Form and Line Reference	Explanation
Part I, Line 6a	The filing organization was a wholly owned subsidiary of Adventist Health System Sunbelt Healthcare Corporation (AHSSHC) during its current tax year During the current year, AHSSHC served as a parent organization to 24 tax-exempt 501(c)(3) hospital organizations and a number of other health care facilities that operated in 10 states within the U S The system of organizations under the control and ownership of AHSSHC is known as "AdventHealth" All hospital organizations within AdventHealth collect, calculate, and report the community benefits they provide to the communities they serve AdventHealth organizations exist solely to improve and enhance the local communities they serve AdventHealth has a system-wide community benefits accounting policy that provides guidelines for its health care provider organizations to capture and report the costs of services provided to the underprivileged and to the broader community Each AdventHealth hospital facility reports their community benefits to their Board of Directors and strives to communicate their community benefits to their local communities Additionally, the filing organization's most recently conducted community health needs assessment and associated implementation strategy can be accessed on the filing organization's website
Part I, Line 7	The amounts of costs reported in the table in line 7 of Part I of Schedule H were determined by utilizing a cost-to-charge ratio derived from Worksheet 2, Ratio of Patient Care Cost-to-Charges, contained in the Schedule H instructions

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 2	The amount of bad debt expense reported on line 2 of Section A of Part III is recorded in accordance with Healthcare Financial Management Association Statement No. 15. Discounts and payments on patient accounts are recorded as adjustments to revenue, not bad debt expense.
Part III, Line 3	<p>Methodology for Determining the Estimated Amount of Bad Debt Expense that May Represent Patients who could Have Qualified under the Filing Organization's Financial Assistance Policy. Self-pay patients may apply for financial assistance by completing a Financial Assistance Application Form (FAA Form). If an individual does not submit a complete FAA Form within 240 days after the first post-discharge billing statement is sent to the individual, an individual may be considered for presumptive eligibility based upon a scoring tool that is designed to classify patients into groups of varying economic means. The scoring tool uses algorithms that incorporate data from credit bureaus, demographic databases, and hospital specific data to infer and classify patients into respective economic means categories. Individuals who earn a certain score on the scoring tool are considered to qualify as eligible for the most generous financial assistance under the filing organization's Financial Assistance Policy. As determined by the filing organization, a nominal amount of such a patient's bill is written off as bad debt expense, while the remaining portion of the patient's bill is considered non-state charity. The amount written off as bad debt expense for those patients who potentially qualify as non-state charity using the scoring tool is the amount shown on line 3 of Section A of Part III.</p> <p>Rationale for Including Certain Bad Debts in Community Benefit. The filing organization is dedicated to the view that medically necessary health care for emergency and non-elective patients should be accessible to all, regardless of age, gender, geographic location, cultural background, physician mobility, or ability to pay. The filing organization treats emergency and non-elective patients regardless of their ability to pay or the availability of third-party coverage. By providing health care to all who require emergency or non-elective care in a non-discriminatory manner, the filing organization is providing health care to the broad community it serves. As a 501(c)(3) hospital organization, the filing organization maintains a 24/7 emergency room providing care to all whom present. When a patient's arrival and/or admission to the facility begins within the Emergency Department, triage and medical screening are always completed prior to registration staff proceeding with the determination of a patient's source of payment. If the patient requires admission and continued non-elective care, the filing organization provides the necessary care regardless of the patient's ability to pay. The filing organization's operation of a 24/7 Emergency Department that accepts all individuals in need of care promotes the health of the community through the provision of care to all whom present. Current Internal Revenue Service guidance that tax-exempt hospitals maintain such emergency rooms was established to ensure that emergency care would be provided to all without discrimination. The treatment of all at the filing organization's Emergency Department is a community benefit. Under the filing organization's Financial Assistance Policy, every effort is made to obtain a patient's necessary financial information to determine eligibility for financial assistance. However, not all patients will cooperate with such efforts and a financial assistance eligibility determination cannot be made based upon information supplied by the individual. In this case, a patient's portion of a bill that remains unpaid for a certain stipulated time period is wholly or partially classified as bad debt. Bad debts associated with patients who have received care through the filing organization's Emergency Department should be considered community benefit as charitable hospitals exist to provide such care in pursuit of their purpose of meeting the need for emergency medical care services available to all in the community.</p>

Part III, Line 4	Financial Statement Footnote Related to Accounts Receivable and Allowance for Uncollectible Accounts The financial information of the filing organization is included in a consolidated audited financial statement for the current year The applicable footnote from the attached consolidated audited financial statements that addresses accounts receivable, the allowance for uncollectible accounts, and the provision for bad debts can be found on page 7-8 Please note that dollar amounts on the attached consolidated audited financial statements are in thousands
Part III, Line 8	Costing Methodology Medicare allowable costs were calculated using a cost-to-charge ratio Rationale for Including a Medicare Shortfall as Community Benefit As a 501(c)(3) organization, the filing organization provides emergency and non-elective care to all regardless of ability to pay All hospital services are provided in a non-discriminatory manner to patients who are covered beneficiaries under the Medicare program As a public insurance program, Medicare provides a pre-established reimbursement rate/amount to health care providers for the services they provide to patients In some cases, the reimbursement amount provided to a hospital may exceed its costs of providing a particular service or services to a patient In other cases, the Medicare reimbursement amount may result in the hospital experiencing a shortfall of reimbursement received over costs incurred In those cases where an overall shortfall is generated for providing services to all Medicare patients, the shortfall amount should be considered as a benefit to the community Tax-exempt hospitals are required to accept all Medicare patients regardless of the profitability, or lack thereof, with respect to the services they provide to Medicare patients The population of individuals covered under the Medicare program is sufficiently large so that the provision of services to the population is a benefit to the community and relieves the burdens of government In those situations where the provision of services to the total Medicare patient population of a tax-exempt hospital during any year results in a shortfall of reimbursement received over the cost of providing care, the tax-exempt hospital has provided a benefit to a class of persons broad enough to be considered a benefit to the community Despite a financial shortfall, a tax-exempt hospital must and will continue to accept and care for Medicare patients Typically, tax-exempt hospitals provide health care services based upon an assessment of the health care needs of their community as opposed to their taxable counterparts where profitability often drives decisions about patient care services that are offered Patient care provided by tax-exempt hospitals that results in Medicare shortfalls should be considered as providing a benefit to the community and relieving the burdens of government

Part III, Line 9b	<p>The hospital filing organization's collection practices are in conformity with the requirements set forth in the 2014 Final Regulations regarding the requirements of Internal Revenue Code Section 501(r)(4)-(r)(6) No extraordinary collection actions (ECA's) are initiated by the hospital filing organization in the 120-day period following the date after the first post-discharge billing statement is sent to the individual (or, if later, the specified deadline given in a written notice of actions that may be taken, as described below) Individuals are provided with at least one written notice (notice of actions that may be taken) and a copy of the filing organization's Plain Language Summary of the Financial Assistance Policy that informs the individual that the hospital filing organization may take actions to report adverse information to credit reporting agencies/bureaus if the individual does not submit a Financial Assistance Application Form (FAA Form) or pay the amount due by a specified deadline The specified deadline is not earlier than 120 days after the first post-discharge billing statement is sent to the individual and is at least 30 days after the notice is provided A reasonable attempt is also made to orally notify an individual about the filing organization's Financial Assistance Policy and how the individual may obtain assistance with the Financial Assistance application process If an individual submits an incomplete FAA Form during the 240-day period following the date on which the first post-discharge billing statement was sent to the individual, the hospital filing organization suspends any reporting to consumer credit reporting agencies/bureaus (or ceases any other ECA's) and provides a written notice to the individual describing what additional information or documentation is needed to complete the FAA Form This written notice contains contact information including the telephone number and physical location of the hospital facility's office or department that can provide information about the Financial Assistance Policy, as well as contact information of the hospital facility's office or department that can provide assistance with the financial assistance application process or, alternatively, a nonprofit organization or governmental agency that can provide assistance with the financial assistance application process if the hospital facility is unable to do so If an individual submits a complete FAA Form within a reasonable time-period as set forth in the notice described above, the hospital filing organization will suspend any adverse reporting to consumer credit reporting agencies/bureaus until a financial assistance policy eligibility determination can be made</p>
Part III, Line 8	<p>Reconciliation of Schedule H Reported Medicare Surplus/(Shortfall) to Unreimbursed Medicare Costs Associated with the Provision of Services To All Medicare Beneficiaries The Medicare revenue and allowable costs of care reported in Section B of Part III of Schedule H are based upon the amounts reported in the filing organization's Medicare cost report in accordance with the IRS instructions for Schedule H On an annual basis, the filing organization also determines its total unreimbursed costs associated with providing services to all Medicare patients Unreimbursed costs are considered a community benefit to the elderly and are combined into an annual Community Benefit Statement prepared by AdventHealth The primary reconciling items between the Medicare surplus/(shortfall) shown on line 7 of Section B of Part III of Schedule H and the filing organization's unreimbursed costs of services provided to Medicare patients as reported in the AHS Community Benefit Report are as follows - Medicare surplus/(shortfall) shown on line 7 of Section B of Schedule H \$ (9,785,636)- Difference in costing methodology 1,806,809- Unreimbursed costs incurred for services provided to Medicare patients that are not included in the organization's Medicare cost report (9,745,229) -----Total Unreimbursed costs of serving all Medicare patients per the filing organization's community benefit reporting \$(17,724,055)As indicated above, the primary differences between the Medicare surplus/(shortfall) reported on Schedule H, Part III, Section B, line 7 and the filing organization's portion of the Company's annual community benefit statement is due to a difference in the costing methodology and differences in the population of Medicare patients within the calculation The cost methodology utilized in calculating any Medicare surplus/ (shortfall) for purposes of the annual community benefit reporting is based upon the cost-to-charge ratio outlined in Worksheet 2 of the Schedule H instructions The same cost-to-charge ratio is used to determine the costs associated with services provided to charity care patients and Medicaid patients as reported in Schedule H, Part I, line 7 In addition, the Medicare cost report excludes services provided to Medicare patients for physician services, services provided to patients enrolled in Medicare HMOs, and certain services provided by outpatient departments of the filing organization that are reimbursed on a fee schedule The Company's own community benefit statement captures the unreimbursed cost of providing services to all Medicare beneficiaries throughout the organization</p>

Part VI, Line 2	<p>The Hospital conducted community health needs assessments (CHNA) during 2013 and 2016. Its 2016 CHNA was adopted by its governing board by December 31, 2016, the end of the Hospital's taxable year in which it conducted the CHNA. The Hospital's 2016 CHNA complied with the guidance set forth by the IRS in Final Regulation Section 1.501(r)-3. In addition to the CHNA discussed above, a variety of practices and processes are in place to ensure that the filing organization is responsive to the health needs of its community. Such practices and processes involve the following:</p> <ol style="list-style-type: none"> 1. A hospital operating/community board composed of individuals broadly representative of the community, community leaders, and those with specialized medical training and expertise, 2. Post-discharge patient follow-up related to the on-going care and treatment of patients who suffer from chronic diseases, 3. Sponsorship and participation in community health and wellness activities that reach a broad spectrum of the filing organization's community, and 4. Collaboration with other local community groups to address the health care needs of the filing organization's community.
Part VI, Line 3	<p>The Financial Assistance Policy (FAP), Financial Assistance Application Form (FAA Form), and the Plain Language Summary of the Financial Assistance Policy (PLS) of the filing organization's hospital facility are transparent and available to all individuals served at any point in the care continuum. The FAP, FAA Form, PLS, and contact information for the hospital facility's financial counselors are prominently and conspicuously posted on the filing organization's hospital facility's website. The website indicates that a copy of the FAP, FAA Form, and PLS is available and how to obtain such copies in the primary languages of any populations with limited proficiency in English that constitute the lesser of 1,000 individuals or 5% of the members of the community served by the hospital facility (referred to below as LEP defined populations). Signage is displayed in public locations of the filing organization's hospital facility, including at all points of admission and registration and the Emergency Department. The signage contains the hospital facility's website address where the FAP, FAA Form, and PLS can be accessed and the telephone number and physical location that individuals can call or visit to obtain copies of the FAP, FAA Form and PLS or to obtain more information about the hospital facility's FAP, FAA Form and PLS. Paper copies of the hospital facility's FAP, FAA Form and PLS are available upon request and without charge, both in public locations in the hospital facility and by mail. Paper copies are made available in English and in the primary languages of any LEP defined populations. The filing organization's hospital facility's financial counselors seek to provide personal financial counseling to all individuals admitted to the hospital facility who are classified as self-pay during the course of their hospital stay or at time of discharge to explain the FAP and FAA Form and to provide information concerning other sources of assistance that may be available, such as Medicaid. A paper copy of the hospital facility's PLS will be offered to every patient as a part of the intake or discharge process. A conspicuous written notice is included on all billing statements sent to patients that notifies and informs recipients about the availability of financial assistance under the filing organization's financial assistance policy, including the following:</p> <ol style="list-style-type: none"> 1) the telephone number of the hospital facility's office or department that can provide information about the FAP and the FAA Form, and 2) the website address where copies of the FAP, FAA Form and PLS may be obtained. <p>Reasonable attempts are made to inform individuals about the hospital facility's FAP in all oral communications regarding the amount due for the individual's care. Copies of the PLS are distributed to members of the community in a manner reasonably calculated to reach those members of the community who are most likely to require financial assistance.</p>

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part VI, Line 4	<p>The filing organization owns and operates one 145 bed hospital facility, AdventHealth Wesley Chapel, (AHCW or the Hospital) on a 52 acre campus and operates an Emergency Department located in a neighboring community. The Hospital opened with state-of-the-art technology much of it first in the area including a patient education/entertainment system that is tied in with real time location services that tracks hourly rounding and hand sanitation, among other things. The Hospital achieved Primary Stroke Certification within two months of opening. AHCW also has a hybrid operating room that can be used for minimally invasive surgery, or as an imaging suite. Other high-tech features include an 18-room ER with digital technology that allows patients to be checked in at bedside rather than a triage area or waiting room, and patient rooms equipped with the GetWell Network, an in-room technology system that allows patients to research and watch videos regarding treatment and recovery. As Hospital staff enter a room, it records who came in and how long they stayed so family members can monitor care. In January 2013, the Hospital built a 50,000 sq ft community health & wellness center that features state-of-the-art fitness equipment and highly trained staff. In addition to over 100 group fitness classes per week, the facility features a pool, indoor cushioned track and a variety of cardio machines. The facility offers community memberships as well as ancillary services (such as nutrition counseling, personal training, weight loss programs, etc. to non-members also). The Health & Wellness Center and AdventHealth Wesley Chapel also provide health and wellness education and screenings (most of these are free or low cost). Two of these programs are the Vitality and Well on Your Way programs. Vitality was developed for adult cancer survivors who are de-conditioned or chronically fatigued from treatment and disease. The Well on Your Way program is a Diabetes intervention program focused on a holistic approach to wellbeing including diet and exercise. The programs include systems with a registered dietician, personal trainer and a free, full HWC membership for the duration of the 12-week program. AdventHealth Wesley Chapel primarily serves eastern Pasco and northeastern Hillsborough Counties (including Wesley Chapel, New Tampa (northeast Tampa), Land O'Lakes and portions of San Antonio, Lutz and Zephyrhills). The Hospital is located in between two AdventHealth facilities (AdventHealth Tampa- 15 miles, AdventHealth Zephyrhills- 16 miles) in a suburb just north of Tampa. The largest hospital system in the Tampa Bay Market is BayCare Health System. There are two BayCare hospitals near AdventHealth Wesley Chapel (St. Joseph's Hospital (also has a children's hospital and a women's hospital) and St. Joseph's North (a community hospital that opened two years before AHCW). High school graduates account for approximately 90% of AHCW's primary service area. It is estimated that 11.6% of the individuals residing in the Hospital's primary service area live below the poverty level. Approximately 44.8% of the filing organization's patients during 2018 were Medicare patients, about 7.8% were Medicaid patients, 5.5% were self-pay, and the remaining percentage were patients covered under commercial insurance. For 2018, about 78% of the Hospital's in-patients were admitted through the Hospital's emergency department.</p>
Part VI, Line 5	<p>The provision of community benefit is central to AdventHealth Wesley Chapel's mission of service and compassion. Restoring and promoting the health and quality of life of those in the communities served by the Hospital is a function of "extending the healing ministry of Christ and embodies the Hospital's commitment to its values and principles. The Hospital commits substantial resources to provide a broad range of services to both the underprivileged as well as the broader community. In addition to the community benefit and community building information provided in Parts I, II and III of this Schedule H, the Hospital captures and reports the benefits provided to its community through faith-based care. Examples of such benefits include the cost associated with chaplaincy care programs and mission peer reviews and mission conferences. During the current year, the Hospital provided \$341,253 of benefit with respect to the faith-based and spiritual needs of the community in conjunction with its operation of a community hospital. The Hospital also provides benefits to its community's infrastructure by investing in capital improvements to ensure that facilities and technology provide the best possible care to the community. During the current year, the Hospital expended \$12,719,524 in new capital improvements. As a faith-based mission-driven community hospital, the Hospital is continually involved in monitoring its community, identifying unmet health care needs and developing solutions and programs to address those needs. In accordance with its conservative approach to fiscal responsibility, surplus funds of the Hospital are continually being invested in resources that improve the availability and quality of delivery of health care services and programs to its community.</p>

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part VI, Line 6	<p>AdventHealth Wesley Chapel is a part of a faith-based healthcare system of organizations whose parent is Adventist Health System Sunbelt Healthcare Corporation (AHSSHC). The system is known as AdventHealth. AHSSHC is an organization exempt from federal income tax under IRC Section 501(c)(3). AHSSHC and its subsidiary organizations operate 44 hospitals throughout the U.S., primarily in the Southeastern portion of the U.S. AHSSHC and its subsidiaries also operate 11 nursing home facilities and other ancillary health care provider facilities, such as ambulatory surgery centers and diagnostic imaging centers. As the parent organization of AdventHealth, AHSSHC provides executive leadership and other professional support services to its subsidiary organizations. Professional support services include among others IT, corporate compliance, legal, reimbursement, risk management, and tax as well as treasury functions. Certain support services, such as human resources, payroll, A/P, and supply chain management are provided pursuant to a shared services model by AHSSHC to its subsidiary organizations. The provision of these executive and support services on a centralized basis by AHSSHC provides an appropriate balance between providing each AdventHealth subsidiary hospital organization with mission-driven consistent leadership and support while allowing the hospital organization to focus its resources on meeting the specific health care needs of the community it serves. The reader of this Form 990 should keep in mind that this reporting entity may differ in certain areas from that of a stand-alone hospital organization due to its inclusion in a larger system of healthcare organizations. As a part of a system of hospital and other health care organizations, the filing organization benefits from reduced costs due to system efficiencies, such as large group purchasing discounts, and the availability of internal resources such as internal legal counsel. Each AHS subsidiary pays a management fee to AHSSHC for the internal services provided by AHSSHC. As a result, management fee expense reported by an AdventHealth subsidiary organization may appear greater in relation to management fee expense that may be reported by a single stand-alone hospital. The single stand-alone hospital would likely report costs associated with management and other professional services on various expense line items in its statement of revenue and expense as opposed to reporting such costs in one overall management fee expense. As the reporting of the Form 990 is done on an entity by entity basis, there is no single Form 990 that captures the programs and operations of AdventHealth as a whole. The reader is directed to visit the web-site of AdventHealth at www.adventhealth.com to learn more about the mission and operations of AdventHealth.</p>
Part VI, line 7	The filing organization does not file an annual community benefit report with any state agencies.

Part V, Section B, Line 11 - continuation	<p>Priority 3 Diabetes 2016 Description of the Issue In Pasco County, 9.6 percent of the adults aged 20 or older have been diagnosed with diabetes. The state average is 8.89 percent. The Hospital has services to address diabetes. 2018 Update Intervention AdventHealth Wesley Chapel strives to educate people with diabetes about reducing A1C by providing free diabetes Self-Management Education classes in community settings. The Diabetes Self-Management Education (DSME) class is a 4-week series. Each class is 2.5 hours. Classes cover topics including nutrition, medication, exercise, glucose monitoring, complications, stress management, foot care and general diabetes management. In 2018, 120 total classes were provided with 96 total participants receiving the diabetes management education. The DSME class is also offered at other AdventHealth hospitals in the Tampa Bay area giving people multiple choices of locations, days and times to participate. Intervention Reduce A1C levels in people with diabetes by providing access to a 12-week diabetes program called, "Well on Your Way" to people with diabetes. This 12-week intervention program is overseen by an exercise physiologist and registered dietician. It includes exercise, nutrition counseling and a free membership to the Health and Wellness Center for the length of the program. This is a supplemental program and is intended to follow the DSME class. It is free to participants. Outcomes In 2018 27 percent of A1C levels were reduced in patients as measured by beginning of class & 90 days post. The Hospital will continue to offer this follow-up intervention and work towards achieving the goal of a 55 percent reduction in A1C levels for participants. Intervention Provide the Stanford Chronic Disease Self-Management Program and Food is Health (formally Food is Medicine) Program to low income/low access populations in the Primary Service Area (PSA). Outcomes Two sites were scheduled to pilot one class series at the beginning of October 2018. The first site was Quail Hollow Elementary School, a Title I school in Wesley Chapel. The principal was very interested in offering the Food is Health (FiH) program to her low-income families. The Hospital was excited to have the support of the school principal and the University of Florida/Institute of Food and Agriculture Sciences (UF/IFAS) Extension Pasco County. A "Cooking Matters" class was scheduled. Flyers advertising the class were shared with the school principal and UF/IFAS Extension Pasco County. However, only two people pre-registered for the class. One registrant needed childcare which was not being provided. The second site was Atonement Lutheran Church. The church's health ministry voted to bring Food is Health to their congregants. The educational partner, Premier Community HealthCare, offered to teach the Stanford Chronic Disease Self-Management Program for Diabetes Self-Management Education. At the direction of AHSSHC, and in accordance with the reserved powers in the filing organization's governing documents, the executive team listed on Part VII provides services to the filing organization. First-class or charter travel. Pursuant to the AdventHealth system-wide general policy regarding business travel, no reimbursement will be provided for any additional cost incurred with respect to first-class or charter air travel beyond the cost of a regular coach airfare. As a means of providing additional business travel reimbursement for those members of the AHSSHC senior executive management team that travel frequently on behalf of AdventHealth, a special annual travel allowance is provided for those executives. As AdventHealth operates 44 hospitals in 9 states, the senior leadership of AHSSHC travel extensively and often visit multiple hospital locations in different states as a part of a single business trip. The special travel allowance can provide reimbursements to the executive for such items as the purchase of air travel upgrade coupons, to cover the cost differential between coach and first-class travel, or to cover the cost of a charter flight. The special travel allowance benefit was originally authorized by and codified into a policy by the AHSSHC Board Compensation Committee (the Committee), an independent body of the AHSSHC Board of Directors, who also approves the annual cap on the amount of the allowance. The special travel allowance has an annual cap of \$24,000 for members of the Leadership Executive Team (AdventHealth Cabinet-12 members) and \$15,000 for AdventHealth Corporate Office Senior Vice Presidents, Regional CEO's and Division Chief Officers (generally 20-30 individual executives). The Regional CEO, SEO, CFO, and CNO for AdventHealth's West Florida Region are listed in Part VII of this tax return. The Regional CEO, SEO, CFO, and CNO are considered common law employees of and are on the payroll of AHSSHC. While the special travel allowance benefit is an AHSSHC compensation policy and practice, the cost of providing this benefit is allocated to and reimbursed in part by the filing organization. Accordingly, the filing organization has checked the box in Schedule J, Part I, line 1a for first-class or charter travel since it has partially paid for the cost of providing this benefit. Those executives who receive the special travel allowance are responsible for tracking the expenses reimbursable under the special travel allowance and must submit such expenses on their accountable plan expense report. Any taxable reimbursements made to executives under the special travel allowance arrangement are treated as taxable compensation to the executive. Travel for companions. AHSSHC has a Corporate Executive Policy that provides a benefit to allow for a traveling AHSSHC executive to have his or her spouse accompany the executive on certain business trips each year. Typically, reimbursement is only provided to certain executive leaders and is usually limited to one business trip per year beyond the annual AdventHealth President's Council business meeting and other meetings where the spouse is specifically invited. The AHSSHC Corporate Executive Spousal Travel Policy was originally approved and reviewed by the AHSSHC Board Compensation Committee, an independent body of the AHSSHC Board of Directors. All spousal travel costs reimbursed to the executive are considered taxable compensation to the executive. Tax indemnification and gross-up payments. AdventHealth has a system-wide policy addressing gross-up payments provided in connection with employer-provided benefits/other taxable items. Under the policy, certain taxable business-related reimbursements (i.e. taxable business-related moving expenses, taxable items provided in connection with employment) provided to any employee may be grossed-up at a 25% rate upon approval by the filing organization's CEO and CFO. Additionally, employees at the Director level and above are eligible for gross-up payments on gifts received for board of director services. Discretionary spending account. A nominal discretionary spending amount was provided in the current year to all eligible executives who attend the annual AdventHealth President's Council business meeting (\$500 per executive) or the annual AdventHealth CFO Conference or CMO/CNO business meeting (\$300 per executive). Other discretionary spending accounts may be provided in connection with other AdventHealth sponsored conferences but typically do not exceed \$200 per participant. The payment provided to each executive was considered taxable compensation to the executive. Health or social club dues or initiation fees. AHSSHC has a Corporate Executive Policy that addresses business development expenditures. Under this policy, certain AdventHealth eligible executives may be reimbursed for member dues and usage charges for a country club or other social club upon authorization. Club memberships must be recommended by the CEO of the AdventHealth hospital organization and approved by the Chairman of the Board of Directors of the organization. In addition, the proposed membership must be approved annually by the AHSSHC Board Compensation Committee, an independent committee of the Board of Directors of AHSSHC. Eligible executives are limited to certain senior level executives (hospital organization CEOs, the CEO of the nursing home region of AdventHealth, senior vice presidents at three large hospital organizations, regional CEOs and CFOs and the president and senior vice presidents of AHSSHC). In the current year, for this filing organization, two executives listed in Part VII were eligible to receive reimbursement for club fees. The cost of providing any reimbursement for club membership dues is partially allocated to and reimbursed by the tax filing organization. Accordingly, the filing organization has checked the box on Schedule J, Part I, Line 1a for health or social club dues since it has partially paid for the cost of providing this benefit. Each AdventHealth executive who is approved for a club membership must submit an annual report to the AHSSHC Board Compensation Committee that describes how the membership benefited their organization during the preceding year.</p>

Part I, Line 3	<p>The individual who serves as the CEO of the filing organization is compensated by Adventist Health System Sunbelt Healthcare Corporation (AHSSHC) for that individual's role in serving as the CEO. Compensation and benefits provided to this individual are determined pursuant to policies, procedures, and processes of AHSSHC that are designed to ensure compliance with the intermediate sanctions laws as set forth in IRC Section 4958. AHSSHC has taken steps to ensure that processes are in place to satisfy the rebuttable presumption of reasonableness standard as set forth in Treasury Regulation 53.4958-6 with respect to its active executive-level positions. The AHSSHC Board Compensation Committee (the Committee) serves as the governing body for all executive compensation matters. The Committee is composed of certain members of the Board of Directors (the Board) of AHSSHC. Voting members of the Committee include only individuals who serve on the Board as independent representatives of the community, who hold no employment positions with AHSSHC and who do not have relationships with any of the individuals whose compensation is under their review that impacts their best independent judgment as fiduciaries of AHSSHC. The Committee's role is to review and approve all components of the executive compensation plan of AHSSHC. As an independent governing body with respect to executive compensation, it should be noted that the Committee will often confer in executive sessions on matters of compensation policy and policy changes. In such executive sessions, no members of management of AHSSHC are present. The Committee is advised by an independent third party compensation advisor. This advisor prepares all the benchmark studies for the Committee. Compensation levels are benchmarked with a national peer group of other not-for-profit healthcare systems and hospitals of similar size and complexity to AHS and each of its affiliated entities. The following principles guide the establishment of individual executive compensation - The salary of the President/CEO of AHS will not exceed the 50th percentile of comparable salaries paid by similarly situated organizations, and - Other executive salaries shall be established using market medians. The compensation philosophy, policies, and practices of AHSSHC are consistent with the organization's faith-based mission and conform to applicable laws, regulations, and business practices. As a faith-based organization sponsored by the Seventh-day Adventist Church (the Church), AHSSHC's philosophy and principles with respect to its executive compensation practices reflect the conservative approach of the Church's mission of service and were developed in counsel with the Church's leadership.</p>

Return Reference	Explanation																																																																																																					
Part I, Line 4b	<p>As discussed in Line 1a above, executives on the filing organization's management team that hold the position of Vice-President or above are compensated by and on the payroll of Adventist Health System Sunbelt Healthcare Corporation (AHSSHC), the parent organization of a healthcare system known as AdventHealth. In recognition of the contribution that each executive makes to the success of AdventHealth, AdventHealth provides to eligible executives participation in the AdventHealth Executive FLEX Benefit Program (the Plan). The purpose of the Plan is to offer eligible executives an opportunity to elect from among a variety of supplemental benefits, including a split dollar life insurance policy and long-term care insurance, to individually tailor a benefits program appropriate to each executive's needs. The Plan provides eligible participants a pre-determined benefits allowance credit that is equal to a percentage of the executive's base pay from which is deducted the cost of mandatory and elective employee benefits. The pre-determined benefits allowance credit percentage is approved by the AHSSHC Board Compensation Committee, an independent committee of the Board of Directors of AHSSHC. Any funds that remain after the cost of mandatory and elective benefits are subtracted from the annual pre-determined benefits allowance are contributed, at the employee's option, to either an IRC 457(f) deferred compensation account or to an IRC 457(b) eligible deferred compensation plan. Upon attainment of age 65, all previous 457(f) deferred amounts are paid immediately to the participant and any future employer contributions are made quarterly from the Plan directly to the participant. The Plan documents define an employee who is eligible to participate in the Plan to generally include the Chief Executive Officers of AdventHealth entities and Vice Presidents of all AdventHealth entities whose base salary is at least \$250,000. The Plan provides for a class year vesting schedule (2 years for each class year) with respect to amounts accumulated in the executive's 457(f) deferred compensation account. Distributions could also be made from the executive's 457(f) deferred compensation account upon attainment of age 65 or upon an involuntary separation. The account is forfeited by the executive upon a voluntary separation. In addition to the Plan, AdventHealth has instituted a defined benefit, non-tax-qualified deferred compensation plan for certain executives who have provided lengthy service to AdventHealth and/or to other Seventh-day Adventist Church hospitals or health care institutions. Participation in the plan is offered to AdventHealth executives on a pro-rata schedule beginning with 20 years of service as an employee of AdventHealth and/or another hospital or health care institution controlled by the Seventh-day Adventist Church and who satisfy certain other qualifying criteria. This supplemental executive retirement plan (SERP) was designed to provide eligible executives with the economic equivalent of an annual income beginning at normal retirement age equal to 60% of the average of the participant's three, five or seven highest years of base salary from AdventHealth active employment inclusive of income from all other Seventh-day Adventist Church healthcare employer-financed retirement income sources and investment income earned on those contributions through social security normal retirement age as defined in the plan. The number of years included in highest average compensation is determined by the individual's year of entry to the SERP and by the individual's year of entry to the AdventHealth Executive FLEX Benefit Program. Additionally, AdventHealth has adopted a Senior Executive Death Benefit (SEDB) Plan in recognition of the considerable age and service requirements in the SERP. The SEDB Plan provides a benefit in an amount equal to the amount the executive's benefit would have been under the SERP Plan assuming that, on the date of the executive's death (and not before), the executive satisfied the last of the eligibility requirements of the SERP Plan with present value recognizing an early benefit commencement. An eligible executive becomes a participant in the SEDB Plan if the executive dies prior to termination of employment, provided the executive has not satisfied all of the eligibility requirements of SERP as of the executive's date of death but would have satisfied all of those requirements within five (5) years following death had the executive lived and continued employment. The SEDB Plan was reviewed and approved by the AHSSHC Board Compensation Committee, an independent body of the AHSSHC Board of Directors.</p> <table border="0" data-bbox="464 880 2358 1006"> <thead> <tr> <th>Flex Plan</th> <th>Flex Plan/</th> <th>SERP</th> <th>457(b)</th> <th>CY</th> <th>CY</th> <th>Employer</th> <th>CY</th> <th>Contrib</th> <th>/</th> <th>Distributions*</th> <th>Contrib</th> <th>Distributions*</th> <th>Payment</th> <th>-----</th> <th>Brian Adams</th> <th>\$</th> <th>67,708</th> <th>\$</th> <th>58,301</th> <th>\$</th> <th>0</th> <th>\$</th> <th>0</th> </tr> </thead> <tbody> <tr> <td>Bruce Bergherm</td> <td>\$</td> <td>69,303</td> <td>\$</td> <td>27,189</td> <td>\$</td> <td>863,856</td> <td>\$</td> <td>0</td> <td>Denyse Bales-Chubb</td> <td>\$</td> <td>54,724</td> <td>\$</td> <td>26,638</td> <td>\$</td> <td>0</td> <td>\$</td> <td>0</td> <td>Janice Hagensicker</td> <td>\$</td> <td>62,909</td> <td>\$</td> <td>128,368</td> <td>\$</td> <td>106,613</td> <td>\$</td> <td>0</td> </tr> <tr> <td>Joe Johnson</td> <td>\$</td> <td>35,689</td> <td>\$</td> <td>22,863</td> <td>\$</td> <td>78,218</td> <td>\$</td> <td>0</td> <td>William Heinrich</td> <td>\$</td> <td>16,256</td> <td>\$</td> <td>10,085</td> <td>\$</td> <td>0</td> <td>\$</td> <td>0</td> <td>Dima Didenko</td> <td>\$</td> <td>56,171</td> <td>\$</td> <td>39,697</td> <td>\$</td> <td>0</td> <td>\$</td> <td>0</td> </tr> <tr> <td>0 Michael Schultz</td> <td>\$</td> <td>154,492</td> <td>\$</td> <td>402,970</td> <td>\$</td> <td>404,751</td> <td>\$</td> <td>0</td> <td colspan="14">*Including Investment Earnings</td> </tr> </tbody> </table>	Flex Plan	Flex Plan/	SERP	457(b)	CY	CY	Employer	CY	Contrib	/	Distributions*	Contrib	Distributions*	Payment	-----	Brian Adams	\$	67,708	\$	58,301	\$	0	\$	0	Bruce Bergherm	\$	69,303	\$	27,189	\$	863,856	\$	0	Denyse Bales-Chubb	\$	54,724	\$	26,638	\$	0	\$	0	Janice Hagensicker	\$	62,909	\$	128,368	\$	106,613	\$	0	Joe Johnson	\$	35,689	\$	22,863	\$	78,218	\$	0	William Heinrich	\$	16,256	\$	10,085	\$	0	\$	0	Dima Didenko	\$	56,171	\$	39,697	\$	0	\$	0	0 Michael Schultz	\$	154,492	\$	402,970	\$	404,751	\$	0	*Including Investment Earnings
