COMMENTS

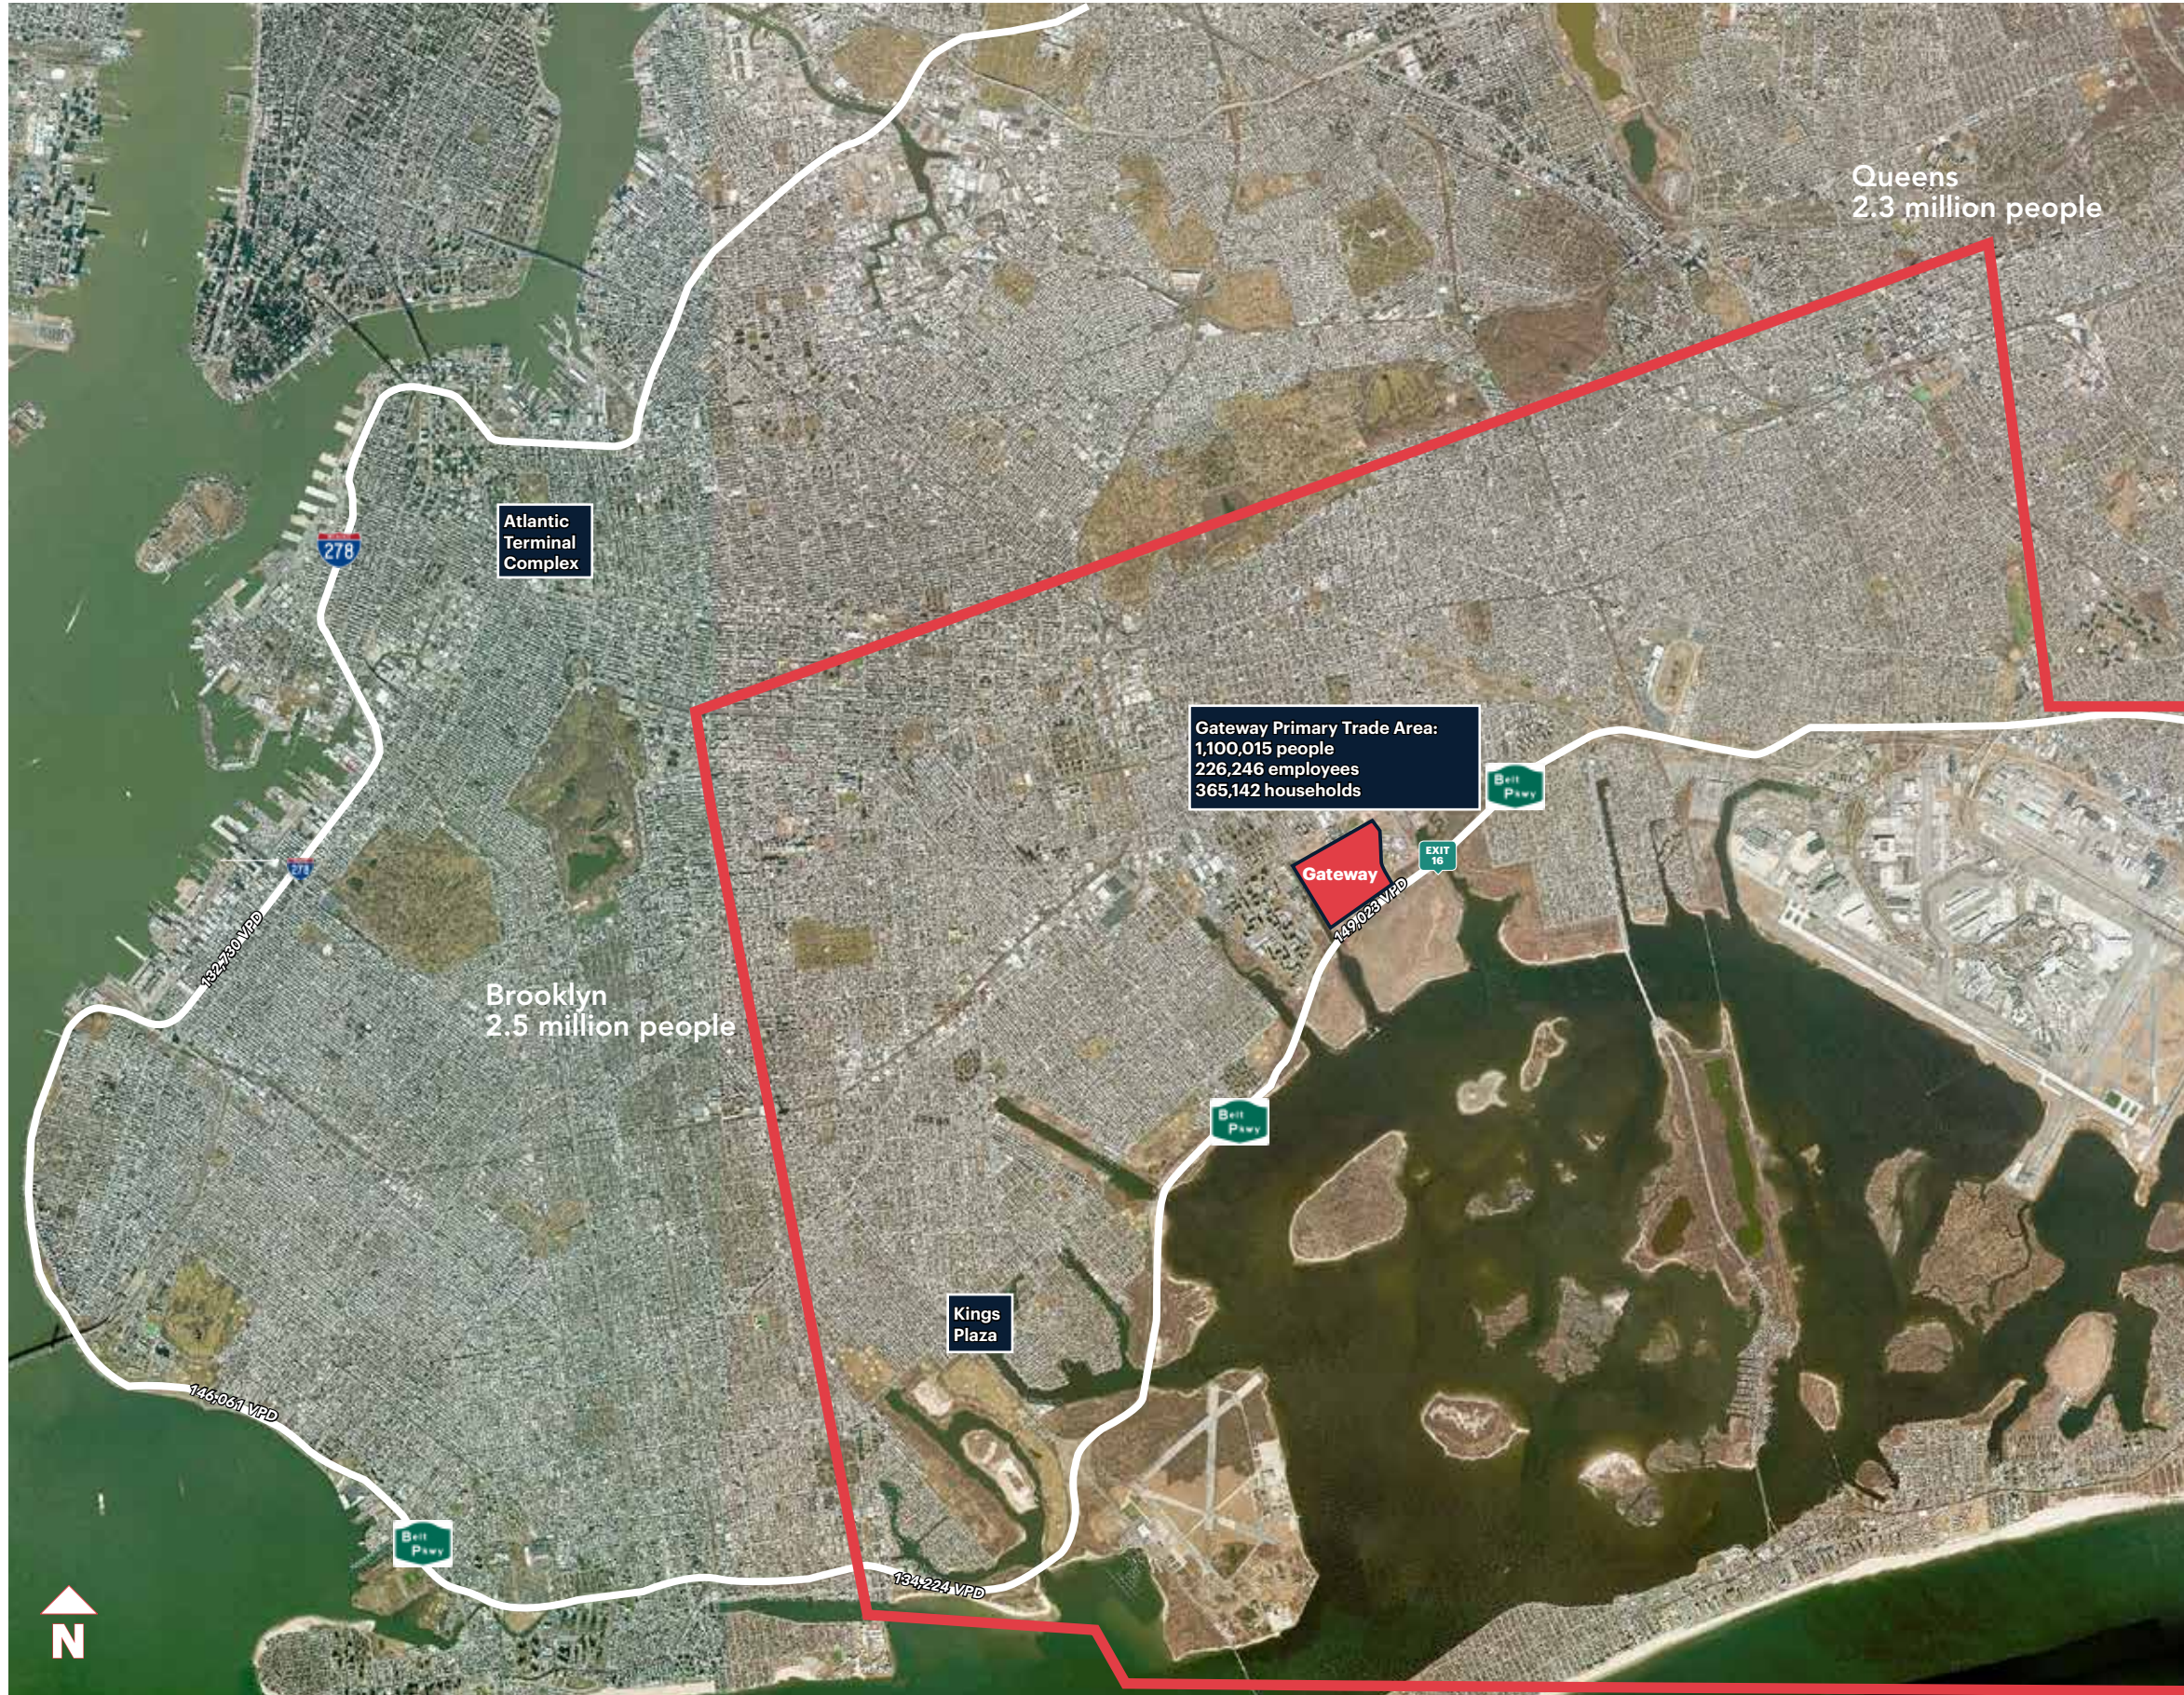

With a line-up that includes 1.3 Million Square Feet between Gateway North and Gateway South, **this is one of the strongest and most successful power centers in the country.**

Urban location with suburban amenities, including free at-grade parking.

There is easy access to this center from Exit 15 off of the Belt Parkway.

There are 2,100 new residential units built/planned in the immediate area.

PROJECT INFO

Even though Brooklyn would be the third largest city in the country (if it was its own city), there are remarkably only 3 major retail projects as noted in the aerial.

What makes the Gateway retail complex distinct from the other 2 are these unique qualities:

- 1) Direct access from the major highway in Brooklyn, the Belt Parkway
- 2) A free and open-air parking lot like the suburbs
- 3) It has the extra added benefit of drawing customers from Queens as it is very close to the Queens border
- 4) While people can come from all over Brooklyn, the red polygon represents the primary trade area
