ORDERING INFORMATION

To assist us in delivering the exact product you want, please order by the seven digit part number or panel model number. If you require special features, such as additional cable length or special packaging, please call your customer service representative at 1-888-DIAL-SJE (1-888-342-5753).

SJE Rhombus® also manufactures Engineered Custom control panels. Please contact SJE Rhombus customer service to request a custom panel quote at 1-888-DIAL-SJE (1-888-342-5753). For additional information on our Blanket Agreement Program, Freight Paid Program, Return Policy or Payment Terms, please refer to the back side of your multiplier sheet, contact your factory representative or contact SJE Rhombus customer service at 1-888-DIAL-SJE (1-888-342-5753).

ORDERING PANELS

Our Build-A-Panel™ control panels utilize a user-friendly worksheet to assist in building your panel model. Simply select the appropriate feature and fill in the corresponding box at the top of the page. The total of these selections will result in your panel model. Enter the pricing for each section in the pricing worksheet to build your price. See example:

SHIPPING YOUR ORDER

Standard catalog items, depending on volume and options, are shipped within four (4) business days from receipt of order. SJE Rhombus ships in-stock items same day when requested. SJE Rhombus Build-A-Panel™ control panels ordered with multiple options and orders exceeding $10,000 may require up to ten (10) business days to ship. Large stocking panel orders or custom panel orders may require additional lead time of more than ten (10) business days.

Next Day Air, Second Day Air and Three Day UPS Ground services are available. To receive these services you must place your order before 1:00 p.m. Central Time. SJE Rhombus reserves the right to increase prices if transportation rates increase.

SJE Rhombus offers a Panel Express Program for expedited delivery on most control panels found in this catalog. Contact Customer Service for more information.

QUICK SHIP PROGRAM*

Quick Ship products are denoted with an asterisk after the part number, i.e. 1030771*. Orders for products in the Quick Ship Program must be received by 11:00 AM Central Time to ship within one business day. Limited quantities available. Orders will be fulfilled on first come, first served basis. Standard lead times may apply to orders combining Quick Ship Program products and catalog products not offered through the Quick Ship Program.

PRODUCT RETURN

Returned Materials Authorization (RMA) numbers must be assigned to products being returned for warranty claim. Control panel models IFS7, IFS8, SGS, 113, 123, 114, 124, 314, and 324; panels including option "10A"; panels including any "non-catalog" options; Build-A-Panel™ PLUS control panels; obsolete panels; and panels more than one year from the date of manufacture cannot be returned to SJE Rhombus for restocking credit. Contact your customer service representative for instructions on returning a product for warranty.

PRICING SUBJECT TO CHANGE WITHOUT NOTICE.

WARRANTY

SJE Rhombus offers an industry-leading five-year limited warranty on most standard products available in our catalog. For complete terms and conditions, please visit www.sjerhombus.com.

1041351	VARIOspeed® N1, 240V	VS21-10.0-N1	10.0	3	1	3	$1,776.00	22 lbs.
1041352	VARIOspeed® N1, 240V	VS23-16.5-N1	16.5	5	3	3	$1,959.00	21 lbs.
1041353	VARIOspeed® N1, 240V	VS23-31.8-N1	31.8	7.5 - 10	3	3	$2,846.00	31 lbs.
1041354	VARIOspeed® N1, 240V	VS23-45.0-N1	45.0	15	3	3	$3,718.00	38 lbs.
1041355	VARIOspeed® N1, 240V	VS23-58.0-N1	58.0	20	3	3	$4,078.00	38 lbs.
1060916	VARIOspeed® N1, 480V	VS43-8.0-N1	8.0	3 -5	3	3	$2,266.00	31 lbs.
1041356	VARIOspeed® N1, 480V	VS43-16.0-N1	16.0	7.5 - 10	3	3	$2,913.00	31 lbs.
1041357	VARIOspeed® N1, 480V	VS43-29.5-N1	29.5	15 - 20	3	3	$3,741.00	38 lbs.

NOTE: HP rating is based on standard NEMA B 4-pole motor (used for indication only, use nameplate FLA for sizing). The output voltage of the VFD cannot exceed the incoming voltage. Example: 208V in, 208V out (max).

SELECTING THE CORRECT VFD

1. Determine the voltage available on site.
2. Select a pump with the same voltage (motor must be three phase).
3. Check pump motor nameplate Full Load Amps (FLA) for proper VFD sizing.
4. Select a VFD with an output amp rating higher than motor FLA.
5. Use motor Service Factor Amps (SFA) for submersible well pump applications for VFD sizing.

PHASE CONVERSION**

It is possible to supply single phase 240V input power to VS23 models. The VFD output amp must be derated by 50%.

Example: The VS23-45.0-N1 will be derated to 22.5A output (max).

**Use three phase input power if available. VS23 VFD's are not UL listed with single phase supply. Always use a three phase motor.

MAXIMUM MOTOR CABLE LENGTHS

For 208V-240V pumps: 400 ft. For cable lengths greater than 400 ft., use a load reactor. Do not exceed 800 ft.
For 480V pumps: 50 ft. For cable lengths greater than 50 ft., use a load reactor. Do not exceed 300 ft.

VARIOSPEED® 3R CONTROL PANEL – Variable Frequency Drive control panel in a NEMA 3R enclosure.
