

## The Glory of Christ in the Revelation #15

### **The Destruction of Endtime Babylon**

Revelation 17-18

Primary point: It would seem the first event that triggers Endtime events will be the complete destruction of America and Europe by the Antichrist using a surprise nuclear attack from Russia. This will kill one fourth of the Earth's population and make the rest of the world desperate and eager for the rule of the Antichrist.

**The Nuclear Attack of Antichrist on the World's Economic and Military Powers** (Rev 17:1-5, 12, 16-17; Rev 18:8-10, 15-17, 19, 22-23)

**The destruction caused by Antichrist** (Dan 8:23-25; Rev 6:7-9)

**The probability that the Antichrist will use Russia**

#### **Some sobering possibilities**

- It is not an any-moment rescue of the Church that we should be looking for, but possibly an any-moment nuclear attack.
- What does God expect us to do with this revelation when we find ourselves living in Endtime Babylon? (Rev 18:4; cf. Jeremiah 51:6, 45-47)

#### **L.I.F.E. Group ?'s**

- 1) What was most meaningful to you about the Sunday message?
- 2) What would it take for you to decide to flee America?
- 3) What promises can you claim from God for the disasters that may happen in America in the Endtimes?
