SCHEDULE H, PART III, LINE 4	FOOTNOTE 1(j) from the Audited Financial Statements Charity Care: The Hospitals general policy statement on charity care requires that medical care be rendered to all persons in need of such care regardless of their ability to pay. Because the Hospital does not pursue collection of amounts determined to qualify as charity care, and therefore historical evidence demonstrates no payments are made by such patients, the Hospital does not report these services as revenue. The Hospital maintains records to identify and monitor the level of charity care it provides. These records include the amount of charges forgone for services furnished under its charity care policy.
SCHEDULE H, PART III, LINE 8	MEDICARE EXPLANATION O'Connor is a critical access hospital, so cost is calculated on the settlement sheets of the cost report. It was compared to Medicare reimbursement, which is also calculated on the cost report.

Patient referral to the Delaware County Medicaid Examiner is facilitated by the Finance Director at the O'Connor Hospital. <p>SCHEDULE H, PART V, LINE 5, FACILITY 1, OCONNOR HOSPITAL</p>	<p>Representatives from Delaware County Public Health, OConnor Hospital, Delaware Valley Hospital, Margaretville Hospital, and the Southern Tier Population Health Improvement Program (PHIP) met in fall of 2018 to begin discussing the next full Delaware County Community Health Assessment, Community Health Improvement Plan, and the hospital Community Service Plans, and set up a monthly meeting schedule to continue until submission of the full document in December 2019. A review and update of data in the Community Health Assessment was completed in July 2019, using county, regional and New York state secondary data sources including BRFSS, Census data, and local data sources including the Delaware County Public Health Annual Report, the Delaware County Office for Agings Annual Assessment and Report the Delaware County Community Services Annual Assessment and Plan. As a method to collect primary data from the county at large, two surveys were developed: the first was sent electronically to Delaware County health and human services providers to gain their perspectives on the Prevention Agenda Priority Areas and the associated focus areas most in need of improvement. The second survey was sent electronically to community members to identify primary strengths and weaknesses of service provision, social determinants of health in need of addressing, and general quality of health and life in the county. Preliminary findings allowed the group to: 1) understand which data sources and information would be most useful, 2) determine community partners, organizations, and other existing assessments to include in the process, 3) explore best practice activities and interventions to include in the Community Service Plan. In May of 2019, the PHIP Population Health Coordinators worked with the Delaware County committee to hold a community roundtable event at the State University of New York (SUNY) Delhi, located in Delhi NY, Delaware County. All Health and Human Services providers that received the survey were invited, as well as the community residents who provided their names and contact information electronically via the survey. The event was also promoted via email and social media communications. Hospital and Public Health representatives shared the invitation with their Boards of Directors. The roundtable event was attended by 40 people, and included a presentation on the survey data by the PHIP Coordinators. In addition, Delaware Countys Director of Public Health and the Director of Operational Support from OConnor Hospital (located in Delhi and affiliated with the Bassett Health care system) presented on the NY State and Federal requirements for completion of the Community Health Assessment, Community Health Improvement Plan, and the hospitals Community Service Plans. The roundtable event included breakout groups for the chosen Prevention Agenda priority areas to give attendees further opportunity to provide input on the interventions and activities to place in</p>
