

DEMOCRATIC SOCIALISTS FOR

Medicare for *All*

MILLIONS IN OUR COUNTRY HAVE NO HEALTHCARE AT ALL.

Those who are insured have seen steady increases in costs and decreases in care. Increased premiums go to multi-million dollar CEO salaries, lawyers, lobbyists, and advertising rather than actual care and services.

A Single Payer/Medicare for All system is the sensible answer. There are no deductibles and no co-pays. You go to the doctor of your choice. Dental, vision, mental health, and pharmaceuticals are all included.

It's time to put people before profits. Pledge to work with DSA for a Single Payer/Medicare for All system.
