## Sedona, AZ Overview

Multi-hued stone formations jut upwards from the high desert floor creating a vivid, mesmerizing setting that changes hourly with the light. When USA Weekend compiled their Most Beautiful Places in America list, Sedona claimed the top spot. Surrounded by 1.8 million acres of national forest land, visitors have instant access to recreational activities. Trails for hiking and biking, along with bouncy jeep tracks, weave among the bristling forest of pinnacles, spires, buttes and domes. Yet, you're never far from the indulgences of town.

Sedona is equal parts rugged, equal parts resort. Regarded by Native Americans as sacred, Sedona continues to be recognized as a place of healing and spiritual renewal. Many come to experience the vortex energy centers of Sedona. Others want to prowl the 40-plus art galleries lining the streets, or to receive soothing treatments from the dozens of spa facilities. Most recently, with its nearby vineyards and tasting rooms, Sedona has emerged as a destination for wine enthusiasts.
