

## Growth Council Names Senior Director for Economic Development Services

The Growth Council announces the selection of Charity Bailey as Senior Director for Economic Development Services. The Target Industry Analysis, completed in August 2020, suggests the Growth Council sharpen its vision for the needs of current employers and those potentially investing here. The new role is the result of the Growth Council adapting its structure to be even more effective during these changing times.

"Charity's talent, maturity, drive, and experience best fit our community and the Growth Council's needs for meeting the challenges facing Grant County." said Anne Duncan, President of the Growth Council. Charity worked at the Growth Council from 2014 – 2017 and we are excited to welcome her back.
