Various hospital services, see Schedule HIn FYE 2018, Concord Hospital invested more than \$76 million for community benefit programs, services, and other expenses. The largest areas of support were charitable care services, medical education and subsidized programs and services. Our investment enhances the Hospital's ability to provide quality patient care, respond to identified community health needs and address the Hospital's charitable mission overall.

of outstanding balances. Management considers the age of outstanding balances and past collection efforts in determining the allowance for doubtful accounts. Accounts are charged against the allowance for doubtful accounts when deemed uncollectible. Charity Care. The System provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the System does not pursue collection of amounts determined to qualify as charity care, they are not reported as community benefit. The amount on Line 3 is calculated by determining the revenue for all patients that have completed an application for financial assistance and only reporting the amount for those that did not complete the financial assistance process for any number of reasons and were then transferred to bad debt.

Part III, Line 4

Form and Line Reference Explanation The Medicare shortfall of \$60,989,383 represents the costs of unreimbursed services. In addition, many of Part III, Line 8 the subsidized health services reported on line 7g include some revenue and expenses from services to Medicare patients. Medicare allowable costs on line 5 were determined using the Hospital's filed Medicare cost report, which determines cost via the cost to charge ratio methodology. The Hospital has not included its Medicare shortfall as a community benefit in Part I

990 Schedule H, Supplemental Information

Part III. Line 9b The Hospital has a Financial Assistance policy in addition to, and complementing, the bad debt collection policy The policy describes the Hospital's program of financial assistance for medically necessary services

to individuals and families who are uninsured, underinsured, or who experience a catastrophic healthcare event and do not quality for any other state or federal assistance programs. Patient education of eligibility

for assistance is described below in the statement for Part VI. Line 3

	·
Part VI, Line 2	Every three years, the Hospital conducts a comprehensive community health needs assessment, engaging numerous community organizations and health partners in the process, to identify far-reaching health needs faced by people in the communities served by the Hospital Assessment methodologies address both quantitative and qualitative data and include stakeholder interviews, focus groups, community listening sessions, web survey, written surveys, telephone surveys and analysis of various data sets Assessment results are shared with community members and serve as the basis to develop new or expanded services in response to need. The most recent assessment covered by this tax return was completed in the tax year of 2015. Shortly after the fiscal year covered by this return filing, the Hospital completed a new assessment in December 2018 and approved the 2019-2021 Implementation Plan which
	reflects the most recent identified priority health needs. Both the 2018 Community Health Needs. Assessment and the 2019-2021 Implementation Plan will be more specifically addressed in the Hospital's 2018 Form 990, Schedule H and are available on the Hospital's website at

The Hospital actively meets with all people who indicate that they do not have insurance or will have difficulty paving their obligations to inform and work with them to understand what local programs are available to them, including how they can benefit from the Hospital's Financial Assistance program

Form and Line Reference	Explanation
Part VI, Line 4	Concord defines its Primary Service Area as 28 communities to which it has close geographic proximity and significant market share. According to the State of New Hampshire's "Concord Healthcare Service Area Regional Health Profile, 2001," the 28 communities that comprise the Hospital's PSA represent, in terms of square miles, the largest hospital service area in the State. Together, these communities cover an area of nearly 900 square miles. The Hospital serves all the residents of these towns as well as many others from across the State of New Hampshire through its regional and statewide referral for specialty care, including orthopaedic, cardiology, oncology, and urological care.
Part VI, Line 5	Part I line 6A, Concord Hospital develops programs and services to address community health needs and invests annually in initiatives that align with the Hospital's charitable mission. A reasonable amount of Concord Hospital's community benefit investment remains in the area of charitable care to ensure that those without insurance or with limited insurance have access to needed medical care. The Hospital strives to address the needs of vulnerable populations, including our low-income neighbors and other vulnerable populations. The Hospital's Family Health Centers ensure access to primary, behavioral health, and dental care for our region's most vulnerable residents, which address identified community health needs. Those achievements are at the heart of our community benefit activity. Beyond that focus are programs and services that benefit every resident and support that far reaching goal of a healthier community. The Hospital continued its efforts toward promoting the health of the community by investing its surplus funds in new medical facilities to enhance patient care, by providing funding support to Capital Region.

The Hospital continued its efforts toward promoting the health of the community by investing its surplus funds in new medical facilities to enhance patient care, by providing funding support to Capital Region. Healthcare affiliates through the Community Services Fund for programs that address identified community needs and serve vulnerable populations, and by continuing to recruit new primary care physicians to enhance access in the community Finally, per the IRS instructions to Schedule H, Part I, the Hospital has not included its \$60,989,383 Medicare shortfall as a community benefit in Part I. However, we believe that this shortfall provides a tremendous benefit to the community in that it enables the Hospital to provide essential services to a vast number of patients who otherwise would not have access to the Hospital's care

In addition, we collaborate with many community organizations that support the underserved and low-income individuals and families, our financial assistance program is well understood by those agencies who often refer people to the program. Finally, our Financial Assistance staff reach out personally to the homeless through the monthly clinic at the homeless resource center to connect them to regular medical care. Currently, the Hospital's Financial Assistance Policy is only available online in English. However, for non-English speaking patients, interpreters are provided. The Hospital is currently working to launch a new website that will.
