

MAY 2026 - JAN 2027

JUNE 2026: Stop the Spikes

The Inflation Tax Credit will be applied for homes on the 20-mill floor — ultimately saving Ohio property owners over \$1.7 billion over the next three years.

JAN 2027: Savings Through the OCC Expansion

Ohioans will see an expansion of the owner-occupied tax credit — \$800 million in relief.

JAN 2027: Check on Tax Hikes

Incremental growth levies, conversion levies and the fixed sum property of a combined levy will be added to the 20-mill floor for all schools. School districts will begin to rise off the 20-mill floor as emergency and substitute levies are added to the calculation.

CURRENT: Slashing Unnecessary Budget Collections

County Budget Commissions now have the authority to reduce unnecessary or excessive levies.

NOV 2026: Check on Tax Hikes

School districts with existing emergency or substitute levies may renew as a new fixed sum levy. Schools under fiscal distress or a disaster declaration may levy a new fixed-sum levy.

JAN 2027: Stop the Spikes

Counties undergoing a sexennial reappraisal or triennial update will see their increase from inside millage capped to inflation, resulting in \$763 million in relief over three years.
