Return Reference	Explanation
Part I, Line 4b	<p>2019 contributions to the 457(f) plan during the year were made to the following individuals: William G. Baxter, \$107,969 and John E. Friberg, Jr., \$48,776. The System maintains a defined benefit pension plan for certain employees, the Elliot Health System Pension Plan (the Plan). Effective July 1, 2006, the Plan was amended to close the Plan to employees hired after June 30, 2006. Eligible employees hired prior to July 1, 2006 are grandfathered under the Plan and will continue to accrue benefits as long as they remain at a participating System entity and in an eligible status. The System's funding policy is to contribute amounts to the Plan sufficient to meet minimum funding requirements set forth in the Employee Retirement Income Security Act of 1974, plus such additional amounts as might be determined to be appropriate from time to time. The Plan is intended to constitute a plan described in Section 414(k) of the Internal Revenue Code, under which benefits derived from employer contributions are based on the separate account balances of participants in addition to the defined benefits under the Plan. In calendar year 2019, no officers or other employees of Elliot Hospital received defined contributions under the now-closed 414(K) plan. A defined benefit amount for Stephen Loosigan of \$24,991 is included in Schedule J, Part II, Column C and Form 990, Part VII-A, Column F as deferred compensation.</p>
Part I, Line 7	<p>The Organization has adopted an incentive pay program that provides designated management employees an opportunity to earn a designated percentage of salary based on the achievement by the Organization of a number of critical success factors. The critical success factors are established annually by the independent executive compensation committee of the Board of Trustees with assistance from an independent national compensation consulting company. The maximum potential incentive payments under the plan are considered by the compensation consultant in ensuring that management compensation is reasonable.</p>
