

R5- High Density Single and Multi-Family Residential

§ 153.021 (B) Residential Districts. Six districts, RS, R1, R2, R3, R4, and R5, are established for residential use in conformity with the types of neighborhoods, which have occurred, and are likely to develop in the areas so designated on the Zone Maps. The Districts differ with respect to requirements of lot size, building ground floor area, and the number of families that may be housed in one building.

R5 is relatively high-density residential district with all types of residential development permitted. The minimum lot and ground floor requirements are the lowest of any residential district.
