investment in capital assets represent the School's capital assets net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets. Restricted net position represents resources with legal or contractual obligations to spend in accordance with restrictions imposed by external third parties. The unrestricted classification includes all net position not invested in capital assets or restricted. The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the School is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

**Boulder Preparatory High School**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2025**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**Assets, Liabilities and Fund Equity** (Continued)

- Nonspendable fund balance - Amounts that are not in a spendable form or are either legally or contractually required to be maintained intact. Examples include prepaid items and supplies inventory.
- Restricted fund balance - Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, contract provisions, or by enabling legislation.
- Committed fund balance - Amounts constrained to specific purposes through resolution by the Board of Directors are reported as committed. Amounts cannot be used for any other purpose unless the Board takes the same action to modify or rescind the commitment.
- Assigned fund balance - Amounts constrained for specific purposes, but are neither restricted nor committed, by the Board of Directors through an informal action. June 30, 2025 assigned fund balance of \$68,349 represents the amount by which expenditures exceed revenues in the fiscal year 2025-26 adopted budget.
- Unassigned fund balance - The residual amount reported when the balances do not meet any of the above criterion. The School reports positive unassigned fund balance only in the general fund. Negative unassigned balances may be reported in all funds.

*Fund Balance Policy* - The School has not established a formal policy for its use of restricted and unrestricted fund balances. However, if both restricted and unrestricted fund balances are available for a specific purpose, the School uses restricted fund balance first, followed by committed, assigned and unassigned balances.

**On-behalf Payments**

GAAP requires that direct on-behalf payments for fringe benefits and salaries made by one entity to a third party recipient for the employees of another, legally separate entity be recognized as revenue and expenditures by the employer government. The State of Colorado makes direct on-behalf payments for retirement benefits to Colorado PERA. Beginning on July 1, 2018, the State of Colorado is required to make a payment to PERA each year equal to \$225 million. PERA allocates the contribution to the trust funds of the State, School, Denver Public Schools, and Judicial Division Trust Funds of PERA, as proportionate to the annual payroll of each division. This annual payment is required on July 1st of each year thereafter until there are no unfunded actuarial accrued liabilities of any division of PERA that receives the direct distribution. The amount of on-behalf payments made for the School by the State of Colorado is recorded in the fund financial statements.

**Boulder Preparatory High School**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2025**

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

**District Purchased Services**

The District provides certain maintenance, insurance, administrative and other services to the School. Total current year costs charged to the School were \$305,969.

**Risk Management**

The School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; injuries to employees; and natural disasters. The School participates in the District's risk management programs for these risks of loss. Settled claims have not exceeded coverage limits in the last three years.

**Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

**NOTE 2: CASH AND INVESTMENTS**

At June 30, 2025, the School had the following cash and investments:

Deposits	\$ 339,722
Cash Held by the District	1,382,289
Investments	175,318
Total	\$ 1,897,329

**Deposits**

The Colorado Public Deposit Protection Act (PDPA) requires all local government entities to deposit cash in eligible public depositories. Eligibility is determined by state regulations. Amounts on deposit in excess of federal insurance levels must be collateralized by eligible collateral as determined by the PDPA. The PDPA allows the financial institution to create a single collateral pool for all public funds held. The pool is to be maintained by another institution, or held in trust for all uninsured public deposits as a group. The fair market value of the collateral must be at least equal to 102% of the uninsured deposits. The majority of deposits and cash held by the District are in PDPA-eligible public depositories. Deposits of \$15,391 are held in a brokerage account and insured by the Federal Deposit Insurance Corporation (FDIC).

**Boulder Preparatory High School**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2025**

**NOTE 2: CASH AND INVESTMENTS** (Continued)

**Investments**

The School is required to comply with State statutes which specify investment instruments meeting defined rating, maturity and concentration risk criteria in which local government may invest, which include the following. State statutes generally limit the maturity of investment securities to five years from the date of purchase, unless the governing board authorizes an investment for a period in excess of five years. State statutes generally do not address custodial risk.

- Obligations of the United States and certain U.S. Agency securities
- Certain international agency securities
- General obligation and revenue bonds of U.S. local government entities
- Bankers' acceptances of certain banks
- Commercial paper
- Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- Guaranteed investment contracts
- Local government investment pools

In addition to investments allowed under State statute, the School's investment policy allows for investments in stock mutual funds, bond mutual funds and common stock. Investments at June 30, 2025, consist of the following:

<u>Investment</u>	<u>Maturity Less Than One Year</u>	<u>Maturity 1 to 5 Years</u>	<u>Total</u>	<u>Standard &amp; Poor's Rating</u>
Certificates of Deposit	\$ 104,115	\$ -	\$ 104,115	A+
Common Stock	71,203	-	71,203	n/a
	<u>\$ 175,318</u>	<u>\$ -</u>	<u>\$ 175,318</u>	

*Interest Rate Risk* - State statutes generally limit the maturity date of investment securities to five years from the date of purchase unless the governing board authorizes the investment for a period in excess of five years.

*Credit Risk* - The School has no policy toward credit risk other than to follow State statutes, which limit certain investments to those with specified ratings provided by nationally recognized statistical rating organizations, depending on the type of investment.

*Concentration of Credit Risk* - State statutes do not limit the amount the School may invest in one issuer, except for corporate securities.

**Boulder Preparatory High School**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2025**

**NOTE 2: CASH AND INVESTMENTS** (Continued)

**Investments** (Continued)

Investments in any one issuer that represents 5% or more of the School's total investments are as follows:

<b>Holding</b>	<u>Amount</u>	<u>% of Investments</u>
JPMorgan Chase & Co	\$ 104,115	59%
Alphabet Inc.	17,623	10%
Berkshire Hathaway	12,144	7%
Netflix Inc.	13,391	8%
	<u>\$ 147,273</u>	

**Fair Value Measurements**

The School categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The School's investments in certificates of deposit and common stock are measured at fair value on a recurring basis using Level 1 inputs.

**NOTE 3: CAPITAL ASSETS**

Capital asset activity for the year ended June 30, 2025, is summarized below.

	<u>Balance 6/30/24</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance 6/30/25</u>
<b>Governmental Activities</b>				
Capital Assets, Not Being Depreciated				
Land	\$ 76,400	\$ -	\$ (76,400)	\$ -
Total Capital Assets, Not Being Depreciated	<u>76,400</u>	<u>-</u>	<u>(76,400)</u>	<u>-</u>
Capital Assets, Being Depreciated				
Buildings and Improvements	547,442	-	(447,547)	99,895
Equipment and Vehicles	136,420	693,872	(20,000)	810,292
Total Capital Assets, Being Depreciated	<u>683,862</u>	<u>693,872</u>	<u>(467,547)</u>	<u>910,187</u>
Less Accumulated Depreciation For				
Buildings and Improvements	249,885	8,487	(174,905)	83,467
Equipment and Vehicles	60,804	69,726	(15,416)	115,114
Total Accumulated Depreciation	<u>310,689</u>	<u>78,213</u>	<u>(190,321)</u>	<u>198,581</u>
Total Capital Assets, Being Depreciated, Net	<u>373,173</u>	<u>615,659</u>	<u>(277,226)</u>	<u>711,606</u>
Governmental Activities Capital Assets, Net	<u>\$ 449,573</u>	<u>\$ 615,659</u>	<u>\$ (353,626)</u>	<u>\$ 711,606</u>

Depreciation expense was charged to the instruction services program of the School.

## NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2025

### NOTE 4: DEFINED BENEFIT PENSION PLAN

#### Summary of Significant Accounting Policies

*Pensions.* The School participates in the School Division Trust Fund (SCHDTF), a cost-sharing multiple-employer defined benefit pension plan administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position (FNP) and additions to/deductions from the FNP of the SCHDTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### General Information about the Pension Plan

*Plan Description.* Eligible employees of the School are provided with pensions through the SCHDTF—a cost-sharing multiple-employer defined benefit pension plan administered by PERA. Plan benefits are specified in Title 24, Article 51 of the Colorado Revised Statutes (C.R.S.), administrative rules set forth at 8 C.C.R. 1502-1, and applicable provisions of the federal Internal Revenue Code. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available annual comprehensive financial report (ACFR) that can be obtained at [www.copera.org/forms-resources/financial-reports-and-studies](http://www.copera.org/forms-resources/financial-reports-and-studies).

*Benefits provided as of December 31, 2024.* PERA provides retirement, disability, and survivor benefits. Retirement benefits are determined by the amount of service credit earned and/or purchased, highest average salary, the benefit structure(s) under which the member retires, the benefit option selected at retirement, and age at retirement. Retirement eligibility is specified in tables set forth at C.R.S. § 24-51-602, 604, 1713, and 1714.

The lifetime retirement benefit for all eligible retiring employees under the PERA Benefit Structure is the greater of the:

- Highest average salary multiplied by 2.5% and then multiplied by years of service credit.
- The value of the retiring employee's member contribution account plus a 100% match on eligible amounts as of the retirement date. This amount is then annuitized into a monthly benefit based on life expectancy and other actuarial factors.

In all cases the service retirement benefit is limited to 100% of highest average salary and cannot exceed the maximum benefit allowed by federal Internal Revenue Code.

Members may elect to withdraw their member contribution accounts upon termination of employment with all PERA employers; waiving rights to any lifetime retirement benefits earned. If eligible, the member may receive a match of either 50% or 100% on eligible amounts depending on when contributions were remitted to PERA, the date employment was terminated, whether 5 years of service credit has been obtained and the benefit structure under which contributions were made.

**Boulder Preparatory High School**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2025**

**NOTE 4: DEFINED BENEFIT PENSION PLAN** (Continued)

**General Information about the Pension Plan** (Continued)

Upon meeting certain criteria, benefit recipients who elect to receive a lifetime retirement benefit generally receive post-retirement cost-of-living adjustments, referred to as annual increases in the C.R.S. Subject to the automatic adjustment provision (AAP) under C.R.S. § 24-51-413, eligible benefit recipients under the PERA benefit structure who began membership before January 1, 2007, and all eligible benefit recipients of the DPS benefit structure will receive the maximum annual increase (AI) or AI cap of 1.00% unless adjusted by the AAP. Eligible benefit recipients under the PERA benefit structure who began membership on or after January 1, 2007, will receive the lesser of an annual increase of the 1.00% AI cap or the average increase of the Consumer Price Index for Urban Wage Earners and Clerical Workers for the prior calendar year, not to exceed a determined increase that would exhaust 10% of PERA’s Annual Increase Reserve (AIR) for the SCHDTF. The AAP may raise or lower the aforementioned AI cap by up to 0.25% based on the parameters specified in C.R.S. § 24-51-413.

Disability benefits are available for eligible employees once they reach five years of earned service credit and are determined to meet the definition of disability. The disability benefit amount is based on the lifetime retirement benefit formula(s) shown above considering a minimum 20 years of service credit, if deemed disabled.

Survivor benefits are determined by several factors, which include the amount of earned service credit, highest average salary of the deceased, the benefit structure(s) under which service credit was obtained, and the qualified survivor(s) who will receive the benefits.

*Contributions provisions as of June 30, 2025.* Eligible employees of the School and the State are required to contribute to the SCHDTF at a rate set by Colorado statute. The contribution requirements for the SCHDTF are established under C.R.S. § 24-51-401, *et seq.* and § 24-51-413. Eligible employees are required to contribute 11.0% of their PERA-includable salary during the period of July 1, 2024 through June 30, 2025. Employer contribution requirements are summarized in the table below:

	July 1, 2024 Through June 30, 2025
Employer contribution rate	11.40%
Amount of employer contribution apportioned to the Health Care Trust Fund as specified in C.R.S. § 24-51-208(1)(f)	(1.02)%
Amount apportioned to the SCHDTF	10.38%
Amortization Equalization Disbursement (AED) as specified in C.R.S. § 24-51-411	4.50%
Supplemental Amortization Equalization Disbursement (SAED) as specified in C.R.S. § 24-51-411	5.50%
Total employer contribution rate to the SCHDTF	20.38%

Contribution rates for the SCHDTF are expressed as a percentage of salary as defined in C.R.S. § 24-51-101(42).

**Boulder Preparatory High School**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2025**

**NOTE 4: DEFINED BENEFIT PENSION PLAN** (Continued)

**General Information about the Pension Plan** (Continued)

Employer contributions are recognized by the SCHDTF in the period in which the compensation becomes payable to the member and the School is statutorily committed to pay the contributions to the SCHDTF. Employer contributions recognized by the SCHDTF from the School were \$160,676 for the year ended June 30, 2025.

For purposes of GASB 68 paragraph 15, a circumstance exists in which a nonemployer contributing entity is legally responsible for making contributions to the SCHDTF and is considered to meet the definition of a special funding situation. As specified in C.R.S. § 24-51-414, the State is required to contribute a \$225 million direct distribution each year to PERA starting on July 1, 2018. For 2024, a portion of the direct distribution payment is allocated to the SCHDTF based on the proportionate amount of annual payroll of the SCHDTF to the total annual payroll of the SCHDTF, State Division Trust Fund, Judicial Division Trust Fund, and Denver Public Schools Division Trust Fund.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

The net pension liability for the SCHDTF was measured as of December 31, 2024, and the total pension liability (TPL) used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2023. Standard update procedures were used to roll-forward the TPL to December 31, 2024. The School's proportion of the net pension liability was based on the School's contributions to the SCHDTF for the calendar year 2024 relative to the total contributions of participating employers and the State as a nonemployer contributing entity.

At June 30, 2025, the School reported a liability of \$1,775,593 for its proportionate share of the net pension liability that reflected an increase for support from the State as a nonemployer contributing entity. The amount recognized by the School as its proportionate share of the net pension liability, the related support from the State as a nonemployer contributing entity, and the total portion of the net pension liability that was associated with the School were as follows:

The School's proportionate share of the net pension liability	\$	1,775,593
 The State's proportionate share of the net pension liability as a nonemployer contributing entity associated with the School	 \$	 <u>159,477</u>
 Total	 \$	 <u><u>1,935,070</u></u>

At December 31, 2024, the School's proportion was 0.01029037%, which was a reduction of 0.00168317% from its proportion measured as of December 31, 2023.

For the year ended June 30, 2025, the School recognized pension expense of \$24,881 and expense of \$17,769 for support from the State as a nonemployer contributing entity. At June 30, 2025, the School reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

**Boulder Preparatory High School**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2025**

**NOTE 4: DEFINED BENEFIT PENSION PLAN** (Continued)

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions** (Continued)

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 100,549	\$ -
Changes of assumptions or other inputs	13,312	-
Net difference between projected and actual earnings on pension plan investments	33,501	-
Changes in proportion and differences between contributions recognized and proportionate share of contributions	104,483	209,735
Contributions subsequent to the measurement date	83,812	-
Total	<u>\$ 335,657</u>	<u>\$ 209,735</u>

\$83,812 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,

2026	\$ 73,629
2027	74,742
2028	(82,368)
2029	(23,893)
2030	-
Thereafter	-

*Actuarial assumptions.* The December 31, 2023, actuarial valuation used the following actuarial cost method and key actuarial assumptions and other inputs:

Actuarial cost method	Entry age
Price inflation	2.30%
Real wage growth	0.70%
Wage inflation	3.00%
Salary increases, including wage inflation	3.40% – 11.00%
Long-term investment rate of return, net of pension plan investment expenses, including price inflation	7.25%
Discount rate	7.25%
Post-retirement benefit increases:	
PERA Benefit Structure hired prior to 1/1/07 (compounded annually)	1.00%
PERA Benefit Structure hired after 12/31/06 <sup>1</sup>	Financed by the AIR

<sup>1</sup>Post-retirement benefit increases are provided by the AIR, accounted separately within each Division Trust Fund, and subject to moneys being available; therefore, liabilities related to increases for members of these benefit tiers can never exceed available assets.

All mortality assumptions are developed on a benefit-weighted basis and apply generational mortality. Note that in all categories, displayed as follows, the mortality tables are generationally projected using scale MP-2019.

	Mortality Table	Adjustments, as Applicable
Pre-Retirement	PubT-2010 Employee	N/A
Post-Retirement (Retiree), Non-Disabled	PubT-2010 Healthy Retiree	<b>Males:</b> 112% of the rates prior to age 80/ 94% of the rates age 80 and older <b>Females:</b> 83% of the rates prior to age 80/ 106% of the rates age 80 and older
Post-Retirement (Beneficiary), Non-Disabled	Pub-2010 Contingent Survivor	<b>Males:</b> 97% of the rates for all ages <b>Females:</b> 105% of the rates for all ages
Disabled	PubNS-2010 Disabled Retiree	99% of the rates for all ages

The actuarial assumptions used in the December 31, 2023, valuation were based on the 2020 experience analysis, dated October 28, 2020, for the period January 1, 2016, through December 31, 2019. Revised economic and demographic assumptions were adopted by the PERA Board on November 20, 2020.

# Boulder Preparatory High School

## NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2025

**NOTE 4: DEFINED BENEFIT PENSION PLAN** (Continued)

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions** (Continued)

Based on the 2024 experience analysis, dated January 3, 2025, for the period January 1, 2020, to December 31, 2023, revised actuarial assumptions were adopted by PERA's Board on January 17, 2025, and were effective as of December 31, 2024. The following assumptions were reflected in the roll forward calculation of the total pension liability from December 31, 2023, to December 31, 2024.

Salary increases, including wage inflation: 4.00%-13.40%

Salary scale assumptions were altered to better reflect actual experience.

Rates of termination/withdrawal, retirement, and disability were revised to more closely reflect actual experience.

The estimated administrative expense as a percentage of covered payroll was increased from 0.40% to 0.45%.

The adjustments for credibility applied to the Pub-2010 mortality tables for active and retired lives, including beneficiaries, were updated based on the experience. All mortality assumptions are developed on a benefit-weighted basis. Note that in all categories, displayed as follows, the mortality tables are generationally projected using the 2024 adjusted MP-2021 projection scale.

	Mortality Table	Adjustments, as Applicable
Pre-Retirement	PubT-2010 Employee	N/A
Post-Retirement (Retiree), Non-Disabled	PubT-2010 Healthy Retiree	<b>Males:</b> 106% of the rates for all ages <b>Females:</b> 86% of the rates prior to age 85/ 115% of the rates age 85 and older
Post-Retirement (Beneficiary), Non-Disabled	Pub-2010 Contingent Survivor	<b>Males:</b> 92% of the rates for all ages <b>Females:</b> 100% of the rates for all ages
Disabled	PubNS-2010 Disabled Retiree	95% of the rates for all ages

The long-term expected return on plan assets is monitored on an ongoing basis and reviewed as part of periodic experience studies prepared every four years, and asset/liability studies, performed every three to five years for PERA. The most recent analyses were outlined in the 2024 Experience Study report dated January 3, 2025.

Several factors are considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentages and then adding expected inflation.

## NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2025

### NOTE 4: DEFINED BENEFIT PENSION PLAN (Continued)

#### **Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions** (Continued)

The PERA Board first adopted the 7.25% long-term expected rate of return as of November 18, 2016. Following an asset/liability study, the Board reaffirmed the assumed rate of return at the Board's November 15, 2019, and again at the Board's September 20, 2024, meeting. As of the most recent reaffirmation of the long-term rate of return, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the table as follows:

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
Global Equity	51.00%	5.00%
Fixed Income	23.00%	2.60%
Private Equity	10.00%	7.60%
Real Estate	10.00%	4.10%
Alternatives	6.00%	5.20%
Total	100.00%	

Note: In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected nominal rate of return assumption of 7.25%.

*Discount rate.* The discount rate used to measure the TPL was 7.25%. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.00%.
- Employee contributions were assumed to be made at the member contribution rates in effect for each year, including the scheduled increases in Senate Bill (SB) 18-200 and required adjustments resulting from the 2018 and 2020 AAP assessments. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law for each year, including the scheduled increase in SB 18-200, required adjustments resulting from the 2018 and 2020 AAP assessments. Employer contributions also include current and estimated future AED and SAED, until the actuarial value funding ratio reaches 103%, at which point the AED and SAED will each drop 0.50% every year until they are zero. Additionally, estimated employer contributions reflect reductions for the funding of the AIR and retiree health care benefits. For future plan members, employer contributions were further reduced by the estimated amount of total service costs for future plan members not financed by their member contributions.

**Boulder Preparatory High School**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2025**

**NOTE 4: DEFINED BENEFIT PENSION PLAN** (Continued)

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions** (Continued)

- As specified in law, the State, as a nonemployer contributing entity, will provide an annual direct distribution of \$225 million, commencing July 1, 2018, that is proportioned between the State, School, Judicial, and DPS Division Trust Funds based upon the covered payroll of each Division. The annual direct distribution ceases when all Division Trust Funds are fully funded.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- The AIR balance was excluded from the initial FNP, as, per statute, AIR amounts cannot be used to pay benefits until transferred to either the retirement benefits reserve or the survivor benefits reserve, as appropriate. AIR transfers to the FNP and the subsequent AIR benefit payments were estimated and included in the projections.
- Benefit payments and contributions were assumed to be made at the middle of the year.

Based on the above assumptions and methods, the SCHDTF's FNP was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25% on pension plan investments was applied to all periods of projected benefit payments to determine the TPL. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25%. There was no change in the discount rate from the prior measurement date.

*Sensitivity of the School's proportionate share of the net pension liability to changes in the discount rate.* The following presents the proportionate share of the net pension liability calculated using the discount rate of 7.25%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.25%) or 1-percentage point higher (8.25%) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Proportionate share of the net pension liability	\$ 2,407,293	\$ 1,775,593	\$ 1,246,456

*Pension plan fiduciary net position.* Detailed information about the SCHDTF's FNP is available in PERA's ACFR which can be obtained at [www.copera.org/forms-resources/financial-reports-and-studies](http://www.copera.org/forms-resources/financial-reports-and-studies).

# Boulder Preparatory High School

## NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2025

### NOTE 5: DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN

#### Summary of Significant Accounting Policies

*OPEB.* The School participates in the Health Care Trust Fund (HCTF), a cost-sharing multiple-employer defined benefit OPEB fund administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, information about the fiduciary net position (FNP) and additions to/deductions from the FNP of the HCTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefits paid on behalf of health care participants are recognized when due and/or payable in accordance with the benefit terms. Investments are reported at fair value.

#### General Information about the OPEB Plan

*Plan description.* Eligible employees of the School are provided with OPEB through the HCTF—a cost-sharing multiple-employer defined benefit OPEB plan administered by PERA. The HCTF is established under Title 24, Article 51, Part 12 of the Colorado Revised Statutes (C.R.S.), as amended, and sets forth a framework that grants authority to the PERA Board to contract, self-insure, and authorize disbursements necessary in order to carry out the purposes of the PERACare program, including the administration of the premium subsidies. Colorado State law provisions may be amended by the Colorado General Assembly. PERA issues a publicly available annual comprehensive financial report (ACFR) that can be obtained at [www.copera.org/forms-resources/financial-reports-and-studies](http://www.copera.org/forms-resources/financial-reports-and-studies).

*Benefits provided.* The HCTF provides a health care premium subsidy to eligible participating PERA benefit recipients and retirees who choose to enroll in one of the PERA health care plans, however, the subsidy is not available if only enrolled in the dental and/or vision plan(s). The health care premium subsidy is based upon the benefit structure under which the member retires and the member's years of service credit. For members who retire having service credit with employers in the Denver Public Schools (DPS) Division and one or more of the other four Divisions (State, School, Local Government and Judicial), the premium subsidy is allocated between the HCTF and the Denver Public Schools Health Care Trust Fund (DPS HCTF). The basis for the amount of the premium subsidy funded by each trust fund is the percentage of the member contribution account balance from each division as it relates to the total member contribution account balance from which the retirement benefit is paid.

C.R.S. § 24-51-1202 *et seq.* specifies the eligibility for enrollment in the health care plans offered by PERA and the amount of the premium subsidy. The law governing a benefit recipient's eligibility for the subsidy and the amount of the subsidy differs slightly depending under which benefit structure the benefits are calculated. All benefit recipients under the PERA benefit structure are eligible for a premium subsidy, if enrolled in a health care plan under PERACare.

Enrollment in the PERACare health benefits program is voluntary and is available to benefit recipients and their eligible dependents, certain surviving spouses, and divorced spouses and guardians, among others. Eligible benefit recipients may enroll into the program upon retirement, upon the occurrence of certain life events, or on an annual basis during an open enrollment period.

#### *PERA Benefit Structure*

# Boulder Preparatory High School

## NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2025

### NOTE 5: DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (Continued)

#### General Information about the OPEB Plan (Continued)

The maximum service-based premium subsidy is \$230 per month for benefit recipients who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for benefit recipients who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The maximum service-based subsidy, in each case, is for benefit recipients with retirement benefits based on 20 or more years of service credit. There is a 5% reduction in the subsidy for each year less than 20. The benefit recipient pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

For benefit recipients who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, C.R.S. § 24-51-1206(4) provides an additional subsidy. According to the statute, PERA cannot charge premiums to benefit recipients without Medicare Part A that are greater than premiums charged to benefit recipients with Part A for the same plan option, coverage level, and service credit. Currently, for each individual PERACare enrollee, the total premium for Medicare coverage is determined assuming plan participants have both Medicare Part A and Part B and the difference in premium cost is paid by the HCTF or the DPS HCTF on behalf of benefit recipients not covered by Medicare Part A.

For retirees who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, the HCTF or the DPS HCTF pays an alternate service-based premium subsidy. Each individual retiree meeting these conditions receives the maximum \$230 per month subsidy reduced appropriately for service less than 20 years, as described above. Retirees who do not have Medicare Part A pay the difference between the total premium and the monthly subsidy.

*Contributions.* Pursuant to Title 24, Article 51, Section 208(1)(f) of the C.R.S., as amended, certain contributions are apportioned to the HCTF. PERA-affiliated employers of the State, School, Local Government, and Judicial Divisions are required to contribute at a rate of 1.02% of PERA-includable salary into the HCTF.

Employer contributions are recognized by the HCTF in the period in which the compensation becomes payable to the member and the School is statutorily committed to pay the contributions. Employer contributions recognized by the HCTF from the School were \$8,042 for the year ended June 30, 2025.

#### **OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

At June 30, 2025, the School reported a liability of \$31,504 for its proportionate share of the net OPEB liability. The net OPEB liability for the HCTF was measured as of December 31, 2024, and the total OPEB liability (TOL) used to calculate the net OPEB liability was determined by an actuarial valuation as of December 31, 2023. Standard update procedures were used to roll-forward the TOL to December 31, 2024. The School's proportion of the net OPEB liability was based on the School's contributions to the HCTF for the calendar year 2024 relative to the total contributions of participating employers to the HCTF.

**Boulder Preparatory High School**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2025**

**NOTE 5: DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN** (Continued)

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB** (Continued)

At December 31, 2024, the School's proportion was 0.00658850%, which was a decrease of 0.00057462% from its proportion measured as of December 31, 2023.

For the year ended June 30, 2025, the School recognized net OPEB income of \$7,947. At June 30, 2025, the School reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ -	6,949
Changes of assumptions or other inputs	361	10,070
Net difference between projected and actual earnings on OPEB plan investments	107	-
Changes in proportion and differences between contributions recognized and proportionate share of contributions	2,649	9,019
Contributions subsequent to the measurement date	4,195	-
Total	\$ 7,312	\$ 26,038

\$4,195 reported as deferred outflows of resources related to OPEB, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30,

2026	\$ (4,996)
2027	(3,986)
2028	(5,449)
2029	(4,170)
2030	(3,424)
Thereafter	(896)

*Actuarial assumptions.* The December 31, 2023, actuarial valuation used the following actuarial cost method and key actuarial assumptions and other inputs:

# Boulder Preparatory High School

## NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2025

**NOTE 5: DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN** (Continued)

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB** (Continued)

Actuarial cost method	Entry age
Price inflation	2.30%
Real wage growth	0.70%
Wage inflation	3.00%
Salary increases, including wage inflation	3.40%-11.00%
Long-term investment rate of return, net of OPEB plan investment expenses, including price inflation	7.25%
Discount rate	7.25%
Health care cost trend rates	
PERA benefit structure:	
Service-based premium subsidy	0.00%
PERACare Medicare plans	16.00% in 2024, then 6.75% in 2025, gradually decreasing to 4.50% in 2034
Medicare Part A premiums	3.50% in 2024, gradually increasing to 4.50% in 2033

As of the December 31, 2024, measurement date, the FNP and related disclosure components for the HCTF reflect additional payments related to the disaffiliation of Tri-County Health Department (Tri-County Health) as a PERA-affiliated employer, effective December 31, 2022. The additional employer disaffiliation payment allocations to the HCTF and Local Government Division Trust Fund were \$0.020 million and \$0.486 million, respectively.

Each year the per capita health care costs are developed by plan option. As of the December 31, 2023, actuarial valuation, costs are based on 2024 premium rates for the UnitedHealthcare Medicare Advantage Prescription Drug (MAPD) PPO plan #1, the UnitedHealthcare MAPD PPO plan #2, and the Kaiser Permanente MAPD HMO plan. Actuarial morbidity factors are then applied to estimate individual retiree and spouse costs by age, gender, and health care cost trend. This approach applies for all members and is adjusted accordingly for those not eligible for premium-free Medicare Part A for the PERA benefit structure.

	<u>Retiree/Spouse</u>		<u>Retiree/Spouse</u>		<u>Retiree/Spouse</u>	
	Male	Female	Male	Female	Male	Female
65	\$ 1,710	\$ 1,420	\$ 585	\$ 486	\$ 1,897	\$ 1,575
70	1,921	1,589	657	544	2,130	1,763
75	2,122	1,670	726	571	2,353	1,853

  

Sample Age	<u>MAPD PPO #1 without Medicare Part A</u>		<u>MAPD PPO #2 without Medicare Part A</u>		<u>MAPD HMO (Kaiser) without Medicare Part A</u>	
	<u>Retiree/Spouse</u>		<u>Retiree/Spouse</u>		<u>Retiree/Spouse</u>	
	Male	Female	Male	Female	Male	Female
65	\$ 6,536	\$ 5,429	\$ 4,241	\$ 3,523	\$ 7,063	\$ 5,866
70	7,341	6,073	4,764	3,941	7,933	6,563
75	8,110	6,385	5,262	4,143	8,763	6,900

The 2024 Medicare Part A premium is \$505 per month.

All costs are subject to the health care cost trend rates, as discussed below.

Health care cost trend rates reflect the change in per capita health costs over time due to factors such as medical inflation, utilization, plan design, and technology improvements. For the PERA benefit structure, health care cost trend rates are needed to project the future costs associated with providing benefits to those PERACare enrollees not eligible for premium-free Medicare Part A.

# Boulder Preparatory High School

## NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2025

### NOTE 5: DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (Continued)

#### OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

Health care cost trend rates for the PERA benefit structure are based on published annual health care inflation surveys in conjunction with actual plan experience (if credible), building block models and industry methods developed by health plan actuaries and administrators. In addition, projected trends for the Federal Hospital Insurance Trust Fund (Medicare Part A premiums) provided by the Centers for Medicare & Medicaid Services are referenced in the development of these rates. PERACare Medicare plan rates are applied where members have no premium-free Part A and where those premiums are already exceeding the maximum subsidy. MAPD PPO #2 has a separate trend because the first year rates are still below the maximum subsidy and to reflect the estimated impact of the Inflation Reduction Act for that plan option.

The PERA benefit structure health care cost trend rates that were used to measure the TOL are summarized in the table below:

<u>Year</u>	<u>PERACare Medicare Plans<sup>1</sup></u>	<u>MAPD PPO #21</u>	<u>Medicare Part A Premiums</u>
2024	16.00%	105.00%	3.50%
2025	6.75%	8.55%	3.75%
2026	6.50%	8.10%	3.75%
2027	6.25%	7.65%	4.00%
2028	6.00%	7.20%	4.00%
2029	5.75%	6.75%	4.25%
2030	5.50%	6.30%	4.25%
2031	5.25%	5.85%	4.25%
2032	5.00%	5.40%	4.25%
2033	4.75%	4.95%	4.50%
2034+	4.50%	4.50%	4.50%

<sup>1</sup> Increase in 2024 trend rates due to the effect of the Inflation Reduction Act

Mortality assumptions used in the December 31, 2023, valuation for the Division Trust Funds as shown in the following table, reflect generational mortality and were applied, as applicable, in the December 31, 2023, valuation for the HCTF, but developed using a headcount-weighted basis. Note that in all categories, displayed as follows, the mortality tables are generationally projected using scale MP-2019. Affiliated employers of the State, School, Local Government and Judicial Divisions participate in the HCTF.

**NOTE 5: DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (Continued)**

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)**

The following health care costs assumptions were updated and used in the roll forward calculation for the HCTF:

- Per capita health care costs in effect as of the December 31, 2023, valuation date for those PERACare enrollees under the PERA benefit structure who are expected to be age 65 and older and are not eligible for premium-free Medicare Part A benefits have been updated to reflect costs for the 2024 plan year.
- The health care cost trend rates applicable to health care premiums were revised to reflect the current expectation of future increases in those premiums. A separate trend rate assumption set was added for MAPD PPO #2 as the first-year rate is still below the maximum subsidy and also the assumption set reflects the estimated impact of the Inflation Reduction Act for that plan option.
- The Medicare health care plan election rate assumptions were updated effective as of the December 31, 2023, valuation date based on an experience analysis of recent data.

The actuarial assumptions used in the December 31, 2023 valuations were based on the 2020 experience analysis, dated October 28, 2020, and November 4, 2020, for the period January 1, 2016, through December 31, 2019. Revised economic and demographic assumptions were adopted by PERA's Board on November 20, 2020.

Based on the 2024 experience analysis, dated January 3, 2025, for the period January 1, 2020, to December 31, 2023, revised actuarial assumptions were adopted by PERA's Board on January 17, 2025, and were effective as of December 31, 2024. The following assumptions were reflected in the roll forward calculation of the total OPEB liability from December 31, 2023, to December 31, 2024.

Salary increases, including wage inflation: 4.00%-13.40%

The following health care costs assumptions were used in the roll forward calculation for the HCTF:

- Salary scale assumptions were altered to better reflect actual experience.
- Rates of termination/withdrawal, retirement, and disability were revised to more closely reflect actual experience.
- Participation rates were reduced.
- MAPD premium costs are no longer age graded.

Plan	With Medicare Part A	Without Medicare Part A
MAPD PPO #1	\$1,824	\$6,972
MAPD PPO #2	624	4,524
MAPD HMO (Kaiser)	2,040	7,596

## NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2025

**NOTE 5: DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN** (Continued)

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB** (Continued)

The adjustments for credibility applied to the Pub-2010 mortality tables for active and retired lives, including beneficiaries, were updated based on the experience. Note that in all categories, the mortality tables are generationally projected using the 2024 adjusted MP-2021 project scale. These assumptions updated for the Division Trust Funds, were also applied in the roll forward calculations for the HCTF using a headcount-weighted basis. Affiliated employers of the State, School, Local Government, and Judicial Divisions participate in the HCTF.

Pre-Retirement	Mortality Table	Adjustments, as Applicable
State and Local Government Divisions (members other than Safety Officers)	PubG-2010 Employee	N/A
Safety Officers	PubS-2010 Employee	N/A
School Division	PubT-2010 Employee	N/A
Judicial Division	PubG-2010(A) Above-Median Employee	N/A
Post-Retirement (Retiree), Non-Disabled	Mortality Table	Adjustments, as Applicable
State and Local Government Divisions (members other than Safety Officers)	PubG-2010 Healthy Retiree	<b>Males:</b> 90% of the rates for all ages <b>Females:</b> 85% of the rates prior to age 85/ 105% of the rates age 85 and older
Safety Officers	PubS-2010 Healthy Retiree	N/A
School Division	PubT-2010 Healthy Retiree	<b>Males:</b> 106% of the rates for all ages <b>Females:</b> 86% of the rates prior to age 85/ 115% of the rates age 85 and older
Judicial Division	PubG-2010(A) Above-Median Healthy Retiree	N/A
Post-Retirement (Beneficiary), Non-Disabled	Mortality Table	Adjustments, as Applicable
All Beneficiaries	Pub-2010 Contingent Survivor	<b>Males:</b> 92% of the rates for all ages <b>Females:</b> 100% of the rates for all ages
Disabled	Mortality Table	Adjustments, as Applicable
Members other than Safety Officers	PubNS-2010 Disabled Retiree	95% of the rates for all ages
Safety Officers	PubS-2010 Disabled Retiree	N/A

The actuarial assumptions pertaining to per capita health care costs and their related trend rates are analyzed annually and updated, as appropriate, by the PERA Board's actuary.

# Boulder Preparatory High School

## NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2025

### NOTE 5: DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (Continued)

#### OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

The long-term expected return on plan assets is monitored on an ongoing basis and reviewed as part of periodic experience studies prepared every four years, and asset/liability studies, performed every three to five years for PERA. The most recent analyses were outlined in the 2024 Experience Study report dated January 3, 2025.

Several factors are considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation.

The PERA Board first adopted the 7.25% long-term expected rate of return as of November 18, 2016. Following an asset/liability study, the Board reaffirmed the assumed rate of return at the Board's November 15, 2019, meeting, and again at the Board's September 20, 2024, meeting. As of the most recent reaffirmation of the long-term rate of return, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the table as follows:

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
Global Equity	51.00%	5.00%
Fixed Income	23.00%	2.60%
Private Equity	10.00%	7.60%
Real Estate	10.00%	4.10%
Alternatives	6.00%	5.20%
Total	100.00%	

Note: In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected nominal rate of return assumption of 7.25%.

*Sensitivity of the School's proportionate share of the net OPEB liability to changes in the Health Care Cost Trend Rates.* The following table presents the net OPEB liability using the current health care cost trend rates applicable to the PERA benefit structure, as well as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rates:

# Boulder Preparatory High School

## NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2025

**NOTE 5: DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN** (Continued)

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB** (Continued)

	1% Decrease in Trend Rates	Current Trend Rates	1% Increase in Trend Rates
Initial PERACare Medicare trend rate <sup>1</sup>	5.75%	6.75%	7.75%
Ultimate PERACare Medicare trend rate	3.50%	4.50%	5.50%
Initial MAPD PPO#2 trend rate <sup>1</sup>	7.55%	8.55%	9.55%
Ultimate MAPD PPO#2 trend rate	3.50%	4.50%	5.50%
Initial Medicare Part A trend rate <sup>1</sup>	2.75%	3.75%	4.75%
Ultimate Medicare Part A trend rate	3.50%	4.50%	5.50%
Net OPEB Liability	\$30,655	\$31,504	\$32,465

<sup>1</sup>For the January 1, 2025, plan year.

*Discount rate.* The discount rate used to measure the TOL was 7.25%. The basis for the projection of liabilities and the FNP used to determine the discount rate was an actuarial valuation performed as of December 31, 2023, and the financial status of the HCTF as of the current measurement date (December 31, 2024). In addition, the following methods and assumptions were used in the projection of cash flows:

- Updated health care cost trend rates for Medicare Part A premiums as of the December 31, 2023, measurement date.
- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.00%.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law and effective as of the measurement date.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- Estimated transfers of dollars into the HCTF representing a portion of purchase service agreements intended to cover the costs associated with OPEB benefits.
- Benefit payments and contributions were assumed to be made at the middle of the year.
- As of the December 31, 2024, measurement date, the FNP and related disclosure components for the HCTF reflect payments related to the disaffiliation of Tri-County Health Department as a PERA-affiliated employer, effective December 31, 2022. The additional employer disaffiliation payment allocations to the HCTF and Local Government Division Trust Fund were \$0.020 million and \$0.486 million, respectively.

**Boulder Preparatory High School**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**June 30, 2025**

**NOTE 5: DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN** (Continued)

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB** (Continued)

Based on the above assumptions and methods, the FNP for the HCTF was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25% on OPEB plan investments was applied to all periods of projected benefit payments to determine the TOL. The discount rate determination did not use the municipal bond index rate, and therefore, the discount rate is 7.25%. There was no change in the discount rate from the prior measurement date.

*Sensitivity of the School's proportionate share of the net OPEB liability to changes in the discount rate.* The following table presents the proportionate share of the net OPEB liability calculated using the discount rate of 7.25%, as well as what the proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25%) or 1-percentage-point higher (8.25%) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Proportionate share of the net OPEB liability	\$38,609	\$31,504	\$25,379

*OPEB plan fiduciary net position* - Detailed information about the HCTF's FNP is available in PERA's ACFR which can be obtained at [www.copera.org/forms-resources/financial-reports-and-studies](http://www.copera.org/forms-resources/financial-reports-and-studies).

**NOTE 6: COMMITMENTS AND CONTINGENCIES**

**Claims and Judgments**

The School participates in a number of federal and state programs that are fully or partially funded by revenues received from other governmental entities. Expenditures financed by these revenues are subject to audit by the appropriate government. If expenditures are disallowed due to noncompliance with program regulations, the School may be required to reimburse the other government. At June 30, 2025, significant amounts of related expenditures have not been audited, but management believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on the overall financial position of the School.

**Tabor Amendment**

In November 1992, Colorado voters passed Article X, Section 20 (the "Amendment") to the State Constitution which limits state and local government taxing powers and imposes spending limitations. The School believes it is in compliance with the Amendment. The Amendment requires all governments to establish a reserve for emergencies, representing 3% of fiscal year spending. At June 30, 2025, the emergency reserve of \$67,222 was reported as restricted fund balance and net position.

**Boulder Preparatory High School**  
**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**  
**June 30, 2025**

**NOTE 1: STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

**Budgets**

The budgets are legally adopted on a basis consistent with generally accepted accounting principles ("GAAP").

The School adheres to the following procedures in establishing the budgetary data reflected in the financial statements:

- By June 30, management submits to the Board of Trustees proposed budgets for the fiscal year commencing the following July 1. The budgets include proposed expenditures and the means of financing them.
- Prior to June 30, the budgets are adopted by the Board of Trustees.
- Expenditures may not legally exceed budget appropriations at the fund level. Revisions that alter the total expenditures must be approved by the Board of Trustees.
- All appropriations lapse at fiscal year end.

**NOTE 2: SIGNIFICANT CHANGES IN PLAN PROVISIONS AFFECTING TRENDS IN ACTUARIAL INFORMATION**

**2024 Changes in Plan Provisions Since 2023 - Pension**

- There were no changes made to the plan provisions.

**2024 Changes in Plan Provisions Since 2023 - OPEB**

- As of the December 31, 2024, measurement date, the FNP and related disclosure components for HCTF reflect additional payments related to the disaffiliation of Tri-County Health Department as a PERA-affiliated employer, effective December 31, 2022. The additional employer disaffiliation payment allocations to the HCTF and Local Government Division Trust Fund were \$0.020 million and \$0.486 million, respectively.

**Boulder Preparatory High School**  
**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**  
**June 30, 2025**

**NOTE 3: SIGNIFICANT CHANGES IN ASSUMPTIONS OR OTHER INPUTS AFFECTING TRENDS IN ACTUARIAL INFORMATION**

**2024 Changes in Assumptions Since 2023 - Pension**

- Salary scale assumptions were altered to better reflect actual experience.
- Rates of termination/withdrawal, retirement, and disability were revised to more closely reflect actual experience.
- The Pub-2010 Public Retirement Plans Mortality base tables were retained for purposes of active, retired, disabled, and beneficiary lives, with revised adjustments for credibility and gender, where applicable. In addition, the applied generational projection scale was updated to the 2024 adjusted scale MP-2021.
- The estimated administrative expense as a percentage of covered payroll was increased from 0.40% to 0.45%.

**Subsequent Events**

- SB 25-310, enacted June 2, 2025, and effective immediately, allows PERA to accept a series of warrants from the State Treasurer totaling \$500 million (actual dollars) on or after July 1, 2025, and before October 1, 2025. These dollars are to be proportioned over time to replace reductions to future direct distributions intended to fund the Peace Officer Training and Support Fund and, at that time, will be allocated to the appropriate Division Trust Fund(s) within PERA. SB 25-310 also allows for an alternative actuarial method to allocate the direct distribution if the allocation, based on the reported payroll of each participating division, results in an AAP assessment ratio below the 98% benchmark.

**2024 Changes in Assumptions Since 2023 - OPEB**

- Salary scale assumptions were altered to better reflect actual experience.
- Rates of termination/withdrawal, retirement, and disability were revised to more closely reflect actual experience.
- The adjustments for credibility applied to the Pub-2010 mortality tables for active and retired lives, including beneficiaries, were updated based on experience. In addition, the mortality projection scale was updated to the 2024 adjusted scale MP-2021 to reflect future improvements in mortality for all groups.
- Participation rates were reduced.
- MAPD premium costs are no longer age graded.
