Return Reference	Explanation
Grantmaker's Description of How Grants are Used	<p>Pre-Award Often, a federal agency funding a project (or other funder), wants to know at the beginning of the project about the planned use of subrecipients. It is crucial that expenditures for subrecipients are classified correctly in budgets and project plans and are approved by the funder before work begins, and that the risk of the subrecipient's noncompliance with federal rules and grant conditions be evaluated. All potential subrecipients must also be verified against the Governments Excluded Parties List (EPL) (<a href="http://www.sam.gov">www.sam.gov</a>, see also <a href="http://exclusions.og.hhs.gov/Default.aspx">http://exclusions.og.hhs.gov/Default.aspx</a>). Procurement staff is to compare the names of each subrecipient against the EPL and print out any results of the search. Evidence of the search of the EPL must be maintained in the project files. If the subrecipient shows a record of suspension or debarment in the EPL, Project Staff must not proceed with that subrecipient and must alert the Compliance department. WGBH is prohibited from using any supplier/service provider on the EPL, and any work then in progress with a subrecipient on the EPL must be terminated immediately. Post-Contract Monitoring Once the contract has been signed and work has commenced, WGBH and the project team are responsible for monitoring the performance of the subrecipient. Subrecipient monitoring occurs in two forms: Performance Monitoring. This involves the project team ensuring that the subrecipient is meeting the performance requirements of the contract and award, including timeliness, scope and results. This monitoring is generally performed by the project team and can be accomplished through meetings, conversations or other methods. Site visits are another monitoring procedure to evaluate the subrecipients compliance with the terms of the project/award and the appropriateness of the subrecipients administration of the project. All performance monitoring activities should be documented in the project files. If issues are identified, the related follow-up or corrective action taken should also be documented in the project file. Compliance Monitoring. WGBH is also responsible for monitoring the subrecipients compliance with applicable laws and regulations. This can be accomplished in multiple ways. Annually, WGBH will send a questionnaire to all known subrecipients requesting a copy of their most recent Single Audit report and other information. Responses will be sent back to WGBH's Compliance department, which will review the results and follow up on any findings identified. All responses will be verified against the U.S. Federal Audit Clearinghouse website. If issues are identified that impact a particular project, that project team will be notified. Compliance department will then work with the subrecipient and the project to resolve the issues noted. A final determination on the issue (including references, if applicable) will be provided to the subrecipient within six months of issue identification and any corrective action required of the subrecipients must be completed as soon as possible.</p>

In connection with any actual or possible conflict of interest, an interested person must disclose the existence of the interest and be given the opportunity to disclose all material facts describing the nature of the affiliation, and indicating whether he or she has or may have a conflict of interest involving any financial transaction of WGBH. Form 990, Part VI, Line 15a Compensation Review & Approval Process - CEO, Top Management	<p>The organization's Compensation Committee of the Board of Trustees is an independent committee, the members of which each year verify that they do not have any conflicts of interest with respect to the compensation paid to the Chief Executive Officer and top management employees. This committee reviewed the confidential feedback from the direct reports that relate to the Chief Executive Officer's annual goals and performance, and determined the Chief Executive Officer's compensation package. The committee also reviewed and approved the compensation package for all executive leaders that was prepared by the CEO and COO. The committee utilized third party data and surveyed the trustees using a questionnaire to benchmark comparable compensation packages for the CEO and other key executive roles in functionally comparable positions and similar sized organizations. The compensation review is an annual process and is documented each year in the compensation committee minutes, in which the deliberation and decisions regarding the compensation arrangements for the CEO and the executive leadership team are recorded. The compensation committee reports on its meetings and actions to the full board of trustees or the executive committee of the board.</p>

Form 990, Part XI, Line 8 Prior Year Adjustments	<p>WGBH adopted ASC 606 for fiscal year 2019 using a modified retrospective application for contracts that were not completed as of the date of the initial application and the practical expedient for contract modifications. This method recognizes the cumulative effect of initially applying ASC 606 as an adjustment to the opening balance of net assets as of July 1, 2018 for contracts not completed at the date of initial application. Under ASC 606, WGBH recognizes licensing and national underwriting revenue upon delivery of the film. Production costs are capitalized as incurred and amortized consistently with the delivery of the film, which occurs on an episodic basis. As a result of ASC 606 adoption, WGBH recorded a total reduction of \$93,486,909 to net assets as of July 1, 2018. This adjustment was comprised of a \$13,567,651 increase in net assets without donor restrictions, and a \$107,054,560 decrease in net assets with donor restrictions.</p>
