

Colt Custom Shop Order Form

NOTES ON CUSTOM WORK

Colt will perform work on 1911 pistols that were manufactured by Colt only. Colt will not perform work on firearms that have been previously modified by anyone other than the Colt Custom Shop. If you wish to have your custom order built on a base model purchased directly from Colt, please contact Colt's customer service (800-962-COLT) for available models and current MSRP.

A 50% deposit of the estimated work cost is required at the time the work is scheduled. The balance is due upon completion. Your custom work will not be scheduled until we receive your firearm, 50% deposit and a signed work order form.

Payment may be made by Visa, MasterCard, Discover, Money Order, or Personal Check. **PERSONAL CHECKS WILL BE HELD FOR 21 DAYS PRIOR TO SHIPPING ANY FIREARMS.**

Once your custom work is completed, a final invoice will be mailed to the address you list below. Failure to pay this invoice or to make other arrangements within 90 days will result in your firearm being sold for charges due.

Cancelled work orders are subject to a 50% cancellation fee. All work order changes will be assessed a charge of \$20.00 per change and could delay delivery. All change or cancellation requests must be submitted in writing.

There is a \$25.00 handling fee for custom work orders under \$100.00 in addition to normal shipping charges.

Due to Federal Regulations, customers' firearms must be returned to the address from which they were received. If you have a change of address, written request for such change is required.

Parts installed will match finish of pistol unless otherwise specified by customer.

Please do not send items not necessary for the custom work (e.g. gun rugs, bushing wrenches, etc...).

All firearms left in factory at your own risk.
