Not newly formed, but may appear as a new entity to the State (financial information was initially reported as a component unit of the Town of Basalt years ago). The Authority has existed for many years but since it only receives and spends funds received from other municipalities it was not filing budgets and audit exemptions in the past. The Authority had minimal activity for a number of years but recently became more active as the entity began providing for Aquatic Nuisance Species inspections for boats entering Ruedi Reservoir. All funding for the program/entity is received from other governmental entities with interest in protecting the waterways within and coming out of Ruedi Reservoir. In 2018, the entity is filing a budget for 2018 but since 2016 was already completed it did not go back and adopt a budget for 2016. It should be noted that the Board of directors has adopted a budget each year, it was just not filed with the DLG.
