INDEPENDENT AUDITORS' REPORT

Board of Education
Cheraw School District #31
Cheraw, Colorado

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Cheraw School District #31, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Cheraw School District #31's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Cheraw School District #31, as of June 30, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Cheraw School District #31, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cheraw School District #31's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Cheraw School District #31's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cheraw School District #31's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedules and pension/OPEB schedules be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Cheraw School District #31's basic financial statements. The individual major fund financial statements, combining and individual nonmajor fund financial statements, budgetary comparison schedules and the Colorado Department of Education Auditors' Electronic Financial Data Integrity Check Figures are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual major fund financial statements, combining and individual nonmajor fund financial statements and the Colorado Department of Education Auditors' Electronic Financial Data Integrity Check Figures are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**CHERAW SCHOOL DISTRICT #31
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR FISCAL YEAR ENDED JUNE 30, 2025**

Management of Cheraw School District #31 (the "District") offers readers of the District's Annual Financial Report this narrative and analysis of the financial activities of the District for the fiscal year ended June 30, 2025. Management encourages readers to consider the information presented here in conjunction with additional information provided in the Independent Auditors' report.

FINANCIAL HIGHLIGHTS

- In governmental activities, the District's assets and deferred outflow of resources exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$3,872,508.
- The District's governmental funds' assets exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$2,922,889 (fund balance). Of this amount, \$2,035,498 (unassigned fund balance) may be used to meet the District's ongoing obligations.
- As the end of the fiscal year, the District's governmental funds reported an increase in fund balance of \$332,908 from the prior year fund balance. The District had adequate resources available for all appropriations.

OVERVIEW OF FINANCIAL STATEMENTS

The management's discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The Cheraw School District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, 3) notes to basic financial statements.

Government-Wide Financial Statements

The government-wide financial statements provided are designed to supply the reader an overview of the District's financial activities similar to those statements used in the private sector. The government-wide statements relate to those activities directly related to the education of the students.

The statement of net position presents information on all of the District's assets and liabilities. The difference between the two is reported as net position. Changes in net position from year to year may be used as an indicator of the overall financial position of the District. Over time, changes in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents the current fiscal year revenues and expenses to show how the net position of the district changed during the year. In the statement of activities, changes in net position are recorded when the event occurs. This could mean that information may be reported for revenues and expenses that will result in cash flow differences in future fiscal years.

The government-wide financial statements include all governmental activities.

Governmental activities: Most of the District's basic services are included here, such as instruction, transportation, maintenance and operations, food service, and administration. The School Finance Act of 1994, as amended, made up of property taxes and state equalization, finances most of these activities. This information is comprised of all of the following Cheraw School District funds – general fund (which includes preschool activity), food service fund, and capital projects fund.

Fund Financial Statements

The fund financial statements provide detailed information about the District's funds, focusing on its most significant funds or "major" funds, not the District as a whole. Fund financial statements are designed to display compliance with finance-related legal requirements. A fund is a grouping of related accounts designed to keep control over resources segregated for specific activities or objectives. All of the funds of the District are governmental funds.

Governmental Funds

Governmental funds account for the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements emphasize short-term financial resources and fund balances (spendable resources available at the end of the fiscal year). Such information is used to evaluate the District's short-term financing requirements. Comparison of the governmental funds with the government-wide funds may allow the reader to better understand the long-term impact of the District's near-term financing decisions.

Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

In addition to the financial statements and accompanying notes, this report also contains other supplemental information concerning the District's non-major governmental funds. The combining statements of the non-major governmental funds are presented after the notes to the basic financial statements.

FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT AS A WHOLE

The assets of the Cheraw School District are classified as current assets and capital assets. Cash, investments, receivables, inventories, and prepaid expenditures are current assets. These assets are available to provide resources for the near-term operations of the District. Capital assets are used in the operations of the District. These assets include land, buildings, equipment, and vehicles.

The following tables provide a summary of the District's net position (deficit) as of June 30, 2025 and 2024:

	Governmental Activities	
	2025	2024

Net Position – Ending	<u>\$ 3,872,508</u>	<u>\$ 4,054,236</u>

Governmental Activities

The primary source of operating revenue for school districts comes from the School Finance Act of 1994. Under this act, the District received \$3,530,176. In fiscal year 2024-2025, the funded pupil count is 210.5 which includes the universal preschool program. Funding for the School Finance Act comes from property taxes, specific ownership taxes, and state equalization. The District received approximately 74 percent of its funding from state equalization while the remaining amount comes from property taxes, specific ownership taxes, grants, and other revenue sources.

Governmental activities for the year ended June 30, 2025 decreased the Cheraw School District's net position by \$181,728.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

Governmental Funds

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unreserved fund balance may serve as a useful measure of Cheraw School District's net resources available for spending at the end of the fiscal year.

The general fund is the major governmental fund of the Cheraw School District. The general fund includes preschool activity. As of June 30, 2025, the general fund shows an ending fund balance of \$2,208,374 up from \$1,864,497 for the prior year.

GENERAL FUND BUDGETARY HIGHLIGHTS

The District's budget is prepared according to Colorado law and is based on accounting for certain transactions on a basis of cash receipts and disbursements. The most significant budgeted fund is the General Fund.

- Actual revenues in the General Fund were \$320,179 more than anticipated.
- The actual expenditures were \$435,114 below budget.
- The District must maintain a 3% emergency reserve as a part of the TABOR Amendment (Taxpayer Bill of Rights). At June 30, 2025, the District's TABOR reserve amounted to \$126,500.

CAPITAL ASSETS

The District's net investment in capital assets for its governmental activities as of June 30, 2025 amounts to \$5,062,853. This is a total cost of \$8,572,170 less accumulated depreciation of \$3,509,317. This net investment in capital assets includes land, buildings and improvements, equipment, and capital leases all with an original cost greater than \$5,000. Additional information of the District's capital assets can be found in this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The budget for 2025-2026 will be very comparable to the 2024-2025 budget. District has added no major programs or initiatives to the 2025-2026 budget. If these estimates are realized, the District's budgetary general fund balance is not expected to change by the close of 2026.

Currently the District is in a good financial position, with adequate reserves that would continue to assist the district in maintaining expenses if a sudden decrease in revenue were to occur. The General Fund's ending fund balance increased from \$1,864,497 in the prior year to \$2,208,374 in the current year mainly due to the board approve transfer to Capital Reserve Capital Projects Fund in the prior year.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Business Manager or Superintendent, Cheraw School District, 110 Lakeview, P.O. Box 160, Cheraw, CO 81030.

NOTES TO BASIC FINANCIAL STATEMENTS

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Cheraw School District #31 (the "District") is governed by an elected five-member Board of Education. The District is the lowest level of government, which is considered to be financially accountable over all activities related to public school education in Cheraw, Colorado. The District receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities. The Board of Education members are elected by the public and have decision-making authority, the power to designate management, the ability to significantly influence operations, and primary accountability for fiscal matters.

FINANCIAL REPORTING ENTITY

Governmental Accounting Standards Board (GASB) Statement No. 14 (as amended by Statements No. 34, No. 39 and No. 61), "*The Financial Reporting Entity*" (GASB No. 14) describes the financial reporting entity as it relates to governmental accounting. According to this Statement, the financial reporting entity consists of a.) the primary government, b.) organizations for which the primary government is financially accountable, and c.) other organizations whose exclusion from the reporting entity's financial statements would cause those statements to be misleading or incomplete. Any organizations that can be described by these last two items are included with the primary government in the financial statements as component units.

The District is not included in any other governmental "reporting entity" as defined in GASB No. 14 and amended by GASB No. 39 and GASB No. 61. As required by accounting principles generally accepted in the United States of America, these basic financial statements present the District (the primary government) and its component units, if applicable.

Jointly Governed Organizations

Not reflected in the accompanying financial statements is the District's participation in the Santa Fe Trail Board of Cooperative Educational Services (BOCES). The BOCES is an organization that provides member districts educational services at a shared lower cost per district.

The District in conjunction with other local school districts has created a Board of Cooperative Educational Services. The Board is composed of one member from each of the participating school districts. The Board has final authority for all budgeting and financing of the joint venture. The BOCES is not included as a component unit of the District as the financial responsibility is minimal, there is no financial interdependency, the District does not have the ability to significantly influence the operations of the BOCES and the District is not accountable for fiscal matters of the BOCES.

The District has paid \$61,763 to BOCES during the fiscal year in exchange for services. Financial Statements may be obtained by writing to: Santa Fe Trail BOCES, 405 Santa Fe Avenue, P.O. Box 980, La Junta, CO 81050.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the District. For the most part, the effect of inter-fund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. The General Fund is the only major individual governmental fund.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, operating statements present increases and decreases in net current assets and unassigned fund balance as a measure of available spendable resources. This means that only current liabilities are generally included on their balance sheets.

Amounts reported as program revenues included 1.) charges to customers or applicants for goods, services or privileges provided, 2.) operating grants and contributions, and 3.) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

All governmental fund types use the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period, or soon enough thereafter, to pay liabilities of the current period. Revenues are considered to be available if collected within 60 days after year-end.

Property taxes are reported as receivables and deferred revenue when levied and as revenues when due for collection in the following year and determined to be available.

Grants and entitlement revenues are recognized when compliance with matching requirements is met. A receivable is established when the related expenditures exceed revenue receipts and a deferred revenue/unearned revenue exists when assets have been recognized, but the related revenue has not been recognized, since the assets are not collected within the current period.

Expenditures are recorded when the related fund liability is incurred with the exception of general obligation and capital lease debt service which is recognized when due and certain accrued sick and personal pay which are accounted for as expenditures when expected to be liquidated with expendable available financial resources.

Certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column.

Fund Accounting

The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, or expenses, as appropriate. The District's resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The major fund presented in the accompanying basic financial statements is as follows:

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Major Governmental Fund

General Fund - The general fund is the general operating fund of the District; used to account for all resources that are not legally or by sound financial management to be accounted for in another fund. Activities relating to Preschool have been included in the General Fund.

Additionally, the District reports the following fund types:

Special Revenue Funds:

Food Services Fund – Accounts for all financial activities associated with the District’s school breakfast and lunch programs.

Student Activities Fund – Is used to account for the various activities of the students and other restricted funds. These activities are supported in whole or in part by revenues from pupils, gate receipts, and other fund-raising activities.

Capital Projects Fund:

Capital Reserve Capital Projects Fund – Accounts for the ongoing capital needs of the District.

Cash and Investments

Cash represents amounts on deposit with financial institutions or held by the District. The District is allowed to invest in the following types of investments: short-term certificates of deposit, repurchase agreements, money market deposit accounts, mutual funds, government pools, and U.S. Treasury Obligations. All other securities are recorded at fair value. It is the intention of investing to maximize interest income, and securities are selected according to their risk, marketability, and diversification.

Receivables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. In the fund financial statements, these receivables and payables are classified as “due from other funds” or “due to other funds” on the balance sheet.

Intergovernmental receivables include amounts due from grantors for specific program grants. Program grants are recorded as receivables and revenues at the time reimbursable project costs are incurred. Property taxes levied in fiscal year 2025, but not collected until fiscal year 2026, are identified as property taxes receivable.

Inventories

Inventories recorded in the Food Service Fund, as applicable, consist of purchased and donated commodities. Purchased inventories are stated at cost using the first-in first-out method of determining cost. Donated inventories, received at no cost under a program supported by the Federal Government, are recorded at their estimated fair value at the date of receipt.

The cost of all inventories is recorded as an asset when the individual inventory items are purchased and as an expenditure or expense when consumed.

Capital Assets

Capital assets, which include property, vehicles, and equipment, are utilized for general District operations and are capitalized at actual or estimated cost. Donations of such assets are recorded at estimated fair value at the time of donation. Capital assets are reported in the governmental activities column in the government-wide financial statements.

Maintenance, repairs, and minor renovations are recorded as expenditures when incurred. Major additions and improvements are capitalized. When assets used in the operation of the governmental fund types are sold, the proceeds of the sale are recorded as revenues in the appropriate fund. The District does not capitalize interest on the construction of capital assets.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets (Continued)

The monetary threshold for capitalization of assets is \$5,000. The District's capital assets are depreciated using the straight-line method over the estimated useful lives of the fixed assets. Estimated useful lives are:

	<u>Years</u>
Vehicles	5-15
Equipment	5-15
Buildings and Site Improvements	15-50

Leased Assets – Right-to-Use Asset

Leased assets are recorded at the amount of the initial measurement of the lease liabilities and modified by any lease payments made to the lessor at or before the commencement of the lease term, less any lease incentives received from the lessor at or before the commencement of the lease term along with any initial direct costs that are ancillary charges necessary to place the lease assets into service.

Leased assets are amortized using the straight-line method over the shorter of the lease term or the useful life of the underlying asset, unless the lease contains a purchase option that the District has determined is reasonably certain of being exercised. In this case, the lease asset is amortized over the useful life of the underlying asset.

Leased assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Liabilities

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable government activities statement of net position. The District records long-term debt of governmental funds at the face value. The District's capital leases are serviced from property taxes and other revenues of the General Fund.

Accrued Vacation and Sick Pay

District policy allows employees to accumulate unused vacation pay up to a specified limit and is paid annually for sick leave accumulated in excess of 60 days. Accrued vacation and sick leave are payable upon resignation, termination, retirement, or death.

In accordance with the governmental accounting standards, the District has recorded the accrued liability for vacation pay in the accompanying district wide financial statements. The amounts are accrued as expenses when incurred in the funds of the District.

Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities of net position. Net pension liability and Net OPEB liability, associated with the School Division Trust Fund (SCHDTF) and Health Care Trust Fund (HCTF) administered by PERA, represent the District's proportionate share of total pension/OPEB liabilities less the fiduciary net position. Amounts have been determined using the economic resources measurement focus and the accrual basis of accounting.

For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Pension related deferred outflows and inflows are reported as such and will be recognized in the collective pension expense in subsequent years. The employer portions of contributions made to the SCHDTF and HCTF are reported as benefit expenditures in the current period.

Unearned Revenue

Unearned revenues represent assets received (measurable) but not yet earned. In the statement of net position, unearned revenues represent grant funds received, but not yet earned as the related service has not yet been provided.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Revenue

Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental funds represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period, or in the case of property taxes, levied for a future period. Deferred revenue consists of the succeeding year's property taxes.

Deferred Outflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has two items that qualify for reporting in this category which is for pension and OPEB related amounts.

Pension Related - Amounts reported as deferred outflows of resources include the following:

Difference Between Expected and Actual Experience	\$ 264,526
Changes of Assumptions or Other Inputs	35,021
Net Difference Between Projected and Actual Investment	
Earnings on Pension Plan Investments	754,796
Contributions Made Subsequent to the Measurement Date	<u>222,601</u>
Total Pension Related Deferred Outflows	<u>\$ 1,276,944</u>

More information on pension related items is included in Note 7.

OPEB Related - Amounts reported as deferred outflows of resources include the following:

Difference Between Expected and Actual Experience	\$ -
Changes of Assumptions or Other Inputs	950
Net Difference Between Projected and Actual Investment	
Earnings on Pension Plan Investments	45,827
Contributions Made Subsequent to the Measurement Date	<u>11,141</u>
Total OPEB Related Deferred Outflows	<u>\$ 57,918</u>

More information on OPEB related items is included in Note 9.

Deferred Inflows of Resources

In addition to liabilities, the statement of financial position and balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has three items reported in this category.

Property Taxes - The item, property taxes levied for subsequent years, arises only under a modified accrual basis of accounting. The governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Property tax revenue is considered a deferred inflow of resources in the year the taxes are levied and measurable, and are recognized as an inflow of resources in the period they are collected.

Pension Related - Amounts reported as deferred inflows of resources include the following:

Difference Between Expected and Actual Experience	\$ -
Changes of Assumptions or Other Inputs	-
Net Difference Between Projected and Actual Investment	
Earnings on Pension Plan Investments	<u>(397,277)</u>
Total Pension Related Deferred Inflows	<u>\$ (397,277)</u>

More information on pension related items is included in Note 7.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Inflows of Resources (Continued)

OPEB Related - Amounts reported as deferred inflows of resources include the following:

Difference Between Expected and Actual Experience	\$ (18,215)
Changes of Assumptions or Other Inputs	(26,493)
Net Difference Between Projected and Actual Investment	
Earnings on Pension Plan Investments	<u>(258,229)</u>
Total OPEB Related Deferred Inflows	<u>\$ (302,937)</u>

More information on OPEB related items is included in Note 9.

Fund Balance

In the government-wide and fund financial statements, net position and fund balances are restricted when constraints placed on the use of resources are externally imposed. GASB Statement Number 54, "*Fund Balance Reporting and Governmental Fund Type Definitions*", is intended to improve the usefulness of information provided to financial report users about fund balance by providing clearer, more structured fund balance classifications and by clarifying the definitions of existing governmental fund types. As a result, fund balances are reported in classifications based on the extent to which the District is bound to honor constraints for the specific purposes on which amounts in the fund can be spent.

The following classifications describe the relative strength of the spending constraints placed on the purposes for which the resources can be used:

Nonspendable fund balance - amounts that are not in spendable form (such as inventory) or required to be maintained intact;

Restricted fund balance - amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;

Committed fund balance - amounts constrained to specific purposes by a government itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint;

Assigned fund balance - amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;

Unassigned fund balance - amounts that are available for any purpose; positive amounts are reported only in the General Fund.

The Board of Education establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. This is typically done through adoption and amendment of the budget. Assigned fund balance is established through the adoption or amendment of the budget as intended for specific purposes.

When both restricted and unrestricted resources are available in governmental funds, the District applies expenditures against restricted fund balance first, and followed by committed fund balance, assigned fund balance and unassigned fund balance.

Interest Expense

All interest expense has been reported as unallocated in Government-wide financial statements.

Budgetary Information

Expenditures may not legally exceed appropriations at the fund level. For the year ended June 30, 2025, expenditures exceeded appropriations in the Student Activity Fund.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounting Principles

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE - 2 DEPOSITS AND INVESTMENTS

Deposits

The District's investment policies are approved by the Board of Education and governed by Colorado statute. The Colorado Public Deposit Protection Act, (PDPA) requires that all units of local government deposit cash in eligible public depositories; state regulators determined eligibility. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of the collateral must be at least equal to the aggregate uninsured deposits.

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a deposit policy for custodial credit risk. As of June 30, 2025, \$52,706 of the District's bank balance of \$333,336 was exposed to custodial credit risk. Deposits exposed to credit risk are collateralized with securities held by the pledging financial institution through PDPA.

At June 30, 2025, the District's bank balance and corresponding carrying balance were as follows:

	Carrying Balance	Bank Balance
Insured (FDIC)	\$ 235,409	\$ 280,630
Uninsured, Collateralized under the Public Deposit Protection Act	-	52,706
Cash with County Treasurer	32,440	-
	\$ 267,849	\$ 333,336

Investments

At June 30, 2025, the District had the following investments:

	Investments	Maturities	Fair Value
COLO Trust	External Investment Pool	Under 60 Day Avg.	\$2,852,487

Credit Risk - State law limits investments for school districts to U.S. treasury issues, other federally backed notes and credits, and other agency offerings (not based on derivatives) without limitation. Other investment instruments including bank obligations, general obligation bonds, and commercial paper are limited to at least one of the highest rating categories of at least one nationally recognized rating agency. State law further limits investments in money market funds that are organized according to the Federal Investment Company Act of 1940, as specified in rule 2a-7, as amended, as long as such rule does not increase remaining maturities beyond a maximum of three years. Investments in these funds require that the institution have assets in excess of \$1 billion or the highest credit rating from one or more of a nationally recognized rating agency. The investment in COLOTrust were rated AAA by Standard & Poor's.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 2 DEPOSITS AND INVESTMENTS (Continued)

Interest Rate Risk - The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value loss resulting from increasing interest rates. Specifically, all securities are limited to a maximum maturity of five years from the date of purchase unless the governing body authorizes a longer period.

Concentration of Credit Risk – The District does not have a formal policy restricting the amount that can be invested in any issuer.

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs and; Level 3 inputs are significant unobservable inputs.

The District has no recurring fair value measurements as of June 30, 2025.

COLOTRUST – Investments in this external investment pool are reported at \$1 net asset value per share and are not subject to fair value measurement. The investment is reported at cost. ColoTrust issues a publicly available annual financial report that includes the assets of the District. That report may be obtained at the ColoTrust website www.colotruster.com.

NOTE - 3 PROPERTY TAXES

Property taxes are levied on December 15 and attach as a lien on property the following January 1. They are payable in full by April 30 or in two equal installments due February 28 and June 15. The County bills and collects property taxes for all taxing districts in the County. The property tax receipts collected by the County are remitted to the District in the subsequent month. Property taxes that are uncollected at the end of the fiscal year are expected to be utilized as a financing source in the following fiscal year and are reported as receivable and deferred revenue.

NOTE - 4 CAPITAL AND LEASED ASSETS

A summary of changes in capital assets is as follows:

Support Services	<u>80,357</u>
Total Depreciation/Amortization Expense – Governmental Activities	<u>\$ 309,581</u>

NOTE - 5 ACCRUED TEACHERS' SALARIES AND EMPLOYEE BENEFITS

Salaries and retirement benefits of certain contractually employed personnel are paid over a twelve-month period from September to August, but are earned during a school year of approximately nine to ten months. The salaries and benefits earned, but unpaid, at June 30, 2025, are estimated to be \$232,926 which is made up of \$229,177 for Accrued Salaries and Benefits and \$3,749 for Compensated Absences. Accordingly, the accrued compensation is reflected as a liability in the accompanying financial statements of the General Fund.

NOTE - 6 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of; damage to; and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District is a member of the Colorado School Districts Self Insurance Pool, which operates as a self-insurance pool comprised of various School Districts and other related public educational entities within the State of Colorado. The District pays an annual premium to the Pool for its property and liability insurance.

For Workers' Compensation, health, accident, and other types of insurance programs maintained by the District, commercial insurance companies are utilized. Settled claims have not exceeded insurance coverage in each of the last three years.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 7 DEFINED BENEFIT PENSION PLAN

Summary of Significant Accounting Policies

Pensions. Cheraw School District #31 participates in the School Division Trust Fund (SCHDTF), a cost-sharing multiple-employer defined benefit pension plan administered by the Public Employees' Retirement Association of Colorado (PERA). The net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position (FNP) and additions to/deductions from the FNP of the SCHDTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Pension Plan

Plan description. Eligible employees of the Cheraw School District #31 are provided with pensions through the SCHDTF—a cost-sharing multiple-employer defined benefit pension plan administered by PERA. Plan benefits are specified in Title 24, Article 51 of the Colorado Revised Statutes (C.R.S.), administrative rules set forth at 8 C.C.R. 1502-1, and applicable provisions of the federal Internal Revenue Code. Colorado State law provisions may be amended from time to time by the Colorado General Assembly. PERA issues a publicly available annual comprehensive financial report (ACFR) that can be obtained at www.copera.org/forms-resources/financial-reports-and-studies.

Benefits provided as of December 31, 2024. PERA provides retirement, disability, and survivor benefits. Retirement benefits are determined by the amount of service credit earned and/or purchased, highest average salary, the benefit structure(s) under which the member retires, the benefit option selected at retirement, and age at retirement. Retirement eligibility is specified in tables set forth at C.R.S. § 24-51-602, 604, 1713, and 1714.

The lifetime retirement benefit for all eligible retiring employees under the PERA benefit structure is the greater of the:

- Highest average salary multiplied by 2.5% and then multiplied by years of service credit.
- The value of the retiring employee's member contribution account plus a 100% match on eligible amounts as of the retirement date. This amount is then annuitized into a monthly benefit based on life expectancy and other actuarial factors.

The lifetime retirement benefit for all eligible retiring employees under the Denver Public Schools (DPS) benefit structure is the greater of the:

- Highest average salary multiplied by 2.5% and then multiplied by years of service credit.
- \$15 times the first 10 years of service credit plus \$20 times the service credit over 10 years plus a monthly amount equal to the annuitized member contribution account balance based on life expectancy and other actuarial factors.

In all cases the service retirement benefit is limited to 100% of highest average salary and cannot exceed the maximum benefit allowed by federal Internal Revenue Code.

Members may elect to withdraw their member contribution accounts upon termination of employment with all PERA employers; waiving rights to any lifetime retirement benefits earned. If eligible, the member may receive a match of either 50% or 100% on eligible amounts depending on when contributions were remitted to PERA, the date employment was terminated, whether 5 years of service credit has been obtained and the benefit structure under which contributions were made.

Upon meeting certain criteria, benefit recipients who elect to receive a lifetime retirement benefit generally receive post-retirement cost-of-living adjustments, referred to as annual increases in the C.R.S. Subject to the automatic adjustment provision (AAP) under C.R.S. § 24-51-413, eligible benefit recipients under the PERA benefit structure who began membership before January 1, 2007, and all eligible benefit recipients of the DPS benefit structure will receive the maximum annual increase (AI) or AI cap of 1.00% unless adjusted by the AAP. Eligible benefit recipients under the PERA benefit structure who began membership on or after January 1, 2007, will receive the lesser of an annual increase of the 1.00% AI cap or the average increase of the Consumer Price Index for Urban Wage Earners and Clerical Workers for the prior calendar year, not to exceed a determined increase that would exhaust 10% of PERA's Annual Increase Reserve (AIR) for the SCHDTF. The AAP may raise or lower the aforementioned AI cap by up to 0.25% based on the parameters specified in C.R.S. § 24-51-413.

NOTES TO FINANCIAL STATEMENTS

NOTE - 7 DEFINED BENEFIT PENSION PLAN (Continued)

Disability benefits are available for eligible employees once they reach five years of earned service credit and are determined to meet the definition of disability. The disability benefit amount is based on the lifetime retirement benefit formula(s) shown above considering a minimum 20 years of service credit, if deemed disabled.

Survivor benefits are determined by several factors, which include the amount of earned service credit, highest average salary of the deceased, the benefit structure(s) under which service credit was obtained, and the qualified survivor(s) who will receive the benefits.

Contributions provisions as of June 30, 2025: Eligible employees of, Cheraw School District #31 and the State are required to contribute to the SCHDTF at a rate set by Colorado statute. The contribution requirements for the SCHDTF are established under C.R.S. § 24-51-401, *et seq.* and § 24-51-413. Eligible employees are required to contribute 11.00% of their PERA-includable salary during the period of July 1, 2024 through June 30, 2025. Employer contribution requirements are summarized in the following table:

	July 1, 2024 Through June 30, 2025
Employer contribution rate	11.40%
Amount of employer contribution apportioned to the Health Care Trust Fund as specified in C.R.S. § 24-51-208(1)(f)	(1.02%)
Amount apportioned to the SCHDTF	10.38%
Amortization Equalization Disbursement (AED) as specified in C.R.S. § 24-51-411	4.50%
Supplemental Amortization Equalization Disbursement (SAED) as specified in C.R.S. § 24-51-411	5.50%
Total employer contribution rate to the SCHDTF	20.38%

*Contribution rates for the SCHDTF are expressed as a percentage of salary as defined in C.R.S. § 24-51-101(42).

Employer contributions are recognized by the SCHDTF in the period in which the compensation becomes payable to the member and the Cheraw School District #31 is statutorily committed to pay the contributions to the SCHDTF. Employer contributions recognized by the SCHDTF from Cheraw School District #31 were \$427,270 for the year ended June 30, 2025.

For purposes of GASB 68 paragraph 15, a circumstance exists in which a nonemployer contributing entity is legally responsible for making contributions to the SCHDTF and is considered to meet the definition of a special funding situation. As specified in C.R.S. § 24-51-414, the State is required to contribute a \$225 million direct distribution each year to PERA starting on July 1, 2018. For 2024, a portion of the direct distribution payment is allocated to the SCHDTF based on the proportionate amount of annual payroll of the SCHDTF to the total annual payroll of the SCHDTF, State Division Trust Fund, Judicial Division Trust Fund, and Denver Public Schools Division Trust Fund.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for the SCHDTF was measured as of December 31, 2024, and the total pension liability (TPL) used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2023. Standard update procedures were used to roll-forward the TPL to December 31, 2024. The Cheraw School District #31 proportion of the net pension liability was based on Cheraw School District #31 contributions to the SCHDTF for the calendar year 2024 relative to the total contributions of participating employers and the State as a nonemployer contributing entity.

At June 30, 2025, the Cheraw School District #31 reported a liability of \$4,671,252 for its proportionate share of the net pension liability that reflected a reduction for support from the State as a nonemployer contributing entity. The amount recognized by the Cheraw School District #31 as its proportionate share of the net pension liability, the related support from the State as a nonemployer contributing entity, and the total portion of the net pension liability that was associated with Cheraw School District #31 were as follows:

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 7 DEFINED BENEFIT PENSION PLAN (Continued)

Cheraw School District #31 proportionate share of the net pension liability	\$4,671,252
The State's proportionate share of the net pension liability as a nonemployer contributing entity associated with the Cheraw School District #31	38,293
Total	\$4,709,545

At December 31, 2024, the Cheraw School District #31 proportion was 0.0271%, which was a decrease of 0.0014% from its proportion measured as of December 31, 2023.

For the year ended June 30, 2025, the Cheraw School District #31 recognized pension expense of \$255,080 and revenue of \$38,293 for support from the State as a nonemployer contributing entity. At June 30, 2025, the Cheraw School District #31 reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$264,526	\$ -
Changes of assumptions or other inputs	35,021	-
Net difference between projected and actual earnings on pension plan investments	754,796	(397,277)
Changes in proportion and differences between contributions recognized and proportionate share of contributions	-	-
Contributions subsequent to the measurement date	222,601	N/A
Total	\$1,276,944	\$(397,277)

\$222,601 reported as deferred outflows of resources related to pensions, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30, 2025:	
2026	\$269,643
2027	205,342
2028	135,445
2029	46,635
2030	-
Thereafter	-

NOTES TO FINANCIAL STATEMENTS

NOTE - 7 DEFINED BENEFIT PENSION PLAN (Continued)

Actuarial assumptions. The December 31, 2023, actuarial valuation used the following actuarial cost method and key actuarial assumptions and other inputs:

Actuarial cost method	Entry age
Price inflation	2.30%
Real wage growth	0.70%
Wage inflation	3.00%
Salary increases, including wage inflation:	3.40%-11.00%
Long-term investment rate of return, net of pension plan investment expenses, including price inflation	7.25%
Discount rate	7.25%
Post-retirement benefit increases:	
PERA benefit structure hired prior to 1/1/07 and DPS benefit structure (compounded annually)	1.00%
PERA benefit structure hired after 12/31/06 ¹	Financed by the AIR

¹ Post-retirement benefit increases are provided by the AIR, accounted separately within each Division Trust Fund, and subject to moneys being available; therefore, liabilities related to increases for members of these benefit tiers can never exceed available assets.

All mortality assumptions are developed on a benefit-weighted basis and apply generational mortality. Note that in all categories, displayed as follows, the mortality tables are generationally projected using scale MP-2019.

	Mortality Table	Adjustments, as Applicable
Pre-Retirement	PubT-2010 Employee	N/A
Post-Retirement (Retiree), Non-Disabled	PubT-2010 Healthy Retiree	<u>Males:</u> 112% of the rates prior to age 80/ 94% of the rates age 80 and older <u>Females:</u> 83% of the rates prior to age 80/ 106% of the rates age 80 and older
Post-Retirement (Beneficiary), Non-Disabled	Pub-2010 Contingent Survivor	<u>Males:</u> 97% of the rates for all ages <u>Females:</u> 105% of the rates for all ages
Disabled	PubNS-2010 Disabled Retiree	99% of the rates for all ages

The actuarial assumptions used in the December 31, 2023, valuation were based on the 2020 experience analysis, dated October 28, 2020, for the period January 1, 2016, through December 31, 2019. Revised economic and demographic assumptions were adopted by the PERA Board on November 20, 2020.

Based on the 2024 experience analysis, dated January 3, 2025, for the period January 1, 2020, to December 31, 2023, revised actuarial assumptions were adopted by PERA's Board on January 17, 2025, and were effective as of December 31, 2024. The following assumptions were reflected in the roll forward calculation of the total pension liability from December 31, 2023, to December 31, 2024.

- Salary increases, including wage inflation: 4.00%-13.40%
- Salary scale assumptions were altered to better reflect actual experience.
- Rates of termination/withdrawal, retirement, and disability were revised to more closely reflect actual experience.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 7 DEFINED BENEFIT PENSION PLAN (Continued)

- The estimated administrative expense as a percentage of covered payroll was increased from 0.40% to 0.45%.

The adjustments for credibility applied to the Pub-2010 mortality tables for active and retired lives, including beneficiaries, were updated based on the experience. All mortality assumptions are developed on a benefit-weighted basis. Note that in all categories, displayed as follows, the mortality tables are generationally projected using the 2024 adjusted MP-2021 projection scale.

	Mortality Table	Adjustments, as Applicable
Pre-Retirement	PubT-2010 Employee	N/A
Post-Retirement (Retiree), Non-Disabled	PubT-2010 Healthy Retiree	<u>Males:</u> 106% of the rates for all ages <u>Females:</u> 86% of the rates prior to age 85/ 115% of the rates age 85 and older
Post-Retirement (Beneficiary), Non-Disabled	Pub-2010 Contingent Survivor	<u>Males:</u> 92% of the rates for all ages <u>Females:</u> 100% of the rates for all ages
Disabled	PubNS-2010 Disabled Retiree	95% of the rates for all ages

The long-term expected return on plan assets is monitored on an ongoing basis and reviewed as part of periodic experience studies prepared every four years, and asset/liability studies, performed every three to five years for PERA. The most recent analyses were outlined in the 2024 Experience Study report dated January 3, 2025.

Several factors are considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentages and then adding expected inflation.

The PERA Board first adopted the 7.25% long-term expected rate of return as of November 18, 2016. Following an asset/liability study, the Board reaffirmed the assumed rate of return at the November 15, 2019, meeting, and again at the Board's September 20, 2024, meeting. As of the most recent reaffirmation of the long-term rate of return, the target asset allocation and best estimates of geometric real rates of return for each major asset class are summarized in the table as follows:

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
Global Equity	51.00%	5.00%
Fixed Income	23.00%	2.60%
Private Equity	10.00%	7.60%
Real Estate	10.00%	4.10%
Alternatives	6.00%	5.20%
Total	100.00%	

Note: In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected nominal rate of return assumption of 7.25%.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE - 7 DEFINED BENEFIT PENSION PLAN (Continued)

Discount rate. The discount rate used to measure the TPL was 7.25%. The projection of cash flows used to determine the discount rate applied the actuarial cost method and assumptions shown above. In addition, the following methods and assumptions were used in the projection of cash flows:

- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.00%.
- Employee contributions were assumed to be made at the member contribution rates in effect for each year, including the scheduled increases in SB 18-200 and required adjustments resulting from the 2018 and 2020 AAP assessments. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law for each year, including the scheduled increase in SB 18-200 and required adjustments resulting from the 2018 and 2020 AAP assessments. Employer contributions also include current and estimated future AED and SAED, until the actuarial value funding ratio reaches 103%, at which point the AED and SAED will each drop 0.50% every year until they are zero. Additionally, estimated employer contributions reflect reductions for the funding of the AIR and retiree health care benefits. For future plan members, employer contributions were further reduced by the estimated amount of total service costs for future plan members not financed by their member contributions.
- As specified in law, the State, as a nonemployer contributing entity, will provide an annual direct distribution of \$225 million commencing July 1, 2018, that is proportioned between the State, School, Judicial, and DPS Division Trust Funds based upon the covered payroll of each Division. The annual direct distribution ceases when all Division Trust Funds are fully funded.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- The AIR balance was excluded from the initial FNP, as, per statute, AIR amounts cannot be used to pay benefits until transferred to either the retirement benefits reserve or the survivor benefits reserve, as appropriate. AIR transfers to the FNP and the subsequent AIR benefit payments were estimated and included in the projections.
- Benefit payments and contributions were assumed to be made at the middle of the year.

Based on the above assumptions and methods, the SCHDTF's FNP was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25% on pension plan investments was applied to all periods of projected benefit payments to determine the TPL. The discount rate determination does not use the municipal bond index rate, and therefore, the discount rate is 7.25%. There was no change in the discount rate from the prior measurement date.

Sensitivity of the Cheraw School District #31 proportionate share of the net pension liability to changes in the discount rate. The following presents the proportionate share of the net pension liability calculated using the discount rate of 7.25%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.25%) or 1-percentage point higher (8.25%) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Proportionate share of the net pension	\$6,333,136	\$4,671,252	\$3,279,194

Pension plan fiduciary net position. Detailed information about the SCHDTF's FNP is available in PERA's ACFR which can be obtained at www.copera.org/forms-resources/financial-reports-and-studies.

NOTES TO FINANCIAL STATEMENTS

NOTE – 8 DEFINED CONTRIBUTION PENSION PLANS

Voluntary Investment Program (PERAPlus 401(k) Plan)

Plan Description - Employees of the Cheraw School District #31 that are also members of the SCHDTF may voluntarily contribute to the Voluntary Investment Program (PERAPlus 401(k) Plan), an Internal Revenue Code Section 401(k) defined contribution plan administered by PERA. Title 24, Article 51, Part 14 of the C.R.S., as amended, assigns the authority to establish the Plan provisions to the PERA Board of Trustees. PERA issues a publicly available ACFR which includes additional information on the PERAPlus 401(k) Plan. That report can be obtained at www.copera.org/forms-resources/financial-reports-and-studies.

Funding Policy - The PERAPlus 401(k) Plan is funded by voluntary member contributions up to the maximum limits set by the Internal Revenue Service, as established under Title 24, Article 51, Section 1402 of the C.R.S., as amended. In addition, the Cheraw School District #31 has agreed to match employee contributions up to 0% of covered salary as determined by the Internal Revenue Service. Employees are immediately vested in their own contributions, employer contributions, and investment earnings. For the year ended June 30, 2025, program members contributed \$6,740 and Cheraw School District #31 recognized pension expense and a liability of \$0 and \$0 respectively, for the PERAPlus 401(k) Plan.

Deferred Compensation Plan (PERAPlus 457 Plan)

Plan Description - Employees of the Cheraw School District #31 may voluntarily contribute to the Deferred Compensation Plan (PERAPlus 457 Plan), an Internal Revenue Code Section 457 deferred compensation plan administered by PERA. Title 24, Article 51, Part 16 of the C.R.S., as amended, assigns the authority to establish the Plan provisions to the PERA Board of Trustees. PERA issues a publicly available ACFR which includes additional information on the PERAPlus 457 Plan. That report can be obtained at www.copera.org/forms-resources/financial-reports-and-studies.

Funding Policy - The PERAPlus 457 Plan is funded by voluntary member contributions up to the maximum limits set by the Internal Revenue Service, as established under Title 24, Article 51, Section 1603 of the C.R.S., as amended. In addition, the Cheraw School District #31 has agreed to match employee contributions up to 0% of covered salary as determined by the Internal Revenue Service. Members are immediately vested in their own contributions, employer contributions, and investment earnings. For the year ended June 30, 2025, program members contributed \$0 and Cheraw School District #31 recognized pension expense and a liability of \$0 and \$0, respectively, for the PERAPlus 457 Plan.

NOTE - 9 DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN

Summary of Significant Accounting Policies

OPEB. Cheraw School District #31 participates in the Health Care Trust Fund (HCTF), a cost-sharing multiple-employer defined benefit OPEB fund administered by the Public Employees' Retirement Association of Colorado ("PERA"). The net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, information about the fiduciary net position (FNP) and additions to/deductions from the FNP of the HCTF have been determined using the economic resources measurement focus and the accrual basis of accounting. For this purpose, benefits paid on behalf of health care participants are recognized when due and/or payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the OPEB Plan

Plan description. Eligible employees of the Cheraw School District #31 are provided with OPEB through the HCTF—a cost-sharing multiple-employer defined benefit OPEB plan administered by PERA. The HCTF is established under Title 24, Article 51, Part 12 of the Colorado Revised Statutes (C.R.S.), as amended, and sets forth a framework that grants authority to the PERA Board to contract, self-insure, and authorize disbursements necessary in order to carry out the purposes of the PERACare program, including the administration of the premium subsidies. Colorado State law provisions may be amended by the Colorado General Assembly. PERA issues a publicly available annual comprehensive financial report (ACFR) that can be obtained at www.copera.org/forms-resources/financial-reports-and-studies.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE – 9 DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (Continued)

Benefits provided. The HCTF provides a health care premium subsidy to eligible participating PERA benefit recipients and retirees who choose to enroll in one of the PERA health care plans, however, the subsidy is not available if only enrolled in the dental and/or vision plan(s). The health care premium subsidy is based upon the benefit structure under which the member retires and the member's years of service credit. For members who retire having service credit with employers in the Denver Public Schools (DPS) Division and one or more of the other four Divisions (State, School, Local Government and Judicial), the premium subsidy is allocated between the HCTF and the Denver Public Schools Health Care Trust Fund (DPS HCTF). The basis for the amount of the premium subsidy funded by each trust fund is the percentage of the member contribution account balance from each division as it relates to the total member contribution account balance from which the retirement benefit is paid.

C.R.S. § 24-51-1202 *et seq.* specifies the eligibility for enrollment in the health care plans offered by PERA and the amount of the premium subsidy. The law governing a benefit recipient's eligibility for the subsidy and the amount of the subsidy differs slightly depending under which benefit structure the benefits are calculated. All benefit recipients under the PERA benefit structure and all retirees under the DPS benefit structure are eligible for a premium subsidy, if enrolled in a health care plan under PERACare. Upon the death of a DPS benefit structure retiree, no further subsidy is paid.

Enrollment in the PERACare health benefits program is voluntary and is available to benefit recipients and their eligible dependents, certain surviving spouses, and divorced spouses and guardians, among others. Eligible benefit recipients may enroll into the program upon retirement, upon the occurrence of certain life events, or on an annual basis during an open enrollment period.

PERA Benefit Structure

The maximum service-based premium subsidy is \$230 per month for benefit recipients who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for benefit recipients who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The maximum service-based subsidy, in each case, is for benefit recipients with retirement benefits based on 20 or more years of service credit. There is a 5% reduction in the subsidy for each year less than 20. The benefit recipient pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

For benefit recipients who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, C.R.S. § 24-51-1206(4) provides an additional subsidy. According to the statute, PERA cannot charge premiums to benefit recipients without Medicare Part A that are greater than premiums charged to benefit recipients with Part A for the same plan option, coverage level, and service credit. Currently, for each individual PERACare enrollee, the total premium for Medicare coverage is determined assuming plan participants have both Medicare Part A and Part B and the difference in premium cost is paid by the HCTF or the DPS HCTF on behalf of benefit recipients not covered by Medicare Part A.

DPS Benefit Structure

The maximum service-based premium subsidy is \$230 per month for retirees who are under 65 years of age and who are not entitled to Medicare; the maximum service-based subsidy is \$115 per month for retirees who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The maximum service-based subsidy, in each case, is for retirees with retirement benefits based on 20 or more years of service credit. There is a 5% reduction in the subsidy for each year less than 20. The retiree pays the remaining portion of the premium to the extent the subsidy does not cover the entire amount.

For retirees who have not participated in Social Security and who are not otherwise eligible for premium-free Medicare Part A for hospital-related services, the HCTF or the DPS HCTF pays an alternate service-based premium subsidy. Each individual retiree meeting these conditions receives the maximum \$230 per month subsidy reduced appropriately for service less than 20 years, as described above. Retirees who do not have Medicare Part A pay the difference between the total premium and the monthly subsidy.

Contributions. Pursuant to Title 24, Article 51, Section 208(1) (f) of the C.R.S., as amended, certain contributions are apportioned to the HCTF. PERA-affiliated employers of the State, School, Local Government, and Judicial Divisions are required to contribute at a rate of 1.02% of PERA-includable salary into the HCTF.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE – 9 DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (Continued)

Employer contributions are recognized by the HCTF in the period in which the compensation becomes payable to the member and the Cheraw School District #31 is statutorily committed to pay the contributions. Employer contributions recognized by the HCTF from Cheraw School District #31 were \$21,384 for the year ended June 30, 2025.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2025, the Cheraw School District #31 reported a liability of \$82,881 for its proportionate share of the net OPEB liability. The net OPEB liability for the HCTF was measured as of December 31, 2024, and the total OPEB liability (TOL) used to calculate the net OPEB liability was determined by an actuarial valuation as of December 31, 2023. Standard update procedures were used to roll-forward the TOL to December 31, 2024. The Cheraw School District #31 proportion of the net OPEB liability was based on Cheraw School District #31 contributions to the HCTF for the calendar year 2024 relative to the total contributions of participating employers to the HCTF.

At December 31, 2024, the Cheraw School District #31 proportion was 0.0173%, which was an increase of 0.0003% from its proportion measured as of December 31, 2023.

For the year ended June 30, 2025, the Cheraw School District #31 recognized OPEB expense of \$9,637. At June 30, 2025, the Cheraw School District #31 reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ -	\$(18,215)
Changes of assumptions or other inputs	950	(26,493)
Net difference between projected and actual earnings on OPEB plan investments	45,827	(258,229)
Changes in proportion and differences between contributions recognized and proportionate share of contributions	-	-
Contributions subsequent to the measurement date	11,141	N/A
Total	\$57,918	\$(302,937)

\$11,141 reported as deferred outflows of resources related to OPEB, resulting from contributions subsequent to the measurement date, will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30, 2025:	
2026	\$(38,577)
2027	(38,581)
2028	(38,937)
2029	(39,015)
2030	(39,015)
Thereafter	(62,035)

CHERAW SCHOOL DISTRICT #31

Actuarial assumptions. The December 31, 2023, actuarial valuation used the following actuarial cost method and key actuarial assumptions and other inputs:

	State Division	School Division	Local Government Division	Judicial Division
Actuarial cost method			Entry age	
Price inflation			2.30%	
Real wage growth			0.70%	
Wage inflation			3.00%	
Salary increases, including wage inflation				
Members other than Safety Officers	3.30%-10.90%	3.40%-11.00%	3.20%-11.30%	2.80%-5.30%
Safety Officers	3.20%-12.40%	N/A	3.20%-12.40%	N/A
Long-term investment rate of return, net of OPEB plan investment expenses, including price inflation			7.25%	
Discount rate			7.25%	
Health care cost trend rates				
PERA benefit structure:				
Service-based premium subsidy			0.00%	
PERACare Medicare plans		16.00% in 2024, then 6.75% in 2025, gradually decreasing to 4.50% in 2034		
MAPD PPO #2		105.00% in 2024, then 8.55% in 2025, gradually decreasing to 4.50% in 2034		
Medicare Part A premiums		3.50% in 2024, gradually increasing to 4.50% in 2033		
DPS benefit structure:				
Service-based premium subsidy			0.00%	
PERACare Medicare plans			N/A	
Medicare Part A premiums			N/A	

As of the December 31, 2024, measurement date, the FNP and related disclosure components for the HCTF reflect additional payments related to the disaffiliation of Tri-County Health Department (Tri-County Health) as a PERA-affiliated employer, effective December 31, 2022. The additional employer disaffiliation payment allocations to the HCTF and Local Government Division Trust Fund were \$0.020 million and \$0.486 million, respectively.

Each year the per capita health care costs are developed by plan option. As of the December 31, 2023, actuarial valuation, costs are based on 2024 premium rates for the UnitedHealthcare Medicare Advantage Prescription Drug (MAPD) PPO plan #1, the UnitedHealthcare MAPD PPO plan #2, and the Kaiser Permanente MAPD HMO plan.

	Retiree/Spouse		Retiree/Spouse		Retiree/Spouse	
	Male	Female	Male	Female	Male	Female
65	\$6,536	\$5,429	\$4,241	\$3,523	\$7,063	\$5,866
70	\$7,341	\$6,073	\$4,764	\$3,941	\$7,933	\$6,563
75	\$8,110	\$6,385	\$5,262	\$4,143	\$8,763	\$6,900

The 2024 Medicare Part A premium is \$505 per month.

All costs are subject to the health care cost trend rates, discussed as follows.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE – 9 DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (Continued)

Health care cost trend rates reflect the change in per capita health costs over time due to factors such as medical inflation, utilization, plan design, and technology improvements. For the PERA benefit structure, health care cost trend rates are needed to project the future costs associated with providing benefits to those PERACare enrollees not eligible for premium-free Medicare Part A.

Health care cost trend rates for the PERA benefit structure are based on published annual health care inflation surveys in conjunction with actual plan experience (if credible), building block models, and industry methods developed by health plan actuaries and administrators. In addition, projected trends for the Federal Hospital Insurance Trust Fund (Medicare Part A premiums) provided by the Centers for Medicare & Medicaid Services are referenced in the development of these rates. PERACare Medicare plan rates are applied where members have no premium-free Part A and where those premiums are already exceeding the maximum subsidy. MAPD PPO #2 has a separate trend because the first year rates are still below the maximum subsidy and to reflect the estimated impact of the Inflation Reduction Act for that plan option.

The PERA benefit structure health care cost trend rates used to measure the TOL are summarized in the following table:

Year	PERACare Medicare Plans ¹	MAPD PPO #21	Medicare Part A Premiums
2024	16.00%	105.00%	3.50%
2025	6.75%	8.55%	3.75%
2026	6.50%	8.10%	3.75%
2027	6.25%	7.65%	4.00%
2028	6.00%	7.20%	4.00%
2029	5.75%	6.75%	4.25%
2030	5.50%	6.30%	4.25%
2031	5.25%	5.85%	4.25%
2032	5.00%	5.40%	4.25%
2033	4.75%	4.95%	4.50%
2034+	4.50%	4.50%	4.50%

¹ Increase in 2024 trend rates due to the effect of the Inflation Reduction Act.

Mortality assumptions used in the December 31, 2023, valuation for the Division Trust Funds as shown in the following table, reflect generational mortality and were applied, as applicable, in the December 31, 2023, valuation for the HCTF, but developed using a headcount-weighted basis. Note that in all categories, displayed as follows, the mortality tables are generationally projected using scale MP-2019. Affiliated employers of the State, School, Local Government, and Judicial Divisions participate in the HCTF.

NOTES TO FINANCIAL STATEMENTS

NOTE – 9 DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (Continued)

The following health care costs assumptions were updated and used in the roll-forward calculation for the HCTF:

- Per capita health care costs in effect as of the December 31, 2023, valuation date for those PERACare enrollees under the PERA benefit structure who are expected to be age 65 and older and are not eligible for premium-free Medicare Part A benefits were updated to reflect costs for the 2024 plan year.
- The health care cost trend rates applicable to health care premiums were revised to reflect the current expectation of future increases in those premiums. A separate trend rate assumption set was added for MAPD PPO #2 as the first-year rate is still below the maximum subsidy and also the assumption set reflects the estimated impact of the Inflation Reduction Act for that plan option.
- The Medicare health care plan election rate assumptions were updated effective as of the December 31, 2023, valuation date based on an experience analysis of recent data.

The actuarial assumptions used in the December 31, 2023, valuations were based on the 2020 experience analysis, dated October 28, 2020, and November 4, 2020, for the period January 1, 2016, through December 31, 2019. Revised economic and demographic assumptions were adopted by PERA's Board on November 20, 2020.

Based on the 2024 experience analysis, dated January 3, 2025, for the period January 1, 2020, to December 31, 2023, revised actuarial assumptions were adopted by PERA's Board on January 17, 2025, and were effective as of December 31, 2024. The following assumptions were reflected in the roll forward calculation of the total OPEB liability from December 31, 2023, to December 31, 2024.

	<u>State Division</u>	<u>School Division</u>	<u>Local Government Division</u>	<u>Judicial Division</u>
Salary increases, including wage inflation:				
Members other than Safety Officers	2.70%-13.30%	4.00%-13.40%	3.40%-13.00%	2.30%-4.70%
Safety Officers	3.20%-16.30%	N/A	3.20%-16.30%	N/A

The following health care costs assumptions were used in the roll forward calculation for the HCTF:

- Salary scale assumptions were altered to better reflect actual experience.
- Rates of termination/withdrawal, retirement, and disability were revised to more closely reflect actual experience.
- Participation rates were reduced.
- MAPD premium costs are no longer age graded.

Plan	With Medicare Part A	Without Medicare Part A
MAPD PPO #1	\$1,824	\$6,972
MAPD PPO #2	624	4,524
MAPD HMO (Kaiser)	2,040	7,596

The adjustments for credibility applied to the Pub-2010 mortality tables for active and retired lives, including beneficiaries, were updated based on the experience. Note that in all categories, the mortality tables are generationally projected using the 2024 adjusted MP-2021 project scale. These assumptions updated for the Division Trust Funds, were also applied in the roll forward calculations for the HCTF using a headcount-weighted basis. Affiliated employers of the State, School, Local Government, and Judicial Divisions participate in the HCTF.

The actuarial assumptions pertaining to per capita health care costs and their related trend rates are analyzed annually and updated, as appropriate, by the PERA Board's actuary.

The long-term expected return on plan assets is monitored on an ongoing basis and reviewed as part of periodic experience studies prepared every four years, and asset/liability studies, performed every three to five years for PERA. The most recent analyses were outlined in the 2024 Experience Study report dated January 3, 2025.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE – 9 DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (Continued)

Several factors are considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentages and then adding expected inflation.

The PERA Board first adopted the 7.25% long-term expected rate of return as of November 18, 2016. Following an asset/liability study, the Board reaffirmed the assumed rate of return at the November 15, 2019, meeting, and again at the Board's September 20, 2024, meeting. As of the most recent reaffirmation of the long-term rate of return, the target asset allocation, and best estimates of geometric real rates of return for each major asset class are summarized in the table as follows:

Asset Class	Target Allocation	30 Year Expected Geometric Real Rate of Return
Global Equity	51.00%	5.00%
Fixed Income	23.00%	2.60%
Private Equity	10.00%	7.60%
Real Estate	10.00%	4.10%
Alternatives	6.00%	5.20%
Total	100.00%	

Note: In setting the long-term expected rate of return, projections employed to model future returns provide a range of expected long-term returns that, including expected inflation, ultimately support a long-term expected nominal rate of return assumption of 7.25%.

Sensitivity of the Cheraw School District #31 proportionate share of the net OPEB liability to changes in the Health Care Cost Trend Rates. The following table presents the net OPEB liability using the current health care cost trend rates applicable to the PERA benefit structure, as well as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rates:

	1% Decrease in Trend Rates	Current Trend Rates	1% Increase in Trend Rates
Initial PERACare Medicare trend rate ¹	5.75%	6.75%	7.75%
Ultimate PERACare Medicare trend rate	3.50%	4.50%	5.50%
Initial MAPD PPO#2 trend rate ¹	7.55%	8.55%	9.55%
Ultimate MAPD PPO#2 trend rate	3.50%	4.50%	5.50%
Initial Medicare Part A trend rate ¹	2.75%	3.75%	4.75%
Ultimate Medicare Part A trend rate	3.50%	4.50%	5.50%
Net OPEB Liability	\$80,648	\$82,881	\$85,408

¹For the January 1, 2025, plan year.

Discount rate. The discount rate used to measure the TOL was 7.25%. The basis for the projection of liabilities and the FNP used to determine the discount rate was an actuarial valuation performed as of December 31, 2023, and the financial status of the HCTF as of the current measurement date (December 31, 2024). In addition, the following methods and assumptions were used in the projection of cash flows:

- Updated health care cost trend rates for Medicare Part A premiums as of the December 31, 2024, measurement date.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE – 9 DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN (Continued)

- Total covered payroll for the initial projection year consists of the covered payroll of the active membership present on the valuation date and the covered payroll of future plan members assumed to be hired during the year. In subsequent projection years, total covered payroll was assumed to increase annually at a rate of 3.00%.
- Employer contributions were assumed to be made at rates equal to the fixed statutory rates specified in law and effective as of the measurement date.
- Employer contributions and the amount of total service costs for future plan members were based upon a process to estimate future actuarially determined contributions assuming an analogous future plan member growth rate.
- Estimated transfers of dollars into the HCTF representing a portion of purchase service agreements intended to cover the costs associated with OPEB benefits.
- Benefit payments and contributions were assumed to be made at the middle of the year.
- As of the December 31, 2024, measurement date, the FNP and related disclosure components for the HCTF reflect additional payments related to the disaffiliation of Tri-County Health as a PERA-affiliated employer, effective December 31, 2022. The additional employer disaffiliation payment allocations to the HCTF and Local Government Division Trust Fund were \$0.020 million and \$0.486 million, respectively.

Based on the above assumptions and methods, the FNP for the HCTF was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return of 7.25% on OPEB plan investments was applied to all periods of projected benefit payments to determine the TOL. The discount rate determination did not use the municipal bond index rate, and therefore, the discount rate is 7.25%. There was no change in the discount rate from the prior measurement date.

Sensitivity of the Cheraw School District #31 proportionate share of the net OPEB liability to changes in the discount rate. The following table presents the proportionate share of the net OPEB liability calculated using the discount rate of 7.25%, as well as what the proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25%) or 1-percentage-point higher (8.25%) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Proportionate share of the net OPEB liability	\$101,572	\$82,881	\$66,767

OPEB plan fiduciary net position. Detailed information about the HCTF’s FNP is available in PERA’s ACFR which can be obtained at www.copera.org/forms-resources/financial-reports-and-studies.

NOTE -10 NET POSITION

Restricted net position represents net position whose users are subject to constraints that are either 1.) legally imposed by creditors (such as debt covenants), grantors, or laws or regulations of other governments, or 2.) imposed by law through constitutional provisions or enabling legislation. Restricted net position at June 30, 2025 is as follows:

	<u>Governmental Activities</u>
TABOR Reserve	\$ 126,500
Universal Preschool Program	46,376
Food Service	<u>58,196</u>
	<u>\$ 231,072</u>

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE -10 NET POSITION (Continued)

Restricted for TABOR Reserve – This represents approximately 3% of the District's 2024 fiscal year spending as that term is defined in the Colorado constitution. Under these provisions of the constitution, this portion of the District's net position can be used for declared emergencies only and the District must maintain 3% or more of its spending in this restricted account. The District does not believe this restriction meets the definition of a stabilization arrangement under generally accepted accounting principles.

Restricted for Universal Preschool Program – This represents money received from the State of Colorado that is mandated for the Universal Preschool Program. The program provides high quality early education support to children before they are eligible for kindergarten and qualifying 3-year-olds.

Restricted for Food Service – This represents money received from the State of Colorado that is for future expenditures related to the operation and maintenance of food services.

NOTE -11 FUND BALANCES

At June 30, 2025, fund balances for governmental funds consist of the following:

	Restricted Fund Balance			Committed	Total
	Emergencies TABOR	Universal Preschool	Food Services		
General Fund	\$ 126,500	\$ 46,376	\$ -	\$ -	\$ 172,876
Food Service Fund	-	-	58,196	-	58,196
Student Activity Fund	-	-	-	194,554	194,554
Capital Projects Fund	-	-	-	452,827	452,827
Total	\$ 126,500	\$ 46,376	\$ 58,196	\$ 647,381	\$ 878,453

NOTE -13 CONTINGENT LIABILITIES

The District receives revenues from various Federal and State grant programs, which are subject to final review and approval as to allowability by the respective grantor agency. Management believes disallowances, if any, would be immaterial.

NOTE -14 TAX SPENDING AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue, and debt limitations, which apply to the State of Colorado and all local governments.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention on such revenue.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits and qualifications as an enterprise will require judicial interpretation. Accordingly, the possibility exists that the District's interpretation of certain TABOR provisions may subsequently be determined to be incorrect.

CHERAW SCHOOL DISTRICT #31
OTERO COUNTY, COLORADO

NOTES TO FINANCIAL STATEMENTS

NOTE -14 TAX SPENDING AND DEBT LIMITATIONS (Continued)

In November 1996 the voters of the District approved an amendment to allow the District to collect, retain and spend all revenues and other funds collected from any source notwithstanding the limitations of Article X, Section 20 of the Colorado Constitution.

NOTE -15 SUBSEQUENT EVENTS

Subsequent events have been evaluated through the report date, which represents the date the financial statements were available to be issued. Subsequent events after that date have not been evaluated.

OTERO COUNTY COLORADO

NOTE TO REQUIRED SUPPLEMENTAL INFORMATION

NOTE -1 BUDGETS AND BUDGETARY ACCOUNTING

Budgets are required by state law for all funds. At least thirty days prior to July 1, the Superintendent submits to the Board of Education a proposed budget for all funds for the fiscal year commencing the following July 1. The budget includes proposed expenditures and means of financing them.

Public hearings are conducted by the Board of Education to obtain taxpayer comments. The budget must be adopted by formal resolution prior to June 30, although it may be subsequently revised by January 31 of the following year.

Expenditures may not legally exceed appropriations at the fund level. Authorization to transfer budgeted amounts between departments, within any fund and the reallocation of budget line items within any department or within any fund rests with the Superintendent of Schools. Revisions that alter the total expenditures of any fund must be approved by the Board of Education.

Budgeted amounts reported in the accompanying financial statements are as originally adopted and as amended by the Board of Education throughout the fiscal year. Appropriations are based on total resources expected to be available in each budget year, including reserves as established by the Board of Education. Variances between budget and actual expenditures result from non-expenditure of reserves, nonoccurrence of anticipated events, scheduling of capital projects and normal operating variances.

NOTE-2 DEFINED BENEFIT PENSION PLAN

Significant Changes in Plan Provisions Affecting Trends in Actuarial Information 2024 Changes in Plan Provisions Since 2023

- There were no changes made to the plan provisions.

Significant Changes in Assumptions or Other Inputs Affecting Trends in Actuarial Information 2024 Changes in Assumptions or Other Inputs Since 2023

- Salary scale assumptions were altered to better reflect actual experience.
- Rates of termination/withdrawal, retirement, and disability were revised to more closely reflect actual experience.
- The Pub-2010 Public Retirement Plans Mortality base tables were retained for purposes of active, retired, disabled, and beneficiary lives, with revised adjustments for credibility and gender, where applicable. In addition, the applied generational projection scale was updated to the 2024 adjusted scale MP-2021.
- The estimated administrative expense as a percentage of covered payroll was increased from 0.40% to 0.45%.

NOTE-3 DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT (OPEB) PLAN

Significant Changes in Plan Provisions Affecting Trends in Actuarial Information 2024 Changes in Plan Provisions Since 2023

- As of the December 31, 2024, measurement date, the FNP and related disclosure components for HCTF reflect additional payments related to the disaffiliation of Tri-County Health Department as a PERA-affiliated employer, effective December 31, 2022. The additional employer disaffiliation payment allocations to the HCTF and Local Government Division Trust Fund were \$0.020 million and \$0.486 million, respectively.

Significant Changes in Assumptions or Other Inputs Affecting Trends in Actuarial Information 2023 Changes in Assumptions or Other Inputs Since 2022

- Salary scale assumptions were altered to better reflect actual experience.
- Rates of termination/withdrawal, retirement, and disability were revised to more closely reflect actual experience.
- The adjustments for credibility applied to the Pub-2010 mortality tables for active and retired lives, including beneficiaries, were updated based on experience. In addition, the mortality projection scale was updated to the 2024 adjusted scale MP-2021 to reflect future improvements in mortality for all groups.
- Participation rates were reduced.
- MAPD premium costs are no longer age graded.

SUPPLEMENTARY INFORMATION

MAJOR GOVERNMENTAL FUND

MAJOR GOVERNMENTAL FUND

General Fund – The general fund is the general operating fund of the District; used to account for all resources that are not legally or by sound financial management to be accounted for in another fund. It is the most significant fund in relation to the District's overall operations.
