# MAYHILL ROAD PROJECT OVERVIEW

Home > Government > Strategic Initiatives > Improving Denton > Capital Improvement Program > Mayhill Road

## MAYHILL ROAD

### PROJECT STATUS

Construction is currently underway to widen the existing two-lane roadway to a four-lane divided roadway from north Edwards to US 380 and from the intersection to Gayla.

### PROJECT BACKGROUND

As Denton has grown over the years, so has the congestion on Mayhill Road. Since 2017, the City has been working to expand Mayhill from a two-lane undivided roadway to a four-lane divided roadway to accommodate traffic. Construction will continue throughout 2019, and is planned for completion in spring 2020. Once complete, Mayhill Road will be able to handle the continued growth in the area and serve as an alternate route to Loop 288.

### PROJECT UPDATES

**February 24:** Beginning, Monday, March 4, there will be a change in traffic direction on Mayhill Road from just south of Spencer Road to E. McKinney Street. Traffic will be shifted to the new northbound lane while crews continue improvements in the southbound lane. Signage is posted to alert motorists of the traffic switch, please use caution in the construction zone and obey all warning signs.
