Part X : FIN48 Footnote	U.S. GAAP requires the Corporations management to evaluate tax positions taken by the Corporation and recognize a tax liability (or asset) if the Corporation has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has analyzed the tax positions taken by the Corporation, and concluded that as of December 31, 2019 and 2018 there are no uncertain positions taken or expected to be taken that would require recognition of liability (or asset) or disclosure in the financial statements. The Corporation is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to federal income tax examinations for years prior to 2016.
