§ 153.065: SIGNAGE REGULATIONS*

*All new, refaced, and temporary signs require a permit from the Plan Dept.

-Advertising structures (billboards) are not permitted.

-One unlighted, free standing sign is permitted subject to the following regulations:

1. The sign shall contain thereon only the name of the buildings, occupants or groups thereof;

2. The sign shall not exceed 15 square feet in area;

3. The sign shall not exceed 6 feet in height.

-One unlighted sign is permitted, attached to the face of the building, subject to the following regulations:

1. The sign shall indicate only the name and address of the building or group of buildings, provided that the sign may also contain the name of the occupant or groups thereof if a free standing sign is not located on the lot;

2. The letter or numeral height shall not exceed two square feet in area.

-Name plates not exceeding 2 square feet in area are permitted and shall display only:

1. The name of the occupant;

2. Suite or office number;

3. The nature of the services rendered upon the premises.

- "For Rent" or "For Sale" signs can be posted on the subject lot or building by the owner or his or her authorized agent. The signs shall not exceed six square feet in area and there shall be not more than two such signs for any one lot, building or occupancy.

§ 153.065: VERTICAL SIGNS

(A) Any projecting wall sign with its advertising surface at or approximately at a right angle to a wall facing a street shall be deemed to be a vertical sign and shall not exceed 18 inches in thickness. Any 'V' shaped projecting sign shall also be deemed to be a vertical sign and shall not exceed 18 inches in thickness at its farthest projection from the building, not four feet in thickness at the face of the building. Thickness for the purposes of the requirement is the distance between the 2 faces of the sign.

(B) (1) When the bottom of a sign is eight feet and less than ten feet above the ground, the projection over the property line abutting the street line shall not exceed one foot.

(2) When the bottom of the sign is ten feet and less than 12 feet above the ground, the projection shall not exceed two feet six inches.

(3) When the bottom of the sign is 12 feet and less than 14 feet above the ground, the projection shall not exceed four feet.

(4) When the bottom of the sign is 14 feet and less than 16 feet above the ground, the projection shall not exceed four feet.

(5) When the bottom of the sign is 16 feet or more above the ground, the projection shall not exceed five feet.

(C) No sign shall exceed five feet four inches in height above the parapet wall, except that such sign may return over the roof not to exceed ten feet measured from the edge of the sign.
