Required Financial Statements

Proprietary Fund Financial Statements - The basic financial statements of the Housing Authority report information of the Authority using accounting methods similar to those used by private sector companies. These statements offer short- and long-term financial information about its activities. The Statement of Net Position includes all the Authority's assets and liabilities and provides information about the nature and amounts of investments in resources (assets) and obligations of the Authority creditors (liabilities). It also provides the basis for evaluating the capital structure of the Authority and assessing the liquidity and financial flexibility of the Authority.

All of the current year's revenues and expenses are accounted for in the Statement of Revenues, Expenses, and Changes in Fund Net Position. This statement measures the success of the Authority's operations over the past year and can be used to determine whether the Authority has successfully recovered all its costs through its user fees and other charges, profitability and credit worthiness.

FINANCIAL ANALYSIS (CONT'D)

Net Position may serve, over time, as a useful indicator of a government's financial position. In the case of the Authority, assets exceeded liabilities by \$381,779 at the close of the year ended December 31, 2025. This represents a decrease of (\$21,362) which is a decrease of 5% from the prior year and was attributed to HUD capital contributions and the result of operations for the year end December 31, 2025.

Current and other assets increased by \$2,620 which was the result of operations before depreciation and noncapital grant funds used for capital improvements which resulted in a net increase in cash and investments of \$13,500. This was offset by a decrease of (\$11,177) in the amount receivable from HUD which was the result of when funds are requisitioned.

Current liabilities increased by \$1,228 which was the variability from year to year based on the timing of payments.

The largest portion of the Authority's net position reflects its net investment in capital assets (e.g. land, buildings and equipment less accumulated depreciation). The Authority uses these capital assets to provide service and consequently these assets are not available to liquidate liabilities or other spending.

Unrestricted net position as of December 31, 2025 was \$110,034 which increased by \$1,392. Unrestricted net position represents the amount available to be used to meet the Authority's ongoing obligations to creditors and operations of facilities. The Authority has sufficient funds to meet requirements for cash outlays in the next fiscal year as well as the financial capacity to sustain operations. The Authority had no restricted net position that are subject to external restrictions on how they may be used. At the end of the current fiscal year, the Authority is able to report positive balances in all categories of net position. The same situation held true for the prior fiscal year.

While the Statement of Net Position shows the change in financial position, the Statement of Revenues, Expenses, and Changes in Net Position provides answers as to the nature and source of these changes.

As can be seen on the next page, total revenues increased by \$462, which was mostly a combination of an increase in rental income of \$16,559 or 14% and offset by a decrease of (\$14,810) in Federal operating grants. The increase in rental income was the fluctuation from year-to-year based on rent compositions and occupancy.

HUD operating subsidy for the Authority was \$54,187 for the year ended December 31, 2025. This was a decrease of (\$15,117) from the prior year. The operating subsidy funding is determined by HUD on an annual basis and is primarily based on income and utility expenses. The Authority also recognized \$11,141 of HUD capital grants for operations for the fiscal year ended December 31, 2025 compared to \$10,834 in the previous year. This amount will vary on the approved budget by HUD. The Authority has flexibility in the use of these funds.

Operating expenses for the Authority were \$191,284 for the year ended December 31, 2025. This was an increase of \$4,487 or 2% over the prior year. The various expense category fluctuations were not attributed to any specific event or unusual circumstance other than the typical variability from year to year.

HUD capital contributions were \$17,371 for the year ended December 31, 2025. This was a decrease of (\$40,420) from the prior year. The Authority is allocated capital grant money each year as determined by HUD and remains relatively consistent from year to year based on the Authority's number of units. The amount presented will vary from year to year depending on the timing of projects as outlined in the HUD approved capital grant budget.

OCCUPANCY

The occupancy rate for 2025 was 100% with 4 turnovers. The four apartments were vacated for a total number of 285 days. Repairs and upgrades included paint, flooring, cabinets, toilets, sinks, faucets, light fixtures, doors, smoke alarms, blinds, cleaning, appliances as needed, etc. Repair days for these apartments equaled 191 days, the other 94 days were waiting for repairs to begin and new tenants to move in. The waiting list is currently open and is approximately a 2 year wait with the majority of applicants being single elderly folks."

CAPITAL ASSETS

The Authority's net investment in capital assets as of December 31, 2025 amounts to \$271,745. This investment in capital assets includes land, buildings, improvements, equipment and construction in progress, less accumulated depreciation.

The total decrease in the Authority's net investment in capital assets for the current fiscal year was 8% in terms of net book value. The actual amount to purchase or construct capital assets was \$17,371 for the year and was mostly related to apartment remodel. Depreciation charges for the year totaled \$40,125. Additional information on the Authority's capital assets can be found in Note J of the notes to financial statements of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The Board of Commissioners and Management of the Housing Authority considered many factors when approving the fiscal year 2026 budget. The user charges are based on a tenant's income as established by HUD guidelines and are not adjustable. Operating subsidy is based on rental income, other income and utility consumption and costs. The amount of funding is also established and approved by HUD. In projecting the amount of rental income, the Authority considered prior year rental income and occupancy rates. The operating expenses are expected to increase by the economy's inflation rate.

MANAGEMENT

Keenesburg Housing Authority is managed by the Fort Lupton Housing Authority.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of

internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the Housing Authority of the Town of Keenesburg, Colorado's internal control. We are required to communicate with those charged with governance regarding, amount other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise the Housing Authority of the Town of Keenesburg, Colorado's basic financial statements. The Financial Data Schedules are presented for purposes of additional analysis and is not a required part of the basic financial statements. HOUSING AUTHORITY OF THE TOWN OF KEENESBURG, COLORADO
NOTES TO FINANCIAL STATEMENTS
December 31, 2025

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The Authority was created under the laws of the State of Colorado. The purpose of the Authority is to administer the Housing programs authorized by the United States Housing Act of 1937 and amendments contained in the Quality Housing and Work Responsibility Act of 1998. These programs are subsidized by the Federal Government through the U.S. Department of Housing and Urban Development (HUD).

The financial statements of the Authority have been prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the standard-setting body for governmental accounting and financial reporting.

Financial Reporting Entity

In determining how to define the reporting entity, management has considered all potential component units. The decision to include a component unit in the reporting entity was made by applying the criteria set forth in Section 2100 and 2600 of the Government Accounting Standards Board Codification. These criteria state that the financial reporting entity consists of the primary government and organizations for which the primary government is financially accountable. In addition, the primary government may determine, through exercise of management's professional judgment, that the inclusion of an organization that does not meet the financial accountability criteria is necessary in order to prevent the reporting entity's financial statements from being misleading. In such instances, that organization should be included as a component unit. Based on these criteria, there are no additional agencies or entities which should be included in the financial statements of the Authority.

Basis of accounting, measurement focus, and financial statement presentation

The accounts of the Authority are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, revenues and expenditures or expenses, as appropriate.

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) are included in the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

The Authority distinguishes between operating and nonoperating revenues and expenses in its Statement of Revenues, Expenses and Changes in Fund Net Position. For this purpose, the Authority's operating revenues result from providing low-income housing services such as tenant rent and other tenant charges. Operating expenses include the cost attributed to administration, tenant services, utilities, maintenance and operations, and depreciation on capital assets. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses. Proprietary Fund Financial Statements include a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Fund Net Position, and a Statement of Cash Flows for each major proprietary fund and non-major funds aggregated.

HOUSING AUTHORITY OF THE TOWN OF KEENESBURG, COLORADO
NOTES TO FINANCIAL STATEMENTS
December 31, 2025

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

The model as defined in Statement No. 34 establishes criteria (percentage of the assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for determination of major Funds. If non-major funds exist, these funds are combined in a single column in the fund financial statements.

The Authority has a sole enterprise fund which includes the activities of the following programs:

Public Housing Program. This fund accounts for the operation, maintenance, and development of housing units which are owned by the Authority. The development of the projects were funded primarily by the U.S. Department of Housing and Urban Development through loans and bonds. The loans have been forgiven by HUD and the bond debt service and repayment requirements are the responsibility of HUD and therefore no outstanding liabilities are recorded. The program is subsidized annually by operating subsidy from HUD and through Capital Grants for capital improvements.

Budgetary Process

The Authority establishes a budget for the fiscal year and is adopted by the Board of Commissioners.

Cash and Investments

All investments are recorded at fair value based on quoted market prices. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties. Cash and Cash Investments are available upon demand and are considered to be "cash equivalents" when preparing these financial statements. In addition, any marketable securities that are owned by a specific amount and that are purchased with a maturity of ninety days or less are also considered to be "cash equivalents".

The Authority's deposits can only be invested in the following HUD approved investments: direct obligations of the federal government backed by the full faith and credit of the United States, obligations of federal government agencies, securities of government-sponsored agencies, demand and savings deposits, money-market deposit accounts, municipal depository fund, super now accounts, certificates of deposit, repurchase agreements, sweep accounts, separate trading of registered interest and principal securities (STRIPS), and mutual funds that consist of securities purchased from the HUD approved list.

Accounts Receivable

All receivables are current and therefore due within one year. Receivables are reported net of an allowance for uncollectible accounts and revenues net of uncollectibles. Allowances are reported when accounts are proven to be uncollectible.

Prepaid Items

Prepaid balances are for payments made by the Authority in the current year to provide services occurring in the subsequent fiscal year.

NOTES TO FINANCIAL STATEMENTS

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Capital Assets and Depreciation

Property and equipment are stated at actual or estimated historical cost, net of accumulated depreciation. Contributions of assets are recorded at acquisition value at the date received. The Authority generally capitalizes assets with cost of \$5,000 or more as purchases and construction outlays occur.

Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful lives are as follows:

Buildings	20-40 years
Building improvements	10-40 years
Furniture and fixtures	5-10 years
Equipment	3-10 years

Use of Restricted/Unrestricted Net Position

When an expense is incurred for purposes for which both restricted and unrestricted net position is available, the Authority's policy is to apply restricted net position first.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of certain assets, deferred outflows, liabilities, deferred inflows, revenues, expenditures, expenses, and other disclosures. Accordingly, actual results could differ from those estimates.

Grant Revenue

The Authority, a recipient of grant revenues, recognizes revenues (net of estimated uncollectible amounts, if any), when all applicable eligibility requirements, including time requirements are met in accordance with GASB Statement No. 33. Resources transmitted to the Authority before the eligibility requirements are met are reported as unearned revenue.

Compensated Absences

The Authority's policy does not allow employees to accumulate unused vacation or sick leave.

Postemployment Benefits Other Than Pensions (OPEB)

OPEB benefits are part of an exchange of salaries and/or benefits in a future period as the result of employee services rendered during employment. In accordance with the accrual basis of accounting, generally benefits should be associated with the periods in which the exchange occurs, rather than with the periods when benefits are paid or provided. The Authority has not incurred, adopted a plan or obligated resources to other postemployment benefits as defined in GASB Statement No. 75.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Leases

The leases entered into are considered short-term operating leases. The Authority has not entered into any material leases to be accrued as defined by GASB 87.

Subscription-Based Information Technology Arrangements

The Authority has not entered into any material subscription-based information technology arrangements to be accrued as defined by GASB 96.

Income Taxes

The Authority is a governmental subdivision of the State of Colorado and is exempt from Federal and State income taxes.

Taxpayer's Bill of Rights

In November, 1992, the voters of the State of Colorado approved an amendment to the State's Constitution limiting the amount of revenue which may be spent or retained by Colorado governmental entities. The amendment is in effect for most governmental entities for the years beginning after 1992, but exempts "enterprise" funds from the limitations. The Board of Commissioners of the Authority believes it is exempt from the provisions of the TABOR amendment because it is an "enterprise" (a business operation able to issue its own revenue bonds and receiving less than 10% of its revenue from state and local grants) as defined in the constitutional amendment. The Board also believes it is not subject to the provisions of TABOR because the governing board is not an elected board, does not have an electoral constituency, and does not have the power to impose taxes, all basic operational requirements of TABOR.

NOTE B - DEPOSITS AND INVESTMENTS

At December 31, 2025, the Authority's carrying amount of deposits was \$92,985 and the bank balances were \$101,873. As required by the Colorado Public Deposit Protection Act (PDPA), any amount in excess of the FDIC threshold (including accrued interest) shall be collateralized as required by the Public Deposit Protection Acts, article 10.5 of title 11, C.R.S., as amended or article 47 of title 11, C.R.S, as amended. All of the bank balances were covered by federal depository insurance. The Authority had cash on hand of \$20 as of December 31, 2025.

NOTE K—NET POSITION

The fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets and unrestricted.

- **Net Investment in Capital Assets** – This component groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation reduces the balance in this category.
- **Unrestricted** – This category represents net position of the Authority, not restricted for any project or other purposes.

NOTE L – CONTINGENCIES

The Authority recognizes as revenue grant monies received as reimbursement for costs incurred in certain Federal and State programs it administers. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the Federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any of expenditures which may be disallowed by the grantor cannot be determined at this time although the Authority expects such amounts, if any to be immaterial.

NOTE M - RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets, errors and omissions; injuries to employees; and natural disasters for which the Authority purchases commercial insurance.

During the year ended December 31, 2025, the Authority did not reduce insurance coverage from levels in place during the prior year. No settlements have exceeded coverage levels in place during the past three fiscal years.

GOVERNMENT AUDITING STANDARDS SECTION

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT
AUDITING STANDARDS**

Independent Auditors Report

To the Board of Commissioners
Housing Authority of the Town of Keenesburg, Colorado

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the major fund of the Housing Authority of the Town of Keenesburg, Colorado as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Housing Authority of the Town of Keenesburg, Colorado's basic financial statements, and have issued our report thereon dated May 11, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Housing Authority of the Town of Keenesburg, Colorado's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority of the Town of Keenesburg, Colorado's internal control. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority of the Town of Keenesburg, Colorado's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonably possibility that a material misstatement of the entity's basic financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Housing Authority of the Town of Keenesburg, Colorado's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
