

EMPOWERING YOUR DIOCESE WITH

CHARISM DISCERNMENT

M A N Y P A R T S M I N I S T R I E S

W E L C O M E !

I'm so glad you're here.

There is nothing that fires up my heart like the urgency and the tragedy of looking out into a congregation of dozens, hundreds, and even thousands of Catholics and knowing that so many of them – most, I think, in a majority of cases – **have no awareness of how the Holy Spirit is *already* present in them and how they have *already* been empowered to serve and build the Church through grace and their charisms.**

Charisms are an expression of the grace of God, and therefore tied to the very lifeblood of the Church. When we let them go unnoticed, unseen, and unappreciated we are often inadvertently casting aside some of God's greatest gifts as if they were only the wrapping paper.

The goal of everything we do at Many Parts Ministries is to empower you (*and every baptized person*) to identify, value, and nurture the role you play in the Body of Christ, because Christ has no hands and feet but us. If any part of the body is weak or undeveloped we all are worse off.

We would love to partner with your diocese to amplify your efforts by **helping you bless where the Holy Spirit is already active in your communities.** We have lots of great support options available, and you can choose what will best work for you – our number one goal is to serve.

This guide will walk you through the resources we have available for diocese and parishes and help you learn how to talk to other leaders about the benefits of this to your community.

Jill Simons

MEET OUR EXECUTIVE DIRECTOR

Jill Simons is Executive Director at Many Parts Ministries. As part of her role at Many Parts she enjoys authoring books on charisms, such as *The Essential Handbook on Living Your Charisms*, podcasting on the *Charisms for Catholics* podcast, mentoring others, and traveling the country speaking. She is also a wife and mom of four, enjoying family life in Tulsa, OK.

WHAT IS MANY PARTS MINISTRIES?

Many Parts Ministries equips the Body of Christ by helping people learn about and discern their charisms (spiritual gifts) so they can see how they are being invited by the Holy Spirit to help grow the Church. No one is without a role.

We recognize that each individual is gifted by the Holy Spirit with specific charisms or spiritual gifts, which are intended to be used for the benefit of others and the glory of God. Our mission is to help people discover and discern these charisms so that they can better understand how the Holy Spirit is calling them to participate in the work of the Church.

We provide resources, assessments, and mentorship to guide individuals and communities in their exploration of charisms and to help them integrate this understanding into their daily lives and ministries. We believe that by equipping the Body of Christ in this way, we can foster greater collaboration with the Holy Spirit in the building of the Church, leading to greater fruitfulness and growth.

HOW CAN THAT HELP YOUR DIOCESE?

Working with Many Parts Ministries can be a powerful tool to help all parishes empower their people to discern and utilize their spiritual gifts. By incorporating charism discernment into the diocese and the parish, ministry leaders can help people gain a deeper understanding of their unique gifts and how they can use them to serve the parish and the larger church. This can lead to greater fulfillment and purpose in their lives, as well as a deeper sense of connection to the wider Christian community.

Additionally, Many Parts Ministries provides ongoing support and resources, including mentorship and group calls, to help your ministry leaders incorporate charisms into their ministries and continue to empower their people to lean into their God-given strengths.

SO WHAT ARE CHARISMS?

Let's start with the Catechism.

This is Paragraphs 799-801 from the Catechism of the Catholic Church on Charisms:

*Whether extraordinary or simple and humble, **charisms are graces of the Holy Spirit which directly or indirectly benefit the Church**, ordered as they are to her building up, to the good of men, and to the needs of the world.*

*Charisms are to be accepted with gratitude by the person who receives them and by all members of the Church as well. **They are a wonderfully rich grace for the apostolic vitality and for the holiness of the entire Body of Christ**, provided they really are genuine gifts of the Holy Spirit and are used in full conformity with authentic promptings of this same Spirit, that is, in keeping with charity, the true measure of all charisms.*

***It is in this sense that discernment of charisms is always necessary.** No charism is exempt from being referred and submitted to the Church's shepherds. "Their office [is] not indeed to extinguish the Spirit, but to test all things and hold fast to what is good," so that all the diverse and complementary charisms work together "for the common good." {our emphasis added throughout.}*

SO WHAT DOES THAT MEAN FOR DIOCESES?

In short, it means that there is a real burden on the parishes, and by extension the diocese, to support their people as they seek what specific graces, or charisms, they have received from the Holy Spirit for the upbuilding of the Church.

This is where your community members are going to see *supernatural* fruit that not only serves all the members of your diocese but the larger Church as well. It's in everyone's best interest for us to bless and cooperate with these wonderful gifts from God, which you can do in a uniquely powerful way as a diocese providing resources and instruction to your priests, your key ministry leaders, and your people.

THE BACKBONE OF ALL OUR PROGRAMS IS OUR ONLINE CHARISM ASSESSMENT

This assessment, available for both adults and teens, **allows people to quickly and easily begin their charism discernment journey on their phone, tablet or computer** and looks at two key factors: a person's "identity quotient" – insight into how much their sense of safety and self flows from God – and their likelihood for each of the charisms.

At the end of the assessment they will receive a "stage" for their identity and a color "grade" for the individual charisms (green, orange, or red) which will then auto-populate **their personal, fully customized PDF report with next steps tailored to their unique situation**, pulling out their most likely charisms for further discernment and highlighting areas for growth or healing based on their stage of identity.

After completing the assessment people are invited, challenged, and encouraged in their individual charism discernment journey by our automated follow ups, and **you and their parish will have comprehensive access to their assessment data - both identity & charisms.**

Then we can then train you or leaders at parishes to deploy this data in a variety of ways to improve and streamline decision-making, event planning, volunteer outreach, and communication.

From specifically inviting people high for "Hospitality" to be greeters at mass to looking for a unique combination of gifts for a leadership position, even across the diocese, this data empowers you to see where people are, engage them where they are most gifted, and track growth in individuals and the community over time through our recommended bi-annual followups.

THE POWER OF ADDING IDENTITY TO THE CONVERSATION

The unique “identity” component of our assessment also gives you a bird’s eye view of where members of your flock are at in their personal spiritual lives. This number is based on their answers to questions that look at their ability to trust God, experience their own belovedness, and find their identity in relationship to God, not other people, belongings, achievements, struggles, or relationships.

Those that need growth in this area so often do not even know what do to move forward, and may not even recognize that a deeper, more trusting relationship with God is even possible for them.

People at the other end of the spectrum, with very high identity quotients, are intimate friends of God and **can so often mentor or lead others into greater relationship with Him.**

Knowing who falls where empowers you and your parishes to create programs, events, small groups, and mentorship programs aimed at helping everyone in the parish come to encounter Jesus more fruitfully in their everyday lives and use the power of personal invitation to reach out to the people that need guidance the most.

Every resource in our diocesan and parish programs is about leveraging this discernment and commitment process to its fullest extent – supporting individuals in fruitful, personal discernment and crafting communication and strategy at the diocesan and parish level that makes use of the assessment data and creates a unifying culture of charisms.

THE BENEFITS OF BRINGING A CHARISM PROGRAM TO YOUR DIOCESE

1. Activating the laity: A charism program allows the laity in the church to recognize and cooperate with the movement of the Holy Spirit within them, leading to effective activation of their spiritual gifts and involvement in diocesan and parish ministries and activities.

2. Clarifying the Holy Spirit's mission: The program can help identify the specific charisms and strengths present in the diocese or an individual parish, allowing for strategic investment in areas where there is greatest gifting, as opposed to focusing solely on addressing weaknesses.

3. Strategic use of resources: By understanding the charisms present in the diocese or parish, it becomes possible to strategically plan events, identify potential leaders, and engage members in areas where they are most likely to excel, leading to more successful and engaging programs.

4. Inspiring pursuit of sainthood: The program provides individuals with a clear understanding of the specific ways in which they are called to pursue sainthood, empowering them to actively seek their spiritual fulfillment within the context of their unique gifts.

5. Intentional outreach and engagement: Utilizing the data from the charism program allows for intentional and strategic outreach to members, inviting them to participate in activities that align with their spiritual gifts or serve in ways unique to them, fostering a sense of purpose and fulfillment.

These benefits are aimed at revitalizing and empowering your community by embracing the diverse spiritual gifts already present and further cooperating with the Holy Spirit in what He is already seeking to do in your diocese.
