Salon Quality Wigs

SHAPE SHIFTING: Mullet Pixie Quickweave

Learn the Cut. Master the Style. Create the Finish.

Product Overview

What Is This?

This is a step by step video tutorial teaching you the exact technique I created and have been perfecting for four years — the Instant Quick Weave. You'll learn how to take a quick weave from a basic install to a fully shaped, precision cut style that fits your client's face perfectly.

This is not theory. This is a real client. Real hands. Real results.

WHAT'S INCLUDED:

What's Inside:

🎥 **Step by Step Video Tutorial**
Watch me work on a real live client from start to finish. Every cut. Every placement. Every detail explained as I do it.

✂️ **Precision Cutting Breakdown**

Learn exactly how to cut for shape, not just length. This is the skill that separates a basic install from a professional finish.

💇🏾‍♀️ **Track Placement Guide**

Strategic weft placement that creates a natural look and makes shaping easier. No more guessing where the tracks go.

📐 **Hair Cutting Diagram**

A visual reference guide showing exactly how to map out your cuts for different shapes and styles. Follow along as you learn.

🛍️ **Full Product List**

Every product I use in this tutorial — what it is, what it does, and where to get it. No searching. No guessing.

💵 **Pricing List**

Exactly what to charge for this service so you can start making money from this technique immediately after watching.

Who Is This For?

✅ Beginner stylists who want a profitable service to offer right away

✅ Experienced stylists who want to cut their install time in half

✅ Anyone who does hair on the side and wants to level up their technique

✅ Students learning the craft who want real world application

Who Is This NOT For?

❌ People looking for a theory based class with no real demonstration

❌ Anyone not willing to practice and apply what they learn

Details

Everything you need to recreate this Bowl Cut Pixie from cut to finish is included inside this tutorial package.

✂️ Mullet Pixie Hair Cutting Diagram

A visual step-by-step cutting guide showing sectioning, guideline placement, elevation, point cutting, blending, and finishing techniques to help you create the shape with confidence.
