Supplemental Information					
Return Reference	Explanation				
PART X, LINE 2 - FIN 48	Certain entities included in Northwell's consolidated financial statements are taxable ent ities under Federal or state laws U S generally accepted accounting principles require t hat the asset and liability method of accounting for income taxes be utilized by these organizations and for unrelated business activities for the tax-exempt entities included in N orthwell's consolidated financial statements. Under the asset and liability method, deferred income taxes are recognized for the tax consequences of temporary differences by applying enacted statutory tax rates applicable to future years to differences between the financial statement carrying amounts and the tax basis of existing assets and liabilities. The effect on deferred taxes of a change in tax rates is recognized in income in the period of enactment. At December 31, 2018 and 2017, Northwell has a deferred income tax asset of approximately \$118,000,000 and \$123,000,000, respectively, both of which have been fully off set by a related valuation allowance. A valuation allowance is provided when it is more likely than not that some portion or all of the deferred tax asset will not be realized. Significant components of the deferred tax asset relate to net operating loss (NOL) carryforwards. Certain entities have NOL carryforwards aggregating approximately \$559,000,000 at December 31, 2018. NOL carryforwards generated prior to 2018 will expire in varying amounts through 2037, and are available to offset future taxable income of the respective entity. Under the Tax Cuts and Jobs Act (TCJA) enacted on December 22, 2017, NOLs generated after 2017 can be carried forward indefinitely, but the TCJA placed limitations on how these NOL carryforwards can be used.

Question 2. NEEDS ASSESSMENT. The Community Health Needs Assessment (CHNA) is performed on an ongoing basis. Northwell conducts and participates in population, demographic, and health status evaluations of our respective hospitals' service areas based on county regions and the communities we serve. There is a special effort to include individuals with health disparities and organizations who serve these communities in the CHNA process. The CHNA includes the analysis of primary and secondary data. Multi-year analyses, trends and projections are developed, which identify areas of need for the continuum of health care services. Primary data is obtained through a combination of qualitative analysis of community-based organization in collaborative partner meetings. These meetings include re presentatives from the Departments of Health, CBOs, academic institutions, government agen cies, and hospitals. Ongoing input concerning our communities' needs is also obtained through our Board of Trustees/Directors who are all area residents and

PART VI, SECTION B - POLICIES, LINE 12C	Northwell Health, Inc ("Northwell") has several control mechanisms to mitigate conflicts of interest. Northwells Code of Ethical Conduct contains a detailed section educating individuals about how to avoid potential conflicts of interest. Specifically, our Code of Ethical Conduct requires individuals to conduct Northwell business in a manner that places the interests of Northwell ahead of their personal interests. In addition, Northwell has a Conflicts of Interest Policy Statement further elaborating upon individuals' disclosure and recusal obligations. Individuals that are in a position to influence the business or other decisions of Northwell are required to fill out a conflicts of interest disclosure form on a regular basis. The Corporate Compliance Office reviews all disclosures of possible conflicts, including matters disclosed in any conflicts of interest disclosure report and tak es any actions deemed required or appropriate to manage or resolve any actual or potential conflicts of interest. In appropriate cases these disclosures and responsive actions will be reported to Northwells Audit and Corporate Compliance Committee and other applicable committees. In addition, Northwell provides training to individuals on an annual basis regarding conflicts of interest and other compliance related topics. If an individual violates the Code of Ethical Conduct or any related policy such as the Conflicts of Interest Polic y Statement, appropriate disciplinary action is taken based upon the facts and circumstances of the situation.

PART VI, SECTION B - POLICIES, LINE 15	The by-laws of Northwell Health, Inc ("Northwell") create a committee of the board with full powers of the board to review and approve the compensation of officers and other key employees. The committee consists of approximately 6 trustees who have no connection to Nor thwell except as trustees and they have no conflicts as to matters they consider. The committee meets several times a year as needed but always meets in November/December to review and determine officer and key employee compensation for the following year. For purposes of their review the committee considers the recommendations of the CEO for all persons other than the CEO. For purposes of the review each year the committee receives information for om an outside independent compensation consultant as to compensation for comparable positions in comparable organizations and makes its decisions on this basis, with the overall objective of paying base salary at the 50th percentile. Any contracts or other compensation for officers or key employees are separately considered and normally only approved after receipt of a "fairness opinion" from the independent consultant. All the work and process of the committee is structured to fall within the applicable safe harbor regulations.
