Abbott awards grant to SpaceX

Money would go toward expansion in Bastrop

Beck Andrew Salgado

Austin American-Statesman USA TODAY NETWORK

Gov. Greg Abbott announced that Elon Musk's SpaceX will receive the fifth Texas Semiconductor Innovation Fund grant, amounting to \$17.3 million. According to a release, this funding will support the expansion of semiconductor research and development, as well as the establishment of an advanced packaging facility in Bastrop.

On Wednesday afternoon, Abbott's office stated that this expansion is expected to generate over \$280 million in capital investment and create at least 400 jobs.

"Texas connects the nation and the world with the most advanced technologies manufactured right here in our great state," Abbott said in a statement. "I congratulate SpaceX on their more than \$280 million investment in this Texas-sized expansion of their semiconductor R&D and advanced packaging facility in Bastrop, which will be the largest of its kind in North America. Working together with innovative industry leaders like SpaceX, Texas will continue to rank No. 1 for semiconductor research and high-tech manufacturing and secure critical domestic supply chains as we build a stronger, more prosperous Texas than ever before."

The expansion project has a threeyear timeline. As progress continues, SpaceX's Bastrop facility is expected to grow by 1 million square feet. This growth is aimed at bolstering the production of Starlink kits and their components, including advanced packaged silicon products.

Starlink, a subsidiary of SpaceX, is a satellite company that provides high-speed, low-latency broadband internet to more than 5 million people and businesses in over 120 countries and territories.

The proposed project includes printed circuit boards, a semiconductor failure analysis lab and advanced packaging for panel-level packaging. Once complete, the Bastrop facility will be the largest printed circuit board and panel-level packaging facility in North America.

"Incredible innovation and hightech manufacturing is happening in Texas as a direct result of Governor Abbott's leadership and the Texas Semiconductor Innovation Fund initiative," said SpaceX President and Chief Operating Officer Gwynne Shotwell. "We love Texas. SpaceX is investing hundreds of millions of dollars into our Bastrop facility. This grant will help continue to expand Bastrop's manufacturing for Starlink to help connect even more people across the state and around the world with highspeed, low-latency internet."

As business interest has forced Bastrop to grow quickly to meet the demands of its new tenants, representatives from the area seem to be endorsing its presence in the community.

"This investment is a game-changer for Bastrop and for Texas," said state Rep. Stan Gerdes, R-Smithville. "SpaceX's expansion reinforces Texas as the nation's leader in high-tech manufacturing and semiconductor innovation. With hundreds of new jobs and a stronger domestic supply chain, this project is a huge win for our economy, our workforce and our future."

Information About Brokerage Services

Texas law requires all real estate license holders to give the following information about brokerage services to prospective buyers, tenants, sellers and landlords.

2-10-2025

TYPES OF REAL ESTATE LICENSE HOLDERS:

- **A BROKER** is responsible for all brokerage activities, including acts performed by sales agents sponsored by the broker.
- **A SALES AGENT** must be sponsored by a broker and works with clients on behalf of the broker.

A BROKER'S MINIMUM DUTIES REQUIRED BY LAW (A client is the person or party that the broker represents):

- Put the interests of the client above all others, including the broker's own interests;
- Inform the client of any material information about the property or transaction received by the broker;
- Answer the client's questions and present any offer to or counter-offer from the client; and
- Treat all parties to a real estate transaction honestly and fairly.

A LICENSE HOLDER CAN REPRESENT A PARTY IN A REAL ESTATE TRANSACTION:

AS AGENT FOR OWNER (SELLER/LANDLORD): The broker becomes the property owner's agent through an agreement with the owner, usually in a written listing to sell or property management agreement. An owner's agent must perform the broker's minimum duties above and must inform the owner of any material information about the property or transaction known by the agent, including information disclosed to the agent or subagent by the buyer or buyer's agent. **An owner's agent fees are not set by law and are fully negotiable.**

AS AGENT FOR BUYER/TENANT: The broker becomes the buyer/tenant's agent by agreeing to represent the buyer, usually through a written representation agreement. A buyer's agent must perform the broker's minimum duties above and must inform the buyer of any material information about the property or transaction known by the agent, including information disclosed to the agent by the seller or seller's agent. **A buyer/tenant's agent fees are not set by law and are fully negotiable.**

AS AGENT FOR BOTH - INTERMEDIARY: To act as an intermediary between the parties the broker must first obtain the written agreement of *each party* to the transaction. The written agreement must state who will pay the broker and, in conspicuous bold or underlined print, set forth the broker's obligations as an intermediary. A broker who acts as an intermediary:

- Must treat all parties to the transaction impartially and fairly;
- May, with the parties' written consent, appoint a different license holder associated with the broker to each party (owner and buyer) to communicate with, provide opinions and advice to, and carry out the instructions of each party to the transaction.
- Must not, unless specifically authorized in writing to do so by the party, disclose:
 - that the owner will accept a price less than the written asking price;
 - that the buyer/tenant will pay a price greater than the price submitted in a written offer; and
 - any confidential information or any other information that a party specifically instructs the broker in writing not to disclose, unless required to do so by law.

AS SUBAGENT: A license holder acts as a subagent when aiding a buyer in a transaction without an agreement to represent the buyer. A subagent can assist the buyer but does not represent the buyer and must place the interests of the owner first.

TO AVOID DISPUTES, ALL AGREEMENTS BETWEEN YOU AND A BROKER SHOULD BE IN WRITING AND CLEARLY ESTABLISH:

- The broker's duties and responsibilities to you, and your obligations under the representation agreement.
- Who will pay the broker for services provided to you, when payment will be made and how the payment will be calculated.

LICENSE HOLDER CONTACT INFORMATION: This notice is being provided for information purposes. It does not create an obligation for you to use the broker's services. Please acknowledge receipt of this notice below and retain a copy for your records.
