Name: Scott & White Continuing Care Hospital

Form 990 (2019)

Form 990, Part III, Line 4a:

See Schedule O Scott & White Continuing Care Hospital dba Baylor Scott & White Continuing Care Hospital (BSWCCH) is a faith-based, nonprofit, 48-bed long term acute care hospital (LTACH) providing exemplary patient care services to the residents of Bell County and the surrounding communities since 2007. BSWCCH is affiliated with Baylor Scott & White Health (BSWH), a faith-based nationally acclaimed network of acute care hospitals and related health care entities providing quality patient care, medical education, medical research and other community services to the residents of North and Central Texas. As the largest not-for-profit health care system in Texas and one of the largest in the United States, BSWH was born from the 2013 combination of Baylor Health Care System and Scott & White Healthcare. Today, BSWH has over 1,000 patient care sites including 52 hospitals, 562 specialty care clinics, 195 outpatient clinics, 172 primary care clinics, 31 pharmacies, 26 ambulatory surgery centers, and approximately 7,300 active physicians. The system also includes a state certified health maintenance organization, the Scott and White Health Plan and the Baylor Scott & White Quality Alliance accountable care organization both covering over 906,000 lives. BSWCCH provides patients daily physician visits, ICU and Med-Surg level nursing, case management, social services, laboratory, radiology, pharmacy, telemetry, dialysis, ventilator management and weaning, special monitoring, respiratory therapy, physical, occupational, speech and nutritional therapy, pain management, and wound care. As a LTACH, the goals are to move patients to the next level of care and avoid readmissions to a general acute care hospital. Unique services provided at BSWCCH are onsite 24/7 ICU critical care provided by internal medicine physicians, a 6-bed dialysis suite, and an onsite CT scanner. During the fiscal year, BSWCCH admitted 605 patients resulting in 14,632 days of care. Additionally, BSWCCH provided community benefits (as reported to the Texas Department of State Health Services and in accordance with the State of Texas Statutory methodology) of \$7,891,017 and provided community benefits (as reported on the Internal Revenue Service (IRS) Form 990, Schedule H) of \$3,091,426 during the tax year. The Texas Annual Statement of Community Benefit Standard includes approximately \$4,579,836 of unreimbursed cost of Medicare that is not included in the IRS Form 990, Schedule H. See Schedule H for more information regarding these services and how BSWCCH promotes the health of the communities.

Return Reference	Explanation
Part II-B, Line 1:	Statement Regarding Legislative Activity: Health care policy is critical to all Americans, and the Organization believes that health care providers must participate in forming health care policy by interacting with national, state and local representatives and their staff members to help them better understand the complexities and ramifications of key health care policies including, without limitation, those related to uninsured and indigent patient needs as well as the legislative and regulatory needs to assure the delivery of cost-efficient, quality health care. The Organization has established relationships with persons and industry associations that often communicate the Organization's positions on major health care issues. These contacts may include direct contact, telephone conversations and/or letters. Also, the Organization may attempt to educate the local community on certain legislative initiatives that may impact the Organization's ability to provide quality health care services to the community through direct mailings, media advertising or broadcast statements. The amount of resources (time and money) involved in these activities is insubstantial. The Organization has not intervened in any political campaign.

Part III Bad Debt, Medicare, & Collection Practices

Section A. Bad Debt Expense

		Yes	No
1 Did the organization report bad debt expense in accordance with Healthcare Financial Management Association Statement No. 15?		1 Yes	
2 Enter the amount of the organization's bad debt expense. Explain in Part VI the methodology used by the organization to estimate this amount.	2 1,193,879		
3 Enter the estimated amount of the organization's bad debt expense attributable to patients eligible under the organization's financial assistance policy. Explain in Part VI the methodology used by the organization to estimate this amount and the rationale, if any, for including this portion of bad debt as community benefit.	3 0		
4 Provide in Part VI the text of the footnote to the organization's financial statements that describes bad debt expense or the page number on which this footnote is contained in the attached financial statements.			

Section B. Medicare

5 Enter total revenue received from Medicare (including DSH and IME)	5 4,187,779
6 Enter Medicare allowable costs of care relating to payments on line 5	6 5,975,882
7 Subtract line 6 from line 5. This is the surplus (or shortfall)	7 -1,788,103
8 Describe in Part VI the extent to which any shortfall reported in line 7 should be treated as community benefit. Also describe in Part VI the costing methodology or source used to determine the amount reported on line 6. Check the box that describes the method used: <input type="checkbox"/> Cost accounting system <input checked="" type="checkbox"/> Cost to charge ratio <input type="checkbox"/> Other	

Section C. Collection Practices

9a Did the organization have a written debt collection policy during the tax year?	9a Yes
b If "Yes," did the organization's collection policy that applied to the largest number of its patients during the tax year contain provisions on the collection practices to be followed for patients who are known to qualify for financial assistance? Describe in Part VI	9b Yes

Part VI Supplemental Information

Provide the following information.

- 1 Required descriptions.** Provide the descriptions required for Part I, lines 3c, 6a, and 7; Part II and Part III, lines 2, 3, 4, 8 and 9b.
- 2 Needs assessment.** Describe how the organization assesses the health care needs of the communities it serves, in addition to any CHNAs reported in Part V, Section B.
- 3 Patient education of eligibility for assistance.** Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy.
- 4 Community information.** Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves.
- 5 Promotion of community health.** Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (e.g., open medical staff, community board, use of surplus funds, etc.).
- 6 Affiliated health care system.** If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served.
- 7 State filing of community benefit report.** If applicable, identify all states with which the organization, or a related organization, files a community benefit report.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I, Line 3c:	and Line 3b: In addition to providing free care to financially indigent patients at 200% of the federal poverty guidelines ("FPG"), the organization provides discounted care to the medically indigent which is based on both the FPG (up to 500%) and the percentage of the patient's total bills from all Baylor Scott & White Health related providers in relation to the patient's annual income.
Part I, Line 6a:	The organization prepares and files an Annual Report of Community Benefit Plan with the Texas Department of State Health Services. This report is made available through the organization's website at www.BSWHealth.com/CommunityNeeds .

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I, Line 7:	A ratio of patient care cost to charges, as determined in Worksheet 2, was used to report the amounts in Part I, Lines 7a - 7d. For amounts reported on lines 7e - 7k, actual expenses for each community benefit activity are tracked and reported using both community benefit software and/or the organization's cost accounting system.
Part I, Ln 7 Col(f):	The amount of bad debt expense included on Form 990, Part IX, line 25, but removed for Schedule H, Part I, Line 7, Column (f) totaled \$0.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 4:	<p>As stated in the combined audited financial statements, "The System maintains allowances for uncollectible accounts for estimated losses resulting from a payor's inability to make payments on accounts. The System assesses the reasonableness of the allowance account based on the historical write-offs, cash collections, the aging of the accounts and other economic factors. Accounts are written off when collection efforts have been exhausted. Management continually monitors and adjusts its allowance associated with its receivables." Bad debt does not include amounts for patients who are known to qualify under the organization's charity care policy. The amount of bad debt attributable to patient's accounts is net of contractual allowance, payments received and recoveries of bad debt previously written off. The Organization has entered zero on Schedule H, Part III, Line 3; however, based on prior experience and certain demographics and other information obtained during admission, the organization believes a portion of the bad debt expenses (estimated to range from 1-5%) would be attributable to patients that would otherwise qualify for charity care. Despite all of the effort and ways the organization educates patients about qualifying for its charity care program as demonstrated in Part VI, question 3 below, many uninsured patients either refuse or fail to complete a charity care application or provide sufficient information at the time of admission, during their stay or after being discharged to qualify for assistance under the organization's charity care policy.</p>
Part III, Line 8:	<p>The amount reported on Part III, Section B, line 7 was calculated in accordance with the Schedule H instructions utilizing the organization's allowable cost reported in the Medicare cost report based on a cost to charge ratio. However, the allowable costs in the Medicare cost report do not reflect the actual cost of providing care to patients since the Medicare cost report excludes many direct patient care costs that are essential to providing quality care to these patients. For example, certain coverage fees to physicians, cost of Medicare C and D, and other similar direct patient care expenses are specifically excluded as allowable cost in the cost reports. Using the same methodology to calculate the unreimbursed cost of providing charity care and Medicaid (using applicable Schedule H Worksheets) would result in a shortfall of \$3,717,258, which is \$1,929,155 higher than the shortfall reported on Part III, Section B, Line 7. The organization believes that all of the shortfall should be considered as a community benefit for the following reasons. First, the IRS Community Benefit Standard includes the provision of care to the elderly and Medicare patients. IRS Revenue Ruling 69-545 provides, in part, that hospitals serving patients with governmental health benefits, including for example Medicare, is an indication that the hospital operates for the promotion of health in the community. Second, the organization provides care to Medicare patients regardless of this shortfall, i.e., loss, and thereby relieves the state and federal government of the burden of paying the full cost for the care of Medicare beneficiaries. Medicare does not provide sufficient reimbursement to cover the entire cost of providing care to these patients causing the organization to use other surplus funds to cover the shortfall. It is expected that reimbursement under the Medicare program will continue to decline and therefore may further limit access to care due to the anticipated reduction of participating Medicare providers in the community. As a result, the care for these patients will likely increase at, and rest on the shoulders of, nonprofit hospitals or county hospital districts. Third, many of the Medicare participants have low fixed incomes and therefore would qualify for charity care or other means tested government programs absent being enrolled in the Medicare program. Fourth, Texas nonprofit hospitals must provide a minimum level of community benefit in order to obtain exemption from state and local taxes. According to the current Texas Health and Safety Code, the unreimbursed cost of Medicare is considered to be a community benefit in determining these state statutory requirements as it helps relieve a governmental burden of providing this care that would otherwise be provided through the county hospital system in Texas.</p>

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 9b:	The organization's patient billing and collection policy prohibits any collection efforts for the portion of the account balance that qualifies for financial assistance under the organization's financial assistance policy. For any remaining balances due, the same policy contains the actions that may be taken in the event of nonpayment, which are applied equally to all patient types. The policy is made widely available to the public on the organization's website https://www.bswhealth.com/financialassistance .
Part VI, Line 2:	During the fiscal year ending June 30, 2019, the Organization conducted a Community Health Needs Assessment (CHNA) to assess the health care needs of the community for each of its licensed hospital facilities and developed an implementation strategy to address the needs identified in the CHNAs. The CHNAs were conducted in accordance with state and federal guidelines including Internal Revenue Code Section 501(r) and the Texas Health and Safety Code Section 311. These CHNAs and implementation strategies have been made widely available to the public and are located on the Organization's website at the following address: www.BSWHealth.com/CommunityNeeds .

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part VI, Line 3:	<p>The organization is committed to promoting health in the community including providing or finding financial assistance programs to assist patients. Patients who may qualify for financial assistance through the organization's charity care program or other federal, state and local government programs are informed and educated about their eligibility in several ways including, but not limited to, the following: 1) posting signs and notices regarding the financial assistance policy in the emergency departments, admitting areas and business offices located throughout the organization; 2) annual posting regarding the organization's financial assistance program in the local newspapers; 3) information regarding financial assistance, including the organization's financial assistance policy, is posted on the organization's website; 4) notices about the organization's financial assistance policy is posted on each bill sent to patients including providing a phone number to access the customer service unit dedicated to answering patients billing questions, as well as provide information regarding financial assistance; and 5) the organization may provide free financial counselors to help inpatients determine how to meet their financial obligations for services provided. Specifically financial counselors assist patients in applying for government assistance programs such as Medicaid or the organization's financial assistance program. Any patient may request to speak to a financial counselor when being treated at the organization. Uninsured patients who are admitted to the hospital will automatically receive help from a financial counselor. These services are provided in writing and through interpretation services in the primary language of the patient requesting assistance. The organization has the 501(r) policies available on its website in eight languages: English, Spanish, Russian, Korean, Vietnamese, Arabic, French and Chinese. The organization can also accommodate other languages including American Sign Language as needed.</p>
Part VI, Line 4:	<p>The organization operates a hospital facility that primarily serves the geographical area of Bell county. Additional information regarding the community can be found below, and in the hospital's community health needs assessment and implementation strategy located on the organization's website at www.BSWHealth.com/CommunityNeeds. The population is approximately 359,046 with a median household income for the ZIP codes within this community ranging from \$30,247 to \$80,247. There were eight ZIP codes with median household incomes less than \$50,200, twice the 2018 Federal Poverty Limit for a family of four. The population of the community served is expected to grow 7.0% by 2023, an increase of more than 25,000 people. The 7.0% projected population growth is slightly lower than the state's 5-year projected growth rate (7.1%) and higher compared to the national projected growth rate (3.5%). The ZIP codes expected to experience the most growth in five years are 76549 Killeen 4,760 people, 76542 Killeen 4,559 people, 76544 Fort Hood 3,202 people, and 76502 Temple 3,149 people. The community's population skewed younger with 42.0% of the population ages 18-44 and 28.2% under age 18. The largest cohort (18-44) is expected to grow the least (5,101 people by 2023). Meanwhile, the age 65 plus cohort was the smallest but is expected to experience the fastest growth (19.7%) over the next five years, adding 7,176 seniors to the community. Growth in the senior population will likely contribute to increased utilization of services as the population continues to age. Population statistics can be analyzed by race and by Hispanic ethnicity. The community was primarily white non-Hispanic (45.6%), followed by the black non-Hispanic population (20.9%). The total non-Hispanic population is expected to grow just 3.5%, while the non-Hispanic population will grow 17.1% adding 15,508 Hispanic residents. The white non-Hispanic population is expected to slightly decrease (-0.3%). A majority of the population (43%) were insured through employer sponsored health coverage; followed by a group of those without health insurance (23%). The next largest groups of the population were Medicaid (13%) and Medicare (12%). The smallest group were those covered by private market plans (the purchasers of coverage directly or through the health insurance marketplace) at 8%. The community includes two (2) Health Professional Shortage Areas and two (2) Medically Underserved Areas as designated by the U.S. Department of Health and Human Services Health Resources Services Administration.</p>

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part VI, Line 5:	<p>With the oversight of the organization's board and Baylor Scott & White Holdings, the organization's ultimate parent, the organization's hospital facilities and/or other health care facilities have promoted health and benefited the community by providing exemplary health care, medical education, research and other community services. The organization's governing body includes volunteer community representatives that provide leadership and governance for the organization. The members of the governing body contribute their wisdom, insights, and expertise to ensure the organization is fulfilling its mission and charitable purpose while providing efficient administrative support services and direction for the organization. The members are well respected residents and/or own businesses in the organization's primary or secondary service area and understand the needs of the community. The medical staff of the organization is open to all physicians in the community who meet membership and clinical privilege requirements. As a nonprofit organization surplus funds are continuously invested back to the community and are utilized to maintain access to limited patient care services or expand access points of care to patients throughout the community. These efforts are generally targeted to meet the community health needs identified in the community health needs assessment conducted by each of the hospital facilities. More information of these efforts can be found in the written implementation strategies that have been made widely available to the public and are located on the organization's website at the following address: www.BSWHealth.com/CommunityNeeds. Below are summaries of a few of the hospital's key patient care services or community benefit programs designed to promote the health of the community. The organization provides financial assistance in the form of charity care to patients who are indigent and satisfy certain eligibility requirements. Additionally, the organization is committed to treating patients who are eligible for means tested government programs such as Medicaid and other government sponsored programs including Medicare, which is provided regardless of the reimbursement shortfall, and thereby relieves the state and federal government of the burden of paying the full cost of care for these patients. Often, patients are unaware of the federal, state and local programs open to them for financial assistance, or they are unable to access them due to the cumbersome enrollment process required to receive these benefits. The organization offers assistance in enrollment to these government programs or extends financial assistance in the form of charity care through the organization's Financial Assistance Policy which can be located on the organization's website at www.bswhealth.com/financialassistance. The organization is also committed to promoting the health and well-being of individuals and families beyond the health activities of the traditional hospital or clinic setting through its community outreach programs. These programs are targeted to positively alter the health of the community through outreach and education on such topics as adult nutrition, childhood obesity, behavioral health and support groups for individuals suffering with chronic diseases such as diabetes, cardiovascular and pulmonary diseases, and cancer. Throughout the year the organization offers free preventive health services to the community such as health screenings, health fairs, immunizations and many other community education programs. At these events, the organization's staff and physicians educate the public on various health-related preventive measures and healthy lifestyle choices. The Organization provides patients daily physician visits, ICU and Med-Surg level nursing, case management, social services, laboratory, radiology, pharmacy, telemetry, dialysis, ventilator management and weaning, special monitoring, respiratory therapy, physical, occupational, speech and nutritional therapy, pain management, and wound care. The goals are to move patients to the next level of care and avoid readmissions to a general acute care hospital. Unique services provided at CCH are onsite 24/7 ICU critical care provided by internal medicine physicians, a 6-bed dialysis suite, and an onsite CT scanner.</p>
Part VI, Line 6:	<p>The organization is affiliated with Baylor Scott & White Health (BSWH or the System), a faith based nationally acclaimed network of acute care hospitals and related health care entities providing quality patient care, medical education, medical research and other community services to the communities of North and Central Texas. BSWH is the largest not-for-profit health care system in the State of Texas and one of the largest in the United States as measured by total operating revenue of \$10.5 Billion and total assets of \$15.1 Billion based on the fiscal year ended June 30, 2020. Today, BSWH has over 1,000 patient care sites including 52 hospitals, 562 specialty care clinics, 195 outpatient clinics, 172 primary care clinics, 31 pharmacies, 26 ambulatory surgery centers, and approximately 7,300 active physicians. The System includes a robust spectrum of owned, operated, ventured and affiliated philanthropic foundations, a research institute, physician clinics and networks, acute care hospitals, short-stay hospitals, specialty hospitals, ambulatory surgery centers, free standing emergency medical centers, free standing imaging centers, retail pharmacies, an accountable care organization, a health plan and other health care providers all which fall under the common control of BSW Holdings. Under the guidance of an independent community board, the System follows one single mission, vision and values focusing on quality patient centered care while meeting the demands of health care reform, the changing needs of patients and extraordinary recent advances in clinical care. With a commitment to and a track record of innovation, collaboration, integrity and compassion for the patient, BSWH stands to be one of the nation's exemplary health care organizations. Community benefits are provided through the provision of financial assistance, governmental sponsored programs (such as Medicaid and Medicare), medical research, medical education, community health improvement services, donations to other nonprofit health care providers, and many other community service activities. During the year, the affiliated nonprofit hospitals reported community benefits (as reported to the Texas Department of State Health Services, and in accordance with the State of Texas Statutory methodology) of \$768 Million. The System's nonprofit hospitals provided community benefits (as reported on the IRS Form 990, Schedule H) of \$421 Million during the tax year. The Texas Annual Statement of Community Benefit Standard includes approximately \$262 Million of unreimbursed cost of Medicare that is not included in the IRS Form 990, Schedule H. As part of the System, certain affiliates make grants and/or contributions to other related nonprofit affiliates to help financially support and/or fund worthy community benefits activities. The System has also established a patient transfer system among the affiliated hospitals allowing patients needing a particular level of care to be transferred as needed to a related hospital that can provide that service in an efficient and effective manner. As part of the System, all hospitals and other affiliated health care providers are required to adhere to high standards for medical quality, patient safety and patient satisfaction. These standards are set forth by BSW Holdings, the organization's parent, which helps ensure consistency across the System. Technology is rapidly changing the way consumers and health care providers connect, which has enabled the development of new and innovative solutions that enhance the patient experience and support wellness and quality health care. The System is integrating these new technologies, programs and resources into the health information technology infrastructure through the Consumer Digital Experience. This initiative enhances the way consumers discover, decide and connect with the System; improves wellness and care outcomes through digitization and analytics; and enables support for specific measures for availability, geographic use and capacity needs. The Consumer Digital Experience includes video visits, mobile device apps and patient portals, putting a variety of health and wellness tools into the patient's hands. The growth strategy in this area is to create a virtual health capability where users can book an appointment, be treated on demand through a video or electronic visit, assemble their information and personalized profile, and find out where the nearest urgent walk-in clinic might be.</p>

Baylor S&W Continuing Care Hospital	<p>Part V, Section B, Line 5: One (1) focus group with a total of 15 participants, as well as eight (8) key informant interviews, were conducted to take into account the input of persons representing the broad interests of the community served. The focus group and interviews solicited feedback from leaders and representatives who serve the community and have insight into community needs. Prioritization sessions were also held with hospital clinical leadership and/or other community leaders to identify significant health needs from the assessment and prioritize them. The focus group familiarized participants with the CHNA process and solicited input to understand health needs from the community's perspective. Focus groups, formatted for individual as well as small group feedback, helped identify barriers and social determinants influencing the community's health needs. Barriers and social determinants were new topics added to the 2019 community input sessions. Watson Health conducted key informant interviews for the community served by the hospital facilities. The interviews aided in gaining understanding and insight into participants concerns about the general health status of the community and the various drivers that contributed to health issues. Participation in the qualitative assessment included at least one state, local, or regional governmental public health department (or equivalent department or agency) with knowledge, information, or expertise relevant to the health needs of the community, as well as individuals or organizations who served and/or represented the interests of medically underserved, low-income and minority populations in the community. Participation from community leaders/groups, public health organizations, other healthcare organizations, and other healthcare providers (including physicians) ensured that the input received represented the broad interests of the community served. The following is a list of groups consulted: Area Agency on Aging of Central Texas, Baylor Scott & White Health, Bell County Indigent Health Svc Department, Bell County Public Health District, Bell/Lampasas Counties Community Supervision and Corrections Department, Belton Independent School District, Body of Christ Community Clinic, Central Texas Catholic Charities, Central Texas Food Bank, Christ Episcopal Church, CTLC and Feed My Sheep, Greater Killeen Community (Free) Clinic, Lulac Council 4971, Temple Independent School District, Texas A&M Agrilife Extension Service, Texas Christian Community Development Network, Texas Department of State Health Services Region 7, United Way of Central Texas, and Workforce Solutions of Central Texas.</p>

Form and Line Reference	Explanation
Baylor S&W Continuing Care Hospital	<p>Part V, Section B, Line 11: The hospital is committed to serving the community by adhering to its charitable mission, using its skills and capabilities, and remaining a strong organization which continues to provide a wide range of important health care services and community benefits. The hospital has teamed up with other hospital facilities and/or other health care organizations in the community to complete a joint community health needs assessment and develop a joint implementation strategy to address the health needs of the community while meeting certain federal and state requirements. These hospitals will address all significant community health needs (except the need(s) listed below) based on the anticipated impact to the community, hospital resources available, and the expertise of each respective hospital facility. Specific actions can be found in the joint implementation strategy that is made widely available on the hospital's website at www.BSWHealth.com/CommunityNeeds. The following identified needs have not been addressed in the joint community benefit implementation plan: Mental Health and Sexually Transmitted Infections. There are multiple community and state agencies whose expertise and infrastructure are better suited for meeting the needs not addressed in the Community Health Implementation Strategies. Therefore, BSWH leadership has opted to focus its resources on the listed priorities for the betterment of the community.</p>
Baylor S&W Continuing Care Hospital	<p>Part V, Section B, Line 16j: Measures to publicize the policy within the community served by the hospital facility, include but are not limited to, the following: 1) posting signs and notices regarding the financial assistance policy in the emergency departments, admitting areas and business offices located throughout the organization; 2) annual posting regarding the organization's financial assistance program in the local newspapers; 3) information regarding financial assistance, including the organization's financial assistance policy, is posted on the organization's website; 4) notices about the organization's financial assistance policies are posted on each bill sent to patients including providing a phone number to access the customer service unit dedicated to answering patients billing questions, as well as provide information regarding financial assistance; and 5) the organization may provide free financial counselors to help inpatients determine how to meet their financial obligations for services provided. Specifically financial counselors assist patients in applying for government assistance programs such as Medicaid or the organization's financial assistance program. Any patient may request to speak to a financial counselor when being treated at the organization. Uninsured patients who are admitted to the hospital may receive help from a financial counselor. These services are also offered through interpretation services in the primary language of the patient requesting assistance. The organization has the 501(r) policies available on its website in eight languages: English, Spanish, Russian, Korean, Vietnamese, Arabic, French and Chinese. The organization can also accommodate other languages including American Sign Language as needed.</p>

Part III Supplemental Information

Provide the information, explanation, or descriptions required for Part I, lines 1a, 1b, 3, 4a, 4b, 4c, 5a, 5b, 6a, 6b, 7, and 8, and for Part II. Also complete this part for any additional information.

Return Reference	Explanation
Part I, Line 1a	Tax indemnification and gross-up payments-The organization provides tax indemnification where the BSW Holdings' CEO, COO or CFO determines there is justification to reimburse an individual for the tax impact on certain taxable, non-cash benefits provided to them. All tax indemnification payments provided are treated as taxable compensation. Three of the persons listed in the Form 990, Part VII, Section A, received this benefit during the tax year.
Part I, Line 3	Process for determining compensation: The organization, a controlled affiliate of BSW Holdings, recognizes that those chosen to lead the organization are vital to its ongoing success and growth. Thus, it must attract, retain and engage the highest quality officers and key employees to lead the organization and help the organization maintain its national reputation for achieving high targets for medical quality, patient safety, and patient satisfaction. A significant portion of the organization's officers and key employees' total compensation is based on significant performance achievements. This strategy places a greater emphasis on the importance of the organization achieving targeted improvements in the areas of people, quality, patient satisfaction and financial stewardship, annually. Total executive compensation is part of an integrated talent management strategy developed by the BSW Holdings Board of Trustees and its Compensation Committee to attract, motivate, and retain the best leadership resources for the organization. Executive compensation is determined pursuant to guidelines outlined in the intermediate sanction rules under IRC Section 4958 including taking steps to meet the rebuttable presumption standard of reasonableness under Treasury Regulation 53.4958-6, as summarized below. When making compensation decisions, the organization compares itself to similarly-sized, and structured businesses including other integrated health care service systems and other similarly-sized organizations, both locally and nationally. Each year the BSW Holdings Board of Trustees and the Compensation Committee, on behalf of the organization through reserved powers held by BSW Holdings, works directly with an independent compensation expert(s) to identify reasonable and competitive market rates as well as provide an annual review of the total compensation of the organization's top management officials and other officers and key employees to ensure total compensation is within a fair market range. The annual review included management reviewing all officers and key employees listed on the Form 990 during the current tax year. Any individual whose direct compensation exceeded the projected compensation from prior year, any new individual whose position has not been reviewed by the Compensation Committee during the prior 2 years, or any individual whose responsibilities or scope of operations expanded during the current year were reviewed by the Compensation Committee during the current tax year. The Compensation Committee is made up of members of the BSW Holdings Board of Trustees, who are independent, community volunteers. Guided by the information provided by the independent compensation expert(s), the Compensation Committee approves the annual process and methodology for setting fair market salary ranges, earned incentives, and/or benefit offerings for the organization's President, other officers and/or key employees to be comparable to similar organizations for similar services and/or positions. Furthermore, the Compensation Committee is charged with the responsibility of reviewing annually the major elements of the executive compensation program to assure designs remain consistent with the business needs, market practices, and compensation philosophy. As part of the decision making process, the Compensation Committee will often meet in executive session to discuss and review recommendations made by the independent compensation expert(s). No officer or key employee whose compensation is being reviewed is present during these discussions. All decisions are properly documented in the minutes of the meetings.
Part I, Lines 4a-b	Severance or Change of Control Payments: Francis P. Anderson received a severance payment in the amount of \$306,652. Supplemental Nonqualified Retirement Plan: In order to recruit and retain key talent, BSW Holdings and certain tax exempt affiliates (BSWH) offers a supplemental non-qualified retirement plan to eligible employees. The plan provides an annual benefit (based on a percentage of compensation) to the employee that is paid to the employee on a future date upon vesting in the plan. The following individual(s) participated in and/or received payments (noted in parenthesis) from BSWH's supplemental non-qualified retirement plan during the tax year: Angel Caldera, M.D., David Paul Ciceri, M.D., Enid Wade, Erin Bird, M.D., Francis P. Anderson, John Erwin, III, M.D., Madhava R. Beeram, M.D. (\$402,528), Mark Montgomery, M.D., Michael D. Reis, M.D., Robin W. Watson, M.D., Shahin Motakef and Tresa McNeal, M.D.
Part I, Line 7	The organization has adopted and implemented BSW Holdings', the organization's ultimate parent, Annual Incentive Program to provide a market competitive total cash compensation incentive program that is designed to attract and retain key leaders and establish greater individual accountability and alignment to business performance. Payout targets are based upon a percentage of base pay and are developed by independent third party expert(s) using comparable market competitive data within the bounds of reasonableness and that are reviewed and approved by BSW Holdings' governing body. Payout levels are based upon a combination of system, entity, and individual performance using various metrics related to quality, patient satisfaction, employee retention, and financial stewardship. BSW Holdings' governing body may approve modifications to annual incentive awards provided under the program consistent with market comparability data.
Form 990, Schedule J, Part III	Supplemental Information: Governing Body Compensation The members of the governing body serve on a voluntary basis and receive no cash compensation from the organization for these duties as a member of the governing body. Some, but not all, members may have received modest benefits incident to their service on the board and/or multiple board committees or received compensation as an employee of a related organization. These benefits may include reimbursement for certain reasonable expenses paid on behalf of the member's spouse while accompanying the member on business travel on behalf of the related organization. All such benefits are treated as taxable compensation to the extent required by law and are reported in the Form 990 where applicable.
