MARKET OVERVIEW

Extremely well located in one of Denver's premier industrial parks. Building was formerly a contractor's headquarters, most recently used for the cannabis industry. Minutes to downtown Denver as well as Denver Intl Airport, the property is located right off I-70 & Havana. The northeast industrial market is one of the most popular and tightest sub markets in the metro area. The permissive heavy industrial zoning allows most any use. This offering is ideal for another cannabis use (dispensary and/or grow) and is ideal for a general office warehouse use as well.

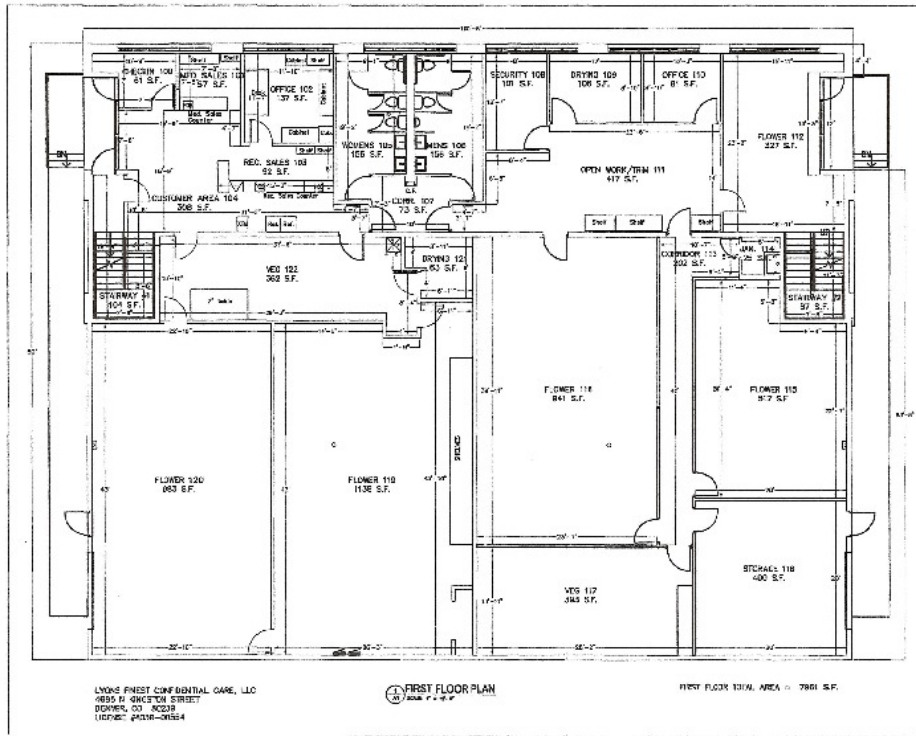

Included in Offering

All equipment and furniture and electronics and fixtures are included with the lease:

- ATM machines
- State of the art security system/surveillance cameras
- All lighting and growing equipment
- Extensive new HVAC and mechanical units
- Display cases and storage containers.

Literally everything a cannabis operation needs both for the cultivation and retail side of the business, except the licenses.
