Supplemental Information

Return Reference	Explanation
PART X, LINE 2	<p>Certain entities included in Northwell's consolidated financial statements are taxable entities under Federal or state laws. U.S. generally accepted accounting principles require that the asset and liability method of accounting for income taxes be utilized by these organizations and for unrelated business activities of the tax-exempt entities included in Northwell's consolidated financial statements. Under the asset and liability method, deferred income taxes are recognized for the tax consequences of temporary differences by applying enacted statutory tax rates applicable to future years to differences between the financial statement carrying amounts and the tax basis of existing assets and liabilities. At December 31, 2019 and 2018, Northwell has a deferred tax asset of approximately \$112,000,000 and \$118,000,000, respectively, both of which have been fully offset by a related valuation allowance. A valuation allowance is provided when it is more likely than not that some portion or all of the deferred tax asset will not be realized. Significant components of the deferred tax asset relate to net operating loss (NOL) carryforwards. Certain entities have NOL carryforwards aggregating approximately \$540,000,000 at December 31, 2019. NOL carryforwards generated prior to 2018 will expire in varying amounts through 2037 and are available to offset future taxable income of the respective entity. NOLs generated after 2017 can be carried forward indefinitely, but with limitations.</p>

Form and Line Reference	Explanation
PART VI - SUPPLEMENTAL INFORMATION	<p>Hospital Community Benefit Report IRS Form 990, Schedule H, Part VI, Supplemental Information Question 1: Part I, Line 3c: This hospital is an affiliated entity of Northwell Health Inc. ("Northwell"). Northwell uses FPG to determine eligibility and utilizes the New York State Department of Health (NYSDOH) guidelines regarding the consideration of resources. Resource tests cannot be used to deny financial assistance, but only to "upgrade" a patient's level of obligation, up to the legal maximum permitted under the financial assistance law. Part I, Line 6a: The Community Benefit report is prepared by the hospital, in conjunction with an affiliated entity (Northwell) of the hospital. The Community Benefit Report is accessible to the public and can be accessed on the Northwell website https://www.northwell.edu/sites/northwell.edu/files/2020-10/nwh_community2019-FINAL.pdf Part I, 7: Row (a) The cost of charity care was determined by utilizing the ratio of cost to charges (RCC) calculated on Worksheet 2 applied to gross charges written off for patients qualifying for charity under the hospital's financial assistance policy. Bad Debt was not reported in any row of Part I, Line 7. Row (b) The Ratio of Cost to Charges method (or RCC) is used to determine the cost of ancillary services. A RCC is developed from these costs, and that RCC is applied to total Medicaid gross ancillary services charges to determine the cost of services provided to Medicaid patients. Row (e) Costs associated with Community Health Improvement Services were determined by adding indirect or overhead costs to the direct costs of the activity. Indirect costs were calculated as a percentage of direct costs. Direct costs for staff expenses were calculated using average system hourly rates, and were adjusted to account for fringe benefits, using a blended rate based on the ratio of total employee benefit expenses to total salary and wages. Row (f) The Bad Debt Expense that appears on Form 990, Part IX, Line 25 column (A), but not included for purposes of calculating the percentage in this column is equal to the amount reported on Form 990, Part X. The costs related to health professions education were determined by utilizing the step down method of cost finding. Row (h) Costs associated with research activities were determined by adding in direct, or overhead, costs to the direct costs of the activity. Indirect costs were calculated as a percentage of costs. Row (i) The cost of in-kind contributions to community groups is comprised of the direct costs of personnel whose compensated time was donated to various charities and community groups. The salaries and wages were adjusted to include benefit's using a rate based on the ratio of total employee benefit expenses to total salary and wages. Indirect costs were calculated as a percentage of direct costs. Column (f) for Rows (c)-(k) The percentage of Net Community Benefit Expense divided by Total Expense for the hospital (to calculate the percent of total expense). Note: For the entire Northwell Health Inc. and affiliates, Part I, Line 7 (Row K, Column F) is approximately 12.7 as a percentage of expenses. Part II: All community building activities improve access to health services and address federal, state, or local public health priorities, as well as leverage public health department activities, and in doing so, they provide relief of government burden. These activities broadly serve low-income, underserved patients, and include: collaboration with various community coalitions, system-wide recycling initiative, organizational response to worldly disasters, and bioterrorism efforts. Northwell has taken the lead in increasing awareness of gun violence as a public health issue. The Gun Violence Prevention Forum brought together physicians, researchers, policy experts, health care executives, NY PD counterterrorism and victims' advocates to share their thoughts on how leaders in health care can address this national public health crisis. Northwell's bioterrorism & disaster preparedness includes Center for Emergency Medical Services, has a designated Bioterrorism Resource Center, and has conducted staff training for more than 100 hospitals and area first responders and invested heavily in the infrastructure needed for large-scale emergencies. During catastrophes (both natural and terrorism), Northwell provides a safe haven for thousands of patients, outside nursing home residents, and community members seeking shelter. Northwell assists with the transport of patients and stand ready to contribute food, medicine, and blankets for both affiliated and non-affiliated hospital patients. Investment in a field hospital has furthered the public health infrastructure needed for mass casualties that could result from a terrorist attack, natural attack, or large-scale emergency. Part III, Line 2: For patients who were determined by Northwell to have the ability to pay but did not, the uncollected amounts are recorded</p>

Form and Line Reference	Explanation
PART VI - SUPPLEMENTAL INFORMATION	<p>d as bad debt expense. The amount of gross charges written off is reduced by any charity care or other discounts provided to the patient, as well as any payments received. Bad debt expense reported on this line is reported net of governmental or private offsetting funds. Part III, Line 3: N/A Part III, Line 4: For patients who were determined by Northwell to have the ability to pay but did not, the uncollected amounts are recorded as bad debt expense. Part III, Line 8: Medicare costs are determined utilizing a combination of the step down method of cost findings and a cost per unit of service. Cost per unit of service is used to calculate the routine cost of services provided to Medicare patients. The Ratio of Cost to Charges method (or RCC) is used to determine the cost of ancillary services. An RCC is developed from these costs, and that RCC is applied to total Medicare gross ancillary services charges to determine the cost of services provided to Medicare patients. Part II I, Line 9b: The organization's collection policy is standard to all accounts regardless of insurance status (e.g. insured, underinsured, and uninsured). The hospital's collection policy states that they will not send patient accounts to collection if a decision on a financial assistance application is pending, or if a patient is determined to be eligible for Medicaid at the time services were rendered and for which services Medicaid payment is available. Question 2: NEEDS ASSESSMENT: The Community Health Needs Assessment (CHNA) is performed on an ongoing basis. Northwell conducts and participates in population, demographic, and health status evaluations of our respective hospitals' service areas based on county regions and the communities we serve. There is a special effort to include individuals with health disparities and organizations who serve these communities in the CHNA process. The CHNA includes the analysis of primary and secondary data. Multi-year analyses, trends and projections are developed, which identify areas of need for the continuum of health care services. Primary data is obtained through a combination of qualitative analysis of community-based organization (CBO), informant interviews and surveys, individual community member surveys, and participation in collaborative partner meetings. These meetings include representatives from the Departments of Health, CBOs, academic institutions, government agencies, and hospitals. Ongoing input concerning our communities' needs is also obtained through: our Board of Trustees/Directors who are all area residents and leaders in their respective communities; facility based advisory boards and councils, and; the feedback received by our facility administrators and clinicians that serve on local community agency boards. Secondary data analysis includes: internal hospital data, including Prevention Quality Indicators (PQI); Department of Health Community Health Assessments; local regional NYS Prevention Agenda data sources; and Statewide Planning and Research System (SPARCS) data. The Committee on Community Health, a committee of the Board of Trustees, provides recommendations that concern Northwell's community health priorities and interventions based on the CHNA. Committee discussions focus on New York State (NYS) Prevention Agenda Priority Areas, including strategies and intervention outcomes related to chronic disease prevention especially in at risk and diverse communities (Cancer, Diabetes, CVD, Obesity), healthy safe environments, health access, changes in the built environment - housing and access to affordable food, mental health and substance abuse and need for better health literacy. Regional departments of health (I.E. Nassau County Department of Health, Suffolk County Department of Health Services, and NYC Department of Health and Mental Hygiene) perform additional community health assessments (CHA) with the input of hospital and community stakeholders. These regional partners use strategies</p>

PART VI, SECTION B-POLICIES, LINE 11	<p>The annual Return of Organization Exempt From Income Tax (Form 990) for Northwell Health, Inc. and Affiliated entities are prepared with input from various departments including Corporate Compliance, Finance, Human Resources, and Legal. Before filing the returns, the documents are electronically made available to all trustees through a secure online portal. Members of the Executive Committee are then informed the returns are ready for review. The Executive Committee, which is a committee made up of members from the Board of Trustees, may exercise all of the authority of the Board of Trustees except as such authority is limited by applicable law and except to the extent, if any, that such authority would be inconsistent with any provision of these By-laws or is limited by any resolution to such effect adopted by the Board of Trustees.</p>

990 Schedule O, Supplemental Information

Return Reference	Explanation
PART VI, SECTION B-POLICIES, LINE 12C	<p>Northwell Health, Inc. ("Northwell") has several control mechanisms to mitigate conflicts of interest. Northwell's Code of Ethical Conduct contains a detailed section educating individuals about how to avoid potential conflicts of interest. Specifically, our Code of Ethical Conduct requires individuals to conduct Northwell business in a manner that places the interests of Northwell ahead of their personal interests. In addition, Northwell has a Conflicts of Interest Policy Statement further elaborating upon individuals' disclosure and recusal obligations. Individuals that are in a position to influence the business or other decisions of Northwell are required to fill out a conflicts of interest disclosure form on a regular basis. The Corporate Compliance Office reviews all disclosures of possible conflicts, including matters disclosed in any conflicts of interest disclosure report and takes any actions deemed required or appropriate to manage or resolve any actual or potential conflicts of interest. In appropriate cases these disclosures and responsive actions will be reported to Northwell's Audit and Corporate Compliance Committee and other applicable committees. In addition, Northwell provides training to individuals on an annual basis regarding conflicts of interest and other compliance related topics. If an individual violates the Code of Ethical Conduct or any related policy such as the Conflicts of Interest Policy Statement, appropriate disciplinary action is taken based upon the facts and circumstances of the situation.</p>

990 Schedule O, Supplemental Information

Return Reference	Explanation
PART VI, SECTION B-POLICIES, LINE 15	<p>The by-laws of Northwell Health, Inc. ("Northwell") create a committee of the board with full powers of the board to review and approve the compensation of officers and other key employees. The committee consists of approximately 6 trustees who have no connection to Northwell except as trustees and they have no conflicts as to matters they consider. The committee meets several times a year as needed but always meets in November/December to review and determine officer and key employee compensation for the following year. For purposes of their review the committee considers the recommendations of the CEO for all persons other than the CEO. For purposes of the review each year the committee receives information from an outside independent compensation consultant as to compensation for comparable positions in comparable organizations and makes its decisions on this basis, with the overall objective of paying base salary at the 50th percentile. Any contracts or other compensation for officers or key employees are separately considered and normally only approved after receipt of a "fairness opinion" from the independent consultant. All the work and process of the committee is structured to fall within the applicable safe harbor regulations.</p>
