

# OAKDALE LAKE FISHING POLICES

## 2008/2009 SEASON

• *We encourage Catch and release* of all bass for a period of (12 months) to protect the resident bass population, and maximize the spawn for this season and next.

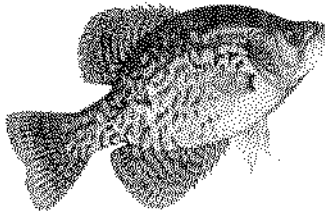

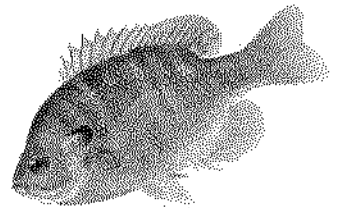

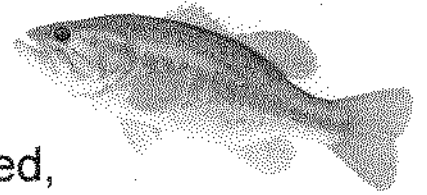

*Your participation is needed*

• *A Reduce the Creel Limit*, Has been implemented, **Largemouth Bass**; Lake limit 3 Bass per day. **Catch & Release of all bass is recommended**

• **Bream, and Crappie**. a minimum length of 5 inches and 10 fish per day in combination.

**Recommend Catch & Release of all Bream, for (12 months)** *Bream are essential to Bass population growth*

• **Keep all Crappie . Up to lake limit of 10 per day**

Your participation in these polices will help accelerate our lake stocking program build a stable Quality Fish Population for our fishing enjoyment for seasons to come  
*QLA Fishing Committee*

Note: **Grass Carp**, have been stocked to control unwanted weed growth, and reduce the need for spraying. These fish are protected and must be released unharmed,
