INDEPENDENT AUDITOR'S REPORT

**To the Board of Directors
Roaring Fork Transportation Authority
Carbondale, Colorado**

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Roaring Fork Transportation Authority (the "Authority"), as of and for the year ended December 31, 2025, which collectively comprise the Authority's basic financial statements as listed in the Table of Contents, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Authority, as of December 31, 2025 and the respective changes in financial position and, where applicable, the respective budgetary comparison for the General Fund, Service Contract Fund, Bus Shelter and Park and Ride Fund, and the Mid Valley Trails Fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

The Authority's management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for one year after the date that the financial statements are issued.

Member: American Institute of Certified Public Accountants

INDEPENDENT AUDITORS REPORT
To the Board of Directors
Roaring Fork Transportation Authority
Carbondale, Colorado

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

U.S. GAAP require that the Management's Discussion and Analysis in Section B be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

INDEPENDENT AUDITORS REPORT
To the Board of Directors
Roaring Fork Transportation Authority
Carbondale, Colorado

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The individual fund budgetary comparisons in Section E and the Schedule of Expenditures of Federal Awards as required by *Title 2 U.S. Code of Federal Regulations, Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* included in Section F are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The individual fund budgetary comparisons and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. GAAS. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 9, 2026 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and on compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

As Management of the Roaring Fork Transportation Authority (the “Authority”), we offer readers of the Authority’s financial report this narrative summary for the fiscal year ended December 31, 2025.

Financial Highlights

- When looking at a short-term view, the General Fund had a increase in Fund balance of \$23.3 million compared to \$17.2 million increase in the final budget. The \$6 million improvement over budget was primarily driven by total revenues exceeding the final budget by 2.3% and expenditures being under budget by 5.5%. The reason for the increased revenues was better than anticipated sales and use tax revenue, property tax revenue, and increased investment income. Expenditures savings included transit fuel, labor, benefits, and health insurance due to vacant positions, transit maintenance expenditures (third-party repairs), Facilities operating and maintenance costs, and general liability claims.
- When looking at a long-term view, the Authority had an increase in Net Position of \$8.5 million resulting in a total Net Position amount of \$265.0 million. This increase was driven primarily by total operating revenues over operating expenditures. The main investments in capital assets were related to the ERP implementation project and the Glenwood Springs Maintenance Facility (GMF) Underground Storage Tank replacement project, both of which were completed in 2026.
- The Authority’s total ridership increased by approximately 0.8% from 5.0 million in 2024 to 5.1 million in 2025.
 - Annual ridership on regional transit service and percentage changes were as follows:
 - Valley Service (BRT and Highway 82 Valley Services) 2.7 million and -1.2%
 - Grand Hogback Service (I-70 Corridor) 196,661 and -1.9%.
- Transit Operations’ overtime for 2025 and 2024 was \$1.4 and \$1.6 million, respectively, resulting in \$231,760 decrease. Historically, the Authority faces challenges to attract, retain and maintain adequate staffing levels due to the seasonal nature of the region and high cost of living, which includes employee housing. Although Authority has seen a decrease in the overtime amount in 2025, it continues to see high overtime costs. The number of full-time bus operators did increase by approximately 10 full-time equivalents from 2024 to 2025.
- In 2025, the Authority’s transit mileage increased by 2.8% compared to 2024. Successful resource management and optimization of the transit service plan allowed for increased service levels in 2025. Total transit fuel expenditures for 2025 and 2024 were \$2.7 and \$2.5 million, respectively; a net increase of approximately 7.6%. The increase in fuel expenditures is primarily due to the expiration of the Alternative Fuel Tax Credits of \$248,000 received in 2024 and were not available in 2025.

Overview of the Financial Statements

The discussion and analysis are intended to serve as an introduction to the Authority's basic financial statements. The Authority's basic financial statements are comprised of two components: 1) financial statements; and 2) notes to the financial statements. These components are discussed below.

The Financial Statements are designed to provide readers with an overview of the Authority's finances, from both a short-term fund perspective and a long-term economic perspective.

The Balance Sheet/ Statement of Net Position presents information on all of the Authority's assets, deferred outflows of resources, liabilities (both short-term and long-term for assets and liabilities), and deferred inflows of resources, with the difference of assets and deferred outflows of resources less liabilities and deferred inflows of resources as fund balance or net position.

Government Funds, the General, Special Revenue, Capital Projects, and Debt Service Fund columns, present the financial position focusing on short-term available resources and are reported on a modified accrual basis of accounting. These columns show the various components (non-spendable, restricted, committed, assigned and unassigned) of fund balance. The unassigned, assigned, and committed fund balances may be spent for Board approved activities.

The Adjustments column represents the changes to the value of long-term assets and liabilities.

The Statement of Net Position column presents the financial position focusing on long-term economic resources and is reported on a full accrual basis of accounting. This column adds capital assets net of both depreciation and debt into a long-term equation. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The Statement of Revenues, Expenditures and Changes in Fund Balance/Statement of Activities illustrates how the Authority's fund balance and net position changed during the most recent fiscal year.

Government Funds, the General, Special Revenue, Capital Projects, and Debt Service Fund columns, focus on short-term available resources and are reported on a modified accrual basis. It illustrates the increase or decrease in fund balance.

The Adjustments column represents the changes to the value of long-term assets and liabilities. For example, depreciation or changes in debt service may increase or decrease the value of an asset.

The Statement of Activities column focuses on long-term economic resources and is reported on a full accrual basis of accounting. Though the focus is on long-term, it should not be associated with the future but rather with the changes in net position from January through December. This column represents the Authority's net worth.

Overview of the Financial Statements (continued)

The 2025 Authority financial statements report six individual government funds in four types: the general fund, three special revenue funds, a capital projects fund, and a debt service fund:

The General Fund accounts for the Administration, Transit, and Trails Program activities of the general Government. The general Government provides administrative support services (the Administrative Program), public commuter transit services (the Transit Program), and maintains the Authority-owned railroad right-of way for pedestrian, equestrian and other recreational uses (the Trails and Corridor Management Program).

The Service Contracts Special Revenue Fund accounts for revenue and operating activity for additional services based on contractual agreements. These services are provided in certain areas within the overall Authority service area. In the current year, the Authority had contractual agreements with the Aspen Skiing Company Skier Shuttles, Ride Glenwood Springs, City of Aspen local bus service, and the Garfield County Traveler Program.

The Bus Shelter and Park and Ride Special Revenue Fund accounts for vehicle fee revenue and bus shelter and park and ride expenditure activities as required by State rural transit authority enabling legislation. Additionally, by resolution, Garfield County has dedicated certain development fees to construct bus shelter and park and ride improvements in unincorporated Garfield County.

The Mid Valley Trails Special Revenue Fund accounts for Eagle County sales tax funded capital trails projects within the Roaring Fork Valley boundaries of Eagle County. Through intergovernmental agreement, in return for membership, Eagle County dedicated a half cent sales tax collected in the Roaring Fork Valley to the Authority. 10% of the tax collected must be used to fund trail projects. Resolution 2002-14 adopted the Mid Valley Trails Committee as an Authority committee.

The Capital Projects Fund reports expenditures for assets and infrastructure proceeds from debt issuances. There was no budget or activity for the fund in 2025.

The Debt Service Fund accounts for all principal and interest expenditures for the Series 2012A bonds, Series 2013B loans, the Series 2019 bonds, the Series 2021A bonds, and interest earned as required by resolution. The 2013B loan is tax-exempt. The 2012A bonds are Qualified Energy Conservation Bonds. This fund also accounts for all activity related to the required reserves for the bonds and interest earned as required by resolution.

The Authority's financial statements are included in Section C of this report.

The Notes to the Financial Statements provide a background of the entity, certain required statutes, and accounting policies utilized by the Authority. They also provide additional information that will aid in the interpretation of the financial statements.

The Notes to the Financial Statements are included in Section D of this report.

Overview of the Financial Statements (continued)

Supplementary Information concerning the Authority is also presented in addition to the basic financial statements and notes. This information is included in section E of this report.

Statutory Information concerning the Authority is also presented in addition to the basic financial statements, notes, and supplementary information. This information is included in section F of this report.

Total Deferred Inflows of Resources	<u>18,139</u>	<u>18,211</u>	<u>(72)</u>	<u>-0.4%</u>
Net Position:				
Net investment in capital assets	142,148	150,630	(8,482)	-5.6%
Restricted	4,998	5,613	(615)	-11.0%
Unrestricted	<u>117,876</u>	<u>100,268</u>	<u>17,608</u>	<u>17.6%</u>
Total Net Position	<u>\$ 265,022</u>	<u>\$ 256,511</u>	<u>8,511</u>	<u>3.3%</u>

As of December 31, 2025, the following trends were noted:

- *Current assets compared to current liabilities* – \$150.8 million and \$131.2 million of current assets were available to meet \$15.7 million and \$19.5 million of current liabilities due within a year for 2025 and 2024, respectively. The \$19.7 million net increase in current assets was primarily due to the increase in unrestricted cash and investments; the \$3.8 million decrease in current liabilities was primarily due to a decrease in accrued expenses.
- *Inventory and prepaid expenditures* – \$265,531 net decrease in 2025 compared to 2024 is primarily due to a decrease in the amount of prepaid expenses. Inventory levels continue to be reviewed and adjusted as an ongoing process to respond to market conditions, aging vehicles, new vehicle acquisitions, and unforeseen operational needs.
- *Capital assets, net* – \$224.4 million of net capital assets were used to provide transit and trails services. The \$7.2 million decrease was primarily due to \$4.8 million capital investments made related to transit assets and infrastructure offset by \$12 million in accumulated depreciation.
- *Non-current liabilities* – \$7.3 million increase was primarily due to the Iron Mountain Place employee housing lease-purchase financing agreement entered into in 2025 offset by payments on existing liabilities.

Financial Analysis of the Authority (continued)

- *Deferred Inflows of Resources* – Unavailable property tax revenue - \$45,000 decrease is due to a decrease in property net assessed valuations between tax years 2025 and 2026. Unavailable lease revenue - \$27,000 decrease is due to payments associated with lease revenue received in 2025 in accordance with Governmental Accounting Standard No. 87.
- *Total net position* – \$8.5 million increase was primarily from an increase in current assets and a decrease in current liabilities offset by a decrease in net capital investments and an increase in non-current liabilities.

Details regarding the Authority's assets and liabilities are included on Page C1.

Financial Analysis of the Authority (continued)

Roaring Fork Transportation Authority's Change in Net Position
(in thousands)

	<u>2025</u>	<u>2024</u>	<u>\$ dif</u>	<u>% dif</u>
Revenues:				
Sales and use tax	\$ 45,083	\$ 42,912	2,171	5.1%
Property tax	18,548	19,021	(473)	-2.5%
Service contracts	17,737	16,868	869	5.2%
Operating revenue	4,667	5,161	(494)	-9.6%
Capital grant revenue	43	23,788	(23,745)	-99.8%
Operating grant revenue	1,479	1,544	(65)	-4.2%
Local government capital contributions	302	25	277	1108.0%
Local government operating contributions	1,797	1,153	644	55.9%
Lease revenue	32	32	-	0.0%
Other income	1,725	1,650	75	4.5%
Investment income	4,437	5,441	(1,004)	-18.5%
Total Revenues	<u>\$ 95,850</u>	<u>\$ 117,596</u>	(21,746)	-18.5%

For the Year Ended December 31, 2025, the following trends were noted:

- All member jurisdictions, including Pitkin County, Eagle County, the City of Aspen, the Town of Snowmass Village, the Town of Basalt, the Town of Carbondale, the City of Glenwood Springs, and the town of New Castle generated sales tax revenue increases.
- Property tax revenue decreased by \$473,000 primarily from Colorado SB23B-001 that required the state to reimburse (backfill) local government entities for property tax revenue lost as a result of reductions in valuation enacted in 2022 for the 2023 property tax year with collections in 2024 that were not received in 2025.
- Service contracts revenue (cost reimbursement contracts) increased primarily due to an overall increase in operational service costs resulting in higher service contract revenue.
- Operating revenue (transit fares and advertising revenue) decreased primarily from the zero fare two-month pilot program that offered free rides for regional services from October 1 through November 30, 2025. The loss in operating fare revenues from the fare free pilot program were offset by the local government contributions.
- Operating grant revenues decreased due to less CDOT FASTER operating grant revenue compared to 2024:
 - \$1.3 million from Federal Transit Administration (FTA) was operating grant
 - \$174,000 from Colorado Department of Transportation (CDOT) FASTER 2024 operating grant for the Hogback service was received in 2025.
- Capital grants revenues decreased by \$23.8 million primarily due to the timing of capital expenditures and grants closed out in 2024 from the GMF Expansion Phases 3, 4, 5, & 7 and the 27th Street and SH82 underpasses projects:
 - \$27,000 from CDOT grant for Zero Emission Vehicle (ZEV) Safety and Training Equipment
 - \$16,000 from CDOT Office of Innovative Mobility (OIM) for ZEV Workforce Development

Financial Analysis of the Authority (continued)

- Local government contributions vary from year to year. In 2025, the Authority received a total of \$2.1 million in local governments operating and capital contributions:
 - \$906,000 from selected member jurisdictions for their share of the regional bikeshare equipment
 - \$546,000 from Garfield County and \$40,000 from the City of Rifle for continued Grand Hogback I-70 Corridor bus service
 - \$40,000 from Garfield county for the Traveler program
 - \$550,000 total contribution from City of Aspen, City of Glenwood Springs, and the Elected Officials Transportation Committee for the Authority’s Zero Fare Pilot Project.

Details regarding the Authority’s revenues and expenditures are included on Page C2.

Total Other Financing Sources (Uses)	<u>748</u>	<u>671</u>	77	11.5%
Change in Net Position	8,511	39,367	(30,856)	-78.4%
Net Position - Beginning of Year	<u>256,511</u>	<u>217,144</u>	39,367	18.1%
Net Position - End of Year	<u>\$ 265,022</u>	<u>\$ 256,511</u>	8,511	3.3%

For the Year Ended December 31, 2025, the following trends were noted:

- Transit Operations expenditures increased primarily due to a higher number of bus operators and increased labor and benefits costs. Administration costs increased primarily due to higher labor costs, increased and higher software and support costs.
- First and Last Mobility expenditures increased primarily due to the expansion of the regional bikeshare program in the Town of Snowmass Village.
- Capital outlay varies from year to year and increased \$1.2 million compared to 2024. Primary increase contributors were first and last mile mobility grant projects and microtransit in the City of Glenwood Springs, integrated clean energy microgrid, and AMF master plan.

Financial Analysis of the Authority (continued)

- Depreciation expenditures increased by \$3.5 million primarily due to the GMF Expansion Phases 3, 4, 5, and 7 and 27th Street and SH82 Underpasses projects depreciation starting in 2025.
- Debt service expenditures increased due to costs of issuance; interest accrued on the Iron Mountain Place employee housing lease-purchase financing agreement entered into in 2025.
- Gain (loss) on disposal of fixed assets decreased due to minimal asset disposition activity during the year.

The Authority receives revenues from various sources to fund the Administration, Transit and Trails Programs.

- Regional transit services are primarily funded through Sales and Use Tax and Operating revenues. Sales and Use Tax and Fees have been dedicated in various amounts by all member jurisdictions to fund regional services (see Notes to the Financial Statements, section V.B. Intergovernmental Agreement);
- Property Tax Revenues also support regional transit services, including Destination 2040 service enhancements and capital projects (see Major Capital Asset events on page B13).
- Service contracts revenue (cost allocation contracts) provides reimbursement of operating expenditures and a capital contribution for the services provided. The services provided under contract are typically within a limited area. See page B16 for the transit service area map. These services are identified as local circulator services. (see Notes to the Financial Statement, section V.C. Service Agreements);

Financial Analysis of the Authority (continued)

- Operating revenues consist of transit fares collected on regional service routes; these routes are on the I-70 highway corridor between Rifle and Glenwood Springs, Colorado and State Highway 82 between Glenwood Springs and Aspen, Colorado. See page B16 for a transit service area map;
- Grant revenues are provided at the Federal or State level and fund capital and operating expenditures; the Authority received \$43,000 and \$1.5 million in capital and operating grants, respectively;
- Local jurisdictions generally provide operating contributions but may provide capital contributions depending on the project or capital asset;
- Other income includes the following: Fees, Miscellaneous, Rental, Build America Bonds credit for interest expenditures paid on the related Series 2012A bonds and Series 2013A Loan.

The following chart depicts the Authority's 2025 revenues by percentage:

Details regarding the Authority's revenue sources are included on Page C2.

The Authority records the General Government activities as follows:

- The Administration line item includes the activities of the following Departments: Attorney, Board of Directors, CEO, Procurement, Finance, Human Resources, Information Technology, Capital Projects, Planning, and Sustainability and Legislative Affairs;
- The Trails and Corridor management line item includes the activities of The Trails and Corridor Management Program and Department;
- The Transit Program is reported on four-line items: Transit operations, maintenance, fuel, and facilities. Each line item, except for fuel, includes the activities of the respective department or functional area.
- The First and Last Mile Mobility line item includes the activities for Regional Bikeshare indirect and direct operations, planning, and startup operations.

Financial Analysis of the Authority (continued)

The following chart depicts the Authority's 2025 expenditures by percentage:

Details regarding the Authority's expenditures are included on Page C2.

The following chart illustrates fund balances for 2021 – 2025:

Financial Analysis of the Authority (continued)

As of December 31, 2025, the Authority's total fund balance was approximately \$126.6 million.

- The 2025/2024 increase was due to the financing of capital investments in Iron Mountain Place employee housing construction project and General Fund revenues exceeding expenditures.
- The 2024/2023 decrease was due to the timing of capital investments in Iron Mountain Place employee housing construction project, continuing investments in GMF Phases 3,4,5, and 7 Expansion project, and 27th Street and SH82 Underpasses project and associated depreciation, as well as overall increase in administrative, operating, and maintenance costs.
- The 2023/2022 decrease was due to the timing of the capital investments, offset by capital grants, in GMF Phases 3,4,5, and 7 Expansion project, 27th Street and SH82 Underpasses project, and the purchase of twenty-four buses.
- The 2022/2021 increase was due to higher than anticipated sales, use and property tax revenues, higher service contracts revenues, and overall organizational savings related to transit operations, administrative expenditures, and timing of capital projects.
- The 2021/2020 increase was due to sales and use tax revenues exceeding estimates, Federal operating grant revenues primarily from Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA), timing of capital projects, including Destination 2040 Plan projects, to be funded with the proceeds received from issuing Property Tax Revenue Bonds, Series 2021A, and overall savings throughout the organization.

Major Capital Asset Events

Approximately \$2.3 million was expended on the Enterprise Resource Planning (ERP) system implementation, \$2.2 million was expended on the GMF underground storage fuel tank replacement project, \$903,000 was expended on Regional Bikeshare equipment, \$807,000 was expended on transit equipment, \$717,000 was expended on design for the GMF Phases 6 and 8 expansion project, \$471,000 was expended on various facility improvements, and \$369,000 was expended on the Iron Mountain Place employee housing project. Rolling stock expenditures included \$373,000 for engine and transmission rebuilds and \$320,000 for bus driver barriers.

Financial Analysis of the Authority (continued)

Major Debt Events

In October 2025, the Authority entered into a 30-year lease-purchase financing agreement with Alpine Bank to fund the costs of acquiring land and property, and certain additional improvements made by the Authority to make the property suitable for use as a residential complex for Authority employees. Additional debt information is available in the Notes to the Financial Statements, section IV.G. Other Liabilities.

Long-term Financial Plan

The Authority's long-term goal is to be financially sustainable by maintaining operating and capital reserves in accordance with Management's policies, and to maintain a long-range financial forecast to communicate and plan for future opportunities and issues.

The Authority uses fund accounting to ensure and demonstrate compliance with accounting and related legal requirements.

The General Fund had an unassigned fund balance of \$13.2 million, while total fund balance increased to \$125.0 million. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 21.4% of total general fund expenditures, while total fund balance represents 201.6% of the same amount.

The Service Contracts Special Revenue Fund had a total fund balance of \$0.

The Bus Shelter and Park and Ride Special Revenue Fund had a total fund balance of \$97,000, fully restricted by enabling legislation for bus shelter and park and ride expenditure activities.

The Mid Valley Trails Special Revenue Fund had a total fund balance of \$602,000, all of which is restricted by enabling legislation to fund trail projects within the Roaring Fork Valley boundaries of Eagle County. The net increase in fund balance was \$153,000.

The Capital Projects Fund had a total fund balance of \$0.

The Debt Service Fund had a total fund balance of \$920,000 representing the required reserves for the 2012A bonds and 2013B loan and interest earned as required by resolution, as well as the debt service payments for the Series 2019 and Series 2021A bonds. The fund received a Qualified Energy Conservation Bond credit of \$84,000 on the Series 2012A QECBs, received a Qualified Energy Conservation Bond credit of \$22,000 on the Series 2013B Sales Tax Revenue Loan, \$89,000 in investment income, and a transfer from the General Fund for the remaining balance. Expenditures included \$2.3 million of debt service interest expenditures related to these bonds.

General Fund Budgetary Highlights

The Authority's revenues came in over budget by \$1.8 million. Expenditures were \$3.6 million under budget. Significant budget variances were as follows:

Description	Final Budget	Actual	Variance Positive (Negative)	Reason
Revenues:				
Sales and use tax revenue	\$ 43,820,000	\$ 44,952,296	\$ 1,132,296	Better than anticipated/budgeted revenues
Property tax revenue	18,311,200	18,548,173	236,973	Better than anticipated/budgeted revenues
Investment income	3,798,000	4,323,645	525,645	Interest rates higher than anticipated
Expenditures:				
Transit Fuel	\$ 2,329,339	\$ 1,876,860	\$ 452,479	Higher CNG versus diesel bus usage which has a lower cost per mile; Lower than anticipated electric bus charging costs.
Transit maintenance	8,732,992	7,694,699	1,038,293	Savings due to vacant job positions and lower than anticipated maintenance costs
Administration	12,929,388	12,099,152	830,236	Savings due to vacant positions, lower than anticipated general liability insurance costs, information technology software and supports costs, and overall operating costs.
Facilities	3,418,414	2,669,790	748,624	Later than anticipated occupancy at Iron Mountain Place employee housing, and lower than anticipated overall operating and maintenance costs.

Subsequent Year's Budget

- The Authority ended the year with a combined ending fund balance of \$126.6 million. The 2026 amended budget, as of Resolution 2026-17, anticipates a net decrease of \$16.6 million in the General Fund, net decrease of \$88,000 in the Special Revenue Funds, and no changes to the Capital Projects Fund and Debt Service Fund.
- Management continues to review and monitor increasing health care and labor costs. Affordable housing inventory continues to be a challenge and RFTA is currently evaluating its housing program. With the capital-intensive nature of the transit industry, management continues to develop funding strategies for short and long-term capital replacement and improvement needs.
- In 2026, the Authority will begin work on the RFTA Master Plan, which includes a comprehensive assessment of existing services, organizational capacity, and regional travel patterns; development and evaluation of future service scenarios; and delivery of a strategic vision with phased implementation, funding strategies, and prioritized capital and operational recommendations.

Request for Information

This financial report is designed to provide a general overview of the Authority's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to: Roaring Fork Transportation Authority, Attention: Finance, 0766 Industry Way Carbondale, Colorado 81623.

Below is a map of the Authority's commuter transit service area which includes the I-70 Corridor between Rifle and Glenwood Springs and the Highway 82 Corridor between the Glenwood Springs and Aspen. Additionally, the Authority-owned railroad right-of-way runs adjacent to Highway 82 and connects with the Pitkin County trail near Aspen.

NOTES TO THE FINANCIAL STATEMENTS

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025

I. Summary of Significant Accounting Policies

The Roaring Fork Transit Agency was formed by an intergovernmental agreement between the City of Aspen and Pitkin County in 1983. In November of 2000, the electorate of the Roaring Fork Valley, subject to an intergovernmental agreement authorized by participating entities, approved the establishment of the Roaring Fork Transportation Authority (the "Authority"). The function of the Authority is to create, operate, and maintain a public transportation system and a multi-purpose non-motorized trail network that serves the residents and visitors of the Roaring Fork and Colorado River Valley with environmentally friendly, convenient, safe, efficient and economical transportation. The Authority's service area encompasses six towns and two counties that include the City of Aspen, Town of Basalt, Town of Carbondale, Eagle County, City of Glenwood Springs, Town of New Castle, Pitkin County and Town of Snowmass Village. The Authority's regional transit services are supported by dedicated sales tax collections by governments within the service area, contributions, and fares.

The Authority's financial statements are prepared in accordance with generally accepted accounting principles ("GAAP"), as applied to government units. The Governmental Accounting Standards Board ("GASB") is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant accounting policies established by GAAP used by the Authority are discussed below.

A. Reporting Entity

The Authority is governed by a Board of Directors which is comprised of eight members and eight alternates who consist of two elected officials from each participating governmental entity. The Board is responsible for setting policy, appointing administrative personnel, and adopting an annual budget in accordance with state statutes. As required by GAAP, the financial statements of the reporting entity include those of the Authority. Additionally, a second Authority Board, the Mid Valley Trails Board administers 20% (0.10%) of the Eagle County sales tax dedicated to the Authority. No additional separate governmental units, agencies, or non-profit corporations are included in the financial statements of the Authority since none were discovered to fall within the oversight responsibility based on the application of the following criteria: financial accountability, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

B. Government-wide and Fund Financial Statements

The Authority's basic financial statements include both government-wide (reporting the Authority as a whole) and fund financial statements (reporting the Authority's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental (i.e., normally supported by taxes and intergovernmental revenues) or business (i.e., relying to a significant extent on fees and charges for support) type activities. Currently, the Authority performs only governmental activities. Neither fiduciary nor component units that are fiduciary in nature are included.

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

I. Summary of Significant Accounting Policies (continued)

B. Government-wide and Fund Financial Statements (continued)

1. Government-wide Financial Statements

In the government-wide Statement of Net Position, the governmental activities columns are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Authority's net position is reported as unrestricted net position. The government-wide focus is on the sustainability of the Authority as an entity and the change in the Authority's net position resulting from the current year's activities.

2. Fund Financial Statements

The financial transactions of the Authority are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, deferred outflows of resources, liabilities, deferred inflows of resources, reserves, fund equity, revenues and expenditures. The fund focus is on current available resources and budget compliance.

The Authority reports six funds:

- **General Fund** – accounts for all activities of the general government except those accounted for in the special revenue, capital projects, debt service, and reserve funds.
- **Service Contracts Special Revenue Fund** – reports revenue and operating activity for additional services based on contractual agreement.
- **Bus Shelter and Park and Ride Special Revenue Fund** – reports vehicle fee revenue and bus shelter and park and ride expenditure activity as required by State rural transit authority enabling legislation.
- **Mid Valley Trails Special Revenue Fund** – reports transactions restricted to trail activities in accordance with the June 2002 resolution where the Authority adopted the Eagle County Mid Valley Trails Committee which administers all aspects of appropriating the funds and the Authority provides accounting of the funds and other services as requested by the Committee.
- **Capital Projects Fund** – reports expenditures for assets and infrastructure using proceeds from debt issuances. There was no budget or activity for the fund in 2025.
- **Debt Service Fund** – reports all principal and interest expenditures for the Series 2012A \$6.65 million bond issuance, Series 2013B taxable sales tax revenue loan, Series 2019 \$24.5 million refunding and improvement bond issuance, Series 2021A \$28.8 million bond issuance, interest earned, and the required reserves for these bonds.

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

I. Summary of Significant Accounting Policies (continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Measurement focus refers to whether financial statements measure changes in current resources only (current financial focus) or changes in both current and long-term resources (long-term economic focus). Basis of accounting refers to the point at which revenues, expenditures, or expenses are recognized in the accounts and reported in the financial statements.

1. Long-term Economic Focus and Accrual Basis

Governmental activities in the government-wide financial statements use the long-term economic focus and are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred, regardless of the timing of the related cash flows.

2. Current Financial Focus and Modified Accrual Basis

The governmental fund financial statements use the current financial focus and are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are generally recognized when the related liability is incurred. The exception to this general rule is that principal and interest on general long-term debt is recognized when due.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities to the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Sales tax, fees, and licenses associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

D. Financial Statement Accounts

1. Cash, Cash Equivalents, and Investments

Cash and cash equivalents – unrestricted are defined as amounts in demand deposits as well as short-term investments with a maturity date within 3 months of the date acquired by the Authority.

Cash and cash equivalents – restricted are defined as certain proceeds from debt issuance with limited use by applicable debt covenants.

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

I. Summary of Significant Accounting Policies (continued)

D. Financial Statement Accounts (continued)

1. Cash, Cash Equivalents, and Investments (continued)

The Authority has adopted a formal investment policy to manage its safety of principal, liquidity to meet all operating requirements, and yield. The following is a summary of relevant guidelines from the policy:

- **Investment Types** – All investments will be made in accordance with the Colorado Revised Statutes as follows: C.R.S. 11-10.5-101, et seq. Public Deposit Protection Act; C.R.S. 24-75-601, et. seq. Funds - Legal Investments; C.R.S. 24-75-603, Depositories; and C.R.S. 24-75-702, Local governments – authority to pool surplus funds.
- **Diversification** – The investments shall be diversified by limiting investments to avoid over concentration in securities from a specific issuer or business sector (excluding U.S. Treasury securities), limiting investment in securities that have higher credit risks, investing in securities with varying maturities, and continuously investing a portion of the portfolio in readily available funds such as local government investment pools, money market funds or overnight repurchase agreements to ensure that appropriate liquidity is maintained in order to meet ongoing obligations.
- **Maturity** – Investment maturities shall be based on the anticipated cash flow requirements of the Authority. Unless matched to a specific cash flow, the Authority will not directly invest in securities maturing more than five (5) years. The Authority adopts weighted average maturity limitations (which often range from 90 days to 3 years). Reserve funds and other funds with longer-term investment horizons may be invested in securities exceeding five (5) years if the maturities of such investments are made to coincide with the expected use of funds.

2. Receivables

Receivables are reported net of an allowance for uncollectible accounts. However, no allowance for uncollectible accounts has been established, as the Authority considers all accounts to be collectible.

3. Property Taxes

Property taxes are assessed in one year as a lien on the property but not collected by the governmental units until the subsequent year. In accordance with generally accepted accounting principles, the assessed but uncollected property taxes have been recorded as a receivable and a deferred inflow of resources.

4. Inventory

Inventory consists of fuel, bus equipment, and facilities parts, and is recorded at the lower of cost or market.

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

I. Summary of Significant Accounting Policies (continued)

D. Financial Statement Accounts (continued)

5. Prepaid Items

Payments to vendors that reflect costs applicable to future accounting periods are recorded as prepaid items in both government-wide and fund financial statements.

6. Compensated Absences

The Authority allows its employees to accumulate sick and vacation leave, based on the employee's length and hours of service, and compensates overtime in the form of overtime pay or compensatory time off.

Accrued compensated absences may be carried over to the following year, with a maximum accrual of 300 hours for vacation time, 160 hours for compensatory time, and no maximum accrual for sick time. Upon an employee's separation from service from the Authority, the Authority pays the full amount of accrued vacation time and accrued compensatory time. Accrued sick time is also paid out, up to a maximum of 33% of 400 accrued hours.

7. Capital Assets

Capital assets, which include land, buildings, building improvements, equipment, and vehicles, are reported in the applicable governmental columns in the government-wide financial statements. Capital assets are defined by the Authority as assets with an initial cost of \$10,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

Capital outlay for projects is capitalized as projects are constructed. Interest, if any, incurred during the construction phase is expensed as incurred.

Buildings and equipment are depreciated using the straight-line method over the following estimated useful lives:

Asset	Years
Buildings and improvements	5 - 40
Machinery and equipment	3 - 20
Vehicles	5 - 12

Depreciation is not taken on assets in the first year of service.

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

I. Summary of Significant Accounting Policies (continued)

D. Financial Statement Accounts (continued)

8. Non-Current Liabilities

Non-current liabilities consist of bonds payable, financing notes, long-term leases, long-term subscriptions, bond premiums and discounts. Bonds payable are reported net of the applicable bond premium or discount. These premiums and discounts are amortized over the life of the applicable bonds using the bonds outstanding method.

9. Leases

Lessee: The Authority is lessee for noncancellable leases of apartment units and office units. The Authority recognizes a lease liability and an intangible right-to-use asset in the government-wide financial statements.

At the commencement of a lease, the Authority initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over the lesser of its useful life or the lease term.

Key estimates and judgments related to leases include how the Authority determines the following:

- **Discount Rate** – The Authority uses its estimated incremental borrowing rate as the discount rate for leases.
- **Lease Term** – The lease term includes the noncancellable period of the lease and extended term(s) that the Authority is reasonably certain to exercise.

The Authority monitors changes in circumstances that would require a remeasurement of its leases and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with non-current liabilities on the Statement of Net Position.

Lessor: The Authority is lessor for noncancellable leases of land. The Authority recognized a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements.

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

I. Summary of Significant Accounting Policies (continued)

D. Financial Statement Accounts (continued)

9. Leases (continued)

At the commencement of the lease, the Authority initially measures the lease receivable at the present value of the payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of the lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments related to leases include how the Authority determines the following:

- **Discount Rate** – The Authority uses its estimated incremental borrowing rate as the discount rate for leases.
- **Lease Term** – The lease term includes the noncancellable period of the lease and extended term(s) that the Authority is reasonably certain to exercise.

The Authority monitors changes in circumstances that would require a remeasurement of its leases and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease liability.

10. Subscription Based Information Technology Arrangements (“SBITA”)

The Authority is a subscriber for noncancellable agreements for software access. The Authority recognizes a subscription liability and an intangible right-to-use asset in the government-wide financial statements. The Authority recognizes subscription liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a subscription, the Authority initially measures the subscription liability at the present value of payments expected to be made during the subscription term. Subsequently, the subscription liability is reduced by the principal portion of subscription payments made. The subscription asset is initially measured as the initial amount of the subscription liability, adjusted for subscription payments made at or before the subscription commencement date, plus certain initial direct costs. Subsequently, the subscription asset is amortized on a straight-line basis over the lesser of its useful life or the subscription term.

Key estimates and judgments related to subscriptions include how the Authority determines the following:

- **Discount Rate** – The Authority uses its estimated incremental borrowing rate as the discount rate for subscriptions.
- **Subscription Term** – The subscription term includes the noncancellable period of the subscription and extended term(s) that the Authority is reasonably certain to exercise.

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

I. Summary of Significant Accounting Policies (continued)

D. Financial Statement Accounts (continued)

10. Subscription Based Information Technology Arrangements ("SBITA") (continued)

The Authority monitors changes in circumstances that would require a remeasurement of its subscriptions and will remeasure the subscription asset and liability if certain changes occur that are expected to significantly affect the amount of the subscription liability.

Subscription assets are reported with other capital assets and subscription liabilities are reported with non-current liabilities on the Statement of Net Position.

11. Deferred Inflows and Outflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The Authority has one item which qualifies for reporting in this category: deferred charges on refunding. A deferred charge on refunding results from the difference in the carrying value of the refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Authority has two items that qualify for reporting in this category. Accordingly, the items, unavailable property tax revenue and unavailable lease revenue, are deferred and recognized as an inflow of resources in the period that the amounts become available and earned.

12. Categories and Classification of Fund Balance

Governmental accounting standards establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Fund balance classifications, include Non-spendable, Restricted, Committed, Assigned, and Unassigned. These classifications reflect not only the nature of funds, but also provide clarity to the level of restriction placed upon fund balance. Fund Balance can have different levels of restraint, such as external versus internal compliance requirements. Unassigned fund balance is a residual classification within the general fund. The general fund should be the only fund that reports a positive unassigned balance. In all other funds, unassigned is limited to negative residual fund balance.

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

I. Summary of Significant Accounting Policies (continued)

D. Financial Statement Accounts (continued)

12. Categories and Classification of Fund Balance (continued)

The Authority classifies governmental fund balances as follows:

- 1. Non-spendable** – includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual requirements.
- 2. Spendable Fund Balance:**
 - **Restricted** – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
 - **Committed** – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision-making authority which is the Authority's Board of Directors. For details on the Authority's budget process, refer to Note III.A.
 - **Assigned** – includes spendable fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund Balance may be assigned by the Board or its management designee.
 - **Unassigned** – includes residual positive fund balance within the General Fund which has not been classified within the other categories mentioned above. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

The Authority uses restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the Authority would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The Authority does not have a formal minimum fund balance policy. However, the Authority's budget includes a calculation of a targeted reserve positions, and the Administration calculates targets and report them annually to the Board.

The Service Contracts Fund has a negative unassigned fund balance of \$15,691 at December 31, 2025, due to the restriction of fund balance for prepaid items, categorized as non-spendable fund balance.

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

I. Summary of Significant Accounting Policies (continued)

D. Financial Statement Accounts (continued)

12. Categories and Classification of Fund Balance (continued)

The following are fund definitions:

- **General Fund** – The general fund is used to account for and report all financial resources not accounted for and reported in another fund.
- **Special Revenue Funds** – Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The term “proceeds of specific revenue sources” establishes that one or more specific restricted or committed revenues should be the foundation for a special revenue fund.
- **Capital Projects Funds** – Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Capital projects funds exclude those types of capital-related outflows financed by proprietary funds or for assets that will be held in trust for individuals, private organizations, or other governments.
- **Debt Service Funds** – Debt service funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest. Debt service funds should be used to report resources if legally mandated. Financial resources that are being accumulated for principal and interest maturing in future years also should be reported in debt service funds.

E. Significant Accounting Policies

1. Use of Estimates

The preparation of financial statements is in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Restricted and Unrestricted Resources

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as needed.

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

II. Reconciliation of Government-wide and Fund Financial Statements

A. Explanation of certain differences between the governmental funds Balance Sheet and the government-wide Statement of Net Position

The governmental funds Balance Sheet includes reconciliation between Fund balance – Governmental funds and Net Position – Governmental activities as reported in the government-wide Statement of Net Position. Explanation of the adjustments included in the reconciling column is as follows:

Capital assets used in governmental activities are not considered current financial resources and, therefore, not reported in the governmental funds. Details of these amounts are as follows:

Capital assets	\$ 322,448,831	
Lease assets	3,644,733	
Intangible subscriptions	2,614,038	
Accumulated depreciation	(101,250,876)	
Accumulated amortization	<u>(3,058,040)</u>	
		\$ 224,398,686

Prepaid expenses relating to long-term subscription payables are not current year expenditures; however, the prepaid expenses are applied against the related long-term payable in the government-wide Statement of Net Position:

Prepaid expenses	\$ (290,657)
------------------	--------------

Deferred outflows are not available for current period expenditures and, therefore, are not reported in the funds:

Deferred costs on bond refunding	\$ 399,802
----------------------------------	------------

Long-term liabilities, including bonds payable and capital leases, are not due and payable in the current period and, therefore, are not reported in the funds.

Bonds payable	\$ (51,545,000)	
Financing notes payable	(19,933,488)	
Long-term leases payable	(1,778,635)	
Long-term subscriptions payable	(1,507,054)	
Unamortized bond issuance premiums	(7,886,631)	
Accrued interest payable	(293,852)	
Accrued general liability claims	31,991	
Accrued compensated absences	<u>(3,261,516)</u>	
		\$ (86,174,185)

Funds collected from Pitkin County sales tax revenues and dedicated to a portion of the Authority's succeeding year's bond interest and principal due.

Restricted cash and cash equivalents	\$ 44,017
	<u>138,377,663</u>

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

II. Reconciliation of Government-wide and Fund Financial Statements (continued)

B. Explanation of certain differences between the governmental funds Statement of Revenues, Expenditures and changes in Fund Balance and the government-wide Statement of Activities

The governmental funds Statement of Revenues, Expenditures and Changes in Fund Balance includes reconciliation between Net change in fund balance – Governmental funds and Changes in net position – Governmental activities as reported in the government-wide Statement of Activities. Explanation of adjustments included in the reconciling column is as follows:

Governmental funds report capital outlay as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

Capital additions	\$ 8,834,230	
Depreciation expense	(14,482,831)	
Amortization expense	(1,455,909)	
Loss on disposal of capital assets	<u>(26,011)</u>	
		\$ (7,130,521)

Some revenues reported in the Statement of Activities are not available from current financial resources and, therefore, are not recorded as revenues in governmental funds.

Net change in restricted cash and cash equivalents	\$ (116)
--	----------

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not recorded as expenditures in governmental funds.

Net change in general insurance claims	\$ 91,200	
Net change in compensated absences	<u>(150,116)</u>	
		\$ (58,916)

(continued)

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

II. Reconciliation of Government-wide and Fund Financial Statements (continued)

B. Explanation of certain differences between the governmental funds Statement of Revenues, Expenditures and changes in Fund Balance and the government-wide Statement of Activities (continued)

(continued)

The issuance of long-term debt (e.g., leases and bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs and premiums when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these difference in the treatment of long-term debt and related items.

Proceeds from financing notes	\$ (12,975,000)	
Proceeds from long-term leases	(399,214)	
Principal repayments - bonds payable	2,525,000	
Principal repayments - financing notes	1,127,243	
Principal repayments - long-term leases	922,057	
Principal repayments - long-term subscriptions	475,274	
Amortization on bond premiums	749,822	
Amortization on bond refunding costs	(63,228)	
Net change to accrued interest	<u>(34,320)</u>	
		\$ (7,672,366)
		<u><u>(14,861,919)</u></u>

III. Stewardship, Compliance, and Accountability

A. Budgets and Budgetary Accounting

In the fall of each year, the Authority's Board of Directors formally adopts a budget with appropriations by fund for the ensuing year pursuant to the Colorado Local Budget Law. The budget for the governmental funds is adopted on a basis consistent with U.S. GAAP. The Authority follows the required timetable noted below in preparing, approving, and enacting its budget for 2025.

- (1) On or before October 15th, the Authority submitted to the Board a recommended budget that details the revenues necessary to meet the Authority's operating requirements.
- (2) After appropriate public notice and a required public hearing, the Board adopted the proposed budget and an appropriating resolution that legally appropriated expenditures for the upcoming year on or before December 15th.
- (3) After adoption of the initial budget resolution, the Authority may make the following changes: (a) supplemental appropriations to the extent of revenues in excess of the estimated in the budget; (b) emergency appropriations; and (c) reduction of appropriations for which originally estimated revenues are insufficient.

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

III. Stewardship, Compliance, and Accountability (continued)

A. Budgets and Budgetary Accounting (continued)

All appropriations lapse at year end. During the year, the following supplemental appropriation resolutions were adopted by the Authority. The budgetary comparison statements reflect the original budget and the final budget after legally authorized revisions were made. As a result of the supplementary budget appropriations, the 2025 appropriations were increased (decreased) as follows:

Resolution	General Fund	SRF Service Contracts	SRF Bus Shelter/ PNR	Capital Projects Fund	Total
Original Appropriation					\$ 157,686,039
<i>Changes to annual appropriations:</i>					
Resolution No. 2025-16	\$ 28,426,798	\$ -	\$ 91,390	\$ -	28,518,188
Resolution No. 2025-35	318,221	-	-	-	318,221
Resolution No. 2026-16	(90,185,224)	-	(88,027)	-	(90,273,251)
<i>Total changes to annual appropriations</i>	<u>\$ (61,440,205)</u>	<u>\$ -</u>	<u>\$ 3,363</u>	<u>\$ -</u>	<u>(61,436,842)</u>
Final Appropriation					<u>\$ 96,249,197</u>

B. Excess of Expenditures over Appropriations

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all funds. All annual appropriations lapse at year-end. The appropriated budget is prepared by fund, by object. The Authority may make transfers of appropriations within a fund. Transfers of appropriations between funds require approval of the Board. The legal level of budgetary controls (i.e. the level at which expenditures may not legally exceed appropriations) is the fund level.

C. TABOR Amendment

In November 1992, Colorado voters amended Article X of the Colorado Constitution by adding Section 20, commonly known as the Taxpayer's Bill of Rights ("TABOR"). TABOR contains revenue, spending, tax and debt limitations that apply to the State of Colorado and local governments. TABOR requires, with certain exceptions, advance voter approval for any new tax, tax rate increases, a mill levy above that for the prior year, extension of any expiring tax, or tax policy change directly causing a net tax revenue gain to any local government.

Except for refinancing bonded debt at a lower interest rate or adding new employees to existing pension plans, TABOR requires advance voter approval for the creation of any multiple-fiscal year debt or other financial obligation unless adequate present cash reserves are pledged irrevocably and held for payments in all future fiscal years.

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

III. Stewardship, Compliance, and Accountability (continued)

C. TABOR Amendment (continued)

TABOR also requires local governments to establish emergency reserves to be used for declared emergencies only. Emergencies, as defined by TABOR, exclude economic conditions, revenue shortfalls, or salary or fringe benefit increases. These reserves are required to be 3% or more of fiscal year revenue. As required by TABOR, the Authority has restricted \$2,312,499 of its fund balance in the General Fund for emergencies, which is the approximate required reserve at December 31, 2025.

The ballot question authorizing the creation of the Authority in 2000 allows the Authority to treat all amounts received from taxes, contributions and otherwise and earnings thereon as a voter approved revenue change.

The Authority's management believes it is in compliance with the financial provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of its provisions will require judicial interpretation.

IV. Detailed Notes on All Funds

A. Deposits and Investments

The Colorado Public Deposit Protection Act ("PDPA") requires that all units of local government deposit cash in eligible public depositories; eligibility is determined by State regulators. Amounts in deposit in excess of Federal insurance levels must be collateralized. The eligible collateral is determined by PDPA. The PDPA allows the institution to create a single collateral pool for all public funds. The pool is to be maintained by another institution or held in trust for all the uninsured public deposits as a group. The market value of collateral must be at least equal to the aggregate uninsured deposits.

At year end, the Authority had the following cash and investments with the following maturities:

	Standard & Poors Rating	Carrying Amounts	Less than one year	Less than five years
Deposits:				
Cash on Hand	Not Rated	\$ 41,142	\$ 41,142	\$ -
Checking	Not Rated	1,535,950	1,535,950	-
Savings	Not Rated	4,705,254	4,705,254	-
Deposits held by Pitkin County Treasurer	Not Rated	44,017	44,017	-
Total Deposits		6,326,363	6,326,363	-
Local Government Investment Pools	AAAm	109,804,186	109,804,186	-
Total Investments		109,804,186	109,804,186	-
Total		\$116,130,549	\$116,130,549	\$ -

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

IV. Detailed Notes on All Funds (continued)

A. Deposits and Investments (continued)

The local government investment pool represents investments in COLOTRUST and CSIP, which are investment vehicles established for local government entities in Colorado to pool surplus funds. They operate similarly to money market funds, whereby each share is equal in value to \$1. Investments of the trusts consist of U.S. Treasury bills, notes and note strips, and repurchase agreements collateralized by U.S. Treasury securities. The Authority has no regulatory oversight for the pools. Investment balances in the pools are not subject to limitations or restriction on withdrawals.

Fair Value of Investments: The Authority measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- *Level 1:* Quoted prices for identical investments in active markets;
- *Level 2:* Observable inputs other than quoted market prices; and
- *Level 3:* Unobservable inputs.

At year end, the Authority had the following recurring measurements:

Investments Measured at Net Asset Value	
Colotrust	\$ 54,922,235
Investments Measured at Amortized Cost	
CSIP	54,881,951
Total Investments	<u><u>\$109,804,186</u></u>

Investments classified in Level 1 are valued using prices quoted in active markets for those securities. Investments classified in Level 2 are valued using the following approaches:

- Commercial Paper: quoted prices for identical securities in markets that are not active;
- Repurpose Agreements, Negotiable Certificates of Deposit, and Collateralized Debt Obligations: matrix pricing based on securities' relationship to benchmark quoted prices;
- Money Market, Bond, and Equity Mutual Funds: published fair value per share (unit) for each fund.

Interest Rate Risk: As a means of limiting its exposure to interest rate risk, the Authority diversifies its investments by security type and institution, and limits holdings in any one type of investment with any one issuer. The Authority coordinates its investment maturities to closely match cash flow needs and restricts the maximum investment term to less than five years from the purchase date.

Credit Risk: State law and Authority policy limit investments to those authorized by State statutes including U.S. Agencies and 2a7-like pools. The Authority's general investment policy is to apply the prudent-person rule: Investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital, and, in general, avoid speculative investments.

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

IV. Detailed Notes on All Funds (continued)

A. Deposits and Investments (continued)

Concentration of Credit Risk: The Authority diversifies its investments by security type and institution. Investments may only be made in those financial institutions which are insured or issued by the Federal Deposit Insurance Corporation, the Federal Home Mortgage Association, the Federal Savings and Loan Insurance Corporation, and congressionally authorized mortgage lenders and investments that are federally guaranteed. Financial institutions holding Authority funds must provide the Authority a copy of the certificate from the Banking Authority that states that the institution is an eligible public depository.

Custodial Credit Risk - Deposits: In the case of deposits, this is the risk that in the event of bank failure, the Authority's deposits may be returned to it. The Authority's deposits are entirely covered by federal depository insurance ("FDIC") or by collateral held under PDPA. The FDIC insures the first \$250,000 of the Authority's deposits at each financial institution. Deposit balances over \$250,000 are collateralized as required by PDPA.

Custodial Credit Risk – Investments: For an investment, this is the risk that, in the event of the failure of the counterparty, the Authority will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All investments are made in the name of the Authority. Marketable securities are held by either (1) a third-party custodian as evidenced by safekeeping receipts or (2) a broker-dealer in a customer account that is insured by the Securities Investor Protection Corporation and supplemental insurance for the maximum held in such account.

B. Receivables

Accounts receivable is due primarily from pass sales in 2025. Due from other Governments consists of amounts due from the Federal and State Government and other local entities, including sales and use tax. The Authority has recorded no allowance for doubtful accounts at December 31, 2025 and anticipates the collection of all receivables.

C. Leases Receivable

The Authority leases land to two entities. The leases bear an annual interest rate of 2.36%. Variable revenues are recognized when the original measured lease payments differ from actual. In accordance with generally accepted accounting principles, the outstanding lease receivable balances have been recorded as a receivable and deferred inflow of resources. There is a difference between reductions in receivables and deferred inflow when lease terms specify lease payments adjustments (i.e., periodic increases) throughout the term of the lease, and these differences are recognized as an adjustment to lease principal revenue.

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

IV. Detailed Notes on All Funds (continued)

C. Leases Receivable (continued)

Changes in the Authority's leases receivable consisted of the following for the year ended December 31, 2025:

	<u>12/31/24</u>	<u>Increases</u>	<u>Decreases</u>	<u>12/31/25</u>	<u>Receivable within one year</u>
Long-term leases receivable:					
Verizon Wireless	\$ 72,347	\$ -	\$ (13,139)	\$ 59,208	\$ 13,684
AT&T Wireless	186,667	-	(12,369)	174,298	12,977
Long-term receivables	<u>\$ 259,014</u>	<u>\$ -</u>	<u>\$ (25,508)</u>	<u>\$ 233,506</u>	<u>\$ 26,661</u>

The Authority recognized the following lease revenues during the year:

	<u>General Fund</u>	<u>Total</u>
Lease revenue:		
Principal	\$ 26,509	\$ 26,509
Interest	5,840	5,840
Total	<u>\$ 32,349</u>	<u>\$ 32,349</u>

The following lease receivables were outstanding as of December 31, 2025:

Colorado RSA No. 3, d/b/a Verizon Wireless: In 2005, the Authority began leasing approximately 500 square feet of land located at 2307 Wulfsohn Road, Glenwood Springs Colorado. The lease was for 5 years with four extension periods of 5 years each, that are reasonably expected to be exercised, and calls for monthly payments of \$850. The monthly payments are increased 10% at the start of each extension period.

Octagon Towers LLC, d/b/a AT&T Wireless, assignee, and New Singular Wireless PCS LLC, assignor: In 2020, the Authority purchased property in the City of Glenwood Springs, assignor, and became assignee to the existing lease agreement which began in 2011. The lease is for 971 square feet of land located at 2301 Wulfsohn Road, Glenwood Springs, Colorado. The lease was for 5 years with four extension periods of 5 years each, that are reasonably expected to be exercised, and calls for monthly payments of \$1,200. The monthly payments are increased 7.5% at the start of each extension period.

The following is a schedule of future principal and interest lease payments due under the terms of the leases, without regard to future variable payments, at December 31, 2025:

Year Ending	Verizon		AT&T		Total	
December 31,	Principal	Interest	Principal	Interest	Principal	Interest
2026	\$ 13,684	\$ 1,250	\$ 12,977	\$ 3,976	\$ 26,661	\$ 5,226
2027	14,010	923	14,235	3,654	28,245	4,577
2028	14,345	589	14,575	3,314	28,920	3,903
2029	14,687	247	14,923	2,967	29,610	3,214
2030	2,482	8	15,279	2,611	17,761	2,619
2031 - 2035	-	-	88,029	7,119	88,029	7,119
2036 - 2040	-	-	14,280	141	14,280	141
Total	<u>\$ 59,208</u>	<u>\$ 3,017</u>	<u>\$ 174,298</u>	<u>\$ 23,782</u>	<u>\$ 233,506</u>	<u>\$ 26,799</u>

D. Capital Assets

Capital asset activity for the year ended December 31, 2025 was as follows:

	<u>12/31/24</u>	<u>Increases</u>	<u>Decreases</u>	<u>12/31/25</u>
Governmental Activities:				
Capital assets, not being depreciated:				
Construction in progress	\$ 10,724,039	\$ 5,269,687	\$ (8,460,636)	\$ 7,533,090
Land and improvements	26,659,349	-	-	26,659,349
Total Capital Assets, Not Being Depreciated	<u>37,383,388</u>	<u>5,269,687</u>	<u>(8,460,636)</u>	<u>34,192,439</u>
Other capital assets:				
Buildings	56,132,574	4,810,081	-	60,942,655
Improvements other than buildings	121,031,037	1,022,221	(465,455)	121,587,803
Equipment	103,091,775	5,753,825	(3,119,665)	105,725,935
Lease assets: buildings	3,509,968	399,214	(264,449)	3,644,733
Intangible subscriptions	2,689,088	-	(75,050)	2,614,038
Total Other Capital Assets	<u>286,454,442</u>	<u>11,985,341</u>	<u>(3,924,619)</u>	<u>294,515,164</u>
Less accumulated depreciation for:				
Buildings	(5,674,771)	(1,423,119)	-	(7,097,890)
Improvements other than buildings	(30,943,382)	(4,957,352)	465,455	(35,435,279)
Equipment	(53,748,840)	(8,088,534)	3,119,666	(58,717,708)
Less accumulated amortization for:				
Lease assets	(1,133,956)	(899,385)	181,350	(1,851,991)
Intangible subscriptions	(724,575)	(556,524)	75,050	(1,206,049)
Total Accumulated Depreciation and Amortization	<u>(92,225,524)</u>	<u>(15,924,914)</u>	<u>3,841,521</u>	<u>(104,308,917)</u>
Total Other Capital Assets, Net	<u>194,228,918</u>	<u>(3,939,573)</u>	<u>(83,098)</u>	<u>190,206,247</u>
Governmental Activities Capital Assets, Net	<u>\$ 231,612,306</u>	<u>\$ 1,330,114</u>	<u>\$ (8,543,734)</u>	<u>\$ 224,398,686</u>

E. Interfund Transfers

Interfund balances as of December 31, 2025 are comprised of the following interfund transfers:

	<u>Transfer In:</u>			<u>Total</u>
	<u>SRF Service Contracts</u>	<u>SRF Bus Shelter/ PNR</u>	<u>Debt Service Fund</u>	
Transfer Out:				
General Fund	\$ 175,182	\$ 884,454	\$ 4,190,666	\$ 5,250,302
Total	<u>\$ 175,182</u>	<u>\$ 884,454</u>	<u>\$ 4,190,666</u>	<u>\$ 5,250,302</u>

The General Fund transfers to the Service Contracts Special Revenue Fund represent its contribution on behalf of its members participating in the Traveler Program. The General Fund transfer to the Bus Shelter/PNR Special Revenue Fund was to cover a shortfall, and the General Fund transfers to the Debt Service Fund were to cover debt service requirements.

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

IV. Detailed Notes on All Funds (continued)

F. Non-spendable, Restriction and Commitment of Fund Balances

At December 31, 2025, the fund balance of the Authority's General Fund was restricted and committed for the following:

Non-spendable for inventory and prepaids	\$ 4,219,430
Restricted for TABOR reserve	2,312,499
Restricted for Grant reserves	87,537
Restricted for Capital project	579,456
Restricted for Tree farm PUD (Parking)	400,000
Committed for Transit	60,768,417
Committed for Trails	4,553,895
Committed for Facilities	16,690,578
Committed for Operating reserves	14,661,280
Committed for First- and Last- Mile Mobility	7,508,657
Total	<u>\$ 111,781,749</u>

Funds restricted for emergencies are required by Colorado's TABOR amendment. Funds are non-spendable for inventories and prepaid expenses as they are not readily spendable and, therefore, are not included in unassigned fund balance. Additional amounts have been committed for specific purposes by the Authority as indicated.

Funds restricted for capital project represent a restriction of funds due to an intergovernmental agreement with the City of Glenwood Springs for the purposes of either reestablishing a freight rail, for commuter or freight purposes, or to acquire, in fee simple, private property interests underlying the corridor.

Funds restricted for Tree Farm PUD represent a restriction of funds due to an agreement with the Tree Farm PUD for the purposes of acquiring or building additional parking anywhere within the Authority's service area, at the Authority's discretion.

Funds restricted for grant reserves represent a restriction of funds due to Department of Local Affairs grant funds received for 6 CNG MCI Commuter Coach Buses, which were purchased using a purchase financial agreement. Over a 10-year period, the restriction shall be removed on one-tenth of the grant amount, making those funds an unrestricted resource.

At December 31, 2025, the fund balance of the Debt Service Fund was restricted for the following:

Restricted for debt	\$ 919,718
Total	<u>\$ 919,718</u>

Funds restricted for debt are reserve requirements by the 2012A bonds and 2013B loan. The debt service requirement for the Series 2019 bonds is satisfied through a surety with a maximum policy limit of \$1,151,388.

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

IV. Detailed Notes on All Funds (continued)

G. Other Liabilities

1. Sales Tax Revenue Bonds

The original intergovernmental agreement forming the Authority allows Pitkin County, Colorado (the "County") to reduce the sales tax paid to the Authority by the principal and interest payments on the County's outstanding transit debt, the Series 1998 and 2001 Sales Tax Revenue Bonds. The transit debt was originally issued in order to provide capital for the Roaring Fork Transit Agency. Upon formation of the Authority, the obligation for payment of transit debt, along with specific Agency assets were transferred to the Authority. On December 22, 2010, the County issued additional transit debt on behalf of the Authority: \$2,530,000 of Taxable Sales Tax Revenue Build America Bonds, Series 2010A and \$5,830,000 of Tax-Exempt Sales Tax Revenue Refunding Bonds, Series 2010B.

Series 2010A bonds carry an interest rate of 6.689% to 6.939% with final maturity date of 2040. Series 2010B tax-exempt bonds carry an interest rate of 2.0% to 4.25% with final maturity date of 2026. These bonds were refunded with the issuance of Pitkin County's Sales Tax Revenue Refunding Bonds, Series 2020 noted below.

In August 2012, the Authority issued Taxable Sales and Use Tax Revenue Bonds (Qualified Energy Conservation Bonds – Direct Payment to Issuer), Series 2012A to finance the Roaring Fork Transportation Authority Green Community Program, including the Compressed Natural Gas infrastructure and safety modifications. The Series 2012A bonds carry an interest rate of 0.79% to 4.50% with final maturity date of 2032.

In September 2019, the Authority issued Sales and Use Tax Revenue Refunding and Improvement Bonds, Series 2019 to refund the Series 2009B Bonds and the 2013A loan and to finance various public improvements. The Series 2019 bonds carry an interest rate of 2% and 5% with final maturity date of 2049. The refunding of the Series 2009B Bonds and the 2013A loan resulted in an economic gain of \$4,790,286.

In September 2020, Pitkin County issued Sales Tax Revenue Refunding Bonds, Series 2020 to: (i) refund the County's outstanding Taxable Sales Tax Revenue Build America Bonds, Series 2010A; and (ii) refund the County's outstanding Tax-Exempt Sales Tax Revenue Refunding Bonds, Series 2010B. Although the debt is issued by the County, it is shown on the Authority financial statements as it reduces the sales tax dedicated to the Authority. The refunding resulted in an economic gain of \$917,198.

2. Sales Tax Revenue Loans

In November 2013, the Authority entered into a \$1,300,000 taxable sales tax revenue (Qualified Energy Conservation Bonds – Direct Payment to Issuer) loan agreement and promissory note with Banc of America Leasing & Capital, LLC, Series 2013B loan, to finance the Roaring Fork Transportation Green Community Program including energy efficient upgrades, improvements and renovations at the Aspen Maintenance Facility. The loan carries a fixed interest rate of 4.96% with a final maturity date of 2030.

Roaring Fork Transportation Authority
Notes to the Financial Statements

(Continued)

IV. Detailed Notes on All Funds (continued)

G. Other Liabilities (continued)

3. Property Tax Revenue Bonds

In June 2021, the Authority issued Property Tax Revenue Bonds, Series 2021A, in the amount of \$28,780,000, to finance the costs of acquisition, construction, installation, and equipping of various public improvements. The Series 2021A bonds carry an interest rate at 4% and 5% with a final maturity date of 2051.

4. Financing Notes

In 2008, the Authority signed a note for an employee housing complex totaling \$2,300,000. The note carries an interest rate of 4.39% with final maturity of 2028. The employee housing financing was a private placement and subject to the following covenants. The Authority is required each year to have revenues not less than 110% of the amount required to pay all annual payments in the year; additionally, revenues for the immediately preceding year are equal to at least 125% of the maximum annual payments required to be paid in any succeeding year.

In 2011, the Authority signed a note with Alpine Bank for the acquisition of commercial real estate, located at 1340 Main Street in Carbondale, CO. The note carries an interest rate of 4.5% and has an original principal amount, at inception of the note, of \$1,000,000 with a final maturity of 2031.

In 2016, the Authority signed a note for six buses totaling \$4,440,264. The note carries an interest rate of 1.87% with a final maturity of 2028.

In 2019, the Authority signed a note for trails equipment totaling \$50,333. The note carries an interest rate of 6.32% with a final maturity of 2025.

In 2021, the Authority signed a note for six buses totaling \$3,302,454. The note carries an interest rate of 2.1% with a final maturity of 2033.

In 2023, the Authority signed a note for six buses totaling \$3,465,770. The note carries an interest rate of 3.888% with a final maturity of 2035.

In 2025, the Authority entered into a 30-year lease-purchase financing agreement with Alpine Bank to fund the costs of acquiring land and existing improvements in Glenwood Springs, Colorado, and certain additional improvements made by the Authority to make the property suitable for use as a residential complex for Authority employees. The agreement calls for monthly payments of \$85,751 starting December 1, 2025, and bears an interest of 4.93%.

Notes to the Financial Statements
December 31, 2025
(Continued)

IV. Detailed Notes on All Funds (continued)

G. Other Liabilities (continued)

5. Long-Term Leases

Related to leased assets, the Authority has the following outstanding agreements as of December 31, 2025:

Burlingame Housing Inc: In 2000, the Authority entered into a 32-year lease agreement as lessee for 10 two-bedroom units for the seasonal period September through April each year plus 4 one-bedroom units for year-round use. The lease calls for monthly payments of \$910 per two-bedroom unit plus \$800 per one-bedroom unit, subject to annual rent increases, and bears interest of 2.36%. For the winter 2025/2026 season, the 10 seasonal units were not utilized by the Authority and were subleased to an outside party. The monthly rent is subject to annual increases approved by the Aspen/Pitkin County Housing Authority but not to exceed 10% in any one year.

HCG Holdings: In 2023, the Authority entered into a 4-year lease agreement as lessee for 1759 square feet of office space located at 401 23rd Street in Glenwood Springs, CO. The lease calls for monthly payments of \$3,665 increasing by \$1 per square foot annually starting August 1, 2024 and bears interest of 2.74%.

HNH Blake, LLC: In 2023, the Authority entered into a 2-year lease agreement as lessee for 1,500 square feet of office space located at 1517 Blake Street, Suite 202, in Glenwood Springs, CO. The lease calls for monthly payments of \$2,750 increasing 3% annually starting June 1, 2025, and bears interest of 2.74%. Effective January 1, 2025, the Authority remeasured the lease for options to extend the lease term through May 2027 at an interest rate of 2.88%.

Jack Gustafson: In 2023, the Authority entered into a 3-year lease agreement as lessee for office space located at 100 Midland, Suite 220, in Glenwood Springs, CO. The lease calls for monthly payments of \$3,332 increasing to \$4,024 starting January 1, 2024, then increasing to \$4,092 starting January 1, 2025, and bears interest of 2.74%. Effective January 1, 2026, the Authority extended the lease agreement through March 2029. The extended lease terms bear interest at 3.13% and call for monthly payments of \$4,215.16 starting January 1, 2026, increasing by 2% beginning January 1, 2028 through the remainder of the term.

HNH Blake, LLC: In 2024, the Authority entered into a 4-year lease agreement as lessee for 1,500 square feet of office space located at 1517 Blake Street, Suite 201, in Glenwood Springs, CO. The lease calls for monthly payments of \$2,750 increasing 3% starting June 1, 2027, and bears interest of 2.88%. Effective January 1, 2026, the Authority remeasured the lease for options to extend the lease term through May 2029 at an interest rate of 3.13%.

LB 1826 Grand: In 2024, the Authority entered into a 3-year lease agreement as lessee for 31 units at the "Residences on Grand" apartments located at 1826 Grand Avenue, Glenwood Springs, CO. The lease calls for variable monthly payments between \$27,062 and \$55,703 starting May 1, 2024, and bears an interest of 2.88%.

6. Long-Term Subscriptions (continued)

Trapeze Software: In 2024, the Authority entered into a 3-year agreement for subscription service for an asset management system that improves the flow of information throughout the Authority's operations as well for other transit systems in Colorado. The agreement calls for variable annual payments between \$37,537 and \$53,265, and bears interest of 2.88%.

Workday: In 2024, the Authority entered into a 4-year agreement for subscription service for Enterprise Asset Management System to be used for the Authority's asset management requirements and for a statewide transit asset management pilot project. The agreement calls for variable annual payments between \$297,000 and \$413,998, and bears interest of 2.88%.

The Authority recognized the following subscription expenditures under long-term subscriptions during the year:

	<u>General Fund</u>	<u>SRF Service Contracts</u>	<u>Total</u>
Subscription expenditures:			
Principal	\$ 404,714	\$ 70,559	\$ 475,273
Interest	58,180	6,012	64,192
Variable	9,440	3,356	12,796
Total	<u><u>\$ 472,334</u></u>	<u><u>\$ 79,927</u></u>	<u><u>\$ 552,261</u></u>

7. Debt Requirements

The Authority is compliant in ongoing disclosure requirements to the secondary bond market in accordance with the Securities and Exchange Commission's Rule 15c2-12.

8. Authorized Unissued Debt

In November 2018 the Authority's electorate approved increasing ad valorem property taxes at a rate of 2.65 Mills. The electorate also approved issuing \$74,675,000 in revenue bonds to be used for, but not limited to:

- Bus rapid transit and local bus service improvements to reduce congestion along highway 82
- Mobility enhancements for pedestrians, bicyclist and transit users
- Construction of the lower valley trail
- Improved access and maintenance for the Rio Grande trail
- Construction and maintenance of park and rides, bus stops and other transit and transportation facilities
- Purchase of new buses, including electrification of buses for emission and noise reductions

After issuance of the Series 2021A property tax revenue bonds, the Authority had \$45,895,000 remaining authorized unissued debt, of the approved \$74,675,000, as of December 31, 2025.

V. Other Information

A. Legal Claims

During the normal course of business, the Authority incurs claims and other assertions against it from various agencies and individuals. Management of the Authority and their legal counsel feel none of these claims or assertions, after coverage applying appropriate insurance coverage are significant enough that they would materially affect the fairness of the presentation of the financial statements at December 31, 2025.

B. Intergovernmental Agreement

The creation of the Authority was formed by an intergovernmental agreement, dated September 12, 2000, which authorized ballot questions which were ultimately approved by the appropriate electorate of the City of Aspen, Town of Basalt, Town of Carbondale, Eagle County, the City of Glenwood Springs, Pitkin County, and the Town of Snowmass Village (the "Participating Entities"). The Authority was created pursuant to Colorado Revised Statutes [Title 43, Article 4, Part 6] known as the Colorado Rural Transportation Authority Law. The Town of New Castle became a member pursuant to an intergovernmental agreement and election held on November 2, 2004, approved by the electorate.

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

V. Other Information (continued)

B. Intergovernmental Agreement (continued)

Included in the intergovernmental agreement is a requirement to provide funding through an allocation of sales tax received in the Participating Entities. Effective January 1, 2009, the sales tax sharing agreements have been amended and approved by the Authority's electorate to the following:

- **New Castle** – 0.8% sales and use tax.
- **City of Glenwood Springs** – 1.0% sales and use tax.
- **Town of Carbondale** – 1.0% sales and use tax.
- **Town of Basalt** – 0.8% sales and use tax.
- **Eagle County** – 0.5% sales and use tax on the portion of sales and use tax collected within the Town of Basalt and 0.6% within the Unincorporated Eagle County within precincts 7,8,24 and 25. A minimum of 20% (0.1%) of the first 0.5% sales and use tax proceeds of this tax shall be used for trails construction and maintenance within the aforementioned precincts. The 0.1% sales tax dedicated to trails construction and maintenance is recorded in the Mid Valley Trails special revenue fund.
- **Pitkin County** (including the **City of Aspen** and the **Town of Snowmass Village**) – 0.8104% of a 0.5% sales tax and 0.4813% of a 1% sales tax for an equivalent total of a 0.8865% sales tax and 0.4% sales and use tax within Unincorporated Pitkin County.
- **City of Aspen** – 0.4% sales and use tax.
- **Town of Snowmass Village** – 0.4% sales and use tax.

C. Service Agreement

The Authority has the following extended local service contracts reported in a separate special revenue fund:

- **Aspen Skiing Company Skier Shuttles** – The Authority operates skier shuttles on behalf of Aspen Skiing Company. Shuttles are free and open to the public. The agreement provides for reimbursement of operational expenses and a capital cost recovery component.
- **Ride Glenwood Springs** – The Authority operates local service on behalf of the City of Glenwood Springs, Colorado. The agreement provides for reimbursement of operational expenses and a capital cost recovery component. Reimbursement is accounted for as municipal service revenue on the Authority's financial statements.
- **City of Aspen** – The Authority operates local service for the City of Aspen shuttles. The agreement provides for reimbursement of operational expenses and a capital cost recovery component. Reimbursement is accounted for as municipal service revenue on the Authority's financial statements. A portion of the proceeds of the Pitkin County mass transit sales tax, parking revenues and the 0.5% City of Aspen Visitor Benefit tax indicated above are applied towards the cost of this service contract.

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

V. Other Information (continued)

C. Service Agreements (continued)

- **The Traveler** – The Authority operates Senior Services in Garfield County and Americans with Disabilities Act services in Glenwood Springs and Carbondale. The agreement provides for reimbursement of operational expenses and a capital cost recovery component. Reimbursement is accounted for as municipal service contract revenue on the Authority's financial statements.

D. Union Agreement

The Authority executed an agreement with Amalgamated Transit Union Local 1774, AFL-CIO (the "Union"), effective January 1, 2025, through December 31, 2027. Under the agreement, the Union is the exclusive collective bargaining representative for all full-time year-round bus operators who are covered by the agreement.

E. Employee Benefits

The Authority carried a traditional medical insurance through Anthem. Vision Service is carried through Vision Service Plan, Inc. The Authority also provides dental, short-term and long-term disability to its full-time employees.

In compliance with the provisions of COBRA, all Authority employees may continue their health insurance for a period of 18 months due to a reduction in work hours or termination of employment. Employees who elect continued coverage must pay the insurance carrier for premiums from the termination date of coverage and monthly thereafter. No cost to the Authority is recognized as employees reimburse 100% of their premium cost.

F. Retirement Plans

1. Deferred Compensation Plan – Section 457

The Authority offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan permits employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

A participant is allowed to contribute up to the lesser of \$23,500 or the participant's includible compensation. Participants over age 50 are eligible to contribute up to an additional \$7,500, due to a catch-up provision by the plan. The Authority makes no contributions to the plan. All amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property, or rights are to be held in trust for the exclusive benefit of the plan participants and their beneficiaries.

The accrual basis of accounting is used for the plan. Revenues are recognized when earned and expenditures are recognized when incurred. Investments are recorded at market value.

Notes to the Financial Statements
December 31, 2025
(Continued)

V. Other Information (continued)

F. Retirement Plans (continued)

1. Deferred Compensation Plan – Section 457 (continued)

Plan investment purchases are determined by the plan participant and, therefore, the plan's investment concentration varies between participants. The Authority has no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor. The Authority is neither the trustee nor the administrator for the plan. The plan is administered by the Colorado Retirement Association.

2. Retirement Plan - Section 401(a)

In 2005, the Authority established a defined contribution money purchase plan under Code Section 401 of the Internal Revenue code (the "Plan"). The Plan is administered by Empower Retirement.

The Plan is governed by a plan document and amendment requires approval by the Retirement Plan Board. The Retirement Plan Board is the trustee of the plan and has the duty of due care that would be required of an ordinary prudent investor; however, has no liability for losses under the plan.

The Plan sponsor is the only contributor to the Plan. Effective March 15, 2024, the Plan was amended to remove the 6-month waiting period and the Authority will make a matching contribution to each participant equal to 50% of the first 3% of the Participant's compensation contributed to the 457 plan. The Authority's total and covered payroll for 2025 was approximately \$35,115,500 and \$34,864,000, respectively, and expenses to the plan were approximately \$4,375,000. In addition, 401(a) match contribution amount was \$369,000 for 2025.

The Authority's contributions start vesting at 50% and increase by 10% for each year of service. After 5 years of services, employees become fully vested in the Plan.

The Authority shall first use forfeited amounts to pay expenses of administering the plan, and then shall be used to reduce the Authority's contributions for the plan year in which the forfeitures arose. In 2025, the Authority used \$79,972 in forfeitures to pay plan expenses. There was no liability outstanding as of December 31, 2025.

H. Risk Management

The Authority is exposed to various risks of loss related to workers' compensation, general liability, and worker unemployment. The Authority purchases commercial insurance to mitigate these risks. Any settled claims are not expected to exceed the commercial insurance coverage. The Authority is also exposed to the risks of loss related to torts; theft of, damage to, and destruction of assets; and errors and omissions. The Authority is a member of the insurance pool described below to cover these risks.

Roaring Fork Transportation Authority
Notes to the Financial Statements
December 31, 2025
(Continued)

V. Other Information (continued)

H. Risk Management (continued)

Pursuant to an inter-local agreement authorized by state statute, the Authority joined the Colorado Intergovernmental Risk Sharing Agency ("CIRSA") to provide insurance coverage. Members of the Board of Directors are nominated and elected by members to two-year, staggered terms and meet at least monthly to direct operations. CIRSA budgets are funded by contributions from member governments.

The Authority's share of assets, liabilities and fund equity as of December 31, 2025 is as follows:

Property and Casualty Pool:	%
Loss fund	1.148%
Pooled reserve fund	3.748%

The December 31, 2025 combined financial information is as follows:

Cash and investments	\$ 121,759,798
Other assets	7,575,204
Total	\$ 129,335,002
Liabilities	\$ 72,659,266
Members fund balance	56,675,736
Total	\$ 129,335,002
Total revenue	\$ 64,322,044
Total expense	(44,716,249)
Excess of Revenue Over Expense	\$ 19,605,795

Coverage provided by CIRSA is as follows: (i) \$250,000 per claim/occurrence property; (ii) \$1,000,000 per claim/occurrence liability; and (iii) \$150,000 per claim/occurrence crime. CIRSA has also acquired additional excess coverage from outside sources. The Authority may be liable for any losses in excess of the above coverage. At December 31, 2025, the Authority does not expect to incur losses in excess of the above coverage.

Surpluses or deficits for any year are subject to change for reasons which include interest earnings on invested amounts for those years and funds, re-estimation of losses for those years and funds, and credits or distributions from surplus for those years and funds.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

**To the Board of Directors
Roaring Fork Transportation Authority
Carbondale, Colorado**

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Roaring Fork Transportation Authority (the "Authority") as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements and have issued our report thereon dated July 9, 2026.

Internal Control Over Financial Reporting

In planning and performing our audit on the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified.

Member: American Institute of Certified Public Accountants

INDEPENDENT AUDITOR'S REPORT
To the Board of Directors
Roaring Fork Transportation Authority
Carbondale, Colorado

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

**To the Board of Directors
Roaring Fork Transportation Authority
Carbondale, Colorado**

Opinion on Compliance for Each Major Program

We have audited the compliance of Roaring Fork Transportation Authority (the "Authority") with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Authority's major federal programs for the year ended December 31, 2025. The Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and the audit requirements of Title 2 U.S. Code of Federal Regulations, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the "Uniform Guidance"). Our responsibilities under those standards and the Uniform Guidance are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Authority's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Authority's federal programs.

Member: American Institute of Certified Public Accountants

INDEPENDENT AUDITOR's REPORT
To the Board of Directors
Roaring Fork Transportation Authority
Carbondale, Colorado

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Authority's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Authority's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with U.S. GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Authority's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Authority's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

INDEPENDENT AUDITOR'S REPORT
To the Board of Directors
Roaring Fork Transportation Authority
Carbondale, Colorado

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report in internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Material weakness identified	None noted
Significant deficiency identified	None noted
Noncompliance material to financial statements noted	None noted

Federal Awards:

Internal control over major programs:	
Material weakness identified	None noted
Significant deficiency identified	None noted
Type of auditor's report issued on compliance for major programs	Unmodified
Any audit findings disclosed that are required to be reported in accordance with Title 2 U.S. Code of Federal Regulations Part 200	No
Major programs:	
Formula Grants for Rural Areas	ALN 20.509
Dollar threshold used to identify Type A from Type B programs:	\$1,000,000
Identified as low-risk auditee	Yes

Part II – Findings Related to Financial Statements

Findings related to financial statements as required by <i>Government Auditing Standards</i>	None noted
Auditor-assigned reference number	Not applicable

Part III – Findings Related to Federal Awards

Internal control findings	None noted
Compliance findings	None noted
Questioned costs	None noted
Auditor-assigned reference number	Not applicable

Roaring Fork Transportation Authority
SCHEDULE OF PRIOR AUDIT FINDINGS AND QUESTIONED COSTS
For the Year Ended December 31, 2025

Note: There were no findings for the fiscal year ended December 31, 2024.

**Roaring Fork Transportation Authority
Schedule of Expenditures of Federal Awards
For the Year Ended December 2025**

Program Title	Federal Assistance Listing Number	Grant/ Project Code	Expenditures
U.S. Department of Transportation:			
Passed through Colorado Department of Transportation:			
Formula Grants for Rural Areas	20.509	25-HTR-ZL-00147	\$ 1,274,860
Total U.S. Department of Transportation			<u>1,274,860</u>
Total Federal Financial Awards			<u><u>\$ 1,274,860</u></u>

Notes to the Schedule of Expenditures of Federal Awards For the Year Ended December 31, 2025.

Note 1. Basis of Presentation:

The Schedule of Expenditures of Federal Awards includes the federal grant activity of Roaring Fork Transportation Authority (the "Authority") and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (the "Uniform Guidance")*. Therefore some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the general purpose financial statements.

Note 2. Pass Through Sub recipients:

The Authority had no sub recipients as of December 31, 2025.

Note 3. Indirect Facilities and Administration Costs

The Authority does not use the 15% de minimis cost rate allowed in Title 2 U.S. Code of Federal Regulations Part 200.414, *Indirect (F&A) Costs* of the Uniform Guidance. Instead, the Authority prepares an annual cost allocation plan to allocate indirect costs.
