Property Overview:

This beautiful 6 acre office campus is now For Lease! It's comprised of 4 independent buildings connected by covered walkways. Upon entering Building A, there is a large foyer and beyond it a large conference room in the heart of this administration building. There are up to 12 offices arranged around the perimeter of the building, all with large windows allowing natural light in while providing views of the wrap around porch. Building B is a 3 story building with the first 2 floors being finished out as office and classroom space. Like Building B, Building C is also 3 stories but is currently gutted to the studs awaiting a buildout for a new tenant's particular needs. Building D is a single story metal building currently set up as an "Activity Center" but could be repurposed for a large variety of uses.
