OBJECTIVE

To contribute to a prestigious educational institution where I can leverage my skills and experience in data science for mutual growth. I aim to achieve a dynamic career trajectory characterized by steady advancement and job satisfaction. My goal is to tackle challenging projects and deliver impactful results in the classroom while actively participating in the academic community's success. By utilizing my expertise and adaptability, I am committed to driving both personal and institutional development, fostering a culture of continuous improvement and student engagement.

SUMMARY

Experienced and passionate lecturer with 1 years of experience in Data science, Design analysis of algorithms, specializing in Data science. Proven ability to deliver engaging lectures and develop innovative teaching materials.

EXPERIENCE

Working as Lecturer in PDEA's Waghire college, Saswad, Pune from 2024-2025.

TRAILIQUE INFOTECH

Feb – Jun 2024

Quality Assurance Engineer

I have successfully completed my internship at Trailique Infotech. I have experience working as a manual tester on a marketplace project as well as two live projects. I am skilled in writing clear and semantic test cases, creating bug reports and testing whole websites, mobile apps and responsive web apps. I also have experience testing the designs of various projects.
