Fin 48	<p>Part x, Line 2 The College follows the provisions of ASC 740 Accounting for Uncertainties in Income Taxes. ASC 740-10 clarifies the accounting for uncertainty in tax positions taken or expected to be taken in a tax return, including issues relating to financial statement recognition and measurement. This standard provides that the tax effects from an uncertain tax position can be recognized in the financial statements only if the position is "more-likely-than-not" to be sustained if the position were to be challenged by a taxing authority. The assessment of the tax position is based solely on the technical merits of the position, without regard to the likelihood that the tax position may be challenged. The College is exempt from federal and New York income taxation by virtue of being an organization described in Section 501(c)(3) of the IRC and similar provisions of the New York State tax code. Nevertheless, the College may be subject to tax on income unrelated to its exempt purpose, unless that income is otherwise excluded by the Code. Management believes that there are no material uncertain tax positions within its financial statements.</p>
