SCHEDOLE II, PART II	The Memorial Hospital has direct involvement in numerous community building activities that promote and improve the health status and general betterment of the communities served by the hospital. This is accomplished through service on state and regional advocacy committees and boards, volunteerism with

local community-based non-profit advocacy groups, and participation in conferences and other educational activities to promote understanding of the root causes of health concerns. This organization provides educational materials, conducts community health fairs and holds health education seminars and outreach sessions for its patients and for community providers. Presentations are provided by physicians, nurses and other healthcare professionals.

Other cha racteristics of the hospital that the irs highlighted included the following its surplus funds were used to improve patient care, expand hospital facilities, and advance medical t raining, education, and research, it was controlled by a board of trustees that consisted of independent civic leaders, and hospital medical staff privileges were available to all qualified physicians. The organization believes that medicare underpayments and bad debt are community benefit and associated costs are includable on the form 990, schedule h, part i This organization agrees with the aha position. As outlined in the aha letter to the irs dated august 21, 2007 with respect to the first published draft of the new form 990 and schedule h, the aha felt that the irs should incorporate the full value of the community benefit that hospitals provide by counting medicare underpayments (shortfall) as quantifal ble community benefit for the following reasons - providing care for the elderly and serv ing medicare patients is an essential part of the community benefit standard - medicare, like medicard, does not pay the full cost of care. Recently, medicare payment advisory commission ("medpac") in its march 2007 report to congress cautioned that underpayment will get even worse, with margins reaching a 10-year low at negative 54 per cent - many medicare beneficiaries, like their medicard counterparts, are poor More than 46 percent of medicare spending is for beneficiaries whose income is below 200 percent of the federal poverty level.
