○ 113 W 78th St ● New York, NY 10024

78th Street between Amsterdam and Columbus is described by many as the prettiest block on the Upper West Side where you will find a rainbow of townhouses and even cherry blossom trees! In the midst of all that the UWS represents and a block from Central Park we are proud to offer this 2,200 sf commercial space for lease. The space is split between the ground floor and lower level with an interior staircase.

Currently built out as a physical therapy space with a reception area, several treatment rooms, offices, three bathrooms and a kitchen, it lends itself perfectly for any general office use or health and wellness facility. Located between the 1, and C&B subway lines.
