Section 30-4.18. Density Bonus Points.

Development criteria described in the density bonus points manual, when met, shall allow increases in development intensity based upon the limits in this section. These increases in intensity shall be allowed should a developer propose to undertake a project that will result in a development sensitive to the unique environmental and developmental needs of the area. For each criterion met by the developer, certain points shall be credited to the project. Those points, calculated in accordance with the Density Bonus Points Manual, shall determine the maximum allowable density.

Table V - 6: Permitted Density Using Density Bonus Points
