Re: Permanent parking lot closure for preparation of for new development

To whom it may concern,

The City of Marion is excited to continue development within the Riverfront District.

Please be advised that the city-owned parking lots located between 1st and 2nd Streets, and Washington Street and Boots Street, will be permanently closed starting this Wednesday at 8:00 AM. The City will begin installing orange fencing on Tuesday in advance of the closure to secure the property in preparation for the removal of the asphalt parking lots to facilitate a site ready area for the new development.

If you require a brief time extension to help your employees and patrons secure alternative parking, please let me know. We are able to grant an extension of a few days to assist with this transition. If we do not hear from you, we will assume you have received this notice and have other parking arrangements in place.

Thank you for your understanding as we move forward with this project.

Best regards,

Mike Graft
