During the fiscal year ended September 30, 2020, the Foundation made certain temporarily restricted net asset transfers to specified clinical programs of Lifespan affiliates. A master database of the Foundation's temporarily restricted funds is maintained as the primary source for identifying each fund's restriction, the availability of the current balance, and the authorized personnel for the respective fund. The database contains the fund's name, primary reporting department, most recent month end balance, fund purpose/restriction, and the management responsible for the fund. Expenditures (purchase requisitions, work order requisitions, check requests, and employee reimbursements) from the Foundation's temporarily restricted funds must be presented to the Lifespan Finance Department for approval prior to processing. Each request is reviewed to ensure the availability of funds and that the expense/purchase is both in conformity with the fund's restriction and approved by the required levels of authorized personnel referenced in the database. The Foundation and Brown have an agreement pursuant to which each entity maintains 50% of an endowment gift, the income from which supports a diagnostic imaging shared chair. The agreement specifies a spending rate which is applied to the trailing three-year average fair value of the endowment fund to arrive at an amount used to support the named professorship. Payments distributing this amount, which are made by the Foundation to Brown on a quarterly basis, totaled \$88,467 in the fiscal year ended September 30, 2020. Under the terms of the agreement, Brown is required to provide an accounting to the Foundation sixty days following the anniversary of the agreement.
